

## **LCFF Budget Overview for Parents**

Local Educational Agency (LEA) Name: Walnut Creek Elementary School District

CDS Code: 07-61812-0000000

School Year: 2024-25

LEA contact information:

Marie Morgan

Superintendent

[mmorgan@walnutcreeksd.org](mailto:mmorgan@walnutcreeksd.org)

925.944.6850

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### **Budget Overview for the 2024-25 School Year**

## Projected Revenue by Fund Source

This chart shows the total general purpose revenue Walnut Creek Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Walnut Creek Elementary School District is \$50,779,495, of which \$40,551,519 is Local Control Funding Formula (LCFF), \$5,065,862 is other state funds, \$4,005,026 is local funds, and \$1,157,088 is federal funds. Of the \$40,551,519 in LCFF Funds, \$1,689,240 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Walnut Creek Elementary School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Walnut Creek Elementary School District plans to spend \$51,233,905 for the 2024-25 school year. Of that amount, \$1,688,954 is tied to actions/services in the LCAP and \$49,544,951 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

As a general rule, 80% of the total General Fund expenditures consist of salaries and benefits needed to carry out various educational support activities such as transportation, nutrition services, custodial activities, health and safety, building maintenance and operations, and more. These support activities, along with related supplies and services and operations costs, do not directly influence the outcome of the actions and services identified in the LCAP and, therefore, are not included.

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Walnut Creek Elementary School District is projecting it will receive \$1,689,240 based on the enrollment of foster youth, English learner, and low-income students. Walnut Creek Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Walnut Creek Elementary School District plans to spend \$1,689,240 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Walnut Creek Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Walnut Creek Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Walnut Creek Elementary School District's LCAP budgeted \$1,443,730 for planned actions to increase or improve services for high needs students. Walnut Creek Elementary School District actually spent \$1,722,963 for actions to increase or improve services for high needs students in 2023-24.

## Goals and Actions

### Goal

Goal #	Description
1	ALL students will be provided with highly engaging, meaningful, and relevant learning experiences to develop a deep understanding of content standard knowledge. This high-quality education experience will eliminate barriers in order to decrease the opportunity gaps between student groups as seen in local and state English Language Arts and Mathematics assessment results. (State priorities 1, 2, 4, 7, 8)

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

All actions were carried out as planned with an increase of some technology tools(NWEA MAP, Zearn) into the 6-8 grade span. Principals, instructional coaches, and teachers participated in professional development which supported grade-level collaboration where staff reviewed formative & summative assessments to inform instruction. The use of technology tools such as Dreambox & Lexia are monitored and assigned to students performing below grade-level, and regular MTSS meetings are being held to determine additional supports for students in tier one, two & three settings. Literacy intervention and English Language Development small group instruction is provided at all sites based on student need as determined by multiple metrics at benchmark points throughout the school year.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Upon Walnut Creek Elementary School District's comprehensive review process of the LCAP implementation, we have identified two material differences between Budgeted Expenditures and Estimated Actual Expenditures. Action 1.2 based on positive feedback from teachers, the district expanded the use of instructional technology tools to include 6th - 8th grade students which increased our expenditures from \$106,205 to \$203,208. In Action 1.5 our initial plans included a partial allocation for Lexia and Dreambox. It was determined that full implementation would be funded through the LCAP. The expenditure increased from \$84,552 to \$219,393.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

1.1 Effective - Professional development in support of Learning Acceleration was effective as measured by Local benchmarks, anecdotal feedback from staff, and LCAP survey responses. Student progress was reviewed by principals and teachers and instructional coaches during collaboration meetings. These discussions lead to changes in instruction for students in the classroom and inclusion in flexible intervention programs when appropriate. Principals and teachers who participated in the collaborative network in support of Professional Learning Teams found the professional learning sessions to be effective in supporting high-quality collaboration. The data supports to support this action: WCSD's CA School Dashboard maintained a Green Status in ELA & Math, In ELA our SWD increased by 4.3%, our SED student group increase by 2.4% and in Math our SWD group increased by 5.6% our SED group increased by 9.9% and our EL student group did not show an increase and we adjusted our action to support our EL student group in the 2024- 25 LCAP. This growth supports our continued efforts with professional development and we will set more attainable three year goals in the 2024-27 LCAP.

1.2 & 1.5 Effective -Instructional Technology -Upon review of the usage of our digital tools and anecdotal feedback from principals and Technology Mentors, it has been determined that the available district technology tools are high-quality and provide impactful and effective support to students and teachers. Students who meet the usage weekly goals made good progress (i.e., Lexia: Of the Students meeting the weekly usage goal, the percentage of students working in or above grade level increased from 64% to 88% from August to May. More specifically, the following is the percentage of students working in or above grade level in May: K- 100%, 1st grade - 100%, 2nd grade - 98%, 3rd grade - 93%. Dreambox: 527 elementary students who completed between 2 - 5 lessons per week made 62% progress and the 176 elementary students who completed 5 or more lessons per week made 137% progress.)

