by COE on 9-11-24

Approved

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

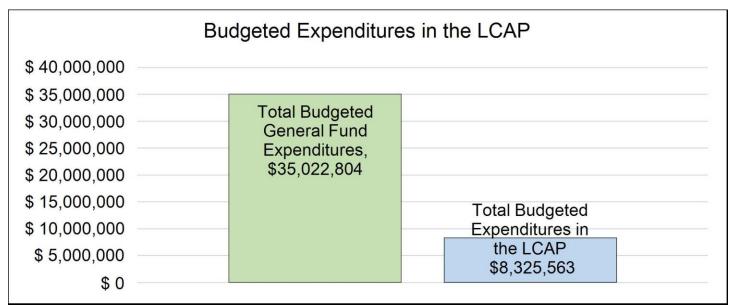

This chart shows the total general purpose revenue Live Oak Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Live Oak Unified School District is \$35,209,349, of which \$29,586,969 is Local Control Funding Formula (LCFF), \$3,766,584 is other state funds, \$440,141 is local funds, and \$1,415,655 is federal funds. Of the \$29,586,969 in LCFF Funds, \$6,599,995 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Live Oak Unified School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Live Oak Unified School District plans to spend \$35,022,804 for the 2024-25 school year. Of that amount, \$8,325,563 is tied to actions/services in the LCAP and \$26,697,241 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

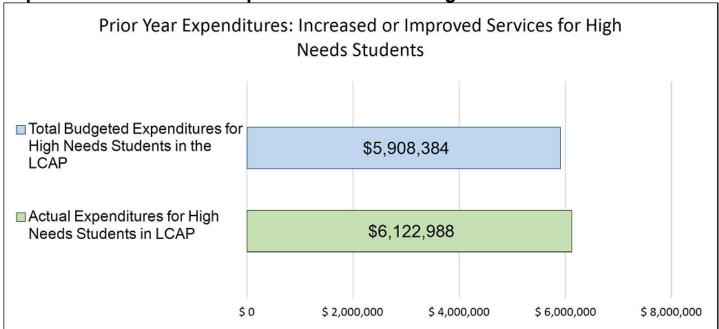

- Instruction:
- Instruction- Related Service (supervision, site admin, staff development, library/media):
- Pupil Services (guidance counseling, attendance, health, transportation):
- Ancillary Services (athletics, school sponsored co-curricular):
- Community Service (noon duty supervision):
- General Administration (board, superintendent, business, personnel, technology):
- Plant Services (maintenance, grounds, custodial):
- Other Outgo (special education encroachment, loan payments):

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Live Oak Unified School District is projecting it will receive \$6,599,995 based on the enrollment of foster youth, English learner, and low-income students. Live Oak Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Live Oak Unified School District plans to spend \$6,626,988 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Live Oak Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Live Oak Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Live Oak Unified School District's LCAP budgeted \$5,908,384 for planned actions to increase or improve services for high needs students. Live Oak Unified School District actually spent \$6,122,988 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. The challenges in implementing many of the actions surrounding intervention were the continued number of absences due to families continuing pattern of absences, from illness concerns to family trips. Chronic absenteeism and high truancy rates improved in 2023-24 but were still high enough to stunt the effectiveness of many actions. Successes were the gains experienced throughout the year due to intensive interventions in ELA and Math.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences were the result of personnel changes and an error in calculation. Actions 1.12 and 1.13 were projected low as we improperly applied the wrong percentage to calculate cost of additional days and minutes. Action 1.20 was a one-time increase due to the onboarding of i-Ready benchmark and intervention program.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Students came into the 2023-24 school year with continued deficits that made interventions and additional supports extremely important.

Actions 1.1-1.10, 1.17 successfully maintained additional staffing to support interventions in Math. ELA, Science and ELD. CAASPP Math and ELA scores continued to rebound from COVID loss with 6 and 10 points increases respectively. CAST Scores also saw improvement with a 6% increase. EL reclassification rates increased and English Learner progress remained above 55%.

Actions 1.11-1.13 successfully maintained a high level of professional development in the areas of Math, Writing, ELD, and AVID instructional strategies to help all learners. CAASPP Math and ELA scores continued to rebound from COVID loss with 6 and 10 points increases respectively. CAST Scores also saw improvement with a 6% increase. EL reclassification rates increased and English Learner progress remained above 55%.

Actions 1.14-1.15 successfully maintain technology and technology support in all classrooms. CAASPP Math and ELA scores continued to rebound from COVID loss with 6 and 10 points increases respectively. CAST Scores also saw improvement with a 6% increase. EL reclassification rates increased and English Learner progress remained above 55%.

Actions 1.16, 1.18-1.20 successfully supported interventions and supports with funding and resources to maintain and enhance student interventions and supports. CAASPP Math and ELA scores continued to rebound from COVID loss with 6 and 10 points increases respectively. CAST Scores also saw improvement with a 6% increase. EL reclassification rates increased and English Learner progress remained above 55%.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 1. The staff will use assessment results to make modifications to instruction and intervention to meet the specific needs of each group of students. iReady formative assessments were used to make needed pivots in instruction and intervention. Teachers and instructional aides continue to adjust instruction based on identified needs. LOUSD staff is looking forward to use more of the i-Ready components as professional development continues and knowledge of the program improves.

