

# LCFF Budget Overview for Parents

## LCFF Budget Overview for Parents Template

Local Educational Agency (LEA) Name: Los Angeles Unified School District

CDS Code: 19 64733 0000000

School Year: 2024-25

LEA contact information: Erik Elward, erik.elward1@lausd.net

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Los Angeles Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Los Angeles Unified School District is \$9,407,336,030.00, of which \$6,447,313,744.00 is Local Control Funding Formula (LCFF), \$1,694,670,251.00 is other state funds, \$402,548,094.00 is local funds, and \$862,803,941.00 is federal funds. Of the \$6,447,313,744.00 in LCFF Funds, \$1,512,617,034.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school district must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

# LCFF Budget Overview for Parents

This chart provides a quick summary of how much Los Angeles Unified School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Los Angeles Unified School District plans to spend \$11,163,550,240.00 for the 2024-25 school year. Of that amount, \$8,338,238,780.00 is tied to actions/services in the LCAP and \$2,825,266,460.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

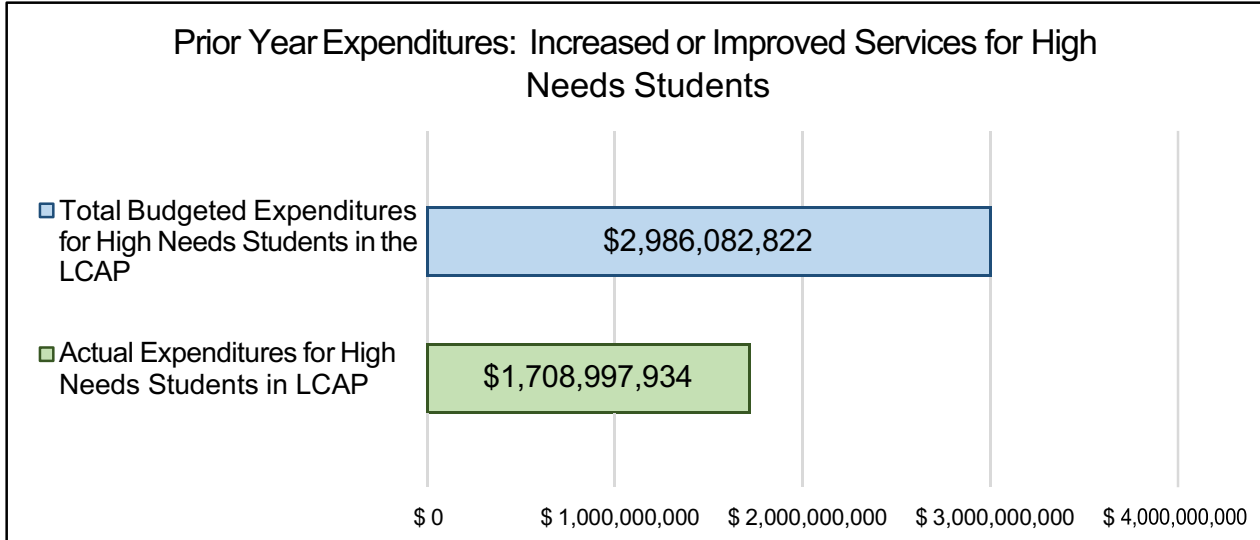

The LCAP includes all LCFF funds for 2024-25 and includes Equity Multiplier funds, as other state funds, but does not include any other local, additional state, or federal funds. Those additional funds are covered in other plans such as the Special Education Local Plan Area (SELPA) Plan for other non-LCFF sources of Special Education funds and the LCAP Federal Addendum for federal funding sources. The 2024-25 LCAP includes all LCFF base carryover and ending balances (in addition to supplemental/concentration carryover, as has been the established practice in our District).

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Los Angeles Unified School District is projecting it will receive \$1,512,617,034.00 based on the enrollment of foster youth, English learner, and low-income students. Los Angeles Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Los Angeles Unified School District plans to spend \$2,212,991,384.00 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Los Angeles Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Los Angeles Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Los Angeles Unified School District's LCAP budgeted \$2,986,082,822.00 for planned actions to increase or improve services for high needs students. Los Angeles Unified School District actually spent \$1,708,997,934.00 for actions to increase or improve services for high needs students in 2023-24. The difference between the budgeted and actual expenditures of \$1,277,084,888.00 had the following impact on Los Angeles Unified School District's ability to increase or improve services for high needs students:

The majority of the difference between these two amounts is attributable to staffing shortages and prioritization of one-time funding sources. Programs and services were implemented as effectively as possible with existing staffing in order to continue to meet our commitment to support English Learners, low-income students, and students in foster care, and our District worked to prioritize our highest-need schools for available staffing and resources. However, as a result of these staffing shortages, fewer students were able to access the increased and improved services for academic and social-emotional supports included in the 2023-24 LCAP. For more detail, please refer to the Goal Analysis sections of the LCAP, which provide this information for each LCAP action.

## Goals and Actions

### Goal

Goal #	Description
1	<p><b><u>Academic Excellence</u></b></p> <p>Providing a world-class academic experience for our students is the most important component of ensuring they are ready for the world. We believe we must support our students in developing the foundational knowledge and necessary skills to graduate and succeed in college and the workforce, and we must also offer them opportunities and tools needed to grow into excited and inspired lifelong learners. Moreover, it is our imperative to ensure that we achieve this for ALL students, and that students who have historically been underserved by the public education system will receive the instructional supports and services they need to thrive in our schools. This goal or pillar represents our dedicated focus on building a system where exceptional teaching can be found in every classroom, and knowledgeable, critical thinkers can be found in every seat.</p> <p>Over the course of the last LCAP cycle (from 2017 to 2020), our students saw the following progress:</p> <ul style="list-style-type: none"> <li>● English Language Arts:             <ul style="list-style-type: none"> <li>○ Grades 3 to 5: Students improved from 32 points below grade-level standards in 2016-2017 to 18.3 points below in 2018-2019.</li> <li>○ Grades 6-8: Students improved from 36.8 points below grade-level standards in 2016-2017 to 25.2 points below in 2018-2019.</li> <li>○ Grade 11: Students improved from 5.6 points below grade-level standards in 2017-2018 (after falling from 4.6 points above standard in 2016-2017) to 1.9 points below in 2018-2019.</li> </ul> </li> <li>● Math:             <ul style="list-style-type: none"> <li>○ Grades 3 to 5: Students improved from 40.8 points below grade-level standards in 2016-2017 to 30.2 points below in 2018-2019.</li> <li>○ Grades 6-8: Students improved from 73.1 points below grade-level standards in 2016-2017 to 64.0 points below in 2018-2019.</li> </ul> </li> </ul>

- Grade 11: Students improved from 89.2 points below grade-level standards in 2017-2018 (after falling slightly from 84.6 points above standard in 2016-2017) to 85.1 points below in 2018-2019.
- English Learner Reclassification:
  - Grades TK-5: Reclassification rates rose from 20.8% in 2017-2018 to 23.0% in 2018-2019 (the reclassification rate for this grade span was only 14.6% in 2019-2020, due in part to the limited testing window).
  - Grades 6-8: Reclassification rates rose from 27.6% in 2017-2018 to 28.9% in 2018-2019 (the reclassification rate for this grade span was only 21.9% in 2019-2020, due in part to the limited testing window).
  - Grades 9-12: Reclassification rates rose from 13.5% in 2017-2018 to 18.8% in 2018-2019 (the reclassification rate for this grade span was only 15.9% in 2019-2020, due in part to the limited testing window).
- Four-year cohort graduation rates grew from 77.4% in 2017-2018 to 80.9% in 2019-2020 (with the five-year cohort similarly increasing from 79.4% in 2017-18 to 81.8% in 2019-20).
- Fewer students dropped out of high school within 4 years of enrolling in 9th grade: the four-year cohort dropout rate fell from 12.9% in 2017-2018 to 10.0% in 2019-2020.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 1, Action 1: Curriculum

In 2023-24, the District's Division of Instruction (DOI) implemented a standards-aligned curriculum to enhance the academic success of all students through professional development training to teachers and support staff, equipping them with the necessary skills to effectively utilize the District's evidence-based instructional curriculum.

- Successes:
  - English Language Arts (ELA) curriculum implementation:
    - Elementary: ELA
      - 316 elementary schools implemented *Core Knowledge Language Arts (CKLA)* literacy curriculum focused on the Science of Reading and the Structured Literacy Approach, an increase of 50 schools from 2022-23.
      - 2,419 elementary educators completed voluntary CKLA curriculum professional development to improve their ability in teaching foundational literacy and reading skills.
      - 886 elementary educators participated in additional CKLA training on Tuesdays and Saturdays during the school year to develop lesson plans focused on developing writing skills, supporting English Learners with English Language Development (ELD) skills, and implementing foundational literacy skills via small group instruction.
      - Professional development survey results: 94% of participants reported confidence in their ability to implement the practices and strategies learned in the training.
    - Mathematics curriculum implementation:
      - Elementary: Math
        - 17,842 elementary educators attended a two-day professional development in summer 2023.
        - Professional development has incorporated a virtual setting, increasing the number of participants.
        - Professional development survey results: Approximately 95% of participants reported confidence in their ability to implement the training practices; 99% of participants reported a confidence level of 3 or above in their ability to implement what was learned in the professional development sessions.
  - Challenges:
    - The virtual setting has increased the number of participants however the virtual setting for professional development is challenging to incorporate active engagement and participation from attendees. It can be difficult to maintain focus and interaction in a virtual setting. The department will continue to find innovative ways to keep participants engaged.

Despite the presented challenge, the District's Division of Instruction (DOI) provided professional development trainings to increase teacher capacity and success in supporting students' academic success by implementing evidence-based instruction in 2023-24 as planned.

### Goal 1, Action 2: School Staffing and Operations

In 2023-24, the District's Human Resources Division in collaboration with the Division of Instruction (DOI) works to ensure all students receive effective instruction through a comprehensive teacher evaluation process. This process includes classroom observations, teacher conferences, professional goal setting, and regular reflection activities. Also, the process incorporates instructional coaching and feedback based on promising practices to foster professional growth. The evaluation process is grounded in the District's Teaching and Learning Framework, which guides the implementation of effective teaching practices.

- Successes:
  - Continuance of \$5,000 hiring and retention stipend, for a third year, to fully credentialed teachers who commit to working at the District's highest need schools.
  - Focus on local recruitment and hiring fairs to prioritize the District's highest need schools including increased nationwide recruitment at Historically Black Colleges and Universities (HBCUs).
  - Highest-needs priority schools were allocated resident substitute teachers who were assigned to the same school on a daily basis to support classroom instruction.
  - Human Resources has provided weekly webinar sessions for priority schools, including one-on-one meetings, to support strategic human capital support in making decisions on staff recruitment, hiring, and staffing.
  - Expansion of teacher residency programs through partnerships with local colleges and universities.
- Challenges:
  - Teacher shortages across the state and nationwide in specific subject areas: math, science, special education, and bilingual education.

Despite the presented challenge, school staffing and operations services to ensure effective student instruction was implemented in 2023-24 as planned.

### Goal 1, Action 3: Central District Supports for Instruction

In 2023-24, the District's Division of Instruction (DOI) developed and offered professional development opportunities, additional resources, and support to District offices, Region offices, and school sites. The DOI focused on implementing quality instruction across subject areas, grounded in evidence-based practices, to enhance positive outcomes for all students. The DOI facilitated collaboration among District departments and schools, aiming to better support students and reduce equity gaps, especially for high-needs student groups including English Learners, foster youth, and students from low-income families.

- Successes:
  - Developed and implemented a summer 2023 professional development series attended by 8,727 elementary teachers focused on integrating evidence-based practices in effective writing instruction.
  - Developed and implemented a foundational training program for reading teachers, Language Essentials for Teachers of Reading and Spelling (LETRS), with 2,572 educators currently enrolled, as of April 2024, including 280 special education teachers and 230 literacy interventionists.

- Researched and established coherence and expectations in grades K-5 foundational literacy skills and instruction with the development of the following:
  - [REF-141107 Early Literacy Instruction](#): Implementing Evidence-Based Practices to Support All Learners
  - Provided [ELA Elementary High Leverage Instructional Resources](#) (Gr. K-5)
  - Strengthened small group instruction with use of University of Florida Literacy Institute (UFLI) supplemental resources
- Developed and implemented professional development centered on the Orton-Gillingham (OG) approach to teaching reading using the principles of Structured Literacy; building foundational skills such as spelling and higher-level literacy skills such as reading comprehension and writing. Approximately 1,000 educators are currently enrolled in OG training, as of April 2024, including 159 special education teachers and 88 literacy interventionists.
- Challenges:
  - Increasing the reach of ongoing Districtwide professional development training to include all teachers and tailoring support and resources to the needs of the individual school sites.

Despite the presented challenge, the Division of Instruction (DOI) executed professional development initiatives and provided instructional guidance to both school sites and District departments in 2023-24 as planned.

#### Goal 1, Action 4: Options Program

In 2023-24, the District's Office of Transitional Programs continued to implement the Options Program to provide credit recovery opportunities for students to ensure a high school diploma and increased post-secondary opportunities as well as provide educators with professional learning opportunities to better serve participating high-needs students.

- Successes:
  - Schools continued to provide ongoing credit recovery opportunities for students outside of the school day, including weekends, Winter Academy, and Spring Academy.
  - A theory of action was developed by continuation, community day school, and alternative education school principals to increase student engagement levels in classrooms. A landscaping survey was conducted by the Office of Transitional Programs to assist schools in the development of the theory of action with the following results:
    - Approximately 43% of schools have evidence of fully implementing consistent use of intentional student discussion and participation techniques in classrooms; an additional 43% of schools have evidence of partially implementing consistent use of intentional student discussion and participation techniques.
    - Approximately 63% of schools have evidence of fully implementing afterschool tutoring; an additional 23% of schools have evidence of partially implementing afterschool tutoring.
- Challenges:
  - Increasing direct student instruction allowing for increased student engagement and discussions is limited due to multiple course assignments to teachers.
  - Ensuring increased credit recovery options for students outside of the school day.

Despite the presented challenges, the Options Program was implemented in 2023-24 as planned to increase the number of high school graduates.

#### Goal 1, Action 5: Instructional Technology Initiative

In 2023-24, the District's Instructional Technology Initiative (ITI) continued to support schools and teachers with integrating technology-based instructional practices as well as providing students with increased access to computer science instruction.

- **Successes:**
  - Increased participation of approximately 600 students in grades Pre-K to 12 computer science instruction.
  - Increased number of elementary schools to 90 schools from 60 schools providing 20 hours of computer science instruction in grades Pre-K to 5.
- **Challenges:**
  - Implementation of two additional Districtwide initiatives; Mandatory Digital Citizenship in the Age of Artificial Intelligence (AI) course for all students ages 13 and older and the iDream Mobile Learning Lab initiative to develop mobile learning labs (trailers) and vans to provide student exposure to high quality emerging technologies.

Despite the presented challenge, the District implemented the Instructional Technology Initiative (ITI) in 2023-24 as planned.

*Note: A current list of participating Instructional Technology Initiative schools receiving a full-time Instructional Technology Facilitator supported with LCFF funds is included in Appendix A.*

#### Goal 1, Action 6: Base-Funded Arts Education

In 2023-24, the District's Arts Education Branch (AEB) continued to provide a comprehensive standards-based visual and performing arts education program to all students through the District.

- **Successes:**
  - Increased by over 200 the number of generalist teachers participating in Arts Integration professional development trainings.
  - Implemented an arts provider fair to principals and school staff in August 2023 to assist school sites in understanding and selecting arts partners listed on the Arts Community Network (ACN) to work with their student populations.
  - Implemented a professional learning course for middle school and high school arts teachers in February 2024.
  - Implemented a four-day elementary arts itinerant teacher professional development training aligned to District professional learning in English Language Arts (ELA), Social Emotional Learning, math, and the arts.
- **Challenges:**
  - Increasing participation of arts teachers in professional development training.

Despite the presented challenge, the Arts Education Branch implemented programs in 2023-24 as planned.

### Goal 1, Action 7: Supplemental Arts Education

In 2023-24, the District's Arts Education Branch (AEB) continues to provide arts instruction to all elementary schools by utilizing full-time credentialed arts teachers, including the Arts Creative Network (a program providing dance, music, theater, and visual arts) and orchestra programs, with a focus on serving high-need student populations; English Learners, foster youth, and students from low income families.

- Successes:
  - Twenty-six elementary itinerant arts teachers were hired.
  - Targeted Student Population (TSP) funding has supported 303 elementary schools to maintain or expand supplemental arts programming.
  - Partnering with the District's Human Resources (HR) department in meeting with universities to recruit high-qualified arts teachers.
- Challenges:
  - Limited District capacity to store overflow orchestral instruments in prior year, later resolved by utilizing a non-District rental facility.
  - Hiring full-time credentialed arts teachers continued to be a challenge due to a nationwide teacher shortage.

Despite the presented challenge, the supplemental arts program was implemented in 2023-24 as planned, with arts partners available to supplement services for students and expand access to arts instruction.

### Goal 1, Action 8: Base-funded Afterschool Programs

In 2023-24, the District's Beyond the Bell (BTB) program continued to implement afterschool educational student programs, including Academic Decathlon and Marching Band.

- Successes:
  - Academic Decathlon:
    - Increased number of schools participating in Pentathlon: 22 Pentathlon-participating schools.
    - Increased number of students participating in Pentathlon and Decathlon: 699 participating students in Decathlon and 455 participating students in Pentathlon.
  - Marching Band:
    - Increased school participation rates: 50 schools represented.
    - Increased student participation rates: 332 students participating
- Challenges:
  - Recruitment of new schools to participate in Pentathlon and Decathlon continues to be a challenge as many staff are unavailable to work additional assignments outside of the school day.

Despite the presented challenge, the BTB programs were implemented in 2023-24 as planned.

#### Goal 1, Action 9: Supplemental Afterschool Programs

In 2023-24, the District's Beyond the Bell (BTB) program implemented Youth Services, a supplemental afterschool program, offering academic assistance, recreation, and enrichment to students in grades 2-8 in all elementary and middle schools.

- Successes:
  - Developing and implementing an electronic attendance application to better track student attendance.
  - Reclassifying employees to classified positions has assisted with retention of staff as has the recruitment of staff across media platforms and through presentations in local colleges and universities.
- Challenges:
  - Staffing for the Youth Services program continues to be a challenge in certain geographic areas of the District.

Despite the presented challenge, staffing recruitment and retention has assisted the BTB program implement the Youth Services program in 2023-24 as planned.

#### Goal 1, Action 10: Gifted and Talented Education (GATE) Programs

In 2023-24, the District's Gifted/Talented Programs, Advanced Learning Options (ALO) department continued to provide guidance, services, and support to ensure equitable and effective Districtwide K-12 GATE implementation.

- Successes:
  - 15.1% of the Districtwide grades K-12 student population is identified as gifted/talented (60,674 students).
  - Initiated Plan-Do-Study-Act (PDSA) cycle with the District's Arts Education Branch to increase referral and identification for underrepresented students in the Visual and Performing Arts (VAPA) Ability categories. In this PDSA, targeted elementary schools were provided: (1) Support for school staff with the VAPA screening and referral process and; (2) Afterschool arts instruction for students in grades 2-5 to prepare for Districtwide VAPA demonstrations and auditions in spring 2024.
  - Implemented the Targeted Identification Program (TIP) to address the underrepresentation of diverse learners in GATE programs, with an emphasis on Priority Schools and Black Student Achievement Plan (BSAP) schools.
  - Continued participation of teachers and school leaders in GATE professional development on topics including, but not limited to: equitable identification/verification, GATE differentiated instructional strategies, and social-emotional needs of gifted learners.
- Challenges:
  - Increased demand for GATE assessment and evaluation in the seven categories (Intellectual Ability, High Achievement Ability, Specific Academic Ability, Visual Arts Ability, Performing Arts Ability, Creative Ability, and Leadership Ability) with current/limited staffing.
  - Increased need for testing support from designated GATE psychologists, particularly for the highest-need schools, due to

increased demand for GATE assessment in the Intellectual Ability category.

Despite the presented challenges, the Gifted/Talented Programs, Advanced Learning Options department implemented programs in 2023-24 as planned.

#### Goal 1, Action 11: Differentiated Local Supports for Students

In 2023-24, the District committed to focus supports and resources at Priority schools for high-needs students to improve academic achievement and student wellness in the efforts of reducing identified achievement gaps as planned. *Note: For the list of Priority Schools, please see Appendix B: Goal 1, Action 11: Differentiated Local Supports for Students.*

- Successes:

- District Priority schools received additional funding and resources to support high-needs students and employed the resources for added instructional staff and increased professional development for teachers and administrators, among additional successes listed below.
- Implemented monthly principal meetings to provide professional development and opportunity for principals to learn from their colleagues on instructional and operational strategies.
- Developed and implemented instructional collaboration formats such as instructional leadership teams to improve teaching practices and make use of student performance data to plan academic student interventions.
- Monitored staff vacancy reports for all Priority schools to ensure the use of HR resources to effectively fill positions to support students.
- Provided a tiered academic intervention program across schools including the use of virtual and on demand tutoring.
- Monitored and supported the use of school-level Plan-Do-Study-Act (PDSA) cycles to review student work and better plan instructional goals.
- Implementation of predictive diagnostic and progress monitoring assessments to identify student learning needs, plan instruction, and target academic interventions.
- School supports included the use of Region leadership teams to focus and integrate instructional and operational resources.
- Supported the implementation of partnership services supporting District initiatives, such as tutoring and Career Technical Education (CTE).
- Implemented student attendance strategies such as attendance tracking to identify student attendance patterns and apply interventions to increase attendance.
- Developed professional development modules supporting the District's seven Teaching and Learning Framework focus elements, which include expectations for effective teaching and the identification of researched-based and highly effective instructional practices.
- Completed training of Resource teachers on the Structured Literacy approach intervention in teaching reading and writing to best support students with disabilities.

- Challenges:

- No identified challenges

The District implemented programs and services at Priority schools in 2023-24 as planned.

#### Goal 1, Action 12: School-Level Supports for Individualized Learning

In 2023-24, the Division of Instruction (DOI) continued to provide individualized student support at elementary school levels within literacy and mathematics.

- Successes:
  - Additional staffing in the area of student instruction such as teachers and instructional aides helped to reduce class sizes and worked to provide targeted instruction interventions to bring English Learners, students from low income families, and students in foster care to a proficient level in California content standards in English Language Arts and mathematics.
  - The interventions implemented by additional staffing increased grade level proficiency of students in English Language Arts and mathematics.
  - Implemented a new assessment platform, i-Ready, for mathematics and English Language Arts (ELA) to improve progress monitoring of student progress towards mastery of grade level California State Standards.
  - Provided teachers and instructional staff with supports to implement tiered intervention: Tier 1- universal supports, high-quality first instruction aligned to the principles of Universal Design for Learning; Tier 2- use of targeted small-group instruction and progress monitoring; Tier 3- use intensive instructional supports to individuals including the use of regular mastery assessments and more frequent progress monitoring.
  - Developed and implemented professional development training to all elementary teachers and literacy interventionists in the use of supplemental foundational literacy, University of Florida Literacy Institute (UFLI), supported increased student literacy as evidenced in formative and summative content assessments.
- Challenges:
  - Implementing a new assessment platform, i-Ready, for mathematics and English Language Arts (ELA) with associated challenges such as providing additional training and resources as well as ensuring long-term sustainability of the initiative.
  - Recruiting and hiring highly qualified teachers as well as retaining instructional aides from year-to-year continued to create challenges.

Despite the presented challenge, school-level supports for individualized learning for students were implemented by the DOI in 2023-24 as planned.

#### Goal 1, Action 13: Early Education and Universal Transitional Kindergarten

In 2023-24, the Early Childhood Education Division (ECED) continued to expand and implement universal transitional kindergarten (UTK) across the District.

- Successes:
  - Expanded the UTK program to additional school sites; 488 elementary schools providing UTK in 2023-24, up from an original plan of 457 elementary schools offering UTK in 2023-24. The District reached full implementation of UTK two years prior to the statewide mandate of full implementation by 2025-26.
  - Recruitment of students and families to the District’s UTK program has increased student enrollment.
- Challenges:
  - Classroom capacity guidelines mandated by the State have limited increased UTK student enrollment for a number of schools.

Despite the presented challenge, the UTK program was implemented in 2023-24 as planned.

Goal 1, Action 14: Literacy and Numeracy Interventionist Program

In 2023-24, the District’s Division of Instruction (DOI) initiated the Literacy and Numeracy Interventionist program in August 2023 to support elementary age students in developing foundational skills in literacy, numeracy, and critical thinking. The DOI provides interventionists with continuous training and professional development to support at-risk students and accelerate their learning progress.

- Successes:
  - Targeted direct student instruction is provided by 125 elementary literacy interventionist teachers across the District to develop student literacy skills such as reading comprehension.
  - 611 literacy interventionists and instructional aides have attended monthly Literacy Academy professional development sessions.
  - Completed the Elementary Literacy Interventionist Implementation Guide, which is in use at school sites Districtwide.
  - DOI supports literacy interventionist teachers with monthly professional development training at the Region-level on how to support students in developing foundational reading skills.
  - 105 elementary numeracy interventionist teachers provide direct instruction to students, often in small groups, to increase grade-level proficiency in math content standards.
- Challenges:
  - Recruitment and hiring of highly qualified literacy interventionists. In collaboration with Human Resources, DOI continues to recruit candidates for the literacy interventionist position.

Despite the presented challenge, the Division of Instruction has principally implemented elementary literacy and mathematics interventions in 2023-24 as planned.

Goal 1, Action 15: Secondary Literacy Support and Interventions

In 2023-24, the District’s Division of Instruction (DOI) maintained its implementation of secondary literacy supports and interventions aimed to assist students transitioning into secondary grade levels who did not meet grade-level literacy standards. Additionally, the division provided support to teachers and staff to address the learning needs of students, with a particular focus on aiding English Learners.

- Successes:
  - Developed and implemented the Interventionist Academy, a series of monthly professional development trainings for interventionist teachers to review student data, update instructional action plans, and learn how to apply literacy strategies at the secondary level for students who are below grade level in English Language Arts (ELA) content standards.
  - Ability to fund interventionist teachers at highest-needs priority schools to implement a structured literacy program, Corrective Reading, to support student growth in reading fluency and reading comprehension.
  - Training interventionist teachers to implement effective instructional practices for teaching reading through the use of coaching, co-teaching, and co-planning of instructional lessons.
- Challenges:
  - Recruiting instructional interventionists continues to be a challenge.
  - Implementation of small group strategies, familiar in elementary education, such as pull-out intervention for groups of students with similar ability or proficiency in grade-level content standards to work with an interventionist teacher outside of the general education classroom at secondary schools.

Despite the presented challenges, the Division of Instruction has chiefly implemented the secondary literacy supports and interventions in 2023-24 as planned.

#### Goal 1, Action 16: Summer School Credit Recovery

The District's Beyond the Bell (BTB) department implemented a summer school credit recovery program for grades 9-12 students to ensure students are on-track for graduation. Summer school credit recovery courses were provided in-person and asynchronously.

- Successes:
  - 154 non-graduating seniors from the class of 2023 were able to recover the missing credits needed to graduate on time.
  - 87% of participating students passed their summer school courses with a final grade of C or better.
- Challenges:
  - 13% of students earned a D grade in their summer course impacting their eligibility to attend a University of California or California State University.
  - Recruiting properly credentialed teachers continues to be a challenge.

Despite the presented challenges, the program was implemented allowing students with credit recovery opportunities in 2023-24 as planned.

#### Goal 1, Action 17: Standard English Learner Supports

The Access, Equity and Acceleration (AEA) Unit implemented academic programs to support African American students and Standard English Learners (SEL) as well as facilitated professional development opportunities for educators at 92 Academic English Mastery Program (AEMP) schools and 28 UCLA-LAUSD Collaborative schools.

- **Successes:**
  - Increased percentage of grade 12 African American students participating in the UCLA-LAUSD Collaborative completing A-G course requirements; 2% increase in 2022-23 from 2021-22.
  - Students at AEMP schools scoring at Benchmark and Above on the DIBELS literacy assessment increased by 7% and the number of students scoring at Well Below Benchmark decreased by 6%; from the beginning-of-year (BOY) assessment to the middle-of-year assessment (MOY).
  - Continued development and facilitation of the AEMP professional development series for teachers to advance models of culturally and linguistically responsive pedagogy (CLRP) to maximize the academic engagement and academic outcomes of African American students and Standard English Learners.
- **Challenges:**
  - Increased program implementation across schools.

Despite the presented challenge, the programs to support African American students and Standard English Learners was principally implemented in 2023-24 as planned.

Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness

In 2023-24, the District's Student Health and Human Services (SHHS) Division continued to implement the Specialized Student Services (SSS) program with counselors, pupil services and attendance (PSA) counselors and psychiatric social workers (PSWs) delivering integrated services to specific student groups- students in foster care, experiencing homelessness, and/or involved in the Juvenile Justice System.

- **Successes:**
  - SSS counselors have supported over 13,000 students identified as experiencing homelessness, an increase of 1,000 students from 2022-23, and approximately 10,000 students in foster care.
  - Over 1,000 students in foster care and experiencing homelessness have participated in the Pathways to College tours with 25 college tours hosted by the SHHS Division to date.
  - SSS counselors completed 420 Best Interest Determination meetings to promote school stability and work to help students remain in their school of origin in the event of an out-of-home placement.
  - 72 school sites host monthly Leadership and Empowerment Councils (LECs) for students in foster care to increase school attendance and school engagement.
- **Challenges:**
  - The Specialized Student Services Program currently has two vacancies, a significant improvement from 2022-23, with Regional support counselors assisting schools. No anticipated vacancies for 2024-25.

Despite the presented challenge, the Specialized Student Services (SSS) programs were largely implemented in 2023-24 as planned.

### Goal 1, Action 19: Special Education: Base Program

In 2023-24, the District's Division of Special Education continued to provide differentiated services and programs to increase achievement of students with disabilities and in accordance with each student's Individualized Education Plan (IEP).

- Successes:
  - Completed 114,249 IEPs in 2022-23 and 86% of assigned assessments (115,706). Completion of an assessment was impacted by a parent not consenting or a student not being available for testing, among additional factors.
  - This continued in 2023-24, as from July 2023 to March 3, 2024, 87% of assessments have been completed.
  - As of February 29, 2024, 91% of all IEP services have been provided with a rate of 70% or higher.
- Challenges:
  - Ensuring high participation rate of staff in professional development offerings such as service and compliance data monitoring.

Despite the presented challenge, the District's Division of Special Education chiefly implemented programs and services to support students with disabilities in 2023-24 as planned.

### Goal 1, Action 20: Special Education: Extended School Year

In 2023-24, the Division of Special Education continued to implement an optional Extended School Year (ESY) program for students with disabilities to provide extended or additional supports and services to students beyond the regular school year as determined on an individual basis by the student's Individualized Education Plan (IEP) team.

- Successes:
  - Increased number of participating students to 7,232 enrolled and attending summer 2023 ESY from 6,448 in 2022.
  - Participating students in summer 2023 ESY made gains from the pre-test to the post-test, with the largest gain among middle school students with disabilities.
  - Dates for ESY were aligned to the same dates as other District summer offerings, allowing for a smoother experience for families with students in multiple programs
- Challenges:
  - None identified.

The Extended School Year (ESY) program was implemented in 2023-24 as planned.

### Goal 1, Action 21: Special Education: Intensive Diagnostic Education Centers (IDEC)

In 2023-24, the District's Division of Special Education employed the 26 Intensive Diagnostic Education Centers (IDEC) to provide evidence-based Tier 3 literacy support services to over 783 students with specific learning disabilities.

- Successes:
  - Developed and completed professional development training to increase the capacity of special day program (SDP) teachers to address student reading needs. Three professional development training sessions for SDP elementary teachers were completed to increase use and implementation of the University of Florida’s Literacy Institute’s (UFLI) foundational reading program. Additionally, two professional development sessions were completed for SDP secondary teachers on the topic of Advanced Word Study to assist students on how to read and spell multi-syllable words.
  - Increased rate of literacy growth for participating students: middle-of-the-year (MOY) outcomes on the i-Ready Diagnostic assessment indicate, that on average, participating IDEC students made 91% of their annual typical growth target at the midpoint of the school year, with a median of 83% progress toward annual typical growth.
- Challenges:
  - Implementation of new assessments and progress monitoring tools to better align student literacy supports across the District.

Despite the presented challenge, the Special Education Division supported the implementation of IDEC programs in 2023-24 as planned.

Goal 1, Action 22: Special Education: Inclusive Opportunities

In 2023-24, the Division of Special Education continued the District’s plan to increase inclusive practices for students with disabilities in general education classroom settings.

- Successes:
  - Inclusion lead teachers participated in a series of mandatory informational sessions to increase lead teacher capacity in supporting school sites to increase and improve inclusive practices.
  - Increased by 2.4% the percentage of students with disabilities spending 80% or more of their day in the general education setting to 63.4% from 61% in 2022-23.
  - All schools completed banked time professional development training on increasing inclusive practices to support students with disabilities.
  - The Special Education Division partnered with Supporting Inclusive Practices (SIP) in visiting multiple school sites across the District to support school teams with increasing inclusive practices.
  - Increased to 255 the number of schools submitting a Least Restrictive Environment (LRE) action plan indicating how a school would increase inclusive practices for students with disabilities within a general education class.
  - Completed a professional development training in March for over 600 general education teachers to better understand disabilities and accommodations in the support of students with disabilities.
- Challenges:
  - Retaining and having sufficient special education paraprofessionals to work with students in the classroom.

Despite the presented challenge, the Special Education Division implemented inclusion services for students with disabilities in 2023-24 as planned.

### Goal 1, Action 23: Special Education: Special Day Program

In 2023-24, the Division of Special Education implemented the Special Day Program to provide students with disabilities with opportunities for specialized instruction. The District's Special Day Program serves 37% of students with disabilities (22,337). Of the students, 15,428 are on the core curriculum and 6,909 are utilizing the alternate curriculum.

- Successes:
  - Completed a professional development series to further support English teachers in implementing the University of Florida Literacy Institute (UFLI) foundational reading program with a focus on elementary teachers and in implementing the Advanced Word Level Reading class for secondary teachers.
  - Completed elementary and secondary teacher professional development training in April on evidence-based instructional practices for supporting students with autism.
  - Trained over 1,000 alternate curriculum teachers, paraprofessionals, and administrators in curriculum, assessment and engagement strategies, and modification of core/general education curriculum between August 2023 and March 2024.
  - Increased to a 92% staff monthly usage rate for n2y Solutions; a Science of Reading aligned curriculum designed for students with moderate to severe disabilities.
- Challenges:
  - Retaining special education paraprofessionals to work with students in the classroom.

Despite the presented challenge, the Special Education Division principally implemented the Special Day Program in 2023-24 as planned.

### Goal 1, Action 24: Special Education: Transition Services

In 2023-24, the District Office of Transition Services within the Division of Special Education continued to provide students with disabilities ages 14+, including English Learners and foster youth with disabilities, transition services from school to adult life such as preparing students for postsecondary education, employment, and independent living.

- Successes:
  - Increased percentage of students accessing post-secondary education and/or employment: increased to 87% in June 2023 from 71% in June 2021, as reported in the California Annual Performance Report.
  - 100% of Transition staff were trained on the Free Application for Federal Student Aid (FAFSA) and the California Dream Act Application (CADAA) and the Chafee grant to better support students with understanding and applying for financial aid applications.
  - Increased access to financial aid resources and applications at high schools for students with disabilities, including foster youth.
  - 89% of foster youth with disabilities in grades 9-12 received additional targeted transition supports.
- Challenges:
  - Increasing involvement and participation of transition teachers in Individualized Education Plan (IEP) meetings for foster youth.

Transition Services is continuing to work with school site leadership to increase transition teacher involvement in the meetings from 50%.

Despite the presented challenge, Transition Services implemented services for students with disabilities ages 14+ in 2023-24 as planned.

Goal 1, Action 25: Increased Access to Advanced Placement (AP) and International Baccalaureate (IB) Programs

In 2023-24, the Division of Instruction (DOI) continued the Advanced Placement (AP) Equitable Access Policy at each high school to ensure students have access to AP courses no matter if there are issues with course scheduling or school requirements such as grade point average or counselor recommendation. District high schools offer AP courses in over 34 subjects including science, world languages, and art.

In addition, the International Baccalaureate (IB) was implemented by the District's Division of Instruction (DOI) to provide students with a college preparatory learning environment, which involves assessments by oral presentation and written work.

- Advanced Placement
  - Successes:
    - Each District high school has a designated AP Coordinator in the effort to increase student and parent outreach about the AP program and its benefits to college and career success.
    - Continued financial support of the program ensured students from low income families are able to complete AP exams at no cost.
    - Continued supplemental instructional support for students and teachers at no-cost through the AP Readiness program. The Science, Technology, Engineering, and Math (STEM) and Humanities AP Readiness sessions were operated virtually two Saturdays a month from September through April. Providing virtual access to the AP Readiness program has increased participation by students and teachers.
    - Completion of the three-day AP Summer Institute “Train the Trainer” professional development for AP Precalculus teachers Districtwide.
    - 100% of AP Coordinators at schools received guidance and support from the DOI AP Coordinator.
  - Challenges:
    - During 2019-20 and 2020-21, the pandemic reduced student enrollment in AP courses for all student groups except for Students with Disabilities and English Learners. Student enrollment data is pending.
- International Baccalaureate (IB)
  - Successes:
    - Increased number of students completing Diploma Programme (DP) certificate courses.
    - Continued financial support of the program ensured students from low income families paid only \$5 per IB exam versus

over \$100 per IB exam for non-income eligible students.

- Implementation of an initiative to increase student enrollment in DP courses.
- Challenges:
  - The pandemic sharply impacted enrollment of Diploma Program candidates and parent awareness of the program, however, the program has seen increased student enrollment over the last two years.

Despite the presented challenges, the AP and IB programs were implemented in 2023-24 as planned.

#### Goal 1, Action 26: Districtwide A-G Interventions

In 2023-24, the District's A-G Intervention and Support department monitored student progress towards graduation and provided secondary schools with resources and materials as well as availability of tutoring and credit-bearing courses to keep students on-track for passing A-G courses with a "C" grade or better.

- Successes:
  - Increased availability of Instructional Intervention and Academic Course Extension (ACE) materials in additional courses (e.g., Algebra 1) to increase grade-level proficiency and assist students in passing courses with a grade of C or better.
  - Increased tutoring opportunities for students.
  - Continued availability of credit recovery courses through Edgenuity allowing students the flexibility to complete coursework outside of the traditional school day hours.
  - Continued Districtwide implementation of intercession programs during winter and spring semesters to provide students with academic interventions and course extensions to ensure passing course grades.
- Challenges:
  - Encouraging and ensuring students are accessing the necessary course materials to improve grades.

Despite the presented challenge, Districtwide A-G interventions were implemented in 2023-24 as planned.

#### Goal 1, Action 27: Diploma Program

In 2023-24, the District's Student Health and Human Services (SHHS) Division implemented the program to provide evidence-based child welfare and attendance services and supports to increase the A-G course passage and graduation rates of students, particularly at-promise students.

- Successes:
  - 18% decrease in the number of middle school students failing courses compared to 2022-23 at the 20 middle schools identified for targeted intervention services provided by Pupil Services and Attendance (PSA) counselors in the A-G Diploma Program. Supports for students and families included tutoring, attendance incentives, as well as health and social services.
  - 36.2% of all participating high school students in the A-G Diploma Program maintained or decreased the number of off-track

courses to graduate. Increased percentage from 2022-23.

- Challenges:
  - Staff vacancies in the middle and high school A-G Diploma Program have impacted implementation, however, District support counselors (DSC) assigned to the four Regions have provided support to schools with A-G Diploma Program PSA vacancies.

Despite the presented challenge, the Diploma Program has been substantially implemented in 2023-24 as planned.

#### Goal 1, Action 28: College Access Program

In 2023-24, the District's A-G Intervention and Support department supported middle and high school counselors with increased opportunities to learn new college counseling skills and meet new state standards to better prepare students for college and career opportunities.

- Successes:
  - Implemented the College Advisement Program (CAP) through the UCLA Extension's College Counseling Certificate Program at no cost to counselors. The CAP is a yearlong academic program of three courses and a practicum consisting of 65 hours of supervised fieldwork; first cohort of counselors began in July 2023 and will complete in June 2024. As of March 2024, the CAP has over 300 counselors participating, with 77 counselors registered to begin a fourth cohort in April 2024.
  - Expansion of the Cafecito professional development series for counselors working with grade 11 and 12 students from spring semester only in 2022-23 to both fall and spring semesters in 2023-24 with one session per month. The Cafecito sessions are virtual and allow counselors to review college timelines and further support counselors. On average, there are 70 counselors attending each session.
- Challenges:
  - Ensuring each CAP cohort of counselors have a 100% completion rate.

Despite the presented challenge, the A-G Intervention and Support department has implemented the program in 2023-24 as planned.

#### Goal 1, Action 29: Career Technical Education

In 2023-24, the District's Career Technical Education (CTE)-Linked Learning office ensured 476 CTE teachers in industry sectors received training to offer students with industry-recognized certifications and supported students in CTE pathways to graduate with career industry-recognized credentials.

- Successes:
  - CTE-Linked Learning provided CTE teachers with monthly professional development opportunities to improve classroom instruction and assessment strategies.
  - Increased the number of students completing CTE Pathways to 7,165 students in 2022-23 at the time of high school graduation from 6,910 students in prior year.

- Developed Pathway Connect events for CTE teachers in Hospitality Tourism and Recreation and Health Science and Medical Technology, among additional industry sectors, to network with industry, community, and college partners to expand work-based learning opportunities for students.
- CTE-Linked Learning supported schools by training CTE teachers and staff in how to facilitate mock interviews for students as well as how to support students in acquiring career ready badges as benchmarks to certify students as meeting CTE pathway standards.
- Challenges:
  - With the expansion of the Districtwide CTE program, a challenge is making certain all new CTE hires receive an initial and continued high level of professional development training in classroom instruction.

Despite the presented challenge, the CTE program was implemented in 2023-24 as planned.

### Goal 1, Action 30: Linked Learning

In 2023-24, the Linked Learning initiative in 45 schools offering over 70 Linked Learning Pathways prepared students in completing career-themed certified pathways, such as within engineering and health science and medical technology, and completing internships and additional work-based learning opportunities towards career and college readiness.

- Successes:
  - Four Linked Learning pathways achieved Silver certification, such as Miguel Contreras School of Global Studies and Cesar Chavez Technology Preparatory Academy, with six additional Linked Learning pathways projected to attain Silver certification by June 2024. Additionally, four pathways are on-track to complete Gold certification by June 2024.
  - The CTE-Linked Learning office implemented a math focus group of educators to continue to support the integration of math into project-based instruction.
  - Additional monthly professional development training sessions, now in its second year of implementation, to increase the capacity of Linked Learning administrators in supporting teachers with classroom instruction and instructional rounds cycles where teachers can collect student learning data and develop improvement plans.
  - Implemented a new Middle School Collaborative focused on supporting Linked Learning teachers with instituting project-based learning and the Paxton-Patterson Career Labs, which allow students a hands-on learning experience in industry areas such as Computer Aided Drafting and Design and an Introduction to Health Science careers.
  - Worked-Based Learning Coordinators used the Districtwide student information system, MiSiS, to collect and catalog individual student work-based learning experiences.
  - Implementation of CTE-Linked Learning pathways at District Community Schools: the Community Schools department and the CTE-Linked Learning office began planning and developing the future integration of industry pathways at Community Schools for increased career and college ready student opportunities.
  - Increased percentage of participating Linked Learning students graduated eligible for admission to the University of California and California State University by completing A-G high school courses with a grade of C or better.
- Challenges:

- A challenge for Linked Learning is ensuring that there is adequate coaching support for new onboarding pathways as more Linked Learning pathways are added each year.

Despite the presented challenge, the District's Linked Learning initiative was implemented and continued to develop in 2023-24 as planned.

#### Goal 1, Action 31: School Staffing Equity Grant Investments to Increase Staffing for Academic Excellence

In 2023-24, schools with over 55% enrollment of students identified as low-income, English Learners, and/or in foster care utilized their School Staffing Equity Grant funds in hiring additional staff to expand services and supports for students.

- Successes:
  - Schools successfully utilized their School Staffing Equity Grant investments to support students in accelerating their learning.
    - 41% of projected actual School Staffing Equity Grant expenditures were allocated towards hiring class size reduction teachers to further differentiate instruction for students in the classroom.
    - 14% of projected actual School Staffing Equity Grant expenditures were allocated towards hiring academic and college counseling staff to provide additional academic resources and supports to students.
    - 11% of projected actual School Staffing Equity Grant expenditures were allocated towards hiring psychiatric social workers (PSWs) to support mental and emotional student wellness and provide positive behavior support to identified students.
    - 10% of projected actual School Staffing Equity Grant expenditures were allocated towards hiring paraprofessionals such as instructional aides and teacher assistants to support small group instruction and targeted interventions to ensure students are grade-level proficient in California State Standards.
- Challenges:
  - Across the State and nationwide, a shortage of highly-qualified teachers and staff limited the ability of schools to fully expend their School Staffing Equity Grant funds.

Despite the presented challenge, schools used the School Staffing Equity Grant funds to hire staff to increase direct and supplemental services for students in foster care, English Learners, and students from low-income families.

#### Goal 1, Action 32: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools (New Action in 2023-24)

In 2023-24, 492 District elementary schools used Student Equity Needs Index (SENI) funding to address the needs of students requiring additional supports to succeed academically.

- Successes:
  - Use of teacher aides and library aides, among additional site staffing, to provide differentiated and individualized learning supports for students.

- Implementation of literacy skill development including reading, writing, and comprehension in the classroom and the use of technology to increase instructional time outside the classroom.
- Implementation of numeracy skill development including counting, number recognition, addition, subtraction, and additional mathematical concepts through hands-on learning experiences.
- Hired instructional aides to support in classroom instruction and provided targeted interventions to individual students or small groups of students by increasing learning time.
- Purchased supplemental instructional materials to allow teacher flexibility in providing additional supports to struggling learners and to also challenge students at or above grade level content standards.
- Challenges:
  - Finding highly qualified candidates to work and support students continues to be a challenge in Los Angeles and nationwide.

Despite the presented challenge, District elementary schools continued to use and leverage SENI funds to develop and increase student literacy and numeracy, among additional skills, in preparation for secondary school.

Goal 1, Action 33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Middle Schools (New Action in 2023-24)

In 2023-24, 88 District middle schools used Student Equity Needs Index (SENI) funding to address the needs of students requiring additional supports to succeed academically.

- Successes:
  - Ensured students receive the appropriate academic interventions to support their achievement within content areas such as mathematics.
  - Integrated technology into instructional practices to engage students in learning and supplementing classroom instruction by providing opportunities for independent learning outside of the classroom.
  - Hired additional instructional staff such as paraprofessionals to provide differentiated interventions such as Tier 2 small group instruction to students who need assistance in specific subjects.
  - Implemented instructional coaching and professional development to enhance teacher capacity to provide educational support to students with high needs.
  - Used regular formative and summative assessments to monitor student progress and identify areas for improvement.
- Challenges:
  - Finding highly qualified staff to fill necessary vacancies continues to be a challenge.

Despite the challenge, District middle schools continued to use and leverage SENI funds to support students in academic achievement and in preparation for high school success and post-secondary opportunities.

Goal 1, Action 34: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: High Schools (New Action in

2023-24)

In 2023-24, 103 District high schools used Student Equity Needs Index (SENI) funding to address the needs of students requiring additional supports to succeed academically.

- Successes:
  - Provided differentiated learning supports such as tutoring programs to provide academic assistance to students struggling in specific courses and ensure students are on-track to graduate.
  - High school counseling services to implement and monitor students' Individualized Graduation Plans to ensure students are on-track to graduate as well as completing A-G courses allowing students access to 4-year universities out of high school.
  - Implemented programs to prepare students for post-secondary education and career opportunities, including career exploration and financial aid workshops.
  - Paraprofessionals and instructional aides to support classroom teachers in increasing small-group instruction for students requiring additional learning supports.
  - Use of school administration to plan and implement school-level programs focused on serving the needs of high needs student populations such as English Learners, foster youth, and students from low income families.
- Challenges:
  - Staffing vacancies continue to be a challenge.

Despite the challenge, District high schools are continuing to use SENI funds to improve academic student success by providing interventions and additional supports for students in and out of the classroom.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1, Action 1: Curriculum

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on the District completing curriculum adoptions for increased student instructional materials in prior years and the District managing to finalize textbook contracts with a lower-than-estimated final pricing.

Goal 1, Action 2: School Staffing and Operations

Goal 1, Action 3: Central District Supports for Instruction

*No material differences were observed for the actions.*

Goal 1, Action 4: Options Program

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is due to the cost of vacancies and not being able to staff a number of positions such as school support staff. The estimated actual 2023-24 expenditures for the LCAP are a point-in-time calculation that reflect the Second Interim Budget Report in alignment with prior practice.

Goal 1, Action 5: Instructional Technology Initiative

Goal 1, Action 6: Base-Funded Arts Education

*No material differences were observed for the actions.*

Goal 1, Action 7: Supplemental Arts Education

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, is a result of increased arts funding through the Expanded Learning Opportunities Program (ELOP) and Proposition 28, as well as continued staffing challenges for arts educators. The District's Arts Education Branch and its partners connected with schools on strategies to fully utilize their arts funding allocations in the second semester of 2023-24.

Goal 1, Action 8: Base-Funded Afterschool Programs

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is primarily due to expenses in the second half of the school year, staffing vacancies, and carry over of funds from prior year to pay for band and drill team uniforms.

Goal 1, Action 9: Supplemental Afterschool Programs

*No material differences were observed for this action.*

Goal 1, Action 10: Gifted and Talented Education (GATE) Programs

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is primarily due to the cost of salary and benefits increases.

Goal 1, Action 11: Differentiated Local Supports for Students

*No material differences were observed for this action.*

Goal 1, Action 12: School-Level Supports for Individualized Learning Interventions

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is primarily due to staff vacancies such as instructional staff and not being able to fill positions.

Goal 1, Action 13: Early Education and Universal Transitional Kindergarten

*No material differences were observed for this action.*

Goal 1, Action 14: Literacy and Numeracy Interventionist Program

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, is a result of the District shifting expenditures into ESSER to maximize use of the one-time funds.

Goal 1, Action 15: Secondary Literacy Supports and Interventions

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is primarily due to staff vacancies such as instructional staff and schools' using one-time funds as well as discretionary funding sources.

Goal 1, Action 16: Summer School Credit Recovery

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is principally due to the timing of the expenditures as most of the funds will be utilized for the credit recovery program. There is the possibility of some funds remaining unspent due to staff vacancies.

Goal 1, Action 17: Standard English Learner Supports

Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness

Goal 1, Action 19: Special Education: Base Program

*No material differences were observed for the actions.*

Goal 1, Action 20: Special Education: Extended School Year

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of the District shifting expenditures into ESSER to maximize use of the one-time funds. The ESSER funds will be expiring later this year and, at which point, the District plans to revert Extended School Year expenditures back to LCFF.

Goal 1, Action 21: Special Education: Intensive Diagnostic Education Centers (IDEC)

Goal 1, Action 22: Special Education: Inclusion Services

Goal 1, Action 23: Special Education: Special Day Program

Goal 1, Action 24: Special Education: Transition Services

*No material differences were observed for the actions.*

Goal 1, Action 25: Increased Access to Advanced Placement (AP) and International Baccalaureate (IB) Programs

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of a delay in processing IB fees and professional development expenses in the first half of the school year. Second half of the school year expenses are higher than the first half. Final expenses will closely align to the budget expenditure amount. The estimated actual expenditures are a point-in-time calculation that reflect the Second Interim Budget Report in alignment with prior District practice.

Goal 1, Action 26: Districtwide A-G Interventions

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of the reallocation of funds to the four Regions.

Goal 1, Action 27: Diploma Program

Goal 1, Action 28: College Access Program

*No material differences were observed for the actions.*

Goal 1, Action 29: Career Technical Education

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of Career Technical Education teacher vacancies and additional expenses in the second half of the school year; February to June.

Goal 1, Action 30: Linked Learning

*No material differences were observed for this action.*

Goal 1, Action 31: School Staffing Equity Grant Investments to Increase Staffing for Academic Excellence

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of staffing vacancies at schools sites. Widespread labor shortages across the nation and the lack of availability of highly qualified candidates impacted the ability of schools to utilize their School Staffing Equity Grant allocations. This year the District expanded the range of available positions for schools to employ based on survey results. Note: Unused allocations to school sites are centralized and redistributed to eligible schools during the following year's allocation process

Goal 1, Action 32: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - Elementary Schools

Goal 1, Action 33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - Middle Schools

Goal 1, Action 34: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - High Schools

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for goal actions 1.32-1.34 is the difficulty in finding enough highly qualified staff members for open positions at the elementary, middle, and high school levels. The District supports staff recruitment efforts such as for instructional staff for all schools to support the actions funded with SENI investments. It is also important to note that unspent SENI funds stay with the school, the funds are school based allocations. The SENI funds can then be used later by the individual school site under the same allowable uses that are in alignment with the action which is to assist students from low income families, students in foster care, and English Learners in achieving academic success. District schools do utilize additional resources for the implementation of student services and programs.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

With the challenges posed by the COVID-19 pandemic such as education disruptions and social-emotional well being of students, families, and staff, Los Angeles Unified continued to prioritize equity in ensuring all students have foundational knowledge and skills to graduate college and career ready. Within LCAP Goal 1: Academic Excellence, the Measuring and Reporting Results highlight the increased effectiveness of goal actions in the 2021-24 LCAP cycle as evidenced by a number of outcomes; Career Technical Education (CTE) completion rate, percent of students meeting early literacy benchmarks, A-G completion rate, among additional reported outcomes. The action plans contained in the goal actions for LCAP Goal 1 have been effective as exhibited by progress on the goal action monitoring measures and the goal metrics. Each action for Goal 1: Academic Excellence has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the District's priorities within Pillar 1: Academic Excellence in the Board-adopted 2022-26 Strategic Plan; High-Quality Instruction, Enriching Experiences, Eliminating Opportunity Gaps, and College and Career Readiness.

Goal 1, Action 1: Curriculum

In 2023-24, the District's Division of Instruction (DOI) monitored progress towards High-Quality Instruction in the area of curriculum implementation employing the following progress measures:

- Increased number of teachers who complete required series of implementation trainings

- Increased: 8,727 elementary educators completed English Language Arts (ELA) professional development training, compared to 5,141 participants in 2022-23.
  - In addition, 17,842 elementary educators participated in a two-day math summer professional development training.
- Elementary literacy and elementary mathematics professional development is offered virtually including Saturday sessions to increase access and teacher participation.
- Improved school leader implementation survey results
  - Data is pending: Implementation surveys will be conducted in June 2024 to support the evaluation of school improvement efforts in curriculum and instruction and available to review in summer 2024. The results will be reviewed and will inform the action's effectiveness.
- Improved DIBELS/and Smarter Balanced Assessment (SBA) Growth Data
  - DIBELS (Grade K-2)
    - Grade K: Students At or Above Benchmark increased 14% on the Middle of Year (MOY) DIBELS assessment from the Beginning of Year (BOY) DIBELS assessment, while students that were Below Benchmark decreased by 11%.
    - Grade 1: Students At or Above Benchmark increased 5% on the Middle of Year (MOY) DIBELS assessment from the Beginning of Year (BOY) DIBELS assessment, while students that were Below Benchmark decreased by 3%.
    - Grade 2: Students At or Above Benchmark increased 5% on the Middle of Year (MOY) DIBELS assessment from the Beginning of Year (BOY) DIBELS assessment, while students that were Below Benchmark decreased by 5%.
  - i-Ready ELA (Grade 3): Baseline data
    - English Learners: 32% have met the Annual Typical Growth, 68% are on target to meet the Annual Typical Growth.
  - i-Ready Math (Grade 3-5): Baseline data
    - Grade 3: 54% on target to meet Annual Typical Growth in 2023-24.
    - Grade 4: 50% on target to meet Annual Typical Growth in 2023-24.
    - Grade 5: 57% on target to meet Annual Typical Growth in 2023-24.
  - i-Ready ELA (Grade 3-5): Baseline data
    - Grade 3: 70% on target to meet Annual Typical Growth in 2023-24.
    - Grade 4: 75% on target to meet Annual Typical Growth in 2023-24.
    - Grade 5: 75% on target to meet Annual Typical Growth in 2023-24.
  - Smarter Balanced Assessment (SBA)- Met or Exceeded Standard for Mathematics
    - All Students:
      - Grade 3: 42.8% in 2022-23, compared to 40.2% in 2021-22.
      - Grade 4: 37.6% in 2022-23, compared to 33.6% in 2021-22.
      - Grade 5: 30.5% in 2022-23, compared to 27.8% in 2021-22.
      - Grade 6: 28.1% in 2022-23, compared to 26.9% in 2021-22.
      - Grade 7: 27.5% in 2022-23, compared to 25.6% in 2021-22.
      - Grade 8: 23.7% in 2022-23, compared to 23.5% in 2021-22.
      - Grade 11: 20.0% in 2022-23, compared to 18.9% in 2021-22.
    - Seven of seven tested grade levels, grades 3-8 and 11, saw an increase in Met or Exceeded Standard for Mathematics on the Smarter Balanced Assessment (SBA) in 2022-23. The District views the student performance data as supportive

of action effectiveness and will use the spring 2024 SBA results to view student performance trend data over the past three years to determine further effectiveness of the action in 2024-25.

- Smarter Balanced Assessment (SBA)- Met or Exceeded Standard for English Language Arts (ELA)
  - All Students:
    - Grade 3: 40.1% in 2022-23, compared to 38.4% in 2021-22.
    - Grade 4: 40.0% in 2022-23, compared to 39.5% in 2021-22.
    - Grade 5: 41.5% in 2022-23, compared to 43.1% in 2021-22.
    - Grade 6: 38.6% in 2022-23, compared to 40.0% in 2021-22.
    - Grade 7: 40.8% in 2022-23, compared to 43.3% in 2021-22.
    - Grade 8: 39.0% in 2022-23, compared to 41.7% in 2021-22.
    - Grade 11: 48.9% in 2022-23, compared to 47.1% in 2021-22.
  - Three of seven tested grade levels, grades 3-4 and 11, saw an increase in Met or Exceeded Standard for English Language Arts on the Smarter Balanced Assessment (SBA) in 2022-23, while the other grade levels experienced a slight decrease. The District views the student performance data as supportive of partial action effectiveness and will use the spring 2024 SBA results to view student performance trend data over the past three years to determine further effectiveness of the action in 2024-25.

### Goal 1, Action 2: School Staffing and Operations

In 2023-24, the District's Division of Instruction (DOI) and the Human Resources Division monitored progress towards High-Quality Instruction in the area of School Staffing and Operations using the following progress measures:

- Improved DIBELS / i-Ready Data
  - DIBELS Grades K-2
    - Grade K: Overall- Students At or Above Benchmark increased 14% on the Middle of Year (MOY) DIBELS assessment, while students that were Below Benchmark decreased by 11% from the Beginning of Year (BOY) DIBELS assessment.
    - Grade 1: Overall- Students At or Above Benchmark increased 5% on the Middle of Year (MOY) DIBELS assessment, while students that were Well Below Benchmark decreased by 4%.
    - Grade 2: Overall- Students At or Above Benchmark increased 5% on the Middle of Year (MOY) DIBELS assessment, while students that were Below Benchmark decreased by 5% from the Beginning of Year (BOY) DIBELS assessment.
    - Grade K-2: Beginning of Year (BOY) to Middle of Year (MOY) in 2023-24
      - English Learners: 21.9% increase in the percentage of students in the Early Proficient and Above Proficient Grade Level Band from BOY to MOY.
      - Low Income: 39.6% increase in the percentage of students in the Early Proficient and Above Proficient Grade Level Band from BOY to MOY.
      - Foster Youth: 26.4% increase in the percentage of students in the Early Proficient and Above Proficient Grade Level Band from BOY to MOY.
  - i-Ready Math Grades 3-5
    - Progress towards expected growth of 50% or more on the Annual Typical Growth was met. MOY data indicates the

median percent towards Typical Growth in math was 54% for grade 3, 50% for grade 4, and 57% for grade 5. Overall average of 54%, 4% above expected Typical Growth with 25% of grades 3-5 students have already met their Annual Typical Growth.

- In evaluating DIBELS and i-Ready student assessment data, the District evaluated the action as effective
- Increased teacher participation in the formal evaluation cycle
- Improved final evaluation ratings for teachers who participated in the formal evaluation cycle
- Identification of teachers who received Below Standard Evaluations to determine required supports, resources, and/or interventions to support the growth and development of these teachers.
- Observation rates in the teacher evaluation cycle to determine professional development needs, opportunities for growth, and areas of strength
  - 2023-24: Data will be available in summer 2024 for the four above progress monitoring measures to support teacher effectiveness and growth in the support of students. The District will use the information to inform the effectiveness of the action and need for possible amendment, if necessary.
- Reduced number of unfilled teaching positions
  - 99.4% of teaching positions are filled, as of November 2023.
- The District views the action as being effective due to the overall increase of student results on the Middle of Year (MOY) DIBELS assessment compared to Beginning of Year (BOY) in grades K-2 as well as by high-need student groups in the same grades. The District will be able to determine further effectiveness of the actions when data becomes available in summer 2024 after the close of the 2023-24 school year.

### Goal 1, Action 3: Central District Supports for Instruction

In 2023-24, the District's Division of Instruction (DOI) monitored progress towards High-Quality Instruction in the area of Central District Supports for instruction using the following progress measures:

- Improved outcomes on DIBELS (TK-2 Reading)
  - Overall: Increases in Proficient and Above Proficient from Middle of Year (MOY) in 2023-24 from 2022-23.
    - Grade K: 57.4% in 2023-24, from 54.7% in 2022-23.
    - Grade 1: 57.2% in 2023-24, from 55.1% in 2022-23.
    - Grade 2: 61.1% in 2023-24, from 58.9% in 2022-23.
  - Overall: Increases in Proficient and Above Proficient from Beginning of Year (BOY) to Middle of Year (MOY) in 2023-24.
    - Grade K: 44.4% to 57.4%, 13% increase.
    - Grade 1: 50.8% to 57.2%, 6.4% increase.
    - Grade 2: 55.9% to 61.1%, 5.2% increase.
- Improved outcomes on i-Ready (Grades 3-12 Reading; Grades TK-12 Math): Beginning of Year (BOY) in 2023-24.
  - i-Ready Reading (Grades 3-12)
    - Overall: 21% Early On Grade Middle or Above Grade Level, 21% one grade level Below Grade Level, 14% two grade levels Below Grade Level, 45% three or more grade levels Below Grade Level.
  - i-Ready Math (Grades TK-12)

- Overall: 13% At or Above Grade Level, 33% one grade level Below Grade Level, 18% two grade levels Below Grade Level, 36% three or more grade levels Below Grade Level.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 4: Options Program

In 2023-24, the District's Office of Transitional Programs monitored progress towards High-Quality Instruction in the area of credit recovery opportunities for students to ensure a high school diploma and increased post-secondary opportunities.