1.3 Effective - English Learner Support as measured by the amount of small group instruction provided and results on CA School Dashboard. 121 elementary students and 51 middle school students received designated ELD support through our continued increase in staffing levels. The ELD teacher joined collaboration sessions to consult with teachers regarding ELD strategies. The ELD teachers and intervention team worked together to review local benchmarks and ELPAC data to determine instructional needs. The designated ELD program is effective as measured by our "high" status level on the 2023 English Learner Progress Indicator. This growth supports our continued efforts with professional development and we will set more attainable three year goals in the 2024-27 LCAP.

1.4 Effective -Intervention Program as measured by the number of students who had access to the program and student growth as measured by reading levels. 128 students were provided strategic small-group instruction with our intervention teachers each trimester. 84% of these students made progress in their reading levels over the course of the intervention session. Additionally, Intervention teachers met throughout

the school year to monitor student progress to ensure students were progressing toward grade-level proficiency. This growth supports our continued efforts with professional development and we will set more attainable three year goals in the 2024-27 LCAP.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

Walnut Creek School District will change the following components in our 2024 - 27 LCAP to better support the needs of the students:

Metrics: All metrics will continue and formative assessments (Local 1st-grade decoding assessment & 6th - 8th grade Math Diagnostic Testing Project) will be used to monitor effectiveness throughout the year.

Action 1.1 While this action was effective, the 2024-25 Instructional Coach program will increase focus on integrated English Language Development, K-5 Word Study implementation, and 6th - 8th grade mathematics instruction. This specific district focus will increase the success of these identified areas of need.

Action 1.2 WCSD will reallocate the LCAP funds used for instructional technology tools to support 2024-27 LCAP Goal 2. Robust instructional technology tools remain a strategic plan priority and will be funded with a different source in 2024-25.

Action 1.3 Upon reflecting on the support provided to English learners, WCSD will continue to review the effectiveness of the current personalized Learning Software program (Imagine Learning) and select a new program if the pilot process finds a more effective program.

Action 1.4 WCSD's Multitiered Systems of Support have proven to be effective and to strengthen outcomes for students with disabilities (3.21% Socio-economically disadvantaged and 13.73% English Learners, WCSD will include a Program Specialist in this action for 2024-25. The program specialist will focus on our student groups who scored at the lowest status level on the academic metrics in the 2023 CA School Dashboard. In order to strengthen the elementary intervention program, additional formative assessment measures will be analyzed each trimester and used to inform instruction closely aligned with the science of reading.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	Improve and /or increase services to support social, emotional, and physical well-being of students in order to ensure each student succeeds at their highest academic and social-emotional potential with a district focus on eliminating opportunity gaps. (State priorities 5, 6)

### Measuring and Reporting Results

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Upon Walnut Creek Elementary School District's comprehensive review process of the LCAP implementation, we were able to implement all action steps as planned. Every school continued to staff a vibrant Wellness Center. School-based counseling is available at all sites. The district behaviorist and psychologists attend MTSS meetings in order to share their expertise. All new staff participated in an equity professional development session focused on Compassionate Dialogue, and our district formed an Equity Inquiry Team supported by our partnership with the National Equity Project.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Upon Walnut Creek Elementary School District's comprehensive review process of the LCAP implementation, we have identified no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Walnut Creek Elementary School District's following action(s) have proven to be effective by the measure(s) as indicated:

2.1 Effective - Wellness Program, as measured by Wellness Center utilization and counseling services accessed. On average, 4,693 elementary students visit the wellness center monthly and 781 middle school students visit the wellness center monthly. Wellness Paraprofessionals participated in bi-weekly professional development to ensure they were creating positive experiences for students who visited a school's Wellness Center. Wellness Coordinators (licensed clinicians) provided clinical supervision hours to Counseling Interns. Counseling Interns provided 95 students with school-based counseling services. Wellness Coordinators provided direct support to site administrators in managing student cases where additional emotional support was needed, including conducting risk assessments to ensure student safety. While our we did not meet the desired suspension rate outcome the overall increase in the district is .3% The district did not meet our desired outcome for chronic absenteeism or school attendance rate. Based on this analysis we will address this equity challenge through our partnership with the National Equity Project.

