# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Ánimo Inglewood Charter High School
CDS Code: 19 64634 1996586
School Year: 2026-27
LEA contact information:
Annette Gonzalez
Chief Education Officer
angonzalez@greendot.org
323-565-1600

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2026-27 School Year

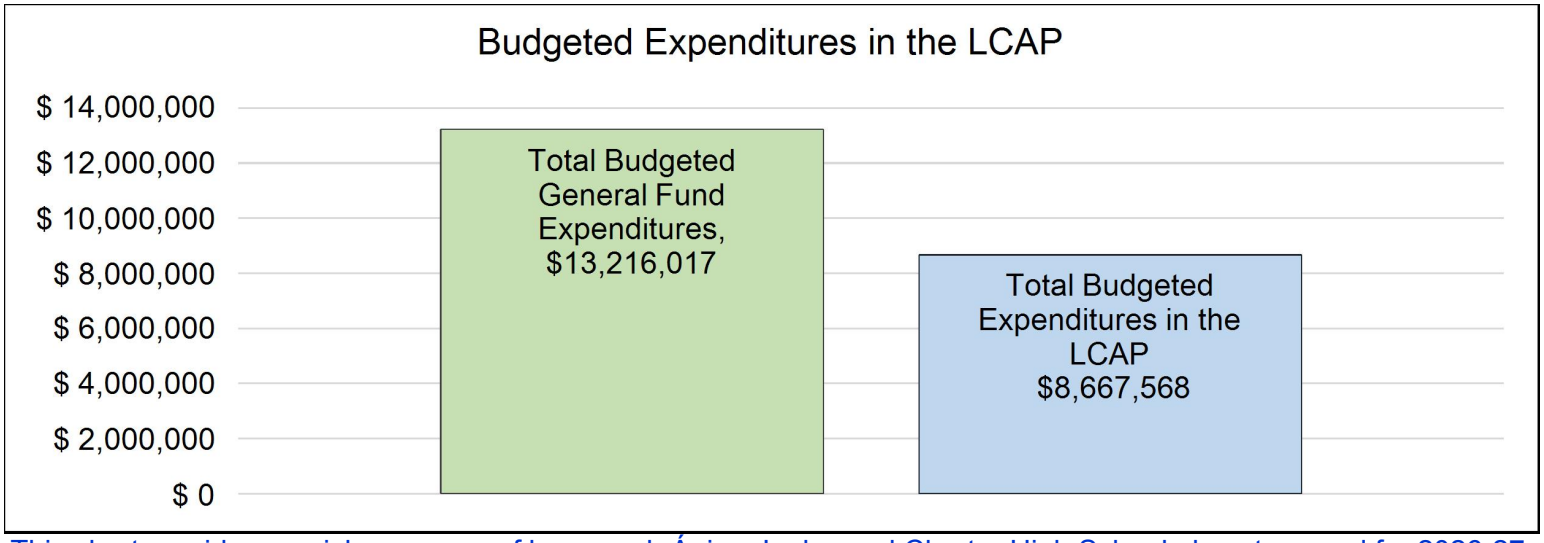

This chart shows the total general purpose revenue Ánimo Inglewood Charter High School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Ánimo Inglewood Charter High School is $13,216,017, of which $10,455,152 is Local Control Funding Formula (LCFF), $1,979,559 is other state funds, $63,000 is local funds, and $718,306 is federal funds. Of the $10,455,152 in LCFF Funds, $2,944,532 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Ánimo Inglewood Charter High School plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

