## **UNION HIGH SCHOOL DISTRICT**

### **LCFF Budget Overview for Parents**

Local Educational Agency (LEA) Name: Sweetwater Union High School District

CDS Code: 37-68411

School Year: 2024-25

LEA contact information:

Dr. Ana Maria Alvarez

Assistant Superintendent

[ana.alvarez@sweetwaterschools.org](mailto:ana.alvarez@sweetwaterschools.org)

619-691-5546

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### **Budget Overview for the 2024-25 School Year**

## Projected Revenue by Fund Source

This chart shows the total general purpose revenue Sweetwater Union High School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Sweetwater Union High School District is \$581,201,862, of which \$480,772,814 is Local Control Funding Formula (LCFF), \$44,525,029 is other state funds, \$33,435,922 is local funds, and \$22,468,097 is federal funds. Of the \$480,772,814 in LCFF Funds, \$77,068,099 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Sweetwater Union High School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Sweetwater Union High School District plans to spend \$705,623,990 for the 2024-25 school year. Of that amount, \$423,463,964 is tied to actions/services in the LCAP and \$282,160,026 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The Sweetwater Union High School District budgeted expenditures that are not in the LCAP to address other statewide priorities, particularly, item #1 for basic services. In addition, the total cost of operating departments located in the district office are not included in the LCAP, for example: Duplicating, Purchasing, Warehouse, Accounts Payable, Payroll, Finance, Student Services, Special Education, Transportation, Maintenance, Human Resources, and the Benefits Department.

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Sweetwater Union High School District is projecting it will receive \$77,068,099 based on the enrollment of foster youth, English learner, and low-income students. Sweetwater Union High School District must describe how it intends to increase or improve services for high needs students in the LCAP. Sweetwater Union High School District plans to spend \$117,068,099 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Sweetwater Union High School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Sweetwater Union High School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Sweetwater Union High School District's LCAP budgeted \$97,731,715 for planned actions to increase or improve services for high needs students. Sweetwater Union High School District actually spent \$73,531,842 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$-24,199,873 had the following impact on Sweetwater Union High School District's ability to increase or improve services for high needs students:

The Sweetwater Union High School District budgeted expenditures that are not in the LCAP to address other statewide priorities, particularly, item #1 for basic services. In addition, the total cost of operating departments located in the district office is not included in the LCAP, for example, duplicating, purchasing, warehouse, accounts payable, payroll, finance, student services, special education, transportation, maintenance, human resources, and the benefits department. Increased and Improved Services section contains \$25M in calculated carryover, but the district is accounting an additional \$15M for 23-24 carryover funding for a total amount of \$40M.

The baseline for this goal is 100%.	100% access to a board course of student for unduplicated students and Students with Disabilities is available.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Teaching and learning was the focus goal for the district in 2023-2024. The actions and services associated with Goal 1 align to provide students with optimum classroom opportunities and environmental support to improve their academic outcomes. Implemented actions included initiatives to decrease class sizes and improve counselor-to-student ratios, Tutoring, fostering more personalized support for students. Efforts were directed towards supporting English Learners and promoting college readiness through programs like AVID. Challenges arose, particularly in staffing AVID tutors, leading to the redirection of funds for alternative College preparedness activities. Additional assistant principals were deployed to smaller schools to bolster instructional leadership and enhance student support and

achievement. Targeted testing strategies, like PSAT for 11th graders, were implemented to refine SAT preparation by identifying areas needing improvement. Professional Development emphasized textbook adoption aimed to ensure that teachers effectively utilized and integrated new instructional materials into their teaching practices. Professional development sessions were organized to familiarize teachers with the content and pedagogical approaches of the new textbooks, enabling them to deliver high-quality instruction aligned with curriculum standards. Professional development will continue to be the cornerstone plan for improving the quality of instruction in addition to offering Induction support for new teachers and coaching opportunities at school sites.

- Action steps 1.2 - Class size reduction was fully implemented and provided additional opportunities for small group instruction and student individualized support in each classroom.
- Action Step 1.3 - ELD, AVID and Bilingual class size reduction were fully implemented and provided more individualized support for English Learners and guidance for College and Career readiness.
- Action Step 1.4 - Lower student-counselor ratio of 360:1 allowed counselors to continue to provide a more personalized approach to College and Career Readiness and individualized interventions for EL, LI, FY, HY students. Counselors were provided for Palomar High and Alta Vista Academy alternative schools.
- Action Step 1.5 - District Curriculum Teachers on Special Assignment provided district professional development and support to school sites with the implementation of standards-based teaching and learning and Professional Learning Communities.
- Action Step 1.6 - Site Bilingual testers continued to support students' individualized needs and effective classroom instruction that leads to student engagement and mastery. College tutors supported EL, LI, FY, and HY in the areas of Mathematics.
- Action Step 1.7 & 1.17 - College and Career Education teachers and classroom activities supported students with college preparedness and school to career activities. This was fully implemented and has led to an increase in the number of students completing CTE pathway courses.
- Action Step 1.8 & 1.22 - The Library Media centers continued to extend hours and resources to provide tutoring and assistance to all students, during, before, and after school, including evening hours. The sites were allocated this budget, and this action step was part of the School Plan for Student Achievement.
- Action Step 1.9 - District AVID TOSA and site AVID coordinators worked with site administrators, counselors, and students to implement the AVID program including recruiting college tutors from local colleges and universities. Due to difficulty with hiring College Tutors some sites were unable to utilize the funds allocated for College Tutors and repurposed the funds for college preparedness such as College field trips and guest speakers.

Action Step 1.10 - Additional Assistant Principals were placed at five of the smaller Middle schools and all other schools and continued to provide instructional leadership for all students with a focus on monitoring, evaluating, and accountability principally targeting toward EL, LI, FY, and HY students. The small sites would normally only have one Assistant Principal assigned.

- Action Step 1.11 - District COSAs facilitated college readiness planning and coordination including compact for success, college fairs, and other events that foster access to college. The position was fully implemented but LCAP funds were not utilized to support this position in 2023-24.
- Action Step 1.12 - There was a significant increase in the requested and needed materials for all schools such as textbooks, innovative, researched-based social/emotional curriculum, and need-based instructional material to support all students. ESSER funds were utilized for this action step.
- Action Step 1.13 - Sites utilized the site intervention funds allocated to them to provide interventions such as before/after school tutoring, Saturday tutoring, online and in person credit recovery class throughout the school year.

- Action Step 1.14 & 1.19 - Summer school was fully implemented to ensure additional academic support to students needing credit recovery. ESSER funds were used to support summer schools.
- Action Step 1.15 - Site level PLC pullout days were not fully implemented across the district due to sub shortages. Sites utilized their minimum day schedules for PLC meetings.
- Action Step 1.16 - Research and Evaluation staff supported the district and site by providing summary data to staff on multiple measures of performance by school, paired with professional development opportunities to share best practices, participating in co-learning activities, deepening the teacher's knowledge of effective teaching and learning to support ELL, LI, H/F students. The assessment TOSA was added in 2023-24 and was effective in meeting with school site PLCs to support their implementation of the PLC assessment strategies.
- Action Step 1.18 - State & Federal Department effectively provided district-wide technical assistance, professional development, and coaching to department and school sites towards meeting Title I, Title III, and LCAP goals and initiatives, supports, and instructional programs that provide additional supports for English Learners, Foster Youth, and Low-Income students.
- Action Step 1.19 - Learning Recovery coaches were assigned to high schools to support students in the completion of Credit Recovery. Learning Recovery and Acceleration Coaches were effective in all high schools in developing intervention programs for students and supporting teachers in developing learning acceleration strategies to close the achievement gaps specifically for our English Learners, Special Education, Foster, and Homeless students. This action was fully implemented in the 2023-24 school year.
- Action Step 1.20, 1.21, 1.28, 1.29, 1.30 - Additional staffing for coordinator and supplemental supplies was provided for IB, FLAGS and SCPA programs.
- Action Step 1.23 - Provided expanded learning opportunities through science, technology, engineering, arts, and mathematics extracurricular activities that included robotics, cybersecurity, and other related programs designed to engage and develop 21st-century skills for our Homeless and Foster youth, English Learners, students with disabilities, and low-income students. Many students participated and benefited from these activities throughout the year.
- Action Step 1.25 - PSAT testing was only provided to 11th graders and scores were utilized to plan additional support for the SAT, so students would have a better opportunity to succeed. These scores were shared with and analyzed by teachers to target specific areas that needed emphasis by incorporating the skills that students need most need to be college ready.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted expenditures and estimated actual expenditures included the following areas:

- Action Step 1.2 - FLAGS Lower Student to teacher ratio- estimates were lower than actual costs.
- Action Step 1.3 - ELD, AVID, Bilingual Class size reduction- estimates were higher than actual costs. It was difficult to staff tutors because of staffing shortages.
- Action Step 1.4 - Reduction Counselor caseload - increase in negotiated salaries for SCGA attributed to the increased expenditures.
- Action Step 1.5 - District TOSAs- estimates were higher than actual costs. Certain TOAS positions were covered by one-time monies to address student learning loss.
- Action Step 1.6 - Bilingual Tester - Staff vacancies caused the material difference.

- Action Step 1.7- College and Career Technical Education Teachers- the original budgeted amount was over estimated.
- Action Step 1.8 - Extended Library Hours- the original budgeted amount was overestimated.
- Action Step 1.9 - AVID Programs -increase in salaries district-wide caused this increase in expenditures.
- Action Step 1.10 - Assistant Principals- Increase in salaries district-wide caused this increase in expenditures.
- Action Step 1.11 - District COSA - Position was funded from other funds this year.
- Action Step 1.12 - Supplemental Instructional materials - with the textbook adoptions that occurred last year, teachers explored the new materials and wanted more time to assess their needs for additional supplemental instructional materials. ESSER funds were utilized.
- Action Step 1.13 - Site Interventions - ESSER III funds were utilized for interventions since they were sunseting at the end of this year.
- Action Step 1.14 - Summer School - ESSER III and LCAP funds will used for Summer School; this caused a decrease in LCAP expenditures.
- Action Step 1.15 - PLC Pullout Days - site provided PLC pullout days, but not to the expected level due to substitute shortages.
- Action Step 1.19 - Counselors, Summer school and Intersession - at the time for the LCAP development, these expenditures had not been accrued.

#### 2023-24 Local Control and Accountability Plan for Sweetwater Union High School District

- Action Step 1.27- Professional Development for Math and Science teachers was implemented, but not to the level expected due to substitute shortages. Individual site professional development occurred that was funded from other budgets.
- Action Step 1.31 -Professional Development for ELD did not occur at the expected level because of the substitute shortage. Individual site professional development occurred that was funded from other budgets.
- Action Step 1.32 - Bilingual Teachers at Launch and Learning Centers- only one Bilingual teacher was hired for Launch. Learning Centers did not develop a bilingual program because there were no students enrolled at the Learning Centers with bilingual needs.
- Action Step 1.33 -School Leadership Team pullouts did not occur at every school site because of the substitute shortage this year. Sites were creative in their approach to maintaining the SLT work. Individual site professional development occurred that was funded from other budgets.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of implementing Action Steps: 1.3, 1.4, 1.5, 1.6, 1.7, 1.9, 1.11, 1.14, 1.16, 1.17, 1.18, 1.20, 1.21, 1.23, 1.24, 1.25, 1.29, 1.30, have yielded the following positive results:

The district's focus on class size reduction, individualized support, English Learners, professional development for teachers has been effective. This is demonstrated by an increase in the ELPAC performance for students earning a 3 or 4 on the ELAPC. There has been an increase from 46% to 51% in this performance area.

The emphasis on College and Career Readiness has been effective in these action steps. This is demonstrated by the following data: AP pass rate rose from 49% to 59%, aligning closely with pre-pandemic rates. CTE participation among seniors surged from 12% to 50%, with CTE completers increasing from 12% to 12.8%. EAP results showed improvement, with the percentage of students deemed "College Ready"

rising from 21% to 25% in 2022. The graduation rate increased from 83.9% to 88.9%, attributed to additional staff, lower counselor-to-student ratios, reduced teacher ratios, and enhanced support and interventions, aiding students in credit recovery and meeting California Graduation Plan requirements.

The effectiveness of implementing Action Steps 1.2, 1.8, 1.10, 1.12, 1.13, 1.14, 1.15, 1.19, 1.22, 1.26, 1.27, 1.31, 1.32, 1.33, did not yield the results we anticipated:

Improving academic achievement of students in mastery of the grade level standards did not yield the results were anticipated. The data analysis for the 2022-2023 academic year reveals concerning trends in ELA and Math SBAC performance, particularly among student groups such as Students with Disabilities, Homeless, Foster Youth, and English Learners. These groups exhibited significantly below-standard performance levels, indicating a pressing need for targeted interventions and support measures. Strategies for improvement include tailored support programs, professional development for educators, individualized student support in the classroom, Professional Learning Community collaboration, Targeted Interventions, family, and community engagement, and prioritizing social-emotional learning support. Addressing these areas of growth can help mitigate the impact of learning loss from the pandemic and foster the academic success of all students.

\*State Priority 4C: ELA SBAC: District wide the level of performance was low. The following student groups performed very low: Students with Disabilities, Homeless, Foster, and English Learners.

All Students: 10.4 points below standard (2022-23)

All students: 6.8 points below standard (2021-22)

Students with Disabilities: 113 points below standard

Homeless and Foster Youth: 75.8 points below standard

English Learners: 84.8 points below standard

\*State Priority 4C - Math SBAC - The distance from met from all groups increased from 2020-21. Districtwide the level of performance was low with the following student groups the lowest. Students with Disabilities, Homeless, Foster, and English Learners

All Students: 77.3 points below standard (2022-23)

All Students: 78.6 points below standard (2021-22)

Students with Disabilities: 172 points below standard

Homeless: 171 points below standard

English Learners: 136.4 points below standards

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

To improve academic achievement, the district will continue implementing various programs and supports. This includes providing additional tutoring both during and outside class, supporting Summer Programs and enrichment activities, and curriculum TOSAs for professional development. The district will continue class size reduction, particularly for English Learners and Students with Disabilities, while ensuring counselors have manageable case loads to focus on post-secondary education preparation. Furthermore, the district will continue supporting

AVID classes, intervention activities, and Career Technical Education pathways. The goal is to provide tailored support to all students, including those requiring intervention or additional assistance, while promoting mastery of standards and college readiness. Below are some of the key action steps that were modified or added to the 2024-25 LCAP plan because of stakeholder feedback.

- Action Step 1.14 & 1.19 - Additional support for Summer Programs and enrichment opportunities for students to recover credits and improve their GPA's/improve grades.
- Action Step 1.5 - Additional Curriculum TOSA to support site level professional development activities. Continued professional development for teachers is an area of need.
- Action Step 1.11 - Additional Counselor on Special Assignment (COSA) to provide technical support and district level coordination of College and Career Readiness activities.
- Action Step 1.2 - Continue class size reduction to support students with mastery of standards. The smaller class averages will continue despite staffing shortages and a decline in enrollment. Individualized support was listed as an area of need in Parent, Teacher, and Student surveys.
- Action Step 1.4 - Continue Counselor case load reduction to ensure that students are prepared for post-secondary education and career options, including counseling on college pathways. Provide counselor for AVA.
- Action Step 1.9b - Additional individualized academic support through tutors to provide small group instruction and 1:1 support. Emphasis on providing support for Students with Disabilities English Learners (EL), and those in need of targeted intervention.
- Action Step 1.19 - Addition of Learning Recovery and acceleration coaches at each site to support students with intervention and credit recovery. Coaches will support all high schools in developing intervention programs to address the needs of English Learners, Special Education and Homeless and Foster Youth.
- Action Step 1.3 - Continue class size reduction for ELD and Bilingual classes to support the needs of the English Learners.
- Action Step 1.9 - Continue to support AVID classes to support College & Career Readiness by class size reduction and Site Coordinators. Addition of district AVID TOSA to provide technical assistance to the school site coordinators.
- Action Step 1.7 - Continue Career Technical Education teachers as district's Parents and staff provided feedback that students needed more opportunities to explore careers and experience options of highly engaging courses. Student surveys indicate a need for more school career opportunities.
- Action Step 1.7 - Continue activities and programs that promote post-secondary education and career options, including counseling on college pathways.
- Action Step 1.20 - Additional support for CTE pathway for IB program.
- Action Step 1.12 - Additional standards based instructional materials and supplies for schools.
- Action Step 1.33 - Additional funding to support placement of high-quality substitutes in the classrooms.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The only substantive difference was the funding for our Resource Officers in Action Step 2.4. We did not utilize the LCAP to fund the Resource Officers.

- Action Step 2.3 - ASSISTANT PRINCIPALS (MS), CAMPUS ASSISTANTS, ATHLETIC DIRECTORS, AND ATTENDANCE COORDINATORS were fully implemented in support of the SUHSD Equity Plan and Multi-Tiered System of Support (MTSS) to systematically address support for all students.
- Action Step 2.4 - The LCAP funds were not used to provide Resource Officers. Additional supervision was provided to support students during lunch periods when many students struggle with anxiety, exclusion, and behavioral stressors.
- Action Step 2.5 - ASSISTANT PRINCIPALS OF STUDENT ACTIVITIES (HS) and ASB ADVISORS were implemented and continued to organize extracurricular activities that fostered student engagement, inclusion, and support primarily focused on EL, LI, FY, HY, with special emphasis on our African American, Asian/Pacific Islander, and Latinx/Immigrant demographics. Student activities emphasized inclusion and culturally relevant themes to expose students to empathetic understandings of each other's differences. Special emphasis was given to students with physical disabilities, those who speak languages other than English and are immigrants, and minority populations at their schools that seldom get recognized due to their small numbers.

- Action Step 2.6 - PSYCHOLOGISTS provided support for physical and mental health, supported the social-emotional well-being of all students, and provided a targeted focus for EL, LI, FY and HY students, with special emphasis on our African American. Social workers were not fully implemented.
- Action Step 2.7 - DISTRICT NURSES continued to provide physical and mental health, support the social-emotional well-being of all students, and provide a targeted focus for EL, LI, FY and HY students, with special emphasis on our African American, Asian/Pacific Islander, and Latinx/Immigrant demographics.
- Action Step 2.8 - RESTORATIVE PRACTICE RESOURCE TEACHERS at the middle schools supported the school site Equity Plans, Restorative Practices strategies, healthy relationships, and wellness and provided a targeted focus for EL, LI, FY and HY students, with special emphasis on our African American, Asian/Pacific Islander, and Latinx/Immigrant demographics.
- Action Step 2.9 - CUSTODIAL STAFF provided support to after-school programs and activities by ensuring facilities were safe and clean for students and staff and provide a targeted focus and creating a welcoming environment for EL, LI, FY and HY students, with special emphasis on our African American.
- Action Step 2.10 - MENTAL HEALTH STAFF provided social and emotional support to students with a focus on EL, FY, HY, LI, with special emphasis on our African American, Asian/Pacific Islander, and Latinx/Immigrant demographics.
- Action Step 2.11 - EQUITY OFFICE provided training for site personnel to appropriately respond to students in crisis, socioemotional needs, conflict resolution referrals, victims of bullying, social media, with an emphasis on race consciousness and responding to our African American, Asian/Pacific Islander, and Latinx/Immigrant students who have historically have higher incidents of harassment and bullying in schools. Includes MTSS supports for FY, EL, and LI students.
- Action Step 2.12 - FOSTER YOUTH PROGRAM MANAGER provided targeted support to each homeless/foster family by referring them to needed resources and being the bridge from school to community supports needed for students and the entire family.
- Action Step 2.13 - Facilities Improvement /Safety and Security was not implemented in 2023-24.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted expenditures and estimated actual expenditures included the following areas:

- Action Step 2.3- Vacancies throughout the year impacted this action step in terms of hiring and retaining campus assistants.
- Action Step 2.4 -This allocated amount was not expended. Vacancies throughout the year impacted expenditures.
- Action Step 2.5 - Additional activities were planned throughout the year and increased salary costs impacted this action step to exceed the original budget.
- Action Step 2.6 - Vacancies throughout the year impacted the expenditure. Substitutes or contracted workers were provided, but at a lower cost.
- Action Step 2.7 - Vacancies throughout the year impacted the expenditure. Substitutes or contracted workers were provided, but at a lower cost.
- Action Step 2.10- Vacancies throughout the year impacted the expenditure. Substitutes or contracted workers were provided, but at a lower cost.
- Action Step 2.11 - Increased services in this area and salary increases led to an overall increase in expenditure.

- Action Step 2.13 - Facility improvements were delayed due to material shortages and delays.

#### An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of implementing Action Steps: 2.2, 2.3, 2.5, 2.7, 2.9, 2.13 have yielded the following positive results:

- Two percent increase in school connectedness and feeling safe at school
- One percent decrease in our drop-out rate

The implementation of these actions made a difference in students feeling connected to school and/or reaching out to an adult for support. In 20/21, CORE changed the questions on their survey, and we had a 6% increase, but to be consistent in measuring the same questions, we used the 19/20 outcomes to ensure we measure our growth accurately. By investing in staff to create after-school and in school activities along with counselors, librarians, and campus assistants, students were supported in diverse spaces to ensure someone connected with them. This investment in personnel has been critical to ensuring these positive results. Nevertheless, we need to continue to improve to have a greater impact on our drop-out rate. Even though we decreased our drop-out rate by 1%, by creating more avenues for students to engage in school and feel connected, we can continue to decrease our drop-out rate by large margins.

The effectiveness of implementing Action Steps: 2.4, 2.5, 2.6, 2.8, 2.10, 2.11, 2.12, did not yield the results we anticipated:

- 10.3% increase in Chronic Absenteeism
- 6.2% suspended at least one day (increase of 0.6%)
- Thirty-two students expelled (increase of 7)

The implementation of these actions did have some success from 19/20 to 20/21, but there was a dip between 20/21 and 21/22. Post COVID-19 effects have been difficult to address and there has been an increase in students' absences and/or disengagement from school. We saw some improvement in attendance across schools in the 23/24 school year, but overall attendance rates and chronic absenteeism rates have not normalized to pre-pandemic levels. We have had increases in students suffering from anxiety and depression along with students not feeling comfortable at school. The implementation of MTSS district wide will address providing the needed support for students. We will continue to implement actions steps in LCAP Goal 2 with additional support to supplement the high-needs students are demonstrating in our schools.

#### A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

One minor change was made to our metrics or our desired outcomes due to the administration of the School Climate California Healthy Kids Survey to Parents and Staff. We want to continue measuring using our baseline data for one more year to see if our action step adjustments will have influence in our outcomes. We are adding the following actions to this year's LCAP to ensure we have additional support at our schools and district to decrease our chronic absenteeism rate and increase our attendance rate.

- Implement, with more fidelity, Multi-Systems of Support in collaboration with Restorative practices and mindsets

- provide staff training for teachers on positive student behavior interactions and mental health supports
- enhance staff presence during the non-instructional time to engage students and develop closer relationships
- provide welcoming and inclusive physical spaces to create safe places where students can feel safe and welcomed

Below are some of the specific action steps in the LCAP that were modified or added to the 2024-25 plan because of stakeholder feedback.

- Action Step 2.12 -Augmented a Program Manager for Homeless and Foster Youth. As part of the differentiated assistance work, homeless and foster youth need additional support to graduate, increase attendance, increase credits, and increase grade point average.
- Action Step 2.3 - ASSISTANT PRINCIPALS (MS), CAMPUS ASSISTANTS, ATHLETIC DIRECTORS, AND ATTENDANCE COORDINATORS will successfully implement the SUHSD Equity Plan and Multi-Tiered System of Support (MTSS) to systematically address support for all students.
- Action Step 2.4a - Prior to ESSER funding, the School Resource Officers' contract was included in the LCAP. Through stakeholder discussion, safety and security is a top priority and this action and service has been reintroduced in the LCAP.
- Action Step 2.6b - Wish Well - this program was added to support students needing additional support in decision-making, coping techniques, behavior interventions, and other social-emotional supports. Mentors and coaches support individual students who are referred to the program.
- Action Step 2.4c - Summer swim program has been added to LCAP as part of the extended learning program for our students. Lifeguards have been added to ensure water safety during aquatics program.
- Action Step 2.5b -SAFETY AND SECURITY Assistant Principal will work with district leadership, local police, and school site administration to establish collaborative efforts to ensure all school environments are safe, secure, and welcoming to all students.

Action Step 2.4c- STUDENT SUPERVISION - additional lunch stipends will be used to have teachers supervise students during lunch periods when many students struggle with anxiety, exclusion, and behavioral stressors.

Action Step 2.8a: Student Services MTSS team will be Initiating a Restorative Practices (RP)/Multi-Tiered System of Supports (MTSS) Community of Practice by forming a team knowledgeable in MTSS implementation, including those well-versed in student needs and systemic obstacles, with the aim to establish effective improvement teams to tackle challenges and bolster student success via MTSS in a highly impactful manner. Each middle school will provide a MTSS Resource Teacher allocation.

Action Step 2.8b: Student Services MTSS Team will coordinate efforts among various departments to execute a plan centered on delivering social and emotional support, with a special emphasis on multi-ethnic groups through MTSS training at school sites. The goal is to introduce restorative practices by leveraging existing resources and collaborating with teachers to ensure equitable utilization of curriculum and materials.

