

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Nuview Union School District

CDS Code: 33671570000000

School Year: 2024-25

LEA contact information:

Erica Williams

Director of Educational Services and ELOP

ewilliams@nuviewusd.org

951-928-0066

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

Projected Revenue by Fund Source

This chart shows the total general purpose revenue Nuview Union School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Nuvview Union School District is \$31,122,203, of which \$21,911,185 is Local Control Funding Formula (LCFF), \$5,659,361 is other state funds, \$2,593,079 is local funds, and \$958,578 is federal funds. Of the \$21,911,185 in LCFF Funds, \$6,169,218 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Nuview Union School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Nuview Union School District plans to spend \$32,951,228 for the 2024-25 school year. Of that amount, \$10,281,830 is tied to actions/services in the LCAP and \$22,669,398 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The budgeted expenditures that are not included in the LCAP will be used for, but not limited, to the following: staffing, general supplies, insurance, utilities, maintenance, custodial, grounds, facility needs, technology needs, transportation, special education, and professional development.

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Nuview Union School District is projecting it will receive \$6,169,218 based on the enrollment of foster youth, English learner, and low-income students. Nuview Union School District must describe how it intends to increase or improve services for high needs students in the LCAP. Nuview Union School District plans to spend \$5,922,691 towards meeting this requirement, as described in the LCAP.

After reviewing data with educational partners, 30% of our student population are English Learners who are not making adequate progress. With the knowledge of this data and doing a comprehensive needs assessment at each of the school sites, it was determined that students aren't being provided Designated and Integrated ELD on a consistent basis. Teachers will have specific planning time to address the needs of English Learners. This will allow them to analyze student data, plan designated lessons and ensure ELD standards are being addressed in integrated strategies in Core subject areas. The difference in projected funds and budgeted expenditures amount of \$246,527 has an equivalent contributing percentage of

1.6895% that is being provided to increase services to high needs students.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Nuvview Union School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Nuvview Union School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Nuvview Union School District's LCAP budgeted \$5,698,189 for planned actions to increase or improve services for high needs students. Nuvview Union School District actually spent \$5,882,641 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Goals and Actions

Goal

Goal #	Description
1	Students will demonstrate annual growth towards academic proficiency on grade level standards as measured by common, local and statewide assessments.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Progress on CA English Language Development	In 2019, 45.4% of our English Learners were making progress towards English Language proficiency as measured by the Summative ELPAC assessment.	For the 2021-2022 school year, District wide we currently have 484 EL students. On the Summative ELPAC given in the spring of 2021, our students scored as follows: 25.1% of our students scored a 4 - well developed 31.5% of our students scored a 3 - moderately developed 23.5% of our students scored a 2 - somewhat developed 19.9% of our students scored a 1 - minimally developed	For the 2022-2023 school year, District wide we currently have 449 EL students. On the Summative ELPAC given in the spring of 2022, our students scored as follows: 16.85% of our students scored a 4 - well developed 33.70% of our students scored a 3 - moderately developed 35.67% of our students scored a 2 - somewhat developed 13.79% of our students scored a 1 - minimally developed In 2022, 46.9% of our English Learners were making progress	For the 2023-2024 school year, District wide we currently have 484 EL students. On the Summative ELPAC given in the spring of 2023, our students scored as follows: 23.9% of our students scored a 4 - well developed 35.9% of our students scored a 3 - moderately developed 27.4% of our students scored a 2 - somewhat developed 12.5% of our students scored a 1 - minimally developed In 2023 42.5% of our English Learners were making progress	By the end of the 2023-24 school year, we expect to see that at least 80% of our English Learners will show progress towards English Language proficiency as measured by the Summative ELPAC assessment.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
			towards English Language proficiency as measured by the Summative ELPAC assessment and reported on the CA Dashboard.	towards English Language proficiency as measured by the Summative ELPAC assessment and reported on the CA Dashboard.	
Reclassification of Fluent English Proficient	In the 2020-21 school year, 19.2% of our English language learners were reclassified.	For the 2021-2022 school year, District wide we have reclassified 46 students this school year (9.5%). We continue to monitor the 419 Reclassified Fluent English Proficient students that have been reclassified over the prior four years.	For the 2022-2023 school year, District wide we have reclassified 36 students this school year (8%). We continue to monitor the 171 Reclassified Fluent English Proficient students that have been reclassified over the prior four years.	For the 2023-2024 school year, District wide we have reclassified 31 students this school year (6.8%). We continue to monitor the 92 Reclassified Fluent English Proficient students that have been reclassified over the prior four years.	By the end of the 2023-24 school year, we expect to see at least a 10% increase in the amount of our English Learners who are reclassified as Fluent English Proficient.
Student performance on CAASPP English Language Arts Assessment (All Students)	2019 Dashboard Status: 21.2 points below standard Current Dashboard Status: Low Dashboard Performance Level: Orange	The CAASPP was not administered in the 20-21 school year. Currently, we are administering the CAASPP in the 21-22 school year. Therefore we used local assessment data for the metric for this year. According to our most recent IREADY ELA diagnostic	2022 Dashboard (ELA - All Students): Status: 44.1 points below standard Current Dashboard Status: Low	2023 Dashboard (ELA-All Students): Status: 47.4 points below standard Current Dashboard Status: Low	By the end of the 2023-24 school year, we expect to see improved outcomes and growth for all students, as measured by and corresponding with academic performance in ELA as shown on the California School Dashboard. This

Professional Development	50% of certificated staff and 25% of paraprofessional staff have received training in district wide instructional initiatives such as Direct Interactive Instruction, Universal Design for Learning, and other identified best instructional practices.	For the 2021-2022 school year, due to staff and substitute shortages, we have not been able to focus as much on professional development as planned. Our focus has been on internal professional development through our early out collaboration days with our Teachers on Special Assignment. We also utilized the Center for Teacher Innovations to provide coaching to our beginning and temporary teachers. Our internal professional development trainings have focused on topics such as Direct	For the 2022-2023 school year, we focused on providing training in district wide instructional initiatives such as Step Up To Writing , Amplify Science curriculum, IREADY, Building minds math summit, and other identified best instructional practices.	For the 2023-2024 school year, we provided training on district wide initiatives in Amplify Science Curriculum, Math Strategies, Autism Training and other identified best instructional practices.	By the end of the 2023-24 school year, at least 90% of certificated staff and 75% of paraprofessional staff will receive training in these district wide instructional initiatives. We also expect to see an increase in the amount of staff at all school sites utilizing the agreed upon best practices and strategies with continuity. Sign-In/Attendance sheets, agendas and notes from trainings will be collected.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		Interactive Instruction, Professional Learning Communities and curriculum/educational tools focused trainings (ie. Nearpod, ELlevation, Learning Leadership training). In addition, our Principals, SPED teachers and counselors were trained by our SELPA in the areas of learning recovery and behavior emergency reporting.			
Williams Sufficiency Report (every student has sufficient access to standards aligned materials)	Currently we are at a 100% in our Williams Compliance Rate. Currently, all students have access to standards aligned instructional materials.	For the 2021-2022 school year, District wide we are currently at 100% in our Williams Compliance rate. Currently, all students have access to standards aligned instructional materials.	For the 2022-2023 school year, District wide we are currently at 100% in our Williams Compliance rate. Currently, all students have access to standards aligned instructional materials.	For the 2023-2024 school year, District wide we are currently at 100% in our Williams Compliance rate. Currently, all students have access to standards aligned instructional materials.	By the end of the 2023-24 school year, we will maintain all Williams complaints at Zero or resolved. we will also continue to ensure that 100% of all students have access to core instructional materials.
Ensure highly qualified staff for NUSD	Currently 100% of teachers are determined to be highly qualified by DataQuest.	For the 2021-2022 school year, all of our teachers are credentialed to teach in the subject matter for which they are designated with the	The Teaching Assignment Monitoring Outcomes (TAMO) data for this LCAP year (2022-2023) is yet to be released. We will	The Teaching Assignment Monitoring Outcomes (TAMO) data for this LCAP year (2023-2024) is yet to be released. 		exception of one teacher at the elementary level who is on an emergency permit.	provide an update to the board and to this plan once it is released.	provide an update to the board and to this plan once it is released.	highly qualified by DataQuest.
Implementation of State Standards	In grades TK-3 we purchased an English language Arts and ELD textbook and are in the third full year of implementation. Teachers were provided continued training and support to ensure full implementation of this text. Grades 4-8 are using Engage New York as an Open Educational Resource and this is being implemented because all of our students in these grades are 1-to-1 with every student having access to a chrome book. We implemented English 3D in grades 4 through 8 as our designated ELD curriculum. Training was provided throughout the year to	For the 2021-2022 school year, in grades K-8, we started the pilot for our new Science textbook adoption. Approximately two teachers per grade level/science department have piloted two different textbooks over the last 16 weeks. We hope to bring a final choice to the board for adoption by June 2022, with implementation and training set to begin in August 2022. In addition, according to our most recent State self reflection tool utilized for priority 2 (Implementation of State Standards) we rated: "5" - full implementation and sustainability in the	For the 2022-2023 school year, in grades TK-8, we are in the first full year of implementation of our newly adopted Science curriculum-AMPLIFY SCIENCE. In addition, according to our most recent State self reflection tool utilized for priority 2 (Implementation of State Standards) we rated: "5" - full implementation and sustainability in the math and ELA content areas "4" - full implementation for History/Social Science and ELD "3" - beginning development for Next Generation Science Standards	For the 2023-2024 school year we have no newly adopted curriculum. According to our most recent state self reflection tool utilized for priority 2 (Implementation of State Standards) we rated: "5" - full implementation and sustainability in the math and ELA content areas "4" - full implementation for History/Social Science and ELD "3" - beginning development for Next Generation Science Standards	By the end of the 2023-24 school year, we will continue to have 100% of teachers trained in the selected textbook to ensure implementation of state standards.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	ensure that our teachers were addressing the standards.	math and ELA content areas "4" - full implementation for History/Social Science and ELD "2" - beginning development for Next Generation Science Standards			
Course Offerings- Broad Course of Study	NUSD offered courses described under section 51210 and 51220 (a)-(i) as applicable during the 2020-2021 academic year.	For the 2021-22 school year, NUSD continued to offer courses described under section 51210 and 51220 (a)-(i) as applicable during the 2020-2021 academic year. A total of 160 students at our middle school, enrolled in our Science Technology Engineering and Math (STEM) program. 108 of those students are considered unduplicated under LCFF. 6 of these students are our SWD. Grade A: Out of 64 students that received	For the 2022-23 school year, NUSD continued to offer courses described under section 51210 and 51220 (a)-(i) as applicable during the 2020-2021 academic year. A total of 127 students at our middle school, enrolled in our Science Technology Engineering and Math (STEM) program. 81 of those students are considered unduplicated under LCFF. 2 of these students are a SWD. Grade A: Out of 45 students that received an "A" in the course,	For the 2023-2024 school year, NUSD continued to offer courses described under setion 51210 and 51220 a-i as applicable during the 2022-2023 academic year. A total of 135 students at our middle school, enrolled in our Science Technology Engineering and Math (STEM) program. 86 of those students are considered unduplicated under LCFF.	By the end of the 2023-24 school year, we will continue to offer courses described under section 51210 and 51220 (a)-(i) as applicable.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		<p>an "A" in the course, 46 were unduplicated students and 3 are our SWD.</p> <p>Grade B: Out of 60 students that received an "B" in the course, 44 were unduplicated students and 2 are our SWD.</p> <p>Grade C: Out of 20 students that received an "C" in the course, 18 were unduplicated students.</p>	<p>29 were unduplicated students and 1 is a SWD.</p> <p>Grade B: Out of 33 students that received an "B" in the course, 22 were unduplicated students and 1 is a SWD.</p> <p>Grade C: Out of 29 students that received an "C" in the course, 20 were unduplicated students.</p>		
Class Size Ratios	Contract Maximum for TK-3 is 25 (average of 24); Grades 4-6 maximum is 37 with additional compensation; Grades 7-8 maximum is 39 with additional compensation.	For the 2021-22 school year, we are maintaining an average of 22 in TK-3, an average of 31 in grades 4-6, and an average of 27 in grades 7-8.	For the 2022-23 school year, we are have reduced our class size ratio to an average of 21.3 in TK-3, an average of 30.1 in grades 4-6, and an average of 22.4 in grades 7-8.	For the 2023-2024 school year, the class size ratios are as follows: TK-3: 21 4-6: 29 7-8: 26rat	Use supplemental concentration funds to lower class sizes below the base maximum contract sizes. By the end of the 2023-24 school year, ideally, we want to maintain an average of 22 or below in TK-3, an average of 31 or below for grades 4-6, and an average of 32 or below for grades 7-8.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