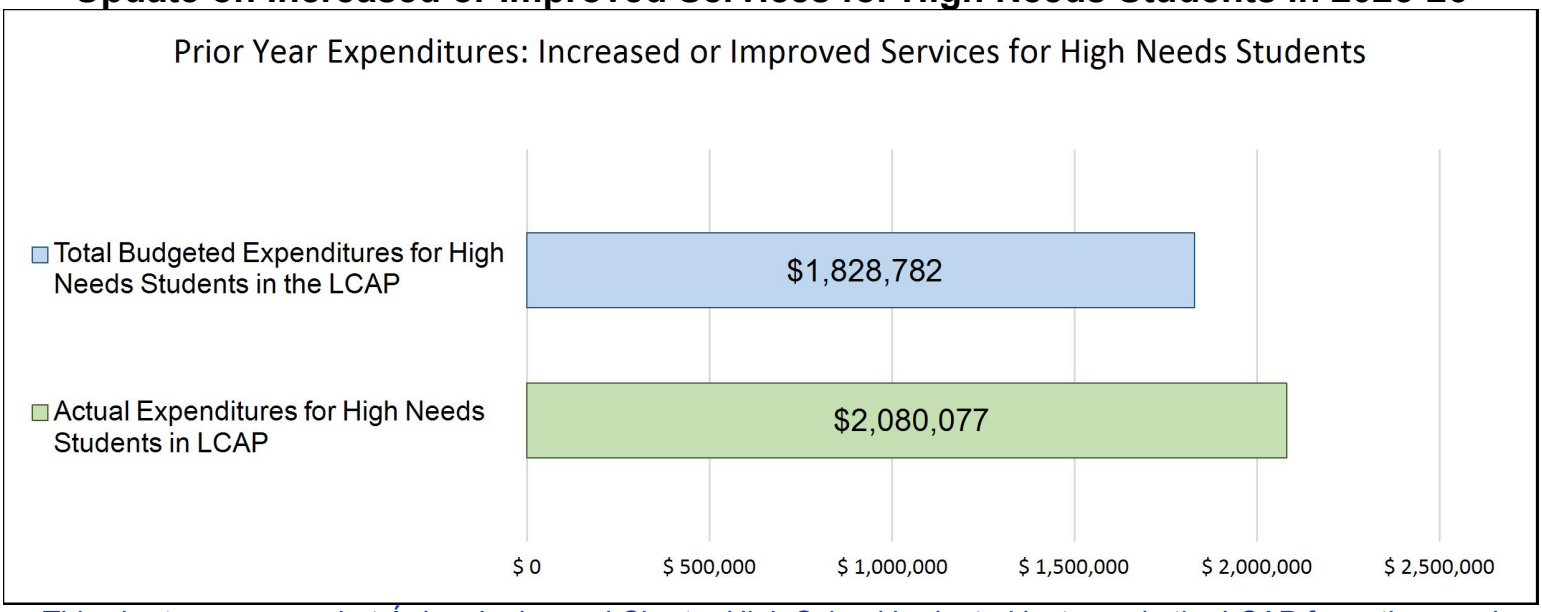

The text description of the above chart is as follows: Ánimo Inglewood Charter High School plans to spend $13,216,017 for the 2026-27 school year. Of that amount, $$8,667,568.42 is tied to actions/services in the LCAP and $4,548,448.58 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

## Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Ánimo Inglewood Charter High School is projecting it will receive $2,944,532 based on the enrollment of foster youth, English learner, and low-income students. Ánimo Inglewood Charter High School must describe how it intends to increase or improve services for high needs students in the LCAP.  Ánimo Inglewood Charter High School plans to spend $1,790,988.76 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Ánimo Inglewood Charter High School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Ánimo Inglewood Charter High School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Ánimo Inglewood Charter High School's LCAP budgeted $1,828,782.36 for planned actions to increase or improve services for high needs students. Ánimo Inglewood Charter High School actually spent $2,080,076.68 for actions to increase or improve services for high needs students in 2025-26.

# Local Control and Accountability Plan

**The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.**

# Plan Summary [2026-27]

## General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Ánimo Inglewood Charter High School was founded in 2002 as the second school of the Charter Management Organization Green Dot Public Schools CA. Ánimo Inglewood is located in South Los Angeles, in the city of Inglewood, serving students in grades 9-12. It is a free and public charter high school, and functions as a community school for students who primarily live within the Inglewood, California area. The mission of Ánimo Inglewood Charter High School is to “prepare ethnically and economically diverse students for college, leadership, and life through innovative instruction, a rigorous curriculum, and the use of technology.” This mission has guided us every school year we've been in operation, and we have received multiple awards for our work. In 2018, we were awarded the Gold Ribbon Awards, and again our mission was further exemplified in the 2024 when we were recognized as a California Distinguished School. Current enrollment numbers show that Ánimo Inglewood currently serves 591 students. The racial backgrounds of our students are majority Latino & African-American- with 10% of our student body identifying as African-American, and 89.2% Latino. Additional student groups include our English Learners at 8.5% and Students with Disabilities at 8%.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Based on our results from the 2025 Dashboard, our proficiency in SBAC Math and Science increased from the previous year. For our SBAC ELA data, we achieved 73.8% proficiency and are above the state in overall score. We declined in our SBAC ELA data by 6.9% for all students, 8% for our socioeconomically disadvantaged students, and 7.5% for our Latinx students. For our CAST Science data, we saw an

increase from the previous year. The increase for CAST was 3.54% for all students and 5.25% for Latinx students. In SBAC math, our overall score Increased 0.7%. As a result, we have made significant changes within our math department by changing pathways to better support our curriculum use, a math aid to target our below grade level 9th graders, established an SBAC math review during Advisory to provide the soft skills and foundational math skills for students.

Given our ELPI results at the end of last school year, we have intensified support for Emergent Bilingual (EB) students at Animo Inglewood Charter High School through two primary methods: intensified support through instruction in both Designated and Integrated ELD and incorporated an EB instructional aide for our highest need EBs. Animo Inglewood increased 19 Percentage Points in ELPI to 71.8% making progress from the previous year of 52.8% making progress. The Color Indicator in 2025 improved to “Blue” from the previous year of “Orange.” In addition, Animo Inglewood is exceeding the state average of 46.4% making progress. We have maintained our ELD-designated course structure to ensure that scholars receive the ELD support necessary, as well as a rigorous grade-level appropriate standards-based curriculum. During the 2024-2025 SY, we offered three designated ELD courses: Literacy Enrichment for 9th grade EB scholars, Academic English Essentials for 10th-grade EB scholars, and ELD Advisory for 11th-grade EB scholars. These three courses allowed EB scholars to receive rigorous standard-based instruction with embedded ELD support. The teachers facilitating these classes worked closely with the ELD coordinator in internalizing the lessons with intentional scaffolds to make the content accessible to all EB scholars. The support of the instructional aide was prioritized in all ELD designated classes, as well as ELA and Math core classes, as additional support for EB scholars. In addition to the support provided in the classroom, the instructional aide offered weekly after-school office hours, five times a week. Instructional aides were also provided access to new technology during the 2024-2025 SY to assist with translation and language tools for Newcomer EB scholars.