- Action Step 2.14: Program Manager Graduation Liaison - Will support Independent Study students at risk of not graduating with transition to independent Study and other alternative programs to ensure success in graduating.
- Action Step 2.5b -STUDENT SERVICES PROGRAM MANAGER will support all school sites in any MTSS implementation, student crisis, district events, safety, and reengagement plan for chronic absenteeism.
- Action Step 2.13 - Facilities Improvement /Safety and Security- this includes security camera purchase and installation to ensure the safety and security of students and staff; additional facilities improvements to ensure campus safety and environments conducive to teaching and learning. Students feeling physically and emotionally safe will contribute to improved academic achievement.
- Action Step 2.14 - Addition of an 0.4 FTE allocation for school sites to for positions that will support and promote a positive school environment (Attendance Coordinator, MTSS Coordinator, Acceleration Coach, CARPE Coordinator, and Middle School ASB

Coordinator). These positions will address the needs of the unduplicated students at each school. The position will focus on meeting the needs of the subgroups below that performed at the lowest levels on the CA Dashboard for each school.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	<p>Broad Goal: Foster and honor parent/guardian and community engagement to support excellence in each student's success.</p> <p>Focus Goal: School staff will participate in designated workshops to develop welcoming school environments that will increase parents' perception of trust and safety they feel when they interact with school personnel measured by pre-post surveys.</p> <p>State priorities addressed in this goal: Priority 3: Parental Involvement (Engagement)</p>

### Measuring and Reporting Results

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Overall, our growth in parent participation and outreach has been successful due to the high interest in parent education and college workshops. Data analysis indicates a marked increase in parent attendance at both school and district meetings, as well as a notable surge in parent engagement across social media platforms at both levels. While this growth is encouraging, it also underscores the ongoing need to actively involve parents and provide educational opportunities. Our district remains steadfast in its commitment to engaging parents within their respective schools while fostering an inclusive and culturally affirming environments for all families. Central to this mission is ensuring that every family, including English Learners, Foster/Homeless, Students with Disabilities, and those facing socioeconomic challenges, feels welcomed and valued when seeking resources for themselves or their families. By maintaining a focus on creating a nurturing and inclusive atmosphere, we aim to empower families and strengthen community bonds, thereby enriching the educational experience for all involved.

- Action Step 3.2 C - COMMUNITY RELATIONS FACILITATORS at sites continued to support student success and enhance parent capacity to support the language, and social/emotional needs of the English Learners, Foster Youth, Homeless Youth, Socio-Economically Disadvantaged, and Students with Disabilities student groups. Our parent participation has grown due to the support they receive from our CRFs, in collaboration with each site's parent engagement team. Even though there is a significant increase in parent participation, schools are making great efforts to create more welcoming environments for unduplicated students. Funding at all sites to support parent engagement.
- Action Step 3.2e - DISTRICT'S PARENT EDUCATION was expanded due to feedback from parent/guardian groups. Partnership with Southwestern College, UCSD, Sweetwater Union High School District Adult Education program establishing college-level courses for parents to build skills that will support their student's English development, computer skills to navigate rapid

development in technology, and business skills to advance in their workplace. We have increased the number of parents who participate in workshops but have found that we could significantly increase participation if we enhance our mode of communication when announcing the workshops.

- Action Step 3.3 - Opportunities were provided for Parent to provide feedback on relevant issues that support student's success. Sites and districts solicited feedback via surveys and parent advisory groups. Substantial increase in parents accessing information via social media Platforms, Phone call, Virtual Conferences, Infinite Campus, and Jupiter grades.

#### An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The material differences between budgeted expenditures and estimated actual expenditures included the following areas:

- Action Step 3.2 - Parent Education and Resources - we were able to secure several free parent engagement workshops and resources that led to a decrease in expenditures in this area.
- Action Step 3.3 -Community Outreach and feedback - instead of using a consulting agency to help support this goal, the community outreach and surveys were conducted by district staff leading to a decreased expenditure in this area.

#### An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of implementing Action Steps: 3.2b, 3.2e, 3.4 have yielded the following positive results:

- Action Step 3.2b - The current parent participation has grown due to the support they receive from our CRFs, in collaboration with each site's parent engagement team. This action has had a significant impact in increasing our parent participation at school sites and at the district level. This has been a very effective strategy to increase the interest of ELL, SWC, and low-income parents participating in their education and the education of their children. Even though there is a significant increase in parent participation, schools are making great efforts to create more welcoming environments for unduplicated students. Funding is allocated to all sites to support parent engagement.
- Action Step 3.2e - Parent Education was expanded to include courses/training from Southwestern College, UCSD, and SUHSD Adult Education program. We have doubled the number of parents who participate in workshops but have found that we could significantly increase participation if we enhance our mode of communication when announcing the workshops.
- Action Step 3.4 - School sites communicate very effectively using various student information systems, websites, and newsletters. These communication tools have provided more accessible and personalized information. This is a very effective action since we have increased the outreach every year and continue to grow as school sites develop new ways of communicating. The number of parents accessing social media accounts to access information has increased significantly.

The effectiveness of implementing Action Step 3.3 did not yield the expected results:

- Action Step 3.3 - Initially, this action was successful, and we had many parents complete both the LCAP and the LCP survey. In the past three years, we have had a decline in survey completion, but have had success within our districts and site level parent groups such as SSC, DELAC, and DPAC groups. Input has been solicited via discussion at parent meetings as well as empathy interviews.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

We saw significant growth in parent participation and outreach, particularly through initiatives like parent education workshops and community engagement efforts. This growth reflects a commitment to inclusivity and creating welcoming environments for all families, including those facing various challenges. Key actions include the support provided by Community Relations Facilitators, expansion of parent education programs, and soliciting feedback through surveys and advisory groups. While there has been notable progress, there's also recognition of the need for continuous improvement, especially in enhancing communication methods to further increase parent participation.

Below are some of the specific action steps in the LCAP that were modified or added to the 2024-25 plan because of stakeholder feedback.

- Action Step 3.2b: Continue COMMUNITY RELATIONS FACILITATORS at sites to support student success and enhance parent capacity to support the language, and social/emotional needs of our EL, LI, FY, HY, and SWD. Professional development for the Community Relation Facilitators will continue, but we will include other site staff who support parent engagement to expand the outreach plan for each school site.
- Action Step 3.2e: DISTRICT'S PARENT EDUCATION will continue to develop topics in collaboration with parent/guardian groups along with establishing college-level courses for parents to build skills that will support their student English development, computer skills to navigate rapid development in technology, and business skills to advance in their workplace.
- Action Step 3.3a: We will continue to administer annual surveys to gather comments and feedback on services, programs, and parent and student needs via digitally, small groups, and by phone. These changes will not cost more funding, but it should generate enough data to determine if the modality of the survey is what is causing parents not complete the survey.
- Action Step 3.3e: Addition of Parent Engagement TOSA to support parent engagement, community outreach/communication, provide additional resource for parents of at-risk students, college and career, parent professional development, staff professional development to increase parent engagement at school sites, district parent meetings. Disaggregating data collected from those parents who are receiving communications from schools, but are not responding to the email and/or aware of the different type of communications platforms at their school.
- Action Step 3.4b: Continue to provide positive public relations for families via digital and in-person platforms, events, newsletters, and public appearances. Include communication in various languages and reach out to families of our struggling students to ensure they have the specific supports they need to be able to help their students. We reach over 1M parents via various forms of communication and social media platforms and will continue to disaggregate this data to determine if our low-income families are receiving the information and acting on it and/or reading.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	Broad Goal: Develop coherent and transparent systems for operational excellence to support each student's success.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
State Priority 1A: Teacher credentials	100% of teachers appropriately credentialed	100% of teachers appropriately credentialed	100% of teachers appropriately credentialed	100% of teachers appropriately credentialed	100% of teachers appropriately credentialed
State Priority 1 C: Facilities Inspection Tool (FIT)	2019-2020 93% of schools earned a Fair or Better rating.	2020-2021 92% of schools earned a Fair or Better rating (of those that submitted a report). 13 Sweetwater schools did not complete a Facilities Inspection Tool (FIT) report, due to the fact that they were in distance learning for the vast majority of the school year.	2021-2022 92% of schools earned a Fair or Better rating. All 28 schools submitted their FIT report.	2022-2023 89% of schools earned a Fair or Better rating. All 28 schools submitted their FIT report.	100% of schools will earn a Fair or Better rating.
Federal Program Monitoring (FPM) and Williams Compliance	100% of internal, state, and federal	100% of internal, state, and federal	100% of internal, state, and federal	100% of internal, state, and federal	100% compliance

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	audit items were addressed.	audit items were addressed.	audit items were addressed.	audit items were addressed.	
Internal and External Financial Audits	100% of internal, state, and federal audit items addressed	100% of internal, state, and federal audit items addressed	100% of internal, state, and federal audit items addressed	100% of internal, state, and federal audit items addressed	100% compliance
Business Process Review	Conduct business process review for the Human Resource division and Finance divisions . This process will be completed in the 2021-2022 school year.	Pending for 2021-2022 school year	Review is ongoing with the adoption of a new financial system on July 1, 2023, INFOR (Fiscal and HR Management System) which will transform Human Resource and Finance division.	We are in the midst of the INFOR implementation that will integrate Human Resources and Finance system.	100% compliance and alignment
Title IX Training	Training will be implemented for all Athletic Directors, administrators, and coaches.	Training was implemented for all Athletic Directors, administrators, and coaches.	Training was implemented for all Athletic Directors, administrators, and coaches.	Training was implemented for all Athletic Directors, administrators, and coaches.	100% of appropriate staff will be trained.
Induction	2019-20 100% of year 1 candidates will complete and be certified by the end of their year 2 enrollment. 100% of first year candidates will enroll as year 1 participants.	100% of 21-22 Induction Candidates who were Year 1 this year will enroll as Year 2 Candidates for 22-23, and 100% of eligible new teachers in 22-23 will be able to enroll as Year 1 Candidates.	100% of 22-23 Induction Candidates who were Year 1 this year will enroll as Year 2 Candidates for 23-24, and 100% of eligible new teachers in 23-24 will be able to enroll as Year 1 Candidates.	100% of 23-24 Induction Candidates who were Year 1 this year will enroll as Year 2 Candidates for 24-25, and 100% of eligible new teachers in 24-25 will be able to enroll as Year 1 Candidates.	100% of induction candidates who began during or after the 2019-20 school year will have completed their induction program.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

The planned actions for improving business processes, implementing the INFOR fiscal and Human Resources platform, providing staff training including Title IX, and maintaining digital portals were successfully conducted without significant deviations from the initial plans.

- Action Step 4.2a - Continued to improve, streamline, and maintain business processes and services within and between departments to ensure all stakeholders have access to support, resources, timely customer service, and user-friendly, time-saving technology applications.
- Action Step 4.2b - INFOR fiscal and Human Resources platform was implemented in 2023-24.
- Action Step 4.2c - Training provided to staff in these areas and Title IX. (No additional cost for this subtraction other than Title IX). This training is primarily focused on ensuring that FY, EL, LI, HY, and female students have proportional access to academic and social-emotional, and physical support including clubs and athletics.
- Action Step 4.2e - Digital portals continue to be monitored and maintained to support stakeholders with frequently asked questions and automated tasks.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Action Step 4.3 - Training for IX was conducted, but substitutes were not available for all staff

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The effectiveness of implementing Action Steps below has yielded the following positive results:

Action Step 4.2a - The Facilities and Maintenance Department implemented the work order system "School Dudes".

- Action Step 4.2b- The INFOR fiscal and human resources platform implementation went live in 2023-2024. Although there were some learning curves to be addressed and slight modifications of the system, INFOR will provide a fully integrated financial and human services business system.
- Action Step 4.2c - The full day Professional Development provided to classified staff was effective and feedback was positive. The goal is to continue to provide opportunities for training and professional growth for classified staff.
- Action Step 4.2d- Organizational charts updated and areas of responsibility are continually revised and shared with educational partners via district website.

Action Step 4.3a- Provided Certificated and classified personnel support to continue to be competent to cover all curricular and extracurricular activities at schools.

- Action Step 4.3e - Human Resources continued to investigate and participate in educational recruitment fairs and collaborate with local university teacher credentialing programs in order to infuse the current employment pool and increase the number of African

American, Asian Pacific Islander, and Hispanic teachers so our ELL, H/F, SWD, and African Americans have staff who they can identify with.

Action Step 4.3g - The Induction program flourished with forty-five first year candidates and forty-eight second year candidates. All the second-year candidates completed the induction requirements. This program provides new teachers with tremendous support in pedagogy, inclusive practices, classroom management, student engagement, assessment, and accountability.

The effectiveness of implementing Action Step 4.3f did not yield the expected results:

- Action Step 4.3b - Provided one day professional development for classified personnel to ensure job skills are up to date and in compliance with all federal, state, local, and LEA regulations. There is a need for more ongoing professional development throughout the year.
- Action Step 4.3d - Professional development is continually provided to ensure support staff is equipped to maintain technologies such as Smart Boards, LCD projectors, Document Cameras, and other classrooms/instructional, peripherals.
- Action Step 4.3e - Continue to support Return, Inspire & become a Sweetwater Educator (RISE) program with SDSU to guarantee certificated employment for Compact Scholars who meet program requirements.
- Action Step 4.3f - Efforts to increase diversity among teachers through participation in recruitment fairs and collaboration with credentialing programs have been ongoing. This is crucial for providing students, especially those from diverse backgrounds like ELL, homeless/foster, students with disabilities, and African Americans, with educators they can identify with. Despite these efforts, shortages persist in critical areas such as Special Education, Mathematics, and Science.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The action steps in goal four remain primarily with a series of targeted action steps towards achieving the goal of coherent and transparent systems. Through continued implementation and modification of the action steps outlined, the district remains steadfastly committed to fostering excellence, inclusivity, and support across all levels of operation.

- Action Step 4.2a - Continue to assess, align, and streamline all business inter and intra-department processes.
- Action Step 4.2b - Continue training and support for the INFOR Fiscal and HR system implementation.
- Action Step 4.2c - Continue to provide district systems that are continually communicated, documented, updated, and accessible to all staff to provide quality customer service and support. Provide training to staff in these areas and Title IX with primary focus on ensuring that FY, EL, LI, HY, and female students have proportional access to academic and social-emotional, and physical support including clubs and athletics.
- Action Step 4.3b - Additional days of professional development for classified personnel to ensure job skills are up to date and in compliance with all federal, state, local, and LEA regulations.
- Action Step 4.3b - Human Resources will continue to investigate and participate in educational recruitment fairs and collaborate with local university teacher credentialing programs in order to infuse the current employment pool and increase the number of African American, Asian Pacific Islander, and Hispanic teachers so our ELL, H/F, SWD, and African Americans have staff.

- Action Step 4.3c - Include Professional development in district PD Plan to ensure support staff is equipped to maintain technologies such as Smart Boards, LCD projectors, Document Cameras, and other classrooms/instructional peripherals.
- Action Step 4.3f - Continue to enroll new teachers in the New Teacher Induction Program and assigned a mentor within 30 days of hire. Interns will be provided a mentor with the opportunity to begin the online Teacher Induction Program prior to their receipt of a preliminary credential. All counselors will be provided mentoring support in their first year in a new position.
- Action Step 4.4 - Additional support from the IT department for school sites and students with access to updated devices/Chromebook and accessing online learning applications. Resources will be integrated to ensure cyber security.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# **SWEETWATER**

## **UNION HIGH SCHOOL DISTRICT**

### **Local Control and Accountability Plan**

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Sweetwater Union High School District	Dr. Ana Maria Alvarez Assistant Superintendent	ana.alvarez@sweetwaterschools.org 619-691-5546

### **Plan Summary [2024-25]**

# General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Set in southern San Diego County, the Sweetwater Union High School District spans from the border with Mexico up the Pacific coast to National City and East to the Otay Mountain foothills. As the largest secondary school district in California, we serve our communities, parents, students, and staff with excellence in teaching and support for our diverse population of over 36,000 middle and high school students and over 10,000 adult school attendees. Each Sweetwater student is provided with opportunities to become involved in district-wide activities through various athletics, clubs, after-school programs, performing arts, and community events. The district has twelve high schools, two alternative education schools, eleven middle schools, one online 7-12 school, and a unique Adult Education program that includes 4 Adult Schools.

Sweetwater is dedicated to putting students first by providing highly effective teachers who are trained in the latest instructional practices including Diversity, Equity, and Inclusion pedagogy and mindsets which lead to culturally respectful lessons. By acknowledging students' diverse knowledge as an additive, teachers engage students which leads them to value their culture, language, and family. Teachers and staff prioritize personal connections with students and families which informs how they will design relevant lessons that students can learn from and can access challenging curricula in a safe and healthy learning environment that focuses on a positive transformational culture. The district's transparent systems of support individualize the needs of each student while fostering parent and community involvement.

In 2018-19, student enrollment was 39,086 and the student enrollment has declined yearly. During the 2023-24 school year the enrollment declined to 35,226. In 2023-24, 59% of our students qualified as low income and 21% are identified as English Learners, 64% of our English Learner students were Long Term English Learners and 743 students are Foster Youth or Homeless Youth. Declining enrollment continues to be a critical area that has impacted and will continue to impact our district. As a District, we have continually prepared to make sure that the budget alignment considers this decline.

Our Local Control and Accountability Plan is a direct reflection of our efforts to involve all the educational partners in a parallel process of continuous review, report, reach-out, and revision. This plan also serves as the compass in the equity and access work to transform our systems so they can serve students equitably. Our LCAP is truly a living document as we receive constant input from educational partners and make timely and purposeful changes to align with the needs of our students, teachers, and all families. Sweetwater board members receive monthly updates on progress with goals and action steps. District committees, district office personnel, and sites receive the same information and continue the parallel process by providing updates on progress and next steps.

Our shared vision:

The Sweetwater Union High School District is committed to providing students with a rigorous educational program focused on the development of safe and nurturing learning environments in partnership with families, parents, and community members. The district's mission: Located in the heart of an international border community, the Sweetwater Union High School District ensures a safe, inclusive, collaborative culture that empowers each student to actively engage in a meaningful educational experience to pursue personal and academic success.

This mission is supported by the established District beliefs which include:

\* We believe each student can succeed.

- \* We believe in a welcoming community that is inclusive, equitable, and promotes positive academic, social, and emotional well-being.
- \* We believe relationships and collaboration matter.
- \* We believe resources should be equitably distributed to ensure the success of each student.
- \* We believe in the value of community voice in decision-making.
- \* We believe in a culture of trust based on integrity and transparency.

Sweetwater Union High School District's Local Control Accountability Plan (LCAP):

- \* Goal 1: Ensure excellence in teaching and learning so each student is prepared to succeed in college and career.
- \* Goal 2: Create a safe and healthy learning environment for each student by building a culture of equity and a positive climate that promotes excellence throughout the district.
- \* Goal 3: Foster and honor parent/guardian and community engagement to support excellence in each student's success.
- \* Goal 4: Develop coherent and transparent systems for operational excellence to support each student's success.

The Sweetwater Union High School District continues to provide 21st Century learning to all students to support their choices for college and career. Through our efforts with local universities, SUHSD continues its partnership with San Diego State University through the Compact for Success. Many of the cohort students, now university graduates, have been welcomed back as credentialed teachers fulfilling our promise to guarantee former Compact Scholars employment if they go into the field of education. Our ongoing efforts to support our community with quality education for each student are our primary objective. As we work together, we put each student's success at the forefront.

The LCAP goals and actions support our students to improve their opportunities. The LCAP process involved reaching out to our stakeholders through surveys and engagement sessions. The feedback received in these sessions was critical to the development and implementation of the LCAP. Some of the actions and services remained the same; however, based on educational partner input, we have added support to increase student attendance, individualized academic support, and acceleration of student learning. Additionally, community feedback emphasized the need to address College and Career readiness for our students. In preparation for the 2024-25 LCAP, the district has continually surveyed students, staff, parents, and community members to ensure that their feedback is incorporated into the actions and services the district is providing to students and families. In the 2024-25, Alta Vista Academy and Palomar High School will be receiving Equity Multiplier funding due to having non-stability rate greater than 25 percent and prior year socioeconomically disadvantaged pupil rates greater than 70 percent. The funds will be utilized to provide evidence-based services and support based on educational research and addressing the school metrics and student groups with lowest performance levels.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

These successes were achieved through a combination of educational partner feedback, strategic planning, and implementation of targeted actions outlined in the Local Control and Accountability Plan (LCAP). The actions taken aimed to address diverse student needs, foster a positive school culture, and promote collaboration between educational partners.

\*COLLEGE AND CAREER READINESS (CA DASHBOARD)

The district has a medium level of high school graduates placed in the "Prepared" level on the College/Career Indicator, with 41.3%. However, certain student groups like English Learners, Students with Disabilities, and Homeless and Foster youth are performing below the district level, while Asian and Filipino students are performing above. The district has seen a significant increase in both the number of students participating in AP programs and the number taking AP tests. This increase is accompanied by a rise in AP exam pass rates from 49% to 59% over the past few years. Notably, efforts have been made to increase participation among traditionally underrepresented groups like Foster Youth, Homeless Youth, English Learners, and Low-Income students. The EAP rates in Mathematics have increased, with 7% more students exceeding the standard and being college ready. There has been growth in the number of seniors taking Career Technical Education (CTE) classes, increasing from 12% to 50%. Additionally, the number of CTE completers has increased slightly from 12% to 12.8%. Expanding CTE pathways aims to provide students with opportunities to explore various career options and gain practical skills. Overall, while there have been notable achievements, especially in increasing access to advanced coursework and career-focused education, there is still work to be done in ensuring equitable outcomes for all student groups, particularly those facing greater challenges. Continued efforts to address disparities and provide support for all students will be key in furthering the district's goals of college and career readiness.

#### \*GRADUATION RATES (CA DASHBOARD)

The district graduation rate has reached a "Green" status on the 2022-23 California Dashboard, indicating a graduation rate of 88.9%, with an increase from the previous year. However, the student group of Foster Youth experienced a decrease in their graduation rate, while other student groups like Homeless students and Students with Disabilities maintained their levels. The fact that some of the student groups increased or maintained their graduation rates suggests that the district's efforts are making a positive impact overall. However, it is essential to continue to focus on supporting and addressing the specific needs of student groups that may be experiencing challenges, such as Foster Youth, to ensure that all students have an equal opportunity to graduate and succeed. Continued attention to identifying and addressing barriers to graduation, along with targeted support and resources for at-risk student populations, will continue to be an area of emphasis to maintain and improve graduation rates across all student groups.

#### \* ENGLISH LEARNER PROGRESS (CA DASHBOARD)

The district's overall status color on the 2022-23 California Dashboard for English Learners shows a "Yellow" status, with 48.6% of ELs making progress toward English language proficiency. While this represents a slight increase from the previous year, there's still room for improvement. The number of students earning the Seal of Biliteracy has increased significantly, indicating success in developing proficiency in a second language, even during periods of distance learning. The reclassification rates for English Learners have increased, suggesting that the interventions and support provided to ELs have been effective in helping them achieve English proficiency. The progress of English Learners performing at levels 3 or 4 on the English Language Proficiency Assessments for California (ELPAC) has increased over the past few years, indicating improvement in language proficiency. District-wide professional development has focused on integrated and designated English Language Development, as well as other instructional supports. Collaboration between district TOSAs and Special Services resources teachers has led to the development of resources for implementing Social-Emotional Learning (SEL) across the curriculum, as well as units of study and common assessments to ensure equitable access to instruction and support. Collaborative efforts in textbook adoption and ongoing professional development for teachers are expected to have a significant impact on student learning and achievement in the future. The district's success in digitally communicating with parents, both at the district level and at individual school sites, has led to increased parent engagement and access to information, including recorded meetings and website resources.

#### \* CHRONIC ATTENDANCE AND SUSPENSION (LOCAL DATA)

When considering the many successful initiatives that we have at Sweetwater we will first note that two metrics have shown significant improvement during the 2023-2024 school year, Chronic Absenteeism has decreased from 23% in 2022-2023 to 19% in 2023-2024. Also, the Suspension Rate for Middle Schools has decreased from 10.8% in 2022-2023 to 7.9% in 2023-2024. One initiative in support of this progress has been our work to implement Multi-Tiered Systems of Support (MTSS) at several schools, including an approach to climate and culture that is based on Positive Behavior Interventions and Support (PBIS). We have a few schools that have piloted these approaches and found great success, such as Castle Park Middle, that has applied for the bronze level of PBIS certification this spring. Also, Rancho Del Rey Middle School has implemented a comprehensive approach to student behavior resulting in a decrease in suspensions from 8% to 5%. Our plan in 2024-2025 is to implement an MTSS structure in each school based on the successful models already in place at these pilot schools, and with the support of our MTSS District team and the San Diego County Office of Education.