- Increased number of students graduating
  - Increased: 2,341 students graduated through the Options Program in 2022-23, compared to 2,154 in 2021-22.
- Increased number of students who return to their home high school and successfully graduate
  - Decreased: 252 students enrolled in Options schools during 2022-23 and graduated from comprehensive home schools, compared to 494 students in 2021-22.
- The District views the action as principally effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 5: Instructional Technology Initiative

In 2023-24, the District's Instructional Technology Initiative (ITI) team monitored progress towards providing High-Quality Instruction in the area of instructional technology employing the following progress measures:

- Increased number of schools that attain Digital Citizenship Certified School
  - Increased number of schools to 57 from 51 in 2022-23.
- Increased number of educators that attain Digital Citizenship Certified Educator
  - 2023-24: 369, as of May. Final numbers will be available in summer 2024; 560 educators attained Digital Citizenship Certified Educator in 2022-23. The District will use the information to inform the effectiveness of the action and need for possible amendment, if necessary.
- Increased number of elementary schools that provide 20 hours of computer science instruction in Pre-Kindergarten to grade 5
  - Increased number of elementary schools to 90 from 60 in 2022-23.
- Increased number of middle schools that provide at least one rigorous and relevant computer science course in grades 6-8
  - Increased number of middle schools to 124 from 120 in 2022-23.
- Increased number of high schools that provide a computer science pathway in grades 9-12
  - 105 high schools in 2023-24 offering a computer science pathway.
- Increased number of educators that participate in the Computer Science Cohort
  - Increased number of participating educators to 41 from 30 in 2022-23.
- Provide continued access to targeted schools serving high percentages of low-income students
  - There were 10 District schools directly supported with staff allocated through the use of Targeted Student Population (TSP) funds in 2023-24. TSP funds are supplemental and concentration grant dollars used to close equity gaps for our students who

are English Learners, in foster care, and/or students from low-income families. The full-time Instructional Technology Facilitators, at each of the 10 targeted schools, served 7,060 low-income students (84% of the total enrollment of the targeted schools).

- The District views the action, Instructional Technology Initiative, as effective based on the increased number of elementary and middle schools providing computer science instruction and the number of schools obtaining Digital Citizenship Certified School status. The District will be able to review in summer 2024 if an increased number of educators attained Digital Citizenship Certified Educator status and looks forward to providing high-quality instruction in the area of instructional technology in 2024-25.

*Note: A current list of participating Instructional Technology Initiative schools receiving a full-time Instructional Technology Facilitator supported with LCFF funds is included in Appendix A.*

#### Goal 1, Action 6: Base-Funded Arts Education

In 2023-24, the District's Arts Education Branch (AEB) monitored progress towards Enriching Experiences in the area of arts education professional development and engagement with arts partners employing the following progress measures:

- Increased professional development offerings
  - 2023-24: 84 elementary itinerant arts teachers participated in summer 2023 professional development; 54 teachers participated in Arts Integration professional development and 70 additional teachers completed Music Will professional development in fall 2023.
  - 2022-23: 326 generalist teachers participated in Arts Integration professional development; 126 teachers in fall 2022 and approximately 200 additional teachers in spring 2023.
- Improved engagement with arts partners
  - The AEB has maintained 39 participating Arts Community Network (ACN) arts partners from 2022-23 that provide additional arts experiences for students.
- The District views the action as partially effective in providing professional development offerings for teachers and improved engagement with arts partners. The number of participating arts partners was maintained in 2023-24 from 2022-23 and the District provided professional development training to elementary itinerant and generalist teachers in the area of arts education.

#### Goal 1, Action 7: Supplemental Arts Education

In 2023-24, the District's Arts Education Branch (AEB) monitored progress towards Enriching Experiences in the area of supplemental arts education employing the following progress measure:

- Increased number of arts disciplines offered
  - Number of elementary schools offering arts education: All elementary schools
  - Number of elementary schools offering one arts discipline: 70 elementary schools, increase of six elementary schools from 2022-23.
  - Number of elementary schools offering two arts disciplines: 177 elementary schools, decrease of 15 elementary schools from 2022-23.

- Number of elementary schools offering three arts disciplines: 140 elementary schools, increase of seven elementary schools from 2022-23.
- Number of elementary schools offering four arts disciplines: 129 elementary schools, increase of two elementary schools from 2022-23.

Note: The ability to increase the above number of schools offering arts disciplines is constrained by the lack of available arts itinerant teachers not by the desire of the schools and families.

- Increased number of full-time credentialed arts teachers
  - Increased: Hired 26 new elementary arts itinerant teachers, compared to 24 in 2022-23.
- Expanded access and additional programming (based on the Student Equity Needs Index (SENI))
  - 303 of 516 elementary schools identified as “highest need” based on the Student Equity Needs Index (SENI) and serving the highest percentage of targeted student groups such as English Learners and Foster Youth.
    - 33,500 English Learner students
    - 987 students in foster care
    - 2,895 students experiencing homelessness
- The District views the action as effective in providing enriching experiences in the area of supplemental arts education for targeted student groups; English Learners, students in foster care, and students from low-income families. The overall number of elementary schools providing supplemental arts education increased in 2023-24 from 2022-23.

#### Goal 1, Action 8: Base-funded Afterschool Programs

In 2023-24, the District’s Beyond the Bell (BTB) program monitored program effectiveness towards Enriching Experiences and Eliminating Opportunity Gaps in the areas of academic decathlon, marching band, and the afterschool program using the following progress measures:

- Academic Decathlon: Increased number of schools and students participating in Pentathlon and Decathlon
  - Number of participating schools:
    - 45 Decathlon high schools, increased from 42 high schools in 2022-23.
    - 22 Pentathlon middle schools, increased from 15 middle schools in 2022-23.
  - Number of participating students:
    - 699 participating students in Decathlon, increased from 624 students in 2022-23.
    - 455 participating students in Pentathlon, increased from 388 students in 2022-23.
- All District Honor Marching Band: Increased school participation rates and student participation rates
  - 50 high schools represented, increased from 43 schools in 2022-23.
  - 332 students participated, increased from 292 students in 2022-23.
- High School Liaison Program: Improved student attendance rates and partner surveys
  - As of 2023-24, the District is no longer operating the program.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 9: Supplemental Afterschool Programs

In 2023-24, the District's Beyond the Bell (BTB) program monitored program effectiveness towards Eliminating Opportunity Gaps in the area of supplemental afterschool programs using the following progress measures:

- Increased student attendance/participation
  - Increased: 14,114 students participating in the Youth Services program, as of January 2024, compared to 7,535 students in 2022-23. Approximately 79.6% of program participants in 2023-24 are Low-Income students (11,235).
- Staffing for Youth Services program
  - Increased: 331 Youth Services staff members, as of March 2024, compared to 201 Youth Services staff members in 2022-23.
  - Increased staffing percentage: 92% of staffing positions are filled, as of March 2024, compared to 81% of staffing positions filled in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 10: Gifted and Talented Education (GATE) Programs

In 2023- 24, the District's Advanced Learning Options (ALO) department monitored progress of Gifted and Talented Education (GATE) programs using the following progress measures:

- Increase the Districtwide percentage of students identified for gifted/talented programs
  - 2023-24: 15.1% of K-12 students are identified as gifted/talented (60,674), as of February 2024, from 13.4% in 2022-23.
- Improve data-informed decisions to expand Schools for Advanced Studies (SAS) to increase Districtwide SAS participation
  - 2023-24: Districtwide SAS student participation is 18,706, as of February 2024, from 18,695 in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 11: Differentiated Local Supports for Students (New action for 2023-24)

In 2023-24, the District and Regions monitored progress of academic supports and interventions to identified Tier 2 and Tier 3 schools using the following progress measures:

- District Goal 1: Postsecondary Success
  - Graduation Cohort A-G Completion Rate (Meeting UC/CSU Entrance Requirements)
    - All Students: 46.7% in 2022-23, improved from 41.9% in 2021-22.
    - Low Income: 46.9% in 2022-23, improved from 42.4% in 2021-22.
- District Goal 2: Literacy
  - Grade 3: Smarter Balanced Assessment- English Language Arts
    - All Students: -67.2 points below standard in 2022-23, improved from -76.2 points below standard in 2021-22.
    - Low Income: -68.0 points below standard in 2022-23, improved from -76.4 points below standard in 2021-22.
- District Goal 3: Numeracy
  - Grades 3-5: Smarter Balanced Assessment- Mathematics

- All Students: -73.6 points below standard in 2022-23, improved from -83.4 points below standard in 2021-22.
    - Low Income: -73.7 points below standard in 2022-23, improved from -83.5 points below standard in 2021-22.
  - Grades 6-8: Smarter Balanced Assessment- Mathematics
    - All Students: -125.1 points below standard in 2022-23, improved from 124.9 points below standard in 2021-22.
    - Low Income: -125.1 points below standard in 2022-23, improved from 124.9 points below standard in 2021-22.
- The District views the action as effective due to improved results in the action’s progress monitoring measures from 2021-22 to 2022-23. The District saw improved scores in the graduation cohort A-G completion rate and Smarter Balanced Assessment results in English Language Arts for grade 3 and Smarter Balanced Assessment results in Mathematics for grades 3-5 and 6-8.

Goal 1, Action 12: School-Level Supports for Individualized Learning

In 2023-24, the District’s Division of Instruction (DOI) monitored progress towards Eliminating Opportunity Gaps in the area of school-level supports for individualized student learning interventions using the following progress measures:

- Increased number of secondary students receiving C or better grades on report card
  - Overall: 53.0%, as of March 2024, compared to 48.9% in March 2023.
  - English Learners: 21.3%, as of March 2024, compared to 20.0% in March 2023.
  - Low-Income: 50.7%, as of March 2024, compared to 47.3% in March 2023.
  - Students in Foster Care: 29.6%, as of March 2024, compared to 27.0% in March 2023.
- Improved School Experience Survey results for students and teachers
  - Students agreeing that “In my classes, my teachers tell me how I can make work better” (2023-24)
    - Elementary School (Overall): 86.4% compared to 87% in 2022-23.
      - English Learners: 85.5% compared to 85% in 2022-23.
      - Foster Youth: 83.3% compared to 86% in 2022-23.
      - Low Income: 86.5% compared to 87% in 2022-23.
    - Middle School (Overall): 70.5% compared to 75% in 2022-23.
      - English Learners: 73.1% compared to 75% in 2022-23.
      - Foster Youth: 67.2% compared to 70% in 2022-23.
      - Low Income: 70.8% compared to 75% in 2022-23.
    - High School (Overall): 69.7% compared to 72% in 2022-23.
      - English Learners: 74.5% compared to 76% in 2022-23.
      - Foster Youth: 69.4% compared to 70% in 2022-23.
      - Low Income: 69.9% compared to 73% in 2022-23.
  - Students agreeing that “Teachers go out of their way to help students” (2023-24)
    - Elementary School (Overall): 78.1% compared to 82% in 2022-23.
      - English Learners: 81.4% compared to 84% in 2022-23.
      - Foster Youth: 77.8% compared to 81% in 2022-23.
      - Low Income: 78.7% compared to 82% in 2022-23.
    - Middle School (Overall): 58.5% compared to 65% in 2022-23.

- English Learners: 66.8% compared to 72% in 2022-23.
  - Foster Youth: 53.8% compared to 61% in 2022-23.
  - Low Income: 59.2% compared to 66% in 2022-23.
  - High School (Overall): 61.6% compared to 64% in 2022-23.
    - English Learners: 70.2% compared to 72% in 2022-23.
    - Foster Youth: 61.4% compared to 62% in 2022-23.
    - Low Income: 62.1% compared to 64% in 2022-23.
- Students agreeing that “My teachers make learning fun” (2023-24)
  - Elementary School (Overall): 65.9% compared to 71% in 2022-23.
    - English Learners: 68.6% compared to 73% in 2022-23
    - Foster Youth: 67.4% compared to 70% in 2022-23.
    - Low Income: 65.7% compared to 71 in 2022-23.
  - Middle School (Overall): 35.9% compared to 43% in 2022-23.
    - English Learners: 42.6% compared to 49% in 2022-23.
    - Foster Youth: 35.0% compared to 40% in 2022-23.
    - Low Income: 35.4% compared to 42% in 2022-23.
  - High School (Overall): 41.5% compared to 41% in 2022-23.
    - English Learners: 48.5% compared to 51% in 2022-23.
    - Foster Youth: 40.3% compared to 40% in 2022-23.
    - Low Income: 41.3% compared to 41% in 2022-23.
- Improved outcomes on DIBELS (TK-2 Reading)
  - Increase of Students in the Proficient and Above Proficient Bands:
    - 2023-24: 58.7% on the Middle of Year (MOY) DIBELS assessment.
    - 2022-23: 56.2% on the Middle of Year (MOY) DIBELS assessment.
  - Decrease of Students in the Far Below Basic and Basic Bands:
    - 2023-24: 41.4% on the Middle of Year (MOY) DIBELS assessment.
    - 2022-23: 43.7% on the Middle of Year (MOY) DIBELS assessment
    - Increase of Students in the Proficient and Above Proficient Bands from Beginning of Year to Middle of Year:
      - 2023-24: 58.7% on the Middle of Year (MOY) DIBELS assessment, compared to 50.6% on the Beginning of Year DIBELS assessment.
- Improved outcomes on i-Ready (Grades 3-12 Reading; Grades TK-12 Math)
  - Baseline: In Reading, 21% of students at or above grade level, 21% of students at one grade level below, 14% of students two grade levels below, 45% of students three or more grade levels below on the Beginning of Year (BOY) i-Ready reading assessment. The use of i-Ready reading assessment is new to the District and will require evaluation for effectiveness in subsequent school years.
  - Baseline: In Math, 13% of students at or above grade level, 33% of students at one grade level below, 18% of students two grade levels below, 36% of students three or more grade levels below, as evidenced on the Beginning of Year (BOY) i-Ready math assessment. The use of i-Ready reading assessment is new to the District and will require evaluation for effectiveness in

subsequent school years.

- Based on the above results by progress monitoring measure, the District views the action as partially effective. Results highlighted an increased number of secondary students receiving C or better grades on report cards for all secondary students and by high-needs student group. The School Experience Survey results for students show an overall slight decrease in 2023-24 from 2022-23 by program level and by high-need student group. An increase in students in the Proficient and Above Proficient Bands and a decrease of students in the Far Below Basic and Basic Bands between 2023-24 and 2022-23 was evidenced. Going forward, the District will review the School Experience Survey participation rate and survey tool which may result in increasing promotion of the SES as well as redesigning survey questions to ensure accurate responses. In addition, the District will further review the action's progress monitoring results to determine further effectiveness of the action in 2024-25.

#### Goal 1, Action 13: Early Education and Universal Transitional Kindergarten

In 2023-24, the District's Early Childhood Education Division (ECED) monitored progress towards Eliminating Opportunity Gaps in the area of early education and Universal Transitional Kindergarten employing the following progress measures:

- Universal Transitional Kindergarten (UTK) access through increased number of sites, prioritizing elementary schools with high percentages of students on Free and Reduced Meal Programs (80%+) and/or high SENI rankings
  - Increased: 488 elementary schools offering UTK in 2023-24 from 317 schools in 2022-23.
- Improved outcomes for UTK classrooms on the UTK Progress Report which is administered within a child's first 60 days of enrollment and again at 6 months following enrollment
  - 2023-24: UTK progress reports from October 2023 were analyzed and the following student progress was determined.
    - 14.7% of students were at the Developing level in Language and Literacy.
    - 16.8% of students were at the Developing level in Math.
    - 44.1% of students were at the Sometimes level in Social Emotional Development
  - 2022-23: By the end of 2022-23, the following student progress was determined.
    - 86% of the students met kindergarten readiness standards in Language and Literacy, an increase of 1% from 2021-22.
    - 85% of the students met kindergarten readiness standards in Math, an increase of 2% from 2021-22.
    - 86% of the students met kindergarten readiness standards in Social Emotional Development, an increase of 3% from 2021-22.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 14: Literacy and Numeracy Interventionist Program

In 2023-24, the District's Division of Instruction (DOI) monitored progress towards Eliminating Opportunity Gaps in the area of elementary literacy and mathematics interventions using the following measures in 2023-24:

- Literacy: Improved outcomes on DIBELS benchmark growth and progress monitoring data for grades K-2
  - Overall: Increased- 51% of grades K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 46% in 2022-23.

- Grade K: Increased- 45% of grade K students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 37% in 2022-23.
    - Grade 1: Increased- 52% of grade 1 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 47% in 2022-23.
    - Grade 2: Increased- 56% of grade 2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 53% in 2022-23.
  - English Learner: Overall- 10% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 35% in 2022-23.
    - Grade K: Decreased- 11% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 38% in 2022-23.
    - Grade 1: Decreased- 9% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 35% in 2022-23.
    - Grade 2: Decreased- 9% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 35% in 2022-23.
  - Low Income: Overall- 31% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 44% in 2022-23.
    - Grade K: Decreased- 26% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 42% in 2022-23.
    - Grade 1: Decreased- 32% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 42% in 2022-23.
    - Grade 2: Decreased- 35% of grade K-2 students scored At Benchmark or Above Benchmark on the Beginning of Year (BOY) DIBELS assessment, compared to 48% in 2022-23.
  - Foster Youth: Overall- 31% of grade K-2 students scored At Benchmark or Above Benchmark for the Beginning of Year (BOY) assessment in 2023-24, compared to 26% in 2022-23.
    - Grade K: 30% of grade K students scored At Benchmark or Above Benchmark for BOY, compared to 20% in 2022-23.
    - Grade 1: 19% of grade 1 students scored At Benchmark or Above Benchmark for BOY, compared to 25% in 2022-23.
    - Grade 2: 32% of grade 2 students scored At Benchmark or Above Benchmark for BOY, compared to 32% in 2022-23.
- Literacy: i-Ready Reading Diagnostic for grades 3-12 students as applicable
  - Overall: 21% Early On Grade Middle or Above Grade Level, 21% one grade level Below Grade Level, 14% two grade levels Below Grade Level, 45% three or more grade levels Below Grade Level.
- Literacy: Increase usage of Amplify Reading
  - Decreased Districtwide: 34.6% of students are using Amplify Reading, compared to 71% of students
- Math: Improved outcomes on i-Ready Mathematics diagnostic and progress monitoring data within the platform
  - English Learner: 6% of grade 3 students performed On or Above grade level; 7% of grade 4 students performed On or Above grade level; 5% of grade 5 students performed On or Above grade level.
  - Students with Disabilities: 8% of grade 3 students performed On or Above grade level; 9% of grade 4 students performed On or Above grade level; 7% of grade 5 students performed On or Above grade level.
  - Progress Monitoring Data: 2023-24

- Beginning of Year Assessment: 2023-24
    - 98.9% of grade K-5 students completed the first i-Ready Math diagnostic assessment.
  - Middle of Year Assessment: 2023-24
    - 98% of grade K-5 students completed the second i-Ready Math diagnostic assessment.
- Growth on the trajectory of mathematics developmental level and stages using Math Recovery
  - US Math Recovery: Beginning of Year (BOY) to Middle of Year (MOY) in 2023-24
    - Grade K: Increased 75% in Stages of Early Learning from BOY to MOY.
    - Grade 1: Increased 82% in Stages of Early Learning from BOY to MOY.
    - Grade 2: Increased 102% in Stages of Early Learning from BOY to MOY.
    - Grade 3: Increased .05% in Stages of Early Learning from BOY to MOY.
    - Grade 4: Increased 62% in Stages of Early Learning from BOY to MOY.
    - Grade 5: Increased 68% in Stages of Early Learning from BOY to MOY.
- The District is committed to the early identification of student learning gaps to allow for intervention and targeted support. The provided assessments such as DIBELS and i-Ready allow for early identification and the ability for teachers and schools to differentiate instruction to the needs of the individual students. The District views the action as effective in working to eliminate opportunity gaps, particularly for our high-needs student groups, and understands a beginning-of-year assessment compared to a beginning-of-year assessment from a prior year does not reflect the same cohort of students and the effectiveness of instruction with the same cohort of students. Review of the assessment results may result in a change in the monitoring of action effectiveness. In addition, assessment measures that compare BOY to prior year BOY may be revised to review growth in a current year for the same cohort of students.

Goal 1, Action 15: Secondary Literacy Support and Interventions

In 2023-24, the District's Division of Instruction monitored progress towards Eliminating Opportunity Gaps in the area of secondary literacy supports and interventions employing the following progress measures:

- Improved outcomes on Reading Inventory: Student reading skills growth in Tier 3 ELA intervention program
  - Baseline: The use of Reading inventory has sunsetted and the District is in the first year of implementing i-Ready Diagnostics.
  - Overall: Beginning-of-Year (BOY) student performance data
    - Percentage of Secondary Students Mid or Above Grade Level
      - Grade 6: 14%
      - Grade 7: 14%
      - Grade 8: 13%
      - Grade 9: 7%
      - Grade 10: 5%
      - Grade 11: 2%
    - Percentage of Secondary Students One Grade Level Below
      - Grade 6: 20%
      - Grade 7: 16%

- Grade 8: 16%
- Grade 9: 21%
- Grade 10: 16%
- Grade 11: 15%
- Improved outcomes on teacher implementation survey and observation data on implementation of station rotation model for differentiated instruction
  - Baseline: First year of implementing the Secondary Interventionist Model and Interventionist Academy. Six monthly Interventionist Academy meetings were held by each Region between September 2023 and February 2024 where interventionist teachers further developed their instructional lesson plans to support students.
- Increased number of lessons created for Secondary English Language Arts (ELA) lesson bank
  - Secondary ELA teachers and Region coordinators created five-day mini-units containing California State Standards-aligned speaking and listening instructional lessons.
  - Secondary ELA teachers created Critical Media Literacy grade 8-12 lessons on Cesar Chavez and environmental justice.
  - Secondary ELA teachers created a grades 7-8 project-based learning Middle School Survival guide and professional development training to implement the project-based learning tool.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 16: Summer School Credit Recovery

In 2023-24, the District's Beyond the Bell (BTB) program monitored program effectiveness towards Eliminating Opportunity Gaps in the area of summer school credit recovery for grades 9-12 students employing the following program measures:

- Increased number of students who successfully pass their summer term course with a final grade of C or better
  - Increased: 87% of students passed their summer term 2023 courses with a final grade of C or better from 82% of students passing their summer term 2022 courses with a final grade of C or better.
- Increased participation rates
  - Student participation in the 2023 Summer School program increased 1.0% compared to 2022; from 40,811 in summer 2022 to 41,168 students participating in summer 2023.
    - Summer 2023: 22,140 students participated in in-person courses, with 19,028 participating in virtual courses
    - Summer 2022: 23,616 students participated in in-person courses, with 17,195 participating in virtual courses
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 17: Standard English Learner Supports

In 2023-24, the District's Access, Equity and Acceleration (AEA) Unit monitored progress towards College and Career Readiness for Standard English Learners (SELs) and African American students using the following progress measures:

- Academic English Mastery Program (AEMP)

- Improved LAS Links beginning-of-year (BOY) and middle-of-year (MOY) assessment data for English language proficiency
  - Skill Level 1- Beginning: BOY- 30%; MOY- 22.3%; Decreased
  - Skill Level 2- Early Intermediate: BOY- 26%; MOY- 26.1%; Increased
  - Skill Level 3- Intermediate: BOY- 18%; MOY- 28.2%; Increased
  - Skill Level 4- Proficient: BOY- 18%; MOY- 22%; Increased
  - Skill Level 5- Above Proficient: BOY- 1%; MOY 1.27%; Increased
  - Note: Comparison data to 2022-23 is not possible as a result of the ransomware cyberattack in fall 2022.
- Increased DIBELS literacy scores and Smarter Balanced Assessment (SBA) English Language Arts (ELA) scores
  - The percentage of students scoring at benchmark and above on DIBELS increased from 47% BOY to 54% MOY, compared to 40% BOY to 49% MOY in 2022-23 at AEMP schools.
  - The percentage of students scoring well below benchmark decreased from 35% BOY to 30% MOY, compared to 44% BOY to 37% MOY in 2022-23 at AEMP schools.
- Improved outcomes on AEMP Culturally and Linguistically Responsive (CLR) professional development (PD) survey and analysis to evaluate implementation and effectiveness
  - 2023-24: PD participant survey results
    - 79% of participants Strongly Agreed with the alignment of the PD to the objectives, compared to 83% in 2022-23.
    - 77% of participants Strongly Agreed the PDs modeled appropriate strategies, compared to 79% in 2022-23.
    - 77% of participants Agreed the PDs made connections between the content and the participant’s job role, compared to 80% in 2022-23.
    - 72% of participants Strongly Agreed the PD was differentiated to meet the needs of the group, compared to 72% in 2022-23.
    - 75% of participants Strongly Agreed that their questions were answered in the PD, compared to 77% in 2022-23.
- UCLA-LAUSD Collaborative: partnership between the District, UCLA, and the College Board to increase college competitiveness of African American Standard English Learner (SEL) students by providing A-G requirement workshops, college fairs, and AP course participation and exam preparedness, among additional resources.
  - Increased number of qualifying scores for Standard English Learners on Advanced Placement (AP) exams
    - 2022-23: 25% (347 of 1,408 students)
    - 2021-22: 27% (338 of 1,254 students)
  - Increased number of Standard English Learners on track for A-G completion with a “C” or better
    - 2022-23: 52.0% (816 of 1,583 grade 12 students)
    - 2021-22: 50.4% (774 of 1,535 grade 12 students)
- The District views the action, Standard English Learner Supports, as effective based on the improvement in student assessment scores from beginning-of-year to middle-of-year in LAS Links and DIBELS literacy scores. The District’s AEA Unit notes an overall slight decrease in CLR professional development survey results and will use summer 2024 to analyze possible trends in participant responses to determine further effectiveness of the action and possible restructuring of professional development to meet the needs of the participants.

### Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness

In 2023-24, the District's Student Health and Human Services (SHHS) Division monitored progress towards Eliminating Opportunity Gaps for Specialized Student Services (SSS) Programs using the following progress measures:

- Supports for Students in Foster Care
  - Increased number of best interest determination (BIDs) meetings provided to support school stability for students in foster care
    - 298 BIDs meetings, as of Fall Semester 2023, compared to 586 in 2022-23.
  - Increased attendance rates
    - 89.2% attendance rate, as of Fall Semester 2023, compared to 87.6% in 2022-23.
  - Increased on-track for graduation rates
    - 12 of 515 students in foster (2.3%) that were previously identified as Not On-Track are now On-Track for graduation, as of Fall Semester 2023, compared to 33 of 523 students in foster care (6.3%) in 2022-23.
- Supports for Students Experiencing Homelessness
  - Increased number of District students properly identified as homeless under the McKinney-Vento Homeless Assistance Act definition
    - 15,531 students identified as homeless as of Fall Semester 2023, compared to 10,923 students in 2022-23 (increased 42%)
  - Increased attendance rates
    - 86.9% attendance rate, as of Fall Semester 2023, compared to 85.0% in 2022-23.
  - Increased on-track for graduation rates
    - 26 of 1,477 students experiencing homelessness (1.8%) that were previously Tier 2 or Tier 3 are now On-Track for graduation, as of Fall Semester 2023, compared to 54 of 1,024 students experiencing homelessness (5.3%) in 2022-23.
- The District views the action as effective as the progress monitoring measures of Increased Attendance Rates and Increased Number of District Students Properly Identified as Homeless show a mid-year increase compared to end-of-year 2022-23. It is estimated the additional progress monitoring measures will show growth at end-of-year 2023-24 compared to end-of-year data for 2022-23. However, the District will review the progress monitoring measures at year's end, after the spring 2024 semester, to determine further effectiveness of the action as a progress monitoring measure such as the Increased Number of Best Interest Determination Meetings can rely on external factors outside of the District.

### Goal 1, Action 19: Special Education: Base Program

In 2023-24, the District's Division of Special Education monitored program progress towards Eliminating Opportunity Gaps in the area of base programming for students with disabilities using the following progress measures:

- Percentage of students receiving the services designated on their Individualized Education Plan (IEP)
  - Increased: 91% of all services have, at minimum, 70% service delivery, as of March 2024, compared to 87.1% in 2022-23.
- Percentage of IEPs completed within the 60-day timeline
  - 63% of IEPs with a consented plan were held on time, as of March 2024.
- Percentage of assessments completed
  - Increased: 87% of assessments have been completed on IEPs that have been held with an assessment plan, as of March

2024, compared to 75% in 2022-23.

- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 20: Special Education: Extended School Year

In 2023-24, the District's Division of Special Education monitored program progress towards Eliminating Opportunity Gaps in the area of Extended School Year (ESY) for students with disabilities using the following progress measures:

- Improved Pre/Post test scores on core curriculum publisher assessments
  - IXL Real-Time Diagnostic: Students with disabilities averaged 19.5 points of growth in math and 25 points of growth in English Language Arts (ELA) between the beginning of ESY and the end of ESY.
  - DIBELS Literacy Assessment: 9% of students with disabilities moved into the benchmark or above benchmark and 11% fewer students with disabilities were below benchmark or well below benchmark between the beginning of ESY and the end of ESY.
- Pre/Post test in Unique Learning Systems to determine efficacy of instruction in classes on alternative curriculum
  - Students in alternate curriculum ESY programs showed an average growth between 4.7 to 6.3 out of 10 points, in middle school, during the 21 days of instruction.
- Improved attendance for Extended School Year (ESY)
  - Improved attendance: Increased to 7,232 students enrolled and attending summer 2023 ESY, compared to 6,448 students in summer 2022 ESY.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 1, Action 21: Special Education: Intensive Diagnostic Education Centers (IDEC)

In 2023-24, the District's Division of Special Education monitored program progress towards Eliminating Opportunity Gaps in the employment of the IDEC program using the following progress measures:

- Improved Benchmark assessment data (WIAT, CTOPP)
  - Wechsler Individual Achievement Test (WIAT) foundational reading assessment results will be available by summer 2024. The District used i-Ready assessment data to determine the IDEC instructional model has been effective as participating students have far surpassed the District's expected median typical growth of 50%, achieving median progress typical growth of 83%. The average Special Education student made growth of 43% at middle-of-year (MOY) compared to beginning-of-year (BOY).
- Improved Smarter Balanced Assessment (SBA) ELA scores
  - The District is transitioning to other measurements for IDEC, including the use of i-Ready Diagnostic Assessments. The District determined SBA ELA scores do not effectively measure success of the IDEC program as students receiving IDEC support are several grade levels behind in reading skills.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 22: Special Education: Inclusion Services

In 2023-24, the District's Division of Special Education monitored program progress towards Eliminating Opportunity Gaps in the area of providing inclusion services using the following progress measures:

- Increased percent of students with disabilities who are in the general education program at least 80% of the school day
  - Increased: 64.3% of students with disabilities are being served in the general program for at least 80% or more of the school day, as of March 2024, compared to 61% of students with disabilities in 2021-22.
- Improved ELA and Math Smarter Balanced Assessment (SBA) scores for students with disabilities included in general education for 80% or more of the day
  - Improved: In spring 2023, students with disabilities who were educated in general education for 80% or more of the school day performed 0.7% closer to Benchmark in ELA and 1.5% closer to Benchmark in math than in spring 2022. The gains were higher than students with disabilities as a student group (0.6% in ELA and 1.27% in math).
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 23: Special Education: Special Day Program

In 2023-24, the District's Division of Special Education monitored program progress towards Eliminating Opportunity Gaps by employing the Special Day Program using the following progress measures:

- Improved ELA and Math Smarter Balanced Assessment (SBA) scores for students with disabilities served in the Special Day Program (SDP)
  - The District is transitioning to other measurements for the Special Day Program, including the use of i-Ready Diagnostic Assessments
- Improved DIBELS scores
  - Students served in Special Day Programs were 2.3% less likely to score At or Above Benchmark on the DIBELS literacy assessment in 2022-23. Although DIBELS scores increased for students with disabilities by 2% and for students included in general education for 80% or more of the school day, students served in the Special Day Program did not make comparable gains.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 24: Special Education: Transition Services

In 2023-24, the District Office of Transition Services monitored program progress towards Eliminating Opportunity Gaps in area of Transition Services for students with disabilities ages 14+ from school to adult life using the following progress measures:

- 100% of transition staff complete FAFSA/CADAA/Chafee Grant training
  - Baseline: 100% of Transition Services staff completed the training in the months of September 2023, October 2023, and January 2024.

- Increased percentage of Foster Youth with disabilities in grades 9-12 served by Transition teachers, including number of students assessed, and provided Schoology lessons
  - Increased: 89.2% of Foster Youth with disabilities in grades 9-12 received additional/targeted transition supports, as of March 2024, compared to 84% of Foster Youth with disabilities as of March 2023.
- Increased percentage of IEP meetings which transition teachers are invited to and attend for Foster Youth with disabilities in grades 9-12
  - Increased: 47.6% of Foster Youth with disabilities had a Transition teacher attend their IEP meeting during the school year, as of March 2024, compared to 44% of Foster Youth with disabilities having a Transition teacher attend their IEP meeting as of March 2023.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

Goal 1, Action 25: Increased Access to Advanced Placement (AP) and International Baccalaureate (IB) Programs

In 2023-24, the Division of Instruction monitored program progress towards Eliminating Opportunity Gaps in the area of increased access to AP and IB programs using the following progress measures:

- Increased AP student enrollment
  - All Students: 24.8% were enrolled in at least one AP course, as of March 2024, compared to 24.4% in 2022-23.
- Increased use of “MyAP” classroom and increased access to College Board tools and resources by leveraging usage data from the College Board
  - All Students:
    - Increased: 38.3% usage rate, as of March 2024, compared to 37.6% in 2022-23.
  - Foster Youth:
    - Increased: 11.8% usage rate, as of March 2024, compared to 9.6% in 2022-23.
- Increased AP Readiness student participation
  - All Students: 7,817 students participated (reduced from 13,100 participating students in 2022-23).
- Increased Pre-AP course and section offerings at participating high schools
  - The District no longer tracks Pre-AP course and section offerings at participating high schools as of 2023-24.
- Increased percentage of Diploma Programme students receiving an IB Diploma
  - Decreased: 49% of students enrolled in the Diploma Programme received IB Diplomas in 2022-23 from 59% in 2021-22.
- The District views the action as effective as a whole based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

Goal 1, Action 26: Districtwide A-G Interventions

In 2023-24, the Districts A-G Intervention and Support department monitored the A-G Interventions program towards College and Career Readiness using the following progress measures:

- Increased percentage of students on track for passing A-G courses with a “C” grade or better

- All Students: Increased- 47.6% end of spring 2024 5-week mark reporting period, compared to 44.2% end of spring 2023 5-week mark reporting period. For comparison, 53.3% passed A-G courses with a “C” grade or better in 2022-23.
- English Learner: Increased- 18.0% end of spring 2024 5-week mark reporting period, compared to 17.2% end of spring 2023 5-week mark reporting period. For comparison, 22.1% passed A-G courses with a “C” grade or better in 2022-23.
- Low Income: Increased- 44.8% end of spring 2024 5-week mark reporting period, compared to 42.2% end of spring 2023 5-week mark reporting period. For comparison, 51.9% passed A-G courses with a “C” grade or better in 2022-23.
- Foster Youth: Increased- 24.9% end of spring 2024 5-week mark reporting period, compared to 23.3% end of spring 2023 5-week mark reporting period. For comparison, 31.0% passed A-G courses with a “C” grade or better in 2022-23.
- Reduced D’s and F’s for middle school students in ELA and Math
  - English Language Arts (ELA):
    - All Students:
      - Spring 2023: 25,208 grades of D or F (23.2%)
      - Spring 2022: 25,937 (23.1%)
  - Math:
    - All Students:
      - Spring 2023: 32,002 grades of D or F (29.9%)
      - Spring 2022: 32,769 (30.0%)
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 27: Diploma Program

In 2023-24, the District’s Student Health and Human Services (SHHS) Division monitored the Diploma Program’s progress towards College and Career Readiness using the following progress measures:

- Middle School:
  - Decreased percentage of fails (fail marks in 2 or more courses) for identified students when comparing prior year semester to current year semester
    - All Students: 18% of students overall, as of Fall Semester 2023, compared to 45% in 2022-23.
    - English Learner: 2% of students, as of Fall Semester 2023, compared to 39% in 2022-23.
    - Low Income: 17% of students, as of Fall Semester 2023, compared to 45% in 2022-23.
    - Foster Youth: 3% of students, as of Fall Semester 2023, compared to 40% in 2022-23.
    - Homeless: 12% of students, as of Fall Semester 2023, compared to 33% in 2022-23.
- High School:
  - Increased percentage of identified students who do not fall further behind (maintain or decrease number of courses off-track)
    - All Students: 36.2% of students maintained or decreased number of courses off-track, as of Fall Semester 2023 (compared to 35.3% in 2022-23)
    - English Learner: 28.8% of students maintained or decreased the number of courses off-track, as of Fall Semester 2023, compared to 26.2% in 2022-23.

- Low Income: 36.8% of students maintained or decreased the number of courses off-track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - Foster Youth: 34.4% of students maintained or decreased the number of courses off-track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - Homeless: 32.2% of students maintained or decreased the number of courses off-track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
  - Increased percentage of students whose course passage moves them from tier 3 (5+ classes behind) or on-track
    - All Students: 14.6% of students overall in Tier 3 improved to On-Track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - English Learner: 9.8% of students overall in Tier 3 improved to On-Track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - Low Income: 14.6% of students overall in Tier 3 improved to On-Track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - Foster Youth: 10.9% of students overall in Tier 3 improved to On-Track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
    - Homeless: 12.7% of students overall in Tier 3 improved to On-Track, as of Fall Semester 2023, compared to 13.3% in 2022-23.
- The District views the action as effective as a whole based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 28: College Access Program

In 2023-24, the District's A-G Intervention and Support department monitored the College Access Program's progress towards College and Career Readiness using the following progress measures:

- Increased percentage of students passing A-G courses with a "C" grade or better
  - All Students: Increased- 47.6% end of spring 2024 5-week mark reporting period, compared to 44.2% end of spring 2023 5-week mark reporting period.
  - English Learner: Increased- 18.0% end of spring 2024 5-week mark reporting period, compared to 17.2% end of spring 2023 5-week mark reporting period.
  - Low Income: Increased- 44.8% end of spring 2024 5-week mark reporting period, compared to 42.2% end of spring 2023 5-week mark reporting period.
  - Foster Youth: Increased- 24.9% end of spring 2024 5-week mark reporting period, compared to 23.3% end of spring 2023 5-week mark reporting period.
- Increased percentage of senior students completing the FAFSA or CADAA
  - Decreased: As of March 2024, 27.7% of senior students (8,198) completed the FAFSA or CADAA, compared to 89.0% (25,791) in 2022-23.
- The District views the action as effective as a whole based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 29: Career Technical Education

In 2023-24, the District's Career Technical Education (CTE) office monitored student progress towards College and Career Readiness for participating students by employing the following progress measures:

- Increased number of students earning a Work Ready Badge
  - Increased: 516 students earned a Work Ready Badge in 2022-23, compared to 103 in 2021-22.
- Increased number of Pathway Completers
  - Increased: 19.7% in 2022-23, compared to 17.8% in 2021-22.
- Increased number of Pathway Completers' graduation rate compared to non-Pathway completers
  - Baseline: 96.4% of CTE Pathway Completers graduated in 2022-23, compared to 78.2% of non-CTE Pathway Completers.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 30: Linked Learning

In 2023-24, the District's Linked Learning initiative monitored student progress towards College and Career Readiness for participating students by employing the following progress measures:

- Increased number of Linked Learning silver and gold certified pathways in Los Angeles Unified
  - Four additional Linked Learning pathways were in the process of receiving gold certification from the Linked Learning Alliance by July 2024 (Cleveland Global Media Studies Magnet, STEM Boyle Heights, Roosevelt Medical Arts Health Sciences, and Roosevelt Law and Public Service), while four additional Linked Learning pathways received silver certification in 2023-24 (Miguel Contreras School of Global Studies, Cesar Chavez Technology Academy, Fremont Law and Public Service, and Reseda Arts, Media, and Entertainment Magnet).
- Increased percentage of Linked Learning students graduating A-G ready compared to non-Linked Learning students
  - Increased: In 2022-23, A-G graduation rate for Linked Learning students was 57.8%, compared to 57.1% for non-Linked Learning students in the District.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 1, Action 31: School Staffing Equity Grant Investments to Increase Staffing for Academic Excellence

In 2023-24, the District observed the progress of the School Staffing Equity Grant investments to increase staffing for Academic Excellence (same schools comparison in 2021-22 and 2022-23 Grant allocations compared to District schools not receiving the Grant) using the following progress measures:

- The District views the action, School Staffing Equity Grant (SSEG) Investments to Increase Staffing for Academic Excellence, as effective in meeting the desired result of increased student academic excellence when comparing the student performance data in the

metrics below for SSEG recipient schools. The District increased student performance in eight of 10 academic metrics for the grant recipient schools.

Metric	2022-23		2021-22	
	Grant Recipients*	Non-Grant Recipients	Grant Recipients*	Non-Grant Recipients
Early Literacy Benchmarks (DIBELS) - Kindergarten	66.1%	82.2%	57.3%	76.9%
Early Literacy Benchmarks (DIBELS) - Grade 1	66.2%	86.6%	61.7%	82.8%
Early Literacy Benchmarks (DIBELS) - Grade 2	62.2%	84.4%	57.7%	82.9%
SBA ELA - Distance from Standard Met (Grades 3-5)	-43.9	52.5	-44.1	40.1
SBA Math - Distance from Standard Met (Grades 3-5)	-52.2	35.7	-59.3	19.0
SBA ELA - Distance from Standard Met (Grades 6-8)	-47.3	32.0	-39.5	19.8
SBA Math - Distance from Standard Met (Grades 6-8)	-94.1	-6.1	-93.9	-25.9
SBA ELA - Distance from Standard Met (Grade 11)	-15.6	62.0	-20.6	25.2
SBA Math - Distance from Standard Met (Grade 11)	-115.0	-23.4	-117.8	-65.0
English Learner Reclassification Rate (Grades K-12)	21.6%	26.6%	14.9%	26.4%
School Climate (Student Perception - School Experience Survey): Percent of students who feel they are part of their school	61.0%	66.2%	64.3%	68.6%

*\*Note that over 80% of schools in Los Angeles Unified serve over 55% English Learners, low-income students, and/or students in foster care, and are therefore eligible to receive these funds.*

**Goal 1, Action 32: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools**

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in elementary schools towards Academic Excellence using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI elementary schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 25 of 30 total metric results such as student performance results as evidenced in Early Literacy Benchmarks (DIBELS) scores and Smarter Balanced Assessment (SBA) scores in the SENI action for elementary schools having improved.

- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Early Literacy Benchmarks (DIBELS) - Kindergarten	30.8%	49.2%	60.2%
Early Literacy Benchmarks (DIBELS) - Grade 1	48.1%	53.5%	58.9%
Early Literacy Benchmarks (DIBELS) - Grade 2	45.6%	47.3%	54.2%
SBA ELA - Distance from Standard Met (Grades 3-5)	-	-71.5	-69.7
SBA Math - Distance from Standard Met (Grades 3-5)	-	-83.7	-73.8
English Learner Reclassification Rate (Elementary Schools)	5.9%	10.4%	17.9%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>202-23</b>
Early Literacy Benchmarks (DIBELS) - Kindergarten	38.9%	54.6%	66.0%
Early Literacy Benchmarks (DIBELS) - Grade 1	57.0%	57.4%	64.4%
Early Literacy Benchmarks (DIBELS) - Grade 2	52.8%	54.5%	58.6%
SBA ELA - Distance from Standard Met (Grades 3-5)	-	-56.5	-54.1
SBA Math - Distance from Standard Met (Grades 3-5)	-	-70.1	-60.7
English Learner Reclassification Rate (Elementary Schools)	7.1%	11.8%	17.9%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>202-23</b>
Early Literacy Benchmarks (DIBELS) - Kindergarten	42.1%	59.5%	67.9%

Early Literacy Benchmarks (DIBELS) - Grade 1	58.5%	63.3%	66.9%
Early Literacy Benchmarks (DIBELS) - Grade 2	56.0%	60.2%	64.2%
SBA ELA - Distance from Standard Met (Grades 3-5)	-	-37.4	-37.2
SBA Math - Distance from Standard Met (Grades 3-5)	-	-54.7	-47.9
English Learner Reclassification Rate (Elementary Schools)	8.2%	12.3%	18.6%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>202-23</b>
Early Literacy Benchmarks (DIBELS) - Kindergarten	53.2%	65.5%	70.9%
Early Literacy Benchmarks (DIBELS) - Grade 1	68.1%	70.6%	75.2%
Early Literacy Benchmarks (DIBELS) - Grade 2	67.1%	67.2%	70.3%
SBA ELA - Distance from Standard Met (Grades 3-5)	-	-17.3	-20.6
SBA Math - Distance from Standard Met (Grades 3-5)	-	-36.0	-31.4
English Learner Reclassification Rate (Elementary Schools)	11.3%	13.7%	20.9%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>202-23</b>
Early Literacy Benchmarks (DIBELS) - Kindergarten	73.8%	77.7%	80.2%
Early Literacy Benchmarks (DIBELS) - Grade 1	82.4%	85.1%	83.9%
Early Literacy Benchmarks (DIBELS) - Grade 2	82.1%	83.1%	82.4%
SBA ELA - Distance from Standard Met (Grades 3-5)	-	44.4	42.13
SBA Math - Distance from Standard Met (Grades 3-5)	-	25.0	26.5

English Learner Reclassification Rate (Elementary Schools)	21.3%	21.9%	25.2%
--	-------	-------	-------

**Goal 1, Action 33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Middle Schools**

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in middle schools towards Academic Excellence using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI middle schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 11 of 18 total metric results such as student performance results as evidenced in English Learner Reclassification Rates and Smarter Balanced Assessment (SBA) scores in the SENI action for middle schools having improved.
- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
SBA ELA - Distance from Standard Met (Grades 6-8)	-	-83.2	-90.0
SBA Math - Distance from Standard Met (Grades 6-8)	-	-142.1	-141.8
English Learner Reclassification Rate (Middle Schools)	13.8%	25.1%	34.7%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
SBA ELA - Distance from Standard Met (Grades 6-8)	-	-57.3	-63.8
SBA Math - Distance from Standard Met (Grades 6-8)	-	-113.8	-112.9
English Learner Reclassification Rate (Middle Schools)	16.4%	30.3%	36.2%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
SBA ELA - Distance from Standard Met (Grades 6-8)	-	-45.5	-54.9
SBA Math - Distance from Standard Met (Grades 6-8)	-	-100.4	-99.3
English Learner Reclassification Rate (Middle Schools)	17.0%	31.5%	39.2%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
SBA ELA - Distance from Standard Met (Grades 6-8)	-	-31.8	-40.3
SBA Math - Distance from Standard Met (Grades 6-8)	-	-81.9	-81.6
English Learner Reclassification Rate (Middle Schools)	19.9%	30.1%	34.2%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
SBA ELA - Distance from Standard Met (Grades 6-8)	-	27.3	23.7
SBA Math - Distance from Standard Met (Grades 6-8)	-	-19.4	-17.1
English Learner Reclassification Rate (Middle Schools)	29.2%	38.3%	46.3%

**Goal 1, Action 34: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: High Schools**

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in high schools towards Academic Excellence using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI high schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 29 of 40 total

metric results such as student performance results as evidenced in A-G Completion Rate and CTE Completion Rate in the SENI action for high schools having improved.

- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Four-Year Cohort Graduation Rate	83.2%	82.8%	83.4%

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District’s 2024-25 LCAP Goal 1 will continue to align with the District’s Board adopted 2022-26 Strategic Plan, specifically Pillar 1: Academic Excellence. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 1: Metrics

- The metric “Percent of students whose eligibility for special education services were determined within 60 days of guidelines” has been modified to “Percent of students whose Individualized Education Plans (IEPs) were held within mandated timelines.”
- The metric “Percent of students with disabilities who receive 100% of the services specified in their Individualized Education Plans (IEPs)” has been modified to “Percent of students with disabilities who receive at least 100% of the services specified in their Individualized Education Plans (IEPs).”
- The DIBELS grades K-2 metric targets for year 3 outcomes student groups are similar within metrics 1.01-1.03 except for the Reclassified Fluent English Proficient (RFEP) student group.

### Goal 1, Action 5: Instructional Technology Initiative

- The action has been modified to reflect the following progress monitoring measures:
  - Increased number of students 13 and up that have completed the mandatory Digital Citizenship in the Age of AI course.
  - Increased number of educators that attain Digital Citizenship Certified Educator.
  - Increased number of elementary schools that provide 20 hours of computer science instruction in Pre-Kindergarten to 5th grade.
  - Increased number of middle schools that provide at least one rigorous and relevant computer science course in grades 6-8.
  - Increased number of high schools that provide a computer science pathway in grade 9-12.
  - Increased number of educators that participate in the Computer Science Cohort and Cadre.
  - Provide student computing devices to each school based on enrollment.
  - Provide continued access of Instructional Technology Facilitators to provide direct support to targeted schools serving high percentages of low-income students

### Goal 1, Action 7: Supplemental Arts Education

- The action has been modified to reflect the addition of the following progress monitoring measure:
  - Expanded access and additional programming
- The action has been modified to reflect the removal of the following progress monitoring measures:
  - Increased number of arts disciplines offered
  - Increased number of full time credentialed arts teachers

### Goal 1, Action 8: Base-Funded Afterschool Programs

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - High School Liaison program: Improved student attendance rates and student participation rates

### Goal 1, Action 10: Gifted and Talented Education (GATE) Programs

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Improve data-informed decisions to expand Schools for Advanced Studies (SAS) to increase Districtwide SAS participation.
- The action has been modified to reflect the addition of the following progress monitoring measure:
  - Increase the Districtwide percentage of students identified for gifted/talented programs to 14.2% by June 2025.

### Goal 1, Action 13: Early Education and Universal Transitional Kindergarten

- The action has been modified to reflect the update of the following progress monitoring measure:
  - Improved outcomes for UTK classrooms will be based on the UTK Progress Report rather than the Desired Results Developmental Profile (DRDP)

### Goal 1, Action 17: Standard English Learner Supports

- The action has been modified to reflect the following progress monitoring measures:
  - Academic English Mastery Program (AEMP)

- Improved LAS Links beginning- and middle-of-year assessment data
- Increased DIBELS and SBA ELA scores
- Improved outcomes on AEMP CLR professional development surveys and analysis to evaluate implementation and effectiveness
- UCLA-LAUSD Collaborative
  - Increased number of qualifying scores for students on AP exams
  - Increased number of students on track for A-G Completion with a “C” or better

Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness

- The action has been modified to reflect the addition of the following progress monitoring measure:
  - Supports for Students Experiencing Homelessness
    - Increased numbers of students on-track to graduate

Goal 1, Action 19: Special Education: Base Program

- The action has been modified to reflect the following progress monitoring measures:
  - Percent of IEPs held on time
  - Percentage of assessments completed on time on IEPs held with an assessment plan

Goal 1, Action 20: Special Education: Extended School Year

- The action has been modified to reflect the following progress monitoring measure:
  - Compare i-Ready Diagnostic Assessments End of Year (EOY) scores to Beginning of Year (BOY) scores for students who participated in the Extended School Year (ESY) program

Goal 1, Action 21: Special Education Intensive Diagnostic Education Centers (IDEC)

- The action has been modified to reflect the following progress monitoring measures:
  - Benchmark assessment data (WIAT and/or Woodcock-Johnson)
  - i-Ready diagnostic assessment scores

Goal 1, Action 22: Special Education: Inclusion Services

- The action has been modified to reflect the addition of the following progress monitoring measures:
  - Improved growth in i-Ready diagnostic assessments from Beginning of Year (BOY) to End of Year (EOY) for students with disabilities included in general education for 80% or more of the day.
  - Decreased percent of students with disabilities who are in the general education program 40% or more of the school day.

Goal 1, Action 23: Special Education: Special Day Program

- The action has been modified to reflect the following progress monitoring measures:
  - Increased time in general education classes
  - i-Ready scores from Beginning of Year (BOY) to Middle of Year (MOY) and Middle of Year (MOY) to End of Year (EOY)

- Increased participation in credit recovery and general education summer programs

Goal 1, Action 24: Special Education Transition Services

- The action has been modified to reflect the following progress monitoring measures:
  - 12th Grade Student Advisories: Number of senior (12th grade) student advisories/progress towards four (4) senior advisories per student per year.
  - 12th Grade Family Engagement Plan: each transition teacher will create and implement a family engagement plan. This plan is intended to allow transition teachers to plan, implement and evaluate strategies for effective family engagement to support our efforts in closing the opportunity gap for students with disabilities. Plans could include parent trainings, parent meetings, sharing of resources, and other practices intended to engage families. Transition teachers will report the number of parents who have participated in trainings.

Goal 1, Action 25: Increased Access to Advanced Placement (AP) and International Baccalaureate (IB) Programs

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Increased Pre-AP course and section offerings at participating high schools

Goal 1, Action 31: School Staffing Equity Grant

- The action has been removed from the 2024-25 LCAP however the funding for eligible schools with over 55% student enrollment of English Learners, students from low income families, and students in foster care will continue to be provided in SENI actions for 2024-25 in actions 1.31-1.33 for elementary, middle, and high schools. Information regarding use of funding for eligible positions will be outlined in the District's SENI actions. Additional personnel providing direct services at eligible schools include the use of academic and college counseling staff, instructional aides, and intervention teachers.

Goal 1, Action 32: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - Elementary Schools

Goal 1, Action 33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - Middle Schools

Goal 1, Action 34: SENI Investments to Increase Access to Programs and Supports for Academic Excellence - High Schools

- The LCAP will continue moving forward to include three actions (Goal 1, Actions 31-33) to provide additional insight into the implementation of strategies towards Academic Excellence broken down by elementary, middle, and high schools. The actions were determined as effective in 2023-24 and work to continue supporting high-needs student groups.
- The entire \$700 million of SENI funds to schools is funded from LCFF. The planned expenditure is reflected across the nine SENI actions in the 2024-25 Action Tables.
- The updated student performance data from 2022-23 as a result of the SENI actions 1.31-1.33 continues to support the use and application of SENI funding, supplemental and concentration grant funds, to target high needs students in high needs schools.

# Goals and Actions

## Goal

Goal #	Description
2	<p data-bbox="180 313 453 345"><b><u>Joy and Wellness</u></b></p> <p data-bbox="180 386 2053 675">In order for our students to thrive in our schools and fully engage in their academic experience, we must also commit to creating environments where they feel safe, welcome, and excited to learn. This goal represents our commitment to serving the whole child – attending to the social, emotional, and physical health and wellness of our students so they are prepared and energized to focus on learning, growing, and building meaningful connections at school. This goal represents our commitment to fostering a safe, inclusive, and supportive school culture on every campus and minimizing disruptions or barriers to learning. Our approach to safety is comprehensive, and we are committed to creating environments that offer physical, emotional, and environmental safety. By promoting these conditions, we believe our campuses and classrooms will shine as exciting and exemplary learning spaces for students to realize their potential.</p> <p data-bbox="180 716 2018 784">During the previous LCAP cycle from 2017 to 2020, Los Angeles Unified School District experienced unprecedented challenges in collecting and reporting attendance data:</p> <ul data-bbox="233 789 2053 1008" style="list-style-type: none"> <li data-bbox="233 789 2053 857">● In 2018-2019, due to the UTLA work stoppage, the percentage of students with excellent attendance (96% or higher) fell from 66.1% to 39.7%.</li> <li data-bbox="233 862 2053 1008">● In 2019-2020, due to the pandemic and the abrupt transition to distance learning, attendance data only represents attendance through the last day of in-person instruction (March 13, 2020). However, the data collected at that point shows that 64.1% of our students had excellent attendance, suggesting that this metric may have regained the progress lost due to the work stoppage the prior year.</li> </ul> <p data-bbox="180 1045 2053 1114">Similarly, in examining the data for students who were chronically absent (absent for 9% or more of the school year, per the District’s calculation methodology), we observed similar challenges to accurate data collection and reporting:</p> <ul data-bbox="233 1118 2053 1446" style="list-style-type: none"> <li data-bbox="233 1118 2053 1227">● The percent of students in grades K-5 who were absent for 9% or more of the school year climbed from 13.3% in 2017-18 to 24.3% in 2018-2019 (impacted by the work stoppage), then decreased to 14.6% in 2019-2020 (as measured through the last day of in-person instruction).</li> <li data-bbox="233 1232 2053 1341">● Likewise, the percent of students in grades 6-8 who were absent for 9% or more of the school year increased from 12.5% in 2017-2018 to 21.8% in 2018-2019 (impacted by the work stoppage), then back down to 12.5% in 2019-2020 (as measured through the last day of in-person instruction).</li> <li data-bbox="233 1346 2053 1446">● Finally, the percent of high school students (grades 9-12) who were absent for 9% or more of the school year increased from 22.4% in 2017-2018 to 32.0% in 2018-2019 (impacted by the work stoppage), then fell below the original starting point to 19.9% in 2019-2020 (as measured through the last day of in-person instruction).</li> </ul>

Goal #	Description
	<p>In addition, in determining targets for 2023-2024 for school climate outcomes, the District observed the following trends in suspension data over the course of the previous LCAP cycle from 2017 to 2020:</p> <ul style="list-style-type: none"> <li>• The single student suspension rate (Percentage of enrolled students in kindergarten through grade 12 who were suspended one or more times, in or out-of-school, during the school year) fell from 0.46% in 2017-2018 to 0.24% in 2019-2020.</li> <li>• The instructional days lost to suspension fell from 4,627 in 2017-2018 to 2,374 in 2019-2020.</li> </ul> <p>As a result of these challenges, the District determined that the 2017-2018 attendance data is the most recent year of consistent data available, and served as the baseline for the setting of 2023-2024 targets below.</p>

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Student Attendance: Percent of All Students with Excellent Attendance (96% or Higher)  <i>*Note that due to the UTLA work stoppage in 2018-19, and the transition to distance learning in 2019-20, 2017-18 is the most recent consistent year of data available and is therefore used as the baseline.</i>	All Students: 66.1% African American / Black: 52.9% Hispanic / Latino: 66.2% English Learner: 64.7% RFEP: 73.8% Standard English Learner: 61.1% Students with Disabilities: 55.7% Low Income: 65.1% Foster Youth: 55.3%  (Year: 2017-18)  <i>Source: LAUSD Open Data Dashboard</i>	All Students: 73.0% African American / Black: 58.0% Hispanic / Latino: 70.8% English Learner: 66.7% RFEP: 77.0% Standard English Learner: 68.1% Students with Disabilities: 64.4% Low Income: 69.5% Foster Youth: 56.7%  (Year: 2020-21)  <i>Source: LAUSD Open Data Dashboard</i>	All Students: 31.2% African American / Black: 22.9% Hispanic / Latino: 28.6% English Learner: 25.6% RFEP: 38.0% Standard English Learner: 24.8% Students with Disabilities: 23.7% Low Income: 28.4% Foster Youth: 26.3%  (Year: 2021-22)  <i>Source: LAUSD Open Data Dashboard</i>	All Students: 35.5% African American / Black: 28.6% Hispanic / Latino: 33.9% English Learner: 32.7% RFEP: 43.7% Standard English Learner: 28.8% Students with Disabilities: 27.6% Low Income: 33.8% Foster Youth: 34.6%  (Year: 2022-23)  <i>Source: LAUSD Open Data Dashboard</i>	All Students: 66.1% African American / Black: 52.9% Hispanic / Latino: 66.2% English Learner: 64.7% RFEP: 73.8% Standard English Learner: 61.1% Students with Disabilities: 55.7% Low Income: 65.1% Foster Youth: 55.3%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 2, Action 1: Safe School Facilities

In 2023-24, the District's Office of Environmental Health and Safety (OEHS) in the Facilities Division provided support to schools to ensure safety and health issues are addressed and students and staff have safe learning environments.

- Successes:
  - Increased to 420 schools, as of March 2024, the number of completed environmental, safety, and emergency readiness assessments from 166 schools in 2022-23.
  - Ahead of timeline to complete 100% of school environmental, safety, and emergency readiness assessments by 2025-26; 867 schools in total.
- Challenges:
  - Developing real time dashboards for use on mobile devices with the support of the Information Technology Services (ITS) department to track real-time progress of the readiness assessments and determine trend data to increase completion rate.

Despite the presented challenge, the OEHS implemented services to support safe school facilities in 2023-24 as planned.

### Goal 2, Action 2: School Police

In 2023-24, the Los Angeles School Police Department (LASPD) provided supervisory oversight of daily patrol-based deployments to support safety and security for students and staff across the District. The LASPD responded to calls for service due to emerging safety threats and conducted criminal investigations in support of School Climate Advocates in District schools as well as implemented property crime reduction measures.

- Successes:
  - Implemented the LASPD deployment goal of 60 patrol units per day, while responding to emergency calls for service in nine minutes or less.
  - Responded to 39,214 calls for service to schools during school hours to support campus safety.
- Challenges:
  - Reduced number of police officers as compared to 2018-19 personnel numbers impacted service delivery.

Despite the presented challenge, the LASPD supported a safe school learning environment by providing described services in 2023-24 as planned.

### Goal 2, Action 3: Base-Funded School Climate Support Staff

In 2023-24, the District's Division of School Operations continued to support safe and positive school learning environments by employing campus aides at school sites.

- Successes:
  - Comprehensive training on school safety and security measures has been provided to 974 campus aides to ensure a school school environment.
  - Implementation of the Every School Safe: Blueprint for School Safety to train students strategies to help them recognize safety concerns and how to ask for help.
- Challenges:
  - Recruiting and filling all vacancies for campus aide positions continues to be a challenge. The District is addressing the challenge through job fairs and continuous recruitment.

Despite the presented challenge, the Division of School Operations continued to support a safe school learning environment in 2023-24 as planned.

### Goal 2, Action 4: Supplemental School Climate Support Staff

In 2023-24, the District's Division of School Operations continued to support safe and positive school learning environments by employing supplemental campus aides at school sites.

- Successes:
  - Integrating professional development training on cultural competencies and trauma-informed practices to better assist campus aides in meeting the needs of high-need student populations.
  - Use of restorative practices by campus aides to address the behavioral needs of students.
- Challenges:
  - Recruiting and filling all vacancies for campus aide positions continues to be a challenge.

Despite the presented challenge, the Division of School Operations implemented the supplemental campus aide program in 2023-24 as planned.

### Goal 2, Action 5: Student Health Services

In 2023-24, the District's Nursing Services office provided a comprehensive Student Health Services program to ensure a high-level of student health with a focus on immunization compliance and follow-up as an ongoing activity as well as delivering state-mandated screenings such as vision and scoliosis, among additional health services.

- Successes:

- Districtwide compliance rate is 96% for students completing required immunizations at time of enrollment.
- Weekly communication to all school principals and Region Administrators of Operations regarding student immunization data.
- Challenges:
  - Ensuring students have completed required vaccinations at time of enrollment.

Despite the presented challenge, the District's Student Health Services program was implemented in 2023-24 as planned.

#### Goal 2, Action 6: Supplemental Student Health Services

In 2023-24, the District's Nursing Services office continued to provide supplemental student health services to high-needs student populations such as students from low-income families.

- Successes:
  - Increased collaboration with the District's Human Resources Division to recruit highly-qualified school nurses.
  - Staff recruitment has seen a sharp increase due to last year's Board approved labor agreements with increased salary. A 39% increase in the number of school nurses to 640 in 2023-24 from 460 school nurses in 2022-23.
- Challenges:
  - None Identified.

Supplemental Student Health Services were implemented in 2023-24 as planned.

#### Goal 2, Action 7: Student Athletics Programs

In 2023-24, the District's Interscholastic Athletics Division (IAD) continued to implement and support student athletics programs to increase student attendance and engagement as well as promote healthy student lifestyles.

- Successes:
  - Increased gender equity in student athletics programs with the implementation of girls flag football, beach volleyball, and cheer moving from a two-season sport per school year (fall and winter) to a year-round, all three season sport (fall, winter, and spring).
  - Increased ability to monitor students' academic achievement via the District's student information system, MiSiS, and provide academic interventions when necessary.
- Challenges:
  - None Identified.

The Interscholastic Athletics Division implemented programs in 2023-24 as planned.

### Goal 2, Action 8: Community Schools Initiative

In 2023-24, the District's Community Schools Initiative continues to expand the number of schools and used state funds to support student wellness centers, high school work-based learning coordinators and college-readiness programs, among additional resources to increase students' college and career readiness after high school graduation.

- Successes:
  - Early collaboration between school teams and Community School Coordinators to complete Asset and Needs Assessments to identify student and family needs has supported a decrease in chronic absenteeism (4.5% decrease compared to 2022-23) and an increase in student attendance (1.6% increase compared to 2022-23) at participating Community Schools.
  - Each Community School engaged in a Plan-Do-Study-Act (PDSA) evaluation cycle to study results and decide additional implementation processes for further improvement.
  - 23 Cohort Four schools are in a planning year completing data collection and reviewing strategies to improve student attendance.
- Challenges:
  - None Identified.

The Community Schools Initiative was implemented in 2023-24 as planned.