We continue using the ELPAC practice platform, Summit K12. This platform, along with targeted lessons to build English learner proficiency in listening, speaking, reading, and writing skills, has given our Designated teachers a new method to prepare students for the ELPAC. Designated teachers have made it part of their weekly routine to provide students with intensified ELPAC preparation in all Designated classrooms. Through these supports, EB scholars had the opportunity for repeated practice on ELPAC-tested skills and were able to build confidence in navigating the testing platform.

Integrated ELD has become an important part of our Professional Development plans for the 2024-2025 SY. We began the year by providing all teachers the opportunity to review the specific supports required for every EB student on their rosters. Teachers were then asked to use this data to determine the most appropriate instructional support and assessment strategies for their EB students based on students current ELPAC performance levels. We also provided teachers with conversation strategies to encourage consistent academic discourse for EB scholars. These skills have been spiraled through our Academic Discourse PD series, where teachers focused on embedding specific language supports to be successful at accomplishing grade-level, standards-aligned tasks.

Progress in Mathematics (Dashboard)
Mathematics remains an area of growth in supporting student development. We have made significant changes within our department this past year and continue to refine our approach, focusing on ensuring students have a solid foundation in Algebra 1, Geometry, and Algebra 2 by closely monitoring growth and development. We have reorganized our math pathways for students to ensure alignment with our curriculum. This past year, we created differentiated classes taught by our math team with supplementary material to review Algebra 1, Geometry, and Algebra 2 standards.

Learning Recovery Emergency Block Grant (LREBG):
At the end of the 2025-26 school year, we had $194,613 remaining of our Learning Recovery Emergency Block Grant. Aligning with LREBG allowable uses and to support our student needs to continue their growth in ELA and Mathematics, funds are supporting LCAP actions Goal 1 Action 1. This action supports the employment of ELA and Mathematics credentialed subject area teachers who have the skills and experience to support student academic outcomes, an identified student need as we work towards a Green and Blue indicator on the CA School Dashboard.

2025 California Dashboard Analysis
English Language Arts:
Based on our results of the 2025 California Dashboard, Animo Inglewood declined 12 Points in ELA to 53 Points Above Standard from the previous year of 65 Points Above Standard. The Color Indicator in 2025 declined to “Green” from the previous year of “Blue.” In addition, Animo Inglewood is exceeding the state average of 8.1 Points Below Standard. Analysis by student groups:
-Hispanic: 56.1 Points Above Standard, Declined 14.9 Points from the previous year, exceeding the state at 33.7 Points Below Standard, increased 5.7 points from the previous year.
-Socioeconomically Disadvantaged: 49.3 Points Above Standard; Declined 15.5 Points from the previous year; exceeding the state at 35.3 Points Below Standard, increased 5.5 points from the previous year.

Mathematics:
Based on our results of the 2025 California Dashboard, Animo Inglewood declined 16.1 Points in Mathematics to 89.1 Points Below Standard from the previous year of 73 Points Below Standard. The Color Indicator in 2025 declined to “Orange” from the previous year of “Yellow.” In addition, Animo Inglewood is behind the state average of 42.4 Points Below Standard. Analysis by student groups:
-Hispanic: 83.4 Points Below Standard, Declined 15.8 points from the previous year, behind the state at 73.6 Points Below Standard, increased 5.6 Points from the previous year.
-Socioeconomically Disadvantaged: 92 Points Below Standard, Declined 17.2 points from the previous year, behind the state at 72.9 Points Below Standard, increased 5.3 Points from the previous year.

English Learner Progress (ELPI):
Based on our results of the 2025 California Dashboard, Animo Inglewood increased 19 Percentage Points in ELPI to 71.8% making progress from the previous year of 52.8% making progress. The Color Indicator in 2025 improved to “Blue” from the previous year of “Orange.” In addition, Animo Inglewood is exceeding the state average of 46.4% making progress. Analysis by student group:
-Long-Term English Learners (LTEL): 67.7% making progress, Increased 9.7 Percentage Points from the previous year, exceeding the state at 49.1% making progress, increased 3.3 Percentage Points from the previous year.

College/ Career (CCI):
Based on our results of the 2025 California Dashboard, Animo Inglewood increased 7.6 Percentage Points change in CCI to 90.1% prepared from the previous year of 82.5% making progress. The Color Indicator in 2025 maintained a “Blue” from the previous year. In addition, Animo Inglewood exceeded the state average of 51.7% prepared. Analysis by student group:
-Hispanic: 93.2% prepared, Increased 9.4 Percentage Points from the previous year, exceeding the state at 45.1%, increased 4.2 Percentage Points from the previous year.

-Socioeconomically Disadvantaged: 90.4% prepared, Increased 7 Percentage Points from the previous year, exceeding the state at 44.8% prepared, increased 4.1 Percentage Points from the previous year.

Graduation Rate:
Based on our results of the 2025 California Dashboard, Animo Inglewood maintained 0.4 Percentage Points in Graduation Rate of 97.2% from the previous year of 96.8% graduated. The Color Indicator in 2025 maintained a “Blue” from the previous year. In addition, Animo Inglewood exceeded the state average of 87.8% prepared. Analysis by student group:
-Hispanic: 97.7% graduated, Maintained 0.5 Percentage Points from the previous year, exceeding the state at 86.9% graduated, increased 1.6 Percentage Points from the previous year.
-Socioeconomically Disadvantaged: 97.1% graduated, Maintained 0.4 Percentage Points from the previous year, exceeding the state at 86.2% graduated, increased 1.8 Percentage Points from the previous year.