Goal

Goal #	Description
2	Prepare all students to be college and career ready
	 2.1 Maintain staff to improve and increase options for career and college readiness (Including CTE, VAPA, STREAM) 2.2 Provide supplies for added classes to improve instruction 2.3 Provide professional development for teachers and staff in California State standards, AVID WICOR strategies and CTE standards 2.4 Provide increased educational opportunities for all students

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. The challenges in implementing some of the actions surrounding intervention were the number of absences. While this was an improvement from 2022-23, absences were still higher than pre-pandemic. Students throughout the district continued to miss time, resulting in high chronic absenteeism and less effective programs and supports. Successes were the continued high percentage of students leaving LOUSD College and Career ready as indicated by the high A-G rate and percentage of students on the college and career indicator.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences were the result of an added position and the used of Learning Loss funds. Actions 2.1 saw an increase as a college/career technician was added at LOMS and 2.12 was zero as Learning loss funds were able to cover the cost of summer school.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Students came into the 2023-24 school year with lingering deficits that made interventions and additional supports extremely important.

Actions 2.1-2.6 successfully maintained staff to provide CTE and VAPA opportunities. These opportunities allowed students to prepare for career and college as measured by 25% CTE completion, 49.2 % prepared according to the CCI and an A-G rate at 45.5%.

Actions 2.4-2.9 successfully maintained funding and resources to support CTE and VAPA. Resources removed barriers so that student could prepare for career and college. 25% CTE completion, 49.2 % prepared and an A-G rate at 45.5%.

Actions 2.10 successfully maintained professional development to support CTE and VAPA. Teacher preparedness supported students in achieve career and college skills as demonstrated by 25% CTE completion, 49.2 % prepared and an A-G rate at 45.5%.

Actions 2.11-2.16 successfully maintained increased access to students. Resources and opportunities removed barriers so that student could prepare for career and college. 25% CTE completion, 49.2 % prepared and an A-G rate at 45.5%.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 2. The staff will use assessment results to make modifications to instruction and intervention to meet the specific needs of each group of students. Action 2.12 will continue to use ESSER III and Learning Loss Recovery funds while available.

Goal

Goal #	Description
3	Engage and motivate all students in order to create an inclusive, safe, and welcoming learning environment
	 3.1 Hire staff to meet the social, emotional, and behavioral needs of our students 3.2 Professional development for staff to improve consistency of providing modifications, accommodations, and discipline for all students, especially students with Individual Educational Plans 3.3 Programs and activities to improve school culture, climate, and attendance

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. The challenges in implementing many of the actions remains the expanded need from students and families. Students have demonstrated the need for access to counseling and other supports from both self-identification and teacher recommendation. Successes were that staff continue to rally to student needs both in the classroom, in the counseling room and across campuses. Student supports directly impacted a decrease in the number of suspensions and disruptive behaviors. Continued partnership with Sutter County with the CARE team and New Day Therapy also resulted in positive outcomes for students and families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The only material difference was the additional of a part-time health aide on action 3.2.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Students in the 2023-24 school year continued to show social emotional needs. Students continued to struggle in all grades with some anxiety and disruptive behaviors in young students demonstrated the need for social emotional counseling.

Actions 3.1-3.3 successfully maintained intervention staff to support students' physical, social, and emotional needs. Chronic Absenteeism declined 12.5%, suspension rate maintained at 4.3%, and attendance rate increased almost 2% to 95.1%.

Action 3.4 successfully maintained PD for staff providing intervention and supports. Chronic Absenteeism declined 12.5%, suspension rate maintained at 4.3%, and attendance rate increased almost 2% to 95.1%.

Action 3.5-3.6 successfully maintained access to health, social, and emotional services. Chronic Absenteeism declined 12.5%, suspension rate maintained at 4.3%, and attendance rate increased almost 2% to 95.1%.

The supports identified in these actions were successful in addressing student needs and continued to have an impact on reducing issues of discipline. Student and Family surveys identified that they overwhelming felt supported, safe, cared about and that a counselor was available for them.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 3. Counseling services will be maintained with the continued partnership with Sutter County. The desire is to see all students feel connected, confident, and cared about.