#### \*PROFESSIONAL GROWTH AND DEVELOPMENT (LOCAL DATA)

Sweetwater has also implemented several successful programs related to professional learning. Our Teacher Induction program has shepherded another seventy-seven new teachers through the Induction process with great success. The quality of the professional learning opportunities has been exemplary. Furthermore, this same team has built a successful Residency Program supporting ten teachers in high needs areas of math and science. Sweetwater continues to support its leaders through a Leadership Pipeline, which includes an Aspiring Administrator Academy (Over 30 applicants for the 2024-2025 school year), an Administrator Induction Program in partnership with San Diego State University, and mentors for our new Assistant Principals. We have also invested in leadership coaching for Principals, Assistant Principals, and Teacher Leaders through WestEd and Blanchard. These opportunities are building the skills and abilities of those leaders who will lead the changes to better support all our students who are not yet proficient.

We have also invested time and resources in the to support implementation of Common Formative Assessment. School and district leaders have worked collaboratively to refresh District Performance Tasks so that they generate evidence of learning to support instructional practices and enhance student learning as part of the PLC practice of focusing on results. Furthermore, we have a team of over 120 teachers from all subjects who are developing common assessments for all courses for the 2024-2025 school year. These assessments include End of Course exams and formative assessment item banks, which will be used to inform instructional practices. In 2024-25, we will be introducing a new Assessment Platform (Formative) and professional learning opportunities to create and use these assessments to promote student learning.

#### \* SUPPORT FOR STUDENTS

We have also implemented several initiatives to support student groups in need. Our African American students have benefited from the growth of Black Student Unions at nearly every Sweetwater school. These organizations have brought African American students together to discuss relevant issues on and off campus and will continue to support students with the same in 2024-2025 with the addition of visits to Historically Black Colleges and Universities (HBCUs). We have also provided a year-long series of training for one math teacher at every Sweetwater school on the topic of "Enhancing Mathematics Achievement for African American Students." Our Foster Youth and Homeless Youth have been better served by the improvement of our data collection and reporting tool to identify students experiencing homelessness more effectively. This improved system will allow us to serve these students and funnel resources more effectively to those in greatest need. We have worked with an organization "Hey Tutor" and placed college tutors in Mathematics classrooms across the district.

The area of need based on the California Dashboard and Local Data are listed below. The 2023 California Data Dashboard data, which is utilized as California's accountability metrics for districts, indicates that Sweetwater Union High School District has been placed in Differentiated Assistance based on the metrics and student groups below.

#### \* MATHEMATICS

Improvement in mathematics achievement across the district continues to be an area of great need. On the 2023 California Dashboard, the SUHSD all-student overall performance in mathematics is seventy-seven points below standard. This is more significantly true for SUHSD English Learners, Foster Youth, homeless students, and students with disabilities who are performing at a very low level of 170 points below standard. The Asian and Filipino groups who perform at High and Very High levels with an average of eighteen points above standard. The achievement in Mathematics on the California Dashboard is at the lowest performance level for all student groups in ten of the district schools (8 High Schools and 2 Middle Schools). There is continued emphasis on effective first instruction in mathematics with additional small group tutorials and professional development to improve student performance levels. Professional development is focused on math standards and integrated English Language Development to support the English Learners including those ELLs who have an IEP. The Special Services department has reassessed the IEPs with an emphasis on including or revising math goals depending on each student's abilities. Tutors and smaller class sizes, as well as co-teachers in math classroom to address the needs of students with disabilities. In 2023-24, additional College Tutors were placed in mathematics classrooms across the district to provide individualized assistance to students in the mathematics classrooms. The district and sites have focused on PLC collaboration and use of instructional strategies such as direct instruction, guided practice, independent practice, and collaborative learning activities to ensure the formative learning of all students during lessons. The district TOSA's have provided coaching and technical support to Mathematics PLCs with strategies to implement ongoing formative assessment to monitor student progress and adjust instruction accordingly. Differentiate instruction strategies as needed to support students who may require additional scaffolding or enrichment opportunities.

#### \*ENGLISH LANGUAGE ARTS

The overall performance of all students in Language Arts is 0.2 points below standard on the 2023 California Dashboard, with a decline from the previous year. However, certain student groups, including English Learners, Foster Youth, homeless students, and students with disabilities, are performing at the lowest level on the dashboard. There are achievement gaps for various student groups, including African American, Hispanic, Homeless, Pacific Islander, and Socioeconomically Disadvantaged students, compared to Asian and Filipino students who demonstrate high performance levels. The district is focused on providing professional development and resources for teachers, particularly with the adoption of new ELA textbooks. Instructional guides are aligned with a quarterly Formative Assessment plan to provide ongoing feedback and interventions for students. District TOSAs (Teachers on Special Assignment) provide support to school sites in lesson planning, emphasizing student outcomes, essential questions for unit planning, sample student-generated evidence, and resources. There will be continued emphasis on deeper implementation of Common Core Standards, the ELA/ELD Framework, and other researched based initiatives. Teachers are encouraged to collaboratively plan units in Professional Learning Communities (PLCs) that address six outcomes, with a focus on equity-minded planning to provide equal opportunities for all students to achieve mastery through individualized instruction and support. The district's one-to-one device initiative aims to support ELA instruction by facilitating reading, writing, language activities, and speaking/listening activities daily. Overall, the district's approach to improving ELA performance involves a combination of professional development, resources, collaborative planning, and a focus on equity to ensure that all students have the support they need to succeed in language arts.

#### \*SUSPENSION RATES

There has been an Increase in Suspension rates from 5.6% in 2021-22 to 6.2% in 2022-23. The suspension rate for English Learners, Foster Youth, Homeless Youth, and Students with Disabilities are higher than all other student groups. The suspension rate for the Asian, Filipino, White, and Pacific Islander is lower than all other student groups. The middle school suspension rates are higher than high school suspension rates with seven of the middle schools having the highest level of suspension rates for all students. The district is actively addressing the increase in suspension rates, especially among vulnerable student groups like English Learners, Foster Youth, Homeless Youth, and Students with Disabilities. The full Implementation of Multi-Tiered System of Support (MTSS) will have an impact on addressing students' diverse needs and promoting their social and emotional well-being. In 2024-25 the district plans to expand the collaboration between the district MTSS team and individual schools to strengthen site-level MTSS implementation. The site level support for MTSS implementation will address the specific needs of each school community, allowing for more effective implementation of interventions and strategies to reduce suspension rates and enhance overall student well-being. The district and sites will be monitoring the effectiveness of these interventions and adjusting strategies as necessary to ensure improvements in suspension rates and student outcomes.

#### \*ATTENDANCE

Chronic absenteeism rates have shown a slight decline, dropping by 2% from 2021-22 to 22.3% in 2022-23. Disparities persist among student groups, with African American students having the highest rate at 24.7%. Other groups with high levels include Asian, Filipino, Foster, Hispanic, Homeless, and White students. The district has implemented Attendance Coordinators in high schools and Restorative Practices/MTSS teachers in middle schools to address social-emotional issues affecting attendance. Despite these efforts, the overall attendance rate, and Average Daily Attendance (ADA) have not seen substantive gains since the pre-pandemic rates of 7.8%. Targeted interventions are in place to support student groups with high rates of chronic absenteeism with ongoing monitoring, evaluation, and collaboration between school staff, families, and community partners.

#### \*CA DASHBOARD 2022-23

The Dashboard data indicates some variance in various areas of school performance across the district. Chronic absenteeism is prevalent in many schools, particularly at the middle school level. Both English Language Arts (ELA) and Mathematics SBAC proficiency show variations among schools, with schools needing improvement for all students and student groups. The English Learners, Hispanic students, and students with disabilities face challenges in ELA and Mathematics SBAC proficiency. Suspension rates are high district-wide for Students with Disabilities, Homeless and Foster Youth. In addition, six of the middle schools have the highest level of suspension for all students per the CA Dashboard. There is a continued need to provide targeted interventions and support to address disciplinary issues that lead to suspension. Graduation rates, while stable, show room for improvement at Palomar High. Chronic absenteeism across the district is a notable issue among African American students. Overall, the CA Dashboard data indicates the continued need for comprehensive strategies to address the diverse needs of students, reduce absenteeism, improve academic proficiency, and create inclusive and supportive environments to ensure the success of all students across California's schools and districts. Below is a list of student groups and schools that performed at the lowest level of red on the California Dashboard.

#### \*CRITERIA 1: DASHBOARD SCHOOL PERFORMANCE LEVELS - RED - SCHOOLS

College and Career Indicator - Palomar High school

Chronic Absenteeism - Granger Junior and Bonita Vista Middle

English Language Arts - San Ysidro High, Sweetwater High, Launch Academy and Castle Park Middle

Mathematics - Castle Park High, Chula Vista Senior, Mar Vista Academy, Castle Park Middle School, Southwest Senior High, Mar Vista High School, Montgomery Senior High, Sweetwater High and San Ysidro High

Suspension - Chula Vista Middle, Granger Junior, Hilltop Middle, Mar Vista Academy, Montgomery Middle and Southwest Middle  
Graduation - Palomar High School

**\*CRITERIA 2: DASHBOARD DISTRICT PERFORMANCE LEVELS - RED - STUDENT GROUPS**

Chronic Absenteeism - African American student group  
English Learner Progress - Foster Youth  
English Language Arts - English Learners, Foster Youth and Students with Disabilities  
Mathematics - English Learner and Hispanic  
Suspension - Students with Disabilities, Homeless, and English Learner

**\*CRITERIA 3: COLLEGE & CAREER INDICATOR BY SCHOOL & STUDENT GROUP**

Launch - English Learner & Students with Disabilities  
Mar Vista High School - Students with Disabilities  
Palomar High School - English Learner, Hispanic, Socio-Economically Disadvantaged, Students with Disabilities  
San Ysidro - Students with Disabilities  
Sweetwater High School - English Learner and Students with Disabilities

**\*CRITERIA 3: CHRONIC ABSENTEEISM INDICATOR BY SCHOOL & STUDENT GROUP**

Bonita Vista Middle School - Socio-Economically Disadvantaged, Students with Disabilities, Two or More Races  
Chula Vista Middle School - White & English Learners  
Eastlake Middle School - Two or More races, Students with Disabilities, White and English Learner  
Granger Junior - English Learner, Hispanic, Socio-Economically Disadvantaged, Students with Disabilities, and White  
Mar Vista Academy - Hispanic, Students with Disabilities, and White  
Rancho Del Rey Middle - African American & Socio-Economically Disadvantaged,

**\*CRITERIA 3: ENGLISH LANGUAGE ARTS MIDDLE SCHOOLS & STUDENT GROUP**

Bonita Vista Middle School & Rancho Del Rey Middle - Students with Disabilities  
Castle Park Middle School - English Learner, Homeless, Socio-Economically Disadvantaged, Students with Disabilities, and White  
Granger Junior & Montgomery Middle School - English Learner  
Hilltop Middle School & National City Middle - English Learner & Students with Disabilities  
Mar Vista Academy - Hispanic & Students with Disabilities  
Southwest Middle School - White

**\*CRITERIA 3: ENGLISH LANGUAGE ARTS HIGH SCHOOL & GROUP**

Bonita Vista High, Castle Park High School, Hilltop High School & Southwest High School - English Learner  
Chula Vista Senior High - Students with Disabilities  
Eastlake High School - English Learner & Students with Disabilities  
Launch Virtual Academy - Hispanic & Socio-Economically Disadvantaged,  
Mar Vista High School & Otay Ranch High School - English Learner & Students with Disabilities  
Olympian High - African American & English Learners

San Ysidro - English Learner, Hispanic, Socio-Economically Disadvantaged, and Students with Disabilities  
Sweetwater High School - English Learner, Hispanic, Socio-Economically Disadvantaged, and Students with Disabilities

**\*CRITERIA 3: MATHEMATICS MIDDLE SCHOOL & GROUP**

Bonita Vista Middle School & National City Middle - English Learner & Students with Disabilities  
Castle Park Middle School - Hispanic  
Hilltop Middle School - English Learner, Hispanic, Socio-Economically Disadvantaged, and Students with Disabilities  
Mar Vista Academy - Hispanic & Socio-Economically Disadvantaged  
Montgomery Middle School - English Learner & Hispanic  
Rancho Del Rey Middle - Students with Disabilities  
Southwest Middle School - English Learner, Socio-Economically Disadvantaged, and White

**\*CRITERIA 3: MATHEMATICS HIGH SCHOOL & GROUP**

Bonita Vista High - English Learner  
Castle Park High School & Southwest high School - English Learner, Hispanic, Socio-Economically Disadvantaged  
Chula Vista Senior & Otay Ranch High School - English Learner & Students with Disabilities  
Launch Virtual - Socio Economically Disadvantaged  
Mar Vista High School & Montgomery High School - English Learner, Hispanic, Socio-Economically Disadvantaged, and Students with Disabilities  
San Ysidro High School - English Learner & Hispanic  
Sweetwater High School- English Learner, Hispanic, and Socio-Economically Disadvantaged

**\*CRITERIA 3: SUSPENSION RATES MIDDLE SCHOOLS & GROUP**

Bonita Vista Middle School - Two or More races  
Castle Park Middle School - English Learner, Homeless, and Student with Disabilities  
Chula Vista Middle School - English Learner, Homeless, Students with Disabilities and Socio-Economically Disadvantaged  
Granger Junior - English Learner, Homeless, Students with Disabilities and Socio-Economically Disadvantaged  
Hilltop Middle School - English Learner, Hispanic, Socio-Economically Disadvantaged, Students with Disabilities, and White  
Mar Vista Academy - English Learner, Hispanic, Socio-Economically Disadvantaged, Students with Disabilities, and White  
Montgomery Middle School - English Learner, Hispanic, Socio-Economically Disadvantaged, and Students with Disabilities  
Rancho Del Rey Middle School - African American, English Learner, Socio-Economically Disadvantaged, and Students with Disabilities  
Southwest Middle School - English Learner, Hispanic, and Socio-Economically Disadvantaged

**\*CRITERIA 3: SUSPENSION RATES HIGHSCHOOLS & GROUP**

Alta Vista Academy - Hispanic  
Bonita Vista High School - Students with Disabilities  
Chula Vista Senior High - Homeless  
San Ysidro - English Learner, Homeless, and Students with Disabilities

**\*CRITERIA 3: ENGLISH LEARNER PROGRESS SCHOOL & GROUP**

**\*CRTIERA 3: CA DASHBOARD - GRADUATION SCHOOL & GROUP**

Palomar High - English Learner, Hispanic, Socio-Economically Disadvantaged, Students with Disabilities

**\*LOCAL MEASURES DATA (D and F, GPA, and Credits)**

Throughout the year, the Sweetwater Union High School district employs local measures to track progress across all student groups on California Dashboard indicators. Utilizing a data visualization tool called "Data Insights," staff members analyze patterns and trends to inform decision-making processes effectively. The local measures specifically indicate the achievement gap for Homeless and Foster Youth, Students with Disabilities, English Learners, and African American students. The Sweetwater Union High School district has gaps in academic achievement across both middle and high schools. Data highlights that Homeless and Foster Youth, Students with Disabilities, English Learners, and African American students exhibiting higher rates of earning fewer than five credits, GPAs below 2.0, and grades of D/F. With district averages of 13% and 12% for less than 5 credits earned in middle and high schools, 15% and 18% for GPAs below 2.0, and 15% and 21% for grades of D/F in middle schools, respectively, continued emphasis will be placed to address these gaps. Continued emphasis on implementing targeted interventions and support systems specific to academic needs of these student groups. In terms of academic performance, the district observes the following trends:

**\*LESS THAN 5 CREDITS Earned**

Middle School Achievement Gap: District average 13%

High School Achievement Gap: District average 12%

Across both middle and high schools, Homeless and Foster Youth, Students with Disabilities, English Learners, and African American students exhibit higher rates of earning less than 5 credits, highlighting disparities in academic achievement.

**\*GPA BELOW 2.0**

Middle School Achievement Gap: District average 15%

High School Achievement Gap: District average 18%

Similar disparities are observed in GPAs below 2.0, with Homeless and Foster Youth, Students with Disabilities, English Learners, and African American students experiencing higher rates.

**\*GRADE OF D or F**

Middle School Achievement Gap: District average 15%

High School Achievement Gap: District average 21%

The gap widens further when considering grades of D/F, with Homeless and Foster Youth, English Learners, and African American students facing significant challenges in academic performance.

The local measures indicate the need for ongoing targeted interventions and support systems to reduce D and F rates in both middle schools and high schools. To address these challenges, the district has implemented a comprehensive array of support and interventions. These include integrating college tutors into classrooms, maintaining smaller class sizes to enhance individualized attention, and employing differentiated instruction strategies to address the needs of special education and English learner students. Designated and integrated English Language (EL) instruction has been provided across core subjects district-wide to support English learners. Furthermore, targeted

interventions such as after-school tutoring, Saturday academies, and credit recovery courses have been provided to the target students. Teacher collaboration during Professional Learning Community (PLC) time has focused on developing effective grading and assessment strategies, ensuring consistency and fairness in evaluating student progress. Credit recovery courses have offered students the opportunity to recover credits through APEX online courses or in-person instruction, with learning recovery and acceleration coaches closely monitoring and supporting credit-deficient students towards credit completion. In 2024-25, the district plans to enhance support by adding additional college tutors in math classes, continuing class size reduction efforts, and maintaining emphasis on Professional Learning Community collaboration and formative assessments. Through these measures, the district remains committed to empowering students to achieve academic success and reduction of D and F rate.

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Based on the 2023 California Dashboard Sweetwater is eligible for Technical Assistance for the following performance criteria

English Learner: Suspension Rate (Red), ELA (Red), Math (Red)  
Foster Youth: College Career (Very Low)  
Homeless: Suspension Rate (Red), ELA (Orange), Math (Red)  
Students with Disabilities: Suspension Rate (Red), ELA (Red), Math (Orange)

Data was analyzed through the work of a Sweetwater Union High School District Coherence Task Force consisting of:

Dan Winters, Assistant Superintendent  
Ana Maria Alvarez, Assistant Superintendent  
Vernon Moore, Assistant Superintendent  
Sonia Picos, Director Student Services  
Margaret Sedor, MTSS Coordinator  
Elvia Estrella, Program Manager Homeless and Foster youth  
Michelle Sturm Gonzalez, Director Special Services  
Daniel Smirniotis, Program Manager Special Services  
Reid Burns, Program Manager MTSS  
Leila Kashani, Director State and Federal Programs  
Julio Alcala, Principal Otay Ranch High  
Easter Finley, Principal Southwest High  
Maria Jaramillo, Principal Eastlake Middle  
Marcus Jackson, SELPA  
Melissa Spadin, SDCOE  
Jenee Peevy, SDCOE  
John Spiegel, SDCOE

The Coherence Task force examined and analyzed the Sweetwater Union High School district "Early Warning System" data which provides information about students at risk of not graduating based on grade level criteria. Data was compared for student groups in relation to the district average and the following conclusions were made for each student group.

**STUDENTS WITH DISABILITIES: Grades and Credits**

SWD have D/F rates in ELA/Math on their most recent progress report that are 3% lower in middle school and 4% lower in high school than the district average. The rate of credit deficiency (earning less than 5 credits per semester) for SWD is 18% higher in middle school and 14% higher in high school than the district average.

**AFRICAN AMERICAN STUDENT GROUP: Suspensions**

African Americans are 1% higher (7%) than the district average in Middle Schools (6%) for suspensions.

African Americans are 4% higher (3%) than the district average in High Schools for suspensions.

**AFRICAN AMERICAN STUDENT GROUP: Chronic Absenteeism**

On a positive note, African Americans are 2% lower (19%) in regard to chronic absenteeism than the district average in middle schools.

**ENGLISH LEARNER STUDENT GROUP: GPA**

Compared to the district average for all, English Learners have 17% less in Middle School and 20% less in High School with a 2.0 overall GPA.

**FOSTER YOUTH/HOMELESS YOUTH: STUDENT GROUP Chronic Absenteeism**

Compared to the district average for all students, Foster Youth and Homeless Youth are 22% more in Middle School and 14% more in High School chronically absent.

**\* ROOT CAUSE ANALYSIS**

With support from the San Diego County Office of Education, we conducted a root cause analysis of the above data with many of the same staff involved as mentioned above. The following are the results of our root cause analysis work for each student group:

**STUDENTS WITH DISABILITIES STUDENT GROUP**

Students receive more academic support in ELA/Math through their IEP services. Students are not always enrolled in courses that provide the adequate support/accommodations.

Variable expectations and policies for grading/assessment across schools, courses, teachers

**ENGLISH LEARNER STUDENT GROUP**

Quality instruction is inconsistent because training and further implementation are needed. There is a need for clear models for quality instruction.

English Learners could benefit from additional access to higher level coursework.

English Learners need additional information about resources and opportunities to enhance their educational options.

English Learners need explicit language support in their primary language.

#### FOSTER YOUTH/HOMELESS YOUTH STUDENT GROUP

Additional staff training is needed regarding foster/homeless population to better support student attendance.  
Develop care coordination of services between programs and sites.  
Intensive case management services is needed for students at risk of chronic absenteeism.

#### AFRICAN AMERICAN STUDENT GROUP

Need to develop a comprehensive data collection system for school site referrals across the district.  
Provide additional training for staff on cultural competency and implicit bias.  
Implement multi tiered systems of support in all Sweetwater schools.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

District schools that are eligible for comprehensive support and important funds include:

Palomar High School

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Palomar High has received support from the San Diego County Office of Education (SDCOE) and District teams from Research and Evaluation, State and Federal, and Curriculum and Instruction. The SDCOE team helped plan a Needs Assessment, Root Cause Analysis, Strategy Selection, and Monitoring Plan to address their areas of weakness.

The need to address both adult and student social-emotional needs has been a common theme across the schools. Sites also identified the need to increase student engagement through high quality instruction innovative approaches to pedagogy (PBL). We will be dedicating the time and services of existing personnel to support the strengthening of a healthy professional environment and we have also focused on the need to strengthen the professional learning communities at each school to lay the foundation for more systemic improvements in the delivery of instruction.

The following evidence-based interventions have been selected:

1. Student Engagement activities based on Project Based Learning strategies.
2. Instructional Coaching to improve instructional practices and consistency.

We reviewed resource inequities at PAH by analyzing the expenditures for the 2023-24 school year to determine what items were being funded by 80% of our budget, then analyzing whether those expenditures were in line with the needs assessment. We have determined that each of these schools is placing the vast majority of their funds on actions and services that support the identified needs and root causes.

***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

Palomar High was provided support to develop a monitoring plan to judge the impact of their solution(s), address the root cause, and identified needs. The monitoring plans will be evaluated quarterly to determine both implementation, revision of plans, and success at reaching intended outcomes. Here are the metrics and frequency for analysis that we are tracking for Palomar High.

Palomar High: Chronic Absenteeism quarterly, Suspension Rate quarterly, Credit Completion quarterly.

The evaluation of the effectiveness of these interventions will be based on the progress toward benchmark goals that are outlined in each schools' Site plan. Quarterly meetings with the PAH leadership team will be held for the purpose of tracking those benchmarks and adjusting the plan as needed.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parent/Guardian Surveys and Feedback	District wide LCAP survey was sent to all parents/guardians in February 2024 with 1387 responses received. The California School Parent Survey was conducted as well with 1933 responses from Parent/Guardians. In addition, the school sites collected LCAP Parent feedback during SSC, Coffee with the Principal and ELAC meetings throughout the year. The feedback is part of the SPSA feedback cycle goals that are aligned to the LCAP goals.
Students	Multiple Surveys were sent out to students throughout the school year: LCAP student survey with 346 responses in February 2024, Core SEL survey 17,029 student responses, and CHKS survey with 14,526 responses in March 2024. The survey results were shared via the SUHSD Data Insights Data Dashboard for site and departmental LCAP needs assessment process.
Teachers/Staff	LCAP district surveys sent out to all district staff in February 2024 with 317 responses received. Additionally, the district conducted California School Staff Climate Survey in March 2024 with 1218 responses. The survey results for the California Staff climate survey were utilized by the SUHSD MTSS team to determine needs and next steps in the coordination of services.
Principals and Administrators	SUHSD cabinet Middle School and High School principal representatives provided feedback from principals at the cabinet level. In addition, feedback was collected from Middle School and High School principals during Monthly PLC time meetings throughout the year to review district data, LCAP goals, Programs, and budgets. PLC notes and feedback are shared with district leadership.