Suspension Rate:
Based on our results of the 2025 California Dashboard, Animo Inglewood maintained 0 Percentage Points in Suspension Rate of 0.2% suspended at least one day from the previous year of 0.2%. The Color Indicator in 2025 maintained a “Blue” from the previous year of. In addition, Animo Inglewood had a lower suspension rate than the state average of 2.9% suspended at least one day.

Science:
Based on our results of the 2025 California Dashboard, Animo Inglewood maintained -0.9 Science Points to 59.7 Science Points from the previous year of 60.8 Science Points. The Color Indicator in 2025 achieved a rating of “Green.” In addition, Animo Inglewood is exceeding the state average of 52.6 Science Points. Analysis by student group:
-Hispanic: 61.2 Science Points, Maintained -0.5 Points from the previous year, exceeding the state at 47.1 Science Points, Maintained 1.7 points from the previous year.
-Socioeconomically Disadvantaged: 59 Science Points, Maintained -1.3 Points from the previous year, exceeding the state at 47.1 Science Points, maintained 1.5 points from the previous year.

# Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not Applicable.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### *Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Not applicable

## *Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Not applicable

## *Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

| Educational Partner(s) | Process for Engagement |
|---|---|
| Teachers | During the school year, the school uses several outreach strategies to engage with educational partners on the LCAP. The School Advisory Council (SAC) has reviewed goals, outcomes data, and expenditures data at multiple points throughout the year. The SAC is composed of administrators, teachers, counselors, classified staff members, parents and students. Teachers in the SAC have the opportunity to provide specific feedback on the various elements and identify areas of success and challenge to focus on in the coming year. Additionally, our teachers review student data outcomes and progress during staff meetings, and provide feedback and input on how to improve outcomes on these data pieces.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools CA, AICHS school leadership, and the SAC will all continue to monitor the school's progress toward these goals. |
| Principals | During the school year, the school uses several outreach strategies to engage with educational partners on the LCAP. Our principal leads the School Advisory Council (SAC). This council reviewed goals, outcomes data, and expenditures data at multiple points throughout the year. The SAC is composed of the principal, administrators, |

| Educational Partner(s) | Process for Engagement |
| --- | --- |
| | teachers, counselors, classified staff members, parents and students. The SAC had the opportunity to provide specific feedback on the various elements and identify areas of success and challenge to focus on in the coming year. Our principal also leads and participates in Principal Team Meetings throughout the year where they engage with various school teams regarding data outcomes and efforts at the school. In addition to discussion within these two committees, the LCAP documents were shared with the public during a public hearing of the Board before approval at a subsequent board meeting in June.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools, AICHS school leadership, and the SAC will all continue to monitor the school's progress toward these goals. |
| Administrators | Our administration takes an active and collaborative approach in the creation, implementation, and review of data to drive continuous school improvement. By working closely with teachers, SAC members, and school leadership, we ensure that data-driven decisions are made with a shared vision for student success. This collaborative effort allows us to analyze outcomes, refine strategies, and implement targeted improvements that directly benefit our scholars and school community.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools, AICHS school leadership, and the SAC will all continue to monitor the school's progress toward these goals. |
| Other School Personnel | Other School Personnel also participate in SAC meetings by advertising, recruiting, and being active participants. As mentioned in |

| Educational Partner(s) | Process for Engagement |
| --- | --- |
| | other tables, the SAC provides a space for our school personnel to provide feedback and input on our LCAP goals, and to provide a space for future planning for the upcoming school years. Additionally, during bi-weekly counselor meetings, they review outcomes and future LCAP data pieces to ensure that students are on track to attain outcomes that empower their goals and aspirations.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools, AICHS school leadership, and the SAC will all continue to monitor the school's progress toward these goals. |
| Parents | During the school year, the school uses several outreach strategies to engage with educational partners, specifically parents, on the LCAP. The School Advisory Council (SAC) has reviewed goals, outcomes data, and expenditures data at multiple points throughout the year. The SAC is composed of administrators, teachers, counselors, classified staff members, parents and students. Parents in the SAC had the opportunity to provide specific feedback on the various elements and identify areas of success and challenge to focus on in the coming year. The District English Learner Advisory Committee (DELAC) has also reviewed the documents in March, both to provide feedback and approval. The DELAC is similarly composed of diverse members of the school community, but parents or guardians of English Learners constitute the majority membership (51 percent or more) of the committee. DELAC is an important part of our LCAP development process as they provide vital feedback to ensure we are meeting the needs of this student group.<br><br>Other spaces for our parents to engage with the school on LCAP progress and data throughout the school year includes our Coffee with the Principal. This space supports healthy discourse between the principal and parents on school progress and student outcomes. LCAP data and feedback is received during African American Family |