### Goal 2, Action 9: Mental Health and Student Supports

In 2023-24, the District's Student Health and Human Services (SHHS) Division provided in-person and remote mental health services via the School Mental Health (SMH) department to support students and families with crisis recovery and intervention for our Regions, clinic-based integrated care in our communities, school-based social work, multi-tiered interventions, and special education counseling at our Los Angeles Unified campuses. Student and family needs for school-based mental health services remains high given the impacts of the pandemic and the unique needs of International Newcomer students including unaccompanied youth entering District schools.

- Successes:
  - Continued placement and use of school-based Psychiatric Social Workers (PSWs) to provide preventative, early intervention, and mental health assessments to support a safe school climate.
  - Collaborated with the Office of Student, Family and Community Engagement to build the capacity of parents to support youth mental health.
  - Maintained staffing levels on the Student and Family Wellness Hotline to provide continued mental health services and consultations.
  - Provided training to SMH PSWs
- Challenges:
  - Recruitment and retention of staff continues to be a challenge, however, the SHHS Division continues to work with the Human Resources Division to identify and hire highly-qualified mental health professionals.

Despite the presented challenge, the District's Student Health and Human Services (SHHS) Division implemented mental health supports in 2023-24 as planned.

### Goal 2, Action 10: Positive Behavior Interventions and Restorative Practices

In 2023-24, the District's Student Health and Human Services (SHHS) Division provided teachers and staff with professional development trainings via the Positive Behavior Interventions and Supports and Restorative Practices (PBIS/RP) department to increase usage of PBIS/RP strategies to establish positive school climates as well as positive individual student behaviors.

- Successes:
  - Increased number of teachers and staff using the PBIS/RP Schoology learning management system to 22,000 members in 2023-24 from approximately 18,000 members in 2022-23. The digital Schoology platform allows the sharing of resources such as responding to disruptive classroom behaviors, classroom and school-wide procedures and routines to develop connectedness as well as staff expectations for in-person activities.
  - In the fall 2023 semester, 99% of schools completed the Tiered Fidelity Inventory (Tier 1) and identified action plan goals to further develop expectations for positive student behaviors, teaching, the implementation of PBIS/RP practices including community building, and a schedule for reviewing student behaviors data. In the spring 2024 semester, 100% of schools completed the Tiered Fidelity Inventory (Tier 1). The District's Tiered Fidelity Inventory provides schools with tiered levels of strategies from providing universal supports for all students (Tier 1), selected supports and strategies such as for targeted small student groups (Tier 2), to intensive supports and strategies for individual students (Tier 3).
  - Increased number of professional development trainings on PBIS/RP to 1,094 (as of March 2024) from 452 in 2022-23.
- Challenges:
  - The hiring freeze of Systems of Support Adviser positions to contribute to the implementation of evidenced-based practices such as Positive Behavior Intervention and Support has impacted progress in expanding services.

Despite the presented challenge, the Districtwide PBIS and RP for students were principally implemented in 2023-24 as planned.

### Goal 2, Action 11: Attendance Interventions

In 2023-24, the District's Student Health and Human Services (SHHS) Division's Pupil Services and Attendance Department continued the iAttend initiative to reduce chronic absenteeism and improve student attendance Districtwide by implementing seven elements to improve student attendance: (1) Accurate Data; (2) Attendance Teams; (3) Culture of Attendance; (4) Outreach and Intervention; (5) Community Partners; (6) Staff Understanding; and (7) Continuous Improvement.

- Successes:
  - A 6.1% reduction in Districtwide chronic absenteeism, 30.4% through February 2024, compared to a 36.5% chronic absenteeism rate in 2022-23.
- Challenges:

- Despite a notable decline in student chronic absenteeism rates compared to the prior year in 2022-23, chronic absenteeism rates have not returned to pre-pandemic levels.

Despite the presented challenge, the sustained implementation of the iAttend initiative in 2023-24 was completed as planned.

#### Goal 2, Action 12: School Enrollment Placement and Assessment (S.E.P.A.) Centers

In 2023-24, the Office of the Chief Medical Director (OCMD) provided services for International Newcomer students from all over the world and continuing students including immediate enrollment into school and medical care. Many newly arriving students and their families are refugees entering the United States. In addition, many Newcomer students are unaccompanied minors placed with sponsors.

- **Successes:**
  - 1,265 International Newcomer student enrollments supported at the two S.E.P.A. centers; San Fernando Valley S.E.P.A. at Panorama and Los Angeles S.E.P.A. at Placentia.
  - Supporting an increasing Armenian and Russian student population by adding a school nurse speaking Armenian and Russian to the S.E.P.A. Panorama center.
  - Delivered 12,910 vaccinations to 3,251 students, as of February 2024; S.E.P.A L.A. had 2,301 student vaccine visits providing 9,194 vaccines and S.E.P.A. Panorama had 950 student vaccine visits providing 3,716 vaccines.
- **Challenges:**
  - Inability to hire two full-time Interpreter Aide positions until February 2024.

Despite the presented challenge, the S.E.P.A. program facilitated enrollment and supports for newly arriving and continuing students throughout the District in 2023-24 as planned.

#### Goal 2, Action 13: FamilySource System

In 2023-24, the Student Health and Human Services (SHHS) Division continued to support improved and positive student and family health with services, including biopsychosocial assessments, through a partnership with the City of Los Angeles Housing and Community Investment Department, which also includes the use of Pupil Services and Attendance (PSA) Counselors at 16 FamilySource Centers to address academic success.

- **Successes:**
  - Served 1,367 families by conducting 2,667 biopsychosocial assessments, which evaluated biological, psychological, and social factors that affect behaviors, to diagnose health factors.
  - Identified and increased need for PSA counselors will expand staffing from 16 in 2023-24 to 20 PSA counselors in 2024-25.
- **Challenges:**
  - None Identified.

The FamilySource System implemented services to students and families in 2023-24 as planned.

Goal 2, Action 14: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Elementary Schools (New Action in 2023-24)

In 2023-24, District elementary schools continued to use Student Equity Needs Index (SENI) funding to increase student attendance of high-needs student groups and improve school climate and safety.

- **Successes:**
  - Funding allowed schools the flexibility to personalize strategies and efforts to address the specific needs of students based on needs assessments to prioritize how students, particularly English Learners, foster youth, and students from low income families, benefit from mental health services, wellness services, and additional targeted supports.
  - Implemented student attendance monitoring and increased family outreach to increase attendance of students with low attendance rates or are chronically absent.
  - Provided students with mental health services and supports through the employment of Psychologists and Psychiatric Social Workers (PSWs).
  - Provided professional development to teachers and staff on addressing the social-emotional needs of students.
  - Increased use of nursing services to make it easier for students and families to receive healthcare resources to improve student attendance.
- **Challenges:**
  - Schools continue to encounter challenges with filling vacant positions.
  - Numerous schools opted to allocate limited or one-time funds towards targeted interventions.

Despite the presented challenges, elementary schools utilized SENI funds to enhance support for high-needs student groups including English Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

Goal 2, Action 15: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Middle Schools (New Action in 2023-24)

In 2023-24, District middle schools continued to use Student Equity Needs Index (SENI) funding to increase student attendance of high-needs student groups and improve school climate and safety.

- **Successes:**
  - Use of additional nursing personnel to enhance healthcare accessibility and increase student and family wellness to improve student attendance.
  - Expanded student mental health and social-emotional learning supports at school sites through the employment of psychologists and Psychiatric Social Workers (PSWs).
  - Implementation of attendance interventions to support the needs of English Learners, low-income students, and foster youth as

well as communicating school attendance policies.

- Increased communication with families to maintain a positive school-to-home connection and provide resources and supports to assist increased student attendance, which included supports provided by Pupil Services and Attendance (PSA) counselors.
- School administration to implement early attendance intervention strategies and provide targeted resources to students who are chronically absent or at risk of truancy.
- School site campus aides to support safe and positive school communities, which included supporting positive student behaviors through conflict resolution and mediation.
- Empowered schools with the financial flexibility to pinpoint the specific needs of students, taking into account factors like socioeconomic status and English language proficiency and allowing support services aimed at enhancing student performance in academics and fostering positive school behaviors.
- Challenges:
  - Schools continue to encounter challenges with filling vacant positions.
  - Numerous schools opted to allocate limited or one-time funds towards targeted interventions.

Despite the presented challenges, middle schools utilized SENI funds to enhance support for high-needs student groups including English Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

Goal 2, Action 16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: High Schools (New Action in 2023-24)

In 2023-24, District high schools continued to use Student Equity Needs Index (SENI) funding to increase student attendance of high-needs student groups and improve school climate and safety.

- Successes:
  - Deployment of school site campus aides to promote safe and positive school communities, including facilitating conflict resolution and mediation to support positive student behaviors.
  - Use of psychologists and additional mental health staff to support students with mental health and social-emotional learning services at school sites.
  - Targeted healthcare services for English Learners, foster youth, and students from low income families to increase their wellness and positively impact student attendance.
  - Conducted family outreach efforts to provide resources and information to support family and students' health and wellness.
  - Implemented attendance interventions to support increased attendance of English Learners, foster youth, and students from low income families.
  - Provided schools with the funding flexibility to identify the areas where students require additional support, while considering factors such as socioeconomic status and English language proficiency, and providing targeted support services to increase student performance as evidenced in academics and positive school behaviors.
- Challenges:
  - Schools continue to encounter challenges with filling vacant positions.

- Numerous schools opted to allocate limited or one-time funds towards targeted interventions.

Despite the presented challenges, high schools utilized SENI funds to enhance support for high-needs student groups including English Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2, Action 1: Safe School Facilities

*No material differences were observed for this action.*

Goal 2, Action 2: School Safety and Police

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, is salary increases as a result of negotiated collective bargaining agreements.

Goal 2, Action 3: Base-Funded School Climate Support Staff

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, is primarily due to lower than anticipated costs in salary and benefits as a result of challenges in hiring qualified school climate support staff.

Goal 2, Action 4: Supplemental School Climate Support Staff

*No material differences were observed for this action.*

Goal 2, Action 5: Student Health Services

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is a result of the District shifting expenditures into ESSER to maximize use of the one-time funds. The ESSER funds will be expiring later this year and, at which point, the District plans to revert Student Health Services expenditures back to LCFF.

Goal 2, Action 6: Supplemental Student Health Services

*No material differences were observed for this action.*

Goal 2, Action 7: Student Athletics Program

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action was chiefly due to the allocation of funds to purchase student athletic uniforms and represents a carry over of funds from 2022-23 to pay for uniforms over a two year period- 2023-24 and 2024-25. The material difference will be expended between November 2024 and March 2025.

Goal 2, Action 8: Community Schools Initiative

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action are a result of higher expenditures in the second half of the school year; February to June.

Goal 2, Action 9: Mental Health Supports

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on the utilization of non-LCFF funds, such as maximizing one-time ESSER funds, and is not indicative of diminished services.

Goal 2, Action 10: Positive Behavior Interventions

Goal 2, Action 11: Attendance Interventions

*No material differences were observed for the actions.*

Goal 2, Action 12: School Enrollment Placement and Assessment (S.E.P.A.) Centers

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is attributed to multiple vacancies, such as Health Care Advocate positions. Student Health and Human Services is collaborating with the Human Resources department to ensure services and supports continue to be provided.

Goal 2, Action 13: FamilySource System

*No material differences were observed for this action.*

Goal 2, Action 14: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - Elementary Schools

Goal 2, Action 15: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - Middle Schools

### Goal 2, Action 16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - High Schools

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for goal actions 2.14-2.16 is the difficulty in finding enough highly qualified staff members for open positions at the elementary, middle, and high school levels. The District supports staff recruitment efforts such as for behavioral support staff including mental health for all schools to support the actions funded with SENI investments. It is also important to note that unspent SENI funds stay with the school, the funds are school based allocations. The SENI funds can then be used later by the individual school site under the same allowable uses that are in alignment with the action which is to assist students from low income families, students in foster care, and English Learners in improving physical and mental and well-being. District schools do utilize additional resources for the implementation of student services and programs.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The COVID-19 pandemic had an impact on academic engagement metrics such as student attendance rates and chronic absenteeism in the Measuring and Reporting Results for LCAP Goal 2: Joy and Wellness as evidenced in the presented data in Year 2 Outcomes. Despite this, the District has seen success in outcomes since the end of the pandemic; chronic absenteeism rates have decreased and the student attendance rates have increased, for example. The action plans contained in the goal actions for LCAP Goal 2 have been effective as exhibited by progress on the goal action monitoring measures and the goal metrics. Each action for Goal 2: Joy and Wellness has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the District's priorities within Pillar 2: Joy and Wellness in the Board-adopted 2022-26 Strategic Plan; Welcoming Learning Environments, Whole-Child Well-Being, Strong Social-Emotional Skills, and Outstanding Attendance.

### Goal 2, Action 1: Safe School Facilities

In 2023-24, the District's Office of Environmental Health and Safety (OEHS) monitored progress towards Welcoming Learning Environments in the area of supporting safe school facilities using the following progress measure:

- Percentage of schools with completed environmental, safety, and emergency readiness assessments
  - 2023-24: 48% of schools (420 of 867 schools), as of March 2024, completed environmental, safety, and emergency readiness assessments.
  - 2022-23: 19% of schools (166 of 867 schools) completed environmental, safety, and emergency readiness assessments.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 2: School Police

In 2023-24, the Los Angeles School Police Department (LASPD) monitored progress towards Welcoming Learning Environments using the following progress measures:

- Supervisory oversight of daily deployments to assign LASPD personnel in alignment with the Community of Schools deployment

model

- A minimum of 60 patrol units were deployed on a daily basis in accordance with LASPDs stated goal
- Calls for service in response to a criminal investigation or safety issue in support of the newly create School Climate Advocates
  - 39,214 calls for service, as of March 2024, to support safety on campuses during school hours. The calls for service were generated in response either to a victim or a reporting person calling the LASPD for police services, or as a follow-up to a prior safety related incident.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 3: Base-Funded School Climate Support Staff

In 2023-24, the District's Division of School Operations monitored progress towards Welcoming Learning Environments in the area of school climate support staff by employing the following progress measure:

- Overall 2023-24 School Experience Survey results for "Adults at this school treat all students with respect"
  - Elementary School: 72.4% compared to 78% in 2022-23.
  - Middle School: 55.3% compared to 60% in 2022-23.
  - High School: 58.4% compared to 59% in 2022-23.
- Overall 2023-24 School Experience Survey results for "There is an adult at my school whom I trust and can talk to no matter what is bothering me"
  - Elementary School: 69.9% compared to 71% in 2022-23
  - Middle School: 61.6% compared to 54% in 2022-23.
  - High School: 56.6% compared to 55% in 2022-23.
- Overall 2023-24 School Experience Survey results for "There is at least one adult at my school who supports me"
  - Elementary School: 77.1% compared to 77% in 2022-23.
  - Middle School: 61.6% compared to 63% in 2022-23.
  - High School: 65.0% compared to 64% in 2022-23.
- School Experience Survey (SES) results highlight an overall slight decrease by elementary school, middle school, and high school for the measure "Adults at this school treat all students with respect" from 2022-23 to 2023-24. For the measure "There is an adult at my school whom I trust and can talk to no matter what is bothering me," the results show increases in survey results for middle school and high school but a slight decrease for elementary school. In addition, the results for the measure "There is at least one adult at my school who supports me" highlight a slight increase for elementary school and high school but a decrease in middle school. Overall, the District views the action as effective in creating a welcome and safe learning environment for students but understands there is a variance in the just released survey results that it is working to understand. The Division of School Operations is analyzing the student survey data and looking at trends, such as the discrepancy between middle school survey results for "There is an adult at my school whom I trust and can talk to no matter what is bothering me" and "There is at least one adult at my school who supports me." The initial thought is a stronger correlation of result should be present between the two measures; however, further examining the feedback and aligning actionable steps will allow the District to improve as well as continue to monitor effectiveness and ensure a safe and welcome learning environment. The District is continually committed to supporting a safe and welcoming learning

environment so students are able to focus on learning and fully develop themselves as learners and citizens.

#### Goal 2, Action 4: Supplemental School Climate Support Staff

In 2023-24, the District's Division of School Operations monitored progress towards Welcoming Learning Environments in the area of supplemental school climate support staff:

- 2023-24 School Experience Survey results for “Adults at this school treat all students with respect”
  - English Learner:
    - Elementary School: 75.9% compared to 81% in 2022-23.
    - Middle School: 64.6% compared to 68% in 2022-23.
    - High School: 70.7% compared to 71% in 2022-23.
  - Low Income Students:
    - Elementary School: 72.3% compared to 78% in 2022-23.
    - Middle School: 55.4% compared to 61% in 2022-23.
    - High School: 59.0% compared to 60% in 2022-23.
  - Students in Foster Care:
    - Elementary School: 69.1% compared to 77% in 2022-23.
    - Middle School: 51.9% compared to 57% in 2022-23.
    - High School: 55.6% compared to 58% in 2022-23.
- 2023-24 School Experience Survey results for “There is an adult at my school whom I trust and can talk to no matter what is bothering me”
  - English Learner:
    - Elementary School: 70.8% compared to 72% in 2022-23.
    - Middle School: 52.8% compared to 57% in 2022-23.
    - High School: 56.0% compared to 55% in 2022-23.
  - Low Income Students:
    - Elementary School: 70.3% compared to 72% in 2022-23.
    - Middle School: 52.0% compared to 54% in 2022-23.
    - High School: 56.4% compared to 55% in 2022-23.
  - Students in Foster Care:
    - Elementary School: 68.0% compared to 71% in 2022-23.
    - Middle School: 51.5% compared to 54% in 2022-23.
    - High School: 60.0% compared to 56% in 2022-23.
- 2023-24 School Experience Survey results for “There is at least one adult at my school who supports me”
  - English Learner:
    - Elementary School: 73.3% compared to 74% in 2022-23.
    - Middle School: 58.8% compared to 62% in 2022-23.
    - High School: 62.3% compared to 62% in 2022-23.

- Low Income Students:
  - Elementary School: 76.1% compared to 76% in 2022-23.
  - Middle School: 60.2% compared to 62% in 2022-23.
  - High School: 64.% compared to 63% in 2022-23.
- Students in Foster Care:
  - Elementary School: 74.1% compared to 75% in 2022-23.
  - Middle School: 56.6% compared to 63% in 2022-23.
  - High School: 67.2% compared to 64% in 2022-23.
- Taken as a whole, the School Experience Survey (SES) highlights a slight decrease in results for the three survey measures for a Welcoming Learning Environments in the English Learner, Low Income, and Foster Youth student groups. However, when viewing the results by High School students within the three student groups, there is an increased survey result for the two measures “There is at least one adult at my school who supports me” and “There is an adult at my school whom I trust and can talk to no matter what is bothering me.” The District perceives the action as effective in fostering a welcoming and secure learning atmosphere for students. However, it acknowledges the recent release of survey results show some variance, which it is actively investigating. The Division of School Operations is reviewing the student survey data and identifying trends. Initial observations suggest a need for stronger correlation between measures. A deeper analysis of the feedback and alignment of actionable steps will allow the District to enhance its efforts. This process will also facilitate ongoing monitoring of effectiveness to ensure a safe and welcoming learning environment. The District remains steadfast in its commitment to supporting such an environment, enabling students to concentrate on learning and fully develop as learners and citizens.

#### Goal 2. Action 5: Student Health Services

In 2023-24, the District’s Nursing Services in the Office of the Chief Medical Director (OCMD) monitored progress towards Whole-Child Well-Being in the area of student health services by employing the following measure:

- Increased percentage of students compliant for all childhood vaccinations required for school admission (Los Angeles Unified students in grades UTK-12, including our Affiliated Charter schools, as of March 2024.
  - Overall: 96.0% (slight decrease from 96.4% in 2022-23).
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 2. Action 6: Supplemental Student Health Services

In 2023-24, the District’s Nursing Services in the Office of the Chief Medical Director (OCMD) monitored progress towards Whole-Child Well-Being in the area of supplemental health services by employing the following measure:

- Improved ratio of health care professionals to enrolled students at campuses and in communities with greatest need
  - 27% increase of health care professionals from August 2023 to March 2024 to provide much needed services for Low Income students; from 685 health care professionals (505 registered school nurses and 180 licensed vocational nurses (LVNs)) to 820 health care professionals (640 registered school nurses and 180 LVNs).

- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 7: Student Athletics Programs

In 2023-24, the District's Interscholastic Athletics Division (IAD) monitored progress towards Whole-Child Well-Being in the area of promoting a healthy and active lifestyle using the following progress measures:

- Increased number of student participating in athletics
  - Increase in student participation in the Districtwide sports program as additional sports have been added such as girls flag football, stunt cheer, and beach volleyball.
- Improvements on progress reports monitoring grades for eligibility
  - The District's capacity to monitor academic progress of student athletes via the student information system, My Integrated Student Information System (MiSiS), has increased and MiSiS provides schools with the ability to target tutoring services for students in-risk of ineligibility.
- Increased academic certificates to students receiving above 3.0 and 3.5
  - Scholar athletes continue to collectively have higher GPAs than non-scholar athletes. The number of schools receiving academic certificates increased to 59 schools in 2023-24, as of March 2024, from 51 schools in 2022-23.
- Increased partnerships with third parties to provide additional academic and attendance recognitions
  - Continued academic partnership with the Los Angeles Rams professional football team to recognize students and athletic teams with high GPAs or most improved GPAs. The girls flag football team at Girls Academic Leadership Academy (GALA), a grade 6-12 school, had the highest GAP at 3.81; eight of the 15 players had a 4.0 or higher GPA.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 8: Community Schools Initiative

In 2023-24, the District's Community Schools Initiative monitored program effectiveness towards Whole-Child Well-Being using the following progress measures:

- Attendance rates at participating Community Schools
  - Increased: 1.6% increase in Average Daily Attendance to 91.1% through March 2024 from 89.5% in 2022-23. Attendance rate estimate is 93% for 2023-24.
- Chronic absenteeism rates at participating Community Schools
  - Decreased: 4.5% decrease in chronic absenteeism to 34.5% through March 2024 from 39.0% in 2022-23.
- School Experience Survey results at participating Community Schools
  - 2023-24:
    - 84.6% of parent respondents at participating Community Schools agreed or strongly agreed on the 2023-24 School Experience Survey that "This school offers extra activities for my child's personal growth"
    - 87.2% of parent respondents at participating Community Schools agreed or strongly agreed on the 2023-24 School

- Experience Survey that “This school provides high quality instruction to my child”
  - 72.8% of student respondents at participating Community Schools agreed or strongly agreed on the 2023-24 School Experience Survey that “There are lots of chances for students at my school to get involved in sports, clubs or other school activities outside of class”
- 2022-23:
  - 84.4% of parent respondents at participating Community Schools agreed or strongly agreed on the 2022-23 School Experience Survey that “This school offers extra activities for my child’s personal growth”
  - 87.1% of parent respondents at participating Community Schools agreed or strongly agreed on the 2022-23 School Experience Survey that “This school provides high quality instruction to my child”
  - 75.5% of student respondents at participating Community Schools agreed or strongly agreed on the 2022-23 School Experience Survey that “There are lots of chances for students at my school to get involved in sports, clubs or other school activities outside of class”
- School Experience Survey results at participating Community Schools highlight an increase in two of three areas from parent respondents from 2022-23 to 2023-24: “This school offers extra activities for my child’s personal growth” and “This school provides high quality instruction to my child.” The District views the School Experience Survey (SES) data as supportive of action effectiveness. Further review of the survey participation rate and survey tool may result in increasing promotion of the SES as well as redesigning survey questions to ensure accurate responses.

Goal 2, Action 9: Mental Health and Student Supports

In 2023-24, the District’s Student Health and Human Services (SHHS) Division monitored progress towards improving Whole-Child Well-Being for mental health and student supports using the following progress measures:

- Increased the number of students receiving intensive mental health support
  - 2023-24- as of December 2023:
    - Overall: 35,852
    - English Learners: 18%
    - Low Income: 82%
    - Foster Youth: 4.4%
  - 2022-23:
    - Overall: 57,887
    - English Learners: 18%
    - Low Income: 86%
    - Foster Youth: 3.6%
- Increased number of interventions (including individual, group, classroom and schoolwide interventions)
  - 2023-24: 154,401, as of December 2023. Results finalized in summer 2024. However, the mid-year data shows effectiveness of the action due to the number of mental health interventions provided is greater than the number of interventions provided during prior year same period. The District will use the information to inform the effectiveness of the action and need for possible progress monitoring measure amendment, if necessary, for the 2025-26 LCAP.

- 2022-23: 279,680
- Increased number of mental health trainings for staff, parents, and school community
  - 2023-24: 2,495, as of December 2023. Results finalized in summer 2024. However, the mid-year data shows effectiveness of the action as the number of mental health trainings exceeds the same period in prior year. The District will use the information to inform the effectiveness of the action and need for possible progress monitoring measure amendment, if necessary, for the 2025-26 LCAP.
  - 2022-23: 4,189
- Increased number of mental health consultations for staff and parents
  - 2023-24: 22,217, as of spring 2024. Results finalized in summer 2024. However, the number of mental health consultations exceeds the total number of mental health consultations completed in the prior year.
  - 2022-23: 21,130

### Goal 2, Action 10: Positive Behavior Interventions and Restorative Practices

In 2023-24, the District's Student Health and Human Services (SHHS) Division monitored progress towards Strong Social-Emotional Skills for Positive Behavior Interventions (PBIS) and Restorative Practices (RP) using the following progress measures:

- Decreased out of school single student suspension
  - 805 single student suspensions, through December 2023, decreased from 1,646 in 2022-23.
- Decreased instructional days lost to out of school suspensions
  - 1,650 instructional days lost to out of school suspension, through December 2023, decreased from 3,850 in 2022-23.
- Decreased number of Office Discipline Referrals (ODR)
  - Overall: 17,936 referrals, through February 2024, decreased from 30,448 in 2022-23.
  - English Learner: 2,217 referrals, through February 2024, decreased from 5,056 in 2022-23.
  - Low Income: 11,382 referrals, through February 2024, decreased from 28,610 in 2022-23.
  - Foster Youth: 350 referrals, through February 2024, decreased from 2,375 in 2022-23.
- Increased number of staff who participated in professional development, consultations, and trainings related to PBIS and RP
  - Completed 4,942 trainings with 71,838 participants, through January 2024, compared to 3,392 trainings with 87,560 participants in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 11: Attendance Interventions

In 2023-24, the District's Student Health and Human Services (SHHS) Division monitored progress towards Outstanding Attendance in the area of attendance interventions employing the following progress measures:

- Increased percentage of students receiving 96% or greater attendance
  - All Students: 52.6% of students achieved 96% or greater attendance (through January 2024), increased from 36.3% in 2022-23.

- English Learner: 50.2%, through January 2024, increased from 33.3% in 2022-23.
- Low Income: 50.4%, through January 2024, increased from 34.6% in 2022-23.
- Foster Youth: 43.0%, through January 2024, increased from 28.6% in 2022-23.
- Decreased percentage of students who are chronically absent
  - All Students: 28.9% of students were chronically absent, through January 2024, decreased from 34.8% in 2022-23.
  - English Learner: 31.0%, through January 2024, decreased from 38.6% in 2022-23.
  - Low Income: 31.1%, through January 2024, decreased from 37.1% in 2022-23.
  - Foster Youth: 38.5%, through January 2024, decreased from 46.0% in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 12: School Enrollment Placement and Assessment (S.E.P.A.) Centers

In 2023-24, the District's Office of the Chief Medical Director (OCMD) monitored progress towards Outstanding Attendance for School Enrollment Placement and Assessment centers employing the following progress measures:

- Increased number of Newcomer students and families served by the centers
  - Overall: 3,251 students and families, as of February 2024, compared to 3,009 students and families during the same timeframe in 2022-23. 100% of students served were from Low Income families, while 98% were English Learners.
- Increased number of students and families served by the centers who successfully enroll in school
  - All Students: 1,265 Newcomers, as of February 2024, compared to 967 similar students during the same timeframe in 2022-23. S.E.P.A. Los Angeles enrolled 663 Newcomers, while S.E.P.A. Panorama enrolled 602 Newcomers.
- Increased percentage of students compliant with all vaccinations served by the center
  - All Students: 3,251 Newcomer and continuing students, as of February 2024, compared to 2,700 Newcomer and continuing students during the same timeframe in 2022-23. S.E.P.A. Los Angeles served 2,301 Newcomer and continuing students while S.E.P.A. Panorama served 950 Newcomer and continuing students.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 2, Action 13: FamilySource System

In 2023-24, the District's Student Health and Human Services (SHHS) Division monitored progress towards Outstanding Attendance for FamilySource System services using the following progress measures:

- Increased number of students provided child welfare and attendance supports through diversion program
  - Overall: 1,961 students, through December 2023, compared to 2,935 students in 2022-23. Final numbers will be available in summer 2024. The District will use the information to inform the effectiveness of the action and need for possible amendment, if necessary.
  - English Learners: 30.6%
  - Low Income: 96.1%
  - Foster Youth: 2.5%

- Increased number of students who successfully complete diversion program
  - The number of students who successfully completed the diversion program is not being tracked for 2023-24 and the progress monitoring measure is being sunsetted for 2024-25. The diversion program was ended at the start of 2023-24.
- Increased number of students provided with educational advocacy and child welfare and attendance supports
  - Increased: 1,917 student assessments provided, as of December 2023, compared to 641 student assessments provided in 2022-23.
- The District views the action as effective due to the increased number of students being provided with educational advocacy and child welfare and attendance supports. As a result of the increased number of students served, the District’s FamilySource centers will be working to expand the number of Pupil Services and Attendance (PSA) counselors from 16 in 2023-24 to 20 in 2024-25. The District will further review action effectiveness in summer 2024 after the final numbers are available for the additional progress monitoring measures.

Goal 2, Action 14: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Elementary Schools

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in elementary schools for Joy and Wellness using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI elementary schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 15 of 25 total metric results such as student engagement results as evidenced in the Chronic Absenteeism Rate (91% or lower) and Students with Excellent Attendance in the SENI action for elementary schools having improved.
- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - Elementary	60.5%	22.0%	30.5%
Chronic Absenteeism Rate (91% or Lower) - Elementary	26.7%	55.2%	41.1%
Single Student Suspension Rate - Elementary	0.0%	0.2%	0.2%
School Safety (Student Perception - Elementary Schools) Percent of students who feel safe at school	84.1%	79.0%	73.5%
School Climate (Student Perception - Elementary Schools) Percent of students who feel they are part of their school	76.7%	73.3%	70.1%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - Elementary	66.4%	23.9%	31.7%
Chronic Absenteeism Rate (91% or Lower) - Elementary	21.1%	51.6%	39.2%
Single Student Suspension Rate - Elementary	0.0%	0.1%	0.1%
School Safety (Student Perception - Elementary Schools) Percent of students who feel safe at school	85.0%	80.4%	77.7%
School Climate (Student Perception - Elementary Schools) Percent of students who feel they are part of their school	78.1%	75.0%	71.9%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - Elementary	70.6%	24.8%	31.0%
Chronic Absenteeism Rate (91% or Lower) - Elementary	17.6%	50.4%	38.6%
Single Student Suspension Rate - Elementary	0.0%	0.1%	0.1%
School Safety (Student Perception - Elementary Schools) Percent of students who feel safe at school	87.1%	81.9%	78.2%
School Climate (Student Perception - Elementary Schools) Percent of students who feel they are part of their school	79.2%	75.8%	73.7%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - Elementary	76.0%	29.8%	31.7%
Chronic Absenteeism Rate (91% or Lower) - Elementary	13.7%	44.2%	36.5%

Single Student Suspension Rate - Elementary	0.0%	0.1%	0.1%
School Safety (Student Perception - Elementary Schools) Percent of students who feel safe at school	87.1%	83.3%	81.2%
School Climate (Student Perception - Elementary Schools) Percent of students who feel they are part of their school	80.0%	77.0%	75.6%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - Elementary	89.5%	43.9%	40.3%
Chronic Absenteeism Rate (91% or Lower) - Elementary	5.2%	27.4%	25.4%
Single Student Suspension Rate - Elementary	0.0%	0.1%	0.1%
School Safety (Student Perception - Elementary Schools) Percent of students who feel safe at school	88.7%	86.1%	84.8%
School Climate (Student Perception - Elementary Schools) Percent of students who feel they are part of their school	79.6%	78.0%	78.2%

Goal 2, Action 15: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Middle Schools

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in middle schools for Joy and Wellness using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI middle schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 12 of 25 total metric results such as student engagement results as evidenced in the Chronic Absenteeism Rate (91% or lower) and Students with Excellent Attendance in the SENI action for middle schools having improved or maintained.
- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
---------------	----------------	----------------	----------------

Students with Excellent Attendance (96% or Higher) - Middle	57.3%	30.2%	35.1%
Chronic Absenteeism Rate (91% or Lower) - Middle	32.2%	48.4%	40.3%
Single Student Suspension Rate - Middle	0.0%	0.7%	0.9%
School Safety (Student Perception - Middle Schools) Percent of students who feel safe at school	81.1%	62.5%	54.1%

**Goal 2, Action 16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: High Schools**

In 2023-24, the District observed the progress of the SENI investments to increase access to programs and supports for targeted student populations in high schools for Joy and Wellness using the below progress metrics:

- The District views the student performance data as supportive of action effectiveness as reflected in the below metrics for SENI high schools, highest-needs to lowest-needs. The District uses the metric information to determine action effectiveness with 10 of 25 total metric results such as student engagement results as evidenced in the Chronic Absenteeism Rate (91% or lower) and Students with Excellent Attendance in the SENI action for high schools having improved or maintained.
- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Students with Excellent Attendance (96% or Higher) - High	54.8%	27.1%	31.9%

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District's 2024-25 LCAP Goal 2 will continue to align with the District's Board adopted 2022-26 Strategic Plan, specifically Pillar 2: Joy and Wellness. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental / concentration grant carryover, for the purposes of transparency as has been the established practice in the District. For 2024-25, the Target for Year 3 Outcomes specific to metrics related to students and the School Experience Survey are lower than the Target for Year 3 Outcomes in the 2021-24 LCAP cycle as the 2021-24 LCAP targets were set prior to the COVID pandemic and there is a need to adjust the outcome targets based on current student data moving into the 2024-27 LCAP cycle.

Goal 2, Action 2: School Police

- The action has been modified to monitor the effectiveness of the Los Angeles School Police Department (LASPD) using the following progress monitoring measures:
  - Assessing supervisory oversight of daily patrol-based deployments to support safety and security for students and staff Districtwide
  - Monitor calls for service in response to a criminal investigation or safety issue in support of the newly created School Climate Advocates to track ongoing effectiveness and identify areas for improvement
  - Track the frequency of communication with the Region offices, school site administrators, and other school safety collaborative members to ensure a safe school environment for students, staff, and the school community as a whole

Goal 2, Action 7: Student Athletic Programs

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Improvements on progress reports monitoring grades for eligibility
- The action has been modified to reflect the addition of the following progress monitoring measure:

- Increasing opportunities for academic interventions

Goal 2, Action 9: Mental Health Supports

- The action has been modified to focus on the use of Psychiatric Social Workers (PSWs) in the goal action rather than the Student and Family Resource Navigators outlined in the 2023-24 LCAP.

Goal 2, Action 10: Positive Behavior Interventions and Restorative Practices

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Increased number of staff who participated in professional development, consultations and trainings related to PBIS/RP

Goal 2, Action 13: FamilySource System

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Increased number of students who successfully complete diversion program

Goal 2, Action 14: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - Elementary Schools

Goal 2, Action 15: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - Middle Schools

Goal 2, Action 16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness - High Schools

- The LCAP will continue moving forward to include three actions (Goal 2, Actions 14-16) to provide additional insight into the implementation of strategies towards Joy and Wellness broken down by elementary, middle, and high schools. The actions were determined as effective in 2023-24 and work to continue supporting high-needs student groups.
- The entire \$700 million of SENI funds to schools is funded from LCFF. The planned expenditure is reflected across the nine SENI actions in the 2024-25 Action Tables.
- The updated student performance data from 2022-23 as a result of the SENI actions 2.14-2.16 continues to support the use and application of SENI funding, supplemental and concentration grant funds, to target high needs students in high needs schools.

# Goals and Actions

## Goal

Goal #	Description
3	<p data-bbox="180 313 659 345"><b><u>Engagement and Collaboration</u></b></p> <p data-bbox="180 386 2053 638">Providing an exceptional learning experience for our students during the pandemic brought our priorities and opportunities for growth into sharper focus and highlighted one of our greatest assets: the strength of the Los Angeles Unified community. Our families and communities are critical partners in preparing students to be ready for the world and in building a world that is ready for our students. We recognize the incredible knowledge, traditions, and resources these partners contribute, and we commit to strengthening these connections so that we may jointly create more opportunities for our youth. We must model for our students what collaboration and respect for others looks like by creating transparent and empowered systems of engagement to ensure that everyone has an opportunity to contribute.</p> <p data-bbox="180 678 1919 748">Over the course of the last LCAP cycle (from 2017 to 2020), our District engagement saw the following progress, as well as continuing areas of need:</p> <ul data-bbox="233 753 2053 930" style="list-style-type: none"> <li data-bbox="233 753 1927 823">● The percent of parents reporting on the School Experience Survey that their child’s school includes them in important decisions fell from 92.0% in 2017-2018 to 84.0% in 2018-2019, but remained stable from 2018-2019 to 2019-2020.</li> <li data-bbox="233 826 2053 930">● The percent of parents reporting on the School Experience Survey that their child’s school provides them with information (verbal and written) they can understand remained high across all three years (96.0% in 2017-2018, 94.0% in 2018-2019, and 95.0% in 2019-2020).</li> </ul> <p data-bbox="180 971 2007 1148">The experience of distance learning in both the 2019-2020 and 2020-2021 school years consistently reaffirmed the importance of partnering with parents to support students. In reflecting on the feedback of our partners, particularly of our Parent Advisory Committee (PAC) and District English Learner Advisory Committee (DELAC), the Los Angeles Unified School District has also chosen to refocus our commitment to parent and family engagement to describe not just opportunities for parent involvement, but whether parents are aware of these opportunities.</p> <ul data-bbox="233 1153 2032 1297" style="list-style-type: none"> <li data-bbox="233 1153 1980 1222">● Accordingly, this LCAP has removed the measure reflecting the percentage of District schools offering a minimum of four parent workshops each year.</li> <li data-bbox="233 1226 2032 1297">● Instead, the LCAP includes a new measure: Percent of parents reporting on the School Experience Survey: “I can easily find information about parent workshops or other programs offered at this school.”</li> </ul>

## Measuring and Reporting Results

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 3. Action 1: Parent and Family Engagement

In 2023-24, the District's Office of Student, Family and Community Engagement (SFACE) continued to implement and support an increased number of parent and family engagement opportunities and programs.

- Successes:
  - Development of the Regional Ambassador program for educational partners centering on Students with Special Needs, English Learners, and the Local Control and Accountability Plan (LCAP).
  - Increased number of parents of School Site Councils (SSCs) and English Learner Advisory Committees (ELACs) completing the SSC and ELAC Ambassadors Course compared to 2022-23.
  - Collaboration with the District's Human Resources department and additional departments to develop and offer District teachers and staff a Family Engagement micro-credential to expand staff capacity in supporting family engagement as well as implementing Family and Community Engagement Summits across the District.
  - Continued implementation of the Family Academy program to support parents and families via in-person meetings and online learning.
  - Increased number of participants in the Los Angeles Unified School Volunteer Program to 24,665.
  - Coordinated with Region-level Family and Community Engagement (FACE) teams to support parents at school sites in accessing Parent Portal to monitor their child's attendance, grades, and progress towards graduation, among additional services.
- Challenges:
  - Identifying meeting locations to accommodate hundreds of participants for staff and family engagement professional development.
  - Supporting parents and families with technology needs to participate in hybrid engagement meetings (virtual and in-person).

Despite the presented challenges, SFACE implemented parent and family engagement services in 2023-24 as planned.

### Goal 3. Action 2: Translation Services

In 2023-24, the District's Translations Unit provided interpretation services across the District to families and educational partners during Board of Education meetings, Region meetings, District-level committee meetings, and additional forums as well as completed translation of District communications and documents into languages other than English.

- Successes:
  - Provided interpretation services for approximately 6,000 requests accounting for nearly 18,000 hours of live interpretation.

- Completed nearly 1,800 translation requests of District communications and documents, translating approximately 4.5 million words.
- Challenges:
  - Increased demand for in-person Region engagement meetings requiring Spanish and American Sign Language translation services.
  - Increased demand for translation services for languages other than English necessitated the need for outsourcing of translation services.

Despite the presented challenges, the Translations Unit implemented services in 2023-24 as planned.

Goal 3, Action 3: Technology for Communications and Accessibility (New Action in 2023-24)

In 2023-24, the Information Technology Services (ITS) department continued to implement processes to ensure students have access to computer devices, internet connectivity, and technical support.

- Successes:
  - Improvement in communicating student technology needs at school sites through Region offices to the Information Technology Services department increased the percentage of students having access to computer devices and internet connectivity.
- Challenges:
  - None Identified

The ITS services were implemented in 2023-24 as planned.

Goal 3, Action 4: Student Empowerment

In 2023-24, the District's Student Empowerment Unit (SEU) continued to expand student engagement and leadership opportunities as well as increased the number of community partners to provide additional funding and support as conference panelists, volunteers, and speakers.

- Successes:
  - Developed and implemented three Districtwide student leadership and informational conferences; Young Men's Leadership Conference in December 2023, Young Women's Leadership Conference in March 2024, and the Mental Health and Wellness Symposium in April 2024.
  - Added three new District-level student advisory councils; Black Student Advisory Council, Region North Superintendent's Student Advisory Council, and the Arts Ambassadors Student Council.
  - Established partnerships with 12 additional community organizations to support student leadership and empowerment opportunities.
- Challenges:

- The continued expansion of student engagement programs and leadership opportunities is restricted due to limited staffing.

Despite the presented challenge, the Student Empowerment Unit (SEU) implemented programs in 2023-24 as planned.

### Goal 3, Action 5: Aligned Strategic Planning and Accountability

In 2023-24, the LCAP team continued to align strategic planning and accountability processes to promote LCAP engagement and development.

- **Successes:**
  - LCAP Engagement and Development
    - The LCAP team partnered with each Region-level Family and Community Engagement (FACE) team to develop and implement 12 Region LCAP engagement meetings, three meetings per Region, to promote awareness of District services, programs, and funding for students by LCAP goal at each Region as well as opportunities for engagement between parents and Region / District staff.
    - The LCAP team collaborated with the District's Office of Communications and additional District departments to expand educational partner input and feedback on programs and services to promote student success, which generated over a 100% increase from prior year in partner comments via the District's digital feedback platform, ThoughtExchange, to assist in the development of the 2024-25 LCAP.
    - In order to expand engagement at the school-level, the LCAP team completed and promoted a Districtwide Coffee with the Principal slide deck for principal use to connect how each school's programs and services aligned to the LCAP are supporting student success.
    - The LCAP team continued to collaborate with the District's Student, Family and Community Engagement (SFACE) department in the planning and participation in District-level Parent Advisory Committee (PAC) meetings and District English Learner Advisory Committee (DELAC) meetings.
    - Supported LCAP development for each of the District's 51 Affiliated Charter schools through meetings with school principals in one-on-one and group sessions.
    - The LCAP team planned and implemented six community engagement meetings including presentations and Q&A by District departments highlighting specific services and programs to support students connected to the LCAP.
    - In addition, the LCAP team collaborated with the District's Student Empowerment Unit (SEU) in developing and completing 12 presentations to Districtwide student advisory councils.
    - The LCAP team completed the mid-year annual LCAP update and associated February 13, 2024 Board of Education presentation, which included mid-year annual LCAP updates for the 51 District affiliated charter schools.
    - Also, the LCAP team continued to advise school sites and District departments in the use of state LCFF supplemental and concentration grant funds as well as the use of School Staffing Equity Grant funds and LCFF Equity Multiplier funds.
- **Challenges:**
  - LCAP team responsibilities increased with the addition of implementing and participating in Region-level LCAP engagement sessions and the new ongoing state requirement of completing a mid-year annual LCAP update for the District and the 51 District affiliated charter schools.

Despite the presented challenge, the LCAP team implemented actions in 2023-24 as planned.

Goal 3, Action 6: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: Elementary Schools (New Action in 2023-24)

In 2023-24, District elementary schools continued to use Student Equity Needs Index (SENI) funding to support and increase communication, engagement, and collaboration with parents, students, and the community to enhance student success, particularly for English Learners, students from low-income families, and foster youth.

- Successes:
  - Use of school-based staff such as parent liaisons to increase parent, student, and community engagement opportunities in the effort to promote improved student attendance and success.
  - Provided resources to parents and families to improve their capacity to better support their child's needs.
  - School administrators to assist in the development and implementation of student and family engagement programs as well as community engagement programs to empower English Learners, students from low-income families, and foster youth.
  - Additional school-based staff such as psychologists and Psychiatric Social Workers (PSWs) to develop social-emotional learning supports and engagement opportunities, such as parent workshops, to build educational partner capacity to support students.
- Challenges:
  - Across the District, filling vacant positions due to staffing shortages posed a challenge in utilizing SENI funds.
  - Many District elementary schools opted to allocate one-time funds towards supporting and increasing school-based services and programs to increase engagement.

Despite the presented challenges, elementary schools utilized SENI funds to enhance support for high-needs student groups including English Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

Goal 3, Action 7: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: Middle Schools (New Action in 2023-24)

In 2023-24, District middle schools continued to use Student Equity Needs Index (SENI) funding to support and increase communication, engagement, and collaboration with parents, students, and the community to enhance student success, particularly for English Learners, students from low-income families, and foster youth.

- Successes:
  - Assisted parents and families to support their child's needs in the school community through the use of additional school-based staff.
  - School leaders provided guidance and direction to develop programs that benefit students, including engagement opportunities

for students and families.

- Increased the number of school staff members, such as parent liaisons to engage with families and community and facilitate the involvement of community partners with the school.
- Implementation of mental health services and social-emotional programs to support students and their families through the use of psychologists and Psychiatric Social Workers (PSWs) in schools to foster and maintain a positive and engaging school environment.
- Challenges:
  - Across the District, filling vacant positions due to staffing shortages posed a challenge in utilizing SENI funds.
  - Many District middle schools opted to allocate one-time funds towards supporting and increasing school-based services and programs to increase engagement.

Despite the presented challenges, middle schools utilized SENI funds to enhance support for high-needs student groups including English Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

### Goal 3, Action 8: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: High Schools (New Action in 2023-24)

In 2023-24, District high schools continued to use Student Equity Needs Index (SENI) funding to support and increase school-based communication, engagement, and collaboration with parents, students, and the community to enhance student success, particularly for English Learners, students from low-income families, and foster youth.

- Successes:
  - Use of school-based mental health staff such as psychologists and Psychiatric Social Workers (PSWs) to address the social and emotional challenges of students and create a healthy school environment as well as providing parent workshops so parents can better support their children.
  - Assisted parents and families of students to become advocates for their child's needs within the school community such as regular school attendance.
  - Additional school staffing such as parent liaisons and community representatives to network with families and communities to increase the number and effectiveness of school volunteers and involve community-to-school partners to meet the diverse needs of students.
  - Instructional and operational leadership provided by school administration to plan and implement programs with resources supporting parent, family, and community engagement opportunities.
- Challenges:
  - Across the District, filling vacant positions due to staffing shortages posed a challenge in utilizing SENI funds.
  - Many District high schools opted to allocate one-time funds towards supporting and increasing school-based services and programs to increase engagement.

Despite the presented challenges, high schools utilized SENI funds to enhance support for high-needs student groups including English

Learners, students from low income families, and foster youth and continue to work to reduce equity gaps.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3, Action 1: Parent and Family Engagement

Goal 3, Action 2: Translation Services

Goal 3, Action 3: Technology for Communications and Accessibility

Goal 3, Action 4: Student Empowerment

Goal 3, Action 5: Aligned Strategic Planning and Accountability

*No material differences were observed for the actions.*

Goal 3, Action 6: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - Elementary Schools

Goal 3, Action 7: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - Middle Schools

Goal 3, Action 8: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - High Schools

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for goal actions 3.6-3.8 is the difficulty in finding enough highly qualified staff members for open positions at the elementary, middle, and high school levels. The District supports staff recruitment efforts such as for engagement and collaboration staff for all schools to support the actions funded with SENI investments. It is also important to note that unspent SENI funds stay with the school, the funds are school based allocations. The SENI funds can then be used later by the individual school site under the same allowable uses that are in alignment with the action which is to increase and improve parent, family, and student engagement to provide students from low income families, students in foster care, and English Learners with increased academic achievement, improved relationships, and an improved school environment. District schools do utilize additional resources for the implementation of student services and programs.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

For LCAP Goal 3: Engagement and Collaboration, the District finds the goal actions effective in increasing Districtwide engagement and collaboration during the period of the 2021-24 LCAP cycle. There has been continued progress seen in reported metrics tied to the District's School Experience Survey results as well as in the stated monitoring and evaluation systems of the District. Each action for Goal 3: Engagement and Collaboration has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the District's priorities within Pillar 3: Engagement and Collaboration in the District's Board adopted 2022-26 Strategic Plan; Strong Relationships, Accessible Information, Leading for Impact, and Honoring Perspectives.

Goal 3, Action 1: Parent and Family Engagement

In 2023-24, the District's Office of Student, Family and Community Engagement (SFACE) monitored progress towards Strong Relationships in the area of parent and family engagement using the following progress measures:

- Family Voice Leadership and Advocacy:
  - Increased number of parent members of School Site Councils (SSCs) and English Learner Advisory Committees (ELACs) who culminate from the SSC and ELAC Ambassadors Course
    - Increased to 1,099 parents attending the four SSC and ELAC Ambassadors courses in 2023-24 from 515 parents attending in 2022-23.
  - Increased number of parent members of School Site Councils (SSC) by Region who attend Fall training and learn about school plans to serve student needs
    - Decreased to 997 parents attending the fall 2023 SSC training from 1,251 parents attending the fall 2022 SSC training.
  - Increased number of parents participating in Regional LCAP and English Learner (EL) study groups
    - The reporting on the progress monitoring measure was amended to note the transition of Regional LCAP and EL study groups to three engagement Ambassador pathways hosted with Region offices specifically for parents and families to serve as ambassadors for their students and school communities in the topics of LCAP, English Learners, and Special Education.
      - 2,587 participants attended Region Ambassador meetings, as of March 16, 2024.
  - Increased number of participants in Title I Conferences held during the fall and spring semesters
    - Expected Increase: Data is pending and will be available in summer 2024. In 2022-23, 994 participants attended the fall and spring Title I Conferences and the District is expecting the number of participants to increase. Upon data availability, the District will view the information in the context of the progress monitoring measures for the action to determine further effectiveness of the action in 2024-25.
  - Increased number of District-level committee parents trained on Parliamentary Procedures, Brown and Green Act, Data, developing comments and recommendations, and other topics
    - Decreased to 122 District-level committee parents, as of March 15, 2024, in 2023-24 from 307 in 2022-23. Note: District-level committee parents were encouraged to join the Family Academy webinar course offerings thereby reducing the number of attendees to specific trainings related to parliamentary procedures, data, and comment development.
- Professional Development:
  - Increased number of Communities of Schools offering annual professional development segments for school leaders on topics such as welcoming environment, Parent Portal, strategic budgeting and engagement of school communities in shared decision-making, as well as evolving school practices from lower to higher impact engagement practices
    - Baseline: Three (3) of four (4) Regions have scheduled and implemented Family Engagement professional development segments for school leaders.
  - Increased number of school sites per Region (represented by the principal, a coordinator, parent and family center staff, and parent leader) that complete the Family Empowerment Micro-credential
    - Baseline: Eight candidates representing five schools (Cochran Middle School, Haskell STEAM Magnet Elementary School, 93rd Street Elementary School, Middleton Elementary School, and Sun Valley Middle School) are on track, as of May 2024, to complete the Family Empowerment Micro-credential by the end of 2023-24.
- Parent Participation and Communication:

- Increased number of participants in the Los Angeles Unified School Volunteer Program
  - Increased to 24,665 participants, as of March 4, 2024, from 23,004 participants in 2022-23.
- Increased number of module courses developed for parent and family engagement
  - 2023-24: Data is pending and will be available in summer 2024.
  - 2022-23: Seven (7) module courses developed
- Increased number of graduates from the Empowered Families Academy
  - 2023-24: Data is pending and will be available in summer 2024.
  - 2022-23: 212 graduates
- Increased percent of students who have at least one parent enrolled in the Los Angeles Unified Parent Portal
  - 2023-24: 82% of students, as of March 9, 2024, with at least one parent enrolled in the LA Unified Parent Portal.
  - 2022-23: 79% of students with at least one parent enrolled in the LA Unified Parent Portal.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 3, Action 2: Translation Services

In 2023-24, the District's Translations Unit provided increased opportunities for parent, student, and additional educational partner engagement employing the following progress measures:

- Increased number of written translation requests submitted and accommodated
  - Increased to approximately 1,800 written translation requests submitted and completed, as of March 2024, from 1,700 in 2022-23.
- Increased number of requests for oral interpretation submitted and accommodated
  - Decreased to approximately 8,000 interpretation requests with a completion rate of 75% or 6,000 requests, as of March 2024, from 9,811 interpretation requests with a completion rate of 82.6% in 2022-23. Note: In 2023-24, there has been an increased number of hours associated with completing oral interpretation at 17,729, as of March 2024, from 17,220 in 2022-23.
- Expenditures from individual schools that receive funding to ensure interpretation and translation services are being offered and provide to those in need
  - The progress monitoring measure has not been addressed as a structure has not been established with schools so that individual schools can assist with expenditures for interpretation and translation.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 3, Action 3: Technology for Communications and Accessibility

In 2023-24, the District's Information Technology Services unit continued to meet the instructional technology needs and requirements for students to access content curriculum and resources, in addition to instruction, employing the following progress measure:

- Meet the needs of 95% of students who request a computer device, connectivity, and/or technical support
  - Met and exceeded the needs of 95% of students who requested a computer device, connectivity, and/or technical support:

97% of students who requested a device, as of March 2024, from 95% in 2022-23; 97% of students who requested connectivity, as of March 2024, from 95% in 2022-23; and met the needs of 99% of students who requested technical support, as of March 2024, matching 99% in 2022-23.

- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 3. Action 4: Student Empowerment

In 2023-24, the District's Student Empowerment Unit (SEU) monitored progress towards student engagement using the following measures:

- Increased percent of students who feel they are a part of their school per School Experience Survey
  - 2023-24:
    - All Students: 58.5%
    - English Learner: 63.4%
    - Foster Youth: 56.8%
  - 2022-23:
    - All Students: 61.6%
    - English Learner: 66.4%
    - Foster Youth: 59.6%
  - School Experience Survey (SES) results highlight a slight decrease in the percent of All Students, English Learner, and Foster Youth across the District who feel they are a part of their school from 2022-23 to 2023-24. The District views student engagement and increased student engagement as central to its mission in preparing students for leadership roles, building a positive school culture, and for social-emotional development, among additional factors. The District views the action as effective. Further review of the survey participation rate and survey tool may result in increasing promotion of the SES as well as redesigning survey questions to ensure accurate responses.
- Increased number of leadership opportunities at the school and district levels
  - Increased to 63 District-level student advisory council meetings from 18 in 2022-23.
  - Increased to 289 the number of students participating in student advisory councils from 109 in 2022-23.
  - Increased to 102 the number of schools represented on student advisory councils from 85 in 2022-23.
- Increased number of staff members who participate in student leadership trainings
  - Baseline: 140 school leaders were trained during summer 2023 in preparation for the 2023-24 school year. Comparative data will be available next school year for 2024-25.
- Increased number of students who participate in Districtwide leadership conferences
  - Increased by 59.6% the number of students participating in Districtwide leadership conferences from a 6.3% increase in 2022-23.
- Increased partnerships with community organizations to support student leadership and empowerment
  - 12 additional partnerships were created with community organizations from five (5) new partnerships in 2022-23.

Goal 3, Action 5: Aligned Strategic Planning and Accountability

In 2023-24, the LCAP team observed progress towards Engagement and Collaboration using the following progress measures:

- Increased number of LCAP meetings with the Los Angeles County Office of Education
  - Increased to 15 meetings projected for 2023-24 from 14 meetings in 2022-23.
- Increased number of internal planning and accountability alignment meetings
  - Increased to 344 meetings from 260 meetings in 2022-23.
- Increased number of educational partner engagement opportunities
  - Increased to 18 in 2023-24 from eight educational partner engagement meetings in 2022-23.
- Increased number of participants in ThoughtExchange engagement forums and other feedback / input surveys
  - Increased to 22,570 participants with 203,440 ratings on 13,224 comments, as of May 3, 2024, from 11,816 participants with 115,112 ratings on 6,146 comments in 2022-23.
- Improved feedback on the effectiveness of engagement strategies
  - The LCAP team reviewed the survey design for implementation in 2024-25. Comparative data to 2022-23 is not available.
- The District views the action as effective due to the increased number of educational partner engagement opportunities for engagement and collaboration across the District as well as the increased number of participants and feedback in the ThoughtExchange engagement platform the District employs for receiving feedback on the LCAP, among other areas.

Goal 3, Action 6: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: Elementary Schools

The District views the School Experience Survey (SES) results as reflected in the below metrics for SENI elementary schools, highest-needs to lowest-needs, as supportive of action effectiveness. The District uses the metric information to determine action effectiveness with each metric measure having increased from 2021-22 to 2022-23.

- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school includes me in important decisions about my child’s education.”	87.9%	87.5%	89.3%
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school provides instructional resources to help me support my child’s education.”	85.6%	85.3%	87.9%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

Metric	2020-21	2021-22	2022-23
--------	---------	---------	---------

Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school includes me in important decisions about my child’s education.”	88.1%	88.4%	89.7%
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school provides instructional resources to help me support my child’s education.”	85.0%	86.4%	88.1%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school includes me in important decisions about my child’s education.”	86.8%	87.2%	89.4%
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school provides instructional resources to help me support my child’s education.”	84.6%	85.1%	87.6%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school includes me in important decisions about my child’s education.”	85.6%	86.2%	87.2%
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school provides instructional resources to help me support my child’s education.”	83.4%	84.3%	86.5%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school includes me in important decisions about my child’s education.”	77.4%	78.9%	81.1%
Percent of Parents Reporting on the School Experience Survey (Elementary Schools): “This school provides instructional resources to help me support my child’s education.”	78.9%	79.5%	82.0%

**Goal 3, Action 7: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: Middle Schools**

The District views the School Experience Survey (SES) results as reflected in the below metrics for SENI middle schools, highest-needs to lowest-needs, as supportive of action effectiveness. The District uses the metric information to determine action effectiveness with each metric measure having increased from 2021-22 to 2022-23, except for one metric in highest-needs schools and one metric in high-needs schools. The District has reviewed the decrease in metric results for Highest-Need schools and will complete further analysis when 2023-24 School Experience Survey results for Highest-Need schools are reviewed.

- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school includes me in important decisions about my child’s education.”	88.3%	85.6%	82.7%
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school provides instructional resources to help me support my child’s education.”	86.6%	85.1%	82.6%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school includes me in important decisions about my child’s education.”	83.4%	83.7%	84.5%
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school provides instructional resources to help me support my child’s education.”	81.6%	83.4%	83.1%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school includes me in important decisions about my child’s education.”	82.2%	82.3%	83.4%
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school provides instructional resources to help me support my child’s education.”	80.8%	82.2%	83.7%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school includes me in important decisions about my child’s education.”	80.7%	77.1%	83.4%
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school provides instructional resources to help me support my child’s education.”	79.1%	77.0%	80.0%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school includes me in important decisions about my child’s education.”	73.9%	70.2%	79.8%
Percent of Parents Reporting on the School Experience Survey (Middle Schools): “This school provides instructional resources to help me support my child’s education.”	74.1%	71.8%	75.2%

Goal 3, Action 8: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: High Schools

The District views the School Experience Survey (SES) results as reflected in the below metrics for SENI high schools, highest-needs to lowest-needs, as supportive of action effectiveness. The District uses the metric information to determine action effectiveness with each metric measure having increased from 2021-22 to 2022-23.

- Highest-need schools (SENI Quintile 1) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school includes me in important decisions about my child’s education.”	84.8%	81.0%	82.4%
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school provides instructional resources to help me support my child’s education.”	84.0%	81.4%	82.6%

- High-need schools (SENI Quintile 2) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school includes me in important decisions about my child’s education.”	81.9%	81.1%	84.4%
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school provides instructional resources to help me support my child’s education.”	80.9%	80.2%	85.1%

- Moderate-need schools (SENI Quintile 3) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school includes me in important decisions about my child’s education.”	79.1%	81.0%	83.9%
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school provides instructional resources to help me support my child’s education.”	78.7%	82.9%	84.2%

- Low-need schools (SENI Quintile 4) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school includes me in important decisions about my child’s education.”	78.0%	78.7%	78.9%
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school provides instructional resources to help me support my child’s education.”	77.4%	79.0%	79.4%

- Lowest-need schools (SENI Quintile 5) (as identified in 2022-23 for 2023-24 SENI allocations)

<b>Metric</b>	<b>2020-21</b>	<b>2021-22</b>	<b>2022-23</b>
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school includes me in important decisions about my child’s education.”	75.6%	73.3%	75.7%
Percent of Parents Reporting on the School Experience Survey (High Schools): “This school provides instructional resources to help me support my child’s education.”	75.6%	73.3%	77.8%

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District’s 2024-25 LCAP Goal 3 will continue to align with the District’s Board adopted 2022-26 Strategic Plan, specifically Pillar 3: Engagement and Collaboration. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 3, Action 1: Parent and Family Engagement

- This action has been modified to monitor the effectiveness of Parent and Family Engagement using the following progress monitoring measures:
  - Family Voice Leadership and Advocacy
    - Increased number of parent members of School Site Councils (SSCs) and English Learner Advisory Committees (ELACs) who participate in the SSC and ELAC Ambassadors Course
    - Increased number of parent members of School Site Councils by Region who attend Fall training and learn about school plans to serve student needs
    - Increased number of parents participating in Region Ambassador segments (Note: The name of the meeting moved from Regional LCAP and EL study groups to Region Ambassador at the beginning of 2023-24)
    - Increased average number of participants in the Family Academy webinars
  - Professional Development
    - Increased percentage of schools offering monthly training
    - Increased number of school sites per Region (represented by the principal, a coordinator, parent and family center staff, and parent leader) that complete the Family Empowerment Micro-credential
  - Parent Participation and Communication
    - Increased number of participants processed annually within 30 days in the Los Angeles Unified School Volunteer Program.
    - Increased number of graduates from the Equity Course Pathways
    - Increased percent of students who have at least one parent enrolled in the Los Angeles Unified Parent Portal

Goal 3, Action 2: Translation Services

- This action has been modified to reflect the removal of the following progress monitoring measure:
  - Expenditures from individual schools that receive funding to ensure interpretation and translation services are being offered and provided to those in need.

Goal 3, Action 3: Technology for Communications and Accessibility

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Meet the needs of 95% of students who request a computer device, connectivity, and/or technical support

- The action has been modified to reflect the inclusion of the following progress monitoring measure:
  - Ensure that 100% of schools are in compliance with certifying their student computing device inventory and meet the needs of 100% of families, students, and employees who request technical support.

Goal 3, Action 4: Student Empowerment

- This action has been modified to monitor the effectiveness of Student Empowerment Unit (SEU) programs using the following progress monitoring measures:
  - Increase the percentage of students responding favorably on the School Experience Survey around overall opportunities for participation and leadership by 2% annually.
  - Increased the number of students who participate in Districtwide leadership conferences by 3% annually.
  - Increase opportunities for student participation in District-level student advisory councils, task forces, and other leadership opportunities.
  - Increase the participation of student leaders in local and national organizations.
  - Increase the number of partnerships with community-based organizations, civic leaders, local community colleges, four-year institutions, and workforce leaders.