Educational Partner(s)	Process for Engagement
Empathy Interviews	Schools conducted Empathy interviews of students throughout the district during Fall 2023. The empathy interview data was part of the data analysis and root cause process. State & Federal department collected the data and summarized the feedback as part of the LCAP needs assessment process.
Collective Bargaining Units	Management Association, Sweetwater Educators Association, CSEA, SCGA, Confidential Employees, and NAGE, provide LCAP Budget, input, feedback, and final overview of the plan.
District Parent Advisory Committees	The District English Learner Advisory Committee (DELAC) and the District Parent Advisory Committee participated in providing feedback in the 2024-25 LCAP development process. The goals and data for each LCAP goal were shared during meetings throughout the 2023-24 school year. Parents had opportunities to provide input and feedback after a presentation on each goal. The meetings below were devoted to LCAP parent/community Feedback. LCAP Goal 3 (November 16, 2023), LCAP Goal 1 (January 24, February 7, 2024), LCAP Goal 2 (March 14, 2024), LCAP Goal 4 (May 15, 2024)
South County SELPA	Collaboration in support of Students with disabilities with the SUHSD Special Education department and the local Special Education Local Plan Area (SELPA) occurred during monthly meetings for review of data Students with Disabilities to identify root causes, specific needs and next steps. LCAP Plan is shared with SELPA for review and feedback.
Sweetwater Union High School District Coherence Task Force	The SUHSD Coherence Task force met throughout the 2023-24 year with support from SDCOE to conduct root cause analysis to determine next steps with addressing district level needs. The groups discussed alignment of resources and supports and identified how the various departments are supporting school needs. The meetings consisted of analysis on how various data is collected, analyzed and visualized at the school and district level. Part of the data collection involved student shadowing, PLC shadowing, and empathy interviews. The team consisted of the following Special Education, Curriculum, Homeless and Foster youth, Teacher Effectiveness, Principals, Research and Evaluation, State & Federal Program, and Student Services. The Task force met on October 25, December 7, January 25, February 22, March 21, April 25, April 29, May 8 and May 17th.

Educational Partner(s)	Process for Engagement
Site Level Feedback (School Site SSC, ELAC, Student groups and Parent groups)	<p>LCAP input and feedback on the four goals were collected throughout the 2023-24 school year during site-level meetings, including School Site Council (SSC), English Learner Advisory Committee (ELAC), Student Leadership, and Coffee with the Principal sessions. Feedback collected during these meetings was utilized as part of the Single Plan for Student Achievement (SPSA) planning process, ensuring alignment between site-level goals and district-wide priorities. Additionally, the information gathered was submitted to State and Federal department and summarized as part of the LCAP feedback and needs assessment, ensuring that the input from various educational partners informed the development of the district's Local Control and Accountability Plan.</p>
Engagement of Equity Multiplier Schools	<p>During the 2023-24 school year, the LCFF Equity Multiplier partner engagement was conducted at both Palomar High (PAH) and Alta Vista High (AVA) Schools, which are alternative education institutions and have been identified as Comprehensive Support and Improvement (CSI) schools. PAH utilized data from the CSI engagement process alongside a needs assessment and root cause analysis, which included empathy interviews and parent surveys, to inform the equity multiplier goal and strategies. Engagement meetings occurred during various forums such as Site Leadership Team meetings, ELAC meetings, School Site Council gatherings, and whole-staff sessions, involving teachers, administrators, and students. The root cause analysis at PAH identified chronic absenteeism reasons, including the need for a welcoming environment and improved adult-student relationships, as well as students' emotional, economic, family responsibilities, and technology challenges. Similarly, at AVA, educational partners including teachers, parents, staff, and students reviewed various data sources such as student surveys and the California Dashboard to conduct root cause analysis and determine goals for the Equity Multiplier. Engagement activities at AVA took place during Site Leadership Team, School Site Council, and Faculty Advisory Committee meetings, and included empathy interviews with students, teachers, parents, and partner agencies to further inform the process.</p>

## A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

At Sweetwater Union High School District, the LCAP serves as the cornerstone of districtwide initiatives, ensuring alignment with district goals and local and state priorities. The Sweetwater Union High School District conducted a comprehensive feedback collection process to inform the development of the Local Control and Accountability Plan (LCAP) for the 2024-25 school year. Parents/guardians provided input through district-wide surveys, as well as meetings such as School Site Council (SSC), Coffee with the Principal, and English Learner Advisory Committee (ELAC) meetings. Multiple student surveys were administered, including LCAP student surveys, Core Social Emotional Learning (SEL) surveys, and the California Healthy Kids Survey (CHKS). Teachers and staff participated in the feedback process through district surveys and climate surveys. Principals contributed feedback during cabinet meetings and Monthly Professional Learning Community (PLC) meetings. Empathy interviews were conducted with students, and collaboration occurred with Special Education departments and local Special Education Local Plan Areas (SELPA) to address specific needs. LCAP input and feedback were collected at site-level meetings and utilized for Single Plan for Student Achievement (SPSA) planning, with summaries provided to State & Federal departments. Overall, the district's extensive feedback collection efforts ensured an understanding of stakeholder perspectives and needs to inform the development of the LCAP. The Coherence Task Force, supported by the San Diego County Office of Education (SDCOE), conducted root cause analysis and alignment of resources. Feedback from all these sources was synthesized to develop LCAP goals and strategies aligned with the district's educational priorities.

The comprehensive range of feedback and suggestions from various educational partners, including staff, students, parents, and surveys is summarized below. The highlights of the input from LCAP Partner Engagement are as follows:

GOAL 1: Academic tutors for after-school programs and within each classroom specifically in Math, lower the class size for Math and English classes, Professional development for teacher instructional practices to promote student engagement, focus on supporting students in smaller class settings, more support within the classroom, especially for Students with Disabilities and English Learner students, focus on College and Career readiness, reduction of counselor caseload and increase class options for students. Design interactive and engaging lessons that incorporate real-world experiences, field trips, and discussions to enhance learning experiences. More educational options for students who cannot complete school the traditional way.

GOAL 2: Providing resources and services to address students' mental health needs and promote a positive school environment, providing diverse extracurricular opportunities and promoting inclusivity to foster a sense of belonging among students, creating platforms for students to voice their concerns and participate in decision-making processes to promote a positive school culture. Addressing students' basic needs, such as access to nutritious food, safety, and mental health support, to ensure they can focus on their academic success. Enhancing safety measures within schools, including conflict resolution programs, increased supervision, and infrastructure improvements. Focus on school safety by enhancing security with more safety officers and surveillance technology to provide a sense of security. Increased Staff Supervision during school hours.

GOAL 3: Establishing clear systems and programs to address family needs, support struggling students, and offer diverse educational options, with accountability measures in place. Support Parent Engagement and Education by offering workshops, communication channels, and resources to involve parents actively in their children's education. Partnering with local educational institutions and organizations to offer continuing education programs and resources. Facilitating greater collaboration between parents and schools through increased communication, parent-teacher meetings, and support for at-risk students. Create a welcoming environment for parents to participate at their school. Continue outreach to parents via various communication platforms such as websites, school messenger, Jupiter grades, and parent

meetings/training. Ensuring communication is accessible to all parents, including those from non-English speaking backgrounds, through translation services and outreach efforts. Provide more clarity for parents on how to help their students go to college and increase meetings with counselors. More parent-teacher conferences so parents understand how to support their student's learning.

GOAL 4: Develop programs where families can have access to resources they need, change the food offered to students and provide nutritious meals. Retain and hire highly effective staff and place experienced teachers with the most struggling students so students can succeed. Continue to provide access to technology. Clear communication in decision-making processes related to education, alongside efforts to improve facilities and address teacher shortages.

GOAL 5: To address challenges like chronic absenteeism and promote student success, both Equity Multiplier schools (Alta Vista Academy and Palomar High School) will implement a comprehensive range of supportive strategies. This includes offering additional student support classes aimed at fostering a positive school culture and climate, thereby promoting engagement, and providing early intervention for attendance issues. Monitoring attendance patterns will allow for timely support for struggling students, while supplemental resources will aid in improving basic skills mastery. Extended learning opportunities will ensure that students have ample chances to complete graduation credits. Furthermore, efforts will focus on creating an inclusive environment that supports academic growth and overall well-being. Ongoing professional development for staff will emphasize strategies to enhance student engagement and literacy skills. Engaging families and the broader community will also be pivotal in supporting students' academic engagement, ensuring a collaborative effort towards student success.

\*LCAP SURVEY OF STAFF, STUDENTS & PARENTS (February 2024)

#### GOAL 1: TEACHING AND LEARNING

- \*Additional Academic tutors for after-school programs and within each classroom specifically in Math
- \*Lower the class size to allow for more individualize support and intervention
- \*Professional development for teacher instructional practices to promote student engagement
- \*Additional Support for Students with Disabilities and English Learners
- \*Focus on College and Career Readiness
- \*Increased support for counseling student on post-secondary options

#### GOAL 2: SAFE & HEALTHY ENVIRONMENTS

- \*Peer mediation and Conflict Resolution to promote positive relationship between students and staff.
- \*Enhancing security with more safety officers and surveillance technology can provide a sense of security. Increased Staff Supervision during school hours.
- \*Increasing arts and extracurricular activities and ensuring accessibility to all students to promote diversity and inclusion.
- \*Increasing resources and outreach efforts for homeless and foster youth can address their unique needs.
- \*Campus Updates and Maintenance by Investing in infrastructure updates and regular maintenance can contribute to a safer and more welcoming environment.
- \*Increasing opportunities for students to access mental health support and organizing assemblies on relevant topics can raise awareness and promote a supportive environment.
- \*Promoting excellence in teacher-student relationships and hiring additional nurses, therapists, and counselors can enhance the support system for students.

\*Substance Abuse and Violence Prevention and intervention program that can promote a healthier school environment.

### GOAL 3: PARENT AND COMMUNITY ENGAGEMENT

\*Provide educational opportunities for parents through workshops addressing safety, LCAP, data analysis and understanding the educational system.

\*Offer continuing education programs for parents in partnership with local community colleges, adult education centers and local universities.

\*Increased collaboration between Parents and Schools by increasing parent-teacher meetings and provide additional support for at-risk students, continue to support the parent advisory committees and school site level committees to ensure that parents have voice in decision-making processes.

\* Improve communication with parents by enhancing school websites and social media presence with updated content and interactive features.

\*Provide district and community resources to parents to support all students.

### GOAL 4: COHERENT AND TRANSPARENT SYSTEMS

\*Develop programs where families can have access to resources they need

\*Ensure highly effective staff with the most struggling students so students can succeed

\*Facilities upgrades for school.

\*Provide more extra-curricular activities for student

\*More educational options for students who cannot complete school the traditional way

### \*DISTRICT PARENT ADVISORY FEEDBACK

#### GOAL 1: TEACHING AND LEARNING (January-February 2024)

\*Utilize strategic communication to inform students about available programs and engage them effectively.

\*Smaller class size for more support to students.

\*Implement Strengths based program across the district, which provides an asset-based approach that is beneficial to learning and collaboration.

\*Improve support to EL students to increase EL Reclassification rate.

\*Improve passing rates for AP exams, promote IB programs, and enhance information sharing about college courses and opportunities.

\*Increase communication to parents of at-risk students.

#### GOAL 2: SAFE & HEALTHY ENVIRONMENT (March 14, 2024)

\*Improve Mental Health & Socioemotional Learning Supports.

\*Enhance communication with families and students.

\*Increase training for staff around behavioral and mental health needs of students.

\*Increase supervision at school sites.

#### GOAL 3: PARENT AND COMMUNITY ENGAGEMENT (November 16, 2023)

\*Provide a variety of training, presenters, relevant topics, and learning styles that better address parent concerns and present student-centered content.

\*Provide interpretation in multiple languages in communication with parents, with materials translated to Spanish at schools.

- \*Ensure greater communication between staff and parents.
- \*Provide parent engagement and support around students with special needs.
- \*Create a welcoming environment for parents at school sites.

#### GOAL 4: COHERENT AND TRANSPARENT SYSTEMS (May 15, 2024)

- \*Focuses on enhancing school facilities through renovations, painting, landscaping, and updates to foster a safe and motivating learning environment.
- \*Addresses ongoing challenges such as teacher shortages and high turnover rates despite potential pay improvements. Provide support systems and professional development opportunities to address this need.
- \*Provide opportunities for input regarding facilities improvements.
- \*Parents stress the importance of district transparency in decision-making and equitable resource distribution

#### SITE EMPATHY INTERVIEW FEEDBACK STUDENTS (July- December 2023)

- \* Reduce class sizes to ensure personalized attention and support for students.
- \* Promote a positive school culture by enhancing school activities, assemblies, and performances to promote school spirit and a sense of belonging.
- \* Provide guidance and support services to address students' social and emotional needs.
- \* Design interactive and engaging lessons that incorporate real-world experiences, field trips, and discussions to enhance learning experiences.
- \* Provide opportunities for students to participate in a variety of extracurricular activities, clubs, electives, and sports to cater to diverse interests.
- \*Create a safe and inclusive environment where kindness, empathy, and respect are emphasized and practiced by both staff and students.
- \*Invest in school facilities and ground maintenance to provide a conducive learning environment.
- \*Offer additional support and resources for students struggling with math or language barriers, such as tutoring sessions or language support programs.
- \*Implement comprehensive strategies to address school safety concerns, including bullying prevention programs, conflict resolution training, and creating safe spaces for students to voice their concerns.
- \*Provide academic support and resources to help students overcome worries about academic performance and achieve their goals, including access to counseling services and academic interventions.

#### SITE EMPATHY INTERVIEW FEEDBACK STAFF (July- December 2023)

- \*Offer regular training sessions on how to effectively integrate technology into teaching practices. Encourage peer mentoring and sharing of best practices among teachers.
- \*Continue to foster a culture of collaboration and support within PLCs through regular meetings, team building, sharing resources, and discussing strategies for addressing common challenges.
- \*Providing targeted support and interventions to meet the academic and mental wellbeing of students.
- \*Increase professional development and coaching/mentoring opportunities for teachers.
- \*Offer workshops and resources for parents to support their children's learning and development, including strategies for effective communication and involvement in their child's education.
- \*Regularly gather feedback from staff and students to identify areas for improvement and tailor support accordingly.

\*Organize team-building activities and workshops to strengthen relationships among staff members and promote a positive work environment.

#### CALIFORNIA SCHOOL STAFF CLIMATE SURVEY (March 18, 2024)

- \*Continue communication between staff and students (ensure follow through)
- \*Relationships matter (connectedness) for both between students and teachers as well as student and students
- \*Maintaining racial and social inclusion
- \*Clubs and sports contribute to belonging.
- \*Maximize time for mental health.
- \*Connect with the adolescent experience.
- \*Increase accountability (and define what accountability means)
- \*Increase engagement and relevancy in the classroom.
- \*Support basic needs such as access to nutritious food and safety.

#### CALIFORNIA SCHOOL PARENT SURVEY (March 18, 2024)

- \*Increase parental involvement.
- \*Create a welcoming environment for parents to participate at their school
- \*Increase opportunities for meaningful student participation
- \*Increase the motivation for students to learn
- \*School safety improvements
- \*Improve school facilities and maintain facilities clean

#### CHKS STUDENT SURVEY RESULTS (March 18, 2024)

- \*Improve school safety.
- \*Improve facilities and bathrooms.
- \*Create meaningful participation in class.
- \*Create a culture of connectedness
- \*More consistent policies across the district and school sites.

#### \* EQUITY MULTIPLIER FEEDBACK (January - May 2024)

##### ALTA VISTA HIGH SCHOOL

- \* Provide Relevant and Engaging Learning Opportunities: Students express a desire for learning experiences that are not confined to textbooks but are relevant to their future aspirations, such as acquiring job skills and learning to live independently.
- \* Need for updated technology, materials, and work areas to facilitate a more modern and effective learning environment.
- \* Provide a more positive school culture by promoting activities commonly found in other schools, such as prom, field trips, clubs, and sports, to enrich their overall school experience and foster a sense of belonging and engagement.

##### PALOMAR HIGH SCHOOL

- \*Implement strategies to support students in recovering missed schoolwork after absences, considering transportation issues as a barrier to attendance.

Student Engagement: Increase opportunities for meaningful student participation to foster a more engaging learning environment and reduce the likelihood of substance abuse and mental health challenges.

- \*Address the high percentage of students experiencing chronic sadness/hopelessness and engaging in substance use by implementing comprehensive mental health support services, including counseling and prevention programs.

- \*Re-establish partnerships with the CTE IT Essentials Pathway and focus on increasing the number of students completing CTE pathways to prepare them for future career opportunities.

- \*Implement SEL programs for both students and adults to foster a cohesive school culture, improve school engagement, and create a welcoming environment for the entire school community.

#### STAKEHOLDER FEEDBACK INFLUENCE ON LCAP:

The majority of stakeholder input aligns with the current goals and actions found in the LCAP. The goals below will help in achieving the LCAP goals and improving the student achievement and outcome for all students including. Below are specific actions that have been added, continued, or modified as a result of input from our educational partners. Based on the additional input and feedback the goals/actions below will be impactful in addressing the diverse needs of students, fostering a positive school culture, and promoting collaboration between education partners.

#### GOAL 1 ACTIONS: TEACHING AND LEARNING

To improve academic achievement, the district will continue to implement various programs and supports. This includes providing additional tutoring both during and outside class, supporting Summer Programs and enrichment activities, and employing curriculum TOSAs for professional development. The district will continue class reduction, particularly for English Learners and students with disabilities, while ensuring counselors have manageable caseloads to focus on post-secondary education preparation. Furthermore, the district will continue supporting AVID classes, intervention activities, and Career Technical Education pathways. The goal is to provide tailored support to all students, including those requiring intervention or additional assistance, while promoting mastery of standards and college readiness. Below are specific actions in the LCAP that are a result of feedback from Education Partners:

- \*Additional support individualized tutoring during class and outside class.

- \*Additional support for Summer Programs and enrichment.

- \*Additional Curriculum TOSA to support site level professional development activities.

- \*Continue class size reduction to support students with mastery of standards. The smaller class averages will continue despite staffing shortages and a decline in enrollment.

- \*Continue Counselor case load reduction to ensure that students are prepared for post-secondary education and career options, including counseling on college pathways.

- \*Additional individualized academic support through tutors to provide small group instruction and 1:1 support. Emphasis on providing support for students with disabilities, English Learners (EL), and those in need of intervention.

- \*Addition of Learning Recovery and acceleration coaches at each site to support student with intervention and credit recovery. Coaches will support all high schools in developing intervention program to address needs of English Learners, Students with Disabilities, and Homeless and Foster Youth.

- \*Continue Class size reduction for ELD and Bilingual classes to support the needs of the English Learners.

- \*Continue Support AVID classes to support College & Career Readiness by class size reduction, Site Coordinators, and College Tutors.

- \*Continue Support site interventions activities such as before and after school tutoring, Saturday academies, credit recovery, and Summer School.

- \*Additional Curriculum TOSA's to provide training on instructional techniques and promoting student engagement.
- \*Continue Career Technical Education teachers as district's Parents, teachers, counselors, and students stated that students needed more opportunities to explore careers and experience options of highly engaging courses.
- \*Continue Activities and programs that promote post-secondary education and career options, including counseling on college pathways.
- \*Additional support for CTE pathway for IB program.
- \*Additional standards based instructional materials and supplies for schools.

## GOAL 2 ACTIONS: SAFE & HEALTHY ENVIRONMENT

The district prioritizes the well-being of its students through various initiatives. This includes providing resources and services for mental health needs, enhancing safety measures with additional staff and officers, and supporting programs that promote student engagement and connectedness. Assistant Principals, Attendance Coordinators, alongside campus assistants and School Resource Officers will be provided to ensure safe environments. Additionally, the addition of MTSS Coordinators for middle schools will support the implementation of programs district-wide, furthering the goal of fostering a positive and supportive school environment. Below are specific actions in the LCAP that are a result of feedback from Education Partners:

- \*Continue providing resources and services to address students' mental health needs and promote a positive school environment such as Psychologists, Mental Health Staff, Nurses, Middle School ASB advisors,
- \*Continue enhancing Safety measures by providing additional Assistant Principals, campus assistants, and attendance coordinators. Addition of Lifeguards for district pool.
- \*Continue Athletic directors to promote student engagement and wellbeing
- \*Continue to focus on programs such as Before/after school program and ASB that promote school connectedness.
- \*Additional funding for Career Technical Education teachers to support Career pathways that provide more opportunities to explore careers and experience options of highly engaging courses.
- \*Continue supporting Online Launch Virtual Academy by providing safe, flexible, accessible, and equitable online learning community for diverse learners.
- \*Continue Campus Assistants to ensure safe environments in all schools.
- \*Addition of School Resource Officers to support maintaining safe school campuses.
- \*Addition of Safety and Security Assistant Principal to coordination of district level activities and training to sites.
- \*Addition of MTSS Coordinators to each school middle school to support implementation of program district wide.

## GOAL 3 ACTIONS: PARENT AND COMMUNITY ENGAGEMENT

Engaging families and the community is essential for student success. The district plans to achieve this by adding a Parent Engagement TOSA and providing additional educational opportunities through workshops. Focus on additional collaboration between parents and schools, enhanced communication through improved websites and social media presence, and expansion of district and community resources. Continue to provide interpretation services and relevant training in multiple languages, ensuring that all families can actively participate in their child's education and the school community. The district acknowledges the importance of providing various supportive services beyond academics. They plan to develop programs to provide families with access to necessary resources, ensure effective staff placement for struggling students, and upgrade school facilities alongside increased IT support. Furthermore, expanding extracurricular activities and educational options is prioritized, alongside a focus on clear communication in decision-making processes related to education. These efforts aim to create a supportive and enriching educational environments for all students, addressing their holistic needs beyond academic achievement. Below are specific actions in the LCAP that are a result of feedback from Education Partners:

- \*Addition of Parent Engagement TOSA to support Parent Engagement and outreach.
- \*Continue providing educational opportunities for parents through workshops.
- \*Continue to increase collaboration between parents and schools, including increased meetings and support for at-risk students.
- \*Continue to increase communication with parents through enhanced school websites and social media presence.
- \*Increase district and community resources to support all students.
- \*Ensure that interpretation services and relevant trainings are provided in multiple languages.

#### GOAL 4 ACTIONS: COHERANT AND TRANSPARENT SYSTEMS

To enhance the overall educational experience, the district has outlined several crucial action steps within LCAP Goal #4. These steps the district continuing to develop programs aimed at providing families with access to essential resources, ensuring effective staff placement to support struggling students, upgrading school facilities, and increasing IT support to facilitate modern learning environments. Furthermore, the expansion of extracurricular activities and educational options seeks to provide students with diverse opportunities for growth and enrichment beyond the traditional classroom setting. Through these initiatives, the district aims to create a supportive and enriching educational environment that addresses the needs of all students.

- \*Involve stakeholders, including students, teachers, parents, and community members, in the decision-making process regarding facilities improvements.
- \*Develop programs to provide families with access to necessary resources.
- \*Ensure highly effective staff placement for struggling students.
- \*Upgrades for school facilities and increased IT support.
- \*Expanded extracurricular activities and educational options for students.

#### GOAL 5 ACTIONS: EQUITY MULTIPLIER GOAL (PALOMAR HIGH and ALTA VISTA ACADEMY)

- \*To enhance student success and address challenges like chronic absenteeism and graduations both Equity Multiplier schools will implement a range of supportive strategies.
- \*Provide additional student support classes, fostering a positive school culture and climate to promote engagement, monitoring attendance patterns for early intervention, providing supplemental resources for basic skills mastery, and offering professional development for staff to improve teaching strategies
- \*Providing additional support to ensure that students are completing graduation credits by providing extended learning opportunities for students.
- \*Support promoting a school culture and climate to address Chronic absenteeism by creating a positive and inclusive environment that fosters student engagement, academic growth, and overall well-being.
- \*Monitoring attendance patterns to allow for early intervention and support for students who may be struggling with attendance issues, ensuring they stay on track with their learning.
- \*Provide supplemental resource to improve basic student skills so they it can support their mastery of the grade level standards.
- \*Providing ongoing professional development opportunities for staff on strategies to improve student engagement and literacy skills ensures that educators are equipped with the necessary tools and knowledge to support students effectively.
- \*Engaging families and the broader community in supporting students' academic engagement.

The district values the importance of providing various supportive services beyond academics. The district will continue to prioritize programs to provide families with necessary resources, ensure effective staff placement for struggling students, and continued upgrade of school

facilities alongside increased IT support. Continue to focus on clear communication in decision-making processes related to education. The goal is to provide a supportive and enriching educational environments for all students, addressing their needs beyond academic achievement. The district acknowledges the importance of providing various supportive services beyond academics. They plan to develop programs to provide families with access to necessary resources, ensure effective staff placement for struggling students, and upgrade school facilities alongside increased IT support. Furthermore, expanding extracurricular activities and educational options is prioritized, alongside a focus on clear communication in decision-making processes related to education. These efforts aim to create a supportive and enriching educational environments for all students, addressing their holistic needs beyond academic achievement.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	Broad Goal: Ensure excellence in teaching and learning so each student is prepared to succeed in college and career.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

<p>The Sweetwater Union High School District (SUHSD) with broad education partner input continues to highlight academic achievement for students. Teaching and learning is the core service provided by the district to ensure students are prepared for college, career, and life. Our data demonstrates that homeless students, foster students, Students with Disabilities, English Learners, and economically disadvantaged students still experience an achievement gap. Our goal is to eradicate this gap so that each student has the resources, supports, and skills to persist and excel in their educational endeavors. This goal was initially developed in 2015 and continues to be relevant in SUHSD. SUHSD remains committed to addressing these achievement gaps through targeted interventions, curriculum alignment, and comprehensive support services to ensure that all students have the resources, supports, and skills necessary for success in college, career, and life.</p> <p>The 2023 English Language Arts performance for all students on the California Dashboard was 10.4 points below standard with a decline of 3.2 points from previous year. The English Learners were 84.8 points below standard with a decline of 11.3 points from previous year. The Foster youth were 75.8% below standard and maintained at gain of 1.9 points. The Students with Disabilities were 113.1 points below standard with a decline of 2.4 points. The performance of English Learners, Foster Youth, and Students with Disabilities student groups was at the very lowest level. The performance of the African American, Hispanic, Homeless, Pacific Islander, Socioeconomically disadvantaged student groups was low. The American-Indian and White students performed at a medium level. The performance of Asian and Filipino was at the high. To support improvement in Language Arts instruction, the district has focused on aligning curriculum, supports for multilingual learners, and the the introduction of newly adopted English Language Arts curriculum and textbooks to further support student achievement in ELA.</p> <p>The 2023 Mathematics performance for all students on the California Dashboard was 77.3 points below standard with the level maintained from previous year. The English Learners were 136.4 points below standard with a decline of 6.4 points from previous year. The Homeless student group were 171.1 points below standard and maintained a gain of 2.1 points. The Students with Disabilities were at 171.8 points below standard with an increase of 5.5 points. The performance of English Learners and Homeless was at the very lowest level. The performance of the Foster Youth, Hispanic, Pacific Islander, and Students with Disabilities was low. The African American, American-Indian,</p>
---

Socio-Economically Disadvantaged, White students performed at a medium level. The performance of Asian and Filipino student groups was at the high. Addressing achievement in mathematics is a critical area of need district wide. The district has emphasized Professional Learning Communities, effective instructional strategies, and targeted instructional support for multilingual learners to address these challenges.