Goal

Goal #	Description
4	Recruit, hire, train, and retain high quality staff who are committed, collaborative, caring, and focused on student outcomes
	4.1 Provide quality, ongoing professional development and collaboration that supports site/district staff needs

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Teacher Mis- assignments: % of appropriately assigned teachers (State Priority 1a)	2019 Staff Report 100% appropriately assigned	2022 100% appropriately assigned	2022 100% appropriately assigned	100% appropriately assigned	100% appropriately assigned
Staff Survey % of staff that are provided input into PD % of staff that feel that PD is aligned to staff needs (State Priority 2a and 2b)	2019 Staff Survey 100% of staff are provided opportunity for input into PD 95% of staff that feel that PD is aligned to staff needs	2022 Staff Survey 100% of staff are provided opportunity for input into PD 94% of staff that feel that PD is aligned to staff needs	2023 Staff Survey 94% of staff are provided opportunity for input into PD 93% of staff that feel that PD is aligned to staff needs	2024 Staff Survey 95% of staff are provided opportunity for input into PD 95% of staff that feel that PD is aligned to staff needs	100% of staff that are provided input into PD 100% of staff that feel that PD is aligned to staff needs

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. Success were that LOUSD was able to hire thirteen long-term subs for coverage and trainings.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

After a rough few years of disjointed professional development, the 2023-24 school year continued the successes of 2022-23, and provided significant professional development in Math, TK, SEL, AVID, Science and assessment.

Actions 4.1-4.3 successfully provided staff professional development to support student learning. Staff shared in their survey that 95% felt supported and had the tools they needed to be successful. Momentum from this year's professional development will carry over into 2024-25 in the areas of Math, ELD, SEL, AVID, Science and TK standards.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 4. Next year will be focused on professional development for teachers and instructional aides in math, writing, ELD, AVID and SEL.

Goal

Goal #	Description
5	Engage parents and families to support student success in school
	5.1 Increase staff to better engage parents5.2 Increase and improve parent outreach and education5.3 Improve and increase means of communicating with parents and the community

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. Challenges were getting parents to attend events in person. Communication continued by phone, text, letter, and website. Successes were that LOUSD saw a maintained participation in DELAC and ELAC attendance, along with parents attendance at schoolwide events.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Parents reported satisfaction with school and district efforts in communication and access to information.

Actions 5.1-5.2 successfully maintained staff to support the district's efforts in improving communication and involvement with parents.

Actions 5.3-5.7 successfully provided resources to maintain and improve communication with parents.

Actions 5.1-5.7 demonstrated success in parent survey and attendance. 91% of parents agree that their school keeps them informed while 87% of parents that agree that their school provides them opportunities to get involved. 86% of parents attended parent teacher conferences and 83% of parents attended sophomore counseling. 41% of parents responding to district wide survey and 25% of EL parents attend at least one ELAC

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 5. All schools and the district office will looked for ways to engage families.

Goal

Goal #	Description
6	Provide a learning environment that is safe, clean, and in good repair
	 6.1 Increase staffing levels to better maintain school sites 6.2 Provide funding to allow district to replace roofs, update bathrooms, and maintain school buildings 6.3 Provide funding for school safety; fencing, security cameras, intercoms, bells, etc. 6.4 Provide and maintain crossing guards at the corner of Pennington Rd. and Connecticut Rd. to improve student safety for TK-5th students

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Staff, Parent, and Student Surveys % of Staff, Parents, and Students that agree (State Priority 1c)	2019 Staff/Parent/Student Surveys 93% that feel safe at school 88% that feel school facilities are clean 92% that feel school facilities are well maintained	2022 Staff/Parent/Student Surveys 93% that feel safe at school 85% that feel school facilities are clean 95% that feel school facilities are well maintained	2023 Staff/Parent/Student Surveys 95% that feel safe at school 95% that feel school facilities are clean 95% that feel school facilities are well maintained	2024 Staff/Parent/Student Surveys 95% that feel safe at school 95% that feel school facilities are clean 95% that feel school facilities are well maintained	95% that feel safe at school 95% that feel school facilities are clean 95% that feel school facilities are well maintained
School Facilities in good repair (State Priority 1c)	2019 Williams Act Reporting Facilities indicated in good repair	2022 Williams Act Reporting Facilities indicated in good repair	2023 Williams Act Reporting Facilities indicated in good repair	2024 Williams Act Reporting Facilities indicated in good repair	Facilities indicated in good repair

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out in 2023-24 for this goal and there were no substantive differences. No significant challenges during the year. Success were that students, staff, and parents found campuses to be well maintained, clean and safe.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The actions have been successful in creating well-maintained, safe and clean facilities.

Actions 6.1-6.2 successfully maintained staff to create physically safe campus and facilities.

Actions 6.3-6.4 successfully maintained funding to support the upkeep of facilities and safety measures throughout the district.

Action 6.5 successfully maintained the safe passage to Luther elementary.