Goal 3, Action 5: Aligned Strategic Planning and Accountability

- This action has been modified to reflect the amendment of the following progress monitoring measure from increased number of LCAP meetings with the Los Angeles County Office of Education to:
  - Maintain LCAP meetings with the Los Angeles County Office of Education

Goal 3, Action 6: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - Elementary Schools

Goal 3, Action 7: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - Middle Schools

Goal 3, Action 8: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration - High Schools

- The LCAP will continue moving forward to include three actions (Goal 3, Actions 6-8) to provide additional insight into the implementation of strategies towards Engagement and Collaboration broken down by elementary, middle, and high schools. The actions were determined as effective in 2023-24 and work to continue supporting high-needs student groups.
- The entire \$700 million of SENI funds to schools is funded from LCFF. The planned expenditure is reflected across the nine SENI actions in the 2024-25 Action Tables.
- The updated student performance data from 2022-23 as a result of the SENI actions 3.6-3.8 continues to support the use and application of SENI funding, supplemental and concentration grant funds, to target high needs students in high needs schools.
- School Experience Survey (SES) results will be further evaluated in summer 2024 to measure the effectiveness of the SENI actions.

## Goals and Actions

### Goal

Goal #	Description
4	<p><b><u>Operational Effectiveness</u></b></p> <p>In order to create opportunities for our students to become ready for the world and develop into future leaders of change and progress, we must demonstrate that same leadership through innovative approaches to managing our organization. This includes improving and maintaining state-of-the-art facilities, providing access to modern technology, and establishing powerful new ways to look at data and District budgets so that we make the best decisions to serve our students. We must also differentiate our recruitment strategies to meet the needs of specific communities. Finally, we must further promote and improve access to the District's leading-edge programs so our families are excited to stay and continue learning in Los Angeles Unified.</p>

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percent of Facilities in Good Repair	100% of Facilities In Good Repairs or Better Based on SARC  (Year: 2019-20)  <i>Source: LAUSD Open Data Dashboard</i>	100% of Facilities In Good Repairs or Better Based on SARC  (Year: 2021-22)  <i>Source: Local Indicator Priority 1 Self-Assessment</i>	100% of Facilities In Good Repairs or Better Based on SARC  (Year: 2022-23)  <i>Source: Local Indicator Priority 1 Self-Assessment</i>	100% of Facilities in Good Repairs or Better Based on SARC  (Year: 2023-24)  <i>Source: Local Indicator Priority 1 Self-Assessment</i>	100% of Facilities In Good Repairs or Better Based on SARC

### **Goal Analysis**

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

#### Goal 4, Action 1: Assessments and Evaluations

In 2023-24, the District’s Student Testing Branch in the Office of Data and Accountability (ODA) continued to support and complete a compliance oriented state testing environment for eligible students across the District.

- Successes:
  - State testing windows for the ELPAC and CAASPP were able to open earlier for schools due to hiring 100% of necessary testing coordinators.
- Challenges:
  - Due to the state’s CAASPP testing window opening later in the school year, the Student Testing Branch had to delay all school site testing coordinator training until February/March 2024.
  - Ensuring new testing coordinators hired mid-year complete required training prior to the state testing windows.
  - Impacts to teacher and student access to state assessment platforms due to delayed designation of school site testing coordinators.

Despite the presented challenges, the Student Testing Branch implemented state testing services for students in 2023-24 as planned.

#### Goal 4, Action 2: Facilities and Physical Infrastructure

In 2023-24, the District’s Facilities Services Division continued to provide well-maintained facilities and improve Operational Effectiveness by completing repairs and renovations, among additional services.

- Successes:
  - Increased by 14% the service call response time within the policy-dictated timeframe compared to 2022-23.
  - 90% of emergency service calls were consistently responded to within the policy-dictated timeframe.
- Challenges:

- Prioritization of storm recovery efforts after several multi-day major storm events in Los Angeles temporarily impacted department response times.
- Staff vacancy rates marginally impacted the implementation of facilities and physical infrastructure work.

Despite the presented challenges, the goal action was principally implemented in 2023-24 as planned.

#### Goal 4, Action 3: Technology Infrastructure

In 2023-24, the District's Information Technology Services (ITS) unit improved service time to resolve information technology incidents to reduce impacts to student instruction.

- Successes:
  - ITS has continued to decrease the mean time to resolution from 3.25 days in 2022-23 to 2.09 days in 2023-24.
- Challenges:
  - None identified

The goal action was implemented in 2023-24 as planned.

#### Goal 4, Action 4: Budgeting and Operations

In 2023-24, the Los Angeles Unified School District continued to support Sustainable Budgeting and operational effectiveness of the District.

- Successes:
  - The second interim financial report projects an ending balance of \$804.5 million in unassigned/unappropriated general funds in 2023-24.
- Challenges:
  - With declining student enrollment in the District, the projected unassigned/unappropriated general fund balance in 2024-25 is \$208.4 million, down from a projected \$483.6 million at the first interim financial report.

Despite the presented challenge, Budgeting and Operations services were implemented in 2023-24 as planned.

#### Goal 4, Action 5: Magnet Schools

In 2023-24, the District's Student Integration Services (SIS) office continued to provide high-quality student learning opportunities and Magnet School student programs to ensure increased college and career readiness.

- Successes:
  - 48 District magnet schools received National Merit Awards by Magnet Schools of America, an increase from 40 District magnet

schools in 2022-23. National Merit Awards recognize the top magnet schools based on student academic achievement and continued school commitment to comprehensive educational experiences.

- 12 District magnet schools were designated as Schools of Excellence by Magnet Schools of America.
- 36 District magnet schools were designated as Schools of Distinction by Magnet Schools of America.
- 98% of District magnet schools have differentiated school-to-parent communication systems, including school newsletters and social media platforms, as reported in a March 2024 parent survey.
- Increase in the percent of students enrolled in Honors or Advanced Placement (AP) courses.
- District magnet schools continue to outperform non-magnet schools as evidenced in college readiness examinations, student attendance rates, high school graduation rates, A-G course completion rates, and state Smarter Balanced Assessments in English Language Arts and mathematics.
- Challenges:
  - Ensuring all 331 District magnet programs receive a high level of oversight and service from a limited number of Central Office Magnet Coordinators.

Despite the presented challenge, the SIS program was implemented in 2023-24 as planned.

#### Goal 4, Action 6: Transportation

In 2023-24, the District's Transportation Services Division (TSD) continued to transport eligible Special Education, Magnet, and additional eligible students, while also expanding transportation service to all students based on seat and bus availability.

- Successes:
  - Transportation Services increased its ridership by approximately 2,000 students to over 15,000 students.
  - Increased outreach such as public billboards and Parent Portal to parents and families regarding student transportation services.
  - Transportation Services reduced the distance requirement between residence and schools for Magnet students.
- Challenges:
  - Timing of the expanded transportation services to all students based on seat and bus availability was initiated after the start of the school year.

Despite the presented challenge, the Transportation Services Division (TSD) implemented expanded services in 2023-24 as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

#### Goal 4, Action 1: Assessments and Evaluations

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024

(as of the Second Interim Budget Report) through June 30, 2024, for the action is based on initial budget predictions that were budgeted higher than actual as well as a reduced cost associated in implementing the District's student testing program.

Goal 4, Action 2: Facilities and Physical Infrastructure

*No material difference was observed for the action.*

Goal 4, Action 3: Technology Infrastructure

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on additional funds allocated to the Information Technology Services department to purchase and renew software licenses and necessary information technology (IT) hardware ensuring infrastructure support including the enhancement of IT systems.

Goal 4, Action 4: Budgeting and Operations

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on a combination of reduced budgets within the action from the time of LCAP adoption and budgeted expenditure transfers.

Goal 4, Action 5: Magnet Schools

Goal 4, Action 6: Transportation

*No material differences were observed for the actions.*

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

As evidenced in the Measuring and Reporting Results for LCAP Goal 4: Operational Effectiveness, the District finds the goal actions principally effective in increasing Districtwide operational effectiveness during the period of the 2021-24 LCAP cycle. The District has continued to meet the metrics of 100% of facilities in good repairs or better and 100% of schools providing students with standards-based instructional materials in accordance with Williams Act requirements. Each action has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the District's priorities within Pillar 4: Operational Effectiveness in the Board-adopted 2022-26 Strategic Plan; Data-Driven Decision Making, Modernizing Infrastructure, Sustainable Budgeting, and ensuring Los Angeles Unified is a District of Choice.

Goal 4, Action 1: Assessments and Evaluations

In 2023-24, the District's Student Testing Branch in the Office of Data and Accountability (ODA) supported and completed a compliance

oriented state testing environment for eligible students using the following progress measures:

- Increased student participation in state mandated assessments
  - California Assessment of Student Performance and Progress (CAASPP):
    - Increased: 97.2% of eligible students completed the state’s Smarter Balanced Assessment in English Language Arts (ELA) in 2022-23, compared to 95.3% of eligible students in 2021-22.
    - Increased: 98.1% of eligible students completed the state’s Smarter Balanced Assessment in Mathematics in 2022-23, compared to 95.8% of eligible students in 2021-22.
    - Note: The state participation requirement is 95% of eligible students on the Smarter Balanced Assessments in ELA and Mathematics.
  - English Language Proficiency Assessments for California (ELPAC):
    - 97.7% of eligible students completed the Summative ELPAC in 2022-23. Note: The ELPAC testing window closes on May 31, 2024. Participation numbers will be reported in the 2024-25 Annual LCAP Update.
- Number of unfilled testing coordinator positions
  - 100% of schools with eligible students have a fully trained CAASPP coordinator, as of February 2024.
  - 100% of schools with eligible students have a fully trained ELPAC coordinator, as of February 2024.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 4, Action 2: Facilities and Physical Infrastructure

In 2023-24, the Facilities Services Division monitored progress towards Modernizing Infrastructure in the area of facilities using the following progress measures:

- Maintain 100% of service calls completed within 90 days
  - Approximately 2,455 open service calls were over 90 days old, as of April 2024, compared to 2,245 open service calls over 90 days old in 2022-23.
- Maintain 100% of regulatory preventive maintenance work orders complete on time
  - Increased: 99% of regulatory preventative maintenance work orders were completed on time, as of April 2024, compared to 95% in 2022-23.
- Maintain 100% of schools in “good repair” based on School Accountability Report Card (SARC) inspections
  - 100% of schools were in “good repair” in 2022-23. For 2023-24, annual SARC inspections have been initiated and will be completed in summer 2024.
- Maintain or improve 85% of all service calls are responded to in the policy-dictated timeframe
  - Improved: 85.7% of services calls were responded to within the policy-dictated timeframe, as of April 2024, compared to 72% in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 4, Action 3: Technology Infrastructure

In 2023-24, the District's Information Technology Services (ITS) unit monitored and supported progress towards Modernizing Infrastructure in the area of technology infrastructure using the following progress measure:

- Decrease Information Technology Services mean time to resolution for incidents 5% each year over a span of five years
  - Decreased: ITS responded to requests for IT support within 2.09 days in mean time to resolution, as of March 2024, compared to 3.25 days in mean time to resolution in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 4, Action 4: Budgeting and Operations

In 2023-24, Los Angeles Unified monitored progress towards Sustainable Budgeting and the effectiveness of operations using the following progress measure:

- Maintain positive certification of the District's multi-year budget
  - 2023-24: District budget was positively certified by the Los Angeles County Office of Education (LACOE).
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 4, Action 5: Magnet Schools

In 2023-24, the District's Student Integration Services (SIS) office monitored progress towards increasing Los Angeles Unified as a District of Choice in the area of magnet schools using the following progress measures:

- Improved magnet schools attendance rates
  - Decreased: 91.6% attendance rate in 2023-24, as of February 2024, compared to a 93.0% attendance rate in 2022-23, as of February 2023.
- Improved average DIBELS score (elementary)
  - As of 2023-24, DIBELS is no longer a tracked progress monitoring measure for this action, Goal 4, Action 5.
- Increased percent of students in one honors course or percent of students in one Advanced Placement (AP) course (secondary)
  - Enrolled in Honors Courses:
    - Increased: 58.7%, compared to 56.8% in 2022-23.
  - Enrolled in AP Courses:
    - Increased: 22.2%, compared to 21.5% in 2022-23.
- Increased percent of students that met or exceeded ELA standards (SBA)
  - Decreased: 57.8% in 2022-23, compared to 58.8% in 2021-22.
- Increased percent of students that met or exceeded Math standards (SBA)
  - Increased: 43.3% in 2022-23, compared to 41.1% in 2021-22.
- Increased percent of magnet students in 50% or more magnet classes (secondary only)
  - Increased: 95.6% in 2023-24, as of March 14, 2024, compared to 69.5% in 2022-23.

- Increased percent of Magnet teachers teaching in 50% or more Magnet tagged classes (secondary only)
  - Increased: 95.6% in 2023-24, as of March 14, 2024, compared to 73.9% in 2022-23.
- Magnet program’s magnet theme is integrated into all subjects (evidenced by professional development schedule, room environment, interdisciplinary lessons, etc.)
  - Theme integration:
    - Increased: 89% in 2023-24, as of March 14, 2024, compared to 85.2% in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

Goal 4, Action 6: Transportation

In 2023-24, the District’s Transportation Services Division (TSD) monitored progress towards Operational Effectiveness and ensuring Los Angeles Unified is a District of Choice for students and families using the following progress measure:

- Increase student ridership access for transportation services
  - Increased: Average daily student ridership rose to 15,292 students, as of March 6, 2024, from 13,340 students in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District’s 2024-25 LCAP Goal 4 will continue to align with the District’s Board adopted 2022-26 Strategic Plan, specifically Pillar 4: Operational Effectiveness. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 4, Action 1: Assessments and Evaluations

- The action has been modified to reflect the following progress monitoring measures:
  - Improve the number of coordinators who have completed their requirements.
  - Monitor the number of unfilled testing coordinator positions and work with principals to ensure every school has a designated coordinator.

Goal 4, Action 5: Magnet Schools

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Improved average DIBELS score (elementary)

## Goals and Actions

### Goal

Goal #	Description
5	<p><b><u>Investing in Staff</u></b></p> <p>We believe in the boundless potential of each of our students, and realizing that potential is only possible when we recognize, empower, and support our staff. The most important factor in ensuring our students thrive and are ready for the world is having knowledgeable, caring, and courageous educators, school leaders, and support staff to guide them on their journey through Los Angeles Unified. The ambitious goals we have set for ourselves and for our students require a clear focus on the recruitment, development, and retention of talented and dedicated staff. Our commitment to upholding students' joy and wellness, as well as their academic success, must be mirrored in our investments to sustain staff wellness and to build pathways for ongoing professional development, growth, and opportunities to excel.</p>

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percent of Teachers Are Appropriately Credentialed for the Students They Are Assigned to Teach	All Teachers: 85% (Year: 2019-20) <i>Source: LAUSD Open Data Dashboard</i>	All Teachers: 89.0% (Year: 2020-21) <i>Source: LAUSD Open Data Dashboard</i>	All Teachers: 92% (Year: 2021-22) <i>Source: LAUSD Open Data Dashboard</i>	All Teachers: 90% (Year: 2022-23) <i>Source: LAUSD Open Data Dashboard</i>	All Teachers: 91.0%
Percent of Staff with Excellent Attendance (96% or Higher)	All Staff: 80.8% (Year: 2019-20) <i>Source: LAUSD Open Data Dashboard</i>	All Staff: 87.4% (Year: 2020-21) <i>Source: LAUSD Open Data Dashboard</i>	All Staff: 72.0% (Year: 2021-22) <i>Source: LAUSD Open Data Dashboard</i>	All Staff: 55.0% (Year: 2022-23) <i>Source: LAUSD Open Data Dashboard</i>	All Staff: 84.0%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 5, Action 1: Recruitment and Staffing (New Action for 2023-24)

In 2023-24, the District's Human Resources Division continued efforts to ensure all classrooms are staffed with an appropriately credentialed and highly qualified teacher, in addition to working to increase the diversity of the certificated workforce within the District.

- **Successes:**
  - Developed and maintained partnerships with local colleges and universities to recruit new teachers and certificated staff, including residency program partnerships with UCLA, California State University-Northridge, USC, and Alder Graduate School of Education.
  - Planned future residency program partnerships with California State University-Los Angeles and California State University-Dominguez Hills.
  - Developing relationships with Historically Black Colleges and Universities (HBCUs) to improve diversity of applicants and certificated staff.
  - Continued to offer a hiring stipend for newly hired credentialed teachers who commit to teach in high-needs schools.
  - Increased focus on the District's Career Ladder and Intern Program to support the addition of new teachers.
- **Challenges:**
  - Availability of fully-credentialed, highly-qualified teachers in California and nationwide. As a result, more than 50% of new teacher hires enter the profession under an Internship Credential or Provisional Permit.

Despite the presented challenge, the Human Resources Division implemented recruitment and staffing efforts in 2023-24 to ensure appropriately credentialed teachers are in every classroom.

### Goal 5, Action 2: Teacher Pipeline Support

In 2023-24, the District's Human Resources Division expanded the teacher pipeline programs including the Educators of Tomorrow Program and the Career Ladder program due to the scarcity of hiring new fully-credentialed teachers across California. The District has four distinct pre-service pipeline programs- [STEP UP](#), [BOOST](#), [CARE](#), and [EOT](#).

- **Successes:**
  - Completed a successful application for an additional California Classified School Employee Teacher Credential Program grant allowing the Career Ladder teacher pipeline to increase enrollment in the BOOST program.
  - Increased District Intern enrollment and collaboration to improve teacher pipeline efforts due to cooperation between Certificated Workforce Management and the iCAAP District Intern Program.
  - Participants in the Educators of Tomorrow pipeline program, a collaboration between Linked Learning, the Personnel

Commission, and Human Resources, received additional support to pass the Instructional Assistance exam and the District Proficiency test.

- Increased enrollment in the Educators of Tomorrow teacher pipeline program (389, as of January 2024, compared to 354 in 2022-23).
- Increased enrollment in the Career Ladder program (324, as of March 2024, compared to 305 as of March 2023).
- Challenges:
  - The California Subject Examinations for Teachers (CSET) continues to be a barrier to entry into the teaching profession for prospective teachers.

Despite the presented challenge, the Human Resources Division implemented teacher pipeline actions in 2023-24 as planned.

### Goal 5, Action 3: Beginning Teacher Support

In 2023-24, the Human Resource Division's Teacher Growth and Induction (TGI) Program provided mentor support to TGI induction candidate teachers in alignment with the California Standards for the Teaching Profession (CSTP).

- Successes:
  - Mentor Support: 100% of candidate teachers received at or more than the state required average of 60 minutes per week (240 minutes or greater per month) of individualized and differentiated mentor support.
  - Completing Candidates: As of March 2024, 631 enrolled TGI candidate teachers are on-track to complete the full two-year induction program in June 2024.
  - Program Impact Data Collection:
    - As of February 2024, 93% of TGI candidate teachers surveyed felt that coaching/mentoring positively impacted their program outcomes.
    - As of February 2024, 95% of TGI candidate teachers surveyed felt that coaching/mentoring positively impacts student outcomes.
    - As of February 2024, 94% of TGI mentor survey respondents felt that coaching/mentoring positively influences teaching practice.
    - As of February 2024, 97% of TGI mentor survey respondents felt that coaching/mentoring positively impacts student outcomes.
- Challenges:
  - Increasing the percentage and number of school administrators completing the end-of-year program quality survey.

Despite the presented challenge, the Teacher Growth and Induction (TGI) Program implemented services and programs in 2023-24 as planned.

### Goal 5, Action 4: Professional Learning (New Action for 2023-24)

In 2023-24, the Human Resources Division continued to direct and manage resources to recruit, develop, and support principals, teachers, and staff to create supportive student learning environments.

- Successes:
  - Implemented three new micro-credential programs in collaboration with District departments; Anti Racist Instruction, Family Engagement, and Social Emotional Learning (SEL), in addition to continuing nine micro-credential programs.
  - Planned and implemented a Science, Technology, Engineering, Arts, and Mathematics (STEAM) micro-credential program focused on supporting teachers employed in the District's high/highest needs schools. As of March 2024, 129 applicants were admitted to the micro-credential program, which launched in April 2024.
  - Increased to 45% the percentage of teachers enrolled in micro-credentialing programs who are employed at high-needs schools from 42% in 2022-23.
- Challenges:
  - Implementing three new micro-credential programs while continuing to manage and improve existing micro-credential programs.

Despite the presented challenge, the Human Resources Division implemented the professional learning programs for staff in 2023-24 as planned.

#### Goal 5, Action 5: Staff Wellness (New Action for 2023-24)

In 2023-24, the Human Resources Division expanded the staff wellness program which was initiated in 2022-23 to support healthy practices.

- Successes:
  - Participation in staff wellness courses has exceeded the goal to increase participation by 100% in 2023-24 as compared to 2022-23; over a 500% participation increase.
  - Feedback of the staff wellness courses has been positive. As a result of the request by employees, additional staff wellness courses have been developed and the course frequency increased.
  - Preliminary feedback data from participants suggests an increase in healthy practices as a result of staff wellness courses.
- Challenges:
  - A limit on the number of staff wellness courses being offered is impacted by the availability of session facilitators.

Despite the presented challenge, the Human Resources Division plans to continue the wellness courses in 2024-25.

#### Goal 5, Action 6: High Performance Standards (New Action for 2023-24)

In 2023-24, the District's Human Resources Division continued to provide employees with performance management training when hired into management positions, increased the number of training sessions offered in Educator Development and Support Certification for school leaders and Region directors, and increased participation of employees in multiple-measures performance evaluation systems (MMPES).

- Successes:
  - Target of 35% was exceeded in 2023-24 for school support administrators completing evaluation plans (53%) and Initial Growth conferences (76%).
  - A draft framework and evaluation cycle for service providers of school support administrators was developed and is scheduled for field testing beginning in spring 2024.
- Challenges:
  - With the implementation of multiple-measures performance evaluation systems (MMPEs) and the expansion to certificated service providers, such as counselors, nurses, psychologists, and related services providers, the Human Resources Division is working to mitigate implementation challenges as a result of the expansion in 2024-25.

The Human Resources Division implemented services and programs in 2023-24 as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 5, Action 1: Recruitment and Staffing

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is due to salary adjustments as a result of negotiated labor agreements and initial budgeting assumptions.

Goal 5, Action 2: Teacher Pipeline Support

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on the utilization of non-LCFF funds, such as grant funding, as well as participant tuition reimbursements which will be expended in the second half of the school year, February to June.

Goal 5, Action 3: Beginning Teacher Support

Goal 5, Action 4: Professional Development

*No material differences were observed for the actions.*

Goal 5, Action 5: Staff Wellness

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is due to initial budgeting assumptions of liability insurance costs as well as the increased premiums to cover liabilities.

### Goal 5, Action 6: High Performance Standards

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on early budget expenditures forecasting as well as lower than anticipated costs in developing performance evaluation procedures.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Student success such as in college and career readiness is supported by hiring and retaining highly-qualified teachers and staff. Many regions, including Los Angeles, face shortages of qualified teachers in certain subject areas and grade levels, for example, most notably at schools serving high-needs students including English Learners, foster youth, and students from low income families. Los Angeles Unified is committed to LCAP Goal 5: Investing in Staff by tracking and evaluating the investment in staff within goal metrics and goal action progress monitoring measures. Each action for Goal 5: Investing in Staff has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the District's priorities within Pillar 5: Investing in Staff in the District's Board adopted 2022-26 Strategic Plan; Diverse Workforce, Professional Learning, Staff Wellness, and High Performance Standards.

### Goal 5, Action 1: Recruitment and Staffing (New Action for 2023-24)

In 2023-24, the District's Human Resources Division monitored progress towards a Diverse Workforce in the area of recruitment and staffing employing the following progress measures:

- Ensure at least 50% of new applicants will be members of under-represented groups
  - Baseline: 77% of new hires, as of February 2024, are from under-represented groups in 2023-24.
- Ensure the vacancy rate at SENI high / highest-needs schools will not exceed 6%
  - Baseline: Less than a 1% vacancy rate, as of March 2024, at SENI high / highest-needs schools in 2023-24.
- Increase retention rates of staff hired in 2021-2022 and 2022-2023 placed at SENI high / highest-needs schools
  - Two-Year Retention Rate: 2021-22 to 2023-24
    - Baseline: 81% retention rate of credentialed teachers hired in 2021-22, as of September 2023, compared to an 80% retention rate for credentialed teachers hired Districtwide in 2021-22.
  - One-Year Retention Rate: 2022-23 to 2023-24
    - Baseline: 85% retention rate of credentialed teachers hired in 2022-23, as of September 2023, compared to an 86% retention rate for credentialed teachers hired Districtwide in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

### Goal 5, Action 2: Teacher Pipeline Support

In 2023-24, the District's Human Resources Division monitored and evaluated progress towards a Diverse Workforce in the area of teacher pipeline support employing the following progress measures:

- Increased number of students in an Education career pathway who become teaching assistants after graduation
  - Increased: 389 high school participants enrolled in the Educators of Tomorrow Program, as of January 2024, compared to 354 participants enrolled in the program in 2022-23.
- Increased enrollment numbers for all teacher pipeline programs
  - Increased: 324 participants enrolled in teacher pipeline programs, as of February 2024, from 305 enrolled participants in February 2023.
- Completion progress for Career Ladder and District Intern program participants
  - Increased: 686 District Intern teachers in 2023-24, compared to 514 District Intern teachers in 2022-23.
- Increased number of Career Ladder graduates
  - Increased: 63 Career Ladder graduates, as of February 2024, from 51 Career Ladder graduates, as of February 2023, in 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 5. Action 3: Beginning Teacher Support

In 2023-24, the Human Resource Division's Teacher Growth and Induction (TGI) Program monitored the effectiveness of Professional Learning in the area of beginning teacher support employing the following progress measures:

- Increased percentage of candidate teachers who complete the full two-year program
  - 2023-24: 100% of enrolled TGI program candidates are expected to meet all necessary requirements of the two-year induction program in June 2024. In June 2023, 94% of enrolled teachers (607 teachers) who began the two-year TGI Program in August 2021 completed the program.
- Improved results from surveys of candidate teachers, mentors, and administration
  - Increased: 82% positive response rate of the Mid-Year Program Quality Survey in 2023-24 for candidate teachers from a 53% positive response rate in 2022-23 for candidate teachers to evaluate the services provided by the program. Feedback is used as part of a continuous improvement cycle.
  - Increased: 63% positive response rate of the Mid-Year Program Quality Survey in 2023-24 for part-time TGI mentors from a 47% positive response rate in 2022-23 for part-time TGI mentors.
- Improved results from Individual Learning Plan reviews throughout the two (2) year period
  - Maintained: The frequency of Individual Learning Plan review cycles with teacher induction candidates was maintained at four cycles (two formal, two informal) per year in 2023-24 from 2022-23.
  - Maintained: 99% of teacher induction candidates met key performance indicators in the first two Individual Learning Plan (ILP) review cycles, compared to 99% of teacher induction candidates in 2022-23. Two additional ILP review cycles will be completed by the end of the 2023-24 school year.
- Providing beginning teacher support is important to teacher effectiveness, teacher retainment, and, most importantly, the success of students. The District views beginning teacher support provided by the Teacher Growth and Induction (TGI) Program as effective due

to 100% of enrolled TGI program candidates expected to complete the two-year induction program in June 2024. In addition, the action's progress monitoring measure of improved survey results increased from 2022-23 to 2023-24. The District will further review program effectiveness after the school year has ended and use collected data to determine further effectiveness of the action in 2024-25.

#### Goal 5, Action 4: Professional Learning (New Action for 2023-24)

In 2023-24, the Human Resources Division monitored progress towards Professional Learning employing the following progress measures:

- Increase the percentage of teachers in micro-credentialing programs who come from high-needs schools to 80% (from 46% in 2021-2022)
  - Increased: 45.3% of teachers in micro-credentialing programs, as of February 2024, are from high-needs schools from 42% of teachers in 2022-23.
- Offer staff at least 12 micro-credential programs (from four offered in 2021-2022)
  - Increased: Nine micro-credential programs are being offered in 2023-24 from six micro-credential programs in 2022-23. Three new programs were launched in 2023-24; Anti Racist Instruction, Family Engagement, and Social Emotional Learning.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 5, Action 5: Staff Wellness (New Action for 2023-24)

In 2023-24, the Human Resources Division monitored progress towards Staff Wellness employing the following progress measures:

- Increase participation rates in professional development focused on wellness by 100%
  - Increased: 1,530 participants are engaging in the Wellness sessions, as of March 2024, from 200 participants taking part in the Wellness sessions in 2022-23; an increase of 665%.
- Increase usage and participation in the EASE program
  - Increased: 357 direct clinical counseling services were provided to employees in the First Quarter of 2023-24 from 242 direct clinical counseling services provided during the First Quarter of 2022-23.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

#### Goal 5, Action 6: High Performance Standards (New Action for 2023-24)

In 2023-24, the Human Resources Division monitored progress towards High Performance Standards employing the following progress measures:

- Ensure 100% of employees receive performance management training as they are hired into supervisory or management positions
  - Baseline: 85% of eligible new administrators (93 of 109) completed Performance Management Training for School Leaders in 2023-24 with 95% of new administrators (768 of 806) having completed Performance Management Training for School Teachers.

- Increase participation in multiple-measures performance evaluation systems to include all certificated employee groups
  - Baseline: 53% of School Support Administrators (404 of 761) have performance evaluation plans and 76% of School Support Administrators having completed performance evaluation plans finished Initial Growth Conferences.
- The District will review effectiveness of the action within progress monitoring measures for 2024-25.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District's 2024-25 LCAP Goal 5 will continue to align with the District's Board adopted 2022-26 Strategic Plan, specifically Pillar 5: Investing in Staff. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 5, Action 3: Beginning Teacher Support

- The action has been modified to reflect the following progress monitoring measures:
  - Using program completer rate data, the TGI Program will target Increased percentages of candidate teachers who complete the full two-year program (95% or above for enrolled Candidates).
  - Using program quality survey data, the TGI Program will show Improved results from surveys of candidate teachers, mentors, and school administrators
  - Using program quality survey data, the TGI Program will continue to assess and monitor the effectiveness of program systems and training of the induction candidate, mentor, and school leader educational partner groups
  - Using Individual Learning Program assessment and goal progress data, the TGI Program will monitor improved professional practice results from Individual Learning Plan reviews throughout the two (2) year period.
  - Using induction/mentoring interaction data, the TGI Program will monitor the alignment of induction interaction data with broader District goals and priorities (i.e., as identified in the Strategic Plan)
  - Using certificated assignment data and program quality survey data, the TGI Program will monitor maintained and Increased educator retention rates of candidate teachers employed at non-Superintendent Priority Schools throughout
  - Using certificated assignment data and program quality survey data increased educator retention rates of candidate teachers employed at Superintendent Priority Schools

Goal 5, Action 5: Staff Wellness

- The action has been modified to reflect the removal of the following progress monitoring measure:
  - Increase usage and participation in the EASE program.

# Goals and Actions

## Goal

Goal #	Description
6	<p><b><u>English Learner Supports</u></b></p> <p>Within this LCAP goal, Los Angeles Unified lays out the District’s vision, strategies, and investments for educating our culturally and linguistically diverse English Learner (EL) students, including increasing Dual Language Education (DLE) programming to honor their linguistic assets and to provide them opportunities to become multilingual and multicultural. With ongoing input and collaboration from well-informed and prepared students, families, teachers, counselors, coaches, administrators and District leaders, it is the goal of Los Angeles Unified to provide the best, equitable education to our English Learners to ensure they achieve at high levels, and graduate college and career ready with the California State Seal of Biliteracy.</p>

## Measuring and Reporting Results

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 6, Action 1: UTK-12 English Learner Services

In 2023-24, the District's Multilingual & Multicultural Education Department (MMED) completed professional development training for Region and school site teachers, staff, and administrators to enrich instruction for grades UTK-12 English Learner (EL) students as well as improve the progress monitoring of ELs towards English language proficiency.

- Successes:
  - Completed training for 850 participants during the Master Plan for English Learners and Standard English Learners Instructional Institute; the Master Plan outlines the District's vision for educating our culturally and linguistically diverse students.
  - Developed and implemented an English Learner Progress Indicator (ELPI) Dashboard, in alignment with the California School Dashboard, to increase progress monitoring of English Learners towards English language proficiency.
  - Conducted professional development sessions on English Learner (EL) Instructional Approaches (Active Listening, Extended Communication, and Oral Summarizing) at the Region and school site levels with teachers, instructional support staff, and administrators supporting EL instruction.
  - Trained 221 new English Learner Designees to coordinate programs and services for EL students (ELs) including how to ensure effective implementation of intervention services for ELs.
- Challenges:
  - As part of the ongoing work to align District department budgets, some department and Region positions were unfilled which limited expanded support to Regions and schools.

Despite the presented challenge, UTK-12 English Learner Services including educator professional development were implemented in 2023-24 as planned.

### Goal 6, Action 2: International Newcomer Supports

In 2023-24, the Multilingual & Multicultural Education Department (MMED) supported International Newcomer students by providing supplemental instructional resources and teacher professional development on English Learner (EL) instructional strategies to increase English language proficiency.

- Successes:
  - Provided an International Newcomer Summer Enrichment Program for approximately 1,000 students; increase from 660 students in 2022-23.
  - Opened International Newcomer Academies to provide targeted support to arriving students at three high schools- Belmont

HS, Bernstein HS, and Van Nuys HS.

- Implemented the annual MMED International Newcomer Student Leadership Conference with over 900 International Newcomer students in attendance.
- Challenges:
  - The District has seen an increased number of International Newcomers during 2023-24 than in prior school years. Of the District's English Learner (EL) population, approximately 26% or 21,630 students are International Newcomers in 2023-24.
  - An increased demand for translation of District-level and school-level communications and documents into Russian and Persian languages due to the increase of arriving families speaking Russian or Persian.

Despite the presented challenges, the International Newcomer Supports program was implemented in 2023-24 as planned.

#### Goal 6, Action 3: Potential Long-Term English Learner (PLTEL) Interventions

In 2023-24, the Multilingual & Multicultural Education Department (MMED) provided professional development including instructional planning support to teachers and additional instructional staff to increase the academic success of PLTEL students and move PLTEL students towards English language proficiency.

- Successes:
  - 97% of PLTELS have an Individual Reclassification Plan (IRP) completed during fall 2023 to allow families and students the ability to understand student progress towards Fluent English Proficiency (FEP) and to select goals to FEP status; increased from 95% in 2022-23.
  - Provided direct instructional support to elementary and secondary schools in building teacher capacity in standards-based literacy via the Multilingual Multicultural Academic Language Instructional Coach (MMALC) positions.
  - 28% of PLTELS in 2022-23 reclassified to fluent English proficiency (FEP) by end of the 2022-23 school year.
- Challenges:
  - As part of the ongoing work to align District department budgets, some department and Region positions were unfilled which limited expanded support to Regions and schools.

Despite the presented challenge, the PLTEL interventions were implemented in 2023-24 as planned.

#### Goal 6, Action 4: Long-Term English Learner (LTEL) Interventions

In 2023-24, the Multilingual & Multicultural Education Department (MMED) supported schools in the requirement of the establishment of annual Individual Reclassification Plans (IRPs) for all LTEL students to monitor their linguistic and academic progress towards reclassification as well as implemented professional development training for educators to increase their proficiency in providing EL instructional approaches such as active listening and oral summarizing to LTEL students.

- Successes:

- MMED reclassified 44.8% of LTEL students to Fluent English Proficient (FEP) status as of Census Day, October 5, 2023.
- Provided professional development such as English Learner instructional approaches and reclassification procedures to teachers of LTEL students with disabilities.
- Challenges:
  - As part of the ongoing work to align District department budgets, some department and Region positions were unfilled which limited expanded support to Regions and schools.

Despite the presented challenge, interventions and supports for LTEL students were implemented in 2023-24 as planned.

Goal 6, Action 5: Multilingual Programs and Pathways and Dual Language Education

In 2023-24, the Multilingual & Multicultural Education Department (MMED) continued to expand and improve the Dual Language Education (DLE) programs to support students' language proficiency in English and one or more additional languages by providing standards-aligned instructional and curricular resources and associated high-quality professional learning opportunities for grade UTK-12 teachers, instructional support staff, administrators supporting instruction, and families.

- Successes:
  - Increased number of students receiving Pathway to Biliteracy and the Seal of Biliteracy Awards to 26,322 in 2022-23, up from 12,359 in 2021-22. The LAUSD Biliteracy Awards are given annually to students in grades 5, 8, and 12 demonstrating success in English and in a language other than English.
  - Developed and facilitated a series of instructional focused professional development trainings for new and continuing grade UTK-12 Dual Language Education (DLE) teachers. Trainings included Unified Enrollment community supports and the DLE micro-credentialing program to improve instruction.
  - Facilitated community meetings to promote student completion of the LAUSD Biliteracy Awards- Pathway to Biliteracy and the Seal of Biliteracy Awards.
- Challenges:
  - Increased need to monitor and accurately assess students' language proficiency in DLE target languages with the implementation of a biliteracy-based instructional data analysis protocol to support student proficiency in English and one or more languages in addition to English.
  - With the continued changes in English Language Arts (ELA) curriculum, MMED monitors the alignment and use of ELA curriculum with California content standards for ELA to develop standards-aligned thematic units.

Despite the presented challenges, the programs were implemented in 2023-24 as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 6, Action 1: UTK-12 English Learner Services

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is largely attributable to expenditures that occur later in the school year for the June 2024 Master Plan Instructional Institute and instructional/professional development materials that still need to be understood and purchased.

Goal 6, Action 2: International Newcomer Supports

Goal 6, Action 3: Potential Long-Term English Learner (PLTEL) Interventions

Goal 6, Action 4: Long-Term English Learner (LTEL) Interventions

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is largely attributable to expenditures that occur later in the school year for the June 2024 Master Plan Instructional Institute and instructional / professional development materials that still need to be purchased.

Goal 6, Action 5: Multilingual Programs and Pathways and Dual Language Education

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for this action is due to an expenditure transfer of funding for instructional staff.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of LCAP Goal 6: English Learner Supports in Los Angeles Unified is tied to the positive student performance results as evidenced in the goal's Measuring and Reporting section as well as the goal action progress monitoring measure outcomes. Data-informed decision making and increased access to resources, among additional factors, has supported the attainment of English language proficiency and the academic achievement of English Learners.

Goal 6, Action 1: UTK-12 English Learner Services

In 2023-24, the Multilingual & Multicultural Education Department (MMED) monitored progress towards Eliminating Opportunity Gaps in the area of English Learner services using the following progress measures:

- Increased percentage of International Newcomer students who complete the A-G courses with a grade of C or better
  - 2023-24: Data is pending and will be available in fall 2024.
  - 2022-23: 25%, a decrease from 32.5% in 2021-22.
- Increased percentage of International Newcomer students who graduate as part of the 4-year graduation cohort
  - 2022-23: 72.6%
  - 2021-22: 69.0%, an increase from 61.2% in 2020-2021.

- Increased percentage of Reclassified Fluent English Proficient (RFEP) students passing their A-G courses with a grade of C or better
  - 2022-23: 82.2%
  - 2021-22: 26.9%
- Increased percentage of Potential Long Term English Learners (PTELEs) who reclassify from EL status to Fluent English Proficient (FEP) status
  - 2023-24: 6.8% reclassified, as of March 2024, compared to 6% of PTELEs having reclassified as of March 2023. The percentage of PTELEs reclassifying to FEP status has increased during the same time period as last year. The final annual reclassification rate was 24% in 2022-23. The total 2023-24 reclassification rate is pending spring Summative ELPAC and the end-of-year i-Ready Reading Diagnostic scores and results, which will be available in summer 2024. The expectation given prior annual performance is that the total reclassification percentage will increase over 2022-23 final reclassification results therefore supporting the effectiveness of the action.
- Increased percentage of English Learner students with disabilities who reclassify from EL status to Fluent English Proficient (FEP) status
  - 2023-24: 10.4% reclassified, as of March 2024, compared to 10% of EL students with disabilities having reclassified as of March 2023. The final annual reclassification rate was 26.6% in 2022-23. The total 2023-24 reclassification rate is pending spring Summative ELPAC and the end-of-year i-Ready Reading Diagnostic scores and results, which will be available in summer 2024. The expectation given prior annual performance is that the total reclassification percentage will increase over 2022-23 final reclassification results therefore supporting the effectiveness of the action.
- Increased percentage of Reclassified Fluent English Proficient (RFEP) students meeting or exceeding standards in English Language Arts (ELA)
  - 2023-24: Data is pending and will be available in fall 2024.
  - 2022-23: 45% of RFEPs met or exceeded standards
- Increased percentage of Reclassified Fluent English Proficient (RFEP) students meeting or exceeding standards in Math
  - 2023-24: Data is pending and will be available in fall 2024.
  - 2022-23: 29% of RFEPs met or exceeded standards

Goal 6, Action 2: International Newcomer Supports

In 2023-24, the Multilingual & Multicultural Education Department (MMED) monitored progress towards Eliminating Opportunity Gaps in the area of English Learner services using the following progress measures:

- Increased percentage of International Newcomer students who complete the A-G courses with a grade of C or better
  - 2023-24: Data is pending and will be available in fall 2024.
  - 2022-23: 25% of International Newcomer students completed A-G courses with a grade of C or better
- Increase the percentage of International Newcomer students who graduate as part of the 4-year graduation cohort
  - 2023-24: Data is pending and will be available in fall 2024.
  - 2022-23: 72.6%
- The District views the action as effective based on the trend analysis over prior years. The District will determine further effectiveness of action for 2024-25 as the 2023-24 results become available.

### Goal 6, Action 3: Potential Long-Term English Learner (PLTEL) Interventions

In 2023-24, the Multilingual & Multicultural Education Department (MMED) monitored progress towards Eliminating Opportunity Gaps in the area of PLTEL interventions using the following progress measures:

- Increased percentage of Potential Long-Term English Learners (PLTEs) who reclassify
  - 2023-24: 6.8% of PLTEs reclassified, as of March 2024, compared to the final annual reclassification rate of 24% in 2022-23. Comparatively, in March 2023, 6% of PLTEs reclassified with the percentage having increased by the end of the school year—a slight increase during the same time period as last year. The total 2023-24 reclassification rate is pending spring Summative ELPAC and the end-of-year i-Ready Reading Diagnostic scores and results, which will be available in summer 2024. The expectation given prior annual performance is that the total reclassification percentage will increase over 2022-23 final reclassification results therefore supporting the effectiveness of the action.

### Goal 6, Action 4: Long-Term English Learner (LTEL) Interventions

In 2023-24, the Multilingual & Multicultural Education Department (MMED) monitored progress towards Eliminating Opportunity Gaps in the area of LTEL interventions using the following progress measures:

- Increase the percentage of Long-Term English Learners (LTELs) who reclassify from EL status to Fluent English Proficient (FEP) status:
  - 2023-24: 6.3% reclassified, as of March 2024, compared to 12% of LTEL students having reclassified as of March 2023. The final annual reclassification rate was 45.5% in 2022-23. The total 2023-24 reclassification rate is pending spring Summative ELPAC and the end-of-year i-Ready Reading Diagnostic scores and results, which will be available in summer 2024. The expectation given prior annual performance is that the total reclassification percentage will increase over 2022-23 final reclassification results therefore supporting the effectiveness of the action.

### Goal 6, Action 5: Multilingual Programs and Pathways and Dual Language Education

In 2023-24, the Multilingual & Multicultural Education Department (MMED) monitored progress towards Enriching Experiences in the area of Dual Language Education using the following progress measures:

- Increased number of Dual Language Education (DLE) programs
  - Increased to 230 programs in 2023-24 from 214 programs in 2022-23.
- Increased number of English Learners and Reclassified Fluent English Proficient (RFEP) students participating in Dual Language Education (DLE) programs in UTK/TK/K through 5th/6th grade
  - English Learners: Increased to 8,165 students, as of February 2024, from 7,226 students in 2022-23.
  - RFEP: Decreased to 2,862 students, as of February 2024, from 3,725 students in 2022-23.
- Increased number of 5th, 6th, and 8th grade students who received the Los Angeles Unified Pathway to Biliteracy Award
  - Overall: Increased to 7,016 students in 2022-23 from 6,480 students in 2021-22. 2023-24 results are pending.
- Increased number of 12th grade students who graduate receiving the State Seal of Biliteracy

- Overall: Decreased to 6,594 students in 2022-23 from 6,845 students in 2021-22. 2023-24 results are pending.
- The District views the action as effective based on the progress monitoring measure results. The District will determine further effectiveness of action in 2024-25.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District continues to be committed to increasing academic outcomes for English Learners in the 2024-25 LCAP including attaining Fluent English Proficiency (FEP) status. The District’s LCAP Goal 6: English Learner Supports aligns to the commitment and is further evidenced by the inclusion of English Learner outcomes in the District’s Board Adopted District Goals and the District’s Board adopted 2022-26 Strategic Plan. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 6: Metrics

- The metric “Percent of students whose eligibility for special education services were determined within 60 days of guidelines” has been modified to “Percent of students whose Individualized Education Plans (IEPs) were held within mandated timelines.”
- The metric “Percent of students with disabilities who receive 100% of the services specified in their Individualized Education Plans (IEPs)” has been modified to “Percent of students with disabilities who receive at least 100% of the services specified in their Individualized Education Plans (IEPs).”

Goal 6, Action 1: UTK-12 English Learner Services

- The action has been modified to monitor the effectiveness of UTK-12 English Learner Services using the following progress monitoring measures:
  - Increase the percentage of English Learners (ELs) who make progress on the English Learner Progress Indicator (ELPI)
  - Increase the percentage of English Learners (ELs) who score proficient (Overall ELPAC level 4) on the Summative ELPAC
  - Increase the percentage of English Learners (ELs) who reclassify Fluent English Proficient (RFEP)
  - Increase the percentage of Reclassified Fluent English Proficient (RFEP) students meeting or exceeding standards on the state’s Smarter Balanced Assessment (SBA) in English Language Arts (ELA)
  - Increase the percentage of English Learners (ELs) meeting or exceeding standards on the state’s Smarter Balanced Assessment (SBA) in English Language Arts (ELA)
- The action has been modified by removing the following progress monitoring measures:
  - Increased percentage of International Newcomer students who complete the A-G courses with a grade of C or better
  - Increased percentage of Reclassified Fluent English Proficient (RFEP) students passing their A-G courses with a grade of C or better
  - Increased percentage of Potential Long-Term English Learners (PLTEs) who reclassify
  - Increased percentage of Reclassified Fluent English Proficient (RFEP) students meeting or exceeding standards in Math
- Please note the progress monitoring measures are also employed for specific actions in Goal 1: Academic Excellence and metrics in

Goal 1: Academic Excellence and student performance can be reviewed.

Goal 6, Action 3: Potential Long-Term English Learner (PLTEL) Interventions

- This action has been modified by adding the following progress monitoring measures:
  - Increased percentage of Potential Long-Term English Learners (PLTEs) who reclassify from EL status to Fluent English Proficient (FEP) status by grade 5
  - Increased percentage of Potential Long-Term English Learners (PLTEs) who reclassify from EL status to Fluent English Proficient (FEP) status by grade 8
  - Increased percentage of Potential Long-Term English Learners (PLTEs) who reclassify from EL status to Fluent English Proficient (FEP) status by grade 10

Goal 6, Action 4: Long-Term English Learner (LTEL) Interventions

- This action has been modified by adding the following progress monitoring measures:
  - Increased percentage of Long-Term English Learners (LTELs) who reclassify from EL status to Fluent English Proficient (FEP) status by grade 8
  - Increased percentage of Long-Term English Learners (LTELs) who reclassify from EL status to Fluent English Proficient (FEP) status by grade 10

Goal 6, Action 5: Multilingual Programs and Pathways and Dual Language Education

- The action has been modified to monitor the effectiveness of Dual Language Education (DLE) programs using the additional progress monitoring measures:
  - Analysis of growth for mCLASS Lectura data in grades K-2.
  - Analysis of growth for iReady ASR data in grades 3-5/6.

# Goals and Actions

## Goal

Goal #	Description
7	<p data-bbox="180 313 919 345"><b><u>Black Student Achievement Plan Implementation</u></b></p> <p data-bbox="180 402 1976 688">The Black Student Achievement Plan (BSAP) was approved by the Los Angeles Unified Board of Education in February of the 2020-2021 school year. Funding allocations have been earmarked to address the longstanding disparities in educational outcomes between Black students and their non-Black peers. Dating back to the landmark case Brown v. Board of Education of Topeka, in which the U.S. Supreme Court declared that segregated schools were unconstitutional, favorable outcomes for Black students and their communities continue to fall below District and national averages of their non-Black counterparts. The perennial trend of black student underperformance and the implications for full societal participation paired with the current landscape of local and national advocacy for racial equity have served as the inspiration to implement and monitor the Black Student Achievement Plan.</p> <p data-bbox="180 732 1955 837">The BSAP addresses the need for culturally responsive curriculum and instruction as the classroom norm, fosters partnerships with community based organizations with proven track records of success within the Black community, and provides increased staffing support to address the academic and social-emotional needs of Black students.</p> <p data-bbox="180 881 2007 1057">The creation and implementation of this plan is a joint effort shared across Los Angeles Unified and our community partners. We will hold each other accountable for the realization of the Black Student Achievement Plan. The plan will serve as a dynamic document with adjustments made based on its responsiveness to Black students, parents and their communities. Adjustments will be made based on formative and summative data. This LCAP goal has been established to increase progress monitoring transparency of the BSAP.</p> <p data-bbox="180 1101 2039 1240">Note that the Measuring and Reporting Results section below reports data and targets for all Black students in Los Angeles Unified as determined by the relevant District teams (for example: the District’s Student Health and Human Services department determines the overall target for Black student attendance in Los Angeles Unified). In addition, this section also reports data and targets set by the Black Student Achievement Plan team for BSAP Cohort 1 and Cohort 2 schools.</p> <ul data-bbox="226 1247 2018 1495" style="list-style-type: none"> <li data-bbox="226 1247 2018 1312">● Cohort 1 schools account for 32% of the total District Black student population and were designated for the highest level of BSAP program support based on the following criteria:             <ul data-bbox="321 1318 2018 1495" style="list-style-type: none"> <li data-bbox="321 1318 2018 1383">○ 200 or more total Black student enrollment with 1 or more high need flags and English/Math proficiency below District average; or</li> <li data-bbox="321 1390 2018 1455">○ 100 – 199 total black students with 2 or more high need flags and English/Math proficiency below District average; or</li> <li data-bbox="321 1461 2018 1495">○ Humanizing Education for Equitable Transformation (HEET) schools and the City of Angels K-12 independent study school</li> </ul> </li> </ul>

Goal #	Description
	<ul style="list-style-type: none"> <li>Cohort 2 schools account for 28% of the total District Black student population and were designated for a secondary level of BSAP program support based on the following criteria: <ul style="list-style-type: none"> <li>100 or more total black student enrollment with 0 or 1 high needs flags</li> </ul> </li> <li><i>Note: High Needs flags include: referral/suspension rate greater than percent of enrollment, greater than 10 percentage points more Black students disagreed with School Experience Survey than District average, higher chronic absenteeism than District average.</i></li> </ul>

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Attendance Rate: Percent of Students with Excellent Attendance (96% or Higher)	All Black Students in LAUSD: 52.9%  Students in BSAP Cohort 1 Schools: 49.8%  Students in BSAP Cohort 2 Schools: 58.0%  (Year: 2017-18)  <i>Source: LAUSD Open Data Dashboard</i>	All Black Students in LAUSD: 58.0%  Students in BSAP Cohort 1 Schools: 51.5%  Students in BSAP Cohort 2 Schools: 65.3%  (Year: 2020-21)  <i>Source: LAUSD Open Data Dashboard</i>  <i>Note that this data does not capture the impact of BSAP, as BSAP's first year of implementation was 2021-22.</i>	All Black Students in LAUSD: 22.9%  Students in BSAP Cohort 1 Schools: 20.5%  Students in BSAP Cohort 2 Schools: 22.8%  (Year: 2021-22)  <i>Source: LAUSD Open Data Dashboard</i>	All Black Students in LAUSD: 28.6%  Students in BSAP Cohort 1 Schools: 25.4%  Students in BSAP Cohort 2 Schools: 30.2%  (Year: 2022-23)  <i>Source: LAUSD Open Data Dashboard</i>	All Black Students in LAUSD: 52.9%  Students in BSAP Cohort 1 Schools: 54.9%  Students in BSAP Cohort 2 Schools: 68.7%

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 7, Action 1: BSAP Academic Supports: Culturally Responsive Unit Development, Individual Student Needs Assessment, and Curriculum & Pedagogy

In 2023-24, the District's Black Student Achievement Plan (BSAP) office supported the improvement of teacher capacity to affirm students' cultures and build classroom communities based on race, ethnicity, and additional identities of students to increase the connectedness and success of Black students.

- Successes:
  - All grade TK-5 elementary schools and grade 6-8 middle schools were issued Culturally and Linguistically Responsive Teaching (CLR) professional development materials to support administrators and teachers in implementing research-based culturally responsive instruction to connect students' language, culture, and experiences with classroom learning.
  - Implemented optional professional development teacher trainings on Saturdays to further support the integration of CLR into classroom lesson planning such as drawing on students' cultures to develop curriculum and teaching practices and bringing real world issues into classroom instruction.
- Challenges:
  - Integration of CLR teaching practices into daily instruction and curriculum from initial implementation to full implementation.

Despite the presented challenge, the action to support teachers in the incorporation of culturally and linguistically responsive practices into their daily classroom lessons was implemented in 2023-24 as planned.

### Goal 7, Action 2: BSAP Community Partnerships

In 2023-24, the District's Black Student Achievement Plan (BSAP) office increased the number of school-community partnerships to improve Black student success by providing expanded enrichment activities such as tutoring as well as additional student health and family services.

- Successes:
  - Increased percentage of BSAP schools with at least one community partnership to 90% in 2023-24 from 72% in 2022-23.
  - Increased percentage of BSAP survey respondents agreeing that community partnership presence has improved on school campuses to 98.1% in 2022-23 from 52.8% in 2021-22.
  - 80% of the current community partnership programs were rated Effective, 18% were rated Developing, with only 2% rated as Ineffective by school sites.
  - Administration of two BSAP student surveys in 2023-24; fall and spring.
- Challenges:
  - Not all schools were able to secure a community partner to align with the identified student need at the school site.

Despite the presented challenge, the BSAP community partnership program to increase the number of school-community partnerships to enhance student engagement and improve academic outcomes of Black students was implemented in 2023-24 as planned.

#### Goal 7, Action 3: Development of an African American Studies Course

In 2023-24, the District's Black Student Achievement Plan (BSAP) office developed and implemented a secondary African American Studies course in collaboration with instructional staff at identified schools.

- Successes:
  - Increased inclusion of the African American Studies high school course into course catalogs as an approved University of California Office of the President (UCOP) A-G course; 35% of secondary schools.
  - Development of an observation feedback protocol for use in spring 2024 to ensure teachers are aligning instruction with the intended course outcomes and developing assessments that can monitor and improve student performance.
- Challenges:
  - Increasing the accessibility and student awareness of the African American Studies high school course.

Despite the presented challenge, the development of an African American Studies course has proven successful in 2023-24 with the course being offered as an approved grade 9-12 A-G social studies course.

#### Goal 7, Action 4: BSAP School Climate & Wellness Personnel Support

In 2023-24, the District's Black Student Achievement Plan (BSAP) office employed school climate and wellness personnel including psychiatric social workers and school climate advocates to provide extended support to Black students.

- Successes:
  - Student survey in fall 2023 reported 67% of students having an adult on campus they trust and can talk to, with an average response rating of 3.93 out of 5.
  - Use of pupil services and attendance counselors and secondary counselors to pinpoint and provide needed student support services.
- Challenges:
  - Decreasing the number of students, as reported in annual surveys, stating they do not have an adult at school who they trust and can talk to.

Despite the presented challenge, the school climate and wellness personnel support services to improve academic success and wellness of Black students was implemented in 2023-24 as planned.

### Goal 7, Action 5: BSAP Community-Based Safety Pilots

In 2023-24, the District's Black Student Achievement Plan (BSAP) office developed and implemented the community-based safe passage program for students and families including de-escalation training for Black students to improve student safety and success in partnership with community organizations.

- Successes:
  - Reduction in the Black student suspension rate from 16% in 2022-23 to 15% between June 2023 and March 2024.
  - Implementation of the community-based safe passage program for students going to and coming from school.
  - Implementation of intervention and restorative practices to support student safety.
- Challenges:
  - Reducing the number of student discipline referrals on an annual basis; the percentage of discipline referrals increased slightly from 18.3% to 19.7%.

Despite the presented challenge, the BSAP program principally implemented the community-based safety pilot program in 2023-24 as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

### Goal 7, Action 1: BSAP Academic Supports

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on the District making use of non-LCFF funds and one-time funds to protect the sustainability of BSAP in the future and does not represent reduced services or programs.

### Goal 7, Action 2: BSAP Community Partnerships

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is based on the District making use of non-LCFF funds and one-time funds to protect the sustainability of BSAP in the future and does not represent reduced services or programs.

### Goal 7, Action 3: Development of African American Studies Course

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the action is due to staff vacancies and not being able to staff a number of positions with highly-qualified personnel. The District continues to use a number of recruitment platforms such as job boards and social media, among additional methods, to increase the number of qualified candidates.

Goal 7, Action 4: School Climate and Wellness Supports

The material difference between budgeted expenditures and estimated actual 2023-24 expenditures, for the period ending January 31, 2024 (as of the Second Interim Budget Report) through June 30, 2024, for the actions are based on the District making use of non-LCFF funds and one-time funds to protect the sustainability of BSAP in the future and does not represent reduced services or programs.

Goal 7, Action 5: Community-Based Safety Pilots

*No material differences were observed for the actions.*

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of LCAP Goal 7: Black Student Achievement Plan (BSAP) in Los Angeles Unified and its focus on closing the achievement gap between Black students and their peers is seen in the positive outcomes in the goal's metrics; increased percent of Black students with excellent attendance, decreased percent of Black students chronically absent, reduced single student suspension rates of Black students, increased early literacy proficiency in grades K-2, among additional positive outcomes. With the increased access to resources and enhanced supports for Black students including community engagement and participation in schools, BSAP goal actions for LCAP Goal 7 have been effective as exhibited by progress on the goal action monitoring measures and the goal metrics. Each action for Goal 7: Black Student Achievement Plan has reported data connecting outcomes to specific progress monitoring measures highlighting effectiveness and in alignment with the Board adopted 2022-26 Strategic Plan and the District priority within Pillar 1: Academic Excellence and Eliminating Opportunity Gaps.

Goal 7, Action 1: BSAP Academic Supports: Culturally Responsive Unit Development, Individual Student Needs Assessment, and Curriculum & Pedagogy

In 2023-24, the Black Student Achievement Plan (BSAP) office monitored progress towards Eliminating Opportunity Gaps in the area of academic supports employing the following progress measures:

- Percent of BSAP survey respondents agreeing that students have access to culturally responsive curriculum and pedagogy
  - Decreased: 61% of survey respondents in 2023-24, compared to 74% in 2022-23. The survey trend data is improved from 59% in 2021-2022. The District supports and promotes inclusivity of diverse backgrounds and identities of students. Culturally responsive curriculum increases student engagement and improves academic achievement with the District continuing to find the action relevant and effective in supporting the Black Student Achievement Plan. Review of the survey tool may result in redesigning survey questions to ensure accurate responses.
- The following progress monitoring measures were sunsetted at the start of 2023-24 and data was not tracked.
  - Percent of teachers at each site that have completed culturally responsive unit design professional development
  - Percent of teachers that are incorporating culturally responsive units in their classrooms for both semesters
  - Percent of schools that participated in the individual student support structure professional development
  - Percent of schools that are implementing individual student support structures within the school day

- Percent of schools that will complete the culturally responsive PD series

#### Goal 7, Action 2: BSAP Community Partnerships

In 2023-24, the Black Student Achievement Plan (BSAP) office monitored progress towards Eliminating Opportunity Gaps in the area of community partnerships employing the following progress measures:

- Percent of schools with new community partnerships
  - Increased: 90% (178) of 197 BSAP Group 1, 2, and 3 schools have at least one community partnership (90%), compared to 72% (144) of 199 BSAP schools in 2022-23.
- Collect student outcome data aligned to the BSAP success metrics that each community partnership targets
  - 83% of schools reported an improvement in Black students' academic performance, attendance rates, discipline referrals, and social-emotional engagement, as measured by the BSAP success matrix.
- Mid-year evaluation reports collected for community partnerships
  - Increased: 95% of schools completed mid-year evaluations, compared to 83% in 2022-23.
- Percent of BSAP survey respondents agreeing that community organization presence has increased
  - Increased: 100% of BSAP survey respondents, compared to 53% in 2022-23.
- The District views the action as effective based on the progress monitoring measure results in 2023-24. The District will determine further effectiveness of action in 2024-25.

#### Goal 7, Action 3: Development of an African American Studies Course

In 2023-24, the Black Student Achievement Plan (BSAP) office monitored progress towards Eliminating Opportunity Gaps in the area of African American studies course development employing the following progress measures:

- Percent of schools that included African American Studies course (high school) and Ethnic Studies course (middle school) in the master schedule of course offerings.
  - Increased: 35% of eligible middle and high schools included an African American Studies course or Ethnic Studies course in their master schedule of course offerings, as of March 2024, compared to 18% in 2022-23.
- Number of students enrolled in African American Studies (high school) and Ethnic studies (middle school)
  - Increased: 2.5% of secondary students are enrolled in Ethnic Studies (6-8) and African American Studies (9-12) courses in spring 2024, compared to 1.1% of secondary students.
- Observational feedback to ensure alignment with the intended scope and sequence of the courses.
  - The observation feedback protocol is currently in the planning stages and is expected to be implemented by spring 2024.
- The District views the action as effective based on the progress monitoring measure results in 2023-24. The District will determine further effectiveness of action in 2024-25.

#### Goal 7, Action 4: BSAP School Climate & Wellness Personnel Support

In 2023-24, the Black Student Achievement Plan (BSAP) office monitored progress towards Eliminating Opportunity Gaps in the area of

school climate and wellness supports employing the following progress measures:

- Percent of schools with full School Climate and Wellness teams
  - Increased: 85% of Group 1 BSAP schools have completed School Climate and Wellness teams, as of March 2024, compared to 81% in 2022-23.
- Participation of teams in BSAP professional development
  - 84% of team members (258 of 307) attended BSAP professional development
- Percent of BSAP survey respondents agreeing that every student has an advocate
  - Decreased: 67% of students reported having an adult on campus they trust and can talk to, as of February 2024, compared to 77% of students in 2022-23.
- Percent of BSAP survey respondents agreeing that students have increased access to mental and social-emotional health resources
  - Decreased: 70% of students affirming they have increased access to mental and social-emotional health resources, as of March 2024, compared to 81% of students in 2022-23.
- Percent of BSAP survey respondents agreeing that levels of parent and family engagement have increased
  - Increased: 55% of parents showed interest in school participation, as of March 2024, compared to 46% of parents in 2022-23.
- Percent of BSAP survey respondents agreeing that students have increased participation in extracurricular activities at school
  - Decreased: 64% of survey respondents, as of March 2024, compared to 68% in 2022-23.
- Completion data for the individual Black Student Success Plans
  - Increased 7.85% to 13,248 completed Black Student Success Plans, as of March 2024, compared to 12,283 in 2022-23.
- The District views the action as principally effective based on the progress monitoring measure results in 2023-24. The District will determine further effectiveness of action in 2024-25.

#### Goal 7, Action 5: BSAP Community-Based Safety Pilots

In 2023-24, the Black Student Achievement Plan (BSAP) office monitored progress towards Eliminating Opportunity Gaps in the development of community-based safety pilots employing the following progress measures:

- School Experience Survey data
  - 2023-24: 58.0% of Black students agreed or strongly agreed that the school atmosphere is safe.
  - 2022-23: 61.9% of Black students agreed or strongly agreed that the school atmosphere is safe.
  - Despite a 3.9% decrease from 2022-23 to 2023-24, the District continues to find the action to form and implement community-based safety pilots relevant and effective in supporting the Black Student Achievement Plan. The District is committed to community-based safety pilots as it believes it is more likely to be culturally relevant and responsive to the needs of the individual schools and increases trust and engagement with students and parents. Review of the survey participation rate and survey tool may result in increasing promotion of the School Experience Survey as well as redesigning survey questions to ensure accurate responses.
- Office discipline referrals and student suspension rates
  - Office discipline referrals: Increased to 19.7% (3,285 of 16,623 total discipline referrals), as of March 2024, compared to 18.3% (4,376 of 23,896 total discipline referrals) in 2022-23.
  - Student suspension rates: Decreased to 15% (200 of 1,331 total suspensions), as of March 2024, compared to 16% (234 of

1,448 total suspensions).