2.2 Effective - District Behaviorist, as measured by the number of students receiving direct support was 20. In addition, the District Behaviorist worked directly with 6 SDC classrooms and provided direct consultation to 30 general education teachers as a means of accommodating specific students in the classroom setting, in total serving 50 students.

2.3 Effective - School Psychologist as measured by the number of students who received direct counseling services was 38. The District Behaviorist and School Psychologists collaborated with the District Wellness Team to ensure a continuum of services is available to support students' emotional well-being. District Behaviorist and School Psychologist worked in collaboration with site administration and Wellness Coordinators to determine student support needs. In addition, the District Behaviorist and School Psychologist provided consultation services to classroom teachers to support specific students in need of additional in-class support.

2.4 Effective - All new Walnut Creek School District employees participated in a professional development session offered by Epoch Education. The staff survey following the professional development sessions proved very positive. The district's Equity Committee met throughout the school year providing leadership to promote a culture of equity & belonging which culminated in sharing our student voice project which is an outcome of our partnership with the National Equity Project.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After reviewing CA School Dashboard data, WCSD will make the following changes to this goal for the 2024-2027 LCAP:

Action 2.1: Continue the District Comprehensive Wellness program supported by the District Wellness Coordinator and school site Wellness Paraprofessionals.

Actions 2.2 & 2.3: These actions will be moved to the general fund to reallocate LCAP funding to other action steps.

Action 2.4: Our equity goals will continue to be supported by our partnership with the National Equity Project and the Anti-Defamation League.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	Increase parent, family, student, and educational partners stakeholder engagement and strengthen these partnerships for the purpose of supporting student learning through effective communication and collaboration. (State priority 3)

### Measuring and Reporting Results

Continue to engage parents (28) at every site council in order to provide an avenue to give input into decisions to modify the district LCAP and School Plans for Student Achievement. Continue to engage with parents (12) on the WCEF and PTA/O Presidents' Council through regular meetings with the superintendent to give input into district decisions.</p> <p>3b) Continue to send Invitations specifically emailed to our English Learner families to increase attendance at the DELAC with a goal of (20). Continue to host district and site parent education</p>

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	3c) Our SPED staff communicate regularly with parents of our exceptional needs students to keep them informed of opportunities to attend parent information events and all parents are encouraged to provide input through our annual parent survey. We received 91 elementary parent and 51 middle school parent survey responses.	of our exceptional needs students to keep them informed of opportunities to attend parent information events and all parents are encouraged to provide input through our annual parent survey. We received 104 elementary parent (49% of elementary SPED parents) and 60 middle school parent (43% of middle school parents) survey responses.	of our exceptional needs students to keep them informed of opportunities to attend parent information events and all parents are encouraged to provide input through our annual parent survey. We received 108 elementary SPED parents (46% of elementary SPED parents) and 53 middle school SPED parent (42% of middle school SPED parents) survey responses.	streamed or video recorded in order to increase access.  3c) Our SPED staff communicate regularly with parents of our exceptional needs students to keep them informed of opportunities to attend parent information events and all parents are encouraged to provide input through our annual parent survey. We received 132 elementary SPED parent (56% of elementary SPED parents) and 59 middle school SPED parent (42% of middle school SPED parents)survey responses.	series which are live-streamed or video recorded to increase access.  3c) Our SPED staff will continue to communicate regularly with parents of our exceptional needs students to keep them informed of opportunities to attend parent information events and all parents are encouraged to provide input through our annual parent survey with a goal of 75% of our parents of students with IEPs responding to the survey.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Upon Walnut Creek Elementary School District's comprehensive review process of the LCAP implementation, we implemented all actions as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Upon Walnut Creek Elementary School District's comprehensive review process of the LCAP implementation, we have identified no material differences between Budgeted Expenditures and Estimated Actual Expenditures.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

3.1 Effective: Student & Family Survey (1196 participants) continues to inform and provide direction towards the continuous improvement of programs and services that support our strategic plan and LCAP.

3.2 Effective: District Communication is strong with weekly principal newsletters, monthly superintendent communication, student, staff and family listening sessions, WCSD Social Media presence, and up-to-date websites.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

After reviewing CA School Dashboard data, WCSD will make the following changes to this goal for the 2024-2027 LCAP:

Action 3.1 Continue to implement the student, staff & family Youth Truth Survey.