Actions 6.1-6.5 demonstrated success in parent, staff, and student surveys. 95% felt safe at school, 95% felt school facilities are clean and 95% felt school facilities are well maintained.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no major changes planned for Goal 6. There will be an increase to custodial staff with increased facilities and enrollment.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

• Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

• Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP
 cycle. "Effectiveness" means the degree to which the actions were successful in producing the desired result and "ineffectiveness"
 means that the actions did not produce any significant or desired result.
 - o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

California Department of Education November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Live Oak Unified School District	Mathew Gulbrandsen	mgulbrandsen@lousd.k12.ca.us
	Superintendent	(530)695-5400

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Live Oak Unified School District (LOUSD) is located in the City of Live Oak, in northern Sutter County and has a population of approximately 8,500 residents. Live Oak is strategically located along the Highway 99 corridor between Yuba City and Chico, and 50 miles North of Sacramento. LOUSD serves a diverse group of students with the goal of "preparing each and every one of them for success in college and career". Our student enrollment is 2,026. The student population is 61% Hispanic, 26% White, and 11% Asian, 1% Black, and 1% American Indian. 16% of our students are EL, 14.5% qualify for special education services, and 76% are classified as Low income. Our LCFF Unduplicated count is 78.1%. Our students are served in grade levels ranging from Transitional Kindergarten to Twelfth Grade at six quality schools.

- Luther Elementary serves 837 students in grades TK to 5th. The student population is 63% Hispanic, 24% White, 11% Asian, and 2% Black. 26.4% of students are EL, 12% qualify for special education services and 81.6% are classified as Low income. Luther's LCFF Unduplicated count is 84.8%.
- Live Oak Middle School serves 404 students in 6th to 8th; The student population is 60% Hispanic, 38% White, and 12% Asian. 11.4% of students are EL and 80% are classified as Low income. LOMS's LCFF Unduplicated count is 81.4%.
- Encinal is a small TK to 8th grade school that serves 113 students. The student population is 60% Hispanic, 28% White, and 12% Asian. 4.4% of students are EL and 51.3% are classified as Low income. Encinal's LCFF Unduplicated count is 52.2%.
- Live Oak High School serves 591 students in a traditional 9th to 12th setting. The student population is 66% Hispanic, 23% White, and 10% Asian, and 1% American Indian. 6.9% of our students are EL and 69.5% are classified as Low income. Our LCFF Unduplicated count is 70.4%.

- Live Oak Alternative school serves 58 students in both Independent Study and Opportunity. The student population is 45% Hispanic, 49% White, 4% Black, and 2% American Indian. 14% of students are EL and 76.2% are classified as Low income. LOAS's LCFF Unduplicated count is 87.9%.
- Valley Oak High Schools serves 21 students in an alternative 9-12 program. The student population is 63% Hispanic, 35% White, and 2% American Indian. 10% of students are EL and 76.2% are classified as Low income. VOHS's LCFF Unduplicated count is 81%.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The 2023 California School Dashboard demonstrated areas of success and identified areas to target for improvement.

- Academic indicators of ELA (+5 points) and Math (+10.1 points) showed slight improvements and were identified as "Yellow" on the
 dashboard. Students with disabilities fell into the lowest "Red" category in ELA districtwide. At Live Oak Middle School students with
 disabilities also fell into the "Red" category in ELA, along with Math. English learners also fell in the "Red" category in Math at Live
 Oak Middle School. Using this data, along with Dibels and iReady interim reports, targeted interventions and supports were added
 for both Students with Disabilities and English Learners.
- English Learner Progress Indicator declined by 5.2% with 57.6% of English Learners making progress (Yellow). While this dip in progress followed a year with a large increase, it resulted in a doubling down on efforts within ELD classes and integrated EL instruction throughout school sites. Ongoing professional development was put in place with the restructuring of a position to allow release time to be in classrooms providing ongoing support throughout the year.
- Chronic Absenteeism declined by 12.5% to 24.1% (Yellow). This was a significant improvement from the prior year, but the
 percentage still remains higher than pre-COVID indicating there is still work to do. Efforts continue to work with families on what
 sickness should lead to student absence and the implementation of short-term independent study continues to address families
 pulling students for a variety of reasons.
- Graduation rate declined by 1.4% to 92.5% as a district (Yellow). Live Oak High School has a rate of 97.7% (Blue). Declines in graduation rate are due to students returning for a 5th year or special education students completing their 4 years with a Certificate of Competition vs. a High School diploma. Credit recovery opportunities are embedded within the day and after school for all high school students in need.

- College and Career Indicator was at 37.6%. No color was provided because status and change were not measured in 2023. This indicator is difficult to compare to the past as it is measures continue to change. The 37.6% is lower than pre-COVID and efforts to increase dual enrollment, a-g completion and dual language proficiency continue.
- Suspension Rate declined by .4% to 4.2% (Green). Two student subgroups, Students with Disabilities and Foster Youth, fell into the
 lowest category "Red". No school had an identified subgroup in the "red" category, but the coming district wide resulted in the
 designation. This results in some complications when looking at subgroups over five school sites and drawing common correlations.
 Suspensions were analyzed and the two areas that were common factors were fights and vaping. This resulted in increased
 communication with families, education of students, implementation of alternative to suspension programs, and counseling
 supports.
- School Climate surveys demonstrated on overall satisfaction with the schools and the district. Over 90% of students and parents felt
 the schools were safe, clean, kept them informed, provided opportunities for input, prepared students for college and career, and
 provided a caring environment. Only 75% of students reported looking forward to coming to school, emphasizing the need to work
 on student engagement.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