In Action 1.1, for the 2023-2024 school year, we provided training on district-wide initiatives in Amplify Science Curriculum, Math Strategies, Autism Training, and other identified best instructional practices. In Action 1.2, we utilized supplemental materials to assist in delivering the core curriculum. 42.5% of our English Learners were progressing towards English Language proficiency as measured by the Summative ELPAC assessment and reported on the CA Dashboard. In Action 1.3, our data shows that the work of our intervention teachers and the use of PE teachers is working. We were able to provide intervention to more of our students this year, especially in the area of math. In Action 1.4, we continued to offer additional instructional minutes, providing 60 additional minutes each week for the first-best instruction. In Action 1.5, after eight years of providing a STEM program at our elementary sites, we shifted the STEM lab to more of a Makerspace. This continued to enrich our students and increase their engagement with more current materials. We continue exploring opportunities to improve students' engagement through Arts and Music. In Action 1.6, our focus on staff-to-student ratio this school year enabled us to provide students with ratios below our metric. For the 2023-2024 school year, the class size ratios are as follows: TK-3: 21, 4-6: 29, 7-8: 26. In Action 1.7, we added a speech and language pathologist to meet the increased needs of our students. We also provided PD for special education staff in the area of autism and supplemental curriculum in the area of ELA. In Action 1.8, we expanded the after-school offerings to our students by creating one comprehensive program that provided students with homework assistance, ELA and math intervention, physical exercise, and enrichment opportunities. We prioritized unduplicated student enrollment in the program to guarantee a spot for every student who wanted to participate.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 1.6 Staff-to-Student Ratios: Additional funds of \$200,000 were spent in this area as TK and Kindergarten instructional assistants were moved to these areas, contributing to reducing staff-to-student ratios. This assisted in better serving our unduplicated students by providing them with more small-group and individual learning opportunities.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

In many areas of Goal 1, we fell short of making progress. The baselines were taken from 2019 data. With the data provided as the baseline being pre-COVID, we have found that we have had a long path to get back to the original baseline data before showing progress above the baseline data.

Action 1.1 Professional Development on District-Wide Instructional Initiatives. While we met this goal for our certificated staff, we are including it in our next cycle to improve professional development for classified staff.

Action 1.2 Supplemental Instructional Programs and Materials. We have been analyzing the effectiveness of using IReady for our middle school students. By year eight of using the program, we are not seeing the academic benefit for our middle school students, so we are researching other supplemental programs that may offer more support.

Action 1.3 Our data shows that the work of our intervention TOSAS and the use of PE teachers is working. We provided intervention to more of our students this year in smaller group settings, and additional interventions were provided to our students in math and English.

Action 1.4, 1.5, 1.6, and 1.8- The district has effectively fulfilled these actions, contributing to student progress. Students have received 36 additional hours of first, best instruction through the extension of the school day. Students are provided additional ELA and math intervention and enrichment through our Extended Learning Opportunities taught by our credentialed teachers. The metrics of ensuring highly qualified staff 95%, implementation of state standards 100%, and offering a broad course of study all contribute to the effectiveness of fulfilling these actions. For the 2023-2024 school year, the class size ratios are as follows: TK-3: 21, 4-6: 29, 7-8: 26, which is lower than the prior years in the plan.

Action 1.7- The district has effectively made progress with this action. Unduplicated students with disabilities have been provided with additional staff to reduce the ratio, and additional supplemental programs and staff have been provided with Professional Development. This action has been continued in the LCAP based on not meeting the metrics set to measure this action. Students with disabilities continue to score low/very low on the California Dashboard in the areas of math, ELA, and ELD.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

All actions in Goal 1 and 2 will be implemented in the 24-25 LCAP. Metrics for several of these actions have been changed to ensure that we are gathering the most accurate data to determine that we are meeting the goals and actions described. Goal 3 and the actions included in that goal will be incorporated into Goal 1 as technology is viewed as a resource to allow unduplicated students to access the curriculum better.

Goal 1 has been changed to reflect technology as a resource within the goal.

Action 1.1 Based on the current needs of the students and desired outcomes, we have changed the professional development focus for staff to focus on math and English Language Development, which are two areas of need shown on the 2023 Dashboard.

Action 1.2- Based on the current needs of the students and desired outcomes, supplemental programs formerly used will no longer be used, and new supplemental programs will begin. The metric for measuring the desired outcome has changed to reflect a shift to points from standard instead of a percentage of students making progress.

Action 1.3—Based on the students' current needs and desired outcomes, the metric has changed as we continue this action.

Action 1.5- This action will continue with changes in the new LCAP to reflect our change from STEM Labs to Makerspace Labs.

Action 1.7—This action has not had the desired results in increased performance by unduplicated students with disabilities. As we move into the new three-year cycle, additional staff training and reduced caseloads are anticipated changes.