| Educational Partner(s) | Process for Engagement |
| --- | --- |
| | Meetings and Animo Inglewood Charter High School Family Meetings.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools, AICHS school leadership, and the SAC will all continue to monitor the school's progress toward these goals.<br><br>Lastly, to ensure that we're soliciting all important educational partners for our LCAP feedback, we post on ParentSquare. ParentSquare is like a social media platform that empowers the school to reach all of our parents. We distributed our LCAP survey to all of our parents/guardians via ParentSquare and we were able to gather feedback from parents of Students with Disabilities, English Learners, and all parents/guardians of other numerically and non-numerically significant student groups. This is done to ensure we receive a holistic stream of feedback and engagement of all families. |
| Students | Students are important members of our SAC Meetings as they provide key feedback and input on how to improve their peers' and their own outcomes at the school. Additionally, I contribute to discussions by offering insights and weighing in on school-improvement suggestions, reinforcing our collective commitment to growth and excellence. They have the opportunity to participate in the entire process throughout the school year of reviewing LCAP data, providing input and feedback, and voting to approve the LCAP in May.<br><br>Green Dot Home Office works with school leaders to update the LCAP, analyzing data and monitoring progress toward goals. The LCAP is then presented to the School Advisory Council and the DELAC in May. These stakeholder groups provide feedback before the final SAC approval. The LCAP is then presented to the Green Dot Governing Board in June for final approval. Green Dot Public Schools, |

| Educational Partner(s) | Process for Engagement |
|---|---|
| | school leadership, and the SAC will all continue to monitor the school's progress toward these goals. |
| SELPA | Our SELPA is provided our LCAPs early in our process for review and feedback to ensure that we are providing the proper support, documentation, and explanation of the supports we provide our Students with Disabilities. |

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

In general, Ánimo Inglewood was effective in implementing the actions and services to meet the goal of providing basic services to students as described above. We were able to meet all the criteria of our goal with a 100% performance rate in terms of having fully credentialed teachers and giving students a broad course of study. We work in collaboration with the district Human Capital team to ensure we only interview quality candidates with appropriate credentials. Additionally, students have access to standards-aligned materials in all core classes, including district-wide curriculum in ELA and math. All students take one year of Physical Education and several visual and performing arts electives during their time at Ánimo Inglewood. Any facilities repairs that are needed are accomplished fairly quickly. This engagement included parents with limited English proficiencies, parents of English Learners, and parents of students with disabilities.

We also have Learning Recovery Emergency Block Grant ("LREBG") funds remaining for our school. During our budget development process, we host SAC and other budget specific meetings highlighting the current status of revenue, grant allocations, and the proposed budget for the next school year. During these meetings we highlighted how we are using funds to support English Language Arts and Mathematics outcomes through programs, services, and staff members to target students' needs.

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 1 | Provide Basic Services by:<br>• Maintaining the appropriate assignment of teachers, appropriately credentialed in the subject areas and for the pupils they are teaching<br>• Providing students will have access to and be enrolled in a broad course of study (i.e., science, social science, VAPA, PE for high school students), and have access to standards-aligned instructional materials and the educational program as outlined in the school's charter petition<br>• Maintaining school facilities are maintained in good repair | Broad Goal |

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

To provide and maintain Basic Services for students and schools.
To ensure students have access to a broad course of study and pupil outcomes are measured in applicable subject areas.

## Measuring and Reporting Results

| Metric # | Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned and there were no substantive differences. In general, Ánimo Inglewood was effective in implementing the actions and services to meet the goal of providing basic services to students as described above. We were able to meet all the criteria of our goal with a 100% performance rate in terms of having fully credentialed teachers and giving students a broad course of study. We work in collaboration with the district Human Capital team to ensure we only interview quality candidates with appropriate credentials. Additionally, students have access (including via technology and electronic content) to standards-aligned materials in all core classes, including district-wide curriculum in ELA and math. All students take one year of Physical Education and several visual and performing arts electives during their time at Ánimo Inglewood and have an advisory to support their social emotional well-being as students and individuals to promote their success. Data-centered decisions are used to develop courses and support students' academic success. Any facilities repairs that are needed are accomplished fairly quickly.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between planned expenditures and estimated actual expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

As seen by our metric outcomes, all of our actions were effective in supporting our desired result. These actions will remain unchanged for this LCAP year, and will be reassessed next school year when working with educational partners. We work in collaboration with our human capital team to ensure that 100% of our teachers are appropriately credentialed for the subject they teach and we will continue to do this for any vacancies we may have. This past year, we did not have any open teaching positions, so we did not hire any new teachers. Our facilities are kept in good shape due to monthly facility walk-throughs that the principal and school operations manager make. After these walk-throughs, all repairs and work orders are submitted to Green Dot's facilities team to ensure that they are taken care of. Although the turnaround time can sometimes be long, most repairs are made within a month of a work order being submitted.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Following continuous review of our LCAP actions as it relates to educational partner engagement and the LCAP instructions, we have made the following changes to the following LCAP actions:

- 1.2 Academic - Curriculum Design: Updated the action to a non-contributing action following closer review of the description and LCAP instructions
- 1.3 Academic - Master Scheduling & Staffing: Added language regarding services and support block time for English Learners and Students with Disabilities

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 2 | Proficiency for All:<br><br>• Increase the percent of students scoring Met Standard and above on SBAC ELA, SBAC Math and CAST assessments annually or outperform the district average.<br>• Increase percent of EL students who reclassify as Fully English Proficient.<br>• Increase percent of EL students scoring “Level 3” and “Level 4” on the English Language Proficiency. Assessments for California (“ELPAC”) annual assessment.<br>• Increase or maintain growth on CORE ELA and Math<br><br>"<30" Explanation: Federal and state regulations safeguard student privacy by stipulating that data cannot be reported for any student group comprising fewer than 30 students. Educational Partners are encouraged to communicate with their student’s teacher or school administrators for insights into student group performance. | Broad Goal |

State Priorities addressed by this goal.

Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

To increase the percent of students who score Met Standard and above on the SBAC and CAST assessments.
To increase the percent of English Learners who achieve full English language proficiency.
To increase the percent of English Learners who make progress towards English proficiency.
To increase student growth percentile on the CORE assessment.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned and there were no substantive differences. We met our goal in increasing the percentage of students scoring proficient on the SBAC ELA assessment by being above the district and state rate. In 2024-25, our students scored 73.76% proficient on ELA, which was above the state average. All of our subgroups met this goal as well. On the Math SBAC, we scored 19.15% proficiency. We also had 48.93% of students score proficient on the CAST.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between planned expenditures and estimated actual expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

All actions were effective in supporting the results we were seeking. The opportunity is to continue the focus on further refining and perfecting action supporting outcome growth. To continue to support increasing our SBAC and CAST proficiency, we will continue using SBAC question stems and frames in our formative and summative assessments. We will also have all 11th graders get more familiar with the format of CAASPP tests by using our Pear Assessment platform for test prep. In all English and math classes, students also complete a performance task to prepare them for the structure of the SBAC PTs. We also started a SBAC prep course during advisory this year, grouping them using our i-Ready diagnostic data to ensure our students get an additional layer of support. The students who are on the cusp of proficiency, we have strategically grouped to give them intensive support during these advisory lessons.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

To better align with the intent behind our reported outcomes, we have updated the way we describe our expected outcomes. Specifically, we have replaced the "%" symbol with "percentage points" in all of our metric descriptions. This change provides a clearer representation of our schoolwide and student group progress and impact. By using "percentage points," we emphasize absolute changes rather than proportional ones, better reflecting the spirit of the metric outcomes and progress we seek to achieve.

Following continuous review of our LCAP actions as it relates to educational partner engagement and the LCAP instructions, we have made the following changes to the following LCAP actions:

- 2.1 Curriculum, Resources and Materials to Support Student Subgroups: Added language regarding professional development focused on English Learners and Socioeconomically Disadvantaged students
- 2.2 Support for EL Students: Added language regarding curriculum and technology assessments used to support English Learners
- 2.5 Professional Development: Added language regarding professional development focused on supporting English Learners and Students with Disabilities
- 2.8 Credit Recovery: Updated the action to a non-contributing action following closer review of the description and LCAP instructions

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

| 3 | Prepared for college, leadership and life<br><br>• Increase the percent of graduates that successfully complete A-G course requirements to greater than previous year or greater than 70%<br>• Increase the percent of students earning passing scores (3 or above) on Advanced Placement ("AP") exams by 3% per year<br>• Increase progress on California Dashboard College and Career Indicator<br>• Maintain low cohort dropout rates at lower than previous year or less than 8%<br>• Increase graduation rates to 85% or higher<br><br>"<30" Explanation: Federal and state regulations safeguard student privacy by stipulating that data cannot be reported for any student group comprising fewer than 30 students. Educational Partners are encouraged to communicate with their student's teacher or school administrators for insights into student group performance. | Focus Goal |

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)

An explanation of why the LEA has developed this goal.

To increase the percent of graduates that successfully complete A-G course requirements
To increase the percent of students scoring passing scores on AP exams
To increase progress on the CA College and Career Indicator
To maintain a low cohort dropout rate.
To increase graduation rates

# Measuring and Reporting Results

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned and there were no substantive differences between planning and implementation. We have met all parts of goal 3, except 3d: Increase the percent of Advanced Placement ("AP") passing scores (3 or above) earned by students by at 3% per year or to be at/above 70%.

2024-25 School Year
All Scholars: 40.2% declined from the previous year of 45.5%
SED: 39.5% declined from the previous year of 44%
Latinx: 40.2% declined from previous year of 47.1%

Addressed: providing opportunities for students to take full length mock exams in order to practice, creating stability in teaching staff. This remains an area of growth and continued dedication to supporting student development and achievement.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between planned expenditures and estimated actual expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

All actions were effective in supporting our metric outcomes. Our actions for goal 3 have been effective as we have met all parts of the goal except for 3D. To address the gap in our AP scores, we have provided additional teacher training for those teaching AP courses, offering extended time opportunities for students to engage in full-length mock exams, district-wide AP collaboration opportunities, and stability in teaching staff of AP classes from year to year.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

To better align with the intent behind our reported outcomes, we have updated the way we describe our expected outcomes. Specifically, we have replaced the "%" symbol with "percentage points" in all of our metric descriptions. This change provides a clearer representation of our schoolwide and student group progress and impact. By using "percentage points," we emphasize absolute changes rather than proportional ones, better reflecting the spirit of the metric outcomes and progress we seek to achieve.