The 2023 College and Career Readiness Indicator measurement of how well we are preparing students for likely success after graduation was at a medium level with 41.3% of all students prepared for College/Career. There is a performance gap for the students groups on the College/Career indicator. The Foster Youth performed at the lowest level with only 7.7% of the students prepared for College/Career. The African American, American Indian, English Learners, Homeless, Pacific Islander, and Students with Disabilities performed at a Low level. The Hispanic, Socio-Economically Disadvantaged, and white performed at the medium level. The Asian and Filipino student groups performed at the very high level of performance. In order to address the gap, the district has supported the expansion of the CTE pathways, provided counselor support, post secondary guidance, credit recovery courses, summer school, college tutors, and specialized programs to promote College and Career Readiness.

The 2023 English Learner Progress indicator shows that 48.5% of students are making progress toward English Language Proficiency. The percentage of current EL students who progressed at least one ELPI level, maintained ELPI level 4, maintained lower ELPI levels or decreased at least one ELPI Level has slightly changed from 2022-23. The district will continue to provide supports such as professional development, smaller class sizes, and tutoring to support the students that are acquiring English while advancing grade-level academic content. English learner students in need of additional fluency in English benefit are placed in a comprehensive, research-based English Language Development (ELD) program that is aligned to the California ELA/ELD framework and ensures English learners progress appropriately toward fluent reclassification. Additionally, EL students are placed in robust bilingual and Structured English Immersion (SEI) core academic courses to engage with rigorous college-preparatory content while they are simultaneously acquiring English. The district Title III funds provided supplemental support targeted to meet the needs of the English Learners.

# Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.  
A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	LCFF BASE	<p>1.1 DISTRICT BASE PROGRAM CONTINUES TO ENSURE:</p> <p>a. Highly qualified certificated teacher ratio is 30:1, and classified staff continue to provide effective initial instruction and support that leads to student engagement and mastery for each student, including English Learners (EL), Low Income (LI), Foster Youth (FY), Homeless Youth (HY), underperforming students, and Students with Disabilities (SWD).</p> <p>b. Professional development continues in California Standards-aligned curriculum and district-wide initiatives with a focus on effective initial instruction that leads to student engagement and mastery or each student, including English Learners (EL), Low Income (LI), Foster Youth (FY), Homeless Youth (HY) and Students with Disabilities (SWD).</p>	\$266,662,238.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>c. Counselors (in-ratio 400:1) continue to support each student, including English Learners (EL), Low Income (LI), Foster Youth (FY), Homeless Youth (HY), and Students with Disabilities (SWD) to be on-course to graduate prepared for college and career.</p> <p>d. Progress of students toward Annual Measurable Outcomes is continuously monitored through a balanced assessment system, including End-of-Course Exams, district-provided performance tasks, and common formative assessments. (No additional cost for this subtraction)</p> <p>e. Continue to offer courses and programs that support college and career readiness (e.g. AP, CTE Completion, EAP Proficiency, etc.) and increase the number of seniors receiving the seal of biliteracy.</p> <p>f. A comprehensive research-based ELD program aligned to ELA/ELD framework continues to ensure English Learners can accelerate their progress toward reclassification. (No additional cost for this subtraction)</p> <p>g. Continue to implement the English Learner master plan to meet the programmatic needs of each English Learner. (No additional cost for this subtraction)</p> <p>h. Alternative educational opportunities and programs continue to provide differentiated learning environments that lead to student engagement and mastery. Palomar High (PH), Teen Parent Program, Options Secondary School(OSS), Community Day School, Independent Study, Learning Centers, East Hills Academy(EHA), Alta Vista Academy(AVA))</p> <p>i. The Teacher Induction Program continues to develop teacher proficiency in the CA Standards for the Teaching Profession and the CA Content Standards through 1:1 mentoring, quarterly workshops, and online coursework.</p> <p>j. Under the direction of the district, each site has Assistant Principals that continue to ensure site programs are monitored, evaluated, and supported.</p> <p>k. Classified staff continues to support student engagement and mastery.</p>		

Action #	Title	Description	Total Funds	Contributing
<b>1.2</b>	<b>LOWER STUDENT TO TEACHER RATIO FOR MASTERY</b>	<p><b>1.2 LOWER STUDENT TO TEACHER RATIO</b></p> <p>a. Continue to maintain a lower student-teacher ratio of 28:1 to provide effective initial instruction, engagement, and mastery for each student.</p> <p>b. Additional contribution to maintaining lower student-teacher counts paying close attention to lowering student counts to support differentiated instruction addressing the targeted needs of the schools and student groups below that have the lowest performance level of Red on the 2022-23 California Dashboard English Language Arts, Mathematics, and College and Career Indicators. (see addendum)</p>	\$8,000,000.00	Yes
<b>1.3</b>	<b>ELD, AVID, BILINGUAL CLASS SIZE REDUCTION</b>	<p><b>1.3 ELD, AVID, BILINGUAL CLASS SIZE REDUCTION</b></p> <p>a. Continue to maintain a lower student-teacher ratio in ELD classes of 25:1 to ensure English can accelerate their progress toward reclassification. District ELD TOSA will provide additional coaching and professional development to LVA to English Learner Progress on the ELPAC.</p> <p>b. Reduction in bilingual, dual language, and AVID EXCEL classes will support the acceleration in language acquisition along with reclassification. District ELD TOSA will provide additional support for implementation of Designated and Integrated ELD instruction such as lesson design, supplementary resources, professional development, and classroom instruction to address language support for English Learners. This will support the English Learners at all schools to increase Reclassification rates and close achievement gap on State Assessments for schools below that have the lowest performance of Red on the 2022-23 California Dashboard. (see addendum)</p>	\$4,265,252.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.4	REDUCTION OF COUNSELOR CASELOAD, PORTION OF COUNSELOR, AND ADDITIONAL FTE FOR PAH	<p>1.4 REDUCTION OF COUNSELOR CASELOAD, PORTION OF COUNSELOR, AND ADDITIONAL FTE FOR PAH</p> <p>a. Continue to maintain a lower student-counselor ratio of 360:1 to actively participate with intervention teams in the monitoring of EL, SED, SWD, FY, HY, Hispanic, and African American students and to provide additional time to meet with students and their parents regarding a 4-6 year plan for each student's success in A-G completion and college and career readiness.</p> <p>b. Counselors continue to support students at Palomar High School to support increased graduation rate for English Learners, Students with Disabilities, Hispanic and Socio-Economically disadvantaged students. This action step will support the needs of the school and student groups below that performed at the lowest levels on 2022-23 California Dashboard College and Career Indicator. (see addendum)</p>	\$7,402,131.00	Yes
1.5	DISTRICT TEACHERS ON SPECIAL ASSIGNMENT	<p>1.5 DISTRICT TEACHERS ON SPECIAL ASSIGNMENT District TOSAs (11.0 FTE's) FOR CURRICULUM AND INSTRUCTION</p> <p>a. Continue to facilitate teacher instructional and curricular planning that addresses effective initial instruction that leads to student engagement and mastery. The TOSA's will support the teachers in different content groups to focus on the three dimensions of learning: Outcomes, Strategies, and Assessments to support a culture of disciplinary knowledge, literacy and life skills that lead to college and career readiness.</p> <p>b. The ELA TOSA's will work more closely with the English Language Arts PLC's by providing additional resources, coaching and professional development to teachers. Additional technical support will be provided to the schools and student groups below as they have the lowest performance level of Red on the 2022-23 California Dashboard English Language Arts indicator. (see addendum)</p> <p>c. The Math TOSA's provide additional support to Mathematics PLCs by providing resources, coaching and professional development to teachers.</p>	\$1,757,757.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Additional technical support will be provided to teachers on implementing strategies to develop student conceptual understanding, problem-solving, reasoning, and communication. Support for developing lesson plans that explicitly address the standards and incorporate best practices in math instruction using differentiated instruction to meet the diverse needs of students. This support will be at the schools and student groups that have lowest performance level of Red on the 2022-23 the California Dashboard Mathematics Indicator. (see addendum)</p> <p>c. The ELD TOSA will focus on providing academic support for English Learner students. The TOSA will be Collaborate with and support District Curriculum TOSAs with integrate of CA ELA/ELD Framework and Literacy Standards within all curriculum areas. In addition, site level support will be provided by Coaching site level ELD curriculum specialist and classroom teachers on implementation of Designated and Integrated instruction to support Long Term English Learners. Additional technical support will be provided to schools with low reclassification rates and support the student groups and school sites below that have lowest performance level of Red on the 2022-23 California Dashboard English Learner Progress Indicator. (see addendum)</p>		
1.6	BILINGUAL TESTERS	<p>1.6 BILINGUAL TESTERS</p> <p>a. Continue to support students' individualized needs and support effective initial instruction and targeted interventions that lead to student engagement and mastery. The Bilingual Testers will provide additional technical support to the English Learners (LTEL and STEL) at all schools with specific emphasis on the school and student groups below that has the lowest performance level of Red on the 2022-23 California Dashboard English Learner Progress Indicator. (see addendum)</p>	\$1,089,032.00	Yes
1.7	COLLEGE AND CAREER	1.7 COLLEGE AND CAREER EDUCATION TEACHERS	\$4,323,415.00	Yes

Action #	Title	Description	Total Funds	Contributing
	EDUCATION TEACHERS	a. CTE teaching staff will support the implementation of College and Career pathways for middle and high school students by providing classroom activities and strategies aimed at helping students explore, prepare for, and successfully transition to post-secondary education and/or the workforce. This will supplement the base CTE program and will principally support all students. The CTE department staff will provide additional technical assistance to CTE programs at the schools and student groups below that have very low performance levels on the 2022-23 California Dashboard College and Career Indicator. (see addendum)		
<b>1.8</b>	EXTENDED HOURS OF OPERATION- LIBRARIES AND MEDIA CENTERS	<p>1.8 LIBRARY/MEDIA CENTERS</p> <p>a. Expanding the availability of teacher librarians to support students during, before school, including evening hours, enhance student learning. By extending library hours, implementing flexible scheduling, and offering targeted student support sessions, schools can ensure that all students have access to valuable resources and assistance whenever they need it. Unduplicated students will have access to a variety of supplemental resources and activities to enhance their learning.</p> <p>b. The teacher librarians will continue to increase digital citizenship and support the use of technology integration for all students to acquire 21st Century Skills. Fostering a culture of digital literacy and innovation will support the students in becoming critical thinkers, problem solvers, and lifelong learners prepared for college and career opportunities. Additional support will be provided to the schools and student groups below that have lowest performance level of Red on the 2022-23 California Dashboard English Language Arts indicator. (see addendum)</p>	\$265,248.00	Yes
<b>1.9</b>	AVID PROGRAM - TEACHER ON SPECIAL ASSIGNMENT AND TUTORS	<p>1.9 AVID PROGRAM - TEACHER ON SPECIAL ASSIGNMENT AND TUTORS</p> <p>a. District AVID TOSA and site AVID coordinators continue to work with site administrators, counselors, and students to implement the AVID</p>	\$6,989,270.00	Yes

		<p>program including recruiting college tutors from local colleges and universities.</p> <p>b. Provide resources such as AVID Certification fees, books, and supplies to ensure successful implementation of the AVID program.</p> <p>c. Contract to increase the number of college academic tutors to support core academic subjects to include AVID Tutors and Hey Tutor staff for individualized targeted intervention to students during the school day and after school, Tutors will be placed primarily in Mathematics and English Language Arts classrooms to ensure mastery of the grade level standards. (Carryover). Emphasis on placement of tutors in the schools and student groups below that have the lowest performance level of Red on the 2022-23 California Dashboard Language Arts &amp; Mathematics Indicators. (see addendum)</p>		
<b>1.10</b>	<b>ASSISTANT PRINCIPALS</b>	<p>1.10 ASSISTANT PRINCIPALS</p> <p>a. Additional Assistant Principals at 5 Middle schools and funding provided for current Assistant Principals continue to provide instructional leadership for all students with a focus on monitoring, evaluating, and accountability principally targeted toward EL, SED, SWD, FY, HY, Hispanic, and African American students. The district MTSS Team will work more closely with the following sites to provide technical support, coaching and training to Assistant Principals to address the high suspension rates for the student groups below. The Assistant Principals at the schools below will focus on addressing suspension rates for the schools and student groups with the highest level of Red on the 2022-23 California Dashboard Suspension Indicator. (see addendum)</p> <p>b. The small sites would normally only have one Assistant Principal assigned. This supplemental staffing and resources address the high suspension rates for the schools and student groups that have a level of Red on the 2022-23 California Dashboard Suspension Indicator. (see addendum)</p>	\$4,096,991.00	Yes

<b>1.11</b>	<b>DISTRICT COUNSELORS ON SPECIAL ASSIGNMENT</b>	<p><b>1.11 DISTRICT COUNSELORS ON SPECIAL ASSIGNMENT</b></p> <p>a. District COSAs facilitate college readiness planning and coordination including compact for success, college fairs, and other events that foster access to college. This position contributes to the support by developing and distributing resources to school site counselors based on the need of each school/region. Supports/monitors the educational performance of at-promise especially EL, SED, SWD, FY, HY, Hispanic, and African American student to ensure personal, social-emotional, and academic development. They collaborate/consult with school and district staff to provide additional support to families who struggle with at-promise students, especially those ELL families who are newcomers and low income. (Carryover)</p> <p>The COSA will provide additional technical support to the schools and student groups below that have the lowest performance level on the 2022-23 California Dashboard College &amp; Career Indicator. (see addendum)</p>	<b>\$198,149.00</b>	<b>Yes</b>
<b>1.12</b>	<b>SUPPLEMENTAL INSTRUCTIONAL MATERIALS</b>	<p><b>1.12 SUPPLEMENTAL INSTRUCTIONAL MATERIALS</b></p> <p>a. Continue to assist students in achieving standards by purchasing supplemental instructional materials and ensuring access to college readiness assessments for districtwide EL, SED, SWD, FY, HY, Hispanic, and African American students. Targeting the needs of literacy in math and language development in core subjects, these funds support underperforming students.</p> <p>b. There was a significant increase in this action step due to the increase in requested and needed materials for all schools such as textbooks, innovative, researched-based social/emotional curriculum, and need-based instructional material to support all students.</p>	<b>\$19,446,781.41</b>	<b>Yes</b>

Action #	Title	Description	Total Funds	Contributing
<b>1.13</b>	<b>SITE INTERVENTION FUNDS</b>	<p>1.13 SITE INTERVENTION FUNDS</p> <p>a. Continue to ensure additional academic support to students through site-level integrated and extended day/week/year interventions. Each school site is allocated a proportional amount using an enrollment formula to use for interventions that each school has in their needs assessment. Based on each site SPSA, these funds are used for a variety of needs such as Credit recovery, APEX online site licenses, specialized software for English Learners, academic tutors, additional courses to support the specific needs of unduplicated students. The schools will provide targeted interventions to address the needs of the student groups below that have the lowest performance level of Red on the 2022-23 California Dashboard Language Arts and Mathematics indicators. (see addendum)</p>	\$1,500,000.00	Yes
<b>1.14</b>	<b>SUMMER SCHOOL</b>	<p>1.14 SUMMER SCHOOL</p> <p>a. Continue to ensure additional academic support to students by providing summer school opportunities. Includes staffing costs for teachers, counselors, and paraprofessionals in addition to supplies and materials. Additional outreach to unduplicated student and schools/student groups to below that have the lowest performance level on the 2022-23 California Dashboard College and Career and Graduation Indicator. (see addendum)</p>	\$6,200,000.00	Yes
<b>1.15</b>	<b>SITE LEVEL PROFESSIONAL DEVELOPMENT - PLC PULL OUT DAYS</b>	<p>1.15 SITE LEVEL PROFESSIONAL DEVELOPMENT - PLC PULL OUT DAYS</p> <p>a. Professional development is continually provided in California Standards-aligned curriculum and in district-wide initiatives with a focus on Professional Learning Communities, Literacy skills, quality first instruction, social-emotional needs, and technology-enhanced instruction.</p> <p>b. Provide time for school sites to hold a PD Day for each core subject area and to support PLCs.</p>	\$700,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		c. PLCs will focus on lesson design and PLC level interventions support for the student groups below that have the lowest performance level of Red on the 2022-23 California Dashboard. (see addendum)		
<b>1.16</b>	<b>RESEARCH AND EVALUATION STAFF</b>	<p>1.16 RESEARCH AND EVALUATION STAFF</p> <p>a. Maintain R&amp;E staffing and continue to provide summary data to staff on multiple measures of performance by school, paired with professional development opportunities to share best practices, participate in co-learning activities, and deepen the knowledge of effective teaching and learning to support ELL, SED, SWD, and H/F students. Data provided to schools to support the disaggregation of assessment results and inform sites on developing targeted interventions for their neediest students.</p> <p>b. The assessment Teacher on Special assignment (TOSA) will support PLCs and teachers to increase the curriculum alignment and assessment strategies to address the needs of the unduplicated students. The TOSA will provide additional training and technical support to the schools and student groups below that have the lowest performance level of Red on the 2022-23 California Dashboard. (see addendum)</p>	\$847,673.00	Yes
<b>1.17</b>	<b>COLLEGE AND CAREER READINESS ACTIVITIES</b>	<p>1.17 COLLEGE AND CAREER READINESS ACTIVITIES</p> <p>a. Workshops and meetings continue to provide support for first-generation college students to explore and build skills that build confidence for post-secondary education and career opportunities. The exposure to higher educational institutions along with opportunities to dive deeper into a career choice enables low-income/ELLs and academically struggling students that college is attainable and achievable.</p>	\$69,480.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>1.18</b>	<b>OFFICE OF STATE AND FEDERAL PROGRAMS</b>	<p><b>1.18 OFFICE OF STATE AND FEDERAL PROGRAMS</b></p> <p>a. Continues to provide district-wide technical assistance, professional development support, and guidance towards meeting Title I, Title III, and LCAP goals and initiatives. Supports instructional programs and interventions that provide additional supports for English Learners, Foster Youth, and Low-Income students. Technical support will be provided to the school sites with the SPSA development cycle and alignment of SPSA to school needs assessment data. Focus on schools with lowest performance level of Red on the California Dashboard and the schools that have the lowest performance level for the entire school.</p> <p>b. The Office of State and Federal programs are funded by Title I, General Fund, and Supplemental and Concentration funds. Technical support will be provided to the school sites with SPSA development cycle.</p>	\$1,213,523.00	Yes
<b>1.19</b>	<b>COUNSELOR SUPPORT FOR SUMMER SCHOOL, CREDIT/LEARNING RECOVERY AND ACCELERATION COACHES, AND INTERSESSION</b>	<p><b>1.19 COUNSELOR SUPPORT FOR SUMMER SCHOOL, CREDIT RECOVERY, LEARNING RECOVERY AND ACCELERATION COACHES, AND INTERSESSION</b></p> <p>a. Counseling site teams are allocated 60 hours per year to support summer school, credit recovery, and intercession which support students who have failed a course and are at risk of not graduating. All district counselors plan, enroll, and meet with underperforming ELL/LI/H/F students to ensure they recover the correct classes and support their journey to graduation.</p> <p>b. Learning Recovery and Acceleration Coaches will support all high schools in developing intervention programs for students and support teachers in developing learning acceleration strategies to close the achievement gaps specifically for our English Learners, Special Education, Foster, and Homeless students. The Learning recovery coaches will focus on increasing A-G completion and graduation rates. Additional outreach to the student groups at the high schools below with that have the lowest performance levels on the 2022-23 California Dashboard. (Carryover)</p>	\$2,927,602.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>1.20</b>	<b>INTERNATIONAL BACCALAUREATE COORDINATORS</b>	<p>1.20 INTERNATIONAL BACCALAUREATE COORDINATORS</p> <p>a. Provide IB Coordinators (0.2 FTE) at Castle Park High School and Bonita Vista High School to increase the involvement of EL, SED, SWD, FY, HY, Hispanic, and African American student in the program and to support their success. An additional 0.2 FTE for the IB CTE Coordinator to expand the IB Middle Years program and to support the IB career pathway at BVH.</p> <p>b. Supplies and resources to increase the engagement of students in the IB program. (CPH, CPM, BVH, and BVM)</p>	\$483,167.00	Yes
<b>1.21</b>	<b>FLAGS COORDINATOR</b>	<p>1.21 Foreign Language and Global Studies (FLAGS) Coordinator</p> <p>a. Hilltop High School provides a coordinator to increase the participation of Homeless and Foster Youth, Low-Income students, and English Learners in the FLAGS program and to support their success. Additional supplementary supplies and resources to support the program.</p>	\$47,768.00	Yes
<b>1.22</b>	<b>SUPPLEMENTAL LIBRARY SUPPLIES</b>	<p>1.22 SUPPLEMENTAL LIBRARY SUPPLIES</p> <p>a. Provide additional resources and materials for libraries for extended hours of operation before school and after school and in particular support instructional programs that provide additional supports and promote literacy for English Learners, Foster Youth, Socio-Economically Disadvantaged and Students with Disabilities.</p>	\$24,500.00	Yes
<b>1.23</b>	<b>STEAM PROGRAM</b>	1.23 STEAM PROGRAM	\$151,986.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>a. STEAM Coordinator will support programs and coordinate activities at various school sites.</p> <p>b. Provide expanded learning opportunities through science, technology, engineering, arts, and mathematics extracurricular activities.</p> <p>c. Includes robotics, cybersecurity, and other related programs designed to engage and develop 21st-century skills for our Homeless and Foster youth, English Learners, Students with Disabilities, and low-income students.</p>		
<b>1.24</b>	ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE TEST SUBSIDY	<p>1.24. ADVANCED PLACEMENT AND INTERNATIONAL BACCALAUREATE TEST SUBSIDY</p> <p>a. Provide the opportunity for all students who qualify for free and reduced lunch to take the AP and IB tests for free.</p>	\$350,000.00	Yes
<b>1.25</b>	PRELIMINARY SCHOLASTIC APTITUDE TEST (PSAT)	<p>1.25 PRELIMINARY SCHOLASTIC APTITUDE TEST (PSAT)</p> <p>a. Provide the PSAT for all students in the 11th grade to ensure all unduplicated students benefit from using their scores to plan additional support so when they take their SAT, they have a better opportunity to succeed. These score reports will be disaggregated and analyzed by teachers and PLCs to target areas that need support by incorporating the skills that students need most need to be college ready.</p>	\$200,000.00	Yes
<b>1.26</b>	SUPPLEMENTAL LIBRARY BOOKS	<p>1.26 SUPPLEMENTAL LIBRARY BOOKS</p> <p>a. Provide support to unduplicated students in mastering standards, by providing a diverse range of supplemental novels and materials in the library. The supplementary materials will address diverse backgrounds, experiences, and identities of all students, fostering a sense of representation and belonging. Additionally, allocating additional resources</p>	\$342,770.00	Yes

Action #	Title	Description	Total Funds	Contributing
		specifically for unduplicated students will help address any learning gaps and provide a more equitable and enriching educational experience unduplicated students.		
<b>1.27</b>	<b>PROFESSIONAL DEVELOPMENT SUBSTITUTES</b>	<p>1.27 PROFESSIONAL DEVELOPMENT SUBSTITUTES FOR ELD TEACHERS</p> <p>a. Provide additional training and supports for ELA, Social Science, Science, Math, and English Language Development (ELD) Teachers to ensure integrated and designated ELD is occurring in each content area.</p> <p>b. Supplies for professional development focused on designated and integrated ELD. The resources will enable teachers to implement research-based strategies and best practices for supporting the needs of both Long Terms (LTE) and Short Term (STEL) students in both designated and integrated ELD instruction by promoting academic achievement and linguistic proficiency for all students.</p> <p>Emphasis will be place on supporting the needs of the schools/student groups below that have the lowest performance level on the 2022-23 California Dashboard English Learner Progress Indicator. (see addendum)</p>	\$90,000.00	Yes
<b>1.28</b>	<b>SCHOOL Of PERFORMING ARTS COORDINATOR</b>	<p>1.28 SCPA Program Support</p> <p>a. School of Creative and Performing Arts Coordinator will increase the engagement of EL, SED, SWD, FY, HY, Hispanic, and African American students in the SCPA programs at CVH and CVM.</p> <p>b. VAPA Resource Teacher to support SCPA program and activities.</p> <p>c. Resource and supplies will increase the engagement and outreach for the SCPA program.</p>	\$167,603.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>1.31</b>	PROFESSIONAL DEVELOPMENT	<p>1.31 PROFESSIONAL DEVELOPMENT</p> <p>a. Professional development in supporting EL, SED, SWD, FY, HY, Hispanic, and African American students with access to rigorous grade level curriculum through initial first instruction, language acquisition pedagogy, and universal design for learning.</p>	\$95,000.00	Yes
<b>1.32</b>	SCHOOL LEADERSHIP TEAMS - PROFESSIONAL DEVELOPMENT	<p>1.32 SCHOOL LEADERSHIP TEAMS - PROFESSIONAL DEVELOPMENT</p> <p>a. Teaching and Learning SLT Development - Substitutes for Staff focused on effective first instruction and targeting EL, SED, SWD, FY, HY, Hispanic, and African Americans student needs.</p>	\$25,000.00	Yes
<b>1.33</b>	HIGH QUALITY SUBSTITUTES	<p>1.33 Differential pay for substitutes will be provided to assist in retaining high quality substitutes. This will support maintaining quality instruction during the times that teachers are collaborating outside the classroom on effective instructional and assessment strategies. The high quality substitutes will provide unduplicated students stable, high-quality instruction even during times when their regular teachers are absent.</p>	\$2,000,000.00	Yes
<b>1.34</b>	GRADUATION LIASION	<p>1.34 Program Manager will promote and coordinate support for students at risk of not completing graduation requirements with transition to education and career opportunities.</p>	\$99,432.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	Broad Goal: Create a safe and healthy learning environment for each student by building a culture of equity and a positive climate that promotes excellence throughout the district.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

The Sweetwater Union High School District with broad stakeholder input continues to highlight the need of creating safe and healthy learning environments. Post-COVID-19 multiple traumas experienced by students created a greater need to enhance our resources for this goal. Following Maslow's Hierarchy of Needs model, students, and staff need to feel safe, included, and supported before they can focus on learning. Data analysis reveals that certain student groups, including homeless, foster, English learners, special education, and economically disadvantaged students, are disproportionately affected by achievement gaps, often correlating with higher rates of chronic absenteeism.