Action 3.2: While current district communication is highly effective (96% of parent messages sent through Blackboard are received), we are investigating the addition of a two-way communication platform to deepen the level of engagement possible with our educational partners.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Walnut Creek Elementary School District	Marie Morgan Superintendent	mmorgan@walnutcreeksd.org 925.944.6850

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Walnut Creek Elementary School District is a PK-8 elementary district located in the central Bay Area. The community of Walnut Creek is a unique combination of urban, suburban, and open-space areas. The district is responsible for meeting the educational needs of approximately 3,435 students at six elementary schools and one intermediate school. The sixth elementary school, a K-8 school, opened in 2015. In grades, TK-5 students learn in primarily self-contained classrooms, while in grades 6-8 students are in both core and elective courses. The goals and actions of the LCAP are focused on meeting the needs of all students, including unduplicated populations; English Learners (12.8%), Socioeconomically Disadvantaged (13.2%), Foster Youth (0.1%), and Students with Disabilities (11%). The diverse student population includes the following significant ethnic populations; Hispanic (15.8%), Asian (15.5%), Filipino (2.3%), White (49.3%), Black or African American (2.7%), and Two or More Races (11.5%).

Note: As a TK-8 elementary school district, the following Priorities do not apply: Priority 4B - the percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the UC or CSU or career technical education sequence or programs of study that align with state board approved career technical education standards and framework; Priority 4C -the percentage of students who have successfully completed courses that satisfy the requirements for career technical education sequences or programs of study that align with state board-approved career technical education standards and frameworks; Priority 4D - The percentage of students who have successfully completed both types of courses described above in (B) and (C); Priority 4G - the percentage of pupils who have passed an advanced placement examination with a score of three or higher; Priority 4H - the percentage of pupils who participate in, and demonstrate college preparation pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness; Priority 5D - high school dropout rate; Priority 5E - high school graduation rate.

# Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Analysis of WCSD’s performance on state indicators reported in the 2023 California School Dashboard, shows the academic indicator for ELA as a Green Level with a status of High, 43.4 points above standard. The 2023 -24 school year local data (K-5 Reading Level, 6th - 8th Grade Common Lit Assessment shows the percentage of K-8 students meeting or exceeding grade-level expectations on the English Language Arts local benchmark was 77%.

The 2023 California School Dashboard shows the academic indicator for mathematics as a Green Level with a status of High, 29.4 points above standard for all students.  
The 2022-2023 school year local data (K-5 District created end-of-year assessment the percentage of K-5 students meeting or exceeding standards on the mathematics local benchmark was 72%.

The 2023 California School Dashboard also shows areas for improvement. The following student groups received in the lowest performance level (Red):  
Academic Performance: ELA and Math: Walnut Creek Intermediate Students with Disabilities  
Chronic Absenteeism: Buena Vista: Socio-economically Disadvantaged, Students with Disabilities, Hispanic, White, All Students; Indian Valley: English Learners; Murwood: English Learners, Students with Disabilities, White; Walnut Heights: English Learners, Students with Disabilities, Socio-economically Disadvantaged, White; Walnut Creek Intermediate: African American, White

Student survey results show the Walnut Creek School district continues to provide a positive school climate.  
2023-24 California Health Kids Survey 5th grade - 79% School Connectedness, 7th Grade - 61% School Connectedness  
2023-24 California Health Kids Survey 5th grade - 74% Caring Adult Relationships, 7th grade - 66% Caring Adult Relationships

These areas of overall strong performance are the result of continued emphasis on high-quality instruction aligned to academic and social-emotional standards. The district’s recent focus on social-emotional competencies with identified time within the school day for morning meeting and advisory periods, as well as tier 2 academic supports provided within the school day, have both been vital supports to students. We will continue supporting our MTSS framework with the aligned actions in the 2024- 27 LCAP plan.

# Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not applicable

# Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

## ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

No schools in WCSD have been identified for comprehensive support and improvement.

## ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Does not apply to WCSD.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Does not apply to WCSD.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers, principals, administrators, other school personnel, local bargaining units	Principals led LCAP engagement sessions during a staff meeting between February - March. The input was then discussed and shared at a Principals' strategic planning input session held on 3/26/24. Superintendent Morgan held Listening Sessions for staff on 3/27/24, 3/28/24, and 4/17/24. All school site staff members were invited to participate in our annual Youth Truth Staff survey. Staff were invited to a District Budget Roadshow on 2/13/24 and 2/15/24.
Parents	Superintendent Morgan held Listening Sessions for parents on 1/11/24, 1/12/24, 1/19/24, 1/31/24, 2/2/24, 2/9/24 & 2/29/24. All families were invited to participate in our annual elementary & middle school Youth Truth Family survey. Principals facilitated School Site Council and PTA meetings that included LCAP input sessions. Parents participated in the district Strategic Planning Meeting held on 4/8/24. District English Learner Committee gave LCAP input on their meeting held on 4/25/24.
Students	Students participated in middle school School Site Council LCAP input sessions and the district Strategic Planning Meeting held on 4/8/24.