- Chronic absenteeism data
  - Decreased: 39.5%, as of March 2024, compared to 45% in 2022-23.
- School crime statistics data
  - The progress monitoring measure was sunsetted at the start of 2023-24 and data was not tracked.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The District continues to be committed to increasing outcomes for Black students in the 2024-25 LCAP as the commitment sits within the District's core belief of equity and eliminating opportunity gaps as outlined in the District's Board Adopted 2022-26 Strategic Plan. Please note the LCAP includes all LCFF base carryover and ending balances, in addition to LCFF supplemental/concentration grant carryover, for the purposes of transparency as has been the established practice in the District.

Goal 7: Black Student Achievement Plan Implementation; Actions 1-5

- The District's commitment to implementation of the Black Student Achievement Plan is continuing into 2024-25 with the same goal, goal actions 1-5, and metrics to assess and track goal and goal action performance. No amendments have been made to the goal actions or metrics.
- The Black Student Achievement Plan aligns with the District's Board adopted 2022-26 Strategic Plan, principally Pillar 1: Academic Excellence, Priority 1C: Eliminating Opportunity Gaps.

Goal 7, Action 1: BSAP Academic Supports: Culturally Responsive Unit Development, Individual Student Needs Assessment, and Curriculum & Pedagogy

- The action has been modified to reflect the removal of the following progress monitoring measures:
  - Percent of teachers at each site that have completed culturally responsive unit design professional development
  - Percent of teachers that are incorporating culturally responsive units in their classrooms for both semesters
  - Percent of schools that participated in the individual student support structure professional development
  - Percent of schools that are implementing individual student support structures within the school day
  - Percent of schools that will complete the culturally responsive PD series

# Goals and Actions

## Goal

Goal #	Description
8	<p><b><u>Mandated School Accountability</u></b></p> <p>Pursuant to new legislation, the State Board of Education has identified schools for additional accountability and support based on the following criteria:</p> <ul style="list-style-type: none"> <li>● For two consecutive years, the school received the two lowest performance levels on the California School Dashboard for all but one of its indicators.</li> <li>● In both years, the District's performance for all students was at least one performance level higher on all these indicators.</li> </ul> <p>Within Los Angeles Unified, the following schools have been identified based on performance on the 2019 and 2022 Dashboards:</p> <ul style="list-style-type: none"> <li>● Richard A. Alonzo Community Day School (identified based on performance on Academic Indicators - ELA and Math, College/Career Indicator, Graduation Rate Indicator, Suspension Rate Indicator)</li> <li>● Miguel Contreras Learning Center-School of Social Justice (identified based on performance on Academic Indicators - ELA and Math, College/Career Indicator, Graduation Rate Indicator, Suspension Rate Indicator)</li> <li>● Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (identified based on performance on Academic Indicators - ELA and Math, College/Career Indicator, Graduation Rate Indicator, Suspension Rate Indicator)</li> </ul> <p>In order to address this new requirement, the Local Control and Accountability Plan (LCAP) must now include an additional goal specifically identifying how the District will address these performance concerns at these schools. This goal was first included in the 2022 LCAP.</p> <p>Starting in 2022-2023, in alignment with Superintendent Carvalho’s vision for data-driven planning to make Los Angeles Unified the premier urban district in the country, these schools will engage in a new system of targeted and differentiated supports to improve student performance in these indicator areas, centering on regular data dialogues, progress monitoring, and integrated fiscal, instructional, and staffing supports. The actions included in this Goal detail the interconnected supports that the applicable Communities of School, Region, and District teams will provide in alignment with the school’s strategies to address the indicator areas of English Language Arts, Math, Graduation, Suspension Rate, and the College/Career Indicator. Through this focused and aligned system of support, Los Angeles Unified is confident that student performance will increase, both at these schools and across the District, as we work to ensure that all students in our District thrive.</p> <p><u>Additional Context for School Identification</u></p> <p>Note that this is not a list of the lower-performing schools in the District or in the state - both the rules of the Dashboard indicators and the legislated comparison between the District and school data excluded many schools across the state.</p> <p>Please note the following additional important context for the identified schools:</p>

Goal #	Description
	<p><i>Richard A. Alonzo Community Day School</i></p> <ul style="list-style-type: none"> <li>● Alonzo is an Options School to support students who are credit deficient or under expulsion. As a result, there are rarely any true ninth grade students enrolled; which results in a low four year cohort graduation rate.</li> <li>● As an Options School, students come from a variety of comprehensive schools and may have taken any number of CTE courses that are not offered at Alonzo which makes continuity of instruction difficult.</li> <li>● Nearly all students who enter Alonzo are credit deficient and have not demonstrated proficiency in past years on state/District assessments. As a result, students are missing classes and also need remediation in ELA and Math.</li> <li>● Many students that transfer to Alonzo CDS are in need of academic intervention, credit recovery, and Multi-Tiered Systems of Support, including mental / emotional support, attendance support, and A-G counseling support.</li> <li>● Many students come after their 11th grade year, therefore creating a challenging task for students to graduate with their cohort.</li> </ul> <p><i>Miguel Contreras Learning Center-School of Social Justice (SSJ)</i></p> <ul style="list-style-type: none"> <li>● Currently, the School of Social Justice serves 88 International students: 48 in Year 0-1; 3 in Year 1.1-2.0, and 37 in Year 2.1-3.0. International Newcomer students enrolling at SSJ face a very different set of circumstances. <ul style="list-style-type: none"> <li>○ The average age of non-Newcomer students on the day that they enroll at SSJ is about 14.5 years old. The average age of Newcomer students on the day that they enroll at SSJ is two years higher - around 16.5 years old - and the majority of them enroll in the spring semester of that first year.</li> <li>○ This means that Newcomer students are starting a semester behind and would need to stay in high school until they are 21 or 22 in order to earn their diploma. However, this is not an option for many students who have to start working because they are responsible for their own financial support.</li> <li>○ Looking at the 2018-2019 cohort, 26 newcomers enrolled in the cohort's freshman year - and by the time the cohort reached senior year, only three of those newcomers remained. Those 23 students who count as drop-outs represent about 15% of the overall cohort. This gap almost completely explains the discrepancy between the school's internal cohort graduation rate of 93% and the official CDE graduation rate around 75%.</li> </ul> </li> <li>● Despite these challenges, the graduation rate at Contreras has already improved since the 2019 Dashboard. Currently 88% of the class of 2022 are on track to graduate, as are 55% of the Class of 2023, 65% of the Class of 2024, and 49% of the Class of 2025.</li> <li>● As of March 2022, A-G C or better rates for the Class of 2022 are 72%; 40% for Class of 2023; 23% for Class of 2024; and 33% for Class of 2025.</li> <li>● Over the course of two months, the School of Social Justice Team was able to improve their Financial Aid submission rate from 20% completed to 78% completed as of April 2022.</li> <li>● The School of Social Justice had an increase of about 10% from 2018-2019 to 2020-2021 in ELA on the Smarter Balanced Assessment. This growth was as a result of the school strategically creating time for teachers to engage in data analysis and plan instruction.</li> </ul>

Goal #	Description
	<p><i>Crenshaw Science, Technology, Engineering, Math and Medicine Magnet</i></p> <ul style="list-style-type: none"> <li>Some students fall on the alternative curriculum due to Moderate to Severe disabilities and are not on Diploma Track, but are still included in the Graduation and College/Career Indicators on the Dashboard.</li> <li>In addition, the Graduation Rate Indicator on the Dashboard does not reflect Crenshaw’s growing English Learner student population - these students often need a fifth year to meet graduation requirements.</li> <li>The Graduation Cohort A-G Completion Rate in 2020-2021 has increased by 9.2% to 32.6% from the 2018-2019 data used in the 2019 Dashboard.</li> <li>In addition, declining student participation in the Career Technical Education (CTE) program has created challenges in providing students within a consistent CTE pathway with capstone, concentrator, and certificated coursework.</li> <li>Student performance on the Smarter Balanced English Language Arts Assessment for Grade 11 increased by 22.8 points from the 2018-2019 administration used in the 2019 Dashboard to 67.0 points below standard in 2020-2021. While Crenshaw will continue to work to improve these scores through a focus on reading comprehension and literacy skills across the curriculum, significant progress has already been made since the 2019 Dashboard release.</li> <li>Student performance on the Smarter Balanced Math Assessment for Grade 11 increased by 33.2 points from the 2018-2019 administration used in the 2019 Dashboard to 148.8 points below standard in 2020-2021. While Crenshaw will continue to work to improve these scores through a focus on effective implementation of the math curriculum and targeted interventions, significant progress has already been made since the 2019 Dashboard release.</li> </ul>

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### Goal 8, Action 1: District Level Supports for Identified Schools

In 2023-24, the District supported the three identified schools through the use of data, eligibility updates supplied by the California Department of Education, and supports through the Superintendent's Data DIG meetings.

- Successes:
  - The District's Office of Data and Accountability supported identified schools and the schools' educational partners by providing information via the District's Open Data Dashboard outlining the mandated school accountability framework.
- Challenges:
  - The LCAP accountability framework pursuant to Education Code Section 52064(e)(6) outlined school eligibility but did not provide guidance.

Despite the challenge, the District supported the identified schools in understanding and working within the accountability framework.

### Goal 8, Action 2: Regional Supports for Identified Schools

In 2023-24, the District's Region offices provided assistance to identified schools by offering instructional and operational support aimed at enhancing student achievement, as measured by California School Dashboard indicators.

#### Region West

Region West supported and collaborated with the Richard A. Alonzo Community Day School (CDS) and its Community of Schools (Hollywood CoS) to improve student performance outcomes as measured by the California School Dashboard indicators of English Language Arts (ELA), Math, Graduation Rate, and College/Career.

- Supports for English Language Arts (ELA):
  - Successes:
    - Region West continued to provide ongoing professional development opportunities for ELA teachers to increase student engagement and student use of academic vocabulary.
    - Supported Alonzo CDS by funding student access to MyPath program reading lessons to assess and increase student mastery of grade-level ELA standards through differentiated instruction.
  - Challenges:
    - None identified.
- Supports for Mathematics:
  - Successes:
    - Region West supported Alonzo CDS with student access to MyPath program math lessons to assess student

mastery of grade level math standards and provide differentiated lessons to bring them up to grade-level.

- Challenges:
  - None identified.
- Supports for Graduation Rate:
  - Successes:
    - Region West provided additional counseling resources and staff to assist the school with development and monitoring students' Individualized Grading Plans (IGP).
  - Challenges:
    - None identified.
- Supports for College/Career Indicator:
  - Successes:
    - Region West provided ongoing professional development on use of i-Ready student assessment data to plan instruction and progress monitor students.
    - Additional professional development training was provided to teachers to increase student engagement and assist students in developing academic vocabulary skills.
  - Challenges:
    - None identified.

In 2023-24, Region West implemented supports for the Richard A. Alonzo Community Day Schools to increase student achievement as planned.

### Region South

Region South supported and collaborated with the Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (STEMM) and its Community of Schools (HEET C/D CoS) to improve student performance outcomes as measured by the California School Dashboard indicators of English Language Arts (ELA), Math, Graduation Rate, and College/Career.

- Supports for English Language Arts (ELA):
  - Successes:
    - Planned implementation of Crenshaw STEMM's participation in the 2024-25 Grade 11 ELA Plan-Do-Study-Act (PDSA) continuous improvement cycle to identify instructional areas for enhancement every 12 weeks during the fall and spring semesters.
    - Region South provided the school's ELA department with one full-day professional development each semester to focus on increased professional practice.
    - The Region South ELA coordinator conducted bi-monthly meetings with the ELA department to review student work to evaluate and increase instructional practice.
    - Region South conducted an instructional rounds cycle to increase data-informed decision making when planning student instruction and increase the sense of community and collaboration among teachers to improve student learning.

- Challenges:
      - None identified.
  - Supports for Mathematics:
    - Successes:
      - Region South supported improved math instruction by conducting classroom observations with targeted feedback, including the use of student outcome data, to support instruction.
      - Implemented two full-day professional development training sessions each semester for the school’s math departments.
      - Focused on demonstration of math lessons to provide specific instructional support for Algebra 2 course teachers.
      - Region’s Math Coordinator conducted bi-weekly check-ins with the school’s math department to review the Plan-Do-Study-Act (PDSA) cycle to better guide decision making in how best to support students; in addition, Crenshaw STEMM participates in Region South’s grade 11 math PDSA 12-week cycles in the fall and spring semesters.
      - All grade 11 students were progress monitored by Region South using bi-weekly math standard aligned assessments to track student mastery of math content standards.
    - Challenges:
      - None identified.
  - Supports for Graduation Rate:
    - Successes:
      - Funded in-person and online credit recovery courses to ensure students are on-track to graduate high school.
      - Implemented Equitable Grading Initiative (EGI) professional development for all staff to reinforce the use of formative student assessments to help plan instruction and focus on the student growth and standards mastery in a course.
      - Region South provided counseling support and professional development for the school’s counseling team.
      - Assigned Region Director collaborated with the school’s principal to develop teacher professional development plans and conduct grade analysis to determine areas of growth.
    - Challenges:
      - None identified.
  - Supports for College/Career Indicator:
    - Successes:
      - Region South supported Crenshaw STEMM with a Director ensuring intensive and continuous administrative support.
      - Region South ensured the school’s master schedule provided students with equal access to educational opportunities and resources such as Advanced Placement (AP) courses as well as provided appropriate placement of students in classes and programs.
      - Implemented a dual enrollment program with the National Education Equity Lab and local community colleges allowing students to enroll in college-level courses and earn credit for both high school and college

- simultaneously.
  - Provided student access to Career Technical Education (CTE) courses outside of the school day.
- Challenges:
  - None identified.

In 2023-24, Region South implemented supports for the Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (STEMM) to increase student achievement as planned.

### Region East

Region East supported and collaborated with the Miguel Contreras Learning Center - School of Social Justice and its Community of Schools (MacArthur Park CoS) to improve student performance outcomes as measured by the California School Dashboard indicators of English Language Arts (ELA), Math, Graduation Rate, and College/Career.

- Supports for English Language Arts (ELA):
  - Successes:
    - Provided ongoing professional development to increase teachers' knowledge of the English Language Arts Standards and in the designing of instructional standards-based lesson plans.
    - Supplied opportunities for teacher leadership and collaboration with the Teacher Leader Cadre, a series of professional learning days for teachers to increase their expertise in teaching literacy and learning research-based practices to meet the needs of English Learners, for example.
    - Implemented instructional rounds with Miguel Contreras' ELA teachers with an observational process to improve their teaching capacity.
  - Challenges:
    - None identified.
- Supports for Mathematics:
  - Successes:
    - Instructional rounds provided Miguel Contreras educators with a process to observe, analyze, and improve teaching practices.
    - Implemented professional development in math grade-level content standards to support teachers in designing math instructional lesson plans.
    - Engaged school leaders in Instructional Leadership Team meetings to increase their instructional capacity in assisting teachers to work with students who are below grade level.
  - Challenges:
    - None identified.
- Supports for Graduation Rate:
  - Successes:
    - Miguel Contreras received in-person support from Region East's Counseling Coordinator and A-G Counseling team with in-depth student data chat sessions every five weeks to ensure students were supported with

- academic interventions for course grade improvement and credit recovery options.
    - Each student received an individual plan, an Individualized Graduation Plan (IGP), to ensure the student meets graduation requirements, specifically meeting A-G course requirements with a grade of C or better.
  - Challenges:
    - None identified.
- Supports for College/Career Indicator:
  - Successes:
    - The Miguel Contreras counseling team collaborated monthly with the Region East counseling team to plan for the strategic design of the master schedule to support the A-G graduation needs of students.
    - Region counseling meetings convened secondary schools to share promising practices and design increased supports for students.
  - Challenges:
    - None identified.

In 2023-24, Region East implemented supports for the Miguel Contreras Learning Center - School of Social Justice to increase student achievement as planned.

#### Goal 8, Action 3: Community of Schools Supports for Identified Schools

In 2023-24, the identified schools received support from their Region offices Community of Schools (CoS) to improve student achievement.

#### HEET (C/D) Community of Schools

- Region West's HEET (C/D) Community of Schools supported the Crenshaw Science, Technology, Engineering, Math and Medicine Magnet in the improvement of academic performance indicators as measured on the California School Dashboard.
  - Supports for English Language Arts (ELA):
    - Successes:
      - Implementation of a schoolwide Plan-Do-Study-Act (PDSA) cycle to improve students' using claim, evidence, and reasoning to support their thinking in argumentative writing, among additional subject areas.
      - Active teacher participation in PDSA professional development training.
      - Increased monitoring of classroom instruction to improve strategies in the support of all students.
    - Challenges:
      - Early implementation of the claim, evidence, and reasoning cycle.
  - Supports for Mathematics:
    - Successes:
      - The HEET (C/D) Community of Schools provided continuous individualized support to teachers to enhance their professional development, including the Plan-Do-Study-Act (PDSA) cycle to improve instruction.
      - Regional Director, Coordinator and the Equity Transformation Office provided ongoing monitoring of student

performance outcomes and supports.

- Challenges:
  - Consistently implementing the PDSA cycle to plan student instruction.
- Supports for Graduation Rate:
  - Successes:
    - Regional Director supported school administration and facilitated meetings with the college counselor to monitor and increase student completion of the Free Application for Federal Student Aid (FAFSA) to apply for financial aid for college.
    - Regional Director supported school administration in the monitoring of the A-G course completion rate and student instruction to implement interventions such as tutoring and social-emotional supports.
    - Implemented additional initiatives such as the Fall & Acceleration Academy to provide opportunities for students to make up missed coursework and accelerate their progress toward graduation and academic goals.
  - Challenges:
    - Chronic absenteeism negatively impacted the graduation rate.
- Supports for College/Career Indicator:
  - Successes:
    - The HEET (C/D) Community of Schools provided the school with A-G graduation progress monitoring and tiered interventions to increase student academic success.
    - Implementation of the 3DE program allowing an interdisciplinary instructional model involving math, science, and English Language Arts (ELA) teachers to develop student skills in public speaking, communication, and collaboration.
  - Challenges:
    - Implementing a master course schedule.

The HEET (C/D) Community of Schools supported the Crenshaw Science, Technology, Engineering, Math and Medicine Magnet in the implementation of programs and services to support student achievement in 2023-24 as planned.

### Hollywood Community of Schools

- Region West's Hollywood Community of Schools supported the Richard A. Alonzo Community Day School in implementing its educational program and improving student outcomes, as measured by the California School Dashboard indicators in English Language Arts, math, graduation rate, and College/Career readiness.
  - Supports for English Language Arts (ELA):
    - Successes:
      - Increased school use of i-Ready student assessment data to provide differentiated and targeted academic supports to students.
      - Provided ongoing professional development to improve students' understanding and use of academic vocabulary

across subject areas.

- Challenges:
  - None identified.
- Supports for Mathematics:
  - Successes:
    - Assisted school teachers in increasing student engagement and student use of academic vocabulary.
    - Implemented i-Ready student assessment data reviews to inform the development of instructional lesson plans.
  - Challenges:
    - None identified.
- Supports for Graduation Rate:
  - Successes:
    - Implemented school counselor professional development training to support use of the Individualized Graduation Plan (IGP) to track on-track student graduation.
    - Collaborated with the school to analyze student attendance records to identify attendance patterns and trends.
    - Assisted the school with using i-Ready student assessment data to plan instruction and develop individual student academic supports.
    - Funding a pupil services and attendance (PSA) counselor next year to further support increased student attendance.
  - Challenges:
    - None identified.
- Supports for College/Career Indicator:
  - Successes:
    - Provided professional development trainings for the school's implementation of Positive Behavior Interventions and Supports (PBIS).
  - Challenges:
    - None identified.

The Hollywood Community of Schools supported the Richard A. Alonzo Community Day Schools in the implementation of programs and services to support student achievement in 2023-24 as planned.

### MacArthur Park Community of Schools

- Region East's MacArthur Park Community of Schools supported the Miguel Contreras Learning Center - School of Social Justice in implementing its educational program and improving student outcomes, as measured by the California School Dashboard indicators in English Language Arts, math, graduation rate, and College/Career readiness.
  - Supports for English Language Arts (ELA):
    - Successes:

- Provided the school with support in implementing the ELA curriculum, MyPerspectives, to increase student writing skills, reading comprehension, and development of evidence-based questioning.
  - Progress monitoring diagnostics and aligned instructional resources were provided to increase student mastery of ELA content standards.
  - Funded the use of high-frequency tutoring to further assist students outside of regular school hours.
- Challenges:
  - None identified.
- Supports for Mathematics:
  - Successes:
    - Region East’s MacArthur Park Community of Schools provided comprehensive instructional support in implementing the math curriculum, Illustrative Mathematics, a standards-aligned math curriculum, through intensive teacher coaching and additional collaboration time for teachers.
    - Supported the school in the use of progress monitoring diagnostics and instructional resources to student students below grade level, which including high-frequency tutoring to further assist students outside of regular school hours.
  - Challenges:
    - None identified.
- Supports for Graduation Rate:
  - Successes:
    - MacArthur Park’s Community of Schools Regional Director, Region A-G Coordinator, and the Region Counseling Coordinator collaborated with the school’s principal and counseling team to review on-track graduation data and devise strategies to support individual students who were falling behind in on-track graduation.
    - Provided financial assistance and guidance to the school in implementing credit recovery and grade improvement initiatives to help students graduate on-time.
  - Challenges:
    - None identified.
- Supports for College/Career Indicator:
  - Successes:
    - Regional Director conducted regular sessions with the school’s Instructional Leadership Team (ILT) to enhance schoolwide instructional practices and student achievement.
    - Region East’s MacArthur Park Community of Schools A-G Coordinator assisted the school’s students in completing college applications and applying for financial aid.
  - Challenges:
    - None identified.

The MacArthur Park Community of Schools supported the Miguel Contreras Learning Center - School of Social Justice in the implementation of programs and services to support student achievement in 2023-24 as planned.

### Goal 8. Action 4: School-Level Strategies to Address Identified Indicators

In 2023-24, the identified schools aimed to boost student achievement and outcomes in alignment with the California School Dashboard indicators of English Language Arts, math, graduation rate, and College/Career readiness.

- Richard A. Alonzo Community Day School

- English Language Arts (ELA):

- Successes:

- Increased use of reading supports and lessons to improve student literacy including reading comprehension skills.
- Implementation of Region West signature instructional strategies in improving student literacy including the use of small group instruction, Tier 2 reading supports.

- Challenges:

- None identified.

- Mathematics:

- Successes:

- Implemented use of math curriculum supports, i-Ready, to increase student success as evidenced in summative assessments such as the Smarter Balanced Assessment (SBA).
- Use of small group instruction and additional Tier 2 supports to target student interventions.

- Challenges:

- None identified.

- Graduation Rate:

- Successes:

- Implementation of personalized curriculum guides to assist students in understanding the sequence of topics to be covered and to understand their progression of learning.
- Use of small classes to provide differentiated instruction and learning supports for students.

- Challenges:

- None identified.

- College/Career Indicator:

- Successes:

- Increased focus on college and career readiness and student attendance with the addition of an A-G college counselor early in the school year.
- Completed presentations in student Advisory classes to bolster students' academic success and enhance their social-emotional well-being. Presentations offered guidance and resources aimed at improving study habits, time management skills, and academic goal-setting to improve academic achievement and emotional well-being.

- Challenges:

- None identified.

Richard A. Alonzo Community Day School implemented programs and services to increase student achievement in 2023-24 as planned.

- Miguel Contreras Learning Center - School of Social Justice

- English Language Arts (ELA):

- Successes:

- All grades 9-11 students were enrolled in an extra ELA support class to support academic achievement.
- Implemented instructional focus on developing student skills within writing and literacy with an additional focus on students development evidence-based communication.
- Each ELA teacher had a common planning period to collaborate on instructional lesson planning and assessments.

- Challenges:

- None identified.

- Mathematics:

- Successes:

- Common planning period for the school's math teachers allowed for increased professional learning opportunities including peer learning and greater coherence in math instruction.
- All grades 9-11 students were enrolled in an extra math support class to support academic achievement.
- Provided professional development training to assist teachers in implementing math curriculum, Illustrative Mathematics.

- Challenges:

- None identified.

- Graduation Rate:

- Successes:

- Implemented a modified schedule allowing students to be enrolled in eight classes per semester to recover high school credits during the school day.
- Offered Winter and Spring Academies for students to receive additional supports as well as recover course grades.
- The school ensured all students completed Individualized Graduation Plan (IGP) reports and monitored student graduation progress.

- Challenges:

- None identified.

- College/Career Indicator:

- Successes:

- Increased college and career awareness through research projects and presentations in student Advisory classes.
- Offering dual enrollment courses during the school allowing grades 10-12 students high school and college credits simultaneously.

- Challenges:
  - None identified.

Miguel Contreras Learning Center - School of Social Justice implemented programs and services to increase student achievement in 2023-24 as planned.

- Crenshaw Science, Technology, Engineering, Math and Medicine Magnet
  - English Language Arts (ELA):
    - Successes:
      - Implemented instructional rounds cycles allowing school administrators and teachers to observe student instruction and use the information to share feedback with peers, identify areas for growth, and build out instructional practices to improve academic student success.
      - Provided professional development training to increase student engagement by having students learning in smaller groups and working to collaborate.
      - Implemented professional development sessions for teachers to increase student usage of claim, evidence, reasoning writing strategies so students can learn to back up points or claims with facts.
    - Challenges:
      - Developing common instructional planning time by content area and grade level teams during the school day.
  - Mathematics:
    - Successes:
      - Implemented Plan-Do-Study-Act (PDSA) student data review cycles between administrators and math teachers to continuously improve instructional practices and student outcomes.
      - Implemented common formative assessments to gauge student understanding of specific learning targets across math courses to inform instructional lesson planning by teachers.
      - Provided students with math intervention programs to improve students' math proficiency and grades.
    - Challenges:
      - None identified.
  - Graduation Rate:
    - Successes:
      - Implemented a tiered student intervention program to increase on-track graduation status and students meeting A-G course requirements:
        - Tier 1: Ensured all students complete their Individualized Graduation Plan (IGP) so students can plan and track their on-track graduation status including course completion; implemented student recognition events to promote academic student success; conducted parent workshops to better support their child(ren) through the school's Parent Center.
        - Tier 2: Provided use of an online homework assistance program as well as afterschool tutoring opportunities; implemented credit recovery options for students during the school day and on Saturdays;

progress monitoring completed by assigned student mentors.

- Tier 3: Implemented student enrollment into an in-person tutoring program for math and English Language Arts (ELA); provided parent and student workshops on topics such as goal setting and academic achievement.
- Challenges:
  - None identified.
- College/Career Indicator:
  - Successes:
    - Continued implementation of dual enrollment programs allowing students to simultaneously receive high school and college credit during the school day
    - Provided parent meetings focused on A-G graduation requirements and how to support their child(ren) in school, among additional topics.
    - Conducted home visits to meet with parents who are not able to attend on-site school meetings to reinforce the importance of student attendance and college and career readiness.
    - Implement a credit recovery program for students to maintain an on-track graduation status.
  - Challenges:
    - None identified.

Despite challenges, Crenshaw Science, Technology, Engineering, Math and Medicine Magnet implemented programs and services to increase student achievement in 2023-24 as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

*No material differences were observed for any of the actions under this Goal.*

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Identified schools demonstrated the following progress on the 2023 California School Dashboard:

<b>CA Dashboard Indicator</b>	Los Angeles Unified	Richard A. Alonzo Community Day School	Crenshaw Science, Technology, Engineering, Math and Medicine Magnet	Miguel Contreras Learning Center - School of Social Justice
-------------------------------	---------------------	--	---	---

Academic Performance - English Language Arts	Orange	No Performance Color	Red	Yellow
Academic Performance - Mathematics	Yellow	No Performance Color	Red	Orange
Academic Performance - College/Career	Medium	Very Low	Low	Medium
Academic Engagement - Graduation Rate	Orange	Red	Orange	Red
Suspension Rate	Blue	Blue	Blue	Blue

Goal 8. Actions 1-4: District Level, Regional, Community of Schools, and School Level Supports and Strategies for Identified Schools

The District implemented the four actions as outlined in the Goal 8 section for each of the three mandated school accountability eligible schools- Richard A. Alonzo Community Day School, Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (STEMM), and Miguel Contreras Learning Center - School of Social Justice. Effectiveness of the actions in making progress toward the goal is outlined for each school below.

- Richard A. Alonzo Community Day School:

- Based on the student performance on the three applicable California School Dashboard (“Dashboard”) indicators (Suspension Rate, Graduation Rate, and College/Career) in 2023, the actions completed at the District, Region, Community of Schools, and school levels were effective in decreasing the school’s suspension rate by 1.3% to 0%- “Blue” performance level; however, the school saw a decline in graduation rate by 16.7% to 34.1%- “Red” performance level. In addition, the school had a lower performance level, Very Low, when compared to the District’s Medium performance level in the College/Career indicator. Using the state mandated school accountability criteria used for eligibility, Richard A. Alonzo Community Day School would continue to be eligible based on the student performance as seen in the applicable Dashboard indicators. For context, the school is an Options school to support students who are credit deficient or under expulsion and, as a result, the school rarely enrolls grade 9 students, therefore, continuing a low four-year cohort graduation rate from year to year.

- Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (STEMM):

- Based on the student performance as evidenced in the five applicable Dashboard indicators (English Language Arts, Mathematics, College/Career, Graduation Rate, and Suspension Rate) in 2023, the actions completed at the District, Region, Community of Schools, and school levels were effective in decreasing the school’s suspension rate by 1.9% to 0.3%- “Blue” performance level; however, the school saw declines in student performance as seen in graduation rate, English Language Arts, and mathematics. In addition, the school had a lower performance level, Low, when compared to the District’s Medium performance level in the College/Career indicator. The District views the overall actions for Crenshaw STEMM as partially effective. Using the state mandated school accountability criteria used for eligibility, Crenshaw STEMM would continue to be eligible based on the student performance as seen in the applicable Dashboard indicators.
- Miguel Contreras Learning Center - School of Social Justice:
  - Based on the student performance as evidenced in the five applicable Dashboard indicators (English Language Arts, Mathematics, College/Career, Graduation Rate, and Suspension Rate) in 2023, the actions completed at the District, Region, Community of Schools, and school levels were effective in: decreasing the school’s suspension rate by 0.4% to 0.2%- “Blue” performance level; increasing by 40.9 points distance towards proficiency on the Smarter Balanced Assessment in English Language Arts- “Yellow” performance level; increasing by 13.6 points distance towards proficiency on the Smarter Balanced Assessment in Mathematics- “Orange” performance level. In addition, the school had the same performance level, Medium, in College/Career as the District. Using the state mandated school accountability criteria used for eligibility, Miguel Contreras Learning Center - School of Social Justice would no longer be eligible based on the improved student performance as seen in the applicable Dashboard indicators.

For additional information on student outcomes at the three schools, including student group performance, please view each school’s Open Data Dashboards:

- [Richard A. Alonzo Community Day School](#)
- [Crenshaw Science, Technology, Engineering, Math and Medicine Magnet](#)
- [Miguel Contreras Learning Complex- School of Social Justice](#)

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

In the 2023-24 LCAP, Los Angeles Unified was required to include one goal in the LCAP, Goal 8, per Education Code Section 52064(e)(6) to focus on improving student outcomes of low-performing student groups and/or identified schools based on the following criteria:

- For two consecutive years, the school received the two lowest performance levels on the California School Dashboard for all but one of its indicators.
- In both years, the District’s performance for all students was at least one performance level higher on all these indicators.

This state requirement of including a separate and specific LCAP goal focused on identified schools is no longer a state requirement and the District will not continue the goal understanding the identified schools will continue to be supported across and within LCAP goal actions.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Los Angeles Unified School District	Dr. Erik Elward, LCAP Administrator	<a href="mailto:erik.elward1@lausd.net">erik.elward1@lausd.net</a> ; (213) 241-2636

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Los Angeles Unified School District is focused on ensuring all students graduate Ready for the World- prepared for college, career, and life. As the second largest school district in the nation, Los Angeles Unified serves over 563,000 Pre-K thru Adult Education students in over 1,400 schools and centers, including primary school centers and magnet schools, as well as affiliated and independent charter schools. Approximately 84% of our students are either eligible for free and reduced lunch, are English learners or in the foster care system.

Recognizing the daily academic and emotional challenges our students encounter, Los Angeles Unified makes student needs the priority in decision-making and works to establish that resources are effectively allocated to all students, particularly our highest-need students. Los Angeles Unified is informed by our diverse student population where 83,923 students are learning to speak English proficiently and 73.1% of our student population is Latino, 10.0% is White, 7.1% is Black / African American, 3.6% is Asian, 1.8% is Filipino, and less than 1% is American Indian, Alaska Native, or Pacific Islander. Los Angeles Unified embraces strategies that aim to close the equity and opportunity gaps for our students, including the targeted student populations identified in the Local Control Funding Formula (LCFF): English Learners, students in foster care, and students from low-income families. Supporting and increasing student success cannot be done without our approximately 74,000 employees, which includes teachers, classified personnel, and administrators who are instrumental in helping Los Angeles Unified achieve the goals and objectives for improving student outcomes. Additional information about Los Angeles Unified may be accessed at <https://achieve.lausd.net/facts>.

For additional information on District demographics, as well as past LCAP metrics outcomes, please visit the District’s Open Data Dashboard: [https://my.lausd.net/opendata/landing\\_page](https://my.lausd.net/opendata/landing_page).

Pursuant to new State legislation, Local Education Agencies (LEAs) such as Los Angeles Unified are required to include a new LCAP goal, referred to as the Equity Multiplier focus goal. The Local Control Funding Formula (LCFF) Equity Multiplier is a new state funding program for

eligible schools based on their nonstability rate and percentage of socioeconomically disadvantaged students, as outlined in the annual California Department of Education (CDE) Stability Rate Data Report with the following criteria:

- Prior year nonstability rates greater than 25%; and
- Prior year socioeconomically disadvantaged pupil rates greater than 70%.

Considered a separate funding source, Other State Funds, allocated outside of LCFF entitlement, Equity Multiplier funds are to be used by eligible schools to implement evidence-based services and supports for all student groups that have the lowest performance level (e.g., Red) on one or more State indicators on the California School Dashboard in 2022-23 and, if applicable, any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators at Equity Multiplier-eligible schools. For additional information, please visit: <https://www.cde.ca.gov/fg/aa/lc/equitymultiplier.asp>

For information on the District’s Equity Multiplier focus goal, please refer to the District’s LCAP Goal 8.

Within Los Angeles Unified, the following 71 schools have been identified in 2023-24 as Equity Multiplier-eligible schools to use allocated funding in 2024-25:

Aggeler Community Day	Charles Drew Middle	Harold McAlister High (Opportunity)	Mission Continuation	Thomas Riley High
Albert Einstein Continuation	Coliseum Street Elementary	Harris Newmark Continuation	Moneta Continuation	Tri-C Community Day
Amelia Earhart Continuation	Contreras Learning Center-School of Social Justice	Highland Park Continuation	Monterey Continuation	View Park Continuation
Angeles Mesa Elementary	Crenshaw Science, Technology, Engineering, Math and Medicine Magnet	Hillcrest Drive Elementary	Ninth Street Elementary	Virtual Academy of International Studies/Humanities (World Languages and Cultures)
Ann Street Elementary	Dan M. Isaacs Avalon High	Jack London Continuation	Odyssey Continuation	Whitman Continuation
Audubon Middle	Danny J. Bakewell, Sr., Primary Center	James J. McBride Special Education Center	Owensmouth Continuation	Whitney Young Continuation
Avalon Gardens Elementary	Dorothy V. Johnson Community Day	John Hope Continuation	Phoenix Continuation	Will Rogers Continuation
Barack Obama Global Preparation Academy	Edwin Markham Middle	John R. Wooden High	Pinewood Avenue Elementary	William J. Johnston Community Day
Belmont Senior High	Ellington (Duke) High (Continuation)	La Salle Avenue Elementary	Pueblo de Los Angeles Continuation	William Tell Aggeler Opportunity High

Boyle Heights Continuation	Evergreen Continuation	Lankershim Elementary	Ramona Opportunity High	Youth Opportunities Unlimited
Bret Harte Preparatory Middle	Fifty-Fourth Street Elementary	Leadership & Public Service Virtual Academy	Samuel Gompers Middle	Zane Grey Continuation
Cabrillo Avenue Elementary	Forty-Second Street Elementary	Manhattan Place Elementary	San Antonio Continuation	
Cal Burke High	Frida Kahlo High	Mariposa-Nabi Primary Center	Simon Rodia Continuation	
CDS Secondary	George S. Patton Continuation	Martin Luther King Jr. Elementary	Sophia T. Salvin Special Education Center	
Central High	George Washington Preparatory High	Metropolitan Continuation	Stoney Point Continuation	

*Please note: The District's LCAP contains acronyms - to assist our community in understanding this document, we have provided a list of common acronyms and their meanings in Appendix C.*

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

### Progress Toward LCAP Goals

- District Goal (Postsecondary): Increased Graduation Cohort A-G Completion Rate (Meeting UC/CSU Entrance Requirements)
  - A continued highlight of student performance is the increased percentage of graduating students in meeting the University of California (UC)/California State University (CSU) A-G approved course requirements (grades of C or better) with a completion rate of 53.5% in 2022-23, an increase of 3.0% from 2021-22. The District's success is aligned with the adopted Board goal of 70% of students in a graduating 9th-12th grade cohort will meet A-G course requirements by June 2026.
- District Goal (Literacy): Increased Proficiency on Smarter Balanced Assessment (SBA) in English Language Arts for Grade 3
  - Grade 3 students increased 4.4 points on the Smarter Balanced Assessment in English Language Arts to 28.4 points below grade-level standards in 2022-23 from 32.8 points below in 2021-22. The District's success is aligned with the adopted Board goal of moving grade 3 students, on average, 30 points closer to proficiency on the Smarter Balanced Assessment in English Language Arts by June 2026.
- District Goal (Numeracy): Increased Proficiency on Smarter Balanced Assessment (SBA) in Mathematics for Grades 3-5 and 6-8
  - Grades 3-5 students increased 7.2 points on the Smarter Balanced Assessment in mathematics to 37.4 points below grade-level standards in 2022-23 from 44.6 points below in 2021-22. Grades 6-8 students increased 1 point on the Smarter Balanced Assessment in mathematics to 80 points below grade-level standards in 2022-23 from 81.0 points below in 2021-22. The District's success is aligned with the adopted Board goal of moving students, on average, 40 points closer to proficiency on

the Smarter Balanced Assessment in mathematics for grades 3-5 and 6-8 by June 2026.

### 2023 California School Dashboard (“Dashboard”) Indicators

- Graduation Rate:
  - Over the past three years, 2020-21 to 2022-23, Los Angeles Unified increased its overall four-year cohort graduation rate to 84.0% in 2022-23 from 81.6% in 2020-21 as well as increased its four-year cohort graduation rate for numerically significant student groups.
    - The four-year cohort graduation rate for the following student groups increased in 2022-23 from 2020-21.
      - African American/Black: Increased to 82.4% in 2022-23 from 78.8% in 2020-21.
      - Hispanic/Latino: Increased to 83.5% in 2022-23 from 80.8% in 2020-21.
      - English Learners: Increased to 62.4% in 2022-23 from 59.1% in 2020-21.
      - Reclassified Fluent English Proficient: Increased to 90.2% in 2022-23 from 87.9% in 2020-21.
      - Standard English Learners: Increased to 86.6% in 2022-23 from 84.4% in 2020-21.
      - Low Income: Increased to 83.7% in 2022-23 from 81.4% in 2020-21.
      - Students with Disabilities: Increased to 70.5% in 2022-23 from 64% in 2020-21.
      - Foster Youth: Increased to 66.7% in 2022-23 from 58.3% in 2020-21.
    - To foster an increased graduation rate, the District sustains student programs and services outlined in LCAP Goal 1: Academic Excellence, including the ability for student to remain on-track towards graduation in four-years through the Options Program (Action 4), the Summer School Credit Recovery program (Action 16), support from the Districtwide A-G Interventions programs (Action 26), the Diploma Program (Action 27), and the College Access Program (Action 28).
    - In addition, the District has continued its commitment to support school-level use of discretionary funds via Student Equity Needs Index (SENI) funds, with the aim of further advancing the student graduation rate.
- College/Career:
  - A continued highlight of student performance between 2020-21 and 2022-23 is the increased Career Technical Education (CTE) Completion Rate of graduates to 19.7% in 2022-23, an increase of 4.4% from 2020-21 as well as increased its CTE Completion Rate for numerically significant student groups.
    - The CTE completion rate for the following student groups increased in 2022-23 from 2020-21.
      - African American/Black: Increased to 16.5% in 2022-23 from 14.0% in 2020-21.
      - Hispanic/Latino: Increased to 20.7% in 2022-23 from 15.9% in 2020-21.
      - English Learner: Increased to 10.3% in 2022-23 from 7.7% in 2020-21.
      - Reclassified Fluent English Proficient: Increased to 24.5% in 2022-23 from 18.3% in 2020-21.
      - Standard English Learners: Increased to 19.8% in 2022-23 from 16.4% in 2020-21.
      - Low Income: Increased to 20.1% in 2022-23 from 15.6% in 2020-21.
      - Students with Disabilities: Increased to 15.1% in 2022-23 from 10.9% in 2020-21.
    - Due to feedback from educational partners, a continued District focus is providing a college and career readiness educational program for students with programs and services, including CTE (LCAP Goal 1, Action 29) and Linked

Learning (LCAP Goal 1, Action 30).

- As outlined in the above Graduation Rate section, schools are further supported with discretionary funds via the Student Equity Needs Index (SENI) allowing schools the flexibility in allocating resources and services according to the specific needs and priorities of their students.

- Suspension Rate:

- District Suspension Rate: The overall student suspension rate of 0.4% in 2022-23 continues to be lower than the state (3.5%) as well as for all numerically significant student groups. The District continues to maintain a Very Low suspension rate, as measured by the Dashboard, by continuing actions to support students with mental health resources, restorative justice practices, student health services, and opportunities for school engagement, among additional actions, as outlined in LCAP Goal 2: Joy and Wellness.

As an overview of the 2023 Dashboard, Los Angeles Unified has no areas where All Students are in the lowest performance level rating (i.e., Red or Very Low). The District did have student group performance on Dashboard indicators in the lowest rating:

- Chronic Absenteeism: (None)
- Suspension Rate: (None)
- Graduation Rate: (1 Student Group)- English Learners
- College/Career: (None)
- English Language Arts: (3 Student Groups)- English Learners, Foster Youth, Homeless
- Mathematics: (1 Student Group)- English Learners
- English Learner Progress Indicator (ELPI): the state indicator does not have a student group rating as the indicator is specific to English Learners.

Attached to the District's LCAP is Appendix A with a table displaying the lowest performance level (i.e., Red or Very Low) ratings for Los Angeles Unified schools within the seven indicators on the California School Dashboard ("Dashboard"); Chronic Absenteeism (K-8 only), College/Career (high school only), English Language Arts (ELA), English Learner Progress, Graduation Rate (high school only), Mathematics, and Suspension. There are 572 District schools with Red designation in 2,121 areas and 59 District schools with Very Low designation in the College/Career Indicator. Appendix A includes lowest performance ratings for student groups as reported on the California School Dashboard by school. Included are African American/Black, American Indian or Alaska Native, Asian, Filipino, Hispanic/Latino, Pacific Islander, White, Multiple Races, English Learners, Socioeconomically Disadvantaged, Students with Disabilities, Foster Youth, and Homeless Youth student groups as applicable to each school.

In reporting the lowest performance level ratings for Los Angeles Unified schools within the seven Dashboard indicators for student groups, educational partners have continued to advocate for a less lengthy and more concise LCAP allowing a reader to reference appendices at the end of the LCAP document, when necessary, rather than having lists of schools within LCAP sections to inhibit accessibility and readability of the LCAP.

For specific information regarding District actions and supports for identified student groups at school sites with the lowest performance level by Dashboard indicator, please reference the following District goals and actions as aligned with Dashboard indicators:

- Chronic Absenteeism: Goal 1, Action 27: Diploma Program; Goal 2, Action 11: Attendance Interventions; Goal 2, Actions 14-16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Elementary Schools, Middle Schools, High Schools; Goal 7, Action 4: BSAP School Climate & Wellness Personnel Support.
- Suspension Rate: Goal 1, Action 10: Positive Behavior Interventions and Restorative Practices; Goal 2, Actions 14-16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Elementary Schools, Middle Schools, High Schools; Goal 7, Action 4: BSAP School Climate & Wellness Personnel Support.
- Graduation Rate: Goal 1, Action 4: Options Program; Goal 1, Action 13: Early Education and Universal Transitional Kindergarten; Goal 1, Action 16: Summer School Credit Recovery; Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness; Goal 1, Action 26: Districtwide A-G Interventions; Goal 1, Action 27: Diploma Program; Goal 1, Action 28 College Access Program; Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools, Middle Schools, High Schools
- College/Career: Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness; Goal 1, Action 29: Career Technical Education; Goal 1, Action 30: Linked Learning; Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools; Middle Schools; High Schools; Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools, Middle Schools, High Schools
- English Language Arts: Goal 1, Action 11: Differentiated Local Supports for Students; Goal 1, Action 12: School-Level Supports for Individualized Learning; Goal 1, Action 14: Literacy and Numeracy Interventionist Program; Goal 1, Action 15: Secondary Literacy Supports and Interventions; Goal 1, Action 22: Special Education- Inclusion Services; Goal 1, Action 26: Districtwide A-G Interventions; Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools, Middle Schools, High Schools
- Mathematics: Goal 1, Action 11: Differentiated Local Supports for Students; Goal 1, Action 12: School-Level Supports for Individualized Learning; Goal 1, Action 14: Literacy and Numeracy Interventionist Program; Goal 1, Action 22: Special Education- Inclusion Services; Goal 1, Action 26: Districtwide A-G Interventions; Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools, Middle Schools, High Schools
- English Learner Progress Indicator (ELPI): Goal 6, Actions 1-5: English Learner Supports

For each of the actions noted above, the District will determine effectiveness on an annual basis using the metrics aligned to the California School Dashboard indicators: Chronic Absenteeism, Suspension Rate, Graduation Rate, English Language Progress, College/Career, English Language Arts, and Mathematics.

For specific information regarding school level actions and supports for identified schools and student groups within the identified schools, please visit the Los Angeles Unified School Directory to select a school: <https://schooldirectory.lausd.net/schooldirectory/>. Each school annually completes a School Plan for Student Achievement (SPSA) and a Targeted Student Population (TSP) Plan that address areas for student growth by student group within California School Dashboard indicators. Both school plans are aligned to LCAP Goals and describe specific school actions and services to continue to improve student performance as evidenced in District-level and state-level performance indicators. The 2024-25 SPSAs and TSP plans are in completion and will be made public on the Los Angeles Unified School Directory in August 2024.

*Note: Data is available for each school on the District's Open Data LCAP Dashboard: <https://my.lausd.net/opendata/dashboard#>*

### Local Data

- Attendance and Chronic Absenteeism: Ensuring students are attending school regularly is important to increasing student success. In a continued effort to improve student attendance and reduce chronic absenteeism, the Los Angeles Unified is committed to providing health, nutrition, and wellness services to support students (see Goal 2 actions). Since students returned to school after the pandemic, the District has hired additional health care professionals for schools, especially those schools with the most need, and offered extra health services for students. The District is addressing student mental health, which affects student attendance, by employing Psychiatric Social Workers (PSWs) and providing mental health consultations (see Goal 2, Action 9). In addition, the District provides highest needs schools with discretionary Student Equity Needs Index (SENI) funding allowing schools to tailor resources where they are most needed to supplement services and supports to improve regular student attendance and reduce chronic absenteeism. For additional details on what the District is doing to improve attendance, see Goal 2: Joy and Wellness actions and its alignment to the [District's Board adopted 2022-26 Strategic Plan](#).
  - Excellent Attendance (96% or Higher):
    - The District saw success in the percentage of students with Excellent Attendance in 2022-23 compared to 2021-22.
      - Grades TK-12:
        - Increased to 35.5% in 2022-23 from 31.2% in 2021-22.
  - Chronic Absenteeism (District Threshold of 91%):
    - A highlight is the decreased Chronic Absenteeism rate within program levels across the District; grades K-5, 6-8, and 9-12.
      - Grades K-5:
        - Decreased to 36.4% in 2022-23 from 47.0% in 2021-22.
      - Grades 6-8:
        - Decreased to 32.4% in 2022-23 from 40.1% in 2021-22
      - Grades 9-12:

- Decreased to 39.4% in 2022-23 from 46.0% in 2021-22.

### Input from Educational Partners

- In the development of the 2024-25 LCAP, our educational partners continued to emphasize the importance of academic success for students to open doors to opportunities, including higher education, career choice, and personal growth as well as a means to promote equality and social justice. For more information on input from Educational Partners, please see the Engaging Educational Partners section of the LCAP.

## **Reflections: Technical Assistance**

As applicable, a summary of the work underway as part of technical assistance.

Los Angeles Unified is eligible to receive technical or differentiated assistance per California Education Code for the English Learner student group based on results from the 2023 California School Dashboard (“Dashboard”) in the following indicators: Graduation Rate, English Language Arts (ELA), and Mathematics. Eligibility for technical or differentiated assistance is based on the lowest performance ratings (i.e., Red) on the Dashboard in Graduation Rate, English Language Arts, and mathematics.

In developing the LCAP actions and budget to improve outcomes for English Learners, District personnel attended the Differentiated Assistance conference on March 6-7, 2024 organized by the Los Angeles County Office of Education. The convening provided opportunities for staff to exchange ideas and network with educators across Los Angeles to inform District actions to increase English Learner performance as evidenced on Dashboard indicators or metrics.

For specific information regarding District actions and supports offering targeted or differentiated assistance for English Learners, please reference the following District goals and actions:

- Goal 1, Action 11: Differentiated Local Supports for Students;
- Goal 1, Action 12: School-Level Supports for Individualized Learning;
- Goal 1, Action 14: Literacy and Numeracy Interventionist Program- Elementary Literacy and Mathematics Interventions; and
- Goal 6, Actions 1-5: English Learner Supports

Next Steps: Distinct staff continue to monitor and evaluate the actions taken to address needs of our English Learners.

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

In January 2024, the California Department of Education (CDE) updated the list of schools identified for Comprehensive Support and Improvement (CSI). For 2024-25 implementation, the total number of CSI schools for LAUSD is 52. This represents a decrease in the total number of schools identified compared to the prior year, and there were notable changes in schools eligible for CSI as 19 schools met exit criteria.

Below are two sets of schools. The first is a list of the CSI schools identified for low-graduation rates and the other set is based on low-performance as indicated on the Dashboard. Schools with Dashboard Alternative School Status (DASS) are annotated, and the Dashboard year that led to the school’s identification is also noted:

1. Addams HS (Identified in 2019- DASS)
2. Angel’s Gate (Identified in 2022- DASS)
3. Belmont HS (Identified in 2019)
4. Boyle Heights HS (Identified in 2022- DASS)
5. Burke HS (Identified in 2022- DASS)
6. Carlson Home Hospital (Identified in 2019)
7. CDS Alonzo (Identified in 2019- DASS)
8. CDS Tri-C (Identified in 2022- DASS)
9. Central HS (Identified in 2019- DASS)
10. City of Angels (Identified in 2019- DASS)
11. Contreras LC Global Studies (Identified in 2022)
12. Eagle Tree Continuation (Identified in 2022- DASS)
13. Einstein HS (Identified in 2022- DASS)
14. Ellington HS (Identified in 2022- DASS)
15. Grey HS (Identified in 2022- DASS)
16. Highland Park HS (Identified in 2022- DASS)
17. Hope HS (Identified in 2022- DASS)
18. Independence HS (Identified in 2019- DASS)
19. Isaacs Avalon (Identified in 2022- DASS)
20. Kahlo HS (Identified in 2019- DASS)

21. Lewis HS (Identified in 2022- DASS)
22. London HS (Identified in 2022- DASS)
23. Metropolitan HS (Identified in 2022- DASS)
24. Monterey HS (Identified in 2022- DASS)
25. Newmark HS (Identified in 2019- DASS)
26. Odyssey HS (Identified in 2022- DASS)
27. Owensmouth HS (Identified in 2019- DASS)
28. Pueblo De Los Angeles HS (Identified in 2022- DASS)
29. Rodia HS (Identified in 2022- DASS)
30. Rogers HS (Identified in 2019- DASS)
31. San Antonio HS (Identified in 2022- DASS)
32. Stoney Point HS (Identified in 2020- DASS)
33. Thoreau HS (Identified in 2022- DASS)
34. Whitman HS (Identified in 2022- DASS)
35. Wooden HS (Identified in 2019- DASS)
36. Youth Opportunities Unlimited Alternative HS (Identified in 2022- DASS)

The following 16 schools were identified as CSI for low performance on the Dashboard:

1. Computer Science Virtual Academy (Identified in 2023)
2. Crenshaw Science, Technology, Engineering, Math and Medicine Magnet (Identified in 2023)
3. Dr. Maya Angelou Community High (Identified in 2023)
4. Engineering and Technology Academy at Estevan Torres High (Identified in 2023)
5. George S. Patton Continuation (Identified in 2023)
6. Harmony Elementary (Identified in 2023)
7. Harold McAlister High- Opportunity (Identified in 2022 for CSI Low Graduation)
8. Joseph Pomeroy Widney Career Preparatory and Transition Center (Identified in 2023)
9. Leadership & Public Service Virtual Academy (Identified in 2023)
10. Lexington Ave PC (Identified in 2022)
11. Maclay Middle School (Identified in 2023)
12. Roy Romer Middle (Identified in 2023)
13. San Fernando Middle (Identified in 2023)
14. South Gate Senior High (Identified in 2023)
15. Thomas Jefferson Senior High (Identified in 2023)
16. Virtual Academy of Business & Entrepreneurship (Identified in 2023)

## Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Los Angeles Unified has built a system of support such that CSI schools are able to effectively complete all the requirements related to their Every Student Succeeds Act (ESSA) status, including conducting a comprehensive needs assessment, engaging educational partners in planning, selecting/implementing evidence-based interventions, and identifying resource inequities. Going beyond the requirements of ESSA, LAUSD aligned additional resources to provide supplemental supports and resources to CSI schools to support ongoing improvement and student achievement.

LAUSD has incorporated the CSI planning requirements into the online School Plan for Student Achievement (SPSA) to address required plan components, provided training modules for principals and their regional staff, provided ongoing guidance and support to schools as they began their planning process, and aligned additional resources (beyond the State CSI funds) for schools to support improvement efforts. The District's CSI-related questions/template was approved by California Department of Education (CDE) staff in January 2019. Each school develops a plan alongside its educational partners, with the support of regional staff. The School Site Council (SSC) ensures that educational partners are part of the planning process, and includes, at a minimum, school staff and parents and a student representative at the high school level. All schools are required to host an annual Title I meeting, where they may receive additional feedback from educational partners.

*Comprehensive Needs Assessment:* The LAUSD SPSA template includes questions to address the requirement that CSI schools complete a comprehensive needs assessment. Schools must not only describe what occurred during their comprehensive needs assessment, who participated, and when it occurred, but also the findings from their needs assessment and the alignment of their findings to strategic actions. Schools analyze a variety of data, including the state indicators on the California School Dashboard. To ensure alignment of the plan to the data on the California School Dashboard, LAUSD requires schools to address any red or orange indicators, and to align actions and interventions to those areas. Schools have access to a robust set of data beyond the California School Dashboard to consider during their needs assessment. Examples include our annual School Experience Survey to parents, staff and students, i-Ready assessments and other related data, DIBELs, our Whole Child Integrated Data System, ELPAC, student grades, and more.

The District's Office of Federal and State Education Programs provides several tools to support schools in completing their needs assessment. The department's website includes improvement science tools to support data analysis and plan development, including protocols for Plan-Do-Study-Act, Empathy Interviews, Process Mapping, Driver Diagrams, and more.

Each principal and their supervisor was notified of their school status, and invited to an informational session. Informational sessions were completed for CSI schools by February 20, 2024, and a recording was provided to ensure all CSI leaders have the information needed to fulfill requirements. Our leaders have access to a CSI Toolkit, which includes:

- Informational session materials for school leaders to understand the identification criteria that led to their school being identified, mandates related to the identification, and a review of the planning and communication resources in the toolkit.
- Data sheets to provide information that is not readily available on the California School Dashboard, but may support planning (e.g.,

3-year graduation rate).

- Sample communication tools to support principals in engaging their community in planning.
- Resource inequities review module and a document with reflection questions to support the process
- Evidence-Based Interventions module and resources for identifying evidence-based interventions
- A tool for navigating accountability data.
- CSI plan approval criteria and FAQs.
- SPSA monitoring tool and related training module.

*Resource Inequities Review:* LAUSD defines the goal of a Resource Inequities Review as follows: To ensure that all students have equitable supports and access to various resources such as programs, rigorous curriculum, interventions, effective teachers, etc., such that all students can achieve at high levels. To achieve this goal, LAUSD regards the Resource Inequities Review process as the application of an equity lens during the comprehensive needs assessment. While schools must respond to four prompts on their plan that describe the identified inequities and actions and strategies that will address them, LAUSD also provided reflection questions that cover a range of areas where inequities may exist to support school teams as they seek to identify ways in which resources may or may not be used equitably. Each SPSA includes a description of the actionable inequities identified, the inequities that will be prioritized at the school site, and the strategies to address the inequities. Lastly, school teams have the opportunity to articulate inequities that are beyond the scope of their actions. The District reviews those responses, to determine if policy changes or additional resources are appropriate. See the Additional Resources section noted below.

*Evidence-Based Interventions:* To ensure that CSI schools are able to select and implement evidence-based interventions, LAUSD provided guidance and training at multiple levels of the organization. Further, LAUSD hired experts in education research to assess the evidence-based ratings for district-supported initiatives that schools can implement (i.e., the SENI Menu) with specific guidance to schools for implementing such initiatives within the School Plan for Student Achievement (SPSA). As school teams identify their needs during their resource inequities review and comprehensive needs assessment, they will determine data-based focus areas. Once the focus areas have been identified, school teams have resources to identify and select evidence-based interventions such as [evidenceforessa.org](http://evidenceforessa.org), What Works Clearinghouse, the SENI Menu, and other links to identify interventions, programs or activities that align to student need and meet evidence-based ratings of Strong, Moderate or Promising. Regional staff (who are among those who provide approval signatures on the plans) have been trained in using those resources and others to support schools in selecting interventions that meet the federal criteria and address student need. Those staff provide support to schools and offer feedback throughout the plan writing process.

*Trainings for Principals and Regional Staff and Ongoing Guidance:* All CSI principals were notified of the status upon identification. LAUSD completed Districtwide informational sessions for principals of CSI schools within three weeks of the most recent identification release by CDE. The trainings addressed the State's CSI identification criteria, CSI requirements, and the resources and supports to implement the requirements. Each principal received a toolkit to provide background information, communication tools to support efforts to inform and engage educational partners, and resources to support schools in completing the SPSA with CSI components. The trainings also provided contact information for follow up support, and schools accessed those contacts for additional support and guidance for planning. In addition to the formal principal informational sessions, LAUSD staff provide ongoing training and guidance to regional support staff to offer assistance

related to CSI plan components and to ensure common understandings and continuous communication about ongoing areas of need.

*Additional Resources:* The State’s initial allocation of CSI funds to LAUSD is close to \$8.5 million to support CSI school improvement efforts. Those funds were allocated directly to CSI schools (as part of their regular budget development cycle) to support locally-determined improvement efforts based on a base-grant model of \$100,000 plus a per pupil allocation. If additional funding becomes available, the District may allocate funding to schools or offer professional development opportunities. In partnership with educational partners (via School Site Council) schools will determine the best use of their improvement funds within the SPSA based on the comprehensive needs assessment findings. To support ongoing improvement efforts, LAUSD set aside additional local, federal and non-federal funds for lower-performing schools (including 10 CSI sites, but not limited to CSI). LAUSD is providing the following additional Tier 2/Tier 3 resources to support student learning opportunities for students, including those attending CSI schools in summer 2024 or during the 2024-25 school year:

- **Summer Learning:** To create ongoing learning opportunities for at-risk students over the summer, LAUSD offers several programs that students of CSI schools can attend:
- **Summer School, UTK-8 Program:** The District offers a districtwide summer program with non-federal funds, and students from CSI Elementary and Middle Schools will be eligible to participate, with a priority for our lower-performing students. When possible, CSI Low Performing school sites may be prioritized to be locations of the summer program.
- **Summer Enrichment Program:** Beyond the Bell will administer a summer enrichment program that complements the Summer School UTK-8 Program, which will take place in the afternoon following the academic program. Additional select school sites will host a full-day enrichment program from 8:00 a.m.-6:00 p.m.
- **Summer Term:** All at-risk students attending any LAUSD high school, including CSI schools, can attend a 24-day summer program to recover credits and make progress toward graduation.

Additional supports that CSI schools with low academic performance or low graduation will be eligible to receive for 2024-25 include:

- **Title I Intervention Program:** CSI elementary, middle, and comprehensive high schools may be eligible to participate in the Title I Intervention program. This program is administered by the District’s Beyond the Bell department. School sites receive a per pupil allocation to offer site-designed interventions to meet student need during the school year, and have flexibility to focus on math, English Language Arts or credit recovery.
- **Academic Counseling:** Given the high number of alternative schools that are qualifying for CSI due to a low graduation rate or low performance, LAUSD ensures that CSI continuation schools will have one additional day (beyond the norm) of academic counselor time to support students’ academic needs. This was based on discussions of resource inequities and needs of options schools.

Lastly, LAUSD has prioritized additional supports for schools with low performance based on LAUSD-determined criteria (i.e., LAUSD

“Priority” schools). Priority schools, some of which are identified as CSI, receive priority staffing, additional instructional support, structures to support professional development such as substitute residencies, and assistance in leveraging partnerships. LAUSD’s Educational Transformation Office (ETO) collaborates with District offices and Regions to ensure Priority Schools implement Districtwide instructional initiatives and school-based programs with fidelity and provides corrective courses of action as necessary. Additionally, the Priority schools participate in quarterly “Data Digs” where principals meet with district leaders to review progress, assess impact, and commit to next steps.

LAUSD may identify additional resources and supports to meet the needs of CSI schools based on an ongoing review of data and resource inequities, and subject to funding availability.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Below is a description of how Los Angeles Unified will monitor and evaluate the implementation of effectiveness of the CSI plans:

- Regional staff and the Office of Transitional Programs staff will monitor and support the implementation of CSI plans. The online SPSA includes a prompt for these offices to describe the ways in which they are providing additional support and monitoring to the CSI schools. The support and monitoring may vary depending on school context and needs and will be described in the Monitoring section of the school’s SPSA.
- CSI school teams, including SSC members, will formally evaluate school plans alongside Region support staff annually. School teams will review whether they have met the measurable objectives stated in the plan and reflect on implementation. While the measurable objectives and data points may vary by school, the objectives are aligned to state indicators on the California School Dashboard. Because the SPSA is online, LAUSD can aggregate school-level evaluative data across the system to determine how many CSI schools have met their measurable objectives. Additionally, schools describe their evidence-based intervention(s) in the SPSA and must identify how they will evaluate the impact of the intervention.
- CSI schools will review the progress of their plan implementation part way through the year alongside regional staff.
- LAUSD collects a robust set of data that supports district and school staff in monitoring and evaluating implementation, including, but not limited to:
  - Attendance- Schools and district staff can monitor student-level attendance and “performance bands” of attendance to determine which students are at-risk of chronic absenteeism and identify trends. Our Focus data system updates attendance daily for frequent monitoring and adjustments.
  - Suspensions- Schools and District staff can monitor student level suspensions, including the reason for the suspension. These reports on our MyData platform are updated weekly.