The 2023 CA Dashboard data indicates the that both Chronic Absenteeism and Suspension rate are a low performance level across the district. The Chronic Absenteeism remains a challenge with an overall rate 22.3% for al students with a slight decline of 2% from previous year. The African American students had a Chronic Absenteeism rate of 24.7%, Homeless students had a rate of 46.6% , Foster Youth had a rate of 34.1%, and Hispanic had a rate of 25%. The 2023 CA Dashboard District suspension rate f indicates that 6.2% are suspended at least one day with an increase of 0.6% from previous year. The English Learners, Homeless and Students with Disabilities have the highest suspension rates across the district. For the English Learner group 9.1% were suspended at least one day with an increase of 1.3% from previous year. For the Homeless student group 10.8% suspended at lease one day with an increase of 0.7%. For Students with Disabilities, 9.5% were suspended at least one day with an increase of 0.7%. The middle schools have a higher suspension rate that high schools with 6 middle schools placing at the highest suspension level on the CA Dashboard.

To address these issues, the Equity office has implemented professional development opportunities aimed at increasing staff cultural proficiency, awareness of personal biases, and fostering empathy to cultivate a restorative culture within schools. Collaborating with school administration and district Multiple Systems of Support staff, the focus will be on reducing dropout rates among vulnerable student populations. Specifically, targeted efforts will support African American, Special Education and English learners students to improve attendance and graduation rates while simultaneously decreasing suspension and dropout rates. By prioritizing the creation of safe, inclusive, and supportive learning environments and providing targeted support for at-risk student populations, the Sweetwater Union High School District aims to mitigate the impact of trauma, address achievement gaps, and promote overall student success and well-being.

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	LCFF Base	2.1 - DISTRICT BASE PROGRAM CONTINUES TO ENSURE A SAFE, HEALTHY, AND UNITED LEARNING ENVIRONMENT FOR ALL STUDENTS.  a. Continue to maintain clean and safe school campuses by providing appropriate staffing in alignment with the needs of every school site. (custodians, gardeners).	\$30,787,134.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>b. Continue to support a safe and secure campus by providing appropriate security staffing including assistant principals, campus assistants, and School Resource Officers who have gone through restorative response and practices training along with necessary technology to enhance campus safety.</p> <p>c. Continue to ensure that all students have access to trained staff to support their social, emotional, and health needs, including LI, EL, FY, HY, and SWD.</p> <p>d. Continue to increase opportunities for students to improve connectedness to school through exploration, participation in school clubs, groups, organizations, etc. to build an inclusive and united climate/culture, including EL, SED, SWD, FY, HY, Hispanic, and African American students.</p> <p>e. Continue to provide administrative/teacher professional development to reduce suspension/expulsion rates and increase attendance and graduation rates such as culturally responsive, MTSS, and restorative response training.</p> <p>f. Continue to maintain district and site websites and phone call system to publicize community events to increase student and parent involvement as stakeholders (i.e., VAPA, Open House, Sports events, AVID night, College Fair, etc.)</p> <p>g. Designated staff supports attendance follow-up, monitoring, and record-keeping while documenting root cause factors that are affecting student attendance.</p> <p>h. Transportation for students is provided to ensure a safe route to school when they live outside the board-approved radius of their home school.</p>		

Action #	Title	Description	Total Funds	Contributing
<b>2.2</b>	<b>STUDENT RE-ENGAGEMENT AND OUTREACH</b>	<p>2.2 - SUPPLEMENTAL STAFF AND SERVICES CONTINUE TO ENSURE A SAFE, HEALTHY, AND UNITED LEARNING ENVIRONMENT FOR ALL STUDENTS:</p> <p>a. AFTERSCHOOL PROGRAM TOSA continues to coordinate and provide staff development and support for after-school programs to support students with an emphasis on EL, SED, SWD, FY, HY, Hispanic, and African American students. This position supports all sixteen ASSETS &amp; ASES Funded schools.</p> <p>b. AFTER-SCHOOL COORDINATORS will continue to organize extracurricular activities that foster student engagement, inclusion, and support for all students with special emphasis on EL, SED, SWD, FY, HY, Hispanic, and African American students. Additional technical support and emphasis on the schools and student groups below that have the highest level of Chronic Absenteeism on the 2023-23 California Dashboard. (see addendum)</p>	\$705,693.00	Yes
<b>2.3</b>	<b>CULTURE OF EQUITY AND INCLUSION</b>	<p>2.3 SYSTEMATIC SUPPORT SERVICES FOR ALL STUDENTS CONTINUE TO BUILD A CULTURE OF EQUITY AND INCLUSION:</p> <p>ASSISTANT PRINCIPALS (MS), CAMPUS ASSISTANTS, ATHLETIC DIRECTORS, AND ATTENDANCE COORDINATORS support the Office of Equity, Culture, and Student Services to successfully implement the SUHSD Equity Plan and Multi-Tiered System of Support (MTSS) to systematically address support for all students.</p> <p>a. Continue to refine the district-wide plan for alternative behavior management systems and establish consensus on culturally responsive practices, pinpoint participating sites, and ascertain alternative behavior management disciplinary approaches. Ensure appropriate curriculum and support systems are in place to guarantee equitable disciplinary practices for all students.</p> <p>b. Organize listening circles involving teachers, administrators, parents, and community leaders to create a collective understanding of culturally</p>	\$10,953,167.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>responsive policies and procedures for fostering equitable disciplinary adopt policies and practices.</p> <p>c. Create workshops aimed at establishing agreement on the definition and significance of culturally responsive education within Multi-Tier Systems of Support framework, integrating Positive Behavioral Interventions and Supports (PBIS) strategies and training.</p> <p>d. Implement a protocol requiring staff to utilize current California Healthy Kids Survey (CHKS) data and other relevant perspectives to analyze students' experiences in crisis situations, social-emotional needs, conflict resolution referrals, instances of bullying, and interactions on social media platforms. Conduct continuous training for site staff to improve cultural awareness and responsiveness to diverse student backgrounds, such as EL, SED, SWD, FY, HY, Hispanic, and African American students.</p> <p>e. Establish mentorship programs that pair students from marginalized groups with culturally aware mentors. Also, partner with community organizations to provide additional support and resources for historically marginalized students.</p> <p>f. Create a comprehensive Equity Walkthroughs classroom observation tool aligned with current school Equity Plans, developed in collaboration with the Educator Effectiveness and other department teams.</p> <p>g. Continue to provide opportunities for professional development that is culturally responsive as well as restorative practices and positive behavior supports to reduce suspension/expulsion rates and increase attendance and graduation rates. This will include consultants to support the Student Support Services and Office of Equity. Provide Foundational learning MTSS PD will be prepared and provided for our management that strengthens knowledge and understanding of MTSS principles and practices. Additional technical support and emphasis on the schools and student groups below that have the highest level of Chronic Absenteeism and Suspension on the 2023-23 California Dashboard. (see addendum)</p> <p>d. TEACHER LIBRARIANS continue to provide safe and engaging physical spaces for LI, EL, FY, HY, and SWD which creates a sense of belonging,</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>facilitates activities that support technology and literacy, and provides safe spaces (Funded in Goal 1)</p> <p>e. ADMINISTRATORS, TEACHERS, COUNSELORS, AND CLASSIFIED STAFF continue to receive professional growth opportunities in the appropriate skills to create inclusive environments inside and outside the classroom to promote safe, healthy school culture and optimal learning results for our neediest student groups.</p>		
2.4	SCHOOL SAFETY	<p>2.4 ESTABLISH SAFE ENVIRONMENTS FOR LEARNING</p> <p>a. RESOURCE OFFICERS will provide support for a safe and secure campus with an emphasis on reaching out and developing a more positive relationship with students, families and the community. The Resource Officers will promote safety, education, and community engagement, to build a stronger partnership between schools, families, and the broader community. These educational programs will aim to raise awareness, promote prevention, and provide resources to support families. In addition, there will be education opportunities regarding students, families and the communities regarding current concerns for example, the dangers of vaping and other controlled substances and child trafficking.</p> <p>Additional technical support and emphasis on the schools and student groups below that have the highest level Suspension rates on the 2023-23 California Dashboard. (see addendum)</p> <p>c. To promote and support student wellness, LIFE GUARDS will provide additional supervision for new MVH pool. By providing additional supervision for the new MVH pool during expanded hours, lifeguards can ensure that students from all SUHSD schools have access MVH pool to participate in safe and supervised water activities beyond regular school hours. The extended access promotes physical activity and overall wellness among students.</p>	\$1,331,793.38	Yes

Action #	Title	Description	Total Funds	Contributing
<b>2.5</b>	<b>STUDENT ENGAGEMENT AND INCLUSION</b>	<p>2.5 STAFF TO SUPPORT STUDENTS' HEALTHY HABITS AND ESTABLISH A SENSE OF BELONGING</p> <p>a. ASSISTANT PRINCIPALS OF STUDENT ACTIVITIES (HS) and ASB ADVISORS (MS) will continue to plan, organize, and implement extracurricular activities fostering student and community connection and foster student engagement, inclusion, and support, primarily focused on the student groups below. Student activities will emphasize inclusion and culturally relevant themes to expose students to empathetic understandings of each other's differences. Special emphasis will be given to students with physical disabilities, those who speak languages other than English and are immigrants, and minority populations at their schools that seldom get recognized due to their small numbers. Students will feel accepted and engaged in school, which will positively affect their social emotional wellbeing and academic achievement.</p> <p>b. STUDENT SERVICES PROGRAM MANAGER &amp; ASSISTANT PRINCIPAL on SPECIAL ASSIGNMENT will support all school sites in any student crisis, district event, safety, and re-engagement plans for chronic absenteeism and appropriate disciplinary action. They can provide technical support in implementing the Multi-Tiered System of Supports (MTSS) program, which is aimed at addressing the diverse academic and behavioral needs of students. Focus on the implementation of the MTSS program to address high suspension rates, particularly for specific schools and student groups, ensuring that disciplinary measures are accompanied by support and interventions to address underlying issues. (Carryover) There will be additional technical assistance with the implementation of the MTSS Program at the schools and student groups below that have the highest level of Chronic Absenteeism and Suspension on the 2023-23 California Dashboard. (see addendum)</p>	\$3,597,713.21	Yes
<b>2.6</b>	<b>MENTAL HEALTH AND SOCIAL-EMOTIONAL SUPPORT</b>	<p>2.6 SUPPORT HEALTHY HABITS AND POSITIVE SOCIAL INTERACTIONS</p> <p>a. To provide physical and mental health PSYCHOLOGISTS will continue to support the social-emotional well-being of all students and provide a</p>	\$3,304,708.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>targeted focus to address for the schools and student groups that have the highest suspension rate on the 2022-23 California Dashboard. (see addendum)</p> <p>b. Staff will continue to establish school coaching programs across the district that will impact students' social-emotional development in decision-making, effective communication, positive self-esteem, and life skills using internal staff and community partners. Wishwell (Carryover)</p>		
<b>2.7</b>	<b>PHYSICAL HEALTH AND WELLBEING</b>	2.7 DISTRICT NURSES will continue to provide physical and mental health, support the social-emotional well-being of all students and targeted support for students facing additional challenges, such as English learners (EL), Students with Emotional Disturbances (SED), Students with Disabilities(SWD), as well as those who may be experiencing homelessness or have experienced trauma. Ensuring that these students receive targeted support will contribute to their overall success and well-being.	\$3,873,738.00	Yes
<b>2.8</b>	<b>MULTI TIERED SYSTEMS OF SUPPORT (MTSS)</b>	<p>2.8 MULTI TIERED SYSTEMS OF SUPPORT (MTSS) Teachers</p> <p>a. Student Services MTSS team will be Initiating a Restorative Practices (RP)/Multi-Tiered System of Supports (MTSS) Community of Practice by forming a team knowledgeable in MTSS implementation, including those well-versed in student needs and systemic obstacles, with the aim to establish effective improvement teams to tackle challenges and bolster student success via MTSS in a highly impactful manner.</p> <p>b. Student Services MTSS Team will coordinate efforts among various departments to execute a plan centered on delivering social and emotional support, with a special emphasis on multi-ethnic groups through MTSS training at school sites. The goal is to introduce restorative practices by leveraging existing resources and collaborating with teachers to ensure equitable utilization of curriculum and materials.</p>	\$696,686.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>c. District will provide guidance and training to site MTSS resource teachers to ensure site level implementation.</p> <p>The MTSS approach will address the needs of the schools/student groups below with the highest suspension rates on the 2022-23 California Dashboard. (see addendum)</p>		
<b>2.9</b>	<b>CLEAN AND SAFE PHYSICAL ENVIRONMENTS</b>	2.9 CUSTODIAL STAFF will continue to support after-school programs and activities by ensuring facilities are safe and clean for students and staff and for student during extended learning time. Prioritizing cleanliness, organization, comfort, aesthetics, and inclusivity will create a welcoming environment that promotes optimal learning for all students, including SWD, SED, HY, FY, and EL students with diverse backgrounds and learning styles.	\$24,500.00	Yes
<b>2.10</b>	<b>STUDENT MENTAL HEALTH SUPPORT</b>	2.10 MENTAL HEALTH STAFF will continue to implement programs and systems to support the emotional and physical wellbeing of EL, SED, SWD, FY, HY, Hispanic, and African American students. Collaboration with community-based organizations will ensure access to support for all our students and families in accessing family/community resource centers to address the various needs of our youth.	\$355,000.00	Yes
<b>2.11</b>	<b>CRISIS RESPONSE AND PROFESSIONAL DEVELOPMENT</b>	2.11 EQUITY OFFICE will continue to provide training for site personnel to appropriately respond to students in crisis, social-emotional needs, conflict resolution referrals, victims of bullying, social media, with an emphasis on race consciousness and responding to unduplicated students. The trainings will incorporate Multi-Tiered System of Supports (MTSS) to ensure a comprehensive approach to meeting the diverse needs of students, including English Learners, Students with Emotional Disturbance, Students with Disabilities, Foster Youth, Homeless Youth, Hispanic, and African American students.	\$100,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
<b>2.12</b>	HOMELESS/FOSTER RESOURCES AND OUTREACH	2.12 FOSTER YOUTH PROGRAM MANAGER will provide support for foster youth and McKinney-Vento students to increase school engagement to advance their academic success by linking them to the needed resources in the areas of academic supports, social emotional support, and/or bridging students and families to community resources to assist in their academic success. Staff continue to focus on the special needs of Foster youth, Socio-Economically Disadvantaged youth (CVM, GJ, HTM, MVA, MOM, RDM, SOM), and Homeless youth (CPM, CVM, GJ).	\$210,398.00	Yes
<b>2.13</b>	FACILITIES IMPROVEMENT/SAFETY & SECURITY	2.13 Facilities Improvement /Safety and Security- Additional facilities improvements to ensure campus safety and environments conducive to teaching and learning. Students feeling physically and emotionally safe will contribute to improved academic achievement. This will provide supports for our unduplicated students since a sense of security, both physical and emotional, is necessary for student engagement and achievement (Carryover)	\$10,000,000.00	Yes
<b>2.14</b>	SCHOOL CONNECTEDNESS	<p>School sites will be provided staffing allocation to address their school needs for positions that will support and promote a positive school environment (Attendance coordinators, MTSS Coordinator, Acceleration Coach, CARPE Coordinator, and Middle School ASB Coordinator). These positions will address the needs of the unduplicated students at each school. (Carryover)</p> <p>The position will focus on meeting the needs of the schools and student groups below that have the highest level of Chronic Absenteeism and Suspension on the 2023-23 California Dashboard. (see addendum)</p>	\$1,672,989.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	Broad Goal: Foster and honor parent/guardian and community engagement to support excellence in each student's success.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 6: School Climate (Engagement)
--

An explanation of why the LEA has developed this goal.

<p>The Sweetwater Union High School District, with broad stakeholder input, continues to prioritize community and parent engagement to support academic achievement for students.</p> <p>Parent engagement and their education, are key factors to ensure our student's academic success is supported at home. In addition, parent outreach and welcoming environments at schools, coupled with effective and clear communication, establish a positive relationship between schools and parents.</p> <p>Our data demonstrate that even though our digital platforms have reached thousands of parents, our school site engagement is struggling. Our district's focus goal is on engaging parents within their own schools while creating a welcoming, inclusive, and culturally safe environment for all families. This goal pushes us to ensure that all our families, especially our English Learners, Foster/homeless, Students with Disabilities, and Socio-Economically feel welcomed and comfortable when they go to their school and ask for any type of assistance for themselves and/or their entire family.</p> <p>The actions developed to achieve this goal have supported the increase in parent digital access to various educational workshops and we plan on remaining consistent in continuing to enhance our outreach via various digital/social platforms, hybrid meetings, and using our website more effectively to ensure easy access to relevant information for our families. In addition, we plan to increase staff workshops to enhance the understanding and skills of how to intentionally engage families within their diverse communities which, in turn, will create more trust and access to participate in the educational process. Through ongoing efforts to strengthen community and parent engagement, the Sweetwater Union High School District strives to create a collaborative partnership between schools and families, ultimately supporting student success and well-being.</p>
---

## Actions

Action #	Title	Description	Total Funds	Contributing
3.1	LCFF BASE	<p>3.1 DISTRICT-BASED PROGRAMS CONTINUE TO FOSTER PARENT AND COMMUNITY ENGAGEMENT</p> <p>a. Maintain and improve designated Parent Centers in the district and assist sites that do not have one.</p> <p>b. Continue to improve first impressions and a welcoming environment by ensuring quality customer service, a positive visual atmosphere, and bilingual support for our English Language Learner families at school sites to support primary language needs including in the district office and community events.</p> <p>c. Continue to update and maintain district and site websites with current and relevant information in various languages and with up-to-date resources for our low-income and student with disability families. In</p>	\$0.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>addition, social media will enhance awareness of our events calendar and programs offered to include and celebrate our African American, Asia-Pacific Islander, and Latinx communities.</p> <p>d. Continue to include our Socio-Economically Disadvantaged, Students with Disabilities, Homeless/Foster, and English Learner families and community in revisiting LCAP through a parallel process and continuous cycle of improvement. Summaries of input are provided to the Board monthly and specifically used to develop the LCAP.</p> <p>e. Continue to ensure all governance and advisory groups are in place at the district and site levels and work to support all students' success. (DPAC, DELAC, SSC, ELAC, C&amp;I, Title I)</p> <p>f. Continue to provide clear and open communication using current programs and software to support student success.</p> <p>g. ELAC Coordinator will continue to organize meetings, trainings, workshops, and events to engage EL parents in the educational system and the school's role in promoting the success of their student in language acquisition.</p>		
<b>3.2</b>	<b>PARENT EDUCATION &amp; RESOURCE ACCESS</b>	<p><b>3.2 SUPPLEMENTAL STAFF AND SERVICES TO SUPPORT PARENT AND COMMUNITY INVOLVEMENT:</b></p> <p>a. TOSAs/COUNSELORS will continue to collaborate with parent groups to provide needed information regarding services and programs for EL, SED, Hispanic, FY, HY, and SWD. (Funded in Goal 1) (No additional cost for this action)</p> <p>b. COMMUNITY RELATIONS FACILITATORS at sites continue to support student success and enhance parent capacity to support the language, and social/emotional needs of our EL, LI, FY, HY, and SWD. Our parent participation has grown due to the support they receive from our CRFs, in collaboration with each site's parent engagement team. Even though there is a significant increase in parent participation, schools are making</p>	\$761,639.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>significant efforts to create more welcoming environments for unduplicated students. Funding at all sites to support parent engagement.</p> <p>c. Continue to implement and support parent participation in training and institutes to support parent needs for EL, SED, Hispanic, FY, HY, and SWD. at each school site. Due to the data collected by parent surveys, there was a clear request for English, computer, and business college classes.</p> <p>e. DISTRICT'S PARENT EDUCATION will continue to develop topics in collaboration with parent/guardian groups along with establishing college-level courses for parents to build skills that will support their student English development, computer skills to navigate rapid development in technology, and business skills to advance in their workplace. We have doubled the number of parents who participate in workshops but have found that we could significantly increase participation if we enhance our mode of communication when announcing the workshops.</p>		
3.3	COMMUNICATION, OUTREACH, FEEDBACK	<p>3.3 OPPORTUNITIES FOR PARENTS AND COMMUNITY MEMBERS TO PROVIDE INPUT ON RELEVANT ISSUES THAT SUPPORT ALL STUDENTS' SUCCESS.</p> <p>a. We will continue to administer annual surveys to gather comments and feedback on services, programs, and parent and student needs including EL, SED, FY, HY, and SWD via digital platform. Conduct the surveys via various methods digital, in person, and by phone.</p> <p>b. Implementation of alternative times, locations, and media (including video streaming) for community meetings to allow for maximum involvement and feedback in addition to surveys. (Funded in Goal 1, Goal 2, and 3.2) (No additional cost for this action)</p> <p>c. Site leadership continues to increase opportunities for parent and community input and awareness about district initiatives and site events. (Funded in Goal 1, Goal 2, and 3.2)</p>	\$153,948.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>d. Establish additional parent advisory groups to represent the voice of the community including, but not limited to African American, API, Immigrant, LGBTQ, Disabled, Military, and/or others.</p> <p>e. Parent Engagement TOSA and District Community Relation Facilitator will support parent engagement, community outreach/communication, provide additional resource for parents of at-risk students, college and career, parent professional development, staff professional development to increase parent engagement at school sites, district parent meetings.</p>		
<b>3.4</b>	<b>SOCIAL MEDIA AND WEBSITE PUBLIC OUTREACH</b>	<p><b>3.4 MAINTAIN WEBSITE AND SOCIAL MEDIA PRESENCE FOR GREATER DIGITAL ACCESS TO DISTRICT AND SCHOOL SITE INFORMATION</b></p> <p>a. Continue to build stronger community partnerships and inform the community, especially our Spanish-speaking families about district events and accomplishments. Forms of communication will emphasize outreach in diverse modalities using data from surveys to determine the best modes of communication for our unduplicated families. Grants and Communication Office will upgrade the district/School websites to enhance virtual access to resources and information in a more accessible format that is easier to navigate. School and district websites will be updated regularly.</p> <p>b. Continue to provide positive public relations for families via digital and in-person platforms, events, newsletters, and public appearances. Include communication in various languages and reach out to families of our struggling students to ensure they have the specific support they need to be able to help their students. We reach over 1M parents via various forms of communication and social media platforms and will continue to disaggregate this data to determine if our low-income families are receiving the information.</p>	\$171,596.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	Broad Goal: Develop coherent and transparent systems for operational excellence to support each student's success.	Broad Goal

State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

The Sweetwater Union High School District with broad educational partner input continues to focus on this foundational goal in order for our students and staff to experience successful outcomes in Goals 1-3. Well-established and clearly identified systems must be implemented to ensure coherence and alignment across the district's numerous priorities and to better serve our families, especially our English Learners, Foster/Homeless Youth, Students with Disabilities and students from all race and ethnic identities.