LOUSD was identified for Differentiated Assistance in the area of ELA/Math and Suspension Rates for Students with Disability. Sutter County Office of Education has worked with the district to identify areas of improvement. LOUSD partnered with Sutter County Office of Education to go through a continuous improvement project. Site administrators, special education staff, and Sutter County staff explored data, identified areas to research, created actionable goals and are revisiting efforts and data on a continuous basis to produce positive change.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

No LOUSD schools were identified for CSI

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

No LOUSD schools were identified for CSI

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

No LOUSD schools were identified for CSI

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Students	The Superintendent met with students from Luther, Encinal, LOMS, LOAS, and LOHS on 4/16/2024 - 4/18/2024. Students discussed "what supports could be added to help improve your performance in class", "What supports can be added to help with goals for college or career", "What can be added to feel connected, cared about and safe", What can be added to improve your classroom or school", and "how can school be improved". Student responses were collected, summarized, and shared with educational partners and the school Board throughout the process. Students identified common topics: tutoring, CTE courses, counseling, ways to make campus safer, and increased AP opportunities.
LOTA- Teachers	The Superintendent met with teachers on 4/23/2024. LCAP goals, metrics, and actions were reviewed and discussed. Teachers discussed additional supports that could address each goal. The topics that drew the most interest were the need for an additional school psychologist, additional RSP staff at LOMS and Luther, PE Specialists at the elementary level, and continued counseling supports for students and staff.
CSEA- Classified Staff	The Superintendent met with classified staff on 3/20/2024. LCAP goals, metrics, and actions were reviewed and discussed. Staff discussed additional supports that could address each goal. The topics that drew the most interest were the need for continued professional development for instructional aides, additional bus drivers and bilingual kitchen staff.

Educational Partner(s)	Process for Engagement
EL Parents	The Superintendent met with EL parents on 1/24/2024. LCAP goals, metrics, and actions were reviewed and discussed. Parents discussed additional supports that could address each goal. The topics that drew the most interest were additional 1:1 help for students in the classroom, more drug education and prevention programs, and classes for ELD parents.
SELPA	The Superintendent met with the SELPA director on 5/1/2024. LCAP goals, metrics, and actions were reviewed and discussed in regard to a special education lens. There were discussion on additional supports that could address SPED needs in the areas of ELA, Math, and Suspension rates.
Parents	The Superintendent met with parents from each school site on 1/23/2024. LCAP goals, metrics, and actions were reviewed and discussed. Parents discussed additional supports that could address each goal. The topics that drew the most interest were additional counseling, behavior supports, maintaining instructional aide supports, and possibly adding an Ag Science teacher at LOHS.
Administrators	The Superintendent met with administrators from each school site on 1/23/2024. LCAP goals, metrics, and actions were reviewed and discussed. Administrators discussed the effectiveness of current supports and additional supports that could address each goal. The topics that drew the most interest were additional counseling, behavior supports, and maintaining instructional aide supports.
Equity Multiplier Site Council for Live Oak Alternative Schools	The Superintendent met with the LOAS/VOHS school site council on 5/14/2024. Parents, students, teachers, classified, and administration participated in the meeting. The Equity Multiplier was discussed, and a focus goal was developed to focus on CTE and its impact on student engagement.
Parent Advisory Committee	The Superintendent met with parents from each school site on 5/8/2024. Input from all education partners was reviewed and discussed. Parents identified the top items/adds for the School Board to consider when finalize and approving the new 3-year LCAP. The top three adds were a school psychologist, SPED teachers at LOMS and Luther and a fulltime Independent Study teacher at LOAS.

Educational Partner(s)	Process for Engagement
	Overall the request was to maintain the level of support the past LCAP established throughout the District.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Students- The LCAP addresses continued support of CTE, tutoring options for students, additional counseling support and campus security.

LOTA- The LCAP addresses instructional aides to support both core instruction and interventions, professional development and counseling supports for students.

CSEA- The LCAP addresses aides and professional development.

EL Parents- The LCAP addresses parent educational/engagement opportunities and school security.

Sutter County SELPA- The LCAP addresses interventions.

Parents-The LCAP addresses counseling and maintaining instructional aide supports.

Administrators-The LCAP addresses counseling and maintaining instructional aide supports.

Equity Multiplier Site Council for Live Oak Alternative Schools- The LCAP has a focused goal (7) that specifically addresses their input in the way of CTE and student engagement.

Parent Advisory- The LCAP addresses continued support of AVID, aides, counseling, and ways for students to prepare for and explore college and career. They identified the need for an additional school psychologist, SPED teacher, Ag Science teacher, and Independent Study teacher.

Board- The LCAP addresses maintaining Counseling, continued support interventions and tutoring, aide support with professional development, campus security and supports for college and career.