- English Language Arts (ELA)- Schools and District staff can review and analyze Smarter Balanced Assessments (SBA) for ELA performance at the student level, which is available annually. The percentage of students meeting or exceeding standards is available at the student level, and the Distance from Standard is available by grade level and student group. Additionally, schools administer i-Ready assessments in the beginning, middle, and end of the year and can analyze results, as well as access the personalized learning program offered by i-Ready to support ongoing student support in areas of need. The i-Ready personalized instruction program is evidence-based at the “Moderate” level per [www.evidenceforessa.org](http://www.evidenceforessa.org).
- Math- Schools and District staff can review and analyze SBA Math performance at the student level, which is available annually. The percentage of students meeting or exceeding standards is available at the student level, and the Distance from Standard is available by grade level and student group. Additionally, schools administer i-Ready assessments in math at the beginning, middle, and end of year, and can analyze results, as well as access the personalized learning program offered by i-Ready to support ongoing student support in areas of need. The i-Ready personalized instruction program is evidence-based at the “Moderate” level per [www.evidenceforessa.org](http://www.evidenceforessa.org).
- English Learner Progress- MyData has an English Language Proficiency Assessments for California (ELPAC) report that provides a historical look at student performance on the ELPAC Initial and ELPAC Summative Assessments.
- A-G Progress- To support schools in monitoring progress toward graduation, schools and District staff have access to reports noting A-G course progress, including information about whether the student is on-track to graduate or how many credits they are missing to be considered on-track. Our Focus data and Whole Child systems track A-G with a D or better, A-G with a C or better, and all academic requirements met for the current and future graduating classes.
- At-Risk Reports- LAUSD collects and provides reports that schools and District staff can use to identify at-risk students based on multiple factors such as attendance, suspensions, and academic grades (i.e., marks).
- School Experience Survey- LAUSD administers an annual Districtwide survey to students, staff, and families. Data reports are provided annually, and include response rates and results at multiple levels, including category, content area, and individual questions. Categories include Academics, School Climate, and Social Emotional Learning. Content areas include Academic Focus, Cognitive Engagement, Future Orientation, Bullying, Connectedness, Expectations for Behavior, Opportunities for Participation, Safety, Growth Mindset, Self-Efficacy, Self-Management, and Social Awareness. These data are also now available at the student group level.
- [LAUSD’s Open Data portal](#) includes LCAP and California School Dashboard metrics for multiple years. This can particularly assist schools when writing their plans, as well as reviewing progress over time.
- In the 2022-23 school year, LAUSD launched school level target setting for each of the District’s board goals that guide the strategic plan. All schools set targets and progress will be tracked annually to assess school success in supporting

post-secondary preparedness, ELA, Math, and Social emotional/wellness.

The MyData system and School Experience Survey data provide longitudinal information, which can help schools and the District see patterns and trends overtime, while the Focus platform generally supports ongoing progress monitoring throughout the year. LAUSD has an ongoing commitment to improve its data system to support schools and District staff in monitoring and strategic planning.

In 2019-20, the District also launched two data systems to support schools in progress monitoring/implementation and to support summative information at the school level. The Whole Child Integrated Data system supports various educators based on their role and offers a wide array of data in a one-stop shop, including literacy, attendance, assessments, special education information, grades and more. The platform has been updated to include a State Accountability page that reports official CA School Dashboard results and progress monitoring metrics. The District's Open Data platform complements the California School Dashboard by offering additional data to better inform schools and their communities about the academic and social growth of students.

In 2021-2022, LAUSD launched the Executive Dashboard to support the Superintendent's Office, central office executives, local district executives, and community of school administrators with tracking and monitoring LCAP goals, Board goals, and other key performance indicators. Currently, the data reported on the Executive Dashboard includes enrollment, attendance, SBA summative and interim assessments, DIBELS (K-2nd grade), ELPAC, Elementary Marks, GPA, graduation on-track status and staff assignments and vacancies. In Spring of 2024, it will include i-Ready ELA and Math assessment data.

The robust data sets and platforms (e.g., the Whole Child Integrated Data System and the Executive Dashboard) described above track information across a variety of areas with some at the school level and others able to report at the student level. These tools allow schools and regional staff to identify, monitor, and evaluate the data that are most relevant to their needs and school plan objectives. The data most relevant to each school's plan will be reviewed in the mid-year CSI check in between the school and the regional support staff. The various data systems allow the District to monitor and evaluate implementation and the effectiveness of CSI plans.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parents, Students, Teachers, Principals, Administrators, Other School Personnel and Community Partners	<p>In partnership with Region Family and Community Engagement (FACE) teams and District departments, the LCAP team provided presentations on LCAP goals and actions to Regions in the District (North, South, East, and West) during the school year. Presentations allowed each Region to individualize and highlight the goals and actions important to that Region as well as Region specific data. The 1.5 hour long presentations included question and answer sessions and the opportunity for participants to provide input in the development of the District’s 2024-25 LCAP.</p> <p>The following presentations were organized by LCAP goal at the Region-level.</p> <ul style="list-style-type: none"> <li>● LCAP Topics: Overview of the LCAP and the Local Control Funding Formula; LCAP Goal 3- Engagement and Collaboration; LCAP Goal 4- Operational Effectiveness               <ul style="list-style-type: none"> <li>○ Region North: <a href="#">November 28, 2023</a></li> <li>○ Region South: <a href="#">November 14, 2023</a></li> <li>○ Region East: <a href="#">November 8, 2023</a></li> <li>○ Region West: <a href="#">November 6, 2023</a></li> </ul> </li> <li>● LCAP Topics: LCAP Goal 1- Academic Excellence; LCAP Goal 2- Joy and Wellness               <ul style="list-style-type: none"> <li>○ Region North: <a href="#">February 6, 2024</a></li> <li>○ Region South: <a href="#">February 8, 2024</a></li> <li>○ Region East: <a href="#">February 7, 2024</a></li> <li>○ Region West: <a href="#">February 5, 2024</a></li> </ul> </li> <li>● LCAP Topics: LCAP Goal 5- Investing in Staff; LCAP Goal 6- English Learner Supports; LCAP Goal 7- Black Student Achievement Plan               <ul style="list-style-type: none"> <li>○ Region North: <a href="#">March 5, 2024</a></li> </ul> </li> </ul>

Educational Partner(s)	Process for Engagement
	<ul style="list-style-type: none"> <li>○ Region South: <a href="#">March 7, 2024</a></li> <li>○ Region East: <a href="#">March 13, 2024</a></li> <li>○ Region West: <a href="#">March 4, 2024</a></li> </ul> <p>In attendance at the Region-level LCAP engagement meetings were teachers, principals, and other school personnel. Feedback was provided on the development of goal actions specific to each Region meeting and topic via the digital Community-wide ThoughtExchange platform which tracks demographic data such as District employee position to determine feedback by position.</p> <p>In addition to Region LCAP Engagement meetings, the LCAP team developed and provided each District school with a presentation for school principals to present and share at Coffee with the Principal meetings; <a href="#">Coffee with the Principal: Overview of the LCAP and Engagement</a>. The presentation included a message from Superintendent Alberto Carvalho and provided an opportunity for parents, teachers, principals, administrators and other school personnel, at the school level, to learn about the LCAP and reflect upon the LCAP goals and actions that were most relevant to the school site. In addition, families and all staff were provided with and encouraged to provide feedback on the District’s LCAP development using the digital ThoughtExchange platform.</p> <p>Also, on the Districtwide Community ThoughtExchange, 14,553 participants identified as parents and family members, an increase from 5,733 participants identifying as parents and family members in 2022-23.</p>
Parents, Students, Teachers, Principals, Administrators, Other School Personnel, Community Partners and the General Public	<p><u>Regular Board Meetings:</u>            The Los Angeles Unified School District’s Board of Education regularly monitored implementation of the Local Control and Accountability Plan (LCAP) and the aligned 2022-2026 Strategic Plan regarding budget planning and topics including College Access, the Black Student Achievement Plan, Special Education, the Community Schools Initiative, school safety, and facilities.</p> <p>The following Board of Education meetings are a sample of Board meetings focused on topics related to the LCAP and the aligned Board adopted Strategic Plan:</p> <ul style="list-style-type: none"> <li>● August 22, 2023: 2023-24 Revised District Budget               <ul style="list-style-type: none"> <li>○ <a href="#">2023-24 Revised Budget Presentation</a></li> </ul> </li> <li>● December 15, 2023: Budget Workshop               <ul style="list-style-type: none"> <li>○ <a href="#">Fiscal Year 2023-24 1st Interim Financial Reports Presentation</a></li> </ul> </li> </ul>

Educational Partner(s)	Process for Engagement
	<ul style="list-style-type: none"> <li>● January 23, 2024: Superintendent’s Report: Strategic Plan Year 1 Update- 2022-23 <ul style="list-style-type: none"> <li>○ <a href="#">Superintendent’s Report: Strategic Plan Year 1 Presentation</a></li> <li>○ <a href="#">LAUSD Strategic Plan- Year One Report Booklet</a></li> <li>○ <a href="#">Family Guide to the Strategic Plan</a></li> </ul> </li> <li>● February 13, 2024: Mid-Year Annual LCAP Update <ul style="list-style-type: none"> <li>○ <a href="#">2023-24 Mid-Year Annual LCAP Update Presentation</a></li> </ul> </li> <li>● February 20, 2024: 2024-25 Budget Update <ul style="list-style-type: none"> <li>○ <a href="#">2024-25 Budget Update (tab 2)</a></li> </ul> </li> </ul> <p>The Board of Education held a public hearing on the LCAP and the Budget on Tuesday, June 18, 2024 and adopted the LCAP and the Budget on Tuesday, June 25, 2024.</p>
Students	<p>In partnership with the District's Student Empowerment Unit, the LCAP team offered opportunities for feedback to student leadership and focus groups. Students provided perspectives on a number of areas including mental health services, academics, importance of afterschool activities, and social-emotional needs.</p> <p>In the following meetings, students were provided with an opportunity to offer input on the development of the District’s 2024-25 LCAP via the digital ThoughtExchange platform. Students were provided with the associated LCAP presentation and encouraged to share the presentation and ThoughtExchange link with students at their individual school-level committee meetings as leaders of District engagement.</p> <ul style="list-style-type: none"> <li>● Superintendent’s Student Advisory Council (SSAC)- <a href="#">September 18, 2023</a></li> <li>● Asian Pacific Student Advisory Council (APSAC)- <a href="#">November 15, 2023</a></li> <li>● Board District 4 Youth Advisory Council- <a href="#">November 30, 2023</a></li> <li>● Gifted And Talented Education Student Advisory Council (GATESAC)- <a href="#">January 11, 2024</a></li> <li>● Board District 7 Student Advisory Council- <a href="#">January 16, 2024</a></li> <li>● Arts Ambassadors Student Advisory Council (AASAC)- <a href="#">February 7, 2024</a></li> <li>● Region North Superintendent's Student Advisory Council- <a href="#">February 12, 2024</a></li> <li>● Government Relation Student Advisory Council (GRSAC)- <a href="#">March 5, 2024</a></li> <li>● Black Student Achievement Plan Student Advisory Council (BSAPSAC)- <a href="#">April 8, 2024</a></li> </ul> <p>In addition, on the Districtwide Community ThoughtExchange, 1,844 participants identified as students.</p>
Community Partners	<p>Los Angeles Unified understands partnerships with community organizations are vital to expanding student learning opportunities, fostering community engagement, and bringing additional resources,</p>

Educational Partner(s)	Process for Engagement
	<p>among additional factors. As a result, the LCAP team sends updates and invitations during the school year for engagement opportunities to a listserv of 750+ community partners.</p> <p>On an annual basis and at the outset of 2023-24, the LCAP team requested feedback from community partners on the topics and programs they wanted presented and discussed at meetings during the school year. In addition, comment and input on the 2024-25 LCAP was presented and received during the community partner meetings.</p> <p>Based on community partner feedback, the following meeting topics were presented, which included a question and answer session with presenters:</p> <ul style="list-style-type: none"> <li>● <a href="#">December 13, 2023</a>: Overview of the Local Control Accountability Plan (LCAP) and Local Control Funding Formula (LCFF); LCAP Alignment to the District's 2022-26 Strategic Plan; Outline of 2023-24 LCAP Engagement and 2024-25 LCAP Development.</li> <li>● <a href="#">January 24, 2024</a>: Overview of LCAP Region engagement; Community Schools Initiative and Arts Education.</li> <li>● <a href="#">February 21, 2024</a>: Beyond the Bell; Career Technical Education (CTE) and Linked Learning.</li> <li>● <a href="#">March 20, 2024</a>: Student Health and Human Services; Student, Family and Community Engagement.</li> <li>● <a href="#">May 1, 2024</a>: Implementation of the Black Student Achievement Plan</li> </ul> <p>On June 5, 2024, a review and feedback on the Draft 2024-25 LCAP was presented.</p> <p>In addition, the Districtwide 2023-24 Community ThoughtExchange had 191 participants identified as community members.</p>
<p>District Level Committees: Parent Advisory Committee (PAC) and District English Learner Advisory Committee (DELAC)</p>	<p><u>Parent Advisory Committee (PAC)</u></p> <p>In collaboration with the District's Student, Family and Community Engagement (SFACE) department, the LCAP team engaged with the District's Parent Advisory Committee (PAC) during the 2023-24 school year. A survey was completed in fall 2023 by PAC members, which supported PAC meeting topics for the 2023-24 school year. At each of the following meetings, PAC members had the opportunity to learn more about programs and services and provide comments towards the development of the District's 2024-25 LCAP via the digital ThoughtExchange platform.</p>

Educational Partner(s)	Process for Engagement
	<ul style="list-style-type: none"> <li>● <a href="#">December 7, 2023</a>: The LCAP team provided an overview of the LCAP, including a review of the state’s Local Control Funding Formula (LCFF) and the District’s use of Student Equity Needs Index (SENI) funding, and the 2023-24 engagement timeline for 2024-25 LCAP development.</li> <li>● <a href="#">January 18, 2024</a>: The LCAP team with the Office of Data and Accountability and the Student, Family and Community Engagement (SFACE) department completed a presentation on actions and services for student, parent, and family engagement, connection to the District’s Strategic Plan as well as an overview of the California School Dashboard and student performance results by Dashboard indicator. Specific focus on actions within LCAP Goal 3: Engagement and Collaboration and LCAP Goal 4: Operational Effectiveness.</li> <li>● <a href="#">February 15, 2024</a>: The LCAP team with the Student Health and Human Services (SHHS) department, A-G Interventions and Supports department, and the Los Angeles School Police Department (LASPD) developed a presentation on actions and services for student mental health supports, college and career readiness including financial aid, and school safety. Specific focus on actions within LCAP Goal 1: Academic Excellent and LCAP Goal 2: Joy and Wellness.</li> <li>● <a href="#">March 14, 2024</a>: The LCAP team with the Human Resources Division, the Black Student Achievement Plan (BSAP) department, and the Multilingual and Multicultural Education Department (MMED) developed a presentation on actions and services for improving Black student outcomes, English Learner supports, and teacher pipelines to increase the hiring and development of highly-qualified teachers. Specific focus on actions within LCAP Goal 5: Investing in Staff, LCAP Goal 6: English Learner Supports, and LCAP Goal 7: Black Student Achievement Plan.</li> <li>● <a href="#">May 30, 2024</a>: The LCAP team presented information about the LCFF Equity Multiplier Funds, the eligible schools for 2024-25.</li> </ul> <p><u>District English Learner Advisory Committee (DELAC)</u></p> <p>The LCAP team collaborated with the Student, Family and Community Engagement (SFACE) department to engage with the District English Learner Advisory Committee (DELAC) in the meetings during the 2023-24 school year. In addition, DELAC members had the opportunity to provide comments towards the development of the District’s 2024-25 LCAP via the digital ThoughtExchange platform:</p> <ul style="list-style-type: none"> <li>● <a href="#">March 21, 2024</a>: The LCAP team developed a presentation on an overview of the LCAP, including a review of the state’s Local Control Funding Formula (LCFF) and the District’s use of Student Equity Needs Index (SENI) funding.</li> </ul>

Educational Partner(s)	Process for Engagement
	<ul style="list-style-type: none"> <li>• May 23, 2024: The LCAP team developed a presentation on a review of the 2023-24 Annual LCAP Update including a review of the 2024-25 LCAP.</li> </ul> <p>In addition, the District-level committees used a specific ThoughtExchange for PAC and DELAC to provide comments on the development of the LCAP.</p> <p>Also, on the Districtwide Community ThoughtExchange, 14,573 participants identified as parents and family members.</p>
Labor Partners	<p>In developing the goals and actions for the LCAP, the LCAP team continued to collaborate with our Labor Partners and invited representatives from the California School Employees Association (CSEA), Service Employees International Union (SEIU), Building and Trades, United Teachers of Los Angeles (UTLA), Los Angeles School Police Association (LASPA), Los Angeles School Police Management Association (LASPMA), Teamsters, and Associated Administrators of Los Angeles (AALA) to two engagement sessions, May 16, 2024 and May 20, 2024, to invite input and discussion on the development of the 2024-25 LCAP.</p>
Administrators and Staff Engagement	<p>During 2023-24, the LCAP team consistently held monthly Accountability Workgroup meetings with District and Region instructional and operational program administrators. These meetings aimed to provide awareness and coherence on initiatives across the District, share progress updates, and solicit input regarding the development of the 2024-25 LCAP. The Accountability Workgroup meetings were held on the following dates:</p> <ul style="list-style-type: none"> <li>• <u>September 29, 2023</u>: Results on State Smarter Balanced Assessments and District’s School Experience Survey; Review Mid-Year Annual LCAP Update process.</li> <li>• <u>October 27, 2023</u>: Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI); Strategic Plan implementation; LCAP engagement; Review release of California School Dashboard results.</li> <li>• <u>December 15, 2023</u>: Strategic Plan Family Guide Update; Review LCAP Template.</li> <li>• <u>January 26, 2024</u>: Review 2023-24 Mid-Year Annual LCAP Update; Review Strategic Plan Year 1 Update; Targeted Student Population (TSP) Plan updates; English Learner Reclassification; Review Students with Disabilities performance on California School Dashboard Indicators.</li> <li>• <u>March 22, 2024</u>: Strategic Plan Quarter 3 Update; CA School Dashboard Local Indicators; State Assessment testing windows; Family and Community Engagement updates, English Learner Progress Indicator (ELPI) overview and resources.</li> </ul>

Educational Partner(s)	Process for Engagement
	<ul style="list-style-type: none"> <li>● <u>April 26, 2024</u>: Review Alternative Graduation Pathway for Students with Disabilities; Updates on State testing and District Dashboards.</li> <li>● <u>May 31, 2024</u>: Notice of upcoming release of Draft 2024-25 LCAP and the Draft 2023-24 Annual LCAP Update.</li> </ul> <p>The LCAP team continued to organize LCAP Leadership Group meetings in 2023-24 involving essential District department teams, including the Division of Instruction, Office of Data and Accountability, Special Education, and the Federal and State Education Programs Branch.</p> <p>Staff engagement involved feedback on the Districtwide Community ThoughtExchange with 331 participants identified as Los Angeles Unified school or District administrators, 530 participants identified as classified personnel, and 624 participants identified as certificated personnel.</p>
Special Education Local Plan Area (SELPA) Administrator Engagement	<p>Throughout the school year, the Chief of Special Education, Equity, and Specialized Programs, as well as the Special Education Local Plan Area (SELPA) Administrator, consulted with District senior leaders. Together, they identified targeted actions in the LCAP to support students with disabilities. Additionally, the Special Education Division received feedback on the District’s special education program through monthly meetings, beginning in November 2023, with the Community Advisory Committee (CAC) for Special Education, which advises the Board of Education, SELPA, and the Superintendent’s Cabinet on annual priorities addressed in the SELPA plan.</p>
Online Engagement Forums	<p>The District continued to implement a digital community-wide engagement platform, ThoughtExchange, where participants can provide anonymous feedback and rate other participants’ comments, allowing the District to receive both the most frequently mentioned responses and the responses that resonated with the most members of our District communities on both the development of the LCAP and the implementation of the aligned District Strategic Plan. The forum generated over 203,942 ratings on 13,268 comments from 22,667 participants, including:</p> <ul style="list-style-type: none"> <li>● 14,573 parents / family members</li> <li>● 1,844 students</li> <li>● 1,485 staff members</li> </ul> <p>The 22,667 ThoughtExchange participants represented an 91% increase in participants, up from 11,816 participants, from 2022-23.</p>
Educational Partners at Equity Multiplier Eligible Schools	<p>The <a href="#">LCFF Equity Multiplier</a> is a new state funding program providing additional funds to school sites meeting nonstability rates greater than 25% and socioeconomically disadvantaged student thresholds</p>

Educational Partner(s)	Process for Engagement
	<p>greater than 70% in the prior year. Per state legislation, funding will begin to be used in 2024-25 to implement evidence-based services and supports for students at eligible school sites and address all student groups that have the lowest performance level (e.g., Red) on one or more state indicators on the <a href="#">California School Dashboard</a>. The LCFF Equity Multiplier funding is annually allocated to eligible schools and is not a part of the LCFF entitlement to the District. Please see Goal 8 for the list of the 71 eligible District schools. In addition, please see the District’s Equity Multiplier Funding webpage: <a href="https://www.lausd.org/Page/20353">https://www.lausd.org/Page/20353</a></p> <p>With the state’s December 2023 release of the 2023 California School Dashboard results, the 71 Equity Multiplier eligible District schools met with educational partners in various school-level forums including Local School Leadership Councils beginning in winter 2024 to review student performance data by student group within Dashboard Indicators- Chronic Absenteeism, Suspension Rate, English Learner Progress, Graduation Rate, College/Career, English Language Arts, and Mathematics.</p> <p>Equity Multiplier eligible schools received budget allocation notices in spring 2024 including information on allowable uses of the allocation and resources for identifying evidence-based services and interventions. School principals subsequently completed engagement with school communities and received feedback on the identified Dashboard indicators and use of evidence-based services to improve student performance.</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Los Angeles Unified will continue to align the District’s LCAP with the District’s Board adopted Strategic Plan based on feedback received from our community in supporting students, families, and staff. The development of the LCAP is a collaborative process that incorporated feedback from a wide range of educational partners. This year, 22,667 educational partners participated through the digital ThoughtExchange platform by generating 13,268 individual comments and providing 203,942 ratings on individual comments- representing an 91% increase in participants, up from 11,816 participants, from 2022-23.

The individual comments and rated comments from our educational partners created a themed-focus around the District’s work on providing students with academic supports, mental and physical health resources, opportunities for student engagement, safe school campuses, increased learning opportunities, and differentiated supports for students learning a second language or particular student groups represented in our learning community.

For a summary regarding the feedback offered by specific educational partners, please review below.

## Student Engagement

Los Angeles Unified received student feedback via student advisory council meetings and school-level engagement forums, which is incorporated by the top rated thoughts by LCAP goal in the District's LCAP in the following ways:

- Academic Excellence (Goal 1):
  - Create opportunities for students, particularly female students, to join Science Technology Mathematics and Engineering (STEM) programs (addressed in Goal 1, Action 29: Career Technical Education and Goal 1, Action 30: Linked Learning)
- Joy and Wellness (Goal 2):
  - Continued need and focus for mental health resources as impacted by the COVID-19 pandemic (addressed in Goal 2, Action 9: Mental Health Supports).
  - Safe schools (addressed in Goal 2, Action 1-4: Safe School Facilities, School Police, Base-Funded School Climate Support Staff and Supplemental School Climate Support Staff)
- Engagement and Collaboration (Goal 3):
  - Continue to provide students with a voice by creating additional opportunities for student leadership (addressed in Goal 3, Action 4: Student Empowerment)
- Operational Effectiveness (Goal 4):
  - Improve school facilities including adding refillable water stations on school campuses (addressed in Goal 4, Action 2: Facilities and Physical Infrastructure)
- Investing in Staff (Goal 5):
  - Focus on hiring highly qualified teachers and developing them by providing training and support (addressed primarily in Goal 5, Actions 1-4: Recruitment, Teacher Pipeline Support, Beginning Teacher Support, and Professional Development).
- English Learner Supports (Goal 6):
  - Continue to provide dual language programs (addressed in Goal 6, Action 5: Dual Language Education)
- Black Student Achievement Plan (Goal 7):
  - Focused programs and resources for Black students (addressed in Goal 7, Actions 1-5: BSAP Academic Supports, Community Partnerships, Development of African American Studies course, School Climate and Wellness Supports, and Community-Based Safety Pilots).

## Parent, Family, and Community Engagement

The District received feedback from the community-wide ThoughtExchange within LCAP goal and actions which continued to support the alignment of the LCAP with the District's Strategic Plan and followed a similar theme to student feedback:

- LCAP Goal 1: Academic Excellence
  - Continued focus on improving outcomes for students in foster care and students experiencing homelessness (addressed in Goal 1, Action 18: Specialized Student Services (SSS) Programs for Students in Foster Care and Experiencing Homelessness)
  - Continued use of student assessments such as i-Ready to help students be at grade level in math and English Language Arts Early academic interventions and the use of student assessments such as i-Ready to better support students who require

additional assistance (addressed in Goal 1, Action 12: School-Level Supports for Individualized Learning Interventions and Goal 4, Action 1: Assessments and Evaluations)

- Provide job-related and career-related opportunities correlated with student interests (addressed in Goal 1, Action 29: Career Technical Education and Goal 1, Action 30: Linked Learning)
- LCAP Goal 2: Joy and Wellness
  - Increased focus on mental health supports for students (addressed in Goal 2, Action 9: Mental Health and Student Supports)
  - Ensure school safety and students feeling safe at school-sites (addressed in Goal 2, Actions 1-4: Safe School Facilities, School Police, Base-Funded School Climate Support Staff and Supplemental School Climate Support Staff)
  - Continue to increase student engagement in athletics and art (addressed in Goal 2, Action 7 and Goal 1, Actions 1-2: Base-Funded Arts Education and Supplemental Arts Education)
- LCAP Goal 3: Engagement and Collaboration
  - Encouraging more frequent parent involvement across the District (addressed in Goal 3, Action 1: Parent and Family Engagement)
  - Continue to increase opportunities for student leadership and student engagement at schools and in the District (addressed in Goal 3, Action 4: Student Empowerment)
- LCAP Goal 4: Operational Effectiveness
  - Campus improvements to add more green space and playground space (addressed in Goal 4, Action 1: Assessments and Evaluations)
  - Continue to increase use and access of technology for students (addressed in Goal 4, Action 3: Technology Infrastructure)
- LCAP Goal 5: Investing in Staff
  - Increase professional development for teacher aides and interventionists to support students in the classroom (addressed in Goal 5, Action 4: Professional Learning)
  - Ensure adequate staffing of support personnel such as Psychiatric Social Workers (PSWs) and counselors.
  - Work to retain high quality administrators and teachers (addressed in Goal 5, Action 1: Recruitment and Staffing)
- LCAP Goal 6: English Learner Supports
  - Additional tutoring resources for English Learners (addressed in Goal 6, Action 1: UTK-12 English Learner Services)
  - Offer increased services for students who are English Learners and have an Individualized Education Plan (IEP) (addressed in Goal 6, Action 1: UTK English Learner Services and Goal 1, Action 19: Special Education-Base Program)
  - Continue to support International Newcomer students (addressed in Goal 6, Action 2: International Newcomer Supports)
- LCAP Goal 7: Black Student Achievement Plan Implementation
  - Continue to focus on Black student achievement and remove the achievement gap (addressed in Goal 7, Action 1: BSAP Academic Supports)

In addition, in engagement with the Parent Advisory Committee (PAC) and the District English Learner Advisory Committee (DELAC) during the school year, feedback received in a unique ThoughtExchange for District level committees and during meetings prioritized a focus on LCAP actions within parent engagement, resource allocation, and staff training to increase student success. Committee members emphasized parents' voices should be heard and better communication channels should be established across the District. In addition, input

focused on continuing to direct funding and programs to the most high-needs schools and that staff and teacher training should focus on educational techniques to better support students.

- Comments:

- Provide extra funds and programs to the most at-needs schools (addressed in actions supported with SENI Investments- Goal 1, Actions 31-33: SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools, Middle Schools, High Schools; Goal 2, Actions 14-16: SENI Investments to Increase Access to Programs and Supports for Joy and Wellness: Elementary Schools, Middle Schools, High Schools; Goal 3, Actions 6-8: SENI Investments to Increase Access to Programs and Supports for Engagement and Collaboration: Elementary Schools, Middle Schools, High Schools).
- District needs to make additional efforts to improve parent engagement and participation (addressed in Goal 3, Action 1: Parent and Family Engagement)
- Support diverse needs of students (addressed in Goal 1, Action 12: School-Level Supports for Individualized Learning Intervention, within additional actions)
- Professional learning for teachers is important (addressed in Goal 5, Action 6: High Performance Standards)
- Expose middle school students also not just high school students to various career pathways (addressed in Goal 1, Action 29: Career Technical Education and Goal 1, Action 30: Linked Learning)
- Importance of school safety for students (addressed principally in Goal 2, Action 1: Safe School Facilities; Goal 2, Action 2: School Police)
- Minimize gaps in teacher staffing (addressed in Goal 5, Action 1: Recruitment and Staffing)

### Teachers

Feedback from teachers centered on instruction, educational equity, and supporting teachers with training and resources. The input supported and connected to the assessment and implementation of specific LCAP actions at school sites:

- Foster quality instruction- teaching and learning are the “core” of the work (addressed in Goal 1 actions)
- Continue to provide students with enrichment and intervention opportunities (addressed primarily in Goal 1, Action 12: School-Level Supports for Individualized Learning Interventions and Goal 1, Action 14: Literacy and Numeracy Interventionist Program)
- Supporting teachers with training and resources (addressed in Goal 5: Investing in Staff)
- Continue to support teacher and staff wellness (addressed specifically in Goal 5, Action 5: Staff Wellness)

### Principals

The feedback provided by school principals was utilized to bolster the development of LCAP actions, emphasizing the following actions:

- Support more afterschool opportunities for students (addressed in Goal 1, Action 8: Base-Funded Afterschool Programs and Goal 1, Action 9: Supplemental Afterschool Programs)
- Increase parent engagement and parent access to the District’s Parent Portal (addressed in Goal 3, Action 1: Parent and Family Engagement and Goal 3, Action 3: Communications / Accessibility Technology)

- Increase early education opportunities for parents and families to enroll their children (addressed in Goal 1, Action 13: Expanded Transitional Kindergarten)
- Support services for our students learning a second language (addressed primarily in Goal 6: English Learner Supports)

### Administrators

Administrators input expressed a desire for schools to be safe learning environments where students feel safe and empowered to attend school and engage in opportunities:

- Continue to provide inclusive classrooms and ensure students feel safe and appreciated (addressed in Goal 1, Action 22: Special Education - Inclusion and Goal 2 actions)
- Increase attendance supports for students to ensure they come to school regularly and learn (addressed in Goal 2, Action 11: Attendance Interventions)
- Continued focus on engagement and collaboration for student leadership opportunities (addressed in Goal 3, Action 4: Student Empowerment)

### Other School Personnel

The feedback from other school personnel such as classified staff informed a focus on the development of LCAP actions:

- Importance of a safe and secure campus for teachers and students (addressed in Goal 2, Action 1: Safe School Facilities; Goal 2, Action 2: School Police; and Goal 2, Action 3: Base-Funded School Climate Support Staff).
- Continue to offer and provide workshops on helping parents to support their children (addressed in Goal 3, Action 1: Parent and Family Engagement)
- Focus on career readiness not just college readiness (addressed in Goal 1, Action 29: Career Technical Education and Goal 1, Action 30: Linked Learning).
- Support students in attending school (addressed primarily in Goal 2, Action 9: Mental Health and Student Supports and Goal 2, Action 11: Attendance Interventions)

### Labor Partner Engagement

In conversation with our District Labor Partners and feedback from the community-wide ThoughtExchange, a theme mirrored similar input from additional educational partners:

- LCAP Goal 2: Joy and Wellness
  - Continued focus on actions to support and increase student and staff safety at school sites, including staffing for school safety (e.g., school police)
- LCAP Goal 5: Investing in Staff
  - Continued focus on actions to promote professional development and capacity of staff including recruitment and retention

### Educational Partners at Equity Multiplier Eligible Schools

Each of the identified 71 schools eligible for Equity Multiplier funding in 2024-25 met with and consulted with their educational partners to address student group performance within the lowest performance level as evidenced in 2023 California School Dashboard indicators and the development of the focus goal. In meetings with educational partners including parents, teachers, other school personnel, and District personnel, the feedback identified evidence-based services in addition to other programs for improving graduation rates and college/career readiness, reducing chronic absenteeism and suspension rates, and improving student performance on state summative assessments in English Language Arts and mathematics. Strategies included the use of services provided by Pupil Services and Attendance (PSA) counselors, Psychiatric Social Workers (PSWs), and community representatives to increase student performance. In winter and spring 2024, the 71 school principals met formally with educational partners within School Site Council (SSC) meetings, Governance Council meetings, and teacher and staff meetings, among additional formal and informal meeting structures, and used feedback from the meetings and surveys to inform planning and development of each school's School Plan for Student Achievement (SPSA) and use of allocated Equity Multiplier funds to address student groups that have the lowest performance level on one or more state indicators on the California School Dashboard. Reviewed student performance data in each school's meetings worked to identify root causes of the areas of student growth and the use of evidence-based strategies for enhancing student learning outcomes.

In the meetings and consultations, educational partners understood the need to move identified student groups out of the lowest performance levels by Dashboard indicator and focused on having metrics and progress monitoring measures that would evaluate this movement. Each school principal completed a survey with information collected at the District level to understand the evidence-based services and programs to be employed at each site with Equity Multiplier funds as well as how the decision was informed by feedback from educational partners. For more information, please see the Equity Multiplier focus goal- Goal 8.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	Academic Excellence: By providing students with high-quality instruction and enriching experiences, Los Angeles Unified will eliminate opportunity gaps and ensure students are college and career ready.	Broad Goal

State Priorities addressed by this goal.

- State Priority 2: State Standards (Conditions of Learning)
- State Priority 4: Pupil Achievement (Pupil Outcomes)
- State Priority 7: Course Access (Conditions of Learning)
- State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Providing a world-class academic experience for our students is the most important component of ensuring they are Ready for the World. We believe we must support our students in developing the foundational knowledge and necessary skills to graduate and succeed in college and the workforce, and we must also offer them opportunities and tools needed to grow into excited and inspired lifelong learners. Moreover, it is our imperative to ensure that we achieve this for ALL students, and that students who have historically been underserved by the public education system will receive the instructional supports and services they need to thrive in our schools. This goal represents our dedicated focus on building a system where exceptional teaching can be found in every classroom, and knowledgeable, critical thinkers can be found in every seat.

The goal continues the commitment of the District to its educational partners in placing the academic achievement of its students at the center of its work and working to ensure students graduate college and career ready. The metrics and progress monitoring measures employed in Goal 1: Academic Excellence allow the District to track student performance in a number of areas such as graduation rate and English Learner reclassification rate and use the data to inform decisions regarding supports and services for improving student achievement.

Over the course of the last LCAP cycle (from 2021 to 2024), student outcomes were impacted by the COVID-19 pandemic with school closures and a shift to remote learning, however, students saw the following progress:

- English Language Arts:
  - Grades 3: Students improved from 33 points below grade-level standards in 2021-22 to 28.4 points below in 2022-23.

- Grades 3-5: Students improved from 28.3 points below grade-level standards in 2021-22 to 27.6 points below in 2022-23.
- Grade 11: Students improved from 17.4 points below grade-level standards in 2021-22 to 11.9 points below in 2022-23.
- Math:
  - Grades 3-5: Students improved from 44.7 points below grade-level standards in 2021-22 to 37.4 points below in 2022-23.
  - Grades 6-8: Students improved from 81.3 points below grade-level standards in 2021-22 to 80.1 points below in 2022-23.
  - Grade 11: Students improved from 114.3 points below grade-level standards in 2021-22 to 110.7 points below in 2022-23.
- English Learner Reclassification:
  - Grades TK-5: Reclassification rates rose from 8.3% in 2020-21 to 18.7% in 2022-23
  - Grades 6-8: Reclassification rates rose from 18.0% in 2020-21 to 37.0% in 2022-23
  - Grades 9-12: Reclassification rates rose from 9.7% in 2020-21 to 19.5% in 2022-23
- Four-year cohort graduation rates grew from 81.6% in 2020-21 to 84.0% in 2022-23 (with the five-year cohort similarly increasing from 83.2% in 2020-21 to 87.7% in 2022-23).

As stated in the 2023 LCAP, the District has aligned LCAP goals 1-5 with the District’s Board adopted [2022-26 Strategic Plan](#) to increase the efficiency and evaluation of developed District actions in the support of students.

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

		<ul style="list-style-type: none"> <li>● Identification of teachers who received Below Standard Evaluations to determine required supports, resources, and/or interventions to support the growth and development of these teachers</li> <li>● Observation ratings in the teacher evaluation cycle to determine professional development needs, opportunities for growth, and areas of strength</li> <li>● Reduced number of unfilled teaching positions</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.03	Central District Supports for Instruction	<p><i>(Aligned to Strategic Plan Priority 1A: High-Quality Instruction)</i></p> <p>The Chief Academic Officer, along with other Division of Instruction heads, implement and provide direction to ensure our students are receiving academic and social emotional support and approaches that are differentiated to meet the needs of all students, including our high need students.</p> <p>The District's Division of Instruction provides additional data analysis and support to Regions, Communities of Schools, and school sites in order to identify intervention strategies and approaches proven to accelerate learning for English Learners, students in foster care, and low-income students. This support and oversight is critical to ensuring the fidelity of implementation of District programs and services, as well as accountability for student progress throughout the District.</p> <p>The Division of Instruction supports services and programs that address the specific needs of high need students in order to increase access to standards-based instruction and support, decrease the achievement gap, and ensure that all students are academically proficient in order to graduate college and career ready. By providing coordinated support and services for our students, the District provides students with opportunities to which they might not otherwise have access. In addition, the Division of Instruction also advises and supports staff in ensuring that these opportunities are differentiated for the needs of English Learners, students in foster care, and low-income students.</p> <p>Through these coordinated services for our students, the District ensures that students get the services they need and a well-rounded educational experience that includes</p>	\$52,021,230	N

		<p>strategies and supports specific to the identified needs of English Learners, students in foster care, and low-income students.</p> <p>The District will monitor the effectiveness of these District-level supports for instruction using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Improved outcomes on DIBELS (TK-2 Reading)</li> <li>• Improved outcomes on iReady (Grades 3-12 Reading; Grades TK-12 Math)</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.04	Options Program	<p><i>(Aligned to Strategic Plan Priority 1A: High-Quality Instruction)</i></p> <p>Los Angeles Unified will ensure that all students in the Educational Options Schools will receive high-quality instruction to improve student outcomes and graduation rates. Continuation, Community Day, and Alternative Education School principals, teachers, and staff will: 1) deliver standards-based instruction and educational experiences designed for students who have not been successful in traditional school settings; 2) build opportunities for students to accelerate learning and recover credits, both within and outside the school day; and 3) analyze and utilize assessment data to guide instructional planning and intervention. In order to support the implementation of these actions, the District will provide high-quality and ongoing professional development and coaching grounded in data to support effective teaching, learning, and leadership.</p> <p>The District will monitor the effectiveness of the Educational Options Program using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Increased percentage of students improving one or more performance levels by end-of-year District formative assessments in math and reading</li> <li>• Increased percentage of students participating in District sponsored tutoring programs</li> <li>• Increased one-year graduation rate of enrolled 12th graders</li> <li>• Increased four/five-year graduation rates</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures</p>	\$109,405,043	N

		are subject to change.		
1.05	Instructional Technology Initiative	<p><i>(Aligned to Strategic Plan Priority 1A: High-Quality Instruction)</i></p> <p>While the experience of distance learning and the District’s investment in devices for every student has greatly reduced the digital divide in terms of access to technology, a gap still exists for low-income students around <a href="#">digital participation and digital citizenship</a>. Low-income students are spending more time in front of screens, yet continue to <a href="#">be underrepresented in pathways towards computer science careers</a>. Even as the District transitioned back to in-person instruction from hybrid learning during the pandemic, the integration of technology continues to be an essential need for low-income students to close equity gaps.</p> <p>Through the <a href="#">Instructional Technology Initiative</a>, Instructional Technology Facilitators will therefore continue to provide direct support to schools, including on-site professional development, coaching, co-teaching, and small group instruction of students in the area of technology integration. Content areas include Digital Citizenship, Computer Science Education, and the ISTE Standards. Schools submit an application to be included in this program and are selected by their respective Regional Superintendents based on their applications as well as on their enrollment of English Learners, students in foster care, and low-income students. Beginning in 2022-23, the Digital Citizenship Certification is required for participating schools with the certification being valid for two years.</p> <p>The District will monitor the effectiveness of the Instructional Technology Initiative (ITI) using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased number of schools that attain Digital Citizenship Certified School.</li> <li>● Increased number of educators that attain Digital Citizenship Certified Educator.</li> <li>● Increased number of elementary schools that provide 20 hours of computer science instruction in Pre-Kindergarten to 5th grade.</li> <li>● Increased number of middle schools that provide at least one rigorous and relevant computer science course in grades 6-8.</li> <li>● Increased number of high schools that provide a computer science pathway in grade 9-12.</li> <li>● Increased number of educators that participate in the Computer Science Cohort.</li> <li>● Provide student devices to each school based on enrollment.</li> </ul>	\$28,200,819	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>• Provide continued access to targeted schools serving high percentages of low-income students</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>Low-income students will experience the greatest benefits from the improved instruction in digital citizenship and computer science education due to their previous lack of access. In addition, we recognize that all students will benefit from this program and therefore these supports are provided schoolwide in participating schools. For the list of schools participating in this initiative, please see: <a href="https://achieve.lausd.net/Page/16015">https://achieve.lausd.net/Page/16015</a>.</p>		
1.06	Base-Funded Arts Education	<p><i>(Aligned to Strategic Plan Priority 1B: Enriching Experiences)</i></p> <p>As part of the District’s strategy to provide enriching experiences and achieve Academic Excellence, the Administrator of Arts Education Branch, the Arts Coordinators, office staff, as well as the central elementary orchestra office staff who maintain and loan orchestra instruments to elementary schools for student use will continue to support initiatives and implement programs that will aid students in becoming meaningful and engaged citizens in the 21st century by giving them access to arts curriculum.</p> <p>The Arts Education Branch will continue to directly provide the delivery of arts education services to all elementary schools throughout the District through the itinerant arts program, as well as support the delivery of direct arts education services to all middle and senior high schools. In addition, the Arts Education Branch will also provide professional development in arts integration to teachers to meet the learning modalities of all students outlined in Gardner’s Theory of Multiple Intelligences to include musical, interpersonal, intrapersonal, and spatial-visual.</p> <ul style="list-style-type: none"> <li>• Dance Programs: <ul style="list-style-type: none"> <li>○ Dance provides support for cognitive development. Through the dance creation process, students encounter problems and investigate solutions. This compels students to communicate solutions through the language of movement, which demand cognitive processes and skills. The developing brain needs sufficient activation of the motor-cerebral-vestibular system for</li> </ul> </li> </ul>	\$1,217,977	N

		<p>Numerous studies and research show students who participate in arts instruction become meaningful, well-rounded contributors to society. Creativity and innovation are fostered through creative practices inherent in arts education, such as flexible thinking, creative problem-solving, inquisitiveness, perseverance, problem identification, research, interpretation, communication and accuracy. Artistically literate students find joy, inspiration, peace, intellectual stimulation, meaning and other life-enhancing qualities through participation in the arts. Students exposed to the arts will be better prepared to navigate through the 21st century workforce, creating and developing well-rounded citizens, while enhancing student, parent and community engagement.</p> <p>The District will monitor the effectiveness of base-funded Arts Education programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased professional development offerings, and</li> <li>● Improved engagement with arts partners.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>For more information, see: <a href="https://www.cde.ca.gov/ci/vp/cf/">https://www.cde.ca.gov/ci/vp/cf/</a>. The Arts Education Framework serves as a critical guide to all arts education offered through the District. It is utilized to create coursework and also formulates instructional pacing plans to meet the arts education needs of all learners.</p>		
1.07	Supplemental Arts Education	<p><i>(Aligned to Strategic Plan Priority 1B: Enriching Experiences)</i></p> <p>Past Districtwide data on Arts Education indicated that English Learners, foster youth, and low-income students had less access to enriched arts education programs beyond the minimum state requirements.</p> <p>In addition to the Arts Education programming funded with Base funds in the previous action, all schools will continue to receive a funding allocation to purchase supplemental arts supplies and equipment and to support arts community partnerships. In addition, all elementary schools will continue to be assigned highly qualified certificated arts itinerant teachers to teach students at least one art discipline (music, dance, theater, and visual</p>	\$34,605,198	Y

Action #	Title	Description	Total Funds	Contributing
		<p>arts). The arts teachers provide students with arts instruction that goes beyond the minimum state requirements.</p> <p>In 2022-23, the Arts Education team started to use the Student Equity Needs Index (SENI) to determine equity in arts allocations and to target funds to higher-need schools. Schools with higher percentages of English Learners, foster youth, and low-income students receive more funds. The investments in supplemental arts instruction and arts instructional materials are an effective use of funds to provide greater access for English Learners, foster youth, and low-income students to a broader variety of arts disciplines above and beyond the basic arts curriculum requirements.</p> <p>Targeted Student Population (TSP) funding is used to support and maintain arts programming at schools with targeted student groups as well as expand school level arts programs, where applicable.</p> <p>The District will monitor the effectiveness of Supplemental Arts Education programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>Expanded access and additional programming</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>Low-income students, students in foster care, and English Learners will experience greater benefits to their academic proficiency as measured by state assessments due to their previous lack of access. The effort will continue to bring parity to school-sites throughout the District while enhancing access to the arts in areas of the District that have historically not had access to a broad offering of arts curriculum and programs. In addition, we recognize that all students will benefit from this program, and therefore these supports are provided Districtwide.</p>		
1.08	Base-funded Afterschool Programs	<p><i>(Aligned to Strategic Plan Priority 1B: Enriching Experiences)</i></p> <p>In order to increase student engagement to drive improvement in student attendance, Los Angeles Unified's Beyond the Bell (BTB) staff will implement the following programs:</p>	\$1,536,224	N

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>● Provision of supplies and equipment to students in the afterschool programs to support the physical, mental, and social-emotional development of each child.</li> <li>● Boys &amp; Girls Clubs of the Los Angeles Harbor will support a College-Bound High School Liaison program through the execution of academic monitoring, support, and counseling.</li> <li>● Through the Academic Decathlon Program, online testing and training subscriptions as well as electronic study guides will be provided to participating schools to facilitate a hybrid instructional model, and expand access to a larger number of Los Angeles Unified students and schools. Beyond the Bell staff will support eligible schools as they move on through the Regional, State, and National competitions.</li> <li>● Finally, the Music and Entertainment Education Coordinator will also provide supplies, uniforms, and equipment to high school students performing in the Los Angeles Unified All City Marching Band as they prepare for future performances.</li> </ul> <p>Through these programs, students will be motivated to attend school by making connections to the goals of their respective school and Los Angeles Unified.</p> <p>The District will monitor the effectiveness of base-funded afterschool programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Academic Decathlon: Increased number of schools and students participating in Pentathlon and Decathlon</li> <li>● All District Honor Marching Band: Increased school participation rates and student participation rates</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p><i>Note: Beyond the Bell provides additional student services and programs supported with state Expanded Learning Opportunities Program (ELOP) funding and additional state and federal funds, which do not appear in this LCAP.</i></p>		

Action #	Title	Description	Total Funds	Contributing
1.09	Supplemental Afterschool Programs	<p><i>(Aligned to Strategic Plan Priority 1B: Enriching Experiences)</i></p> <p>Low-income students often face limited access to high-quality after school programming. In order to address this need, Beyond the Bell (BTB) will expand accessibility of these programs above the levels described in Goal 1, Action 8 so that these students will have the opportunity to sample and engage in an array of diverse after school activities throughout their experience in BTB programming. These funds will support schools serving English learners, low-income students, and students in foster care with more staffing and resources for their afterschool programs. These programs will be designed with an intention to connect students to interest based pathways that can support their learning experiences in elementary and middle school and beyond.</p> <p>Trained coaches will utilize the supplies and equipment provided to design and implement high quality learning experiences for students within the realms of arts, physical fitness, team sports, dance, and academic enrichment. Site staff will also be trained, coached, and assisted throughout the course of programming.</p> <p>The District will monitor the effectiveness of supplemental afterschool programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased student attendance / participation</li> <li>● Staffing for Youth Services program</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p><a href="#">Research demonstrates</a> that afterschool and summer school programs have positive impacts on academics, social and emotional skills and competencies, and overall well-being to help students re-engage in learning and become strong, resilient, and hopeful. Low-income students will experience the greatest benefits to their attendance and engagement based on their existing needs and limited access to high quality afterschool programming. In addition, we recognize that increased access to afterschool programs would also benefit all students, and therefore these supports are implemented Districtwide.</p> <p><i>Note: Beyond the Bell provides additional student services and programs supported with</i></p>	\$8,339,860	Y

		As new data becomes available moving forward, these progress monitoring measures are subject to change.		
1.11	Differentiated Local Supports for Students	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to close equity gaps and ensure that low-income students thrive academically, District and Region leaders will collaborate to build school staff capacity to deliver data-driven academic supports and interventions to Tier 2 and 3 schools, which have been identified based on demonstrated performance gaps in key outcome areas, including SBA English Language Arts and Math achievement, DIBELS scores, and A-G on-track rates. Please refer to Appendix B for the list of identified schools.</p> <p>Based on the most recent data available for the District’s core goals, Los Angeles Unified observed the following academic needs at these schools:</p> <ul style="list-style-type: none"> <li>● Goal 1: Postsecondary Success <ul style="list-style-type: none"> <li>○ 41.9% of all students at identified schools in a graduating 9th-12th cohort demonstrated college and career readiness with a “C” or better on UC/CSU A-G approved courses in 2021-22.</li> <li>○ 42.4% of low-income students at identified schools in a graduating 9th-12th cohort demonstrated college and career readiness with a “C” or better on UC/CSU A-G approved courses in 2021-22.</li> </ul> </li> <li>● District Goal 2: Literacy <ul style="list-style-type: none"> <li>○ Third-grade students overall at identified schools were -76.2 points below standard on SBA ELA assessments in 2021-22.</li> <li>○ Third-grade low-income students at identified schools were -76.4 points below standard on SBA ELA assessments in 2021-22.</li> </ul> </li> <li>● District Goal 3: Numeracy <ul style="list-style-type: none"> <li>○ Grades 3-5 <ul style="list-style-type: none"> <li>■ Students in Grades 3-5 overall at identified schools were -83.4 points below standard on SBA Math assessments in 2021-22.</li> <li>■ Low-income students in Grades 3-5 at identified schools were -83.5 points below standard on SBA Math assessments in 2021-2022.</li> </ul> </li> <li>○ Grades 6-8</li> </ul> </li> </ul>	\$13,965,319	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>■ Students in Grades 6-8 overall at identified schools were -124.9 points below standard on SBA Math assessments in 2021-22.</li> <li>■ Low-income students in Grades 6-8 at identified schools were -124.9 points below standard on SBA Math assessments in 2021-22.</li> </ul> <p>School improvement research points to sustainable practices for implementing a solid curriculum through responsive pedagogy, enrichment and intervention, master scheduling, educator growth and development, and progress monitoring guided by instructional data cycles of improvement (i.e., Plan, Do, Study, Act cycles). Thus, the support provided to Tier 2 and 3 Schools will be centered around implementing sustainable practices and continuous improvement cycles, leveraging:</p> <ul style="list-style-type: none"> <li>● Strategic and Priority Staffing to ensure that both certificated and classified vacancies are filled at these schools</li> <li>● Instructional Interventionists and Coaches</li> <li>● Ongoing Professional Development for both school leaders and educators within Professional Learning Community settings</li> <li>● Systems that Support Instructional Progress, including formative assessments, instructional data cycles of improvement, instructional leadership teams, professional learning communities, common curriculum and pacing plans, and systems for observations and feedback</li> <li>● Enrichment Programs and Resources (STEAM Labs, Dual Enrollment Courses, Cultural Arts Passport)</li> <li>● Frequent Progress Monitoring, including School Impact Reviews to identify strengths and areas for growth in instructional programs</li> </ul> <p>Tier 2 and 3 schools have a higher enrollment of low-income students compared to other District schools and are often more challenging to staff and have teachers who have fewer years of experience. Los Angeles Unified aims to remove such barriers to learning in critical areas through strategic and priority staffing, allocating experienced instructional interventionists and coaches, providing ongoing professional development, and executing systems that support instructional progress. Additionally, the data collected from school visits, classroom observations, and formative assessments are used to evaluate existing school systems and programs at Tier 2 and 3 schools, immediately identify and enact corrective courses of action, and ensure the equitable delivery of high-quality instruction and student support. This information also guides the</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>delivery of professional development to support the effective implementation of curricula and school interventions, such as small groups, tutoring, and expanding the instruction to support students.</p> <p>The District will monitor the effectiveness of these tiered regional supports for schools using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Tier 2 and 3 school progress (for all students and for low-income students) towards District Goal 1: Postsecondary Success (the percentage of students in a graduating 9th-12th cohort demonstrating college and career readiness with a “C” or better on UC/CSU A-G approved courses will increase to 70% by June 2026).</li> <li>• Tier 2 and 3 school progress (for all students and for low-income students) towards District Goal 2: Literacy (third-grade students will move on average 30 points closer to proficiency on SBA ELA assessments by 2026).</li> <li>• Tier 2 and 3 school progress (for all students and for low-income students) towards District Goal 3: Numeracy (students in grades 3-5 and 6-8 will move on average 40 points closer to proficiency on SBA Math assessments by 2026).</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>Low-income students will experience the greatest benefit to their progress towards these District Goals owing to their needs for these targeted learning interventions. In addition, we recognize that these interventions would also benefit all students, and therefore this increase in staffing is implemented school-wide at Tier 2 and 3 schools.</p>		
1.12	School-Level Supports for Individualized Learning	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>Los Angeles Unified continues to serve over 563,000 students, each with individual strengths and learning needs. These learning needs have only been heightened following the unprecedented challenges of the immediate transition to distance learning necessitated by the COVID-19 pandemic. Throughout the partner engagement process beginning in 2020-21, during the prior LCAP cycle, one of the highest priorities that emerged was the need for reduced class sizes to enable teachers to engage individually with students and address their needs, this input demonstrates a connection to the educational partner feedback received that led to the development of the 2024-25 LCAP. This was further supported in our engagement of English Learners and students</p>	\$1,023,490,890	Y

Action #	Title	Description	Total Funds	Contributing
		<p>in foster care: when asked what staff and supports have been helpful in reaching academic success and college/career readiness, these students emphasized the importance of the support they received from their classroom teachers.</p> <p>In order to deliver increased individualized support for our low-income students, students in foster care, and English Learners, in alignment with the strategies described throughout this LCAP, the District provides additional site-level staffing ((including assistant principals, library aides, counseling staff, and instructional aides) dedicated to support student instruction. This additional staffing is above and beyond the base-funded instructional staffing to support improved targeted instruction and intervention and intensive supports including individualized instruction. (Note that schools may also invest their discretionary SENI funds in order to deliver more intensive supports to these students as well).</p> <p>Through this additional staffing, our teachers will focus their implementation of Tier 2 and 3 instructional supports within the following multi-tiered system:</p> <ul style="list-style-type: none"> <li>● Tier 1: Universal Supports: high-quality first instruction as aligned to principles of Universal Design for Learning.</li> <li>● Tier 2: Targeted Instruction and Intervention: targeted small-group instruction and focused progress monitoring for students who demonstrate need for a more targeted level of support.</li> <li>● Tier 3: Intensive Supports: intensive instruction to individual or very small student groups (1-3 students), including modeling, scaffolded practice, and regular mastery assessments, as well as more frequent progress monitoring.</li> </ul> <p>The District will monitor the effectiveness of these individualized learning supports as delivered by our additional site-level staffing using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased number of secondary students receiving C or better grades on report cards</li> <li>● Improved School Experience Survey results for students and teachers</li> <li>● Improved outcomes on DIBELS (TK-2 Reading)</li> <li>● Improved outcomes on iReady (Grades 3-12 Reading; Grades TK-12 Math)</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>are subject to change.</p> <p>Low-income students, English Learners, and students in foster care will experience the greatest benefit to their achievement in the state content standards owing to their needs for these personalized learning interventions. In addition, we recognize that this program would also benefit all students, and therefore this increase in staffing is implemented Districtwide.</p>		
1.13	Early Education and Universal Transitional Kindergarten	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>Many low-income students are exposed to adverse childhood experiences that impact their ability to reach proficiency. The <a href="#">Journal of Epidemiology and Community Health</a> explored the cause of adverse early childhood experiences and their effects into adolescents. The lack of access to early care and education is relevant because children in these vulnerable populations need equitable access to high quality early education programs.</p> <p>In order to address these needs, the Early Childhood Education Division (ECED) will implement the following supports:</p> <ul style="list-style-type: none"> <li>• ECED identified areas that need a preschool program and worked with the District to fund and open Universal Transitional Kindergarten (UTK) classes at these schools. UTK classes serve students who turn five between September 2, 2023 and September 1, 2024.</li> <li>• In 2022-23, Expanded Transitional Kindergarten transitioned to UTK in 316 elementary schools and added an additional 171 elementary schools in 2023-24 to 488 elementary schools- full implementation. While full implementation of UTK occurs statewide in 2025-26, Los Angeles Unified understands the equity need for an accelerated timeline in fully implementing UTK Districtwide to eliminate opportunity gaps for our most vulnerable student populations of English Learners, students in foster care, and students from low-income families. As a result, the District dedicated funding above state-mandated levels in order to reach full implementation of UTK in 2023-24. The District is continuing the action as it continues to implement the programs prior to the required statewide implementation. The District is providing funding above state mandated levels to focus on actions which include a focus on development of early literacy and numeracy skills to provide an early education foundation for high-needs student</li> </ul>	\$193,023,921	Y

Action #	Title	Description	Total Funds	Contributing
		<p>groups as well as social skills and emotional development.</p> <p>The District will monitor the effectiveness of these Early Education programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Universal Transitional Kindergarten access through an increased number of sites, prioritizing elementary schools with high percentages of students on Free and Reduced Meal Programs (80%+) and/or high SENI rankings.</li> <li>● Improved outcomes for UTK classrooms based on the UTK Progress Report which is administered within a child’s first 60 days of enrollment and again at 6 months following enrollment.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>High quality early education has been shown to increase academic proficiency and graduation rates. As a result, the expansion of Universal Transitional Kindergarten (UTK) programs and increased support for children facing trauma all support Eliminating Opportunity Gaps. Research from multiple studies has shown that quality early education programs lead to positive outcomes for students who participate in them. In a recent study by the School Effectiveness and Inequity Initiative (SEII), researchers from the University of Chicago, MIT, and UC Berkeley looked at the long-term effects of preschool. Their findings indicate that universal pre-k in Boston boosted high school graduation, SAT test-taking, and college enrollment. Preschool also led to an improvement in behavioral outcomes by reducing suspensions and rates of juvenile incarceration. Effects were larger for boys, but findings were consistent across different racial and socioeconomic groups. Research from the Perry Preschool Project study and the work by <a href="#">James Heckman on early childhood investments</a> also supports positive outcomes for children. The design of these programs specifically addresses the social emotional and cognitive needs for low-income students and those experiencing trauma. In addition, we recognize that all students will benefit from this program, and therefore these supports are provided school-wide in participating schools.</p> <p><i>Note: The District offers preschool programs for children ages 2 through 4 at Early Education Centers, which are supported with separate state funding than UTK.</i></p> <p>For more information on these programs, including which school sites host these programs, please see: <a href="https://achieve.lausd.net/Page/15507">https://achieve.lausd.net/Page/15507</a>.</p>		

Action #	Title	Description	Total Funds	Contributing
1.14	Literacy and Numeracy Interventionist Program	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>Far too many students, especially English Learners, students in foster care, and low-income students, are not reaching grade-level proficiency targets in literacy and numeracy. These outcomes are due to inconsistent implementation of highly effective Tier I instruction and Tier II support that is specifically calibrated and adjusted to support each learner’s progress within the District’s multi-tiered systems of support. In order to address these needs, Los Angeles Unified’s Central/Regional Administrators and Instructional Support Staff, in collaboration with site principals, coordinators, interventionists, and teachers, will implement targeted elementary literacy and mathematics interventions.</p> <p>Reading is the foundation for all content learning to occur after third grade; however, post pandemic data shows that students in grades 4th and above also need intervention to address unfinished learning. With the Literacy and Numeracy Interventionist Program in place, students will receive the necessary support to accelerate their learning and reach proficiency as measured by DIBELS in grades K-2 and the i-Ready reading diagnostic in grade 3rd through 12th grade for literacy. Proficiency in mathematics will be measured with the i-Ready Math Diagnostic for students in grades K-12. By implementing the strategies outlined, we will see an increase in our student proficiency in reading and mathematics. Targeted instruction to meet the needs of our most vulnerable and challenged students will result in increased academic achievement.</p> <ul style="list-style-type: none"> <li>● <b>Literacy Interventions:</b> <ul style="list-style-type: none"> <li>○ <u>Targeted direct instruction in Reading</u>: The program supports educators in conducting deep data analysis of individual student data to identify and address specific skills and concepts using a Multi-tiered system of supports, including Tier II acceleration/intervention support. Current research in the Science of Reading supports our cycle of instruction focused on foundational literacy skills.</li> <li>○ <u>Professional Development on the Science of Reading and Research Guided Literacy</u>: Program supports educators developing a deep knowledge of the science of teaching reading to ensure students reach proficiency. Teachers learn to effectively implement an evidence based, systematic, and cumulative process for teaching reading.</li> </ul> </li> </ul>	\$856,123	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>○ <u>Instructional Materials</u>: Hands-on materials to allow students to engage in a multi-sensory, multi-modal approach to learning. Students will use the materials to reinforce their learning.</li> <li>● <b>Math Interventions</b> <ul style="list-style-type: none"> <li>○ <u>Targeted direct instruction in building fluency</u>: Program supports educators in gathering progress monitoring data to support students' movement along developmental stages and address key concepts for the grade, using a Multi-tiered system of support to promote fluency in early numeracy and mathematics.</li> <li>○ <u>Professional Development on Early Numeracy and Building Math Fluency</u>: Program supports educators developing a deep knowledge of mathematics content and instructional practice to ensure students reach proficiency. Teachers learn to effectively implement instructional strategies to support early numeracy development and fluency.</li> <li>○ <u>Instructional Materials</u>: Hands-on materials to allow students to engage in a multi-sensory, multi-modal approach to learning. Students will use the materials to reinforce their learning.</li> </ul> </li> </ul> <p>Through this initiative, schools have been identified using TK-3 students' performance data in literacy and math, with an emphasis on providing these supports to schools with the highest need. Using an equitable distribution of Interventionists for schools that did not have the support due to staffing challenges, schools with high percentages of students scoring in the well-below benchmark and below-benchmark bands based on Dynamic Indicators of Early Literacy Skills (DIBELS) data will continue to be targeted for highly-structured Tier II small group acceleration of learning. These schools will be provided specialized reading teachers and instructional aides to provide this focused instructional support to students in daily consistent doses. These schools will receive leadership coaching support and engage in improvement cycles. All District schools will also receive additional professional development and supplemental materials for teaching literacy based on the science of reading.</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>The Literacy and Numeracy Interventionist Program will also identify and support TK - 8th grade students in developing strong numeracy and number sense. In math, schools have been identified using Districtwide common formative assessment data. These assessments include priority standards from the major work of each grade level as identified in the CA Mathematics Framework. Schools with a high percentage of students scoring in the Not Met and Nearly Met ranges on these common formative assessments will receive highly-trained math teachers and instructional aides to support Tier II number sense/numeracy instruction and practice. These schools will receive leadership coaching support and engage in improvement cycles. All District schools will receive supplemental math fluency materials based on problem-based learning and CGI practices and professional development to enhance math fluency lessons during Tier I instruction.</p> <p>The District will monitor the effectiveness of the Literacy and Numeracy Interventionist Program using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Literacy: <ul style="list-style-type: none"> <li>○ Improved outcomes on DIBELS benchmark growth and progress monitoring data for K-2</li> <li>○ iReady Reading Diagnostic for grade 3-12 students as applicable</li> <li>○ Increased usage of Amplify Reading</li> </ul> </li> <li>● Mathematics: <ul style="list-style-type: none"> <li>○ Improved outcomes on iReady Mathematics diagnostic and progress monitoring data within the platform</li> <li>○ Growth on the trajectory of mathematics developmental level and stages using Math Recovery</li> </ul> </li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>The Literacy and Numeracy Interventionist Program will fulfill the goal of creating readers and strengthening foundational math skills of all our students by 3rd grade and intervention supports for students in grades 4-12, focusing on those most at risk: our low-income students, students in foster care, and English Learners. These students will experience the greatest benefits to their academic progress due to the initiative's focus on providing targeted instruction for struggling learners, providing Professional Development based on the science of reading and evidence-based math instruction, and</p>