--

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Students will be provided additional supports to ensure equal access to a safe, supportive and nurturing environment that promotes equity, engagement, and school connectedness.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Suspension Rate: All Students	Dashboard Rate (2019): 3.2% Dashboard Status (2019): High Dashboard Performance Level: Orange	For the 2021-2022 school year, District wide (all students) there have been 32 suspensions (2%).	Suspension Rate: All Students Dashboard Rate (2022): 2.5% Dashboard Status (2022): Medium	Suspension Rate: All Students Dashboard Rate (2023): 6.4% Dashboard Status (2023): Very High	By the end of the 2023-24 school year, we expect to see a .5% decline in the suspension rate of all students.
Suspension Rate: Mountain Shadows	Dashboard Rate (2019): 8.5% Dashboard Status (2019): High Dashboard Performance Level: Orange	At MSMS, there have been 21 suspensions in the 2021-2022 school year (6%). Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	Dashboard Performance Level: Medium	statewide the chronic absentee rates have increased dramatically due to the pandemic. As a reminder, chronic absentee means being absent for any reason, including excused absences.	Current rate (as of 4/27/23 from AERIES): 32.2% Dashboard Status (2022): Very High	Dashboard Status (2023): Very High	
Chronic Absenteeism (Students with Disabilities)	Dashboard Rate (2019): 13.9% Dashboard Status (2019): Red Dashboard Performance Level: High	For the 2021-2022 school year, we have 139 of our Students with Disabilities (SWD) who are chronically absent (9%).	Chronic Absenteeism (Students with Disabilities) Dashboard Rate (2022): 51% Current rate (as of 4/27/23 from AERIES): 44.4% Dashboard Status (2022): Very High	Chronic Absenteeism (Students with Disabilities) Dashboard Rate (2023): 45.2% Dashboard Status (2023): Very High	By the end of the 2023-24 school year, we expect to see a 5% decline in the chronic absentee rate for our Students with Disabilities.
Middle School Dropout Rate	In the 19-20 school year, we had 2 out of our 403 students who were considered middle school dropouts, as defined by CALPADS.	For the 20-21 school year, we had 4 students who were considered middle school dropouts, as defined by CALPADS.	For the 21-22 school year, we had 4 students who were considered middle school dropouts, as defined by CALPADS.	For the 2022-2023 school year, there was 1 student that was considered a middle school dropout as defined by CALPADS.	By the end of the 2023-24 school year, we expect to see our middle school dropout rate at 0%.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Average Daily Attendance (All Students)	In the 18-19 school year, the district wide average daily attendance rate was at 94.84%.	For the 2021-2022 school year, the district wide average daily attendance rate is at 88.95%.	For the 2022-2023 school year, the district wide average daily attendance rate is at 91.22%.	For the 2023-2024 school year, the district wide average daily attendance rate is 93.65%.	By the end of the 2023-24 school year, we expect to see an increase to at least 96% for our Average Daily Attendance.
Professional Development	50% of certificated staff and 25% of paraprofessional staff have received some level of professional development in the area of positive behavior and intervention supports (PBIS), alternative means of correction, behavior support plans, and other mental health needs.	For the 2021-2022 school year, staff at all three sites have continued to participate in professional development such as in-house PBIS training and mental health needs. In addition, our principals have attended Other Means of Correction training through RCOE and Capturing Kids' Hearts SEL training. Due to staff and substitute shortages, we have not been able to focus as much on professional development as planned. Our focus has been on internal professional development through our early out collaboration days	For the 2022-2023 school year, staff at all three sites have continued to participate in professional development such as PBIS training and mental health needs. We had 45 classified and certificated staff members trained in ProAct Crisis Response training. 22 of those staff members were also additional trained in Pro Act -Restraint.	For the 2023-2024 school year, all three sites have participated in professional development such as SEL training and alternate means of correction.	By the end of the 2023-24 school year, we expect that at least 95% of certificated staff and 75% of paraprofessional staff will have received training in these initiatives. We also expect to see an increase in the amount of administrators and staff at all school sites utilizing the agreed upon best practices and strategies with continuity. Sign-In/Attendance sheets, agendas and notes from trainings will be collected.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		with our Teachers on Special Assignment and School Counselors. In addition, our Principals, SPED teachers and counselors were trained by our SELPA in the areas of learning recovery and behavior emergency reporting.			
Expulsion Rate	According to Data Quest, the 2019 expulsion rate for NUSD students was 0% for the school year.	According to Data Quest, the 2020-21 expulsion rate for NUSD students was 0% for the school year.	According to Data Quest, the 2021-22 expulsion rate for NUSD students was 0% for the school year.	According to Data Quest, the 2022-2023 expulsion rate for NUSD students was 0% for the school year.	By the end of the 2023-24 school year, we expect that our expulsion rate will remain at 0%.
Parent Involvement Opportunities and Input	<p>As indicated by our 2021 LCAP stakeholder feedback survey:</p> <p>75.7% of respondents indicated that parents feel welcomed at the school sites</p> <p>51.8% of respondents indicated that the school provides workshops on</p>	<p>As indicated by our 2022 LCAP stakeholder feedback survey:</p> <p>80% of respondents indicated that parents feel welcomed at the school sites (increase of 4.3% from baseline)</p> <p>63.1% of respondents indicated that the school provides workshops on</p>	<p>As indicated by our 2023 LCAP stakeholder feedback survey:</p> <p>81% of respondents indicated that parents feel welcomed at the school sites (increase of 5.3% from baseline)</p> <p>54.1% of respondents indicated that the school provides workshops on</p>	<p>As indicated by our 2024 LCAP educational partner feedback survey:</p> <p>56.3% of respondents indicated that parents feel welcomed at the school sites (decrease of 19.4% from baseline)</p> <p>56.1% of respondents indicated that the school provides workshops on</p>	<p>By the end of the 2023-24 school year, we expect to see a 10% increase in the amount of parents who feel welcomed at school sites and feel included in the school advisory committees. Facility Inspection Tool (FIT)	In November 2020, all of our sites scored an overall ranking of 'good' on the annual FIT inspection.	In January 2022, all of our sites scored an overall ranking of "good" on the annual FIT inspection.	In January 2023, all of our sites except MSMS scored an overall ranking of "good" on the annual FIT inspection. MSMS scored an overall ranking of "Fair". MSMS received deficiencies in the area of cleanliness. These deficiencies will be repaired and	In December 2023, all of our sites scored an overall ranking of "good" on the annual FIT inspection.	By the end of the 2023-24 school year, we expect to see that all of our sites scored at least an overall ranking of 'good' or "exemplary" on the annual FIT inspection.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
			reported out on the next annual inspection.		
Transportation Usage and Expanded routes	Analysis of our current transportation services show that students do not have safe community walking pathways to our schools to best meet student needs. In addition at SART/SARB meetings held in 2019-20 school year, home-to-school transportation was a primary barrier to student attendance. In the 2019-20 school year, 525 of our 1548 students (34%) utilized our free home-to-school transportation.	For the 2021-2022 school year, 893 of our 1,487 students (60%) utilize our free home-to-school transportation. This year, all bus riders were issued a bus pass which helped to ensure safe home to school transportation. NES - Out of 570 students, 331 students utilize transportation (58%). VVES - Out of 583 students, 290 students utilize transportation (49%). MSMS - Out of 334 students, 272 students utilize transportation (81%).	For the 2022-2023 school year, 852 of our 1,487 students (57.3%) utilize our free home-to-school transportation. This year, all bus riders continued to utilize a bus pass which helped to ensure safe home to school transportation. NES - Out of 601 students, 310 students utilize transportation (51.6%). VVES - Out of 549 students, 282 students utilize transportation (51.4%). MSMS - Out of 337 students, 260 students utilize transportation (77%).	For the 2023-2024 school year, 847 of our students (56.03%) utilize the free home-to-school transportation offered. NES- 46.94% VVES- 50.86% MSMS- 81.60%	By the end of the 2023-24 school year, we expect to see a 3% increase in the amount of students who utilize free home to school transportation to ensure increased attendance for unduplicated and for our Students with Disabilities.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Nuview Union School District implemented most of Goal 2 actions. We continued to see an increased need for social-emotional support for our students.

Action 2.1 Staff received professional development in the Second Step Curriculum and a district social worker was hired.

Action 2.2 Sites used their site allocations to ensure they intentionally supported unduplicated students. Sites focused on student attendance to ensure first, best instruction. Chronic Absenteeism (All Students), Dashboard Rate (2023): 31.9% Dashboard Status (2023): Very High. While this rate was still high, it was a 13.8% decrease from the previous year.

Action 2.3 The district provided additional counseling services to our unduplicated students.

Action 2.4 For the 2023-2024 school year, 847 students (56.03%) used the free home-to-school transportation offered. NES- 46.94% VVES- 50.86% MSMS- 81.60%.

Action 2.5 The increased health services provided to students helped to support increased attendance. For the 2023-2024 school year, the district-wide average daily attendance rate is 93.65%, an increase of 2.43% from the previous year.

Actions 2.6, 2.7, and 2.8 were implemented as planned.

Action 2.6 In this action, we saw a decrease from the baseline in the metric of parents feeling welcome on campus. As a district, we are continuing to explore ways to increase the number of parents who feel welcome on campus by sharing with site staff the open-ended results of the survey, where parents have provided us with specific information.

Action 2.7 In this action, we saw a decrease from the baseline. This prompted a follow-up survey of our 5th- 8th grade students. As a result, we have added a security guard to the elementary site that did not previously have one. This is to increase students' feelings of safety on the school site. The increased feeling of safety will allow students to focus on their learning.

Action 2.8 In December 2023, all of our sites scored an overall " good " ranking on the annual FIT inspection.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action 2.7 there was an increase in the budget of \$160,161 in the area of communication, safety and security due to additional monies being spent through the safety committee on fencing, buzzer access to campuses and campus security. This showed as a high priority to educational partners in the LCAP survey.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

2.1 Professional development in the area of Second Step was provided to all middle school staff. Metrics of suspension data from the 2023 Dashboard are not showing the results anticipated. Second Step will be part of a new elective wheel for students to ensure all students are receiving consistent SEL curriculum. In addition, we hired a social worker who runs a wellness center at the middle school. Based on the

reduction in the number of suspensions this school year at the middle school, we are anticipating 2024 Dashboard improvement in the area of suspension at the middle school.

2.2, 2.3, 2.4, 2.5, and 2.8 Have been effective in making progress towards the goal. While not every metric was met, steady progress was made in the outcomes over the three-year cycle.

2.6 and 2.7 These actions will be continued in the new LCAP cycle, as the progress desired wasn't achieved based on the metrics set and is considered ineffective. New metrics have been established, additional staff will be hired, and systems will be put in place to achieve the desired outcome over the next LCAP cycle. As indicated by our 2024 LCAP educational partner feedback survey: 56.3% of respondents indicated that parents feel welcomed at the school sites (decrease of 19.4% from baseline) 56.1% of respondents indicated that the school provides workshops on educational priorities for parents (increase of 4.3% from baseline) 60.9% of respondents indicated that parents are included in school site advisory committees (decrease of 19.3% from baseline) As indicated by our 2024 LCAP educational partner feedback survey: 60.1% of respondents agreed that staff does more than expected to keep students engaged and connected to school.

49.1% of respondents indicated that students feel connected to school (decrease of 21% from baseline) 60.1% of respondents indicated that students feel safe at school (decrease of 15.8% from baseline) 55.6% of respondents indicated that the school provides extracurricular activities such as clubs, sports, band, etc. (increase of 1% from baseline).

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Changes to the goal have been made to address a more systems-based approach. All Goal 2 actions (23-24) have been moved to Goal 3 (24-25). Goal 3 actions (23-24) are being embedded into Goal 1 (24-25), and a new goal will be added to the plan. Goal 2 is now "Improve the English proficiency and academic achievement of English Learners."

2.1 This action has been changed to provide staff training in trauma-informed practices and to expand Pro-Act Training.

2.2 Principals have attended professional development in Strategic Planning. Site SPSAs will be more aligned to the LCAP and site allocations utilized to address the actions developed to address site-specific needs.

2.4 Metric changed to reflect student attendance when transportation is provided.

2.7 The budget for this action has been significantly changed to address the safety needs at all three of our school sites by adding additional staff and safety measures.