The common theme from all groups was need for to maintain and/or add counseling so there was a decision to continue with the level of support and the continued partnerships with Sutter County CARE team and New Day counseling. Professional development will be provided to classroom aides and there will be a continued emphasis on tutoring and instructional supports/interventions provided by aides and shadow classes in math and ELA.

Goal

Description	Type of Goal
Increase student growth toward proficiency in Core subjects. (ELA/ELD, Math, Science and Social Science)	Broad Goal
 1.1 Hire staff to improve interventions/supports for accessing core instruction (RtI- Math and ELA, ELD, AVID, SPED) 1.2 Provide quality, ongoing professional development and collaboration in California State Standards, RtI, ELD, and AVID WICOR strategies, that support site and district staff needs. 1.3 Improve and increase the use of technology for instruction and assessment. 1.4 Provide instructional materials and supplemental materials to support and improve the implementation of California state standards and interventions necessary to improve student access 	
	Increase student growth toward proficiency in Core subjects. (ELA/ELD, Math, Science and Social Science) 1.1 Hire staff to improve interventions/supports for accessing core instruction (RtI- Math and ELA, ELD, AVID, SPED) 1.2 Provide quality, ongoing professional development and collaboration in California State Standards, RtI, ELD, and AVID WICOR strategies, that support site and district staff needs. 1.3 Improve and increase the use of technology for instruction and assessment. 1.4 Provide instructional materials and supplemental materials to support and improve the

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Goal 1 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that barriers need to be removed and supports put in place to move students to proficiency. It is acknowledged that students come to LOUSD with different educational experiences and differing abilities. Formative (DIBBLES, MAP/iReady) and Summative (CAASPP, ELPAC, Surveys) assessments were used to determine the original needs and are repeatedly looked at each year to measure progress and refocus efforts in newly identified areas. Data showed that tier II and tier III supports needed to be expanded and focused on discreet reading skills, EL skills, and foundational math. A large component of successful interventions is the continuous training of staff.

1.19	1.4 (c) Benchmark Assessments	Maintain iReady benchmark assessments for ELA and Math to inform instruction and intervention	\$57,878.00	Yes

Goal

Goal #	Description	Type of Goal
2	Prepare all students to be college and career ready	Broad Goal
	 2.1 Maintain staff to improve and increase options for career and college readiness (Including CTE, VAPA, STREAM) 2.2 Provide supplies for added classes to improve instruction 2.3 Provide professional development for teachers and staff in California State standards, AVID WICOR strategies and CTE standards 2.4 Provide increased educational opportunities for all students 	

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)

Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Goal 2 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that barriers need to be removed and supports put in place to provide all students, especially unduplicated students, with the tools needed to be career and college ready. It is acknowledged that students come to LOUSD with different abilities, strengths, and support structures. Formative (DIBBLES, MAP, CTE Observations) and Summative (CAASPP, ELPAC, Surveys) assessments were used to determine the original needs and are repeatedly looked at each year to measure progress and refocus efforts in newly identified areas. Data showed that unduplicated students needed support and guidance to be college ready. A-G completion rates were below 30% and less for unduplicated students. AVID, CTE expansion, support classes for math and ELA, and VAPA were identified as ways to address student needs.

The actions created to address this goal have resulted in growth for unduplicated students and will sustain that growth with continuous evaluation of added supports and classes, along with targeted professional development to move students toward career and college ready. A-g Completion rates have increased and have maintained that increase. It is believed that the continuation of these actions will both maintain and improve student progress toward reaching career and college goals.

Goal

Goal #	Description	Type of Goal
3	Engage and motivate all students in order to create an inclusive, safe, and welcoming learning environment	Broad Goal
	3.1 Hire staff to meet the social, emotional, and behavioral needs of our students 3.2 Professional development for staff to improve consistency of providing modifications, accommodations, and discipline for all students, especially students with Individual Educational Plans 3.3 Programs and activities to improve school culture, climate, and attendance	

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)

Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Goal 3 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that student need to feel connected, safe, and care about at every school, every day. It is acknowledged that students come to LOUSD schools with different social emotional needs. Surveys, along with attendance, graduation, and student discipline data were used to determine the original needs and are repeatedly looked at throughout each year to measure progress and refocus efforts in newly identified areas. Data showed that there was a large need for social emotional counseling. A large component of successful interventions is the continuous training of staff.

The actions created to address this goal have resulted in improvement for unduplicated students in the areas of chronic absenteeism, suspension, and graduation rates and will sustain that growth with continuous evaluation of interventions and targeted professional development.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Chronic Absenteeism: % of students chronically absent (State Priority 5b)	2023 Dashboard All: 24.1% SED: 27.2% EL: 23% FY: 22.2%			2026 Dashboard All: 15% SED: 15% EL: 15% FY: 15%

Goal

Goal #	Description	Type of Goal
4	Recruit, hire, train, and retain high quality staff who are committed, collaborative, caring, and focused on student outcomes	Broad Goal
	4.1 Provide quality, ongoing professional development and collaboration that supports site/district staff needs	

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

Priority 2: State Standards (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Goal 4 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that in order for LOUSD to be successful that it mut find the best employees, train them annually, and retain them by providing the tools they need to be successful. Surveys and staff retention rates were used to determine the original needs and are repeatedly looked at each year to measure progress and refocus efforts in newly identified areas. Data showed that professional development was a priority of staff, along with time for collaboration.