		<p>engaging in cycles of improvement at all levels of our system. In addition, we recognize that all students will benefit from this program, and therefore these supports are provided to all students at participating schools.</p> <p><i>Note: The Interventionist Program is primarily supported with non-LCFF funds.</i></p>		
1.15	Secondary Literacy Supports and Interventions	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>Many of our English learners and low-income students are coming into the secondary grades with large gaps in their reading skills. The Renaissance Star Reading assessment data shows nearly 40% of all students are not meeting standards. Providing teachers with curricular and instructional tools to better differentiate and/or scaffold instruction to meet the needs of English Learners, low-income students, and foster youth will address the literacy challenges these students face everyday.</p> <p>Secondary educators will implement the following interventions:</p> <ul style="list-style-type: none"> <li>● <u>Intensive Literacy Instructional Supports</u> <ul style="list-style-type: none"> <li>○ Continue expanding and support Read 180 Universal/System 44 program with built-in ELD instruction to address students who need intensive reading intervention services in order to accelerate their reading skills so they are better able to access and interact with core reading materials across the curriculum.</li> <li>○ Expand the structured literacy training (Orton-Gillingham and Language Essentials for the Teachers of Reading and Spelling [LETRS]) for core ELA teachers to provide them with the instructional tools to address the needs of students who need foundational literacy support.</li> </ul> </li> <li>● <u>Strategic Literacy instructional Supports</u> <ul style="list-style-type: none"> <li>○ Provide blended learning training with a focus on Station Rotation model for core ELA/integrated ELD teachers to support targeted intervention in the core classroom to meet the needs of all students, but especially targeted groups. This blended learning model will provide differentiated targeted support for EL students that can address their oral and written language needs.</li> <li>○ Provide training on podcast units/lessons developed by DOI Secondary Literacy team. Teachers will be trained on how to implement lessons (with Integrated ELD) using the Soundtrap web-based podcasting platform.</li> </ul> </li> </ul>	\$9,255,506	Y

Action #	Title	Description	Total Funds	Contributing
		<p>These lessons support literacy and speaking and listening standards and provide scaffolding and differentiated support to demonstrate their understanding of texts and concepts through a podcasting format. The podcast structure promotes the development of speaking and listening skills for EL students, including the development of academic vocabulary and conversations.</p> <ul style="list-style-type: none"> <li>● <u>Secondary ELA Teacher-Leader Cadre</u> <ul style="list-style-type: none"> <li>○ Teacher-leadership cadre focused on intervention supports in core ELA/integrated ELD classes (MS &amp; HS). Cadre will be creating lessons and instructional supports to address intensive and strategic ELA supports in the core ELA courses. Instructional support will include a focus on integrated English Language Development (ELD) instruction that addresses building and strengthening English Learners academic vocabulary, academic conversations, and writing skills.</li> </ul> </li> </ul> <p>The District will monitor the effectiveness of these secondary literacy interventions using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Improved outcomes on Reading Inventory: Student reading skills growth in Tier III ELA intervention program</li> <li>● Improved outcomes on teacher implementation survey and observation data on implementation of station rotation model for differentiated instruction</li> <li>● Increased number of lessons created for Secondary ELA lesson bank</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>As a result of these efforts, we expect to see higher levels of performance on the state content standards to increase for targeted groups and higher rates of English Learner reclassification. We also expect with the implementation (with fidelity) of Read 180 Universal/System 44 program that English Learners, low-income, and foster youth should move up two reading grade-levels as measured by the Reading Inventory assessment. English Learners, low-income students, and students in foster care will experience the greatest benefit to their secondary academic progress from these differentiated supports based on their existing needs. In addition, we recognize that all</p>

1.19	Special Education: Base Program	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order for all students to achieve proficiency in state content standards, Los Angeles Unified Special Education staff will continue to deliver high quality supports and services for students with disabilities as designated in their IEPs. This staffing includes teachers, school site administrators, related service providers (including all direct behavior support providers), support administrator/teachers. and classified staff.</p>	\$1,057,914,755	N

Action #	Title	Description	Total Funds	Contributing
		<p>Collectively, staff ensures that students with disabilities are meeting their individualized targeted goals and that the District is systemically striving to meet <a href="#">State Performance Plan Indicators (SPPI)</a>.</p> <p>In addition, a portion of our base program (15%) is set aside to reduce the over identification of Black students with disabilities identified with an Emotional Disturbance (ED) eligibility and reduce the suspension rates of Black students with disabilities. To reduce these areas, in collaboration with the Division of Instruction (DOI), the Division of Special Education has created professional development that addresses implicit bias, building a strong sustainable academic/social emotional Multi-Tiered System of Support (MTSS).</p> <p><i>Note: LCFF funds may also be used to meet the requirements set by the Office of Civil Rights resolution agreement. The District also receives separate special education state funding outlined in the District's <a href="#">Special Education Local Plan Area (SELPA) plan</a>.</i></p> <p>The District will monitor the effectiveness of the Special Education base program using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Percentage of IEPs held on time</li> <li>● Percentage of assessments completed on time on IEPs held with an assessment plan</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.20	Special Education: Extended School Year	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In addition to the Special Education staffing and supports described in Goal 1, Action 19, Special Education Operations will also provide Extended School Year (ESY) services to students with disabilities who require it per their Individualized Education Plan (IEP). IEP teams determine, on an individualized (and annual) basis, that the services are necessary for the provision of a free appropriate public education (FAPE) to the child. ESY is a Special Education service that is provided to a child with a disability:</p>	\$19,300,000	N

Action #	Title	Description	Total Funds	Contributing
		<p>(i) Beyond the normal school year of the public agency;</p> <p>(ii) In accordance with the child's IEP; and</p> <p>(iii) At no cost to the parents of the child; and</p> <p>(iv) Meet the standards of the State Educational Agency.</p> <p>ESY services shall be provided in accordance with 34 C.F.R. 300.106, for each individual with exceptional needs who has unique needs and requires special education and related services in excess of the regular academic year.</p> <p>Such individuals shall have disabilities which are likely to continue indefinitely or for a prolonged period, and interruption of the pupil's educational programming may cause regression, when coupled with limited recoument capacity, making it impossible or unlikely that the pupil will attain the level of self-sufficiency and independence that would otherwise be expected in view of his or her disabling condition.</p> <p><i>Note: For 2024-25, Special Education ESY will be funded out of one-time monies instead of LCFF and therefore do not appear in the LCAP Action Tables, which only include LCFF funding. The decision reflects the District's efforts to maximize one-time funds. In 2025-26, it is the District's intention to revert Special Education ESY funding back to LCFF. The goal will continue to remain in the LCAP to provide our educational partners with transparency and progress monitoring for this program.</i></p> <p>The District will monitor the effectiveness of the Special Education Extended School Year program using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Compare iReady end-of-year (EOY) scores to beginning-of-year (BOY) scores for students who participated in ESY. This will allow us to determine if regression was minimized.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.21	Special Education: Intensive Diagnostic	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In addition to the Special Education staffing and supports described in Goal 1, Action 19, Special Education teachers, assistants, psychologists, specialists, and coordinators</p>	\$3,472,220	N

Action #	Title	Description	Total Funds	Contributing
	Education Centers (IDEC)	<p>will also provide additional supports to students with disabilities on the core curriculum who have severe dyslexia or other text impairments and received at least two years of special education services through the Intensive Diagnostic Education Centers (IDEC) program.</p> <p>Intensive Diagnostic Education Centers (IDEC) will continue to provide intensive literacy intervention in the area of word recognition for up to two hours daily to small groups of students using multi-sensory, evidence-based resources and strategies, in order to support improved Smarter Balanced Assessment English Language Arts proficiency rates.</p> <p>The District will monitor the effectiveness of the Intensive Diagnostic Education Centers using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Improved Benchmark assessment data (WIAT and/or Woodcock-Johnson))</li> <li>● Improved iReady scores</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.22	Special Education: Inclusive Practices	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In an effort to increase the amount of time students with disabilities spend in general education, the Division of Special Education will support general education/special education staff in facilitating research based practices. In collaboration with the Division of Instruction, the Division of Special Education will support these sites in creating professional development, monitoring progress through data dialogues and instructional rounds, and communicating with parents on the effectiveness of the programs.</p> <p>In addition to increasing students with disabilities' time in general education, the expectation is that these programs will also increase academic (Math and English Language Arts) and Social Emotional Learning outcomes.</p> <p>The District will monitor the effectiveness of increasing inclusive practices using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased percent of students with disabilities who are in the general education program at least 80% of the school day</li> </ul>	\$36,242,455	N

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>Decreased percent of students with disabilities who are in the general education program 40% or more of the school day</li> <li>ELA and Math SBA scores for students with disabilities included in general education for 80% or more of the day</li> <li>Improved growth in iReady from BOY to EOY for students with disabilities included in general education for 80% or more of the day.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.23	Special Education: Special Day Program	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to support the unique needs of students with disabilities, Los Angeles Unified offers Special Day Programs (SDP) for students in both the Alternate and Core Curriculum. A special day class/program is defined as a class/program for students with disabilities taught by a Special Education teacher. In both scenarios, students spend the majority of the day (over 50% on the instructional day) in a special education setting, in alignment with the students' IEP.</p> <p>Students in Alternate Curriculum Special Day Programs focus on grade level standards through a modified curriculum, also building daily life skills, and social emotional growth.</p> <p>Students in Core Curriculum Special Day Programs are taught grade level standards with accommodations.</p> <p>As with all students and as appropriate, our goal is to serve and support students in their Least Restrictive Environment.</p> <p>The District will monitor the effectiveness of the Special Day Program using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>Increased time spent in general education classes</li> <li>iReady scores from beginning-of-year (BOY) assessments to middle-of-year (MOY) assessments and middle-of-year (MOY) assessments to end-of-year (EOY) assessments</li> </ul>	\$235,235,772	N

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>Increased participation in credit recovery and general education summer programs</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.24	Special Education Transition Services	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In Los Angeles Unified, there are 19,572 students with disabilities ages 14 and above (Fall 2023-24 CALPADS), of which 5,377 are in 12th grade. As the District continues the work to prepare these students for successful post-secondary life, an opportunity gap has been identified to address in the area of postsecondary education.</p> <p>Students with disabilities are underrepresented in postsecondary education when compared to their non-disabled peers. In 2022, 46% of LAUSD students with disabilities enrolled in college during the first fall semester immediately after high school. In comparison, 66.4% of non-disabled LAUSD students enrolled in college during the first fall semester immediately after high school (National Clearinghouse, 2022).</p> <p>Working with students with disabilities to prepare them for postsecondary success is crucial for improved outcomes. Data supports the effectiveness of advisories and support. Research shows that a majority of college students with disabilities do not inform their college of their disability, limiting their access to academic supports and accommodations, highlighting the importance of proactive support and guidance in high school to ensure a smooth transition to postsecondary education (<a href="#">National Center for Education Statistics, 2022</a>). Further, students with disabilities who are well-informed about their rights and responsibilities are better equipped to succeed in postsecondary education, emphasizing the role of counseling and advisories in empowering students with disabilities (<a href="#">US Department of Education, 2011</a>).</p> <p>Family engagement in a student's education has a significant impact on their academic achievement. Research indicates that involving parents in a child's education and school community positively affects students' outcomes (Baker, T. L., Wise, J., Kelley, G., &amp; Skiba, R. J., 2016). Effective family engagement involves sharing data with families to connect them to student learning, provide support strategies for learning at home, and</p>	\$11,109,681	N

Action #	Title	Description	Total Funds	Contributing
		<p>foster a partnership between parents and educators. Regardless of the socio-economic status, racial and ethnic background, or education attainment levels, students with involved families are more likely to: earn higher grades and test scores, pass their classes, and earn credits, attend school regularly and be on time, graduate and go on to postsecondary education.</p> <p>The District Office of Transition Services, as implemented by transition teachers (itinerant staff assigned to support every comprehensive high school and alternative high school model in Los Angeles Unified), is focused on transition planning in the areas of education/training, employment, and independent living and provides students with the critical skills needed to succeed in life after high school. Within the scope of the identified opportunity gap, Transition Services will address the needs of students with disabilities through senior advisories and family engagement efforts.</p> <p>The District will monitor the effectiveness of these special education transition services using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• 12th Grade Student Advisories: Number of senior (12th grade) student advisories/progress towards 4 senior advisories per student per year.</li> <li>• 12th Grade Family Engagement Plan: each transition teacher will create and implement a family engagement plan. This plan is intended to allow transition teachers to plan, implement and evaluate strategies for effective family engagement to support our efforts in closing the opportunity gap for students with disabilities. Plans could include parent trainings, parent meetings, sharing of resources, and other practices intended to engage families. Transition teachers will report the number of parents who have participated in trainings.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.25	Increased Access to Advanced Placement (AP) and International	<p><i>(Aligned to Strategic Plan Priority 1D: College and Career Readiness)</i></p> <p>English Learners, students in foster care, and low-income students in Los Angeles Unified have faced significant challenges to their successful enrollment and achievement in Advancement Placement (AP) courses, including inadequate academic preparation for the rigors of AP, insufficient number of AP course offerings and/or seats, educator bias</p>	\$5,595,248	Y

Action #	Title	Description	Total Funds	Contributing
	Baccalaureate (IB) Programs	<p>(implicit or explicit), assessment and grading practices, lack of outreach to students and communication to parents/families, and financial barriers that prevent students from taking AP/IB exams.</p> <p>In response to this need, Los Angeles Unified’s AP Policy encourages open access: any student interested and motivated to enroll in an AP course should be enrolled in an AP course. Since establishing the District’s equitable access AP policy, the District—despite a steady decline in high school enrollment—has substantially increased the number of students, including English learners, low-income students, and students in foster care, taking AP exams and achieving AP Exam success without decreasing the overall percentage of its AP Exam success percentage rate.</p> <ul style="list-style-type: none"> <li>● From 2014-2015 to 2019-2020, the number of AP exams with a score of 3 or higher increased by 17%.</li> <li>● From 2014-2015 to 2019-2020, almost all the student groups saw a double-digit increase in % of students achieving a qualifying score of 3 or above.</li> <li>● Student participation increased from 24.4% in 2022-23 to 24.8% in 2023-2024.</li> <li>● For more information on this program’s successes, please refer to Los Angeles Unified’s Open Data Dashboard under College &amp; Career Readiness and College Persistence: <a href="https://my.lausd.net/opendata/dashboard#">https://my.lausd.net/opendata/dashboard#</a>.</li> </ul> <p>In alignment with this policy, the Division of Instruction, in collaboration with school site teachers, coordinators, and administrators, will continue to establish, support, and communicate an equity-based framework that includes:</p> <ol style="list-style-type: none"> <li>1. 		<p>learners, students designated as low-income and students in foster care have equitable access and academic success. The Division of Instruction will continue to share responsibility and accountability with Regions and school site teachers, coordinators, and administrators to address the needs of our targeted student populations, eliminate barriers, and increase service and support by using evidence-based data to guide and improve practice.</p> <p>The District will monitor the effectiveness of these programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased AP student enrollment</li> <li>● Increased use of “MyAP” classroom and increased access to College Board tools and resources by leveraging usage data from the College Board</li> <li>● Increased AP Readiness student participation</li> <li>● Increased percentage of Diploma Programme students receiving an IB Diploma</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>This program is specifically designed to address the precise barriers described above that English learners, students in foster care, and low-income students face, and these students will experience the most significant benefit to their AP/IB enrollment, participation, and exam pass rate. In addition, we recognize that this program would also benefit all students; therefore, this support is provided Districtwide.</p>		
1.26	Districtwide A-G Interventions	<p><i>(Aligned to Strategic Plan Priority 1D: College and Career Readiness)</i></p> <p>English Learners, low-income students, and foster youth in Los Angeles Unified often exhibit lower attendance and academic achievement rates than other students, creating barriers to postsecondary readiness. Accordingly, A-G Intervention and Support staff will continue to deliver research-backed and data-based practices to support students’ grade level proficiency and to provide opportunities to complete A-G coursework, which are the courses necessary for high school graduation and enrollment in a UC or CSU campus, especially for traditionally underrepresented students (e.g., ELs, low-income students, and foster youth):</p> <p>Content and resources are outlined below:</p>	\$10,245,659	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>● PASS Program <ul style="list-style-type: none"> <li>○ Performance Assessment Student Support (PASS) is a modular, self-paced and mastery-based approach to high school credit recovery, allowing for students to demonstrate proficiency of grade-level standards in ELA and mathematics. A grade of C or better is earned upon successful demonstration of grade-level proficiency, or beyond.</li> </ul> </li> <li>● Just in Time Intervention program <ul style="list-style-type: none"> <li>○ Middle and high school ELA and Math Just in Time intervention resources provide intensive materials for implementation during the students' class of enrollment whenever she/he experiences challenges meeting specific standards or learning targets. This resource can also be offered outside the school day, as part of the school's intervention program.</li> </ul> </li> <li>● Academic Course Extension (ACE) <ul style="list-style-type: none"> <li>○ Academic Course Extension (ACE) for grades 9-12 students is an opportunity to raise an existing low grade end of course grade through additional time and deliberate practice. ACE is by agreement with the students' teacher of record.</li> </ul> </li> <li>● Training for instructional proficiency programs <ul style="list-style-type: none"> <li>○ The A-G team provides virtual self-paced training for educators planning to implement PASS, ACE and Just in Time programs. All trainings can be accessed in MyPLN with the courses housed in Schoology. Educators can earn their training rate for completion. Payroll is processed through the A-G Intervention and Support office.</li> </ul> </li> <li>● Summer Bridge resources for incoming 6th and 9th graders <ul style="list-style-type: none"> <li>○ The A-G Team has created Summer Bridge resources, including suites of guided mini-lessons on study skills, time management, motivation and self-exploration.</li> </ul> </li> <li>● The A-G office supports monitoring of student data, focusing on students on or off-track for graduation and for grades of C or better (eligible for CSU/UC admissions). Data reports are shared with Region leadership, with attention to Tier 1, 2 and 3 bands indicating students with instances of D and/or F grades.</li> </ul> <p>The instructional programs above address barriers facing English Learners, low-income students, and foster youth by providing a personalized, flexible approach to meeting specific learning needs. Barriers to learning can occur as a result of many factors. Resources can be targeted in response to students' challenges with meeting one or</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>more grade level standard/learning targets, supporting growth mindset and building self-efficacy.</p> <ul style="list-style-type: none"> <li>● Program design is modular, allowing for students to focus on standards and learning targets that they struggle with the most. Experiencing early, incremental success is critical in this program, especially for students whose self-efficacy has been impacted by prior experiences with course failure. With flexible pacing, students can spend more time on certain modules, building up their ability through small tasks and engaging in additional practice and review before moving on to the next section. They are able to spend less time on modules where they can demonstrate proficiency and confidence in learning.</li> <li>● Flexible program delivery means that we are meeting the needs of student populations who often have competing obligations outside of school or have challenges maintaining consistent attendance. Programs can be delivered in person, virtually or in a hybrid model and scheduled before or after the school day, on Saturdays, during intercession, etc. If students begin a course close to the end of a semester or year, and do not have time to complete it, they can resume in the next academic session with no “incomplete” having been entered into the transcript.</li> <li>● These programs are also aligned to English Language Development (ELD) standards. The ELA programs include engaging, culturally relevant materials and a resource bank of student-facing support aligned to each module for additional practice and review. Teacher-facing supports provide strategies for small and whole group instruction consistent with grade-level language acquisition. Having a choice of culminating assignments, students can elect the mode of expression that is most relevant to them. Mathematics programs are constructed with real-world, authentic learning at the core. All math programs include links to external practice sites and opportunities for mastery-based engagement.</li> </ul> <p>The District will monitor the effectiveness of these graduation readiness supports using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased percentage of students on track for passing A-G courses with a “C” or better</li> <li>● Reduced D's and F's for middle school students in ELA and Math</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>These programs are specifically designed to address the precise barriers described above that English Learners, students in foster care, and low-income students face, and these students will experience the greatest benefit to their A-G completion rates. For example, English Learners have academic needs supported by the addition of ELD standards. The PASS and intervention programs are designed in alignment with these standards. In addition, English Learners may be scheduled into an additional language support class depending upon their designated language level leading to a full schedule of academic classes. Students in foster care and low-income students benefit from the social-emotional supports built into our programs. Flexibility in program delivery is essential to meet the needs of students who have competing responsibilities outside of school. Recognizing that these Graduation Readiness interventions would also benefit all students, these supports are therefore available across the district to Grades 6-12.</p>		
1.27	Diploma Program	<p><i>(Aligned to Strategic Plan Priority 1D: College and Career Readiness)</i></p> <p>The A-G Diploma Program goals are to:</p> <ul style="list-style-type: none"> <li>● Increase student attendance and engagement</li> <li>● Increase graduation rates and decrease dropout rates</li> <li>● Increase A-G course completions to promote college and career readiness</li> </ul> <p>A-G Diploma Program PSA counselors provide services to approximately 1,700 students in middle school and 17,000 in high school who:</p> <ul style="list-style-type: none"> <li>● Are off-track to graduate (tier 2/tier 3) in high school</li> <li>● Failed two or more classes in the prior school year (middle school)</li> </ul> <p>The A-G Diploma Program provides universal, targeted, and intensive support to identified students to address obstacles to academic achievement, regular school attendance, and behavior:</p> <ul style="list-style-type: none"> <li>● <b>Universal Interventions</b> include activities such as school-wide planning, recognition events, staff development meetings, parent presentations, student presentations, and mass communications.</li> </ul>	\$3,176,672	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>● <b>Targeted Interventions</b> include activities such as parent/student informational presentations, staff trainings, student counseling groups, collaborative consultation, and targeted communication and/or outreach for identified student groups.</li> <li>● <b>Intensive Interventions</b> include activities such as crisis intervention, student/parent contacts, home visits, alternative education referrals, dropout recovery, and individual record assessment and referrals.</li> </ul> <p>A-G Diploma Program Pupil Services and Attendance (PSA) counselors also support student success by collaborating with school counselors, Student Health and Human Services (SHHS) staff, and other school staff to provide coordinated support for students off-track to graduate. The A-G Diploma Program PSA counselors address obstacles for students in special populations (English learners, foster, and low-income) as it relates to academic achievement, high school graduation, and postsecondary access starting in middle school and extending throughout high school. In addition, students may have other systemic issues affecting their academic success such as access to basic need services, housing instability, school mobility, and trauma.</p> <p>A-G Diploma Program counselors receive specialized training in:</p> <ul style="list-style-type: none"> <li>● Updated graduation policy including graduation exemptions and partial credits for students in special populations</li> <li>● MiSiS Focus and Elevate reports to identify students off track to graduate</li> <li>● New Free Application for Federal Student Aid (FAFSA) updates and procedures</li> <li>● Educational rights for students in special populations</li> <li>● Credit recovery supports and options</li> <li>● Social emotional learning resources</li> </ul> <p>The District will monitor the effectiveness of the Diploma Program’s targeted school-level progress monitoring supports using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Middle School: <ul style="list-style-type: none"> <li>○ Decreased percentage of fails (fail marks in 2 or more courses) for identified students when comparing prior year semester to current year semester</li> </ul> </li> </ul>

		<p>going to college and persisting through graduation. Students of Regional Occupational Centers and Programs were typically from lower achieving and lower socioeconomic status than peers, but were just as likely to enroll in postsecondary education and eventually earn higher wages.</p> <p>In order to support Career Readiness for all students, the District will continue to provide and expand Career Technical Education (CTE) Pathways:</p> <ul style="list-style-type: none"> <li>• Principals will collaborate with Human Resources to recruit and hire CTE teachers and to support qualifying classified staff, substitutes and single-subject teachers to receive a designated subject credential to teach CTE classes.</li> <li>• CTE teachers will provide students with industry specific skills and work readiness skills. They will have an opportunity to have a continuum of work experiences such as hearing from professional guest speakers, visiting work sites, job shadowing, and internships.</li> <li>• The CTE Administrator and Coordinator will provide support to all CTE teachers and their classes through professional development and externships for CTE teachers.</li> </ul> <p>The District will monitor the effectiveness of Career Technical Education programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Increased number of students earning a Work Ready Badge</li> <li>• Increased number of Pathway Completers</li> <li>• Increased number of Pathway Completers' graduation rate compared to non-Pathway Completers</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
1.30	Linked Learning	<p><i>(Aligned to Strategic Plan Priority 1D: College and Career Readiness)</i></p> <p>Research shows that <a href="#">close to half of English Learners do not access college</a>, and do not graduate career ready. Evidence indicates that this is often due to structures in scheduling, and access to a wide range of curricular options, leaving our highest risk student populations out of the classes that will prepare them for life after high school.</p>	\$1,886,008	Y

Action #	Title	Description	Total Funds	Contributing
		<p>Often English Learners, students in foster care and low-income students in Los Angeles Unified are enrolled in academic support classes, instead of Career Technical Education (CTE) coursework. The Linked Learning approach in Los Angeles Unified ensures that schools are reviewing their student enrollment data to ensure that English Learners, students in foster care, and low-income have access to the Linked Learning curriculum, including CTE.</p> <p>Student engagement in school is a key lever of success. Foster youth and English Learners who are connected to school and have meaningful, supportive experience are more likely to leave high school college and career ready. In Los Angeles Unified, there is a need for more students in foster care to complete high school college prepared. Connecting learning to the world outside of school, not only ensures more foster youth complete high school with the coursework necessary to apply to college, it also ensures students in foster care graduate career ready through the completion of a CTE pathway and industry certification.</p> <p>In addition, <a href="#">research</a> indicates that the use of project-based learning with English Learners increases self direction outside of the classroom as well as student achievement outcomes, particularly as they relate to reading. Creating more engaging classrooms where students are asked to collaborate with peers and present their learning on a regular basis, as key practices of the Linked Learning approach, gives English Learners more practice to build skills necessary for reclassification.</p> <p>The Linked Learning program braids 4-core components: academic rigor, Career Technical Education, Work-based Learning (WBL), and comprehensive student supports, with an intentional focus on ensuring English Learners, foster youth, and low-income students have access to all components. The Linked Learning Pathways team reviews student groups to ensure students have access to A-G courses, a Career Technical Pathway, embedded work-based learning opportunities and individualized support through intentional scheduling practices and student cohorting with Linked Learning identified teachers. These conditions support our schools in ensuring that each specific student group has access to an integrated curriculum which ties core content class outcomes to the world beyond school, increasing student engagement and decreasing chronic absenteeism.</p> <p>Eligibility to become a Linked Learning site is available to all Los Angeles Unified</p>

		<p>school needs assessments to be effective in meeting their academic proficiency needs. Middle schools invested 53.3% of their total SENI funds in programs and strategies towards Academic Excellence:</p> <ul style="list-style-type: none"> <li>● Deliver improved culturally responsive and differentiated instruction</li> <li>● Provide differentiated and ongoing professional development and coaching to support effective teaching and learning for the targeted student groups</li> <li>● Increase data-driven instructional planning for personalized learning</li> <li>● Expand classroom observation and educator feedback to improve practice</li> </ul> <p>Schools have received capacity-building and training from the District's Equitable School Performance Office and Budget Services teams for the development of Targeted Student Population (TSP) Plans to describe how these investments will support their implementation of District policies and programs to serve the local proficiency needs of the English Learners, students in foster care, and low-income students in their schools.</p> <p>School leaders have engaged their communities and conducted school-level needs assessments throughout the 2023-24 school year to develop these 2024-25 TSP Plans, which articulate and address the specific needs of students at each individual school site, including the LCAP metrics schools will monitor to determine the effectiveness of their investments in closing equity gaps for their English Learners, low-income students, and students in foster care. Targeted Student Population Plans are then reviewed and approved by Principal Supervisors, who provide ongoing support and oversight for school implementation of District programs. For more information on SENI, including the list of specific indicators and weights incorporated which determine a school's allocation the most recent list of allocations per school, and access to the Targeted Student Population Plans, please see: <a href="https://achieve.lausd.net/Page/17238">https://achieve.lausd.net/Page/17238</a>.</p> <p>In addition to ongoing progress monitoring at the school level, Community of Schools level, and Region level, the District will work to analyze the LCAP metric outcomes for middle schools towards Academic Excellence disaggregated by SENI ranking quintile ("Highest Need" to "Lowest Need") in order to monitor the effectiveness of these investments. Educational partners can also refer to the Open Data LCAP Dashboard (<a href="https://my.lausd.net/opendata/dashboard">https://my.lausd.net/opendata/dashboard</a>) for school profiles to track site-level outcomes for all LCAP metrics. As new data becomes available moving forward, this progress monitoring measure is subject to change.</p>		

Action #	Title	Description	Total Funds	Contributing
		By design, these investments will address the specific needs of English Learners, students in foster care, and low-income students throughout the District by increasing access to District programs and supports towards Academic Excellence. Through the site-level data and progress monitoring, needs assessment and partner engagement described above, school leaders have chosen to invest their SENI funds to increase access to these programs in order to close equity gaps in academic proficiency for their school's English Learners, low-income students, and students in foster care.		
1.33	SENI Investments to Increase Access to Programs and Supports for Academic Excellence: High Schools	<p><i>(Aligned to Strategic Plan Pillar 1: Academic Excellence)</i></p> <p>English Learners, students in foster care, and low-income students all experience systemic barriers to academic achievement, whether through the additional challenge of learning English as a second language, instability in learning environments, and/or limited access to private instructional supports. To address these students' needs, schools must be able to conduct site-level needs assessments and invest in programs and staffing that can address needs at an individual level.</p> <p>In order to support proficiency and academic achievement at campuses with the highest concentration of these students, Los Angeles Unified will continue to allocate additional flexible funding to school sites based on the Student Equity Needs Index (SENI) to support local strategies and investments. The SENI prioritizes schools based on various community and school indicators, as determined through educational partner engagement. The investments address academic metrics at each grade span.</p> <p>In 2022-23, high and highest-need high schools observed the following needs for their students:</p> <ul style="list-style-type: none"> <li>● Highest Need (SENI Quintile 1) (as identified in 2021-22 for 2022-23 SENI allocations) <ul style="list-style-type: none"> <li>○ SBA ELA - Distance from Standard Met (Grade 11): -56.3 points below standard</li> <li>○ SBA Math - Distance from Standard Met (Grade 11): -156.1 points below standard</li> <li>○ English Learner reclassification rate: 17.1%</li> <li>○ A-G Completion Rate: 52.4%</li> <li>○ CTE Completion Rate: 21.1%</li> <li>○ Four-Year Cohort Graduation Rate: 83.4%</li> </ul> </li> </ul>	\$138,390,941	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>● High Need (SENI Quintile 2) (as identified in 2021-22 for 2022-23 SENI allocations) <ul style="list-style-type: none"> <li>○ SBA ELA - Distance from Standard Met (Grade 11): -36.5 points below standard</li> <li>○ SBA Math - Distance from Standard Met (Grade 11): -134.6 points below standard</li> <li>○ English Learner reclassification rate: 17.3%</li> <li>○ A-G Completion Rate: 51.4%</li> <li>○ CTE Completion Rate: 26.6%</li> <li>○ Four-Year Cohort Graduation Rate: 87.0%</li> </ul> </li> </ul> <p>As part of ongoing engagement on the LCAP and the Student Equity Needs Index, Los Angeles Unified communities shared the need for transparency and visibility into the investments made by school type. As a result, this Action reflects the SENI investments made by high schools to address the academic needs of their students.</p> <p>Within the Academic Excellence Program Code, high schools will invest their funds in additional staffing and supports to implement the District’s programs for improved academic outcomes so that each school’s English Learners, students in foster care, and low-income students have increased access to the interventions determined through school needs assessments to be effective in meeting their academic proficiency needs. High schools invested 52% of their total SENI funds in programs and strategies towards Academic Excellence:</p> <ul style="list-style-type: none"> <li>● Deliver improved culturally responsive and differentiated instruction</li> <li>● Provide differentiated and ongoing professional development and coaching to support effective teaching and learning for the targeted student groups</li> <li>● Expand classroom observation and educator feedback to improve practice</li> <li>● Increased technology and digital resources to elevate teaching and learning</li> </ul> <p>Schools have received capacity-building and training from the District’s Equitable School Performance Office and Budget Services teams for the development of Targeted Student Population (TSP) Plans to describe how these investments will support their implementation of District policies and programs to serve the local proficiency needs of the English Learners, students in foster care, and low-income students in their schools.</p> <p>School leaders have engaged their communities and conducted school-level needs assessments throughout the 2023-24 school year to develop 2024-25 TSP Plans, which</p>

# Goal

Goal #	Description	Type of Goal
2	Joy and Wellness: To help our students succeed, Los Angeles Unified works to ensure students are in environments where they feel secure, valued, and are enthusiastic about learning.	Broad Goal

State Priorities addressed by this goal.

- State Priority 5: Pupil Engagement (Engagement)
- State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

This goal represents our commitment to serving the whole child – attending to the social, emotional, and physical health and wellness of our students so they are prepared and energized to focus on learning, growing, and building meaningful connections at school. This goal represents our commitment to fostering a safe, inclusive, and supportive school culture on every campus and minimizing disruptions or barriers to learning. Our approach to safety is comprehensive and we are committed to creating environments that offer physical, emotional, and environmental safety. By promoting these conditions, we believe our campuses and classrooms will shine as exciting and exemplary learning spaces for students to realize their potential.

The goal’s concentration on safe and healthy school climates highlights feedback from our educational partners that a strong correlation to being motivated to learn and attend school is for students and staff to experience a supportive and safe environment for both learning and working. The metrics and progress monitoring measures in Goal 2: Joy and Wellness allow the District to track student and staff experience of school, student attendance, and desired learning behaviors, among additional measures, to determine actions to ensure students are academically successful, on track to graduate, and able maintain strong interpersonal relationships for future success.

During the previous LCAP cycle from 2021 to 2024, Los Angeles Unified experienced challenges and continues to face challenges with student attendance as a result of the COVID-19 pandemic. Since students returned to campus in 2021-22, the District has seen student attendance improve and chronic absenteeism decline due to efforts of school and District staff, parents and families, and additional educational partners over the last two years.

Students who were chronically absent for 9% or more of the school year, per the District’s calculation method, decreased from 2021-22 to 2022-23 (most recent available data).

- The percent of students in grades K-5 who were absent for 9% or more of the school year decreased from 47.0% in 2021-22 to 36.4% in 2022-23.
- The percent of students in grades 6-8 who were absent for 9% or more of the school year decreased from 40.1% in 2021-22 to 32.4%

in 2022-23.

- The percent of high school students, grades 9-12, who were absent for 9% or more of the school year decreased from 46.0% in 2021-22 to 39.4% in 2022-23.

In addition, the percent of students with excellent attendance, 96% or higher, increased from 31.2% in 2021-22 to 35.5% in 2022-23. We understand regular student attendance is strongly correlated with academic success and positive student outcomes. As a result, the District continues its focus on increasing student attendance and ensuring students are in school with the necessary supports for success.

As stated in the 2023 LCAP, the District has aligned LCAP goals 1-5 with the District’s Board adopted [2022-26 Strategic Plan](#) to increase the efficiency and evaluation of developed District actions in the support of students.

## Measuring and Reporting Results

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Actions

Action #	Title	Description	Total Funds	Contributing
2.01	Safe School Facilities	<p><i>(Aligned to Strategic Plan Priority 2A: Welcoming Learning Environments)</i></p> <p>In order to design and sustain welcoming, safe, and environmentally friendly learning environments in all schools in Los Angeles Unified, the Facilities Division will continue to complete regular environmental health, safety, and emergency readiness assessments at schools.</p> <p>The District will monitor the effectiveness of these policies using the following progress monitoring measure:</p> <ul style="list-style-type: none"> <li>Percentage of schools with completed environmental health, safety, and emergency readiness assessments.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>	\$25,662,171	N
2.02	School Police	<p><i>(Aligned to Strategic Plan Priority 2A: Welcoming Learning Environments)</i></p> <p>In order to support the number of students reporting that they feel safe at school on the School Experience Survey, the Los Angeles School Police Department (LASPD) will continue to partner with all Los Angeles Unified administrators and staff to provide a safe and secure campus to facilitate instruction and for students to feel safe, so they may learn and thrive in a safe school climate.</p> <p>The new model includes the redeployment of school police officers to an “off-campus” safety support function and assignment of non-police School Climate Advocates at all secondary schools, which appear under the Black Student Achievement Plan action in Goal 7, Action 4.</p> <p>The Los Angeles School Police Department features an operational structure based on emerging safety trends, imminent safety concerns/threats, and post-incident needs of individual sites.</p>	\$64,605,389	N

Action #	Title	Description	Total Funds	Contributing
		<p>The District will monitor the effectiveness of school police using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Supervisory oversight of daily patrol-based deployments to support safety and security for students and staff District wide.</li> <li>● Monitor calls for service in response to a criminal investigation or safety issue in support of the newly created School Climate Advocates to track ongoing effectiveness and identify areas for improvement</li> <li>● Track the frequency of communication with the Region offices, school site administrators, and other school safety collaborative members to ensure a safe school environment for students, staff, and the school community as a whole</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p><i>Note: The LCAP reflects the LCFF-funded portion of the School Police budget and all base carryover, resulting in higher planned expenditures across the LCAP.</i></p>		
2.03	Base-Funded School Climate Support Staff	<p><i>(Aligned to Strategic Plan Priority 2A: Welcoming Learning Environments)</i></p> <p>School Climate Support Staff, including campus aides, will continue to serve as critical members of the Safety and Supervision Team at sites across the District as they collaborate with administrators and other staff members to de-escalate conflicts and promote a safe learning environment. Implementing effective progress monitoring measures for Campus Aides is crucial for evaluating the impact of training, identifying areas for improvement, and ensuring ongoing professional development.</p> <p>The District will monitor the effectiveness of base-funded school climate support staff using the following progress monitoring measures:</p>	\$47,173,294	N

		<p>Bloom’s Taxonomy for higher order thinking skills. The role of Supplemental School Climate Support Staff, including campus aides, has been to intervene and collaborate with the Safety and Supervision Team to assist in guiding students in decision making and conflict resolution.</p> <p>Many students have commented in Board Meetings over the past few years about how they have built strong relationships with Campus Aides assigned to their schools and how they have been instrumental in maintaining safe environments. Students have also shared how they have confided in Campus Aides with difficult situations at home and how Campus Aides have been instrumental in preventing adverse childhood experiences (ACES) by changing social norms in ways that support healthy relationship behaviors (Houry and Mercy, 2019). This level of trust Campus Aides provide helps to reverse the lasting negative effects of adverse childhood experiences through: living healthier lives; not engaging in smoking, alcoholism, or drug use; and increasing graduation rates and academic achievement.</p> <p>The District will monitor the effectiveness of supplemental school climate support staff using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● English Learner, Low Income, and Foster Youth student group results for: "Adults at this school treat all students with respect" on the School Experience Survey.</li> <li>● English Learner, Low Income, and Foster Youth student group results for: "There is an adult at my school whom I trust and can talk to no matter what is bothering me" on the School Experience Survey.</li> <li>● English Learner, Low Income, and Foster Youth student group results for: "There is at least one adult at my school who supports me" on the School Experience Survey.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		

Action #	Title	Description	Total Funds	Contributing
		English Learners, students in foster care, and students designated as low-income will experience the greatest benefits to their reported feeling of safety and connectedness, based on the additional barriers these students face. In addition, we recognize that this additional staffing for school climate would also benefit all students, and therefore these supports are implemented Districtwide.		
2.05	Student Health Services	<p><i>(Aligned to Strategic Plan Priority 2B: Whole-Child Well-Being)</i></p> <p>The District Nursing Services team under the direction of the Office of the Chief Medical Director (OCMD) provides a comprehensive array of services that supports students, families, and staff to cultivate a safe, healthy, welcoming and affirming learning and working environment where all students thrive and graduate as empowered members of society.</p> <p>District Nursing Services staff funded through this action will continue to provide critical resources and services to support the health of all students, including but not limited to:</p> <ul style="list-style-type: none"> <li>● Audiometry Testing</li> <li>● Health Assessments</li> <li>● Vision Testing</li> <li>● Bullying and hazing - prevention &amp; response</li> <li>● Implementation of strategies and activities to reduce chronic absenteeism and truancy among students and increase student attendance rates</li> <li>● Student risk assessments for suicidal ideation, self-injurious behavior, and threat/risk behavior and safety planning</li> <li>● Crisis response and Intervention</li> <li>● Immunizations</li> <li>● Health assessments for our students with Individual Education Plans (IEPs)</li> <li>● Linkages to medical, dental, vision, mental health/counseling, and academic support and tutoring resources</li> </ul>	\$150,543,895	N

Action #	Title	Description	Total Funds	Contributing
		<p>The District will monitor the effectiveness of base-funded health services using the following progress monitoring measure:</p> <ul style="list-style-type: none"> <li>Increased percentage of students compliant for all childhood vaccinations required for school admission</li> </ul> <p>As new data becomes available moving forward, this progress monitoring measure is subject to change.</p>		
2.06	Supplemental Student Health Services	<p><i>(Aligned to Strategic Plan Priority 2B: Whole-Child Well-Being)</i></p> <p>For many vulnerable students, health considerations stand in the way of their ability to attain an equitable education, whether that is due to lack of sleep, food insecurity, underlying health conditions, disabilities, or lack of access to care making the school health office a critical resource toward all students achieving. The importance of health in academic achievement cannot be overstated. School nurses serve an irreplaceable, critical role in facilitating student learning. There is a <a href="#">statistically significant relationship between student health and academic outcomes</a>.</p> <p>Research has found that the populations most greatly affected by the educational achievement gap are also affected by poor health outcomes, and there is a causal role that educationally relevant health disparities play in the educational achievement gap. Vision, asthma, teen pregnancy, aggression, and violence, physical activity, breakfast, and inattention and hyperactivity are seven key health disparities that have a profound effect on academic outcomes. Students in low-income, urban areas have asthma rates almost 45% higher than those who live in higher-income areas. Asthma can result in absenteeism and one way that schools can reduce absenteeism in asthmatic students is through making schools more “asthma-friendly” - a mission in which school nurses would play an important role.</p>	\$16,627,544	Y

Action #	Title	Description	Total Funds	Contributing
		<p>Because school nurses focus on illness prevention and correction of student health issues, they are uniquely positioned to offer insight into a student’s individual circumstances and advocate from a healthcare perspective, providing targeted supports to address the additional barriers facing low-income students.</p> <p>In order to address these increased health services needs, in addition to the base-funded student health services described in Goal 2, Action 5, the District will invest in additional nursing administrators, credentialed school nurses, substitute school nurses, and licensed vocational nurses who will also continue to implement supplemental health services to address the individual health needs of our English learners, students in foster care, and low-income students, including:</p> <ul style="list-style-type: none"> <li>● Interventions for both actual and potential health problems;</li> <li>● Collaboration with others to build students’ capacity for adaptation, self-management, self-advocacy, and learning;</li> <li>● Collection of comprehensive data pertinent to the child’s health situation;</li> <li>● Identification of expected outcomes for a plan individualized to the student or situation;</li> <li>● Partnerships with the student, family, and key partners to advocate for and effect change;</li> <li>● Health needs assessments of the school environment to identify current health problems; and</li> <li>● Development of interagency partnerships that support student health and educational goals.</li> </ul> <p>The District will monitor the effectiveness of supplemental student health services using the following progress monitoring measure:</p> <ul style="list-style-type: none"> <li>● Improved ratio of health care professionals to enrolled students at campuses and in communities with greatest need</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<p>As new data becomes available moving forward, this progress monitoring measure is subject to change.</p> <p>By completing these functions, school nurses assist in the identification and elimination or modification of health-related barriers to learning. English learners, low-income students, and students in foster care will experience the greatest improvements in student attendance as a result of better health, screening, and early intervention of identified health needs, and on-going management and monitoring of student health needs. Based on the distribution of low-income students, students in foster care, and English learners across the district, the District will continue to fund this increased staffing to provide a nurse at every school in order to ensure that each of the students in these target student groups have access to these critical health services which they would otherwise struggle to access outside Los Angeles Unified.</p>		
2.07	Student Athletics Programs	<p><i>(Aligned to Strategic Plan Priority 2B: Whole-Child Well-Being)</i></p> <p>In order to increase student attendance, Los Angeles Unified will continue to implement and support student athletics programs. At the high school level, principals designate an administrator and athletic director to oversee the formation of teams based on facilities availability and student interest. Coaches and athletic directors also continually monitor academic achievement and provide students needed additional support.</p> <p>Data has shown that student athletes have higher attendance, GPAs, and graduation rates compared to non-participants.</p> <p>The District will monitor the effectiveness of student athletics programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increased number of students participating in athletics</li> <li>● Increasing opportunities for academic interventions</li> <li>● Increased academic certificates to students receiving above 3.0</li> </ul>	\$2,469,811	N

		<ol style="list-style-type: none"> <li>1. Integrated Student Supports - Removing barriers to school success by connecting students and families to service providers or bringing holistic programs and services into the school to help families meet their basic needs so students can focus on learning.</li> <li>2. Expanded and Enriched Learning Time and Opportunities - Ensuring there are before- and after-school learning opportunities that augment traditional learning, including summer instruction, mentoring, and out-of-school learning experiences.</li> <li>3. Family and Community Engagement - Incorporating strategies that cultivate clear communication among all educational partners and embracing community organizing for school and District improvement.</li> <li>4. Collaborative Leadership and Practice - Strengthening processes so educational partners with different areas of expertise work together, share decisions and responsibilities, with mutual accountability toward a shared vision.</li> </ol> <p>The District will monitor the effectiveness of the Community Schools Initiative using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Attendance rates at participating Community Schools</li> <li>● Chronic absenteeism rates at participating Community Schools</li> <li>● School Experience Survey results at participating Community Schools</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
2.09	Mental Health and Student Supports	<p><i>(Aligned to Strategic Plan Priority 2B: Whole-Child Well-Being)</i></p> <p>One-third of our students in poverty typically have faced one or more of the 10 traumas measured by the Adverse Childhood Experiences (ACES) survey. School closures during the 2020 global health crisis exacerbated the trauma many families and children have experienced. Research from the Centers for Disease Control and Prevention indicates that children with a high number of ACEs - or even one severe instance - have difficulty learning and participating in regular classroom settings without support.</p>	\$1,336,479	Y

Action #	Title	Description	Total Funds	Contributing
		<p>Psychiatric Social Workers (PSWs) will continue to serve and support the highest need students and communities by implementing evidence-based practices, outreach/awareness, and crisis support. PSWs offer students with mental health services to ensure their holistic well-being to maximize learning, academic achievement, and school success by providing prevention, early intervention, and intervention for suicide, self-injury, threat of violence, and child abuse/neglect through risk assessments, safety planning, and linkages to mental health and emergency resources.</p> <p>The District will monitor the effectiveness of these Mental Health supports using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Increase the number of students receiving intensive mental health support</li> <li>● Increase the number of interventions (including individual, group, classroom and school-wide interventions)</li> <li>● Increase the number of mental health trainings for staff, parents, and school community</li> <li>● Increase the number of mental health consultations for staff and parents</li> </ul> <p>As new data become available, these progress monitoring measures are subject to change.</p> <p>Low-income students will experience the greatest benefits from the mental health supports provided by Psychiatric Social Workers based on their high level of need. Supporting low-income students and their families dealing with trauma will prepare students with coping skills to attend to learning. In addition, we recognize that these mental health supports would also benefit all students, and therefore these supports are implemented Districtwide.</p>		
2.10	Positive Behavior Interventions and Restorative Practices	<p><i>(Aligned to Strategic Plan Priority 2C: Strong Social-Emotional Skills)</i></p> <p>Students in foster care, low-income students, and English Learners are</p>	\$2,642,146	Y

Action #	Title	Description	Total Funds	Contributing
		<p>at disproportionate risk for experiencing trauma and need additional support through building community and relationships at school. With the physical school closures during the pandemic, these students' pre-existing needs were exacerbated by limited connection with teachers and peers. Returning to physical school campuses, the implementation of Positive Behavior Interventions and Strategies (PBIS) and Restorative Practices (RP) strategies and practices have been essential to support the social emotional wellbeing of these students.</p> <p>To address these students' needs, Systems of Support Advisers will:</p> <ul style="list-style-type: none"> <li>● Implement Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) leveraging a trauma/resilience-informed Multi-Tiered Systems of Supports (MTSS) framework (see: <a href="https://achieve.lausd.net/PBIS_RP">https://achieve.lausd.net/PBIS_RP</a>).</li> <li>● Prioritize wellness and nurture the social-emotional development and well-being of the whole child, whole classroom, whole school, and whole community.</li> <li>● Support district/school staff with developing a sense of community in the school and each classroom.</li> <li>● Help partners feel valued and included, leverage partners' assets, identities and sense of belonging in a manner that is culturally and linguistically responsive.</li> <li>● Provide technical assistance, training and support in preventing and responding to escalating behavior in a restorative manner.</li> </ul> <p>Systems of Support Advisers are certificated staff who hold either a California Pupil Personnel Services Credential, K-12 Teaching Credential, Special Education Teaching Credential, OR a Services Credential with specialization in health designating social work services with at least five (5) years of successful full-time public school certificated service and an earned master's degree from an accredited college or university. The Systems of Support Adviser role includes supporting with implementation of Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP) leveraging a trauma / resilience-informed MTSS framework, prioritizing wellness and nurturing</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>the social-emotional development and well-being of the whole child, whole classroom, whole school, and whole community. A small cadre of central office staff provide technical assistance, training, and support for the Systems of Support Advisers. Each Region has the autonomy to determine the staff they need to improve school culture and climate in their region. As such, some have selected to assign System of Support Advisers to support a community of schools. Students in foster care, low-income students, and English Learners will experience the greatest benefits from systematic implementation of Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP). In addition, we recognize that these supports also benefit all students, and therefore these supports are implemented Districtwide.</p> <p>The District will monitor the effectiveness of Positive Behavior Interventions and Restorative Practices using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Decreased out-of-school single student suspension rate</li> <li>● Decreased instructional days lost to out of school suspensions</li> <li>● Decreased number of Office Discipline Referrals (ODR)</li> </ul> <p>As new data become available, these progress monitoring measures are subject to change.</p> <p>PBIS/RP promotes development of caring, authentic relationships to foster learning and overall well-being. A sense of community in the school and classroom helps partners feel valued and included. Establishing procedures and routines that cultivate connectedness and trust set the stage for increased academic engagement, social success, and authentic relationships. Strategic activities that are asset based and leverage partners' strengths and identities provide opportunities for individuals to learn more about each other, resulting in deeper levels of connection and a sense of belonging in a manner that is culturally and linguistically responsive. English Learners, students in foster care, and low-income students will experience the greatest benefits to their sense of school connectedness and reduced suspension and expulsion rates</p>		

Action #	Title	Description	Total Funds	Contributing
		due to their increased experiences of trauma discussed above. In addition, we recognize that these positive behavior interventions and restorative practices would also benefit all students, and therefore these supports are implemented Districtwide.		
2.11	Attendance Interventions	<p><i>(Aligned to Strategic Plan Priority 2D: Outstanding Attendance)</i></p> <p>Low-income students, English Learners, and students in foster care in Los Angeles Unified are disproportionately likely to experience the following barriers to attendance:</p> <ul style="list-style-type: none"> <li>● Illness</li> <li>● Grief and Loss</li> <li>● Food insecurity</li> <li>● Housing instability</li> <li>● Loneliness, social isolation</li> <li>● Mental health issues, including symptoms of depression (i.e., apathy, irritability, social withdrawal, difficulty concentrating, &amp; sleep disturbance)</li> <li>● Lack of motivation, sense of uncertainty about the future</li> <li>● Lack of parental supervision</li> <li>● Interruptions in Technology and/or Electricity</li> </ul> <p>To address these needs, Pupil Services and Attendance (PSA) Counselors provide comprehensive child welfare and attendance services to students, including tiered absence prevention and intervention, as well as dropout prevention and recovery services, in order to connect, engage and support students while assessing barriers to attendance and working with the student and their family to overcome those barriers.</p> <p>PSA counselors are child welfare and attendance advocates who work directly with students who experience difficulties in achieving their academic potential due to social/emotional, home and community barriers. PSA Counselors support students' academic, social-emotional, and career development by improving student attendance. English</p>	\$7,696,427	Y

# Goal

Goal #	Description	Type of Goal
3	Engagement and Collaboration: Los Angeles Unified understands parents, families, and communities are critical partners in ensuring students are college and career ready.	Broad Goal

State Priorities addressed by this goal.

- State Priority 3: Parental Involvement (Engagement)
- State Priority 5: Pupil Engagement (Engagement)
- State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Our families and school communities play pivotal roles as educational partners in preparing and graduating students to be Ready for the World. As a learning community, we acknowledge the invaluable knowledge, traditions, and resources that these partners bring, that diversity is strength, and the District is dedicated to enhancing these connections to foster more opportunities for our youth collectively. It is imperative that we exemplify collaboration and hold respect for others to serve as models for our students by establishing transparent and empowered engagement systems, ensuring that everyone has the chance to contribute to the success of our students.

The feedback from our community is educational partners want to be involved in supporting the success of students and is supported by research showing a strong correlation between parent, family, and student engagement to improve student academic achievement, school attendance, and healthy student behaviors. The metrics and progress monitoring measures in Goal 3: Engagement and Collaboration support the ability of the District to track, evaluate, and update District’s actions to improve engagement and collaboration with its educational partners thereby supporting students.

Over the course of the last LCAP cycle (from 2021-2024), our District engagement saw the following progress:

- The percent of parents reporting on the [School Experience Survey](#) that their child’s school includes them in important decisions increased from 82.8% in 2021-22 to 85.2% in 2023-24.
- The percent of parents reporting on the School Experience Survey that their child’s school provides them with information (verbal and written) they can understand increased from 91.2% % in 2021-22 to 92.5% in 2023-24.
- The percent of parents reporting on the School Experience Survey that they feel welcome to participate at their child’s school increased from 86.3% in 2021-22 to 90.1% in 2023-24.

As stated in the 2023 LCAP, the District has aligned LCAP goals 1-5 with the District's Board adopted [2022-26 Strategic Plan](#) to increase the efficiency and evaluation of developed District actions in the support of students.

## Measuring and Reporting Results

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Actions

Action #	Title	Description	Total Funds	Contributing
3.01	Parent and Family Engagement	<p><i>(Aligned to Strategic Plan Priority 3A: Strong Relationships)</i></p> <p>In order to empower parents and families as partners in students' education and to elevate parent voice in school-level, network-level, Region-level, and District-level decision-making, the Office of Student, Family and Community Engagement (SFACE) will continue to pursue the following strategies:</p> <p><u>Seeking Input for Decision Making: Honoring Perspectives (collaboration with MMED, FSEP, and HR Divisions)</u></p> <p>With the goal of respecting and cultivating family voice, leadership and advocacy in shared decision making at the school site, Region, and District levels, the Office of Student, Family and Community Engagement will strengthen parent partnerships leading to improved student academic achievement:</p> <ul style="list-style-type: none"> <li>• School Site Council &amp; English Learner Advisory Committee Parent Leaders Training: Host School Site Council (SSC) and English Learner Advisory Committee (ELAC) by Regions to share information and receive feedback, as well as promote trusting relationships and leadership capacity development (promotoras model). This model has been used to target historically under-engaged groups and communities. The training will include a fall training by Region and frequent spring collaboration between Regional Title I, EL designee, and Region Parent &amp; Family Engagement teams for school support. The objective is to cultivate SSC members to develop knowledge of their council responsibilities and cultivate a pipeline of family voice and leadership.</li> <li>• Region Ambassadors and District-level Pipeline Leadership: Offer Region Ambassador Sessions to cultivate a pipeline of family leadership for each Region. The Region Ambassadors will be oriented around learning and sharing informally throughout the Region on the Local Control and Accountability Plan, English Learners, and Special Education. Pipeline will extend opportunities to develop families who are members of the Community Advisory Committee, District English Learner Advisory Committee and Parent Advisory Committee. Participants of the aforementioned District Committees will benefit from training</li> </ul>	\$851,130	N

Action #	Title	Description	Total Funds	Contributing
		<p>in areas of their assigned topics through the Family Academy, Parliamentary Procedures, Data, developing comments and recommendations, and other topics. The objective is for families to develop confidence to project their voice as District leaders and partners.</p> <p><u>Promotion of Parent Participation in Programs: Building Capacity across School Networks</u></p> <p>With the goal of shifting practice from lower impact and compliance-driven engagement to higher impact practices that will result in strong home-to-school partnerships, and families supporting their child’s development and achievement by each grade level, the Office of Student, Family and Community Engagement will collaborate with Regions to offer the following opportunities:</p> <ul style="list-style-type: none"> <li>• Strategic Budgeting Professional Development for Personnel: Developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families through training in the area of family engagement and strategic, equity and transparent budget development practices. Training has been developed by the Office of Student, Family and Community Engagement and Budget Services. The objective is to develop leaders who lead strategic school site and District-level budgeting in a transparent process that informs families and elevates their role in decision making opportunities and committees. Training will be facilitated for school teams annually within their Region before budget development.</li> <li>• Evolving Practice from Lower to Higher Impact Engagement for Families Series: Greater alignment in family engagement professional development will result in school and District personnel learning the latest research, how practice has evolved, and mindsets that yield higher engagement of school sites from highest need families. These professional development segments have been developed by Office of Student, Family and Community Engagement for use with school leaders, targeting the areas of asset and needs assessments to inform practice, relational trust, research and promising practices, and cultivating two-way and high impact engagement at schools that go beyond compliance. The learning is framed using a Parent and Family Empowerment Rubric developed by families with District leadership. Schools will learn how to</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<p>align their engagement to school site School Plan for Student Achievement, Targeted Student Population Plan and School Site Family Engagement Policy and Compact. Training is provided to school leaders participating in assistant principal and principal preparation programs, at Parent and Family Center personnel professional development, as well as hosting Family Engagement Professional Development Summits for school teams as extensions of the Principal Leadership Institute. The content is also available for schools to use with their communities.</p> <ul style="list-style-type: none"> <li>• Parent &amp; Family Engagement Microcredential: Continue to increase participation and completion for the Parent &amp; Family Engagement Micro-Credential, which serves as professional development track for teachers, who are invited to collaborate with their administrators and Parent &amp; Family Center staff, focused on resource mapping, workshop and module development, cultivating welcoming environments for families, and high impact family engagement and outreach strategies. The micro-credential will develop a pipeline of practitioners to work with school site parent leaders on a problem of practice using the learning facilitated by the year-long course.</li> </ul> <p><u>Promotion of Parent Participation in Programs: Building Relationships across Communities of Schools</u></p> <p>With the goal of building partnerships between families and schools through two-way engagement and learning, the following workshops, School Volunteer Program and coordination of on campus and virtual engagement opportunities will be offered:</p> <ul style="list-style-type: none"> <li>• Los Angeles Unified Parent Volunteer Program: Developing Parent Volunteer Program Handbook and professional development series for school sites will seek to establish school site systems in support of an effective program for schools and valuable experiences for volunteers. This will include communicating program expectations and policies in place for volunteers in coordination with Region Family &amp; Community Engagement teams.</li> <li>• Module Resource Library: Cultivate a resource library of courses and modules for school administrators and district leadership to engage families</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<p>in decision-making opportunities, academic, socioemotional, and leadership development content. Courses and modules will cover topics such as literacy, mathematics, science, strategic budgeting with families, instructional rounds with families, English Learners, and how families can be advocates for English Learner, gifted student, students with disabilities, and foster students to name a few.</p> <ul style="list-style-type: none"> <li>● Equity Course Pathways: Four pathways introduce families to concepts about parent rights and responsibilities, as well as concepts of leadership and advocacy, and tools to support the dream of college and career success. These pathways are offered in partnership with the Division of Adult and Career Education. Four course pathways are offered on these topics: Multilingual Learners; Students with Exceptional Needs, Early Learners and African American Students.</li> <li>● The Los Angeles Unified Mobile Application: The LAUSD mobile application integrates the Los Angeles Unified Parent Portal, Family Hotline and Schoology to form one landing site for families, students, and personnel. Professional development and goal setting planning will be organized by use of improvement science strategies to help Los Angeles Unified reach 100% of students with a parent enrolled in the Parent Portal. The Los Angeles Unified Mobile App enables families to access student information in an upgraded platform, create a space for families to receive communication and flyers from their school and school district offices, activate a function to open a ticket activating personnel to assist and resolve parent requests and concerns.</li> </ul> <p>The District will monitor the effectiveness of Parent and Family Engagement programs using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Family Voice Leadership and Advocacy <ul style="list-style-type: none"> <li>○ Increased number of parent members of School Site Councils (SSCs) and English Learner Advisory Committees (ELACs) who participate in the SSC and ELAC Parent Leaders Course</li> <li>○ Increased number of parent members of School Site Councils by Region who attend Fall training and learn about school plans to serve student</li> </ul> </li> </ul>

Action #	Title	Description	Total Funds	Contributing
3.04	Student Empowerment	<p><i>(Aligned to Strategic Plan Priority 3D: Honoring Perspectives)</i></p> <p>Low-income students, English Learners, and students in foster care tend to feel disengaged from their school community. In addition, due to their often limited social and cultural capital, English Learners, low-income students, and students in foster care may not perceive the direct and indirect benefits of leadership participation. Anecdotal data collected and analyzed by the Student Empowerment Unit also shows that students who engaged in leadership opportunities felt a greater sense of self-efficacy and connection to their peers and school community, in addition to becoming strong advocates for their peers.</p> <p>In response to these needs, the Student Empowerment Unit will continue to provide low-income, English Learners, and foster youth opportunities to participate in multiple leadership skill building programs, empowerment conferences and mentoring opportunities. These students interact with other students and adults who act as role models, provide social-emotional support, college-readiness support, and leadership development through mentoring and workshops and help equip them with skills and strategies to be leaders and to create an environment that will lead to success.</p> <p>Furthermore, it specifically affords English Learners the opportunity to interact with their peers and accelerate the learning of new vocabulary in less formal learning environments.</p> <p>Research shows that the more students engage in extracurricular activities and leadership opportunities, they have better academic outcomes and feel more connected to their school community. Specifically, creating multiple opportunities for student leadership, engagement, and agency results in increased student academic achievement, better working relationships with adults and increased their ability to secure college admission and scholarships. Logue, Hutchens, and Hector (2005) found that students who participate in leadership activities experience long-term effects related to personal and academic success.</p> <p>The District will monitor the effectiveness of Student Empowerment programs using the following progress-monitoring measures:</p>	\$301,598	Y

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>● Increase the percentage of students responding favorably on the School Experience Survey around overall opportunities for participation and leadership by 2% annually</li> <li>● Increased the number of students who participate in Districtwide leadership conferences by 3% annually</li> <li>● Increase opportunities for student participation in district-level student advisory councils, task forces, and other leadership opportunities</li> <li>● Increase the participation of student leaders in local and national organizations.</li> <li>● Increase the number of partnerships with community-based organizations, civic leaders, local community colleges, four-year institutions, and workforce leaders</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p> <p>The Student Empowerment Unit will work to create safe, accessible leadership opportunities and learning environments that support student academic success and social-emotional wellbeing. Multiple opportunities for student leadership will be created and expanded to all grade levels, with information about participation in these opportunities available in both English and Spanish. Students will participate in leadership development courses, workshops, and conferences to build their skill set.</p> <p>Students will have a strong voice at all levels of planning and decision-making, including the implementation of school plans, budgets, and programs by participating in Central District, Region and school level councils, committees, and panels. The Student Empowerment Unit will create and advance activities that ensure physical and emotional safety, maximize trustworthiness, provide opportunities for students to experience choice, empowerment, and control, maximize collaboration and sharing of power between students and staff, and focus on student empowerment and leadership skill-building. In addition, the Student Empowerment Unit also provides students with resources to overcome and cope with adversity. English Learners, low-income students, and students in foster care will experience the greatest benefits to their sense of self-advocacy and connection to their schools and District, based on their established needs in these areas. In addition, we recognize that these Student Empowerment supports would also benefit all students, and therefore these supports are implemented Districtwide.</p>

# Goal

Goal #	Description	Type of Goal
4	Operational Effectiveness: Los Angeles Unified is committed to implementing and sustaining innovative operations to ensure lasting organizational success thereby working to drive student achievement and well-being.	Broad Goal

State Priorities addressed by this goal.