2.8 The budget for this action has changed significantly due to the completion of providing new furniture to the sites.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Develop 21st century skills and digital literacy to provide all students a platform for success in a digital world.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Percent of identified students accessing such online programs and applications to support their academic needs	As we began the school year, it was evident that there was a need for student access to additional online applications such as Google classroom, apps for education, Flipgrid, iReady, and other online tools. At the current time, approximately 70% of our students are accessing these available online tools, programs and applications.	For the 2021-2022 school year, approximately 75% of our students are accessing these available online tools, programs and applications.	For the 2022-2023 school year, approximately 94% of our students are accessing these available online tools, programs and applications.	For the 2023-2024 school year, over 95% of our students are accessing these available online tools, programs and applications.	By the end of the 2023-24 school year, we expect that at least 95% of our students will be accessing the available online tools, applications and programs in order to enhance their educational experience.
Number of devices accessible to students and staff	100% of students currently have access to devices that will meet the needs of	For the 2021-2022 school year, 100% of students currently have access to	For the 2022-2023 school year, 100% of students currently have access to	For the 2023-2024 school year, 100% of students currently have access to	By the end of the 2023-24 school year, we expect to continue our 1:1 student-to-

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	instruction and assessment.	devices that will meet the needs of instruction and assessment. We still have budgeted and plan to spend with one time federal funds additional devices up to \$350K.	devices that will meet the needs of instruction and assessment.	devices that will meet the needs of instruction and assessment.	device ratio for students to use at school and at home.
Professional development	As we began the school year, it was evident that teachers and staff saw the need for increased professional development in the areas of virtual teaching and learning. Currently approximately 50% of our staff has been trained in areas such as google classroom and computer application programs/tools.	For the 2021-2022 school year, approximately 55% of our staff has been trained in areas such as Google classroom and computer application programs/tools. In addition, 6 of our teachers attended a Google camp in the summer of 2021.	For the 2022-2023 school year, approximately 55% of our staff has been trained in areas such as Google classroom and computer application programs/tools.	For the 2023-2024 school year, approximately 100% of our certificated staff and 50% of our paraprofessional staff have received training in these initiatives.	By the end of the 2023-24 school year, we expect that at least 95% of certificated staff and 75% of paraprofessional staff will have received training in these initiatives.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Nuview Union School District implemented all of Goal 3 actions as described. There were no substantive differences in planned actions and actual implementation of these actions. The technology department was able to address 1,537 technology tickets during the 23-24 school year. 12 families accessed a MiFi to have internet access and 55 laptops were purchased to maintain the 1:1 device ratio.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no material differences between Budgeted Expenditures and Estimated Actual Expenditures for this goal.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions in this goal were all effective. Students were provided with 1:1 devices, students were accessing online programs, and teachers were receiving professional development. For the 2023-2024 school year, 100% of students currently have access to devices that will meet the needs of instruction and assessment. For the 2023-2024 school year, over 95% of our students are accessing these available online tools, programs, and applications. While effective, the three actions in this goal will be incorporated into Goal 1 as technology is a resource that allows students to access the curriculum.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

This goal has been eliminated and incorporated into the new goal of increasing academic proficiency in literacy, numeracy, and 21st-century competencies through the implementation of high-caliber teaching methods and learning strategies. Actions 3.1, 3.2, and 3.3 will all be incorporated into Goal 1. This will incorporate technology into student's academic progress. The metrics developed will be regarding student performance.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Nuvew Union School District	Erica Williams Director of Educational Services and ELOP	ewilliams@nuviewusd.org 951-928-0066

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Nuvew Union School District (NUSD) is a small district serving students from transitional kindergarten to 8th grade in the Lakeview, Perris, and Nuevo communities. It is comprised of two elementary schools for TK-6th grade and one middle school for 7th and 8th grades, with a total student population of approximately 1500 students. The current Average Daily Attendance stands at 93.0%. 83% of NUSD students are classified as Socio-Economically Disadvantaged, and 31% are English language learners (EL). The student body is predominantly Hispanic (84%), followed by White (10%) students, with smaller percentages of African American (.8%), multiracial (2.2%), Asian (0.4%), American Indian (0.1%), Filipino (0.1%), and Pacific Islander (0.1%) students. Additionally, 13.6% are students with disabilities (SWD), 8.5% are experiencing homelessness, and 0.4% are foster youth.

NUSD is committed to fostering high expectations, beginning with quality classroom instruction. The curriculum includes Eureka Math for all grades, Engage New York ELA for grades 4 through 8, and McGraw Hill Wonders for TK-3. Amplify Science is used TK-8 to address Next Generation Science Standards and TCI for Social Studies. Two Teachers on Special Assignment (TOSA) per elementary school provide Tier 2 Intervention in math and English language arts, while the middle school TOSA focuses on English language arts. Intervention programs such as I-Ready are utilized, with Read 180 at the middle school level. Additionally, elementary schools have full-time PE teachers to support small group interventions. Positive Behavior Intervention Supports (PBIS) are implemented district-wide.

Safety is a top priority, emphasized through feedback from educational partners and addressed by board subcommittees like the Safety Subcommittee and Facilities Subcommittee, ensuring community engagement and prioritizing safety in decision-making.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The 2023 California School Dashboard shows that the following student groups are performing at the lowest performance level (Red):

Districtwide

Academic Indicator:
English Language Arts- Homeless
Students with Disabilities
Math- English Learners
Homeless
Students with Disabilities

School Climate:
Suspension Rate- English Learners
Hispanic
Socioeconomically Disadvantaged
Students with Disabilities

School Sites: All Student Groups showing lowest performance levels

Mountain Shadows Middle School
Academic Indicator:
English Language Arts- Students with Disabilities

Math- All Students
Socioeconomically Disadvantaged
English Learners
Students with Disabilities
Hispanic

School Climate- Suspension Rate
All Students
Socioeconomically Disadvantaged
English Language Learners

Students with Disabilities
Hispanic
White

Pupil Engagement:
Chronic Absenteeism: White

Nuvview Elementary School

English Learner Progress
School Climate- Suspension Rate
Students with Disabilities
Hispanic

Pupil Engagement- Chronic Absenteeism:
Students with Disabilities

Valley View Elementary School

Academic Indicator:
English Language Arts- English Language Learners
Math: English Language Learners
Students with Disabilities

School Climate-Suspension Rate
Students with Disabilities

Our local data (IReady) shows that 70% of our students are performing at least one grade level below in reading, and 80% are performing at least one grade below in math. According to our local data, 79% of our English Learners are one or more grade levels below in reading, and 88% of our English Learners are one or more grade levels below in math.

The LEA will address these concerns through focused professional development in math and ELD. Increased staffing for students with disabilities to lower ratios and a focus on chronic absenteeism at school sites with incentives for improved attendance. In addition, continued focus on ELs through teacher planning time and intervention for the unduplicated students.

Areas that have shown growth on the 2023 California School Dashboard include the Chronic Absenteeism rate, which declined by 13.9%. Schools focusing on chronic absenteeism through the SART/SARB process, educating families on attendance, and awarding students for improved attendance are attributed to this success.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

The 2023 California School Dashboard shows that our Students with Disabilities are eligible for Differentiated Assistance in ELA, Math, and Suspension. In addition, our English Learners are eligible in math and suspension.

District leaders and site principals have participated in Differentiated Assistance meetings and the Compliance and Improvement Monitoring Process to establish the root causes of these students' challenges. Through this process, we have established plans to address the concerns.

In the CIM plan, there was one activity that was created to address the root causes:

1. Using short-term independent study at a greater rate than just missed school days.

In the DA meetings, the district is moving forward with the following plans:

Training in the area of mathematics for all teachers TK-8th grade.

Teachers are trained in designated and integrated ELD. This training incorporates both GLAD training and designated ELD lesson studies. In addition, supplemental materials are accessed to better support newcomer students in the district.

To address suspension, we have curriculum to address ATS. We will work to educate parents by hosting parent information nights. We are working on adding sensors and other devices to address the current vaping problem.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

This section is not applicable because there are no schools in the LEA identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

This section is not applicable because there are no schools in the LEA identified for CSI.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

This section is not applicable because there are no schools in the LEA identified for CSI.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
All Educational Partners	A LCAP survey was sent out January 12-26, 2024. The survey link was sent out via Parent Square and was sent out both by the district and site principals through Parent Square on multiple occasions. The survey gathered data on Basic Services, Implementation of State Standards, Parent Involvement, Student Achievement, Student Engagement, School Climate, Course Access, and Pupil Outcomes.
Parent Advisory Committee	LCAP PAC meetings occurred on 10/18/23, 2/21/24, 3/27/24, and 4/24/24. These meetings were held in person. They reviewed the purpose of the LCAP and the process. The LCAP survey, Dashboard Data, and minutes from staff LCAP meetings were reviewed. Goals and Actions were reviewed, and input was provided. Discussion took place to gather feedback on what goals and actions should be maintained in the 2024-2025 LCAP.
Student Advisory Committee	Student LCAP meetings took place with 7th and 8th grade students on 10/18/24 and 2/21/24. The LCAP process was explained, and a discussion took place to gather input on what goals and actions should be maintained in the 2024-2025 LCAP. Students' praises and concerns were heard over what they would like to see at our school sites.
District English Language Advisory Committee	The DELAC met to give input on the students' educational program and feedback on the LCAP. Meeting dates: 9/6/23, 12/6/23, 3/19/24, and 5/1/24.

Educational Partner(s)	Process for Engagement
Certificated Staff and Classified Staff	LCAP meetings were held at each of the three schools to inform and gather input. Goals and actions were reviewed, and input was provided. Meeting dates: 2/8/24, 2/13/24, and 2/15/24.
SELPA Consultation	The 2024-2025 LCAP draft was presented to the area SELPA Administrator on May 8, 2024.
Bargaining Units	Meetings were held with each Bargaining Unit president to inform and gather input. Meeting dates: 3/29/24 and 4/24/24.
Governing Board Community Members	<p>A public hearing will be held on June 4, 2024 to solicit public comment and to gather feedback from the Governing Board on the draft of the District's Local Control Accountability Plan.</p> <p>On June 13, 2024, the Board of Trustees is scheduled to approve the final draft of the District's Local Control Accountability Plan.</p>

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Gathering feedback from our educational partners helped the district to see trends in areas that need to be addressed within the LCAP. During staff LCAP meetings and LCAP PAC meetings, it was determined that our technology goal from the 2021-2024 LCAP could be incorporated into the ELA and Math goal as the technology is a tool to support learning.