The actions created to address this goal have resulted in staff retention and staff satisfaction in professional development.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal

Goal #	Description	Type of Goal
5	Engage parents and families to support student success in school	Broad Goal
	 5.1 Increase staff to better engage parents 5.2 Increase and improve parent outreach and education 5.3 Improve and increase means of communicating with parents and the community 	

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

Goal 5 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that barriers need to be removed for parent participation. Surveys were used to determine the original needs and are repeatedly looked at each year to measure progress and refocus efforts in getting parents involved. Data identified that parents needed improved communication, access and more thorough information.

The actions created to address this goal have resulted in improved communication and more parent involvement.

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
5.1	Parent Involvement Survey:	2023 Parent Survey			2026 Parent Survey	
	% of parents that agree (State Priority 3a-c)	91% of parents that agree that their school keeps them informed			98% of parents that agree that their school keeps

Goal

Goal #	Description	Type of Goal
6	Provide a learning environment that is safe, clean, and in good repair	Broad Goal
	 6.1 Increase staffing levels to better maintain school sites 6.2 Provide funding to allow district to replace roofs, update bathrooms, and maintain school buildings 6.3 Provide funding for school safety; fencing, security cameras, intercoms, bells, etc. 6.4 Provide and maintain crossing guards at the corner of Pennington Rd. and Connecticut Rd. to improve student safety for TK-5th students 	

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Goal 6 was developed by a broad range of educational partners and is revisited every year by educational partners to determine it's effectiveness. It is the feeling from all partners that schools need to be physically safe and maintained at a high level so that there are no barriers to student learning. Surveys were used to determine the original needs and are repeatedly looked at each year to measure progress and refocus efforts in newly identified areas. Data showed that there was a need for safety upgrades, need to maintain facilities and have cleaner classrooms.

The actions created to address this goal have resulted in improvements on all campus as noted by parent, students, and staff.

Goal

Goal #	Description	Type of Goal
7	Expand Career Technical Education (CTE) opportunities	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Goal 7 was developed by the LOAS and VOHS site council. It was the unanimous feeling of teachers, classified, parents, students, and admin that the focus should be on student engagement through the development and expansion of career technical education. Students and parents acknowledged the level of excitement in engagement in classes that were hands on and had real world connections.

The actions created to address this goal were developed by the team.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and	Identified Need(s)	How the Action(s) are Designed to Address	Metric(s) to Monitor
Action #		Need(s)	Effectiveness
1.3	Action: 1.1 (c) ELD Support Staff Need: 2023 Dashboard (2022-23 SBAC): ELA ALL: 9.1 points below standard EL: 43.2 points below standard 2023 Dashboard (2022-23 SBAC): Math ALL: 50.3 points below standard EL: 75.4 points below standard EL: 75.4 points below standard 2022-23 iReady ELA-Winter K 38% at or above standard 1 25% at or above standard 2 30% at or above standard	To address our Goal 1- sub goal 1.1 to; hire staff to improve interventions/supports for accessing core instruction (RtI- Math and ELA, ELD, AVID, SPED), we implemented this action to embed tiered supports for EL students based on assessment data. Tier 2 and Tier 3 interventions are added, and students move in and out of them based on benchmark results. These tiered interventions range from EL support, math support, ELA support (reading and or writing), science support, and implementations of WICOR strategies across curriculum and subject. These interventions are designed to address the significant performance gap in the performance of All Students vs. EL Students,	CAASPP ELA and Math, i-Ready, CAST, ELPAC

Goal and	Identified Need(s)	How the Action(s) are Designed to Address	Metric(s) to Monitor
Action #		Need(s)	Effectiveness
	2022-23 iReady Math- Winter K 15% at or above standard 1 22% at or above standard 2 14% at or above standard 2022-23 CAST Results ALL: 23.29% met standard EL: 1.67% met standard 2023 Dashboard (English Learner Progress): 57.6% making progress Scope: Limited to Unduplicated Student Group(s)		

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

LOUSD experienced a reduction in UPP with the implementation of free meals for all. LOUSD dropped from 82% to 73%. This reduction was partially offset by the additional concentration funds. Services within the LCAP were maintained and not reduced due to the additional funds. We identified the need for two aides hired to support EL's in mainstream classes and in their Designated ELD classes. Also additional counseling and health aide time were increased to meet the needs of unduplicated students.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	24:1	20:1
Staff-to-student ratio of certificated staff providing direct services to students	24:1	22:1

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- Comprehensive Strategic Planning: The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- Meaningful Engagement of Educational Partners: The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- Accountability and Compliance: The LCAP serves an important accountability function because the nature of some LCAP template sections
 require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
- NOTE: As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC 2024-25 Local Control and Accountability Plan for Live Oak Unified School District