Educational Partner(s)	Process for Engagement
Walnut Creek Governing Board	LCAP focus areas and metrics were discussed at the following Governing Board Meetings 10/16/23, 11/13/23, 11/21/23, 1/22/24, 3/11/24, 4/8/24, 4/22/24 and 5/6/24.
Contra Costa SELPA	WCSD consulted with SELPA at an LCAP review meeting on 5/1/2024.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The District LCAP/Strategic Plan Advisory Committee composed of parents, community, certificated, and classified staff including local bargaining unit representatives, district administrators, site principals, and students participated in the development of the the 2024 - 27 Strategic Plan. The district collected input for each of the district's priority areas: Academic Excellence & Global Competencies, Emotional Wellness/Equity & Belonging, and Family & Community Connection. The following is a summary of themes found in feedback collected from the District LCAP/Strategic Plan Advisory Committee, DELAC, School Site Councils, District Equity Committee, and staff meetings. In all focus areas, the overwhelming feedback was that the current focus areas are making a positive impact on student learning and should continue into our next Strategic Plan & LCAP. The following ideas and trends emerged from an analysis of the feedback received from educational partners and informed our 2024-25 action steps.

**Academic Excellence & Global Competencies:** Professional learning through WCSD's instructional coach program focused on student outcomes which are the focus of high-quality, student-centered collaboration meetings, support for our Multilingual Learners in both Tier 1 & Tier 2, and continue to refine math intervention support as part of the MTSS process.

**Emotional Wellness & Equity:** Maintain social emotional supports across the district, continue to infuse Social Emotional Learning (SEL) and student voice into the lunch experience, District equity/restorative practices liaisons will support the implementation of practices that support equity and restorative practices. Liasons will work closely with the National Equity Project and the district's Equity Inquiry Team.

**Family & Community Connections:** Continue to foster positive and collaborative relationships with all educational stakeholders through open and transparent communications, and continue to engage with our educational partners in surveys and listening sessions.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	Academic Excellence & Global Competencies: These actions will ensure that all students have access to a high-quality educational experience eliminating barriers and decreasing the opportunity gaps between student groups as seen in local and state English Language Arts and Mathematics assessment results. This goal aligns with WCSD's Strategic Plan focus areas of Academic Excellence & Global Competencies and Equity & Belonging.	Broad Goal

### State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

### An explanation of why the LEA has developed this goal.

Analysis of student performance on local benchmark assessments and state summative assessments shows a gap between student groups:  ELA 2022-23 CAASPP SBAC All: 43.4, Green EL: -15.5, Orange SED: -9.4, Orange SWD: -58.5, Yellow African American: -9.9, Orange Hispanic: 5.5, Yellow  Math 2022-23 CAASPP SBAC All: 29.4, Green EL: 14.4, Yellow SED: -22.7, Green SWD: -69.1, Yellow African American:-36.8, Orange, Hispanic: -12.6, Yellow  Analysis of student performance on local benchmark assessments and state summative assessments shows a gap between student groups as seen in district metrics. Input received from stakeholders through the strategic planning process indicates a shared goal of continuing
---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

high-impact educator weekly collaboration (i.e. prioritizing learning standards, formative assessment practices, planning differentiated instruction) in order to support the academic success of all students. Additionally, providing all students with pathways to support the six global competencies: character, citizenship, collaboration, communication, creativity, and critical thinking will lead to increased levels of engaging and relevant learning experiences leading to improved student outcomes.

## Measuring and Reporting Results

## Actions

Action #	Title	Description	Total Funds	Contributing
<b>1.1</b>	Instructional Coaching	A. Provide site-based instructional coaches at elementary school sites to support teachers in integrated English Language Development (ELD) instructional practices, word study implementation and priority math standard instruction and assessment. B. Provide a math instructional coach to support priority standard instruction and assessment with a focus on 6th - 8th grade.	\$421,038.00	Yes
<b>1.2</b>	Multitiered System of Support	Continue to implement a Multitiered System of Support (MTSS). Provide Intervention teachers and stipends for MTSS Coordinators to provide support to identified students including unduplicated count students with small group and 1:1 instruction to support progress towards grade level proficiency. Provide a Program Specialist who will focus on the instructional program of the Students with Disabilities (SED 3.21%,EL 13.73%).	\$225,370.00	Yes
<b>1.3</b>	English Learner and Long Term English Learner Support	Provide English Language Development Teachers to support professional development for teachers and staff on strategies to increase the academic achievement of EL students through integrated & designated ELD. Provide access to a high-quality personalized learning software program for additional independent practice for English Learners. Provide staff professional development and instructional coaching to support teachers in implementing rigorous standards-aligned instruction designed to support at risk and LTEL students.	\$365,866.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	Emotional Wellness & Equity and Belonging: All student groups will demonstrate an improvement in attendance rates, school connectedness and belonging.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement) Priority 6: School Climate (Engagement)
--------------------------------------------------------------------------------------

An explanation of why the LEA has developed this goal.