Our data demonstrate that the district has been making great strides in restructuring its internal systems to better function and serve its schools. Our Finance, Human Resources, Facilities, Title IX, and Professional Development teams have transformed their internal processes and procedures to ensure compliance with all state and federal guidelines and assurances. Our most recent 3 year financial report indicated that we maintained the state mandated reserve through the 2026-2027 school year, despite facing declining enrollment and the subsequent funding limitations that ensue.

The actions developed to achieve this goal will support our continuous growth and transformation of our internal systems so we remain solvent and compliant with our commitment to our community. We are in the final stages of implementing the Infor system that has integrated our Human Resources and Financial system and will be continuing that implementation during 2024-2025 as we further refine what is needed to ensure transparency, integration, and coherence.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
4.1	State Priority 1A: Teacher credentials	100% of teachers appropriately credentialed			100% of teachers appropriately credentialed	
4.2	State Priority 1C: Facilities Inspection Tool (FIT)	2023-2024 FIT Report 93% of schools earned a Fair or Better rating.			95% of schools earned a Fair or Better rating

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	LCFF Base	<p>4.1 Systems continue to be in place that supports student engagement and success:</p> <p>a. The facilities and maintenance department is focused on the improvement planning at every school site to continue to ensure optimal safe, clean, and well-supplied facilities for our students. (physical plant, classrooms, common areas).</p> <p>b. All audits, external process reviews, compliance recommendations, and best practices continue to be identified, prioritized, budgeted for, and monitored to ensure safe and secure learning environments for each student.</p> <p>c. Continue to ensure students have access to quality nutrition where food is properly prepared, appealing, well balanced, and provided in a variety of options.</p> <p>d. Continue to nurture, value, and build relationships between and among all employees through a purposeful collaboration including improved communication, onboarding, retention of new employees, mentoring, and coaching.</p>	\$8,374,926.00	No
4.2	SUPPLEMENTAL PROGRAMS	4.2 Continue to improve, streamline, and maintain business processes and services within and between departments to ensure all stakeholders have access to support, resources, timely customer service, and user-friendly, time-saving technology applications.	\$25,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>a. Assess, align, and streamline all business inter and intra-department processes. The Facilities and Maintenance Department will fully implement the work order system, School Dudes.</p> <p>b. Continue to ensure fiscal solvency and efficiency to coordinate all district resources. The Infor system has been implemented to integrate Finance and Human Resources and will now provide one less legacy system and will increase the integration of our systems moving forward.</p> <p>c. District systems are continually communicated, documented, updated, and accessible to all staff to provide quality customer service and support. Training provided to staff in these areas and Title IX. (No additional cost for this subtraction other than Title IX). This training is primarily focused on ensuring that FY, EL, LI, HY, and female students have proportional access to academic and social-emotional, and physical support including clubs and athletics.</p> <p>d. Organizational charts with up-to-date points of contact and areas of responsibility are continually revised and provided to stakeholders in print and on the district website. (No additional cost for this subtraction)</p> <p>e. Digital portals continue to be monitored and maintained to support stakeholders with frequently asked questions and automated tasks.</p>		
<b>4.3</b>	LCFF Base - calculated in Action 1	<p>4.3 Systems continue to ensure highly qualified personnel are recruited and hired in a timely manner to support student success.</p> <p>a. Certificated and classified personnel continue to be competent to cover all curricular and extracurricular activities at schools.</p> <p>b. Continue providing ongoing professional development for classified personnel to ensure job skills are up to date and in compliance with all federal, state, local, and LEA regulations. (No additional cost for this action)</p>	\$0.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>c. Technology staff continues to be capable and trained to ensure mobile, classroom, office, and library technologies support instructional programs.</p> <p>d. Professional development is continually provided to ensure support staff is equipped to maintain technologies such as Smart Boards, LCD projectors, Document Cameras, and other classrooms/instructional peripherals. (No additional cost for this action)</p> <p>e. Human Resources will continue to investigate and participate in educational recruitment fairs and collaborate with local university teacher credentialing programs in order to infuse the current employment pool and increase the number of African American, Asian Pacific Islander, and Hispanic teachers so our ELL, H/F, SWD, and African Americans have staff who they can identify with.</p> <p>f. All new teachers will be enrolled in the New Teacher Induction Program and assigned a mentor within 30 days of hire. Interns will be provided a mentor with the opportunity to begin the online Teacher Induction Program prior to their receipt of a preliminary credential. All counselors will be provided mentoring support in their first year in a new position.</p>		
4.4	INFORMATION TECHNOLOGY SUPPORT	<p>The IT department will support school sites and students with access to updated devices/Chromebook and accessing online learning applications. These devices provide access to a vast array of educational resources, textbooks, and online learning platforms. The online platforms provide more personalized learning experiences address individual students' needs and learning styles. Underserved students who may require additional support or have diverse learning needs will benefit technology that will provide personalized learning experiences that address their needs and learning styles and enable them to complete homework assignments, conduct research, and study more effectively both in and out of the classroom. In addition, resources will be integrated to ensure cyber security. (Carryover)</p>	\$3,760,000.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
5	By June 30, 2027, the student graduation rate will increase by 10%, and chronic absenteeism will decrease by 10% at Alta Vista Academy and Palomar High School for all students, including students with disabilities, homeless and foster youth, socioeconomically disadvantage and English learners.	Equity Multiplier Focus Goal

### State Priorities addressed by this goal.

- Priority 1: Basic (Conditions of Learning)
- Priority 2: State Standards (Conditions of Learning)
- Priority 4: Pupil Achievement (Pupil Outcomes)
- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

Both Alta Vista Academy and Palomar High are part of the Alternative Education programs in our district. Alta Vista Academy (AVA) is a public community day school within Sweetwater Union High School District (SUHSD) that is situated on the site of a Short Term Residential Therapeutic Program (STRTP). Alta Vista Academy provides educational services for students that require a general education program as well as students who receive services through an Individualized Education Program (IEP). Alta Vista Academy is unique because the school is located on the grounds of New Alternatives, Inc. (NAI), a state licensed children's care program. Through a Memorandum of Understanding (MOU) between the district and New Alternatives Inc., Alta Vista Academy (AVA), in collaboration with New Alternatives Inc. provides a behaviorally based educational program for the students that reside at New Alternatives, as well as for students that live off-site, within the residential boundaries of the Sweetwater Union High School District. Alta Vista Academy focuses on a comprehensive approach when working with students. The educational program at Alta Vista Academy is focused on the mental health and well-being of each student, utilizing a system of social, emotional, behavioral, and academic wellness. The school program has been carefully developed throughout the years to ensure that social-emotional and academic expectations are the primary focus of the day-to-day interactions with the students. Alta Vista Academy uses multi-tiered systems of support (MTSS), comprised of preventative and response to intervention (RTI) systems for social, emotional, behavioral, and academic practices for student success. In 2022-23 the student enrollment at AVA was 32 students. Students with disabilities comprise 72.7% of the students, Socio-economically disadvantaged represents 81.8%, Foster youth represent 54.5%, and English Learners represent 18.2%. Hispanic students represent a majority of the student population at 63.6%, African American student represents 15.2%, and two or more races represent 9.1%. The 2022-23 CA Dashboard data reflects high chronic absenteeism rate for students in grade 7th & 8th though there are or student groups since each group had an enrollment of less than 11 students. The CA Dashboard graduation rate of 45.5% for all students with no student group data available. The local data from SUHSD Data Insights Dashboard also affirms that high Chronic Absenteeism and low graduation rate are areas that need to be addressed school wide and for the following student groups: All students, Homeless, Foster Youth, Hispanic, Black, White English Learner, Special Education, and Socio-economically disadvantaged. The student survey results also indicate school connectedness and Learning environment as an area of need.

Palomar is the only continuation high school for the Sweetwater Union High School District and as of Fall 2023 student enrollment was 312 students. Student with disabilities comprise 24.4% of the students, Socio-economically disadvantaged represents 84.2%, Homeless represent 6.8%, and English Learners represent 40.2%. Hispanic students represent a majority of the student population at 85.5%. Every two weeks, students are referred from their comprehensive high schools for a lack of academic progress, inconsistent attendance, behavior issues, and/or credit deficiency. The average student who enters Palomar High School is 1.5 years behind in credits. Most Palomar students are either 12th or 13th graders, while 142 are 11th graders and 24 are 10th graders. Most students come to school with significant gaps in their knowledge due in part to frequently changing schools and/or not attending regularly. Many students have not passed math class since middle school. Our average graduates have spent 17.4 months at Palomar and earned 23.2 credits at a rate of 1.5 credits per month. A significant number of students come from impoverished neighborhoods throughout the entire community, where families are greatly affected by immigration issues, crime, high mobility, limited higher education experience for parents, and a lack of resources. In 2022, Palomar High School implemented its unique graduation plan requiring current 10th and 11th-grade students to complete 31 credits as approved by SUHSD. This graduation plan includes the minimum California State graduation requirements plus the completion of a career path classwork. Palomar High also offers all current 12th and 13th graders the opportunity to graduate by completing the California Graduation plan requiring 26 credits. In addition, all 10th and 11th graders are offered the opportunity to return to their home school by following the graduation plan requiring 44 credits as established by SUHSD. These three different graduation paths are presented and explained to every new student and family. Palomar has created a safe learning environment by developing and implementing a comprehensive program of health, social, and emotional support and counseling services for students and their families. Partnerships have been cultivated with several community resources to provide these essential services. There is an Open-Door Family Resource Center on campus and a partnership with San Ysidro Clinic that funds a monthly clinic on-site. Center for Mindful Relationships provides individual and group counseling support. Other services include counselors, guest speakers, and school health resources. The school safety plan has been implemented with input from staff, students, parents, and community members. These programs include the College Study Skills class and individual tutoring provided by college students. The 2022-23 CA Dashboard data reflects one performance color for Suspension rates since the number of student groups is less than 11. The local data from SUHSD Data Insights Dashboard indicates that Chronic Absenteeism, graduation rates, and high suspension rate are areas that need to be addressed school wide and for the following student groups: Homeless, Foster Youth, Hispanic, Black, White English Learner, Special Education, and Socio-economically disadvantaged. The student survey results also indicate school connectedness and Learning environment as an area of need. The 2022-23 CA Dashboard indicates the schoolwide graduation rate of 46.1% and this is a decline of 5.5% from the previous year. The English Learner, Hispanic, Socio-economically disadvantaged, and students with disabilities were at the lowest performance level of red on the California Dashboard. The English Learners had a graduation rate of 44.3%, Hispanic 48.8%, Socio-economically Disadvantaged 46.2%, and student with disabilities had a graduation rate of 50%. The Chronic Absenteeism rate for all students is very high school wide and for the following student groups all students, Homeless, Foster, Hispanic, African American, White, English Learner, Special Education, and Socio-economically disadvantaged.

The Education partner engagement process at both schools involved multiple meetings with administration, School Leadership Team, Parent, Students and Staff. The process involved examination of various data such as survey results, Dashboard, SUSHD Data Insights, and empathy interviews to determine roots cause of student chronic absenteeism and low graduation rates. Based on examination of the data and needs it was determined that the next step for both schools is to develop a goal to address these two common challenges. Each school then engaged partners in developing specific actions steps to address the goals.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
5.1	Priority 5A: Chronic absenteeism	<p>2023-24 Local Data (Data Insights)</p> <p>*Alta Vista Academy All Students: 40% (12 students) Homeless: 67% (2 students) Foster: 50% ( 1 student) Hispanic: 43% (6 students) Black: 67% (2 students) White: 14% (1 students) English Learner: 100% (3 students) Special Education: 40% (2 students) Socio-economically Disadvantaged: 41% (9 students)</p> <p>*Palomar High School All Students: 60% (177 students) Homeless: 83% (10 students) Foster: 100% ( 3 student) Hispanic: 59% (141 students) Black: 80% (8 students) White: 56% (15 students) English Learner: 53% (49 students)</p>			Reduce Chronic Absenteeism to 10% for all students and student groups at both Alta Vista Academy and Palomar High School.

Actions

Action #	Title	Description	Total Funds	Contributing
5.1	CLASSROOM ACADEMIC INTERVENTIONS	<p>5.1 MATHEMATICS AND LANGUAGE ARTS SUPPORT CLASSES (PALOMAR HIGH)</p> <p>a. Palomar High will add Mathematics support classes, Language Arts support classes, and Prep for Success classes for additional targeted intervention to increase student GPA's and completion of graduation credits. Students taking the support classes will have an extended school day (one additional class).</p> <p>b. Flexible placement of students in support classes every three weeks. Since Palomar High enrolls students throughout the year, it's essential to have a flexible system for student referral and placement in support classes. Conducting these placements every three weeks based on student need ensures that students receive timely assistance . Disaggregated data will be analyzed to ensure that students are placed in these classes based on academic need and that students are demonstrating GPA gains and are successfully completing the classes.</p> <p>c. Teachers will use various evidenced based diagnostic and online assessment programs such as IXL, ALEKS, QUIL, Reading Apprenticeship and Read 180 to assess student growth and exit students from the support class. Teachers will use these tools to gather valuable data to monitor progress toward mastery of standards, which is crucial for students to improving their grades and completing the courses needed for graduation.</p> <p>d. Support teacher will collaborate with classroom teachers to ensure that students are making progress towards mastery of standards and successfully completing the course. In addition they teachers will collaborate to address the social-emotional needs of students to ensure their wellbeing and regular improved school attendance.</p> <p>Priority 5E: Graduation Rates, Priority 4A: Student Achievement, Priority 5A: Chronic absenteeism</p>	\$280,000.00	No

Action #	Title	Description	Total Funds	Contributing
<b>5.2</b>	<b>TUTORING</b>	<p>5.2 ADDITIONAL COLLEGE TUTORS IN MATHEMATICS, LANGUAGE ARTS AND SUPPORT CLASSES (PALOMAR HIGH)</p> <p>College Tutors will be placed in Mathematics and English Language Arts support classrooms to meet the diverse needs of students at Palomar High and ensuring that all students have the opportunity to master grade-level standards and completion of credits needed towards graduation. Below is the specific targeted support for each group.</p> <p>English Learners: Tutors will provide assistance to English Learners by supporting academic language and understanding of academic content more effectively. The individualized support will English Learners achieve mastery of grade-level standards.</p> <p>Students with Disabilities: Tutors will work closely with students with disabilities to accommodate their specific learning needs. The individualized support and accommodations tutors provide will help students succeed academically.</p> <p>Socio-economically Disadvantaged Students: Tutors will provide extra support to socio-economically disadvantaged students who may face additional barriers to academic success. By offering personalized assistance, tutors can help these students successfully complete the courses needed for graduation.</p> <p>Homeless &amp; Foster Students: Tutors can offer valuable support to homeless and foster students who may face unique challenges related to stability and access to resources.</p> <p>Priority 5E: Graduation Rates &amp; Priority 4A: Student Achievement</p>	\$120,000.00	No
<b>5.3</b>	<b>PROFESSIONAL DEVELOPMENT</b>	<p>5.3 TEACHER COLLABORATION AND PROFESSIONAL DEVELOPMENT (PALOMAR HIGH)</p>	\$88,411.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>a. Data Team and Mathematics, Language Arts, and Prep for Success teachers will analyze student data during pullout day to determine students in need of additional support and intervention.</p> <p>b. Collaboration time will be provided for Mathematics, Language Arts and prep for success teachers to collaborate with PLC's to ensure standards and assessment alignment. This ensures consistency in instruction and assessment practices, leading to a more cohesive and integrated learning experience for students.</p> <p>c. Teacher training on Social Emotional Learning and high leverage practices for Multi-language learners and students with disabilities during TIER I instruction. Training teachers on SEL and effective practices for supporting multi-language learners and students with disabilities during Tier I instruction equips them with the necessary tools to address diverse student needs effectively. By integrating SEL into instruction and leveraging evidence-based practices, teachers will create a supportive learning environment that foster academic and social-emotional growth for all students.</p> <p>Priority 6A: Suspension Rate &amp; Priority 6C: School Climate Survey (California Healthy Kids Survey)</p>		
<b>5.4</b>	<b>ATTENDANCE COORDINATOR</b>	<p>5.4 ATTENDANCE COORDINATOR TO MONITORING STUDNET ATTENDANCE (ALTA VISTA ACADEMY)</p> <p>a. The attendance coordinator will monitor, coordinate, and support students that are chronically absent by conducting parent outreach, providing interventions, and conducting home visits.</p> <p>Monitoring Attendance: Regularly review attendance records to identify students with a pattern of chronic absenteeism. Utilize attendance Data Insights and Infinite Campus reports to track attendance for each student.</p> <p>Parent Outreach: Initiate contact with parents or guardians of students who are frequently absent and communicate the importance of regular</p>	\$26,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>attendance for academic success and discuss any underlying issues that may be contributing to their child's absences.</p> <p>Interventions: Develop intervention strategies tailored to the specific needs of each student. This may include implementing attendance contracts, providing incentives for improved attendance, or connecting students with support services such as counseling or tutoring.</p> <p>Home Visits: In cases where other interventions have not been successful, conduct home visits to directly engage with the student and their family. Use these visits as an opportunity to understand the root causes of the student's absences and to provide additional support and resources.</p> <p>Collaboration: Work closely with teachers, school administrators, counselors, and support staff to identify students at risk of chronic absenteeism and to coordinate efforts to address their needs effectively.</p> <p>Documentation and Reporting: Keep detailed records of all communications, interventions, and outcomes related to student attendance. Provide regular reports to school leadership on attendance trends and the effectiveness of intervention strategies.</p> <p>Priority 5A: Chronic absenteeism</p>		
5.5	LITERACY SUPPORT	<p>5.5 LITERACY SUPPORT TEACHER AND SUPPLIES (ALTA VISTA ACADEMY)</p> <p>a. Literacy support teacher will provide targeted coaching and support for classroom teachers and provide supplementary classroom resources and activities to support students to gain reading, writing and comprehension skills that will lead to their academic success in all core content areas.</p> <p>Coaching and Support: Provide individualized coaching and support to students to enhance their reading comprehension skills. Utilize a variety of</p>	\$28,500.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>instructional strategies and resources tailored to the specific needs of each student.</p> <p>Data Analysis: Regularly examine disaggregated data to identify areas of strength and weakness among students. Use this data to inform your instructional approach and to provide targeted support to address areas of need.</p> <p>Targeted Support: Offer targeted support based on the individual needs of each student. This may include one-on-one or small group instruction, differentiated assignments, or specialized interventions to address specific literacy challenges.</p> <p>Collaboration with Classroom Teachers: Work closely with classroom teachers to embed literacy strategies across the curriculum. Provide ongoing coaching and professional development to support teachers in integrating effective literacy instruction into their lesson plans.</p> <p>Monitoring and Evaluation: Continuously monitor student progress and evaluate the effectiveness of literacy support activities. Adjust instructional strategies as needed based on ongoing assessment data to ensure that students are making meaningful gains in reading comprehension</p> <p>b. Utilize supplementary supplies and software programs to enhance literacy activities and support both students and staff. These resources will include interactive reading materials, educational games, digital libraries, and literacy-focused software programs designed to improve reading comprehension skills.</p> <p>Priority 4A: Student Achievement &amp; Priority 5A: Chronic absenteeism</p>		
5.6	SCHOOL CONNECTEDNESS	5.6 MTSS/RESTORATIVE RESOURCE TEACHER (ALTA VISTA ACADEMY)	\$28,656.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>a. The MTSS Teachers will promote student safety, equity, and access while supporting improved outcomes in academics and social-emotional behavior</p> <p>Monitoring: Regularly monitor the school environment to ensure student safety and equitable access to resources and opportunities.</p> <p>Coordination: Coordinate efforts across the school to implement Multi-Tiered System of Supports (MTSS) and restorative practices to address the diverse needs of all students.</p> <p>Promotion: Advocate for practices and policies that promote equity and inclusion within the school community.</p> <p>Academics: Provide targeted support to students to improve academic outcomes. This may include implementing interventions, providing supplemental instruction, and collaborating with teachers to differentiate instruction.</p> <p>Social-Emotional Behavior: Offer guidance and resources to support students' social-emotional well-being. Implement restorative practices to address conflicts and build positive relationships among students and staff.</p> <p>Data Analysis and Decision-Making: Analyze student data to identify trends and inform decision-making related to academic and behavioral interventions. Use data to monitor the effectiveness of interventions and make adjustments as needed to ensure positive outcomes for all students.</p> <p>b. Supplemental supplies such as educational materials, manipulatives, and technology tools to enhance instruction and support student learning.</p> <p>Priority 5A: Chronic absenteeism &amp; Priority 6A: Suspension Rate</p>

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	<p><b>Action:</b> LOWER STUDENT TO TEACHER RATIO FOR MASTERY</p> <p><b>Need:</b> The need for students to attain mastery of the standards and close the achievement gap as demonstrated on performance of unduplicated student groups and all student groups on statewide and local measures. Improvement is needed in particular in student Achievement in</p>	Lowering class size is a need across the district to provide more individualized support in the classrooms for unduplicated students to attain mastery of the grade level standards. Lowering class size allows for increased individualized support and attention from teachers, allows for more opportunities for small group instruction, differentiated instruction that fosters better student engagement and the ability to address and target diverse learning needs of unduplicated students in every classroom.	State Priority 4A - Metric 1.1 (English Language Arts) & Metric 1.2 (Mathematics SBAC)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Language Arts and Mathematics. There are four high schools that have the lowest performance level of Red in Language for the all student student group. There are nine high schools and middle schools that have the lowest performance level of Red in Mathematics for the all student student group. The following District student groups have performance level of Red in Language Arts: English Learners, Foster Youth, and Students with Disabilities. The following District student groups have the lowest performance level of Red in Mathematics: Students with Disabilities, and Homeless. (See addendum)</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>		
<b>1.3</b>	<p><b>Action:</b> ELD, AVID, BILINGUAL CLASS SIZE REDUCTION</p> <p><b>Need:</b> Need to improv English Learner Reclassification rates to ensure that all English Learners have the support they need to succeed academically. The EL reclassification rate has remained unchanged at 9% since 2019-20. The 2022-23 CA Dashboard indicated a need to close the achievement gap for English Learners on Mathematics and Language Arts</p> <p><b>Scope:</b></p>	Lowering class size is a need across the district and providing additional sections for ELD, AVID, and Bilingual will allow differentiated instruction that promotes academic language acquisition for English Learners across the district and at each school site. The class size reduction enables teachers to more effectively implement small group instruction for designated and integrated ELD standards based instruction to support the EL (STEL and LTEL) in language acquisition and mastery of the academic content standards.	State Priority 4A - Metric 1.1 (English Language Arts) & Metric 1.2 (Mathematics SBAC)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide Schoolwide		
<b>1.4</b>	<p><b>Action:</b> REDUCTION OF COUNSELOR CASELOAD, PORTION OF COUNSELOR, AND ADDITIONAL FTE FOR PAH</p> <p><b>Need:</b> The overall district graduation rate is 88.9% with gaps existing for various student groups. There is a need to address the gap for the student groups districtwide. The largest gaps exist for the Foster Youth at 71.4%, Homeless at 72.2%, and Student with Disabilities 77.1%, English Learners 81.9% and African American 82.2%. One School Palomar High School has the Red status on the California Dashboard for all student groups with a graduation rate of 46.1%. There is also a need to increase the rate of senior meeting A-G requirements to ensure College and Career readiness. The percentage of graduating senior meeting A-G requirements has shown a decline from 54% in 2020-21 to 51% in 2022-23.</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	Reducing caseloads district wide allows counselors to devote more time and attention to supporting each student's goal towards college and career readiness and a more targeted support for the unduplicated students. The lower ratio allows the counselors the opportunity to monitor student progress more effectively and to collaborate with all educational partners to identify students that need intervention and targeted support to successfully complete the graduation and A-G requirements. The lower ratio will also allow counselors to promote "Compact for Success" criteria with students and to ensure that they are on track for compact eligibility. The counselor caseload reduction is needed districtwide to ensure equity across all school sites for support for graduation, post-secondary goals and completion of A-G requirements. To address and support the low graduation rate at Palomar High School, an additional Counselor FTE has been allocated to address the needs of the students at this alternative school.	State priority 4B: College and Career Readiness A-G Completion State Priority 5E: Graduation
<b>1.5</b>	<p><b>Action:</b> DISTRICT TEACHERS ON SPECIAL ASSIGNMENT</p> <p><b>Need:</b></p>	The district wide goal of PLC implementation and improving classroom instruction will be supported by the district curriculum TOSAs. This action will ensure access to California Standards and high-quality standards-based instruction with effective	Metric 1.1 - State Priority 4A: English Language Arts SBAC & Metric 1.2 - State Priority 4A: Mathematics SBAC