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
 and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023
 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

• Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

• Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

• Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections <u>52060(g)</u> (California Legislative Information) and <u>52066(g)</u> (California Legislative Information) specify the educational partners that must be consulted when developing the LCAP:

- Teachers.
- Principals,
- Administrators.
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section <u>47606.5(d)</u> (California Legislative Information) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- · Other school personnel,
- · Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

• For school districts, see Education Code Section 52062 (California Legislative Information);

- Note: Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of EC Section 52062(a).
- For COEs, see Education Code Section 52068 (California Legislative Information); and
- For charter schools, see Education Code Section 47606.5 (California Legislative Information).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement
 process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within
 the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
 - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
 - Inclusion of metrics other than the statutorily required metrics
 - Determination of the target outcome on one or more metrics
 - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
 - Inclusion of action(s) or a group of actions
 - Elimination of action(s) or group of actions
 - Changes to the level of proposed expenditures for one or more actions
 - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
 - Analysis of effectiveness of the specific actions to achieve the goal
 - Analysis of material differences in expenditures
 - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
 - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
 - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving
 Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The <u>LCFF State Priorities Summary</u> provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
 - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
 - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
 - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to
 implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the
 ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section <u>42238.024(b)(1)</u> (California Legislative Information) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- Required metrics for LEA-wide actions: For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- Required metrics for Equity Multiplier goals: For each Equity Multiplier goal, the LEA must identify:
 - o The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
 - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

Enter the metric number.

Metric

• Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

• Enter the baseline when completing the LCAP for 2024–25.

- Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan.
 LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
- Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
- Indicate the school year to which the baseline data applies.
- The baseline data must remain unchanged throughout the three-year LCAP.
 - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
 - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- o Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
 - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
 - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "Measuring and Reporting Results" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAF for 2024–25 or when adding a new metric.	for 2024–25 or when	Enter information in this box when completing the LCAP for 2025–26 . Leave blank until then.	Enter information in this box when completing the LCAP for 2026–27 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 or when adding a new metric.	Enter information in this box when completing the LCAP for 2025–26 and 2026–27. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
 - o Include a discussion of relevant challenges and successes experienced with the implementation process.
 - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages
of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or
percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. "Effectiveness" means
 the degree to which the actions were successful in producing the target result and "ineffectiveness" means that the actions did not
 produce any significant or targeted result.
 - o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
 - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
 - o Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
 - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
 - The reasons for the ineffectiveness, and
 - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action

Enter the action number.

Title

Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
 - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each
 action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for
 the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
 - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth,
 English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
 - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

• Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
 - Note: for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
 - Language acquisition programs, as defined in EC Section 306, provided to students, and

- Professional development for teachers.
- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
 - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
 - o These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

Page 150 of 162

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

 Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

• Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

• Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage

Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

• Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover
Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as
compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that
 was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school
 LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the
 funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at
 selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - o The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
 - o The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
 - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- LCAP Year: Identify the applicable LCAP Year.
- 1. Projected LCFF Base Grant: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- 2. Projected LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- 3. Projected Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- LCFF Carryover Percentage: Specify the LCFF Carryover Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- Total Percentage to Increase or Improve Services for the Coming School Year: This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.

- Goal #: Enter the LCAP Goal number for the action.
- Action #: Enter the action's number as indicated in the LCAP Goal.
- Action Title: Provide a title of the action.
- Student Group(s): Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- Contributing to Increased or Improved Services?: Type "Yes" if the action is included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
 - Scope: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - Unduplicated Student Group(s): Regardless of scope, contributing actions serve one or more unduplicated student groups.
 Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - Location: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- Total Non-Personnel: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- LCFF Funds: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- Note: For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- Other State Funds: Enter the total amount of Other State Funds utilized to implement this action, if any.
 - Note: Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- Local Funds: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

• Estimated Actual Expenditures: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- 6. Estimated Actual LCFF Supplemental and/or Concentration Grants: Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- Estimated Actual Expenditures for Contributing Actions: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- Estimated Actual Percentage of Improved Services: For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

• 9. Estimated Actual LCFF Base Grant: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic

Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

• 10. Total Percentage to Increase or Improve Services for the Current School Year: This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - o This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column.
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting
 the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

4. Total Planned Contributing Expenditures (LCFF Funds)

This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

• 7. Total Estimated Actual Expenditures for Contributing Actions

This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)

 This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

• 5. Total Planned Percentage of Improved Services (%)

This amount is the total of the Planned Percentage of Improved Services column.

• 8. Total Estimated Actual Percentage of Improved Services (%)

This amount is the total of the Estimated Actual Percentage of Improved Services column.

• Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)

 This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

• 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)

This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base
 Grant (9) plus the LCFF Carryover – Percentage from the prior year.

• 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)

This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the
quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

• 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)

 If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds. The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

• 13. LCFF Carryover — Percentage (12 divided by 9)

This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