During LCAP PAC meetings and the onsite staff LCAP meetings, a need was brought forth about the performance of our English Learners and additional support is needed for these students. Based on this, the district developed a new goal to directly address the needs of our students identified as English Language Learners. Additional training for staff, supplemental materials, and systems to ensure quality instruction and monitoring of our English Language Learners. (Goal 2- Action 1, 2, and 3)

In the LCAP survey, LCAP PAC meetings, and Staff LCAP meetings, a trend about student safety and connectedness emerged. Based on this, the district added action 3.6, Safety and School Connectedness, to ensure each site has a school security guard on campus throughout the school day.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Increase academic proficiency in literacy, numeracy, and 21st-century competencies through the implementation of high-caliber teaching methods and learning strategies.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 2: State Standards (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 7: Course Access (Conditions of Learning)
--

An explanation of why the LEA has developed this goal.

It has been determined after analyzing data and meeting with educational partners that there is continued need to focus on student learning and academic achievement. In order to increase student achievement, we intend to provide supplemental materials, professional development, additional instructional minutes and smaller class sizes to support the learning of our English Learners, foster youth and socio-economically disadvantaged students.
--

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Student Performance on Local Assessments	On the Spring 2024 IReady Diagnostic, 61% of our students were performing at least one grade level below in reading and 67% in math. On the IReady Diagnostic, 69% of unduplicated students were performing at least one grade level below			On the Spring 2027 IReady Diagnostic, less than 40% of students will perform at least one grade level below standard in the areas of reading and math.	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		in reading and 75% in math.				
1.2	Student performance on CAASPP ELA (all students)	2023 Dashboard Status: 47.4 points below standard			By the end of the 26-27 school year, we expect to decrease the points from standard by 42.3 points, which will result in a dashboard performance level of green.	
1.3	Student performance on CAASPP Math (all students)	2023 Dashboard Status: 77.5 points below standard			By the end of the 26-27 school year, we expect to decrease the points from standard by 52.5 points, which will result in a dashboard performance level of green.	
1.4	Professional Development	In the 2023-2024 LCAP survey, 62.8% of respondents said that students are engaged in classes and activities in Nuvview Union School District.			In the 2026-2027 LCAP survey, we expect to increase the percentage of respondents that answer that students are engaged in classes and activities in Nuvview Union School District by 17.2%.	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.5	Student Performance on CAASPP ELA (Students with Disabilities)	2023 Dashboard Status: 116.7 points below standard in the area of ELA (Students with Disabilities)			By the end of the 26-27 school year, we expect to decrease the points from standard by 111.7 points, which will result in a dashboard performance level of green for students with disabilities in the area of EL.	
1.6	Student Performance on CAASPP Math (Students with Disabilities)	2023 Dashboard Status: 146.6 points below standard in the area of Math (Students with Disabilities)			By the end of the 26-27 school year, we expect to decrease the points from standard by 121.6 points, which will result in a dashboard performance level of green for students with disabilities in the area of math.	
1.7	Class Size Ratios	Contract Maximum for TK-3 (average of 24); Grades 4-5 32:1; Grade 6 @ Elementary 33:1; Middle School Grades 6-8 34:1			By the end of the 2026-2027 school year, we want to maintain an average of 18:1 for TK; 22:1 for K-3;	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		(average with individual class not to exceed 36)			30:1 for Grade 4-6 and an average of 32:1 for 7-8 grade.	
1.8	Enrichment Opportunities	On the 2024 LCAP Survey, 40.9% of respondents stated that they disagreed that Nuvview Union School District provided extracurricular activities for their students.			By the end of the 2026-2027 school year, the number of respondents that feel Nuvview Union School District doesn't provide extracurricular activities for their students will reduce by 20% to 20.9%.	
1.9	Student Enrollment in Beyond the Bell	253 students are currently enrolled in the Beyond the Bell (ELOP/ASES) program			By the end of the 2026-2027 school year, we will increase the number of students enrolled in Beyond the Bell (ELOP/ASES) program by 10%.	
1.10	Devices accessible to students and staff	100% of students currently have access to devices that will meet instruction and assessment needs.			By the end of the 2026-2027 school year, we expect to continue our 1:1 student to device	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
					ratio for students. TK-6 grade students have access at school and 7-8 grade students have access at school and home.	
1.11	Student Performance on CAASPP ELA (homeless)	2023 Dashboard Status: 74.7 points below standard			By the end of the 26-27 school year, we expect to decrease the points from standard by 69.7 points, which will result in a dashboard performance level of green.	
1.12	Student Performance on CAASPP Math (homeless)	2023 Dashboard Status: 98.5 points below standard			By the end of the 26-27 school year, we expect to decrease the points from standard by 73.5 points, which will result in a dashboard performance level of green.	
1.13	Implementation of Academic standards as reported on California Dashboard	2023 Dashboard Status- Standard Met			By the end of the 26-27 school year, we expect to maintain "Standard Met" status on California Dashboard.	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.14	Access to Standards-Aligned Instructional Materials	For the 2023-2024 school year, our Williams Compliance rate is 100% district-wide. All students have access to standards-aligned instructional materials.			By the end of the 26-27 school year, we will maintain all Williams complaints at zero or resolved. We will also continue to ensure that 100% of students have access to core instructional materials.	
1.15	Course Offerings-Broad Course of Study	For the 2023-2024 school year, NUSD continued to offer courses described under sections 51210 and 51220 a-i as applicable during the 2022-2023 academic year. A total of 135 students at our middle school, enrolled in our Science Technology Engineering and Math (STEM) program. 86 of those students are considered unduplicated under LCFF.			By the end of the 2026-2027 school year, the district will continue to offer courses described under section 51210 and 51220 (a)-(i) as applicable.	
1.16	Student Performance on CAASPP Math (English Learners)	2023 Dashboard Status: 98.8 points below standard			By the end of the 2026-2027 school year, we expect to	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
					decrease the points from standard by 73.8 points, which will result in a dashboard performance level of green.	
1.17	Ensure highly qualified staff for NUSD	97.4% of teachers are considered highly qualified in Nuvue Union School District.			By the end of the 2026-2027 school year, we will continue to have 100% of teachers determined to be highly qualified by TAMO.	
1.18	School Site-Dashboard	<p>Mountain Shadows Middle School</p> <p>2023 Dashboard Data CAASPP English Language Arts- Students with Disabilities -137.9 points below standard (very low)</p> <p>2023 Dashboard Data CAASPP Math- All students: 97 points below standard (very low)</p> <p>Socioeconomically Disadvantaged -101.9 points below standard (very low)</p>			<p>Mountain Shadows Middle School</p> <p>2026 Dashboard Data CAASPP English Language Arts- Students with Disabilities- increase 132.9 points from standard to -5 (Green on Dashboard)</p> <p>2026 Dashboard Data CAASPP Math- All students decrease 74 points from standard to -</p>	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
		<p>English Learners -119 points below standard(very low)</p> <p>Students with Disabilities -181.3 points below standard (very low)</p> <p>Hispanic- -105 points below standard(very low)</p> <p>Nuview Elementary School</p> <p>2023 Dashboard English Learner Progress- 3.5% (very low)</p> <p>Valley View Elementary</p> <p>2023 Dashboard Data CAASPP English Language Arts English Language Learners is -66.1 points below standard (low)</p> <p>2023 Dashboard Data CAASPP Math English Language Learners -118.3 points below standard (low)</p> <p>Students with Disabilities -154.8 points below standard (low)</p>			<p>25 (Green on Dashboard)</p> <p>SED decrease 76.9 points from standard to -25(Green on Dashboard)</p> <p>EL decrease 95 points from standard to -25 (Green on Dashboard)</p> <p>SWD decrease 156.3 points from standard to -25 (Green on Dashboard)</p> <p>Hispanic decrease 80 points from standard to -25 (Green on Dashboard)</p> <p>Nuview Elementary School</p> <p>2026 English Learner Progress-Increase 3.8% each year to 45% (Green on Dashboard)</p> <p>Valley View Elementary</p>	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
					2026 Dashboard Data CAASPP ELA EL- decrease 61.1 points from standard to -5 (Green on Dashboard) 2026 Dashboard Data CAASPP Math EL- decrease 93.3 points from standard to -25 (Green on Dashboard) SWD- decrease 129.8 points from standard to -25 (Green on Dashboard)	

Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.
A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Targeted Intervention Programs	Additional interventions and supports during the school day will be provided to our English Learners, foster youth, and low-income students. Our data shows that the targeted intervention programs with intervention teachers and classroom teachers during PE time positively impact student success. Continue to fund TOSAs, subject-specific intervention, and Elementary PE positions as needed to provide Tier 2 and Tier 3 support.	\$1,040,496.00	Yes
1.2	Supplemental Instructional Programs and Materials	Provide supplemental materials and support to assist in delivering Common Core State Standards. Supplement adopted subject-specific materials and programs as needed. Continue to provide diagnostic and additional instructional support to English Learners and foster youth socio-economically disadvantaged students.	\$204,224.00	Yes
1.3	District Professional Development	Provide professional development to employees in identified best instructional practices that support the learning of English learners, foster youth, and socio-economically disadvantaged students. Provide professional development in the areas of mathematics, ELD, and Quality First Instruction to continue to provide time for teachers to collaborate on curriculum and calibrate instruction as a grade level.	\$83,539.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.4	Increase Achievement of Unduplicated Students with Disabilities	Nuview USD was identified for Differentiated Assistance based on ELA and Math CAASPP scores. Additional support will be provided to unduplicated students with disabilities, including additional curriculum/materials, staff professional development, and reorganization of the continuum of services.	\$658,000.00	Yes
1.5	Additional Instructional Minutes	In 15/16, an additional 12 minutes of instruction each day were added to students' schedules. This is equivalent to 2.67% of the teacher salary schedule. The expanded instructional minutes support the needs of unduplicated students by providing additional time for first-best instruction.	\$222,675.00	Yes
1.6	Staff to Student Ratios	Maintain lower than collectively bargained class sizes and reduce the number of combination classes to ensure more equitable services for unduplicated students. Classified staff (instructional aides) to support our English Learners, foster youth, and socio-economically disadvantaged students where need is shown.	\$1,523,057.00	Yes
1.7	Enrichment Opportunities	Continue to provide increased enrichment to STEM education in grades TK-8 through a Makerspace at the elementary sites and a STEM lab at the Middle School. We continue to provide outdoor education and field trip opportunities at little to no charge to our socio-economically disadvantaged English Learners and foster youth students.	\$237,786.00	Yes
1.8	Expanded Learning Opportunities	Continue to provide extended school days and school year opportunities for underachieving students, foster youth, English learners, and socio-economically disadvantaged students. LCFF funds will be used to support the Expanded Learning Opportunity Grant further. Elementary Assistant	\$3,259,532.21	Yes