<p>This goal was developed in response to the needs identified through data analysis and input from educational partners. The analysis of School Attendance data indicates a clear need to improve attendance for all students, with a districtwide attendance rate of 94.37% being well below the pre-pandemic level.</p> <p>In addition, Chronic Absenteeism has increased to 13.2% with four student groups showing much higher numbers as follows:</p> <ul style="list-style-type: none"><li>• EL 19.2%</li><li>• SED 21.8%</li><li>• SWD 19.4%</li><li>• Hispanic 19.2%</li></ul> <p>Educational research indicates that Absenteeism and Chronic Absentee rates are often a reflection of students' sense of connectedness and belonging at school. Our District Youth Truth student survey results show School Culture and Student Engagement are relatively lower than other markers. Our California Healthy Kids Survey data indicates that School Connectedness and Caring Adult relationships decline from 5th grade to 7th grade. During the LCAP engagement process, stakeholders indicated a need for more intentional actions to connect students and families to school. Specifically, the implementation of Equity initiatives and Restorative Practices have been requested to support the transition to relationship-based practices which strengthen a students sense of belonging and connectedness. Providing professional development and site-based support in these areas will result in improved metrics in these areas. This goal aligns with WCSD’s strategic plan focus areas of Safety &amp; Emotional Wellness and Equity &amp; Belonging.</p>
------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Professional Learning	Partner with the National Equity Project (NEP) to increase the capacity of staff to transform the experiences, outcomes, and life options for children and families who have been historically underserved by our institutions and systems. NEP focuses on changing belief systems and ways of working in schools and districts so that students are more engaged as learners and leaders by addressing their interests, needs and perspectives.	\$50,000.00	Yes
2.2	Equity/Restorative Practice Liaisons	Each school site will have an Equity/Restorative Practices Liaison who will attending monthly district level meetings and will assist school staff in	\$12,222.00	Yes

Action #	Title	Description	Total Funds	Contributing
		implementing practices that address Equity and Restorative Practices initiatives. District meetings will ensure liaisons are equipped with high quality information, strategies and skills to lead the work at the site level. Liaisons will provide ongoing training, coaching and guidance to school based staff for high quality implementation.		
<b>2.3</b>	Wellness Coordinator & Wellness Paraprofessionals	A Wellness Coordinator provides coordination of District's Comprehensive Wellness Program including Tier I supports, school-based counseling, and family access to outside resources. The Wellness Coordinator provides Parent Education, staff training and supports school outreach for families in need. Chronic absenteeism will be monitored and supported by the Wellness Coordinator with the objective of identifying the root cause for absences and access to needed family resources in order to support our student groups in the red indicator for chronic absenteeism.	\$579,958.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	Family & Community Connection: increase transparent communication that elevates student voices and engages family and community partners.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

Analysis of WCSD February 2024 Family Survey showed the following:

Parents report receiving information about what their child should learn & be able to do.  
Elementary: 83% positive rating,  
Middle School: 64% positive rating

Parent report feeling valued.  
Elementary: 78% positive rating  
Middle School: 64% positive rating

Parents report feeling engaged with school  
Elementary: 79% positive rating  
Middle School: 57% positive rating

Parents report feeling empowered to play a meaningful role in decision-making at their school.  
Elementary: 59% positive rating  
Middle School: 47% positive rating

While these results are generally above average when compared with other California school districts that administer the Youth Truth Family Survey, there is room for improvement. WCSD is committed to continued efforts that prioritize relationships and strengthen our partnership with all stakeholders. Creating a strong, inclusive learning community. Findings from the Global Family Research Project Report (<https://drive.google.com/file/d/1dWVjAo8YjYfpwVx2IJ8bTY7E8M0KR0i2/view?usp=sharing>) show that when families and teachers join together to support children’s learning and development, children are more likely to succeed in school. This goal aligns with WCSD’s strategic plan focus area of Family & Community Connection.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Parent Survey Participation Rate (Priority 3c)	<p>February 2024 WCSD Family Survey - Scale (1-5) Average Ratings Elementary Survey Participation Rate: 71% 4.14 School Culture 3.93 Engagement &amp; Empowerment 3.90 School Safety 4.35 Relationships 3.91 Resources 4.0 Communication &amp; Feedback</p> <p>Middle School Survey Participation Rate: 32% 3.91 School Culture 3.60 Engagement &amp; Empowerment 3.62 School Safety 4.09 Relationships 3.67 Resources 3.53 Communication &amp; feedback</p>			<p>February 2027 WCSD Family Survey - Scale (1-5) Average Ratings Elementary Survey Participation Rate: 72% 4.0 School Culture 4.0 Engagement &amp; Empowerment 4.0 School Safety 4.0 Relationships 4.0 Resources 4.0 Communication &amp; Feedback</p> <p>Middle School Survey Participation Rate: 36% 4.0 School Culture 4.0 Engagement &amp; Empowerment 4.0 School Safety 4.0 Relationships 4.0 Resources 4.0 Communication &amp; feedback</p>