Following continuous review of our LCAP actions as it relates to educational partner engagement and the LCAP instructions, we have made the following changes to the following LCAP actions:

- 3.1 Counseling: Updated the action to a non-contributing action following closer review of the description and LCAP instructions

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Actions

| Action # | Title | Description | Total Funds | Contributing |
|---|---|---|---|---|
| **3.1** | Counseling: | • Counselor Support Specialist provides coaching and professional development to counselors who provide academic and college readiness advising.<br>• School support is based on enrollment which drives the number of counselors on each site with a minimum of one at a MS and 2 at a HS<br>• All students take an Advisory course (9-12) which provides individualized academic consultancy and a review of graduation progress<br>• Students in the 11th and 12th grades have individual meetings with their counselors to track graduation progress and develop plans for credit recovery as needed<br>• Students have individual meetings with their counselors to track promotion progress and develop plans towards meeting high school graduation and college application requirements<br>• Schools have a Coordination of Services Team (COST) which includes an Administrator, school psychologist, and a clinical or mental health supervisor that coordinates counseling and social-emotional services for students. Students needing Tier 2 and Tier 3 interventions are connected with clinical and wellness services by the COST team which may include internal services or referrals to external agencies.<br><br>$15,577.28 of LCFF funds are Learning Recovery funds to support ELA and Math outcomes.<br>Metrics to be tracked in Goal 2: 2a, 2b, 2f, and 2g | $511,616.62 | No |
| **3.2** | Parent Involvement: | • The school prioritized parent engagement and believes that parents are partners in the success of their students. Progress reports are sent home quarterly to inform students and parents of academic progress in each course. Parent Square has been | $128,343.72 | No |

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 4 | Focus on school culture:<br><br>• School will maintain a high Average Daily Attendance (“ADA”) rate greater than 90%<br>• School will decrease student chronic absenteeism rate by 3% per year or to a rate at or below 10%<br>• School will decrease suspension rate by 3% per year or to a rate at or below 5%<br>• School will maintain an expulsion rate of 0.5% or less<br><br>"<30" Explanation: Federal and state regulations safeguard student privacy by stipulating that data cannot be reported for any student group comprising fewer than 30 students. Educational Partners are encouraged to communicate with their student’s teacher or school administrators for insights into student group performance. | Focus Goal |

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

To maintain a high attendance rate.
To maintain a low chronic absenteeism rate.
To decrease the number of pupil suspensions.
To decrease the number of pupil expulsions.

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned and there were no substantive differences between planned actions and implementation. We have performed well in goal 4A - maintain a high ADA, 4C - decrease suspension rate and 4D - maintain a low expulsion rate. We are at 92.6% ADA, which is greater than 90%, and all subgroups are over 90% ADA. Chronic absenteeism, 4B - increased by 3.5% this year. We are currently at 19.6% chronic absenteeism rate from the previous year of 16.1% Additionally, all of our subgroups have seen an increase in chronic absenteeism, with the exception of our Homeless & SWD population as chronic absenteeism declined. Our suspension and expulsion rates remain below 5% and 2% respectively.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between planned expenditures and estimated actual expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

All actions were effective as seen by our metric outcomes with the Chronic Absenteeism 4B as an area of focus to reduce our overall chronic absenteeism rates. Additionally, our focus is on perfecting and refining strategies to increase effectiveness. Our efforts overall to meet terms of goal 4 have been effective. We will continue to implement similar systems and seek other ways in which to address Chronic Absenteeism and expect to see similar progress next year and improve the chronic absenteeism rate.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

To better align with the intent behind our reported outcomes, we have updated the way we describe our expected outcomes. Specifically, we have replaced the "%" symbol with "percentage points" in all of our metric descriptions. This change provides a clearer representation of our schoolwide and student group progress and impact. By using "percentage points," we emphasize absolute changes rather than proportional ones, better reflecting the spirit of the metric outcomes and progress we seek to achieve.

Following continuous review of our LCAP actions as it relates to educational partner engagement and the LCAP instructions, we have made the following changes to the following LCAP actions:

- 4.2 Services for Systems of Support: Updated the action to a non-contributing action following closer review of the description and LCAP instructions

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Goals and Actions

## Goal

| Goal # | Description | Type of Goal |
|---|---|---|
| 5 | Parent, Student and Community Engagement:<br>• School will have at least 4 School Advisory Council (“SAC”) meetings.<br>• The school will host at least 4 District English Learner School Advisory Council (“DELAC”) meetings.<br>• Students, families and the school community will feel a sense of connectedness. | Focus Goal |

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

To provide opportunities for parental input in school site decisions.
To provide opportunities for parental participation in school events and programs.
To increase the sense of safety and school connectedness.

## Measuring and Reporting Results

# Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

All actions were implemented as planned and there were no substantive differences between planned actions and implementation. In goal 5, we met all of our target goals. Our SAC meetings took place on Zoom, and our DELAC meetings were held in person on campus. With some parent meetings, having Zoom as an option has increased the opportunity for parent/family attendance. We will continue to offer a variety of options and opportunities for families to participate to increase attendance and communication.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between planned expenditures and estimated actual expenditures.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

All actions were effective in supporting our metric outcomes. Our focus is on ensuring action effectiveness in future school years. This year, we have continued to place great emphasis on the value and importance of family engagement. We have tried to strike a balance between the desire of some for in-person engagement and the appreciated flexibility offered by virtual engagement opportunities by offering elements of both this year. Two years ago we transitioned to a new parent communication platform, “ParentSquare” which has increased functionality to better meet the needs of parents and the school and keep us connected. Parents are engaged through various activities such as SAC, DELAC, Coffee with the Principal, Back to School Nights, Spring Open House, Student Led Conferences, Black Family Meetings and other school activities. The school will continue to explore tools and programs that can centralize parent participation data. The school is committed to improving and capturing its parent participation in school activities.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

To better align with the intent behind our reported outcomes, we have updated the way we describe our expected outcomes. Specifically, we have replaced the "%" symbol with "percentage points" in all of our metric descriptions. This change provides a clearer representation of our schoolwide and student group progress and impact. By using "percentage points," we emphasize absolute changes rather than proportional ones, better reflecting the spirit of the metric outcomes and progress we seek to achieve.