Action #	Title	Description	Total Funds	Contributing
		Principals have been hired to focus on the learning loss of unduplicated students during the school day and the expanded learning time. The two positions are 50% funded by LCFF and 50% by the expanded learning opportunity grant. A Director of Educational Services/ELOP and a classified support staff position focus on providing students with an expanded learning program, professional development for staff, student instruction, and curriculum.		
1.9	Technology to Support Learning	To support unduplicated students in digital literacy, we will maintain a 1:1 device ratio. We will also support the connectivity of these devices at school and at home with new infrastructure as needed. Technology personnel will maintain devices, assist with connectivity, and provide support to ensure that the district's unduplicated students have equal access to technology.	\$433,292.00	Yes
1.10	Site Allocations-Academic	Provide school sites with supplemental and concentration funds beyond base funding allocations to support increased services for unduplicated students at the school site level. We monitor this action by using a separate goal in our funding line to ensure the money is used for increased and improved services. Reasoning: The School Plan for Student Achievement (SPSA) is an intentional plan that should utilize the most resources available to the school to increase student achievement. The SPSA development process is aligned with the Local Control and Accountability Plan. Therefore, it is an effective process to allow the local school site to analyze its student achievement data to determine the site-specific needs of its student populations. Each school site in our district is allotted LCFF supplemental dollars based on the site's unduplicated student count. Each site's School Site Council created its SPSA with actions to address the needs of identified student groups designated as red on the 2023 California Dashboard. District oversight ensures that the funds are used appropriately.	\$81,414.00	Yes

Action #	Title	Description	Total Funds	Contributing

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Improve the English Proficiency and academic achievement of English Learners	Broad Goal

State Priorities addressed by this goal.

- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)

An explanation of why the LEA has developed this goal.

After reviewing the California Dashboard and discussions with educational partners showing data that only 42.5% of our students are making progress toward English Language Proficiency, and our reclassification rate was not at the rate expected, it was determined that this needed to be a focus for our students. To address these needs, we plan to provide professional development to teachers, monitor English Learner Progress, and provide teachers with planning time specifically designated for English Learners and site allocations to address the progress of English Learners specifically.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	English Learner Math Performance	On the 2023 Dashboard, English Learners were 98.8 points below standard.			On the 2026 Dashboard, English Learners will decrease the distance from standard by 73.8 points to -25 points from standard. (Green on the Dashboard)	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.2	Reclassification of Fluent English Proficient	In the 2023-2024 school year, 31 students were reclassified			By the end of the 2026-2027 school year, we expect to see an average of 60 students per year reclassified as Fluent English Proficient.	
2.3	Progress on CA English Language Development	2023 ELPI: 42.5% of students making progress towards English Language Proficiency			65% making progress towards English Language Proficiency	
2.4	School Sites- Dashboard Data	<p>Mountain Shadows Middle School</p> <p>2023 Dashboard Data CAASPP Math- English Learners -119 points below standard(very low)</p> <p>2023 Dashboard Suspension Rate</p> <p>English Language Learners: 19.3 (high)</p> <p>Nuview Elementary School 2023 Dashboard English Learner</p>			<p>Mountain Shadows Middle School</p> <p>2026 Dashboard Data CAASPP Math- EL decrease 95 points from standard to -25 (Green on Dashboard)</p> <p>2026 Dashboard Data EL decrease 8% (Green on Dashboard)</p>

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Training to support English Learners	Nuview Union School District will provide professional learning opportunities for teachers to support multilingual learners including students identified as Long Term English Learners. <ul style="list-style-type: none">Project GLAD training	\$83,749.00	Yes
2.2	Provide support for English Learner (EL) students to become English proficient	Ensure all ELs are receiving both designated and integrated ELD instruction through structured English Immersion.	\$146,648.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> Identify and assess all ELs to determine language proficiency annually Ensure teachers assigned to provide instruction to English learners have the appropriate authorizations Form advisory groups for parents of EL students to learn about educational programs and advise staff on the program goals and procedures (DELAC/ELAC) Provide administrative support and leadership to implement the EL program per state and federal guidelines Implement districtwide progress monitoring protocols for English learners (ELs) Complete procedures for reclassifying students from EL to proficient in English based on required criteria Monitor the progress of ELs and Long-Term English Learners (LTELs) in core content areas and provide interventions as appropriate Monitor the academic progress of students reclassified to fluent English proficient for four years 		
2.3	Daily planning time in the area of English Language Development	Daily planning time for teachers in the area of English Language Development to directly improve services for our English Language Learners. This time will include periodic progress monitoring of English Learners through Ellevation and I-Ready, analysis of state and local assessments, and planning of designated and integrated ELD lessons and strategies.	\$0.00	Yes
2.4	Site Allocations-English Learner Development	Provide school sites with supplemental and concentration funds beyond base funding allocations to support increased services for unduplicated students at the school site level. We monitor this action by using a	\$27,134.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>separate goal in our funding line to ensure the money is being used for increased and improved services. Reasoning: The School Plan for Student Achievement (SPSA) is an intentional plan that should utilize the most out of the resources available to the school to increase student achievement. The SPSA development process is aligned with the Local Control and Accountability Plan. Therefore, it is an effective process to allow the local school site to analyze its student achievement data to determine the site-specific needs of its student populations. Each school site in our district is allotted LCFF supplemental dollars based on the site's unduplicated student count. The site's School Site Council created their SPSA to reflect the needs of their unduplicated students. District oversight ensures that the funds are used appropriately.</p>		

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Improve student success through development of targeted and coherent systems of support	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 3: Parental Involvement (Engagement)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)
- Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

After reviewing the LCAP survey, Dashboard data on chronic absenteeism, Dashboard data on suspension, and educational partner feedback, we see the need for increased support provided to students through targeted systems of support. We also see the need to continue to improve a safe and supportive learning environment that promotes equity, engagement, and school connectedness. The goal and actions written will help our district lower the suspension rate, increase ADA, increase parent involvement, and improve school safety and connectedness to better engage our unduplicated student population.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Professional Development	On the 2024 LCAP survey, 71.1% of respondents answered favorably when asked whether “Teachers and staff care about students.”			By the end of the 2026-2027 school year, 85% of respondents will answer favorably when given the statement, “Teachers and staff care about students.”	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.2	Suspension Rate	All Students: 2023 Dashboard status 6.4% (very high) English Learners: 2023 Dashboard status 5.6% (high) Hispanic: 2023 Dashboard status 6.7% (very high) Socioeconomically disadvantaged: Dashboard status 6.5% (very high) Students with Disabilities: Dashboard status: 10.4% (very high)			By the end of the 2026-2027 school year, the suspension rate will decrease by 3% for all students and (English Learners, Hispanic, Socioeconomically disadvantaged, Students with Disabilities)	
3.3	Attendance Rate (ADA)	In the 23-24 school year, the district wide average daily attendance rate is 93.65%.			By the end of the 2026-2027 school year, the expected average daily attendance will increase by at least 3% to be 96.65%.	
3.4	Middle School Dropout Rates	For the 2023-2024 school year, one student was considered a middle school dropout.			By the end of the 2026-2027 school year, we expect to see the middle school drop out rate for Nuvew Union School District to be 0%	

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.5	Parent Involvement	In the 2024 LCAP Survey, 56.1% of respondents responded that Nuvview Union School District provides parent workshops on student advocacy and educational priorities.			By the end of the 26-27 school year, 80% of respondents will respond that NUSD provides parent workshops on student advocacy and educational priorities.	
3.6	School Safety and Connectedness	In the 2023-2024 LCAP survey, 60.1% of respondents stated that students feel safe on NUSD campuses.			In the 2026-2027 LCAP survey, we expect to see an increase in respondents that feel safe on NUSD campuses by 19.9%.	
3.7	School Climate-Chronic Absenteeism	On the 2023 Dashboard, the Chronic Absenteeism rate for all students was 31.9% (very high)			By the end of the 2026-2027 school year, the chronic absenteeism rate will reduce 21.9% to 10%.	
3.8	School Site 2023 Dashboard Data	Mountain Shadows Middle School 2023 Dashboard Suspension Rate			Mountain Shadows Middle School

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Professional Development for Behavioral Support	Site administration and staff will be provided additional professional development in the area of positive behavior and intervention supports (PBIS), alternate means of correction, and trauma informed practices.	\$12,434.00	No
3.2	Counseling and Mental Health Services	Increased counseling services for unduplicated students at all schools. There is a continued need to provide therapy for struggling students.	\$793,045.65	Yes
3.3	Home to School Transportation	The transportation survey results show students don't have safe walking paths to school. It is our goal to continue with free home-to-school transportation services and give first priority to our low-income students. Base and Supplemental Concentration Funds will be used to provide free home-to-school transportation to ensure increased attendance for unduplicated students.	\$432,250.00	Yes
3.4	Increased Health Services	Our district's mission is to support the whole child, including physical health. Health techs assist students and families with in-school needs as well as assistance with outside services. The district nurse works with outside agencies to provide medical and dental services in the district. Extended coverage in the health office so students and families can access the health tech before school, throughout the day, and after school. Through grant funding, NUSD has partnered with outside agencies to provide students with dental care, vision care, and IEHP liaison support. Supplemental concentration funds will provide the proportional share of the services from the health experts to allow us to expand services to students	\$248,795.40	Yes