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	<p><b>Action:</b> Instructional Coaching</p> <p><b>Need:</b> 1. 52% of SED and 74% of EL in the WCSD are not meeting standards as measured by the ELA CAASPP SBAC. 2. 56% of SED and 69% of EL in the WCSD are not meeting standards as measured by the Math CAASPP SBAC.</p>	<p>This action is principally directed towards meeting the needs of unduplicated students because, in the District’s experience, on-going and job-embedded professional development support teachers to design effective classroom instruction to differentiate for the diverse needs of students (Hanover Research 2014, Sweeney, D. 2018). Collaboration about assessment has been found to be more predictive of school and teacher performance than collaboration about other</p>	<p>1. Percent of first-grade students meeting benchmark on district phonics assessment.</p> <p>2. Percent of students meeting benchmark in priority standard area as measured by the Mathematics Diagnostic</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Scope:</b> LEA-wide	instructional domains (Ronfeldt et al., 2015, Cordingley, 2015, Hough et al., 2018)	Testing Project assessment.
<b>1.2</b>	<b>Action:</b> Multitiered System of Support  <b>Need:</b> 1. 52% of SED and 74% of EL in the WCSD are not meeting standards as measured by the ELA CAASPP SBAC. 2. 56% of SED and 69% of EL in the WCSD are not meeting standards as measured by the Math CAASPP SBAC. 3. Students with Disabilities at WCI performed 86.7 points below standard on the English Language Arts 2023 CA School Dashboard and 121.7 points below standard on the Mathematics CA School Dashboard.  <b>Scope:</b> LEA-wide	This action is principally directed towards meeting the needs of unduplicated students because in the District's experience, a large percentage of students participating in Tier 2 and Tier 3 (3.21% SED, 13.73% EL) are unduplicated students. The benefits of Response to Intervention (RtI) for improving student achievement are research-based (Buffum, Mattos, and Weber 2010).	1. Number of students who qualify for tier 2 intervention 1st - 2nd grade will reduce by 1% as measured by reading level and phonics/decoding assessments. 2. 6th - 8th grade students participating in our Tier 3 support program at Walnut Creek Intermediate will increase their performance on ELA CAASPP from 16% to 21% meeting proficiency.
<b>2.1</b>	<b>Action:</b> Professional Learning  <b>Need:</b> Academic achievement data, attendance data, and Youth Truth student survey results indicate an opportunity gap for English learners, Foster Youth, and Low-Income students. These gaps also appear for Hispanic and African American student groups. Based on our chronic absenteeism rate of 13.2% and	Participating in professional development with the National Equity Project, builds staff capacity to identify and develop strategies for practices that may be impacting these outcomes. This action is principally directed towards supporting our unduplicated students because in the district's experience providing all staff with equity professional learning positively impacts the learning conditions of our unduplicated students.	Chronic Absenteeism, Suspension Rates, and Youth Truth Student Survey data will reflect growth for these student groups.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>our school attendance rate of 94.37%, this is an area of identified need. WCSD Chronic Absenteeism opportunity gaps: SED 21.8%, EL 19.2%, SWD 19.4% African American 14.9%</p> <p><b>Scope:</b> LEA-wide</p>		
<b>2.2</b>	<p><b>Action:</b> Equity/Restorative Practice Liaisons</p> <p><b>Need:</b> Academic achievement data, attendance data, and Youth Truth, student survey results, indicate an opportunity gap for English learners, Foster Youth, and Low-Income students. These gaps also appear for Hispanic and African American student groups. the following data support the need for a focus on this action: Suspension rate: SED 3.2%, SWD 3%, African American 2.9% Chronic Absenteeism opportunity gaps: SED 21.8%, EL 19.2%, SWD 19.4% African American 14.9%</p> <p><b>Scope:</b> LEA-wide</p>	<p>Providing site based Equity/Restorative Practices liaisons will ensure sites recognize and implement practices that best support student needs on a daily basis. These liaisons will guide and support staff in implementation of preventive and responsive components of Restorative Practices. This action is principally directed towards supporting our unduplicated students because in the district's experience providing all staff with restorative practices professional learning positively impacts the learning conditions of our unduplicated students.</p>	<p>Chronic Absenteeism, Suspension Rates, and Youth Truth Student Survey data will reflect growth in these student groups.</p>
<b>2.3</b>	<b>Action:</b>	Analysis of student survey data from the CA Healthy Kids Survey(CHKS) has shown that 39%	Chronic Absenteeism Rate, Youth Truth Student