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>The need for students to attain mastery of the standards and close the achievement gap as demonstrated on performance of unduplicated student groups and all student groups on statewide and local measures. Improvement is needed in student Achievement in Language Arts and Mathematics. There are four high schools that have the lowest performance level of Red in Language Arts for the all student group. There are nine high schools and middle schools that have the lowest performance level of Red in Mathematics for the all student groups. The following District student groups have performance level of Red in Language Arts: English Learners, Foster Youth, and Students with Disabilities. The following District student groups have the lowest performance level of Red in Mathematics: Students with Disabilities, and Homeless. (See addendum)</p> <p><b>Scope:</b> LEA-wide</p>	<p>differentiation practices that support the needs of unduplicated students. By having TOSAs in place, the district can ensure more equitable implementation of Professional Learning Communities, research-based assessment, and effective literacy instructional strategies across the district. In addition, they will provide access to district developed Resources Toolkits and activities that promote language acquisition literacy across the curricular subjects. By providing the support of TOSA's district wide we will ensure equity in teaching practices . The district TOSA will focus their efforts on schools with higher percentage of unduplicated students that have low performance levels although this is being provided district wide to maximize student learning for all students.</p>	
1.7	<p><b>Action:</b> COLLEGE AND CAREER EDUCATION TEACHERS</p> <p><b>Need:</b> There is a gap between Career Technical Education enrollment vs. CTE Pathway completion rates. There is a need to ensure that students enrolled CTE courses are completing and meeting all the requirements for CTE pathway completion at each high school across the district.</p>	<p>Implementing College and Career Pathways at the high school through coordinated and supported Career Technical Education (CTE) is vital for providing equitable access to high-quality education for all students that prepares them for College and Career opportunities. The CTE pathways at the schools provide opportunities for hands-on learning experiences, such as internships, apprenticeships, or work-based learning opportunities, to enhance students' skills and competencies. The district CTE office oversees the implementation of College and</p>	<p>Metric 1.13 - State Priority 4C: Career Technical Education Enrollment or Completion Rate</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Scope:</b> LEA-wide Schoolwide	Career Pathways across all high schools and supports the sites with the development of comprehensive plans that outline the goals, objectives, and strategies of CTE pathway components. The CTE pathways at the schools provide opportunities for hands-on learning experiences, such as internships, apprenticeships, or work-based learning opportunities, to enhance students' skills and competencies. The district-wide coordination will ensure consistency, equity, and resource allocation and school-wide implementation will allow tailoring of CTE Pathways that meet the unique needs and interests of unduplicated students at each school.	
1.8	<b>Action:</b> EXTENDED HOURS OF OPERATION- LIBRARIES AND MEDIA CENTERS  <b>Need:</b> Results of Surveys for both Parents and Student indicate a need for extended learning opportunities for students (see Engaging Education Partner section). In addition, the performance of unduplicated student groups on statewide and local measures in English Language Arts is in need of improvement (see addendum).  <b>Scope:</b> LEA-wide Schoolwide	Providing opportunities for extended learning by having the Library Media Centers remain open before school, and after school, evening hours will provide students with access to resources that promote literacy and digital citizenship. The staff will be available during this time to provide individualized support to the unduplicated students including English Learners, Foster Youth, and Students with Disabilities to ensure equitable access to education and to address their diverse needs. District-wide implementation ensures that all schools have access to resources and extended learning opportunities and will help address disparities and ensure that all students have an equal chance to succeed. The seventeen schools that provide after school programming will be supported by LCAP to provide additional time for a coordinator for	Priority 5A: Attendance Rates & Priority 6C: CORE SEL Survey & California Healthy Kids Survey (School Connectedness)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>improve school connectedness for student in all school and all grade levels.</p> <p><b>Scope:</b> Schoolwide</p>	<p>outreach to school sites. The after-school programming is designed based on student interest and provides opportunities for academic enrichment, skill-building, and social-emotional development in a supportive and engaging environment with the goal of improving school connectedness and closing the achievement gap for unduplicated students.</p>	
<b>2.3</b>	<p><b>Action:</b> CULTURE OF EQUITY AND INCLUSION</p> <p><b>Need:</b> The significant increase in Chronic Absenteeism rates indicates the need for improvement. The chronic absenteeism rate for African American Students is the lowest level of red on the California Dashboard. In addition, two middle schools have Chronic Absenteeism level of Red for all student groups and five middle schools have lowest performance levels for other student groups (see addendum).</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	<p>The action step will provide each school in the district the resources and support staff to address absenteeism, suspension, and school connectedness while also providing guidance and coordination to ensure that support services are effectively targeted to unduplicated students. Assistant Principals (MS), Campus Assistants, Athletic Directors, and Attendance Coordinators will receive technical assistance from Student Services Program Managers and staff to implement the SUHSD Equity Plan and Multi-Tiered System of Support (MTSS) effectively. The school sites and district staff will collaborate with counselors and mental health professionals to address social-emotional needs, partnering with community organizations for wraparound services, and ensuring ongoing assessment of equity initiatives to support unduplicated students with particular emphasis on African American student group districtwide.</p>	<p>Priority 5B: Chronic Absenteeism &amp; Priority 6A: Suspension Rates</p>
<b>2.4</b>	<p><b>Action:</b> SCHOOL SAFETY</p> <p><b>Need:</b> The student survey responses from Core SEL survey and California Healthy Kids survey indicate to ensure that students feel safe on campuses across the district. In addition, the</p>	<p>Providing a safe learning environment is a priority for the district and school sites. Feedback from parents indicates that addressing school safety is the greatest area of need. The SRO's will provide support to school sites across the district the following ways: Increase presence and visibility during high traffic times, foster collaborative partnerships with administrators, teachers, parents</p>	<p>Priority 6C: CORE SEL Survey &amp; California Healthy Kids Survey(School Safety) &amp; Priority 6A: Suspension Rates</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>California Dashboard suspension rates district wide for middle schools needs improvement for all student groups and various student groups (see addendum).</p> <p><b>Scope:</b> LEA-wide</p>	to address safety concerns, safety training and education on emergency preparedness, threat assessment, conflict resolution and crisis response. In addition, ensure that schools have access to resources and support services to address the social, emotional, and psychological needs of unduplicated students.	
<b>2.5</b>	<p><b>Action:</b> STUDENT ENGAGEMENT AND INCLUSION</p> <p><b>Need:</b> The Core SEL survey and California Healthy Kids survey response affirm the need to improve school connectedness for student in all school and all grade levels. In addition, the California Dashboard suspension rates district wide for middle schools need improvement for all student groups and various student groups (see addendum).</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	School Connectedness is an area of need for all schools across the district. The ASB Middle School and High School advisors promote a positive school culture by engaging all students including unduplicated students across the district. The ASB advisors promote inclusive activities that play a key role in sharing the social emotional wellbeing of students and their sense of connectedness to the school community. The Student Services Program Manager & Assistant Principal on Special Assignment will provide support during crises, develop re-engagement plans, and oversee the implementation of the Multi-Tiered System of Supports (MTSS) program to address diverse academic and behavioral needs. In addition, the Student Services Program Manager and Assistant Principal on Special Assignment will provide training and resources for school staff, facilitate data-driven decision-making, and monitor the effectiveness of interventions for unduplicated students. Implementing inclusive and culturally relevant student activities district-wide is essential for creating a positive school climate where all students feel accepted, engaged, and supported, leading to improved social-emotional well-being and academic achievement for the entire student body.	Priority 6C: Core SEL & Healthy Kids Survey Students (School Connectedness) , Priority 6A: Suspension Rates

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
<b>2.6</b>	<p><b>Action:</b> MENTAL HEALTH AND SOCIAL-EMOTIONAL SUPPORT</p> <p><b>Need:</b> The 2022-23 California Healthy Kids student survey responses indicate a need to address social emotional need of students. About 1/3 of 7th &amp; 8th graders state that they experience emotional distress and about 40% of 11th graders share that they experience emotional distress.</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	This action step is needed to ensure that students at all school site have access to supports to address their wellbeing. Psychologists at the school site are needed to continue to provide physical and mental health support to ensure the social-emotional well-being of all students, with a targeted focus on the identified schools and student groups. These actions are being provided at all schools across the district in order to support any student who needs services as well as to improve campus and classroom culture and climates across the district.	Priority 6C: School Climate California Healthy Kids Survey Students (Social Emotional Wellbeing)
<b>2.7</b>	<p><b>Action:</b> PHYSICAL HEALTH AND WELLBEING</p> <p><b>Need:</b> The 2022-23 California Healthy Kids student survey responses indicate a need to address social emotional need of students. About 1/3 of 7th &amp; 8th graders state that they experience emotional distress and about 40% of 11th graders share that they experience emotional distress.</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	This action steps is needed to ensure that students at all school site have a nurse on site to supports wellbeing of students. In addition to physical health, the nurses also support the social-emotional well-being of all students to ensure a comprehensive approach that considers mental and emotional aspects for all students with a specific focus on providing individualized support to the unduplicated students facing additional physical and emotional challenges.	Priority 6C: School Climate California Healthy Kids Survey Students
<b>2.8</b>	<b>Action:</b>	The district-wide implementation of Multi-Tiered System of Supports (MTSS) is essential to	Priority 6A: Suspension Rates

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>MULTI TIERED SYSTEMS OF SUPPORT (MTSS)</p> <p><b>Need:</b> There is need to decrease suspension rates across all schools in the district in particular the middle schools. the suspension rates are at the highest level of red for five all student groups at five middle schools. District wide the suspension rates for Students with Disabilities, English Learners, and Homeless is at the highest level of Red (see addendum).</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	<p>address high suspension rates comprehensively, equitably, and sustainably across all schools with an emphasis on middle schools. All middle schools are allocated funding for MTSS Teacher to coordinate and support schoolwide implementation with guidance from Student Services. The district will guide and support the MTSS coordinators at each middle school with site level activities tailored to their school and student needs. This will allow coordinated efforts, shared resources, and systemic change necessary to create a positive and supportive learning environment for all students.</p>	
2.9	<p><b>Action:</b> CLEAN AND SAFE PHYSICAL ENVIRONMENTS</p> <p><b>Need:</b> Keeping clean and safe physical environments is an area of need. California Healthy kids survey results show that about 30% of students agree and strongly agree that the facilities are kept up. In addition, LCAP survey results of educational partners indicate a need for campus updates and maintenance by Investing in infrastructure updates and regular maintenance can contribute to a safer and more welcoming environment (See Engaging Educational Partner section).</p> <p><b>Scope:</b></p>	<p>The support from Custodial staff is essential to ensure Safe and clean facilities across the district. Their support ensures that students have a conducive environment for learning and other activities, including after-school programs. Having custodial staff present during these times helps create a welcoming atmosphere and ensures that any potential safety hazards or cleanliness issues are promptly addressed. Their efforts contribute significantly to the overall well-being and satisfaction of students. This action step</p>	<p>Priority 6C: Core SEL &amp; Healthy Kids Survey Students (Facilities upkeep)</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Schoolwide		
<b>2.10</b>	<p><b>Action:</b> STUDENT MENTAL HEALTH SUPPORT</p> <p><b>Need:</b> The 2022-23 California Healthy Kids student survey responses indicate a need to address social emotional need of students. About 1/3 of 7th &amp; 8th graders state that they experience emotional distress and about 40% of 11th graders share that they experience emotional distress.</p> <p><b>Scope:</b> LEA-wide</p>	Supporting student mental health and overall well-being is an identified need districtwide. The mental health staff will be housed at the district office and will support the school site throughout the district. Centralizing mental health staff at the district level will ensure consistent support across all schools, ensuring that resources and expertise are readily available where needed. Collaborating with community-based organizations adds to the scope of support, tapping into additional resources and expertise that can enrich the services provided to students and their families. This coordinated will assist in addressing the diverse needs of students and promoting a supportive environment for their overall well-being across the district.	Priority 6C: School Climate California Healthy Kids Survey Students (Social Emotional Wellbeing)
<b>2.11</b>	<p><b>Action:</b> CRISIS RESPONSE AND PROFESSIONAL DEVELOPMENT</p> <p><b>Need:</b> The student survey responses from Core SEL survey and California Healthy Kids survey indicate a need to ensure that students feel safe on campuses across the district. In addition, the California Dashboard suspension rates district wide for middle schools needs improvement for all student groups and various student groups (see addendum).</p> <p><b>Scope:</b> LEA-wide</p>	This action step is implemented LEA wide to ensures that all staff members across the district receive the same level of training and are equipped with consistent skills and strategies to support students effectively. The district security coordinator will be providing training for site personnel to respond to students in crisis, address social-emotional needs, resolve conflicts, and combat issues like bullying and harassment. Staff members will be trained on crisis intervention and how to de-escalate situations effectively and prevent potential harm to students and others. In addition, MTSS training for site staff will ensure an LEA wide comprehensive approach to meeting the diverse needs of students, including English Learners, Students with Disabilities, Foster Youth, Homeless Youth, Hispanic, and African American students. Implementing this action district-wide	Priority 6C: School Climate California Healthy Kids Survey Students (Social Emotional Wellbeing)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		ensures that all students receive the support they need to thrive academically, socially, and emotionally.	
<b>2.12</b>	<p><b>Action:</b> HOMELESS/FOSTER RESOURCES AND OUTREACH</p> <p><b>Need:</b> The District wide CA Dashboard performance for Homeless and Foster youth is at the lowest performance level of Red for English Learner Progress, English Language Arts, and Suspension rate. Suspension rates are also high for Homeless students at various High School and Middle School district wide (see addendum).</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	Providing support for foster youth and McKinney-Vento students district-wide is essential for several reasons. The Program Manager will coordinate site efforts to support Homeless/Foster students that face unique challenges related to stability, trauma, and access to resources, which can significantly impact their academic success. By coordinating the targeted support, including academic assistance, social-emotional support, and connections to community resources, the district ensures that these students have the necessary support systems in place to overcome obstacles and thrive academically. Secondly, addressing the needs of Foster youth, Socio-Economically Disadvantaged youth, and Homeless youth district-wide promotes equity and inclusivity at all schools across the district.	Priority 6C: School Climate California Healthy Kids Survey Students (Social Emotional Wellbeing)
<b>2.13</b>	<p><b>Action:</b> FACILITIES IMPROVEMENT/SAFETY &amp; SECURITY</p> <p><b>Need:</b> Addressing School safety is an identified area of needs per survey results. The student survey responses from Core SEL survey and California Healthy Kids survey indicate to ensure that students feel safe on campuses across the district. In addition, the feedback from LCAP Surveys and Site Student Empathy interviews indicate a need for improved Safety.</p>	District-wide implementation of security cameras is essential for ensuring a standardized approach to school safety measures across all schools within the district. By implementing security cameras uniformly across all schools, regardless of their location or size, the district can establish a cohesive and comprehensive security infrastructure. Centralized monitoring and coordination enables swift responses to safety threats, ensuring that any incidents are addressed promptly and effectively. Overall, district-wide implementation of security cameras enhances the safety and security of students, staff, and visitors across the entire educational community.	Priority 6C: School Climate CORE SEL Survey & California Healthy Kids Survey

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Scope:</b> LEA-wide		
<b>2.14</b>	<p><b>Action:</b> SCHOOL CONNECTEDNESS</p> <p><b>Need:</b> The Core SEL survey and California Healthy Kids survey response affirm the need to improve school connectedness for student in all school and all grade levels. The overall attendance rate for the district has shown a decline from 95.92% in 2019-20 to 90.9% in 2022-23. The Chronic Absenteeism rate on the California Dashboard shows that various middle schools have high chronic absenteeism for all student groups and student groups. The Chronic Absenteeism for the African American student group is the lowest level of red districtwide. In addition, the California Dashboard suspension rates district wide for middle schools need improvement for all student group and other student groups (see addendum).</p> <p><b>Scope:</b> Schoolwide</p>	Allocating flexible staffing positions such as Attendance Coordinators, MTSS Coordinators, Acceleration Coaches, CARPE Coordinators, and Middle School ASB Coordinators for each school will promote a positive school environment and address the diverse needs of students. The schools will determine which position they would like to implement based on their site comprehensive needs assessment and root cause analysis. These support positions will address improved attendance, academic performance, social-emotional wellbeing, and overall school engagement.	Priority 5A: Attendance Rates, Priority 5B: Chronic Absenteeism & Priority 6A: Suspension Rates,
<b>3.2</b>	<p><b>Action:</b> PARENT EDUCATION &amp; RESOURCE ACCESS</p> <p><b>Need:</b> The 2023-24 California School Parent Surveys results indicate a need to promote parent</p>	Feedback from sites and parents indicates a district wide need for increased parent participation at site level meetings and training. TOSAs and Counselor collaborate with parent groups to provide essential information support and programs that meet the individual needs students. Community Relations Facilitators (CRFs)	State Priority 3A: Parent Involvement and Family Engagement

	<p>involvement, seeking parent input, and communicating with Parent regarding schools. In addition, parent surveys indicate a need for par</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	<p>at school sites support student success by engaging parents and enhancing their capacity to address language and social-emotional needs. The district's Parent Education program focuses on developing relevant topics and establishing college-level courses for parents, aiming to increase participation through improved communication strategies. These are essential to ensure consistency and equity across the district.</p>	
<b>3.3</b>	<p><b>Action:</b> COMMUNICATION, OUTREACH, FEEDBACK</p> <p><b>Need:</b> Data collected on Parent Communication via Social Media Platforms at the district and schools side shows an increase from 2021-22. However, feedback from the LCAP survey of Educational Partners show a need for improved communication with parents by enhancing school websites and social media presence (see Engaging Educational Partner section).</p> <p><b>Scope:</b> LEA-wide Schoolwide</p>	<p>Implementing district-wide strategies for comprehensive feedback and engagement is essential to ensure inclusivity and transparency in decision-making processes. Conducting annual surveys digitally, in person, and via phone enables the collection of comments and feedback from all stakeholders, including English Learners, Students with Disabilities, Socio-Economically Disadvantaged, Foster Youth, and Homeless Youth. Additionally, utilizing alternative meeting formats and media, such as video streaming, ensures community involvement without incurring extra costs. The Parent Engagement TOSA and District Community Relations Facilitator coordinate efforts district wide and support schools to strengthen parent engagement, communication, and support for at-risk students and families district-wide. While these services are provided on an LEA Wide basis to increase parent involvement and communication, these actions will be focused towards the unduplicated student groups.</p>	State Priority 3A :LCAP District Survey
<b>3.4</b>	<p><b>Action:</b> SOCIAL MEDIA AND WEBSITE PUBLIC OUTREACH</p> <p><b>Need:</b></p>	<p>To ensure greater digital access to district and school site information, it's essential to maintain website and social media presence district-wide. Communication methods will be diverse and tailored to the needs of different families,</p>	State Priority 3B&3C:Parent Communication

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Data collected on Parent Communication via Social Media Platforms at the district and schools side shows an increase from 2021-22. However, feedback from the LCAP survey of Educational Partners shows a need for improved communication with parents by enhancing school websites and social media presence (see Engaging Educational Partner section).</p> <p><b>Scope:</b> LEA-wide</p>	<p>determined through surveys. The district will invest in upgrading websites to enhance virtual access to resources and ensure they're user-friendly. Regular updates will be made to both school and district websites with guidance from district and site level web masters. The use and access of various communication platforms will be monitored regularly.</p>	
<b>4.2</b>	<p><b>Action:</b> SUPPLEMENTAL PROGRAMS</p> <p><b>Need:</b> The Survey results indicate a need for more consistent policies across the school district (see Engaging Education Partner section). The California Healthy Kids survey results as indicate a need for Facilities improvements.</p> <p><b>Scope:</b> LEA-wide</p>	<p>The assessment and alignment of district systems will improve the educational experience for all students. The LEA continues to improve business processes and services within and between departments to ensure seamless support to sites. The Facilities and Maintenance Department will continue to implement the "School Dudes" work order system to enhance efficiency. Integration of Finance and Human Resources through the INFOR system for fiscal solvency and streamline operations. The district will continue communication, documentation, and training initiatives to ensure staff accessibility to district systems, with specific emphasis on Title IX training to support equitable student access to academic and extracurricular resources. Digital portals will continuously monitored and maintained to provide assistance with common queries and automate tasks, supporting stakeholder needs effectively.</p>	Metric 4.8 & 4.9: Priority 6C: School Climate
<b>4.4</b>	<p><b>Action:</b> INFORMATION TECHNOLOGY SUPPORT</p>	<p>Updated technology is needed across the district and school sites to ensure students have access to classroom instructional materials and resources.</p>	Priority 6C: School Climate California Healthy Kids Survey Students

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> The California Healthy Kids survey results indicate that about 25% of students agree &amp; strongly agree classroom activities are engaging meaningful. This indicates a need to continue to provide engaging classroom activities. The site student empathy interviews and site surveys show a need for engaging and interactive lessons (see Engaging Educational Partners). The SUHSD 1:1 initiative provides devices that ensure technology integration that provide access to online education applications, research, and interactive learning materials that can promote student engagement and participation.</p> <p><b>Scope:</b> LEA-wide</p>	Since the district has a one-to-one device initiative it is critical to have the devices upgrades and replaced as needed to ensure that students have access to curriculum and supplementary resources. Providing students and educators with access to upgraded devices, educational software, and other resources creates an environment that supports exploration, innovation, and collaboration. The student uses their devices to utilize researched based, interactive learning tools that will engage them in learning and support their mastery of the standards. The 1:1 initiative is provided for all students across the district promotes equity in technology access while interactive learning tools engage students and support mastery of the standards.	

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
<b>1.6</b>	<p><b>Action:</b> BILINGUAL TESTERS</p> <p><b>Need:</b> English Language Acquisition</p> <p><b>Scope:</b></p>	This action supports Individualized assistance and intervention for Short Term and Long Terms English Learners and is essential across the district. [Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

*Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

*Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

*Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

**Engaging Educational Partners**

**Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

**Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

## Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

## Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

## Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

## Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**  
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

#### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

#### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See EC sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

### College and Career Indicator

The College and Career Indicator provides the percentage of high school graduates who are placed in the prepared level on the California Dashboard College/Career Indicator. Below are the schools and subgroups that performed at the lowest levels of "Red" on the 2022-23 California Dashboard.

School	Indicator	Student Group- Performance Level Red
Launch Virtual Academy	College and Career Indicator	English Learner
Launch Virtual Academy	College and Career Indicator	Socio-economically Disadvantaged
Mar Vista Senior High	College and Career Indicator	Students with Disabilities
Palomar High	College and Career Indicator	All Students
Palomar High	College and Career Indicator	English Learner
Palomar High	College and Career Indicator	Hispanic
Palomar High	College and Career Indicator	Socio-economically Disadvantaged
Palomar High	College and Career Indicator	Students with Disabilities
San Ysidro High	College and Career Indicator	Students with Disabilities
Sweetwater High	College and Career Indicator	English Learner
Sweetwater High	College and Career Indicator	Students with Disabilities
Sweetwater Union High School District	College and Career Indicator	Foster Youth

## Chronic Absenteeism

The Chronic Absenteeism indicator provides the percentage of students in 7th & 8th grade who are absent 10 percent or more instructional days they were enrolled in 2022-23. Below are the schools and subgroups that performed at the lowest levels of "Red" on the 2022-23 California Dashboard.

School	Indicator	Student Group- Performance Level Red
Bonita Vista Middle	Chronic Absenteeism	All Students
Bonita Vista Middle	Chronic Absenteeism	Two or More Races
Bonita Vista Middle	Chronic Absenteeism	Socio-economically Disadvantaged
Bonita Vista Middle	Chronic Absenteeism	Students with Disabilities
Chula Vista Middle	Chronic Absenteeism	White
Eastlake Middle	Chronic Absenteeism	Two or More Races
Eastlake Middle	Chronic Absenteeism	Students with Disabilities
Eastlake Middle	Chronic Absenteeism	White
Granger Junior High School	Chronic Absenteeism	All Students
Granger Junior High School	Chronic Absenteeism	English Learner
Granger Junior High School	Chronic Absenteeism	Hispanic
Granger Junior High School	Chronic Absenteeism	Socio-economically Disadvantaged
Granger Junior High School	Chronic Absenteeism	Students with Disabilities
Granger Junior High School	Chronic Absenteeism	White
Mar Vista Academy	Chronic Absenteeism	Hispanic
Mar Vista Academy	Chronic Absenteeism	Students with Disabilities
Mar Vista Academy	Chronic Absenteeism	White
Rancho Del Rey Middle School	Chronic Absenteeism	African American
Rancho Del Rey Middle School	Chronic Absenteeism	Socio-economically Disadvantaged
Sweetwater Union High School District	Chronic Absenteeism	African American

## English Language Arts

The English Language Arts Indicator demonstrates how well students are meeting grade-level standards on the English Language Arts assessment. This measure is based on student performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, which is taken annually by students in grades 3–8 and grade 11. Below are the schools and subgroups that performed at the lowest levels of "Red" on the 2022-23 California Dashboard.

School	Indicator	Student Group- Performance Level Red
Castle Park Middle	SBAC Language Arts Performance	All Students
Launch Virtual Academy	SBAC Language Arts Performance	All Students
San Ysidro High School	SBAC Language Arts Performance	All Students
Sweetwater High School	SBAC Language Arts Performance	All Students