- State Priority 1: Basic (Conditions of Learning)
- State Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

In order to create opportunities for our students to become Ready for the World and develop into future leaders of change and progress, we must demonstrate that same leadership through innovative approaches to managing our organization.

This includes improving and maintaining state-of-the-art facilities, providing access to modern technology, and establishing powerful new ways to look at data and District budgets so that we make the best decisions to serve our students. We must also differentiate our recruitment strategies to meet the needs of specific communities. Finally, we must further promote and improve access to the District’s leading-edge programs so our families are excited to stay and continue learning in Los Angeles Unified.

The focus on operational effectiveness by our educational partners highlights Goal 4: Operational Effectiveness and its actions to maintain a safe and clean learning and working environment for students and staff to improve attendance and safety. Research supports a link between a safe and clean learning environment with improved student and staff attendance. The goal’s metrics and goal action progress monitoring measures allow the District to evaluate and update actions to increase the operational effectiveness necessary to support and increase student achievement.

As stated in the 2023 LCAP, the District has aligned LCAP goals 1-5 with the District’s Board adopted [2022-26 Strategic Plan](#) to increase the efficiency and evaluation of developed District actions in the support of students.

# Goal

Goal #	Description	Type of Goal
5	Investing in Staff: Los Angeles Unified believes that by recruiting, training, and retaining a highly qualified and diverse workforce the District will improve the academic success of all students.	Broad Goal

State Priorities addressed by this goal.

- State Priority 1: Basic (Conditions of Learning)
- State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

We believe in the boundless potential of each of our students and realize that potential is only possible when we recognize, empower, and support our staff. The most important factor in ensuring our students thrive and are Ready for the World is having knowledgeable, caring, and courageous educators, school leaders, and support staff to guide them on their journey through Los Angeles Unified.

The ambitious goals we have set for ourselves and for our students require a clear focus on the recruitment, development, and retention of talented and dedicated staff. Our commitment to upholding students’ joy and wellness, as well as their academic success, must be mirrored in our investments to sustain staff wellness and to build pathways for ongoing professional development, growth, and opportunities to excel.

In listening to our educational partners, investing in the selection and professional growth of our District staff and educators directly supports the Academic Excellence (Goal 1) and Joy and Wellness (Goal 2) goals for our students. Wellness for staff, just as it is for students, is important to maintaining a strong and healthy school and District climate and improves attendance. The goal’s metrics and progress monitoring measures allow the District to track and evaluate the success of the goal as well as the ability to update actions when necessary to meet the continued needs of staff and students.

As stated in the 2023 LCAP, the District has aligned LCAP goals 1-5 with the District’s Board adopted [2022-26 Strategic Plan](#).

# Goal

Goal #	Description	Type of Goal
6	English Learner Supports: Los Angeles Unified is focused on improving the achievement of students identified as English Learners and Long-Term English Learners to ensure their college and career readiness.	Broad Goal

State Priorities addressed by this goal.

- State Priority 2: State Standards (Conditions of Learning)
- State Priority 4: Pupil Achievement (Pupil Outcomes)
- State Priority 5: Pupil Engagement (Engagement)
- State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Within this LCAP goal, Los Angeles Unified lays out the District’s vision, strategies, and investments for educating our culturally and linguistically diverse English Learner (EL) students, including increasing Dual Language Education (DLE) programming to honor their linguistic assets and to provide them opportunities to become multilingual and multicultural. State funding as well as federal Title III funds support high-quality services, programs, and resources for EL students to move towards English fluency and academic achievement. For information on the District’s Title III funding, please visit the following link to view the District’s LCAP Federal Addendum: <https://www.lausd.org/page/8789>.

Additional feedback from our educational partners is the continued desire to focus on ensuring English Learners become Fluent English Proficient. A focus on English Learner Supports promotes a community goal of educational equity and graduating high school both college and career reading. The goal’s metrics and action progress monitoring measures allow the District to track and evaluate the success of goal actions and the ability to make data-informed decisions such as updating actions, when necessary, to achieve the desired outcomes of the goal.

With ongoing input and collaboration from well-informed and prepared students, families, teachers, counselors, coaches, administrators and District leaders, it is the goal of Los Angeles Unified to provide the best, equitable education to our English Learners to ensure they achieve at high levels, and graduate college and career ready with the California State Seal of Biliteracy.

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Actions

Action #	Title	Description	Total Funds	Contributing
6.01	UTK-12 English Learner Services	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to increase the rate of English Learners (ELs) making progress in learning English, reaching English language proficiency, meeting or exceeding standards, and graduating college and career ready and earning the State Seal of Biliteracy, the Multilingual Multicultural Education department will implement the following action steps/strategies, aligned to the District's 2022-26 Strategic Plan, 2018 Master Plan, and the EL Roadmap:</p> <ol style="list-style-type: none"> <li>4. Offer focused, enhanced training/support to improve and differentiate EL instructional programs to meet the language and academic needs of different EL profiles/typologies, while placing focused attention on the language and literacy needs of at-promise ELs (Potential Long-Term ELs and Long-Term ELs) and International Newcomers.</li> <li>5. Provide ongoing professional development to improve Designated and Integrated English Language Development (ELD) instruction, guided by the ELD standards, California ELD/ELA Framework.</li> <li>6. Provide professional development on Integrated ELD methodology, EL Instructional Approaches (Active Listening, Extended Communication and Oral Summarizing), Elegance of 12 Suite of Strategies (3 listens, 3 conversations, 3 reads, and 3 writes), and the High Impact Practices (Fostering Academic Interactions, Using Complex Text, and Fortifying Complex Output) to support/enhance English Learners' mastery of academic content.</li> <li>7. Emphasize/prioritize in all professional development that language and content are inextricably linked and that the three parts of the ELD standards (Interacting in Meaningful Ways, Learning About How English Works, and Using Foundational Literacy Skills) should be at the center of a robust English Learner instructional program. When instructing English learners, teachers are both content and English language development teachers.</li> <li>8. Provide additional opportunities for teachers of ELs to have many opportunities to engage in collaborative lesson planning based on the provided professional development and ELD standards.</li> <li>9. Provide a yearly, mandatory summer and mid-year Master Plan Instructional Institute (MPII) to EL Designees, Multilingual Multicultural Academic Language Instructional Coaches, International Newcomer Coaches, Parent Educator Coaches, and administrators to enhance EL support staff capacity to address the</li> </ol>	\$9,156,807	Y

		<p>linguistic and academic needs of English Learners. The five-day MPI training will include the following areas:</p> <ul style="list-style-type: none"> <li>a. EL Instructional Approaches and Elegance of 12 Suite of Strategies</li> <li>b. Concepts of critical wellness to support diverse language learners and how they can be used to correct school inequities</li> <li>c. Understanding EL Language Performance, the Translanguaging Classroom and the Instructional Approaches (Active Listening, Extended Communication, and Oral Summarizing)</li> <li>d. Culturally and Linguistically Responsive Pedagogy (CLRP)</li> <li>e. English Learner Progress Indicator (ELPI)</li> <li>f. Observation Protocol for Teacher of ELs (OPTTEL)</li> </ul> <p>10. Central and Regional Multilingual Multicultural Academic Language staff (Coordinators, Specialist, and Experts) will coordinate Master Plan programs and instructional services for ELs, including planning and delivering EL-specific professional development, planning, and implementing model dELD and iELD curricular lessons and acceleration, and monitoring Districtwide data to identify professional development / program support needs.</p> <p>11. Provide elementary and secondary Multilingual Multicultural Academic Language Coaches to support EL services as follows:</p> <ul style="list-style-type: none"> <li>a. Provide small group instruction, push-in acceleration/enrichment</li> <li>b. Provide EL specific professional development (EL instructional approaches and Elegance of 12 Suite of Strategies)</li> <li>c. Conduct coaching cycles/lesson studies around dELD and iELD</li> <li>d. Develop and model iELD and dELD lessons</li> <li>e. Provide family training on progress expectations, reclassification, and how to support multilingual learners at home.</li> </ul> <p>12. Establish K-12 cadres of teachers, administrators and/or Multilingual Multicultural Academic Language Coaches to support the development of focused professional development and dELD or iELD lessons/resources for Districtwide use for ELs.</p> <p>13. Conduct regular classroom walk-throughs to observe professional development transference and/or inform future professional development.</p> <p>14. Offer enrichment/intervention or other expanded learning opportunities for English Learners during the winter, spring, summer, before or after school, and/or Saturdays to address the language and academic needs of ELs or accelerate their English language development.</p> <p>15. Support and promote EL parent/family participation, engagement, input, and</p>

# Goal

Goal #	Description	Type of Goal
7	Black Student Achievement Plan Implementation: Los Angeles Unified initiated the Black Student Achievement Plan (BSAP) to address educational disparities negatively impacting Black students.	Broad Goal

State Priorities addressed by this goal.

- State Priority 4: Pupil Achievement (Pupil Outcomes)
- State Priority 5: Pupil Engagement (Engagement)
- State Priority 6: School Climate (Engagement)
- State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The Black Student Achievement Plan (BSAP) was approved by the Los Angeles Unified Board of Education in February of the 2020-2021 school year. BSAP addresses the longstanding disparities in educational outcomes between Black students and their non-Black peers. Dating back to the landmark case *Brown v. Board of Education of Topeka*, in which the U.S. Supreme Court declared that segregated schools were unconstitutional, favorable outcomes for Black students and their communities continue to fall below District and national averages of their non-Black counterparts. The perennial trend of Black student underperformance and the implications for full societal participation paired with the current landscape of local and national advocacy for racial equity have served as the inspiration to implement and monitor the Black Student Achievement Plan.

The BSAP addresses the need for culturally responsive curriculum and instruction as the classroom norm, fosters partnerships with community-based organizations with proven track records of success within the Black community, and provides increased support to address the academic and social-emotional needs of Black students.

The creation and implementation of this plan is a joint effort shared across Los Angeles Unified and our community partners. We will hold each other accountable for the realization of the Black Student Achievement Plan. The plan will serve as a dynamic document with adjustments made based on its responsiveness to Black students, parents and their communities. Adjustments will be made based on formative and summative data. This LCAP goal has been established to increase progress monitoring transparency of the BSAP through the use of metrics and action progress monitoring measures and represents the desire of educational partners to further differentiate and highlight the supports and actions of the District to achieve this goal.

Note that the Measuring and Reporting Results section below reports data and targets for all Black students in Los Angeles Unified as determined by the relevant District teams (for example: the District’s Student Health and Human Services department determines the overall target for Black student attendance in Los Angeles Unified). In addition, this section also reports data and targets set by the Black Student

Achievement Plan team for BSAP Cohort 1 and Cohort 2 schools.

- Cohort 1 schools account for 32% of the total District Black student population and were designated for the highest level of BSAP program support based on the following criteria:
  - 200 or more total Black student enrollment with 1 or more high need flags and English/Math proficiency below District average; or
  - 100 – 199 total black students with 2 or more high need flags and English/Math proficiency below District average; or
  - Humanizing Education for Equitable Transformation (HEET) schools and the City of Angels K-12 independent study school
- Cohort 2 schools account for 28% of the total District Black student population and were designated for a secondary level of BSAP program support based on the following criteria:
  - 100 or more total black student enrollment with 0 or 1 high need flags
- *Note: High needs flags include referral/suspension rate greater than percent of enrollment, greater than 10 percentage points more Black students disagreed with school experience survey than District average, higher chronic absenteeism than District average.*

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year’s LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District’s 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

# Actions

Action #	Title	Description	Total Funds	Contributing
7.01	BSAP Academic Supports: Culturally Responsive Unit Development, Individual Student Needs Assessment, and Curriculum & Pedagogy	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to improve student achievement in the California content standards, BSAP school principals will leverage teacher professional development and planning time for culturally responsive unit development and individual student needs assessment.</p> <p>BSAP school principals will analyze their curriculum to determine the extent to which the curriculum is responsive to all students. They will monitor instruction each semester aligned with culturally responsive tenets. Administration and school teams will observe implementation and continue to refine based on student performance.</p> <p>Second, for individual student needs assessment, recognizing that every student has unique areas of strength and challenge, in order to improve student performance, schools will identify grade level and non-grade level target areas using a literacy and numeracy diagnostic tool.</p> <p>In addition, this action also reflects administrative support for BSAP school principals.</p> <p>The District will monitor the effectiveness of the culturally responsive instruction and student needs assessments using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Percent of teachers at each site that have completed culturally responsive instruction professional development.</li> <li>● Percent of teachers that are incorporating culturally responsive lessons and activities in their classrooms for both semesters.</li> <li>● Percent of schools that participated in the individual student support structure professional development.</li> <li>● Percent of schools that are implementing individual student support structures within the school day.</li> </ul>	\$20,114,990	N

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>• Percent of schools that will complete the culturally responsive PD series.</li> <li>• Percent of BSAP Survey respondents agreeing that students have access to culturally responsive curriculum and pedagogy.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
7.02	BSAP Community Partnerships	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to improve the student success metrics, each Community of Schools for BSAP Group 1, 2 and Group 3 schools focused on developing community partnerships to better support student performance.</p> <p>In addition, this action also reflects the BSAP Teacher University Residency Development Pipeline effort.</p> <p>The District will monitor the effectiveness of these Community Partnerships using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Percent of schools with new community partnerships.</li> <li>• Collect student outcome data aligned to the BSAP success metrics that each community partnership targets.</li> <li>• Mid-year evaluation reports collected for community partnerships</li> <li>• Percent of BSAP Survey respondents agreeing that community organization presence has increased.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>	\$8,061,603	N
7.03	Development of an African American Studies Course	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to improve access to culturally responsive curriculum and</p>	\$717,639	N

Action #	Title	Description	Total Funds	Contributing
		<p>increase the number of students taking African American Studies, AP African American Studies, and Ethnic Studies funding and instructional support is provided (e.g., Group 1 &amp; 2 middle and SPAN schools serving grades 6-8 are provided funds for an auxiliary period). Selected teachers for the African American &amp; Ethnic Studies courses will receive planning time and support to increase their understanding of the content and continue to develop their implementation of culturally responsive instructional practices.</p> <p>The District will monitor the effectiveness of these auxiliary periods towards the development of an African American Studies course using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● Percent of schools that included African American Studies course (high school) and Ethnic Studies course (middle school) in the master schedule of course offerings.</li> <li>● Numbers of students enrolled in African American Studies (high school) and Ethnic studies (middle school)</li> <li>● Observational feedback to ensure alignment with the intended scope and sequence of the courses.</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
7.04	BSAP School Climate & Wellness Personnel Support	<p><i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i></p> <p>In order to improve 18 BSAP success metrics, school climate and wellness personnel positions have been allocated to school sites.</p> <p>Secondary Counselors</p> <ul style="list-style-type: none"> <li>● Conduct Black Student Success Plan (BSSP) meetings during non-course classroom time and communicate information to the classroom teachers, site administration and parents;</li> <li>● Participate in data reviews with the BSAP site team every grade period;</li> <li>● Participate in multidisciplinary teams, such as Student Success</li> </ul>	\$68,859,530	N

Action #	Title	Description	Total Funds	Contributing
		<p>Team (SST), Coordination of Services Team (COST), Resource Coordinating Team (RCT), and Crisis Team to identify necessary support services (e.g., counseling, assessment, and interventions); and</p> <ul style="list-style-type: none"> <li>● Work with academic counselors and the BSAP team to identify intervention, enrichment, or prevention opportunities for students.</li> </ul> <p>Pupil Services &amp; Attendance Counselors</p> <ul style="list-style-type: none"> <li>● Monitor student attendance and academic progress to support early identification and intervention with at-risk students;</li> <li>● Collaborate with Psychiatric Social Workers (PSWs) to determine Black Student Success Plan (BSSP) caseload; and</li> <li>● Conduct BSSP meetings during non-course classroom time and communicate information to the classroom teachers, site administration, and parents.</li> </ul> <p>Restorative Justice Teachers</p> <ul style="list-style-type: none"> <li>● Develop lesson plans and materials to support Multi-Tiered Systems of Support (MTSS), leveraging evidence-based Positive Behavior Interventions and Supports/-Restorative Practices (PBIS/RP), including community building activities in classrooms for the targeted student populations; and</li> <li>● Co-teach and conduct community building activities with new teachers and support the implementation of Restorative Practices/Justice.</li> </ul> <p>Psychiatric Social Workers (PSWs)</p> <ul style="list-style-type: none"> <li>● Promote student achievement and well-being by implementing culturally responsive universal/early intervention strategies aimed at promoting critical wellness and social-emotional well-being.</li> </ul> <p>School Climate Advocates</p> <ul style="list-style-type: none"> <li>● Collaborate with school site personnel in implementing multi-tiered systems of support and the District's school-site safety policies to build positive school climates;</li> </ul>		

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> <li>• Support school personnel with student mediation and conflict resolution; and</li> <li>• Provide direct supports to traditionally marginalized groups, identifying available resources within the school, the District, and community per the site administrators' direction.</li> <li>• <i>Note that this reflects School Climate Advocates overseen by the BSAP team.</i></li> </ul> <p>The BSAP Teacher University Residency Development Pipeline work to build a diverse workforce so students see themselves in their teachers is also included in this action.</p> <p>The District will monitor the effectiveness of the School Climate &amp; Wellness personnel support using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>• Percent of schools with full School Climate &amp; Wellness teams</li> <li>• Participation of teams in BSAP professional development</li> <li>• Percent of BSAP Survey respondents agreeing that every student has an advocate.</li> <li>• Percent of BSAP Survey respondents agreeing that students have increased access to mental and social-emotional health resources.</li> <li>• Percent of BSAP Survey respondents agreeing that levels of parent and family engagement have increased.</li> <li>• Percent of BSAP Survey respondents agreeing that students have increased participation in extracurricular activities at school.</li> <li>• Completion data for the individual Black Student Success Plans (BSSPs)</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		
7.05	BSAP Community-Based Safety Pilots	<i>(Aligned to Strategic Plan Priority 1C: Eliminating Opportunity Gaps)</i>	\$27,246,239	N

Action #	Title	Description	Total Funds	Contributing
		<p>In order to improve student engagement, increase participation in extracurricular activities, and attendance, the Community-Based Safety Pilots will:</p> <ul style="list-style-type: none"> <li>● Allow schools to receive support from the District's established city partnership and increase community-based organizations' partnerships on school campuses. The partnerships will help ensure Safe Passage for students and families to commute to and from school safely. Students will also benefit from community-based partnerships to enhance youth development programs to promote a growth mindset, self-efficacy, self-management, social awareness, and increase student engagement and attendance.</li> <li>● <i>Note that this also includes School Climate Advocates from the Division of School Operations and the System of Support Administrators.</i></li> </ul> <p>The District will monitor the effectiveness of the Community-Based Safety Pilots using the following progress monitoring measures:</p> <ul style="list-style-type: none"> <li>● School Experience Survey data</li> <li>● Office discipline referrals and student suspension rates</li> <li>● Chronic absenteeism data</li> <li>● Crime statistics data</li> </ul> <p>As new data becomes available moving forward, these progress monitoring measures are subject to change.</p>		

# Goal

Goal #	Description	Type of Goal
8	Equity Multiplier: Use of LCFF Equity Multiplier Funds to implement evidence-based services and supports to address the academic, behavioral, and health needs of student groups that received the lowest performance levels on 2023 California School Dashboard indicators at eligible schools.	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

- State Priority 4: Pupil Achievement (Pupil Outcomes)
- State Priority 5: Pupil Engagement (Engagement)
- State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

In the 2022-23 and 2023-24 Local Control and Accountability Plans (LCAPs), state legislation required Local Education Agencies (LEAs) such as Los Angeles Unified to include a mandated school accountability goal for identified schools based on the following eligibility criteria:

- For two consecutive years, the school received the lowest performance levels on the California School Dashboard (“Dashboard”) for all but one of its indicators;
- In both years, the District’s performance for all students was at least one performance level higher on all these indicators.

With the 2024-25 LCAP, the mandated school accountability goal is no longer required. Pursuant to new state legislation, LEAs are mandated or required in the same manner as the mentioned mandated school accountability goal to include one or more new goals, referred to as the Equity Multiplier Focus Goal(s), with different criteria for schools eligible for Equity Multiplier funding.

Identification - Eligibility for LCFF Equity Multiplier Funding

The Local Control Funding Formula (LCFF) Equity Multiplier is a new state funding program for eligible schools based on their nonstability rate (rate at which students change schools during the school year), as outlined in the annual California Department of Education (CDE) Stability Rate Data Report, and percentage of socioeconomically disadvantaged students using the following eligibility criteria:

- Prior year, 2022-23, pupil nonstability rates greater than 25%; and
- Prior year, 2022-23, socioeconomically disadvantaged (SED) pupil rates greater than 70%.

*Note: As measured by the state, stability rate is the percentage of students enrolled during a school year who completed a full year in one school. If a student started the school year in one school and then moved to another school during the same school year, the student would*

calculate into the school's "nonstability rate." For additional information, please visit: <https://www.cde.ca.gov/ds/ad/srinfo.asp>

Within Los Angeles Unified, the following 71 schools have been identified by the state as Equity Multiplier funding eligible schools to use a total \$21,226,936 in allocated state funding in 2024-25 due to having a 25% or greater pupil nonstability rate and a 70% or greater socioeconomically disadvantaged (SED) pupil rate in 2022-23:

SCHOOL	SCHOOL TYPE	NONSTABILITY RATE (2022-23)	SED RATE (2022-23)	SCHOOL	SCHOOL TYPE	NONSTABILITY RATE (2022-23)	SED RATE (2022-23)

Of the 71 Equity Multiplier funding eligible schools, 31 schools are continuation high schools, six schools are community day schools, and four schools are opportunity schools. The high nonstability rate for the identified educational options schools (continuation schools, community day schools, and opportunity schools) is due to a focus of the schools to transfer students back to their traditional high schools when students are no longer credit deficient in order to graduate. Therefore, students may enter and exit an options school in the same school year contributing to a school's high nonstability rate.

### Student Group Performance

Considered a separate funding source, Other State Funds, allocated outside of LCFF entitlement, Equity Multiplier funds are to be used by the 71 eligible schools to implement evidence-based services and supports for all student groups that have the lowest performance level (e.g., Red) on one or more state indicators on the California School Dashboard in 2022-23 and, if applicable, any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators at Equity Multiplier funding eligible schools.

With the eligible schools receiving Equity Multiplier funding due to each school's pupil nonstability rate and socioeconomically disadvantaged pupil rate, the schools are required to improve performance for student groups receiving the lowest performance level on one or more 2023 Dashboard indicators. A summary of student groups that received the lowest performance level rating on the 2023 Dashboard for one or more indicators within the identified schools:

- African American/Black: English Language Arts (ELA), Mathematics, Chronic Absenteeism, Suspension
- English Learners: English Language Arts (ELA), Mathematics, Chronic Absenteeism, English Language Progress, Graduation Rate, College/Career
- Foster Youth: Suspension
- Hispanic/Latino: English Language Arts (ELA), Mathematics, Chronic Absenteeism, Suspension, Graduation Rate, College/Career
- Homeless: Graduation Rate, College/Career
- Multiple Races: Chronic Absenteeism

- Socioeconomically Disadvantaged: English Language Arts (ELA), Mathematics
- Students with Disabilities: English Language Arts (ELA), Mathematics

The below table indicates the eligible schools with one or more student groups identified in the Red or Very Low rating for any of the following California School Dashboard indicators: English Language Arts, Mathematics, Chronic Absenteeism, Graduation Rate, Suspension Rate, English Learner Progress, and College/Career.

Key: Please refer to the following key to identify student groups in the below table.

Of the 71 schools identified for Equity Multiplier funding, 15 schools did not have one or more student groups with a Red or Very Low performance level on one or more state indicators on the 2023 California School Dashboard. The 15 schools are identified in the below table with one or more student groups receiving an Orange or Low performance level or higher performance level on one or more Dashboard indicators: English Language Arts, Mathematics, Chronic Absenteeism, Graduation Rate, Suspension Rate, English Learner Progress, and College/Career.

Key: Please refer to the following key to identify student groups in the below table.

The 15 eligible schools with one or more student groups receiving an Orange or Low performance level or higher performance level on one or more Dashboard indicators identified the use of Equity Multiplier funds to either improve performance levels or maintain performance levels (in cases where schools received a Blue performance level) on one or more state indicators.

Use of Evidence-Based Services

Each of the 71 Equity Multiplier funding eligible schools has met and consulted with their parents, students, and staff, beginning in winter 2024, to discuss student group performance within California School Dashboard indicators as well as examine areas of student performance success and areas for growth, in particular those indicators where one or more student groups received the lowest performance level (e.g, Red). In addition, the eligible schools consulted with their educational partners in spring 2024 within a number of schoolsite forums and received feedback on the specific use of evidence-based services and programs to improve outcomes for identified student groups within Dashboard indicators at their schoolsites.

One Equity Multiplier Focus Goal

Continued feedback from our educational partners on an annual basis is a desire for accessibility, readability, and transparency in the LCAP, along with a less lengthy LCAP. With an LCAP over 600 pages, navigating the document poses challenges for our educational partners. Understanding the requirements for completing the LCAP have increased this year due to state mandates and associated changes in the California Department of Education’s required LCAP template, among additional factors, the District remains committed to meeting state guidelines and aims to produce an LCAP that is concise but at the same time effectively communicates District actions and services to support the increased achievement of every student. In that effort, the District has developed one Equity Multiplier focus goal in meeting the new state requirement that focuses the educational partner on all resources and actions by eligible schools to support identified student groups in increasing performance levels as defined by California School Dashboard indicators.

It is important to note that school identification and eligibility for Equity Multiplier funding by the California Department of Education (CDE) occurs well into the school year. In 2024, the District’s 71 eligible schools were determined by CDE in late-February 2024. The late identification presents a difficulty for eligible schools to fully engage with their educational partners on possible funding uses given the short time frame before reporting in the LCAP. Given the new Equity Multiplier state funding and accountability requirement for inclusion in the District’s LCAP, it is the District’s advocacy that there can be an earlier in the school year identification process by the CDE that allows for increased time for eligible schools to engage with their educational partners on the use of funds.

In August 2024, educational partners will be able to view the use of Equity Multiplier funds towards specific actions and services by each of the 71 eligible schools to support identified student groups via the Los Angeles Unified School Directory:  
<https://schooldirectory.lausd.net/schooldirectory/>

In addition, school level information will be available at each school site. Consultation and engagement with educational partners will occur annually as school identification by CDE for Equity Multiplier funding is a yearly process.

# Goal Analysis for [Add Year]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable. The data for this section will be completed in next year's LCAP, 2025-26, which will include an analysis of this LCAP. For analysis on the current school year, please view the District's 2023-24 LCAP Annual Update.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.05	<p><b>Action:</b> Instructional Technology Initiative</p> <p><b>Need:</b> Low income students have an opportunity gap in digital participation, digital citizenship, and access towards computer science careers as identified in <a href="#">research</a>. Increased access of low income students to technology and computer science pathways increases student</p>	<p>Instructional Technology Facilitators will provide direct support to schools to increase student participation in computer science pathways and use of technology by increasing technology integration in instruction. Content areas include Digital Citizenship, Computer Science Education, and the ISTE Standards.</p> <p>While the experience of distance learning and</p>	<p>For the identified student group(s): LI, ALL</p> <ul style="list-style-type: none"> <li>● 1.04-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>engagement, attendance, and academic achievement.</p> <p>Participating schools were selected based on the percentage of student enrollment from low income families.</p> <p>Within educational partner feedback, there is a stated desire for students from low income families at the participating schools to have increased and equitable access to digital devices for instruction as well as increased and equitable access to computer science pathways and careers as evidenced by the increased demand for Career Technical Education (CTE) course pathways in computer science disciplines.</p> <p><b>Scope:</b> Schoolwide</p>	<p>the District’s investment in devices for every student has greatly reduced the digital divide in terms of access to technology, a gap still exists for low-income students around <a href="#">digital participation and digital citizenship</a>. Low-income students are spending more time in front of screens, yet continue to <a href="#">be underrepresented in pathways towards computer science careers</a>. Even as the District transitioned back to in-person instruction from hybrid learning during the pandemic, the integration of technology continues to be an essential need for low-income students to close equity gaps. Low-income students will experience the greatest benefits from the improved instruction in digital citizenship and computer science education due to their previous lack of access.</p> <p>In addition, we recognize that all students will benefit from this program and therefore these supports are provided schoolwide in participating schools. For the list of schools participating in this initiative, please see: <a href="https://achieve.lausd.net/Page/16015">https://achieve.lausd.net/Page/16015</a>.</p>	<ul style="list-style-type: none"> <li>● 2.01: Student Attendance: Percent of All Students with Excellent Attendance (96% or higher)</li> <li>● 2.03: Chronic Absenteeism Rate (District Calculation: 91% or higher) K-5</li> <li>● 2.04: Chronic Absenteeism Rate (District Calculation: 91% or higher) 6-8</li> <li>● 2.05: Chronic Absenteeism Rate (District Calculation: 91% or higher) 9-12</li> <li>● 1.28: Access to a Broad Course of Study (All Students)</li> </ul>
1.07	<p><b>Action:</b> Supplemental Arts Education</p> <p><b>Need:</b> Districtwide needs assessment including school site level surveys indicated English Learners, students from low income families, and students in foster care have less access to enriched arts education programs beyond the minimum state requirements. Evidence of need from the LAUSD Open Data Dashboard for 2022-23 includes:</p>	<p>In addition to the Arts Education programming funded with Base funds, all schools will continue to receive a funding allocation to purchase supplemental arts supplies and equipment and to support arts community partnerships. In addition, all elementary schools will continue to be assigned highly qualified certificated arts itinerant teachers to teach students at least one art discipline (music, dance, theater, and visual arts). The arts teachers provide students with</p>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>● 1.04-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> <li>● 2.01: Student Attendance: Percent of All Students with</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Chronic Absenteeism K-5- District calculation (33.3% for Foster Youth, 39.3% for Low Income, and 37.4% for English Learners versus 36.4% for all students).</p> <p>In addition, student engagement with the arts supports increased student attendance and reduces chronic absenteeism as well as increased academic achievement as evidenced by recent research data from Rice University on the <a href="#">causal effects of arts education</a>.</p> <p>Within educational partner feedback, a stated desire is for high-needs students (English Learners, students from low income families, and students in foster care) to receive equitable arts instruction and additional enrichment opportunities on par with all schools throughout the District.</p> <p><b>Scope:</b> LEA-wide</p>	<p>arts instruction that goes beyond the minimum state requirements.</p> <p>Low-income students, students in foster care, and English Learners will experience greater benefits to their academic proficiency as measured by state assessments due to their previous lack of access. The effort will continue to bring parity to school-sites throughout the District while enhancing access to the arts in areas of the District that have historically not had access to a broad offering of arts curriculum and programs.</p> <p>In addition, we recognize that all students will benefit from this program, and therefore these supports are provided Districtwide.</p>	<p>Excellent Attendance (96% or higher)</p> <ul style="list-style-type: none"> <li>● 2.03: Chronic Absenteeism Rate (District Calculation: 91% or higher) K-5</li> <li>● 2.04: Chronic Absenteeism Rate (District Calculation: 91% or higher) 6-8</li> <li>● 2.05: Chronic Absenteeism Rate (District Calculation: 91% or higher) 9-12</li> <li>● 1.27: Implementation of Academic Standards (All Students)</li> </ul>
1.09	<p><b>Action:</b> Supplemental Afterschool Programs</p> <p><b>Need:</b> Students from low income families, English Learners, and students in foster care face limited access to high-quality after school programming that can provide academic support and enrichment as well as learning experiences in the arts and physical fitness. Evidence of need from the 2023 Dashboard includes: English Language Arts (87.8 points below standard for English Learners, 46.1 points below standard,</p>	<p>Low-income students often face limited access to high-quality after school programming. In order to address this need, Beyond the Bell (BTB) will expand accessibility of these programs so that these students will have the opportunity to sample and engage in an array of diverse after school activities throughout their experience in BTB programming. These funds will support schools serving English learners, low-income students, and students in foster care with more staffing and resources for their afterschool programs. These programs will be</p>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>● 1.04-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> <li>● 1.11-1.13: % Met/Exceed Standard on CST- Grades 5, 8, 11</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>and 83.1 points below standard for Foster Youth versus 32.4 points below standard for all students) and Math (106 points below standard for English Learners, 78.4 points below standard, and 111.7 points below standard for Foster Youth versus 67.3 points below standard for all students).</p> <p>Within educational partner feedback, particularly parents and families, a stated desire is for District elementary and middle schools to provide opportunities for a safe and structured learning environment for students after school as many of our families of high-needs students work or have other responsibilities where an afterschool program is beneficial for their child(ren).</p> <p><b>Scope:</b> LEA-wide</p>	<p>designed with an intention to connect students to interest based pathways that can support their learning experiences in elementary and middle school and beyond.</p> <p>Trained coaches will utilize the supplies and equipment provided to design and implement high quality learning experiences for students within the realms of arts, physical fitness, team sports, dance, and academic enrichment. Site staff will also be trained, coached, and assisted throughout the course of programming.</p> <p><a href="#">Research demonstrates</a> that afterschool and summer school programs have positive impacts on academics, social and emotional skills and competencies, and overall well-being to help students re-engage in learning and become strong, resilient, and hopeful. Low-income students will experience the greatest benefits to their attendance and engagement based on their existing needs and limited access to high quality afterschool programming.</p> <p>In addition, we recognize that all students will benefit from supplemental afterschool programs and therefore these supports are provided Districtwide.</p>	
1.11	<p><b>Action:</b> Differentiated Local Supports for Students</p> <p><b>Need:</b> Students from low income families have demonstrated performance gaps in key outcome areas including A-G on-track rates and Smarter</p>	<p>In order to close equity gaps and ensure that low-income students thrive academically, District and Region leaders will collaborate to build school staff capacity to deliver data-driven academic supports and interventions to Tier 2 and 3 schools, which</p>	<p>For the identified student group(s): LI, ALL</p> <ul style="list-style-type: none"> <li>● 1.04: Smarter Balanced Assessment: ELA- Grade 3</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Balanced Assessment English Language Arts and Math achievement compared to all students. Evidence of need from the 2023 LAUSD Open Data Dashboard includes: A-G Completion Rate (23.3% for Foster Youth, 51.1% for Low Income, and 31.3% for English Learners versus 53.0% for all students).</p> <p>Within educational partner feedback, a stated desire is to increase the academic outcomes including increased access to college for students from low income families and ensure equitable opportunities in comparison to students from high income families.</p> <p><b>Scope:</b> Schoolwide</p>	<p>have been identified based on demonstrated performance gaps in key outcome areas, including SBA English Language Arts and Math achievement, DIBELS scores, and A-G on-track rates. Please refer to Appendix B for the list of identified schools.</p> <p>The support to schools will be centered around implementing sustainable practices and continuous improvement cycles as well as leveraging instructional interventionists and coaches as well as systems that support instructional progress, including formative assessments, instructional data cycles of improvement, instructional leadership teams, professional learning communities, common curriculum and pacing plans, and systems for observations and feedback. The supports are implemented to increase student academic outcomes by increasing school-level supports based on student need.</p> <p>In addition, we recognize that these interventions would also benefit all students, and therefore this increase in staffing is implemented school-wide at Tier 2 and 3 schools, which includes that both certificated and classified vacancies are filled at the schools.</p>	<ul style="list-style-type: none"> <li>● 1.05-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> <li>● 1.18: A-G Completion Rate</li> </ul>
1.12	<p><b>Action:</b> School-Level Supports for Individualized Learning</p> <p><b>Need:</b></p>	<p>Los Angeles Unified continues to serve over 563,000 students, each with individual strengths and learning needs. These learning needs have only been heightened following the unprecedented challenges of the</p>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>● 1.01-1.03: DIBELS- % Meeting Early Literacy Benchmarks in Grades K-2</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students from low income families, English Learners, and students in foster care have lower academic performance levels than all students. Evidence of need from the 2023 LAUSD Open Data Dashboard includes: DIBELS- % of Students Meeting Early Literacy Benchmarks in Grade 2 (53.1% for Foster Youth, 62.7% for Low Income, and 42.9% for English Learners versus 66.1% for all students); 4-year Graduation Rate (66.7% for Foster Youth, 83.7% for Low Income, and 62.4% for English Learners compared to 84.0% for all students); A-G Completion Rate (23.3% for Foster Youth, 51.1% for Low Income, and 31.3% for English Learners compared to 53.0% for all students).</p> <p>Within educational partner feedback, primarily parents and families of high-needs students, a stated desire is to provide equitable education for high-needs student groups including the use of differentiated learning supports to ensure students are performing at grade-level standards.</p> <p><b>Scope:</b> LEA-wide</p>	<p>immediate transition to distance learning necessitated by the COVID-19 pandemic. Throughout the partner engagement process beginning in 2020-21, during the prior LCAP cycle, one of the highest priorities that emerged was the need for reduced class sizes to enable teachers to engage individually with students and address their needs, this input demonstrates a connection to the educational partner feedback received that led to the development of the 2024-25 LCAP. This was further supported in our engagement of English Learners and students in foster care: when asked what staff and supports have been helpful in reaching academic success and college/career readiness, these students emphasized the importance of the support they received from their classroom teachers.</p> <p>In order to deliver increased individualized support for our low-income students, students in foster care, and English Learners, in alignment with the strategies described throughout this LCAP, the District provides additional site-level staffing (including assistant principals, library aides, counseling staff, and instructional aides) dedicated to support student instruction. This additional staffing is above and beyond the base-funded instructional staffing to support improved targeted instruction and intervention and intensive supports including individualized instruction.</p> <p>Through this additional staffing, our teachers will focus their implementation of Tier 2 and 3</p>	<ul style="list-style-type: none"> <li>● 1.04: Smarter Balanced Assessment: ELA- Grade 3</li> <li>● 1.05-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> <li>● 1.18: A-G Completion Rate</li> <li>● 1.25: Four-Year Cohort Graduation Rate</li> <li>● 1.26: Five-Year Cohort Graduation Rate</li> <li>● 2.09: Percent of Students Reporting on the School Experience Survey: "I feel safe in this school."</li> <li>● 2.12: Percent of Students Reporting on the School Experience Survey: "I feel like I am part of this school."</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		<p>instructional supports within the following multi-tiered system:</p> <ul style="list-style-type: none"> <li>● Tier 1: Universal Supports: high-quality first instruction as aligned to principles of Universal Design for Learning.</li> <li>● Tier 2: Targeted Instruction and Intervention: targeted small-group instruction and focused progress monitoring for students who demonstrate need for a more targeted level of support.</li> <li>● Tier 3: Intensive Supports: intensive instruction to individual or very small student groups (1-3 students), including modeling, scaffolded practice, and regular mastery assessments, as well as more frequent progress monitoring.</li> </ul> <p>In addition, we recognize that this program would also benefit all students, and therefore this increase in staffing is implemented Districtwide.</p>	
1.13	<p><b>Action:</b> Early Education and Universal Transitional Kindergarten</p> <p><b>Need:</b> Increase the opportunity for students from low income families to have access to early education. Evidence of need from the 2023 LAUSD Open Data Dashboard includes: DIBELS- % of Students meeting early literacy benchmarks in Grade 2 (62.7% for Low Income versus 66.1% for all students).</p>	<p>In order to address these needs, the Early Childhood Education Division (ECED) will implement the following supports:</p> <ul style="list-style-type: none"> <li>● ECED identified areas that need a preschool program and worked with the District to fund and open Universal Transitional Kindergarten (UTK) classes at these schools. UTK classes serve students who turn five between September 2, 2023 and September 1, 2024.</li> </ul>	<p>For the identified student group(s): LI, ALL</p> <ul style="list-style-type: none"> <li>● 1.01-1.03: DIBELS- % Meeting Early Literacy Benchmarks in Grades K-2</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Many low-income students are exposed to adverse childhood experiences that impact their ability to reach proficiency. The <a href="#">Journal of Epidemiology and Community Health</a> explored the cause of adverse early childhood experiences and their effects into adolescents. The lack of access to early care and education is relevant because children in these vulnerable populations need equitable access to high quality early education programs.</p> <p>Within educational partner feedback, a stated desire is to increase the academic success of low income students by implementing Universal Transitional Kindergarten (UTK) earlier than the state mandate of 2025-26. Students will begin formal education at an earlier age providing the opportunity for students to enter elementary school grade levels with increased literacy and numeracy skills.</p> <p><b>Scope:</b> LEA-wide</p>	<ul style="list-style-type: none"> <li>● In 2022-23, Expanded Transitional Kindergarten transitioned to UTK in 316 elementary schools and added an additional 171 elementary schools in 2023-24 to 488 elementary schools- full implementation. While full implementation of UTK occurs statewide in 2025-26, Los Angeles Unified understands the equity need for an accelerated timeline in fully implementing UTK Districtwide to eliminate opportunity gaps for our most vulnerable student populations of English Learners, students in foster care, and students from low-income families. As a result, the District dedicated funding above state-mandated levels in order to reach full implementation of UTK in 2023-24.</li> <li>● For 2024-25, Los Angeles Unified continues to operate a full-day UTK program over 180 days to support students and families. The state does not require school districts to provide a full-day UTK program; however the District supports a full-day UTK program to ensure students are at grade-level as they matriculate through elementary and secondary school.</li> </ul> <p>In addition, we recognize that all students will benefit from this program, and therefore these supports are provided to all students at participating schools.</p>	

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.14	<p><b>Action:</b> Literacy and Numeracy Interventionist Program</p> <p><b>Need:</b> English Learners, students in foster care, and students from low income families are not reaching grade-level proficiency in literacy and numeracy as are the all student group. Evidence of need from the 2023 LAUSD Open Data Dashboard include: Smarter Balanced Assessment- Distance from Standard Met in ELA- Grades 3-5 (-77.5 points below standard for Foster Youth, -45.0 points below standard for Low Income, and -114.4 points below standard for English Learner versus -27.6 below standard for all students). In addition, evidence of need includes 2022-23 DIBELS data in Grade 1 (56.8% for Foster Youth, 67.1% for Low Income, and 50.3% for English Learner versus 69.9% for all students).</p> <p>Targeted instruction is provided to assist the identified student groups in increased academic achievement.</p> <p>Far too many students, especially English Learners, students in foster care, and low-income students, are not reaching grade-level proficiency targets in literacy and numeracy. These outcomes are due to inconsistent implementation of highly effective Tier I instruction and Tier II support that is specifically calibrated and adjusted to support each learner’s progress within the District’s multi-tiered systems of support.</p>	<p>In order to address these needs, Los Angeles Unified’s Central/Regional Administrators and Instructional Support Staff, in collaboration with site principals, coordinators, interventionists, and teachers, will implement targeted elementary literacy and mathematics interventions.</p> <p>Reading is the foundation for all content learning to occur after third grade; however, post pandemic data shows that students in grades 4th and above also need intervention to address unfinished learning. With the Literacy and Numeracy Interventionist Program in place, students will receive the necessary support to accelerate their learning and reach proficiency as measured by DIBELS in grades K-2 and the i-Ready reading diagnostic in grade 3rd through 12th grade for literacy. Proficiency in mathematics will be measured with the i-Ready Math Diagnostic for students in grades K-12. By implementing the strategies outlined, we will see an increase in our student proficiency in reading and mathematics. Targeted instruction to meet the needs of our most vulnerable and challenged students will result in increased academic achievement.</p> <p>• <b>Literacy Interventions:</b></p> <ul style="list-style-type: none"> <li>○ <u>Targeted direct instruction in Reading:</u> The program supports educators in conducting deep data analysis of individual student data to identify and address specific skills and concepts using a Multi-tiered system of supports, including Tier II acceleration/intervention support. Current</li> </ul>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>● 1.01-1.03: DIBELS- % Meeting Early Literacy Benchmarks in Grades K-2</li> <li>● 1.04: Smarter Balanced Assessment: ELA- Grade 3</li> <li>● 1.05-1.07: Smarter Balanced Assessment: ELA- Grades 3-8, 11</li> <li>● 1.08-1.10: Smarter Balanced Assessment: Math- Grades 3-8, 11</li> </ul> <p>Additionally: Student performance data will be reviewed at the student group level and by school.</p>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Participating schools were selected based on student performance at schools as well as information gathered in the implementation of the District's Teaching and Learning Framework to support students.</p> <p>Within educational partner feedback, a stated desire is for high-need student groups (English Learners, students in foster care, and students from low income families) to be at grade-level proficiency in ELA and mathematics and graduate within four years both college and career ready.</p> <p><b>Scope:</b> Schoolwide</p>	<p>research in the Science of Reading supports our cycle of instruction focused on foundational literacy skills.</p> <ul style="list-style-type: none"> <li>○ <u>Professional Development on the Science of Reading and Research Guided Literacy:</u> Program supports educators developing a deep knowledge of the science of teaching reading to ensure students reach proficiency. Teachers learn to effectively implement an evidence based, systematic, and cumulative process for teaching reading.</li> <li>○ <u>Instructional Materials:</u> Hands-on materials to allow students to engage in a multi-sensory, multi-modal approach to learning. Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Many of Los Angeles Unified’s English Learners, low-income students and foster youth, as members of historically underrepresented populations, often struggle to overcome barriers to college and career opportunities. In addition, many of these students are “first generation” college students who may lack home/community resources to help them access college.</p> <p>Within educational partner feedback, particularly parents and families, a stated desire is to ensure English Learners, students from low income families, and students graduate from high school and have access to college.</p> <p><b>Scope:</b> LEA-wide</p>	<p>activities to increase college readiness and engages students with a variety of interactive modalities that build self-knowledge and career/college readiness.</p> <ul style="list-style-type: none"> <li>● F.A.S.T. (Financial Aid Success Toolkit), updated annually with staff, student and family-facing resources that communicate financial aid availability and application processes.</li> <li>● College &amp; Career Readiness Guide, available for high school students to support postsecondary awareness and preparation.</li> </ul> <p>In addition, we recognize that all students will benefit from this program, and therefore these supports are provided to all students at participating schools.</p>	
1.30	<p><b>Action:</b> Linked Learning</p> <p><b>Need:</b> Increase the percentage of English Learners, students from low income families, and students in foster care who are prepared for College and Career as evidenced by the California School Dashboard. Evidence of need from the 2023 Dashboard includes: College and Career indicator results (17.9% prepared for English Learners, 41.1% prepared for Low Income, and 17.2% prepared for Foster Youth versus 42.7% prepared for all students).</p> <p>Research shows that <a href="#">close to half of English</a></p>	<p>Student engagement in school is a key lever of success. Foster youth and English Learners who are connected to school and have meaningful, supportive experience are more likely to leave high school college and career ready. In Los Angeles Unified, there is a need for more students in foster care to complete high school college prepared. Connecting learning to the world outside of school, not only ensures more foster youth complete high school with the coursework necessary to apply to college, it also ensures students in foster care graduate career ready through the completion of a CTE pathway and industry certification.</p>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>● 1.19: CTE Completion Rate</li> <li>● 1.20: A-G and CTE Completion Rate</li> <li>● 1.25: Four-Year Cohort Graduation Rate</li> <li>● 1.26: Five-Year Cohort Graduation Rate</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><a href="#">Learners do not access college</a>, and do not graduate career ready. Evidence indicates that this is often due to structures in scheduling, and access to a wide range of curricular options, leaving our highest risk student populations out of the classes that will prepare them for life after high school. Often English Learners, students in foster care and low-income students in Los Angeles Unified are enrolled in academic support classes, instead of Career Technical Education (CTE) coursework. The Linked Learning approach in Los Angeles Unified ensures that schools are reviewing their student enrollment data to ensure that English Learners, students in foster care, and low-income have access to the Linked Learning curriculum, including CTE.</p> <p>Within educational partner feedback, a stated desire is to ensure English Learners, students from low income families, and students in foster care have equitable access to college and career opportunities, particularly through the completion of a CTE pathway and industry certification. In addition, feedback from our partners highlights student engagement in school is a key lever of success.</p> <p><b>Scope:</b> Schoolwide</p>	<p>The Linked Learning program supports high-need student groups with access to A-G courses, a Career Technical Pathway, embedded work-based learning opportunities and individualized support through intentional scheduling practices and student cohorting with Linked Learning identified teachers. In addition, Work-based learning coordinators connect classrooms to industry professionals and build capacity at the sites to manage industry partnerships connected to classroom instruction. They assist teachers and other school staff in providing work readiness instruction leading to completion of a work readiness badge.</p> <p>In addition, we recognize that this program would also benefit all students, and therefore these supports are provided schoolwide at participating schools.</p>	
1.31	<p><b>Action:</b> SENI Investments to Increase Access to Programs and Supports for Academic Excellence: Elementary Schools</p>	<p>English Learners, students in foster care, and low-income students all experience systemic barriers to academic achievement, whether through the additional challenge of learning</p>	<p>For the identified student group(s): EL, LI, FY, ALL</p> <ul style="list-style-type: none"> <li>• 1.01-1.03: DIBELS- % of Students Meeting Early</li> </ul>

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> English Learners, students from low income families, and students in foster care scored lower than the all student group in state summative assessments such as the Smarter Balanced Assessment. Evidence of need from the 2023 LAUSD Open Data Dashboard includes: Smarter Balanced Assessment- ELA Grade 3 (45.8 points below standard for Low Income, 74.0 points below standard for Foster Youth, and 101.3 points below standard for English Learners versus 28.4 points below standard for all students); Smarter Balanced Assessment-Math Grades 3-5 (83.6 points below standard for Foster Youth, 52.9 points below standard for Low Income, and 103.7 points below standard for English Learners versus 37.4 points below standard for all students).</p> <p>Educational partner feedback ranked the need for increased student achievement as the number one priority for all students, particularly the high-need student groups of English Learners, students from low income families, and students in foster care.</p> <p><b>Scope:</b> Schoolwide</p>	<p>English as a second language, instability in learning environments, and/or limited access to private instructional supports. To address these students' needs, schools must be able to conduct site-level needs assessments and invest in programs and staffing that can address needs at an individual level.</p> <p>In order to support proficiency and academic achievement at campuses with the highest concentration of these students, Los Angeles Unified will continue to allocate additional flexible funding to school sites based on the Student Equity Needs Index (SENI) to support local strategies and investments. The SENI prioritizes schools based on various community and school indicators, as determined through educational partner engagement. The investments address academic metrics at each grade span.</p> <p>Elementary schools are targeting identified student groups with services to increase academic performance, including:</p> <ul style="list-style-type: none"> <li>● Delivering improved culturally responsive and differentiated instruction</li> <li>● Increasing data-driven instructional planning for personalized learning</li> <li>● Providing differentiated and ongoing professional development and coaching to support effective teaching and learning for the targeted student groups</li> <li>● Implementing high-impact intervention and instructional programs to accelerate student learning and close equity gaps for target student groups during and beyond the school</li> </ul>	<p>Literacy Benchmarks, Grades K-2</p> <ul style="list-style-type: none"> <li>● 1.04-1.05: Smarter Balanced Results- ELA, Grades 3-5</li> <li>● 1.08: Smarter Balanced Results- Math, Grades 3-5</li> </ul>

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Not Applicable

## ***Additional Concentration Grant Funding***

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

School districts such as Los Angeles Unified that have a high concentration (above 55%) of English Learners, students from low-income families, and/or students in foster care receive additional funding through the Local Control Funding Formula (LCFF) concentration grant. The state of California found that schools with high concentrations of students from low-income families, are learning English, and/or are in foster care require extra certificated and classified staff to help students directly. In Los Angeles Unified, 88% of schools currently serve more than 55% of students who are considered low income, English Learners, and/or in foster care.

The District tracks schools serving more than 55% of students who are considered low-income, English Learners, and/or students in foster care through the use of individual school plans developed by schools sites on how the funds are being used to achieve specific educational objectives as well as financial reports on how the grant funds have been spent. The District has a history of completing regular evaluations on funding usage, including both qualitative and quantitative data, to determine the effectiveness of actions.

For 2024-25, schools will continue to invest their additional concentration grant add-on funding in the following additional staff to support support increased high-needs student achievement via the District's SENI actions in: Goal 1, Actions 1.31-1.33; Goal 2, Actions 14-16; and Goal 3, Actions 6-8.

### Positions of Instructional Staff Enhancing Student Success: Goal 1, Actions 31-33

- Specialized Teachers and coordinators dedicated to enhancing support for students with high needs through both training sessions and direct assistance.
  - Specialized teachers such as Reading Specialists within schools enhance student performance in reading and/or math using a Response to Intervention (Rtl) approach. They track specific students using assessment data and provide targeted assistance through Tier 2 (small group instruction) or Tier 3 (one-on-one instruction) intervention cycles.
  - Extra teachers to decrease class sizes, allowing for more personalized instruction within classrooms.
- Extra teachers to decrease class sizes, allowing for more personalized instruction within classrooms.
  - Extra classroom teachers are hired to lower the number of students each teacher has, especially in elementary grades. This gives teachers more chances to track how students are doing with regular classroom lessons and to offer extra help based on Response to Intervention (Rtl) methods when needed, across different grade levels and state content standards
- Support staff (including paraprofessionals such as teacher assistants and instructional aides)
  - Trained classroom support staff aid in implementing a classroom Response to Intervention (Rtl) approach through small group teaching for students identified as needing extra help with literacy and/or math state standards.
- More Career Technical Education (CTE) teachers to broaden access to job-oriented learning and career education paths.

- Student success, measured through academic performance and engagement indicators like graduation rates and college/career readiness, is boosted by more chances to complete CTE courses. With additional CTE teachers and more course options, students can develop workplace skills and prepare for future employment opportunities.

#### Positions of Non-Instructional Staff Enhancing Student Success: Goal 2, Actions 14-16 and Goal 3, Actions 6-8

- Psychiatric Social Workers (PSWs) are employed to establish the mental health assistance needed for students to excel academically.
  - Studies have shown that mental health challenges can negatively impact students' academic and behavioral outcomes. In schools serving our most vulnerable student populations, PSWs offer assistance to identified students, fostering self-reliance, building positive relationships, and boosting engagement in school, thereby enhancing student achievement.
- Academic and college guidance staff to support college and career readiness
  - In our high-needs schools, some students lack family support to access academic resources and postsecondary opportunities. Academic and college counseling staff are integrated into a school's Multi-Tiered System of Supports (MTSS) model, providing targeted interventions to help students transition successfully to college and/or career pathways
- Health care assistants and health office clerks ensure students receive necessary health services to attend school and excel academically.
  - [Research](#) indicates a link between improved student health and academic achievement. By engaging with families and their children, health care staff facilitate access to school-based health resources.
- Community Representatives, Student/Family Resource Navigators, Ambassadors, and office staff promote expanded student and family engagement, recognizing its significant impact on academic performance
  - Many of our families and students face challenges such as housing instability, food insecurity, and trauma. By providing resources to identified families, particularly those of low-income, English Learners, and students in foster care, we aim to enhance student well-being by reducing stress and improving access to health care.
- Restorative Justice (RJ) Advisors are instrumental in implementing strategies for fostering a positive school climate and culture, ensuring students receive critical social-emotional support essential for academic growth.
  - RJ Advisors actively foster positive interactions among students and between students and staff. Studies show that introducing a restorative justice approach in schools lowers student suspensions, enhances attendance, and boosts student academic performance.
- Pupil Services and Attendance (PSA) Counselors play a crucial role in schools by implementing tiered intervention strategies to improve student attendance, ensuring they are present to receive essential instructional support.
  - These counselors work diligently to reconnect with families, especially those with elementary grade students, to tackle and diminish chronic absenteeism among students. Their efforts aim to enhance school attendance, enabling students to thrive academically through outreach and resource provision, as highlighted in a study by the [National Center for Children in Poverty study](#).
- Custodial staff contribute to creating safe and inviting learning environments, fostering conditions conducive to student success.
  - Studies conducted by the [California Department of Education](#) and the [U.S. Environmental Protection Agency](#) reveal that well-maintained school facilities and high-quality custodial services are associated with enhanced student achievement and reduced chronic absenteeism, particularly among vulnerable student demographics such as English Learners, students in foster

care, and students from low-income families. By increasing custodial staff, schools can expand services and utilize facilities more effectively, including the possibility of extending school hours and offering after-school intervention programs tailored to the needs of English Learners, students in foster care, and those from low-income backgrounds. Additionally, having more custodial staff enables schools to facilitate parental engagement opportunities beyond regular school hours, potentially even on weekends, which can support families in assisting their children from these targeted student groups.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	<p>1,648.86 Full-time equivalent classified staff serving 49,829 students (as counted on October 4, 2023- the first Wednesday in October of 2023, in alignment with the template).</p> <p>(30.22:1)</p> <p><i>Note: Figures also include applicable Los Angeles Unified affiliated charter school staff and students.</i></p>	<p>17,653.24 Full-time equivalent classified staff serving 363,736 students (as counted on October 4, 2023- the first Wednesday in October of 2023, in alignment with the template).</p> <p>(20.60:1)</p> <p><i>Note: Figures also include applicable Los Angeles Unified affiliated charter school staff and students.</i></p>

### Goal 1, Action 30: Linked Learning

#### [Linked Learning High School PATHWAYS \(Grades 9-12\)](#)

- Bell High School - Arts Language Performance Humanities Academy (ALPHA)
- Bernstein High School CACT Magnet (Information and Communication Technologies, Production and Managerial Arts)
- Boyle Heights STEM Magnet High School (Engineering and Design)
- Bravo Medical Magnet High School (Patient Care)
- Carson High School (Environment Science, Engineering, and Technology (ESET); Global Business, Law, and Government; Performance, Art, Media & Communications Academy (PAMA); Production and Managerial Arts (M.E.D.IA.))
- Cesar E. Chavez Learning Academies: Technology Preparatory Academy (TPA) (Networking)
- Chatsworth Charter High School G-STEAM Magnet (Software and Systems Development)
- Cleveland Charter High School - Global Media Studies Magnet (GMS) (Production and Managerial Arts)
- Contreras Learning Complex - School of Business and Tourism, (Hospitality, Tourism and Recreation, Entrepreneurship); Los Angeles School of Global Studies (Design Visual and Media Arts)
- Dymally High School - Biotech Sciences Magnet (Biotechnology)
- Fremont High School - School of Global and Media Arts (SGMA) (Design Visual and Media Arts); Medical Science Academy (MSA) (Patient Care); Law and Social Justice (LSJ) (Legal Practices); STEAM Magnet (Engineering Design)
- Gardena Senior High School - Creative Arts Academy (CAA) (Production and Managerial Arts); Medical Services Academy (MSA) (Patient Care); Global Business Magnet (GBM) (Entrepreneurship); Engineering Robotics Magnet (Engineering Design)
- Hawkins High School - Critical Design & Gaming School (C:\DAGS) (Software and Systems Development); Performing Arts, Community Health Advocates Schools (CHAS) (Patient Care); Business Management
- Highland Park Continuation High School (Education)
- Hollywood High School - New Media Academy (NMA) (Production and Managerial Arts, Animation); Teaching Career Academy (TCA) (Child Development)
- Marquez High School - Huntington Park Institute for Applied Medicine (HPIAM) (Biotechnology and Patient Care)

- Manual Arts High School - School for Medicine, Arts & Technology (SMART) (Biotechnology, Patient Care); School of Business, Education, Service and Technology (BEST) (Business Management)
- Metropolitan High School (Design Visual and Media Arts)
- Orthopaedic Hospital Medical Magnet High School - Biotechnology
- Reseda Charter High School Arts, Media and Entertainment Magnet AMEM (Production and Managerial Arts); Biotechnology
- RFK Community Schools - School for the Visual Arts and Humanities (SVAH) (Design Visual and Media Arts)
- RFK Community Schools - Los Angeles High School of the Arts (LAHSA) (Performing Arts, Production and Managerial Arts)
- Roosevelt High School - Medical and Health Sciences (Biotechnology); Law Academy (Legal Practices); STEAM (Information Support Services); Academy of Music and Digital Production (AMDP)
- Roybal Learning Center - Film and Television Magnet (FTVM) (Production and Managerial Arts)
- STEM Academy of Hollywood (Biotechnology, Engineering Design, Software and Systems Development)
- Sylmar Biotech Health and Engineering Magnet (Biotechnology, Patient Care, Engineering Design)
- Torres High School - East LA Performing Arts Magnet (ELAPA) (Performing Arts)
- University Pathways Medical Magnet (UMED) (Patient Care)
- University Pathways Public Service Academy ( )
- Venice High School - STEMM Magnet (Engineering Design)
- West Adams Prep High School - Culinary Arts (Food Service and Hospitality), STEM Academy (Engineering Design), Public Service (Public Safety)

## **Goal 1, Action 30: Linked Learning**

### [Linked Learning Middle School PATHWAYS \(Grades 6-8\)](#)

- Audubon Middle School (Production and Managerial Arts, Design, Visual and Media Arts)
- Hollenbeck Middle School - STEMM Magnet Academy (Engineering Design)
- Gage Middle School STEAM Magnet
- Los Angeles Academy Middle School - STEAM Magnet (Engineering and Architecture)
- Mulholland Middle School - Robotics Magnet (Engineering Design)
- Nightingale Middle School - Business Entrepreneurship Technology Magnet (BET) (Entrepreneurship); Gifted STEM Magnet (Software and Systems Development)
- South Gate Middle School - STEAM
- Southeast DREAMS Magnet (Engineering Design)
- Sutter Middle School - STEAM and Leadership Magnet (Engineering Design)
- Webster Middle School STEAM Magnet (Engineering Design)

### [Linked Learning Elementary School PATHWAYS \(Grades K-5/6\)](#)

- Euclid Ave. Elementary School - Gifted STEAM Magnet (Engineering Design)
- Glassell Park Elementary School - STEAM Magnet

### [Linked Learning SPAN School PATHWAYS \(Grades K-8, 6-12\)](#)

- Arroyo Seco Museum Science Magnet (K-8)

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
  - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA’s final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity’s budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA’s diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA’s community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### *General Information*

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA’s LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### *Reflections: Annual Performance*

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA’s annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### ***Reflections: Technical Assistance***

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

### ***Comprehensive Support and Improvement***

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

#### **Schools Identified**

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

#### **Support for Identified Schools**

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

#### **Monitoring and Evaluating Effectiveness**

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

## **Engaging Educational Partners**

# Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and

- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### ***Respond to the prompts as follows:***

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### ***Complete the table as follows:***

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

## Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

## A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process

- Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

### Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

#### Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## ***Broad Goal***

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

### An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

## ***Maintenance of Progress Goal***

### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### ***Measuring and Reporting Results:***

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:

- The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
- The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
    - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

### **Actions:**

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

## Description

- Provide a brief description of the action.
  - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
  - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.

- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the

identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

***LEA-wide and Schoolwide Actions***

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

***For School Districts Only***

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

#### Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

#### Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

#### LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

## Required Descriptions:

### ***LEA-wide and Schoolwide Actions***

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

## How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5

CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. *This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.*
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action is included as contributing to meeting the increased or improved services requirement; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If “Yes” is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and

determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### ***Contributing Actions Table***

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

## ***Contributing Actions Annual Update Table***

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

## ***LCFF Carryover Table***

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