Action #	Title	Description	Total Funds	Contributing
3.5	Parent and School Connectedness	Increase the opportunities parents of unduplicated students can have to participate in district and school events. Community Liaison support has been added to the health tech position to assist with communicating with our Spanish-speaking families. Provide families with training/information nights on new district initiatives. Provide families with access to various means of communication to increase home/school communication and parent/guardian involvement with our schools.	\$95,789.00	Yes
3.6	Safety and Security	To ensure safety, communication and attendance the district will use a variety of reporting systems. Additional campus supervision at each site and a school security officer at each site to further address safety needs that were seen as trends in educational partner input	\$297,754.09	Yes
3.7	School and Classroom Environment	Through educational partner feedback, it was determined that school climate and facilities need to be addressed. School culture and climate help determine whether students are motivated to learn and stay in school. In a healthy and positive school culture, all students equally receive supporting learning environments and opportunities that help them learn and thrive. We will also use supplemental/concentration grants to improve the classroom environment through facility needs for our low-income, EL, and foster youth population. To keep that learning environment as clean and safe as possible, increase our custodial staff by 2.75 FTE using concentration add-on funding.	\$305,121.01	Yes
3.8	Site Allocations-School Climate	Provide school sites with supplemental and concentration funds beyond base funding allocations to support increased services for unduplicated students at the school site level. We monitor this action by using a separate goal in our funding line to ensure the money is being used for increased and improved services. Reasoning: The School Plan for Student Achievement (SPSA) is an intentional plan that should utilize the most out	\$95,094.00	Yes

Action #	Title	Description	Total Funds	Contributing
		of the resources available to the school to increase student achievement. The SPSA development process is aligned with the Local Control and Accountability Plan. Therefore, it is an effective process to allow the local school site to analyze its student achievement data to determine the site-specific needs of its student populations. Each school site in our district is allotted LCFF supplemental dollars based on the site's unduplicated student count. The site's School Site Council created their SPSA to reflect the needs of their unduplicated students. District oversight ensures that the funds are used appropriately.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	<p>Action: Targeted Intervention Programs</p> <p>Need: This is a returning action from the prior LCAP. Based on student data, the district and our educational partners have identified this as a continued need. On the Spring 2024 IReady Diagnostic, 61% of our students performed at least one grade level below in reading and 67% in math. On the IReady Diagnostic, 69%</p>	Providing students with tiered intervention helps to support the individual academic needs of our students. It is provided LEA-wide based on the baseline data of our students' current academic levels.	This action will be measured by metric 1.1

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>of unduplicated students performed at least one grade level below in reading and 75% in math.</p> <p>Scope: LEA-wide</p>		
1.2	<p>Action: Supplemental Instructional Programs and Materials</p> <p>Need: This is a returning action from the prior LCAP. This was identified as a continued need to support students in ELA and Math based on the data from the 2023 Dashboard. Current Dashboard Data on CAASPP ELA shows 2023 Dashboard Status: 47.4 points below standard. Current Dashboard Data on CAASPP Math is 77.5 points below standard. Current Dashboard Data on CAASPP ELA shows 2023 Dashboard Status for English Learners: 47.4 points below standard. Current Dashboard Data on CAASPP Math for English Learners.</p> <p>Scope: LEA-wide</p>	This action addressed our continued need for academic support for our students. Based on the baseline data of our students' current academic levels, we are changing the supplemental programs and materials provided through educational partners' feedback to increase academic achievement. The support is provided on an LEA-wide basis.	This action will be measured by metric 1.2, 1.3, 1.11, and 1.12
1.3	<p>Action: District Professional Development</p>	This action increases staff effectiveness, which will directly benefit our unduplicated students.	This action will be measured by metric 1.4

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Need: This is a returning action that the district and our educational partners have identified through discussion and analysis of the data. In the 2024 LCAP survey, 62.8% answered that students are engaged in classes and activities in Nuvview Union School District. One area of focus for professional development is math. Student Performance on CAASPP math for English Learners is 98.8 points below standard.</p> <p>Scope: LEA-wide</p>	Professional development in Math, Quality First Instruction, and ELD provided district-wide will ensure that every unduplicated student within the district receives the highest-quality education. This is provided to all students to provide equitable access and improved instruction for all students.	
1.4	<p>Action: Increase Achievement of Unduplicated Students with Disabilities</p> <p>Need: This is a returning action that the district and our educational partners have identified through discussion and analysis of the data. On the 2023 Dashboard, SWD was 74.7 points below standard in the area of ELA and 146.6 points below standard in Math. Based on local data through IReady, 85% of unduplicated students with disabilities are one or more levels below grade level in ELA and 90% in math.</p> <p>Scope: LEA-wide</p>	Implementing this action district-wide or school-wide addresses the pressing need identified for students with disabilities (SWD) who are significantly below standard in ELA and Math. It ensures equitable access to support and resources for all SWD, fosters collaboration among educators, and maximizes the impact of interventions.	This action will be measured by metric 1.5 and 1.6

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.5	<p>Action: Additional Instructional Minutes</p> <p>Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. The expanded instructional time supports the needs of our unduplicated students, who benefit from longer class time that allows teachers to provide increased instruction. Current Dashboard Data on CAASPP ELA shows English Learners: 66.1 points from standard and 146.6 points from standard in math. Current Dashboard Data on CAASPP ELA for socio-economically disadvantaged: 53.1 points from standard and 83.2 points from standard in math.</p> <p>Scope: LEA-wide</p>	By providing the additional instructional minutes, we are expanding the time our unduplicated students can receive the educational benefit of first, best instruction. This is provided LEA-wide to support students at all three sites.	This action will be measured by metric 1.2 and 1.3
1.6	<p>Action: Staff to Student Ratios</p> <p>Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. Based on current Dashboard Data on student academic performance, smaller class sizes will allow the teachers to more effectively meet the</p>	Smaller class sizes assist teachers in differentiating more effectively to meet the needs of individual students. Both early intervention and individualized instruction are essential strategies for meeting the needs of all students.	This action will be measured by metric 1.7

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>needs of English Learners, foster youth, and socioeconomically disadvantaged students. We see this as a need based on the following data: Current Dashboard Data on CAASPP ELA shows English Learners: 66.1 points from standard and 146.6 points from standard in math. Current Dashboard Data on CAASPP ELA for socio-economically disadvantaged: 53.1 points from standard and 83.2 points from standard in math.</p> <p>Scope: LEA-wide</p>		
1.7	<p>Action: Enrichment Opportunities</p> <p>Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. Our rural area offers limited enrichment opportunities for our unduplicated students. On the 2024 LCAP Survey, 40.9% of respondents disagreed that Nuvview Union School District provided extracurricular activities for their students. In addition, the suspension rate status on the Dashboard for English Learners was high at 5.6% and very high for socioeconomically disadvantaged students at 6.5%.</p>	<p>Providing additional opportunities to our unduplicated students will positively impact student engagement and attendance for our most at-risk youth. By increasing opportunities for students to engage in sports, music, and extracurricular programs, students are more likely to feel a connection to campus, thereby supporting academic needs. Increased connectedness will support the academic outcomes of economically disadvantaged students who typically have fewer opportunities for this level of engagement. This is provided LEA-wide to provide equitable resources to all students that live in our rural community.</p>	<p>This action will be measured by metric 1.8 and 3.2</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		
1.8	Action: Expanded Learning Opportunities Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. The expanded instructional time supports the needs of our unduplicated population, which benefits from longer class time and increased exposure to ELA and math concepts. Current Dashboard Data on CAASPP ELA shows English Learners: 66.1 points from standard and 146.6 points from standard in math. Current Dashboard Data on CAASPP ELA for socio-economically disadvantaged: 53.1 points from standard and 83.2 points from standard in math. Scope: LEA-wide	Extending school days and years targets underachieving students, foster youth, English learners, and socio-economically disadvantaged students. It's implemented district-wide to ensure equitable access. Staff are hired to focus on learning loss and provide enrichment. This approach maximizes resources and collaboration for improved academic outcomes for all students in our district.	This action will be measured by metric 1.9
1.9	Action: Technology to Support Learning Need:	NUSD will continue providing students with 1:1 devices they can take home in Middle School. Hot spots and portable chargers are also made available to students to ensure that all students have equitable access to technology resources.	This action will be measured by metric 1.10