Following continuous review of our LCAP actions as it relates to educational partner engagement and the LCAP instructions, we have made the following changes to the following LCAP actions:

- 5.1 Parent Engagement and Participation: Added language regarding the parents/guardians of unduplicated student groups that are engaged during the school year.
- 5.3 Community Partnerships: Updated the action to a non-contributing action following closer review of the description and LCAP instructions. Updated language related to an educational partner that no longer is partnering with the LEA.

We have added an additional metric "5.5 Student Survey" to better align with and track progress towards our LCAP goal of better supporting school safety and connectedness.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

| **5.1** | **Action:**<br>Parent Engagement and Participation:<br><br>**Need:**<br>To ensure that parents are meaningfully engaged in the student learning experience through frequent communication and opportunities to interact with the school.<br><br>**Scope:**<br>LEA-wide | We will establish a cadence of communication with parents to ensure timely feedback and opportunities to engage with the school.<br>We will establish a calendar of events to engage parents in school activities and celebrations. | 5a - SAC Meetings<br>5b - DELAC Meetings<br>5c - Family Surveys |

### *Limited Actions*

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

| Goal and Action # | Identified Need(s) | How the Action(s) are Designed to Address Need(s) | Metric(s) to Monitor Effectiveness |
|---|---|---|---|

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Not applicable

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Our LEA has strategically invested Additional Concentration Grant funding to expand our team of highly qualified staff who deliver meaningful, student-centered services to our thriving unduplicated student populations. Below, we share how these investments are enhancing educational equity and opportunity for students eligible for Free and Reduced-Price Lunch, English Learners, and students in foster care. This funding has allowed us to increase the number of credentialed educators who provide personalized academic support, empowering students to meet and exceed grade-level expectations. We have also hired instructional staff who are expertly trained in implementing the i-Ready diagnostic and instructional program. These educators design and facilitate individualized learning pathways that build on each student's strengths and ensure progress toward academic success. Schools demonstrating a strong opportunity for growth through diagnostic tools and tailored instruction received additional staff to maximize the benefits of the i-Ready program. Furthermore, grant funds support the hiring of credentialed elective teachers who engage students in enriching, project-based learning across STEM and the arts, helping students explore their interests and develop real-world skills. As part of our commitment to student well-being and engagement, we are prioritizing efforts to support consistent attendance. By investing in additional staff dedicated to attendance initiatives, and partnering with programs such as Everyday Labs and Attendance Works, we are creating stronger connections between school and home that support students’ daily engagement and sense of belonging. To further elevate the success of our English Learners, we have dedicated grant funding to staff who implement the Ellevation platform, enabling educators to access targeted instructional strategies that affirm linguistic assets and accelerate language development. We recognize and honor the resilience and brilliance of our students in foster care and those experiencing homelessness. Our LEA uses grant funds to support additional credentialed staff who implement specialized advisory programs that address both the social-emotional and academic needs of these students. Summer Bridge programs, staffed with caring educators, offer transitional support that helps students build confidence and community as they move between grade levels or school sites. In addition, we have

invested in hiring case managers and partnering with community-based mental health organizations to provide holistic, trauma-informed support, ensuring students have access to the resources they need to thrive both in and out of the classroom.

| **Staff-to-student ratios by type of school and concentration of unduplicated students** | Schools with a student concentration of 55 percent or less | Schools with a student concentration of greater than 55 percent |
|---|---|---|
| Staff-to-student ratio of classified staff providing direct services to students | Not Applicable | 7:592 |
| Staff-to-student ratio of certificated staff providing direct services to students | Not Applicable | 31:592 |

# 2026-27 Total Planned Expenditures Table

| LCAP Year | 1. Projected LCFF Base Grant (Input Dollar Amount) | 2. Projected LCFF Supplemental and/or Concentration Grants (Input Dollar Amount) | 3. # Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.*

# Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## *Purpose*

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

# Requirements and Instructions

**General Information**

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

**Reflections: Annual Performance**

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

*EC* Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32627(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32627(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

**Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

### Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

### Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

### Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## *Purpose*

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

## *Requirements*

**School districts and COEs:** *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## *Instructions*

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

# Goals and Actions

## *Purpose*

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

## *Requirements and Instructions*

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

## Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

## Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

## Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

## Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

| Metric | Baseline | Year 1 Outcome | Year 2 Outcome | Target for Year 3 Outcome | Current Difference from Baseline |
|---|---|---|---|---|---|
| Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric. | Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric. | Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then. | Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then. | Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric. | Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then. |

## Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

## Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

### For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

### For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

### For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

### For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32627(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32627(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

## *Purpose*

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

### LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

## *Requirements and Instructions*

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

***Required Descriptions:***

**LEA-wide and Schoolwide Actions**

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools**: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

# Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## *Total Planned Expenditures Table*

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## *Contributing Actions Table*

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## *Annual Update Table*

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

## *Contributing Actions Annual Update Table*

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## *LCFF Carryover Table*

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## *Calculations in the Action Tables*

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024