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Wellness Coordinator &amp; Wellness Paraprofessionals</p> <p><b>Need:</b> Attendance data, Chronic Absenteeism, and Youth Truth student survey results indicate an opportunity gap for English learners, Foster Youth, SWD, and SED students. These gaps also appear for Hispanic and African American student groups. Chronic Absenteeism opportunity gaps: SED 21.8%, EL 19.2%, SWD 19.4% African American 14.9%</p> <p><b>Scope:</b> LEA-wide</p>	<p>of 7th grade students do not feel connected to the school community. 2023-24 Chronic absenteeism data overall for the district is 13.2% with the following student groups showing higher rates of absenteeism: English Learners: 19.2%, SED: 21.8%, SWD 19.4%. This data shows the need for WCSD to continue to improve/increase services so that all students feel connected to their learning community. Science of learning research shows that strong relationships build strong brain architecture, providing critical avenues to learning and growth. Relationships are our strongest example of a positive context and are central to how children learn new skills, develop identities and seek out pursuits, activities and vocations. (<a href="https://turnaroundusa.org/">https://turnaroundusa.org/</a>) This goal aligns to our strategic plan's focus areas on emotional wellness and equity. This action is principally directed towards supporting our unduplicated students because in the district's experience a district-wide attendance &amp; wellness campaign positively impacts our unduplicated students.</p>	<p>Survey, California Healthy Kids Survey will reflect growth for these student groups.</p>
3.1	<p><b>Action:</b> Community Input</p> <p><b>Need:</b> 59% of elementary families and 47% of middle school families who participated in the Youth Truth (1,668) survey indicate feeling empowered to play a meaningful role in decision-making at their school.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Continually monitor and engage with all families to provide feedback for district programs &amp; services. Research consistently shows that the active involvement of families in a child's education is the number one predictor of their academic achievement and long-term success. This action is principally directed towards supporting our unduplicated students because in the district's experience strong community engagement is a predictor of success.</p>	<p>Increase participation rate in annual family survey by 5%</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<b>3.2</b>	<p><b>Action:</b> Communication</p> <p><b>Need:</b> 79% of elementary families and 57% of middle school families who participated in the Youth Truth (1,668) survey indicate feeling engaged with their school.</p> <p><b>Scope:</b> LEA-wide</p>	<p>Clear and consistent communication is the foundation of effective engagement. WCSD will adopt multiple communication channels to ensure families stay informed and connected. The utilization of newsletters, email updates, school websites and social media platforms to share important information, such as upcoming events, student achievements and policy changes. Regular parent-teacher conferences, open houses and family education workshops also provide opportunities for face-to-face interactions, allowing for better understanding and collaboration. This action is principally directed towards supporting our unduplicated students because in the district's experience strong community engagement is a predictor of success.</p>	<p>80% of elementary families and 64% of middle school families who participate in the Youth Truth survey will indicate feeling engaged with their school.</p>

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
<b>1.3</b>	<p><b>Action:</b> English Learner and Long Term English Learner Support</p> <p><b>Need:</b> 46% of English Learners who have been enrolled in WCSD for 12 months or more are not meeting standards as measured by the English Language Arts CAASPP. 9% of our English Learner students are Long Term</p>	<p>This action is directed towards meeting the needs of English Learners who are benefiting from their participation in our designated ELD program which supports the differentiated classroom instruction all EL students participate in with a focus on attainment of ELA &amp; ELD standards. Additionally, this action is directed towards meeting the needs of English Learners who are not meeting the criteria for reclassification, and this level of attention to student-specific goals will increase the</p>	<p>60% of English Learners will make progress towards English Language Proficiency as measured by the Summative ELPAC. Percent of LTELs will decrease from 9% to 7.8%.</p>

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	<p>English Learners and are not meeting the reclassification criteria.</p> <p><b>Scope:</b> Limited to Unduplicated Student Group(s)</p>	likelihood of attaining ELA & ELD standards, which will lead to reclassification.	

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

This section is not applicable to the Walnut Creek School District's LCAP.

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Does not apply to Walnut Creek School district.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

*Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

*Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

*Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

# Engaging Educational Partners

## Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

## Requirements

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**  
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

#### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

#### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