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. The need for unduplicated students in technology lies in ensuring fair access to digital resources and skills. This involves providing devices, internet access, and tech training to bridge the digital divide and empower these students for success in today's tech-driven world.</p> <p>Scope: LEA-wide</p>	<p>This is provided LEA-wide to ensure equitable access to all students.</p>	
1.10	<p>Action: Site Allocations- Academic</p> <p>Need: This is a continued action from the previous LCAP that was determined by the district and educational partners to be continued. School sites will focus on the specific areas of need within their school community based on the 2023 Dashboard Data and focus on student groups that were at red on the Dashboard.</p> <p>Mountain Shadows Middle School</p> <p>2023 Dashboard Data CAASPP English Language Arts- Students with Disabilities -137.9 points below standard (very low) 2023 Dashboard Data CAASPP Math- All students: 97 points below standard (very low)</p>	<p>Within each site SPSA, specific actions have been created to address each of the Dashboard areas of need at their site. The principal and leadership created a needs assessment and determined the focus for each site. These specific actions will help support our unduplicated students' continued education and show growth in each area of need at each site. This is provided LEA-wide to provide equitable resources to all students.</p>	<p>This action will be measured by metric 1.18</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Socioeconomically Disadvantaged -101.9 points below standard (very low) English Learners -119 points below standard(very low) Students with Disabilities -181.3 points below standard (very low) Hispanic- -105 points below standard(very low)</p> <p>Based on 24-25 SPSA, Mountain Shadows has plans to use these funds to provide professional development in the area of math to teachers and supply materials to help support unduplicated students.</p> <p>Nuview Elementary School</p> <p>2023 Dashboard English Learner Progress- 3.5% (very low)</p> <p>Based on the 24-25 SPSA, Nuview Elementary plans to use these funds to provide learning walks in Designated and Integrated ELD to support English Learners in ELA and Math.</p> <p>Valley View Elementary</p> <p>2023 Dashboard Data CAASPP English Language Arts English Language Learners is -66.1 points below standard (low) 2023 Dashboard Data CAASPP Math English Language Learners -118.3 points below standard (low)</p>		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Students with Disabilities -154.8 points below standard (low)</p> <p>Based on their 24-25 SPSA, Valley View, plans to use these funds to provide professional development to teachers in EL strategies, , and supply materials to help support unduplicated students.</p> <p>Scope: LEA-wide</p>		
3.2	<p>Action: Counseling and Mental Health Services</p> <p>Need: Three years after returning from distance learning, we continue to see the repercussions of this education gap. Mental Health Services continue to be a need for our rural community, which is hesitant to seek outside services. 2023 Dashboard data on suspension shows high behavior incidents amongst several student groups. All Students: 2023 Dashboard status 6.4% (very high) English Learners: 2023 Dashboard status 5.6% (high) Hispanic: 2023 Dashboard status 6.7% (very high) Socioeconomically disadvantaged: Dashboard status 6.5% (very high) Students with Disabilities: Dashboard status: 10.4% (very high)</p>	<p>Providing site counselors, district social workers, and a wellness center for our students will give them the skills to address the challenges that they are facing. Providing it LEA-wide ensures equitable resources to all students and less loss of class time.</p>	<p>This action will be measured by metric 3.2</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		
3.3	Action: Home to School Transportation Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. Analysis of our transportation services shows that students do not have safe community walking pathways to our schools. Socioeconomically disadvantaged students are more likely than their peers to lack access to reliable transportation. Transportation support will target socioeconomically disadvantaged students, English Learners, and other high-needs students. Scope: LEA-wide	There is a direct correlation between attendance and increased student achievement. Socioeconomically disadvantaged students are more likely than their peers to lack access to reliable transportation. Transportation support will target socioeconomically disadvantaged students, English Learners, and other high-needs students. This support will be provided LEA-wide to provide equitable resources to all students.	This action will be measured by metric 3.3
3.4	Action: Increased Health Services Need: This is a returning action from the prior LCAP that the district and our educational partners have identified through discussions and analysis to continue to support the goal. On the 2023 Dashboard, the Chronic	Health Techs are on campus, and a full-time district nurse assists parents in getting resources to support students' health needs. Addressing health needs increases health, improving our unduplicated students' attendance. This is provided LEA-wide to provide equitable resources to all students.	This action will be measured by metric 3.7

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Absenteeism rate for all students was 31.9% (very high), for English Learners 15.3% (very high), for Foster Youth 15.4% (high), and for SED 32.9% (very high).</p> <p>Scope: LEA-wide</p>		
3.5	<p>Action: Parent and School Connectedness</p> <p>Need: This is a continued action from the previous LCAP that was determined by the district and educational partners to be continued. In the 2024 LCAP Survey, 56.1% of respondents responded that Nuview Union School District provides parent workshops on student advocacy and academic priorities. While our unduplicated students have all improved chronic absenteeism this year, English Learners and Socioeconomically Disadvantaged students will both be red on the 2024 Dashboard if they don't continue to improve. Our belief is with improved parent involvement, we will see improved and consistent attendance for our students.</p> <p>Scope: LEA-wide</p>	<p>Providing parents with additional opportunities to participate in school and district events. Educational events for parents provide them with resources to assist our unduplicated students. This is provided on a LEA-wide basis to be equitable to all parents all students.</p>	<p>This action will be measured by metric 3.5 and 3.7</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.6	<p>Action: Safety and Security</p> <p>Need: This is a continued action from the previous LCAP that was determined by the district and educational partners to be continued. In the 2023-2024 LCAP survey, 60.1% of respondents stated that students feel safe on NUSD campuses. On the 2024 LCAP Survey, 40.9% of respondents disagreed that Nuvview Union School District provided extracurricular activities for their students. In addition, the suspension rate status on the Dashboard for English Learners was high at 5.6% and very high for socioeconomically disadvantaged students at 6.5%.</p> <p>Scope: LEA-wide</p>	<p>Campus security guards at each school site will provide a dedicated staff member to monitor cameras, address the perimeters of the campus, and help support staff in emergencies. Communication with parents will continue to keep them informed on important events in their child's school career and provide communication in the event of an emergency. This is provided LEA-wide to provide equitable resources to all students.</p>	<p>This action will be measured by metric 3.2 and 3.6</p>
3.7	<p>Action: School and Classroom Environment</p> <p>Need: This is a continued action from the previous LCAP that was determined by the district and educational partners to be continued. On the 2023 Dashboard, the Chronic Absenteeism rate for all students was 31.9% (very high). While our unduplicated students have all improved chronic absenteeism this year, English Learners and Socioeconomically Disadvantaged students will be red on the</p>	<p>Feeling welcome and part of a campus is a huge indicator of attending school. School culture and climate help determine whether students are motivated to learn and stay in school. In a healthy and positive school culture, all students equally receive supportive learning environments and opportunities that help them learn and thrive. We will also use supplemental/concentration grants to improve the classroom environment and support collaboration and flexible learning spaces for our low-income, EL, and foster youth populations. This is provided LEA-wide to provide equitable resources to all students.</p>	<p>This action will be measured by metric 3.7</p>

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
2.1	<p>Action:</p> <p>Training to support English Learners</p> <p>Need:</p> <p>After reviewing data with educational partners, English Learners are not making the academic progress expected. The 2023 ELPI results show 42.5% of students making progress towards English Language Proficiency. In addition, in math, English Learners scored 98.8 points below the standard on the 2023 Dashboard.</p> <p>Scope:</p> <p>Limited to Unduplicated Student Group(s)</p>	GLAD training will be provided to teachers to assist them in providing integrated ELD to students. Utilizing integrated strategies throughout the day in core content areas will assist students in making progress on the ELPAC.	This action will be measured by metric 2.1
2.2	<p>Action:</p> <p>Provide support for</p>	Monitoring the systems we have in place to ensure that our English Learners are properly identified,	This action will be measured by metric 2.2

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>English Learner (EL) students to become English proficient</p> <p>Need: After reviewing data with educational partners, English Learners are not reclassifying at the rate expected. This school year, 6.4% went through the reclassification process.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	<p>educated, and provided with the resources they need will address the need for our English Learners to make progress and, in turn, be reclassified to Reclassified Fluent English Proficient based on the results of the ELPAC, CAASPP, and local assessments.</p>	
2.3	<p>Action: Daily planning time in the area of English Language Development</p> <p>Need: After reviewing data with educational partners, it was determined that English Learners are not making adequate progress. After reviewing data and conducting a comprehensive needs assessment at each school site, it was determined that students aren't being consistently provided Designated and Integrated ELD. This was determined based on teacher schedules and an asset inventory completed with site staff.</p> <p>Scope: Limited to Unduplicated Student Group(s)</p>	<p>Teachers will have specific planning time to address the needs of English Learners. This will allow them to analyze student data, plan designated lessons, and ensure that ELD standards are being addressed in integrated strategies in core subject areas. Teachers will provide input on EL progress on a shared spreadsheet with the administrator every six weeks.</p>	<p>This action will be measured by metric 2.3</p>
2.4	<p>Action: Site Allocations-English Learner Development</p>	<p>Within each site SPSA, specific actions have been created to address each of the Dashboard areas of need at their site. The principal and leadership</p>	<p>This action will be measured by metric 2.4</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>Need: This is a continued action from the previous LCAP that was determined by the district and educational partners to be continued. School sites will focus on the specific areas of need within their school community based on the 2023 Dashboard Data.</p> <p>Mountain Shadows Middle School</p> <p>2023 Dashboard Data CAASPP Math-English Learners -119 points below standard(very low)</p> <p>Nuvview Elementary School</p> <p>2023 Dashboard English Learner Progress-3.5% (very low)</p> <p>Valley View Elementary</p> <p>2023 Dashboard Data CAASPP English Language Arts</p> <p>English Language Learners is -66.1 points below standard (low)</p> <p>2023 Dashboard Data CAASPP Math</p> <p>English Language Learners -118.3 points below standard (low)</p> <p>Based on their 24-25 SPSA, Mountain Shadows, Valley View, and Nuvview plan to use these funds to provide teachers with professional development in EL strategies and student engagement strategies and supply materials to help support unduplicated students.</p>	<p>created a needs assessment and determined the focus for each site. These specific actions will help support English Learners.</p>	

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Scope: Limited to Unduplicated Student Group(s)		

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Dedicated English Language Development Planning (Action 2.3) All certificated bargaining unit staff will devote at least 10 minutes per day for planning and supporting English Learners, including analyzing assessment results and planning designated and integrated ELD supports. Certificated staff are contracted 7.5 hours day. $10/450 = .22$ improved service time for English Learners. Based on the projected certificated salary and benefits of \$11,093,708.00, this is equivalent of \$246,527.00. The planned percentage of improved services is calculated as $\$246,527/\$14,591,862.00$ (LCFF base) = 1.6895% of improvement.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Additional concentration grant add-on funding supplements actions 1.6, 1.8, 3.6, and 3.7. In action 1.6, we continued using the concentration grant add-on to retain three additional teacher positions hired to lower class size ratios beyond the bargaining unit contract class sizes. In action 1.8, we continued the two assistant principal positions and used the concentration grant add-on funding for approximately 50% of the salaries. The intent of these positions is to monitor our unduplicated students with individual learning plans and provide assistance in programs and interventions. These positions plan and administer our after-school and extended learning programs for unduplicated students. In action 3.7, we continued the additional custodial positions to provide direct service to students by ensuring our campuses remain clean and safe. In action 3.6, we added the position of campus security at each school for the direct safety and security of our students.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		1:11.83
Staff-to-student ratio of certificated staff providing direct services to students		1:15.59

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
 - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
 - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
 - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
 - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
 - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
 - Indicate the school year to which the baseline data applies.
 - The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27 . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
 - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
 - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
 - Professional development for teachers.
 - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
 - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
 - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
 - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
 - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
