2025-26 LCFF Budget Overview for Parents Data Input Sheet

Local Educational Agency (LEA) Name:	Campbell Union School District
CDS Code:	43-69393-6046676
LEA Contact Information:	Name: Shelly Viramontez Position: Superintendent Email: Sviramontez@campbellusd.org Phone: 408-364-4200
Coming School Year:	2025-26
Current School Year:	2024-25

*NOTE: The "High Needs Students" referred to in the tables below are Unduplicated Students for LCFF funding purposes.

Projected General Fund Revenue for the 2025-26 School Year	**Amount** **Whole Numbers**
Total LCFF Funds	$102,852,999
LCFF Supplemental & Concentration Grants	$10,023,157
All Other State Funds	$13,860,556
All Local Funds	$7,715,243
All federal funds	$3,177,323
Total Projected Revenue	$127,606,121

Total Budgeted Expenditures for the 2025-26 School Year	**Amount** **Whole Numbers**
Total Budgeted General Fund Expenditures	$135,969,408
Total Budgeted Expenditures in the LCAP	$19,964,197
Total Budgeted Expenditures for High Needs Students in the LCAP	$10,379,169
Expenditures not in the LCAP	$116,005,211

Expenditures for High Needs Students in the 2024-25 School Year	**Amount** **Whole Numbers**
Total Budgeted Expenditures for High Needs Students in the LCAP	$9,847,710
Actual Expenditures for High Needs Students in LCAP	$9,939,215

Funds for High Needs Students	**Amount** **[AUTO-CALCULATED]**
2025-26 Difference in Projected Funds and Budgeted Expenditures	$356,012
2024-25 Difference in Budgeted and Actual Expenditures	$91,505

Required Prompts(s)	**Response(s)** **[FIELDS WILL APPEAR IF REQUIRED]**
Briefly describe any of the General Fund Budget Expenditures for the school year not included in the Local Control and Accountability Plan (LCAP).	Campbell Union School district comprise of 12 schools that serve more than 6,300 students from pre-school to grade 8 who come from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno, and Saratoga. CUSD consists of one district and 11 charter schools. Each of the 11 charter

	schools develop their own local control accountability plan. Those plans can be viewed separately by school name on our district website: https://www.campbellusd.org/lcap. The funds allocated in this plan support the three overarching educational goals that are shared by each of our 12 schools. The General Fund expenditures include the regular classroom instruction, operational, other ancillary and administrative costs that are not included in the LCAP.

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Campbell Union School District
CDS Code: 43-69393-6046676
School Year: 2025-26
LEA contact information:
Shelly Viramontez
Superintendent
Sviramontez@campbellusd.org
408-364-4200

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

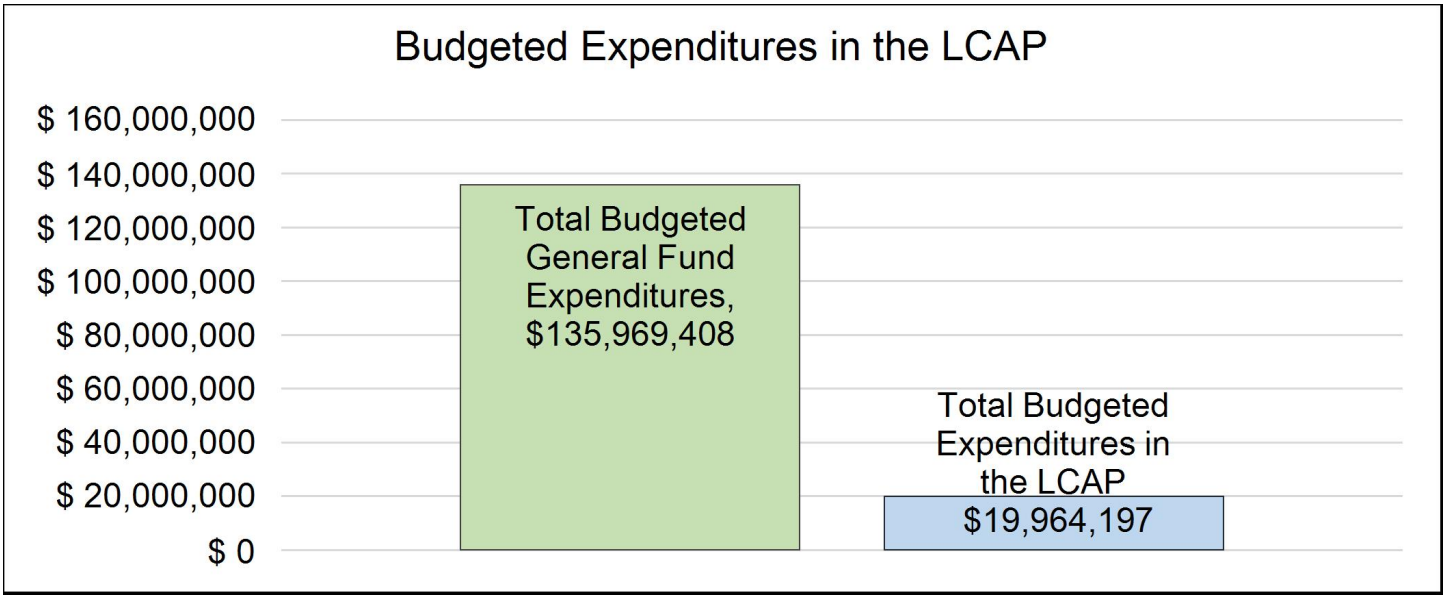

This chart shows the total general purpose revenue Campbell Union School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Campbell Union School District is $127,606,121, of which $102,852,999 is Local Control Funding Formula (LCFF), $13,860,556 is other state funds, $7,715,243 is local funds, and $3,177,323 is federal funds. Of the $102,852,999 in LCFF Funds, $10,023,157 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Campbell Union School District plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Campbell Union School District plans to spend $135,969,408 for the 2025-26 school year. Of that amount, $19,964,197 is tied to actions/services in the LCAP and $116,005,211 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

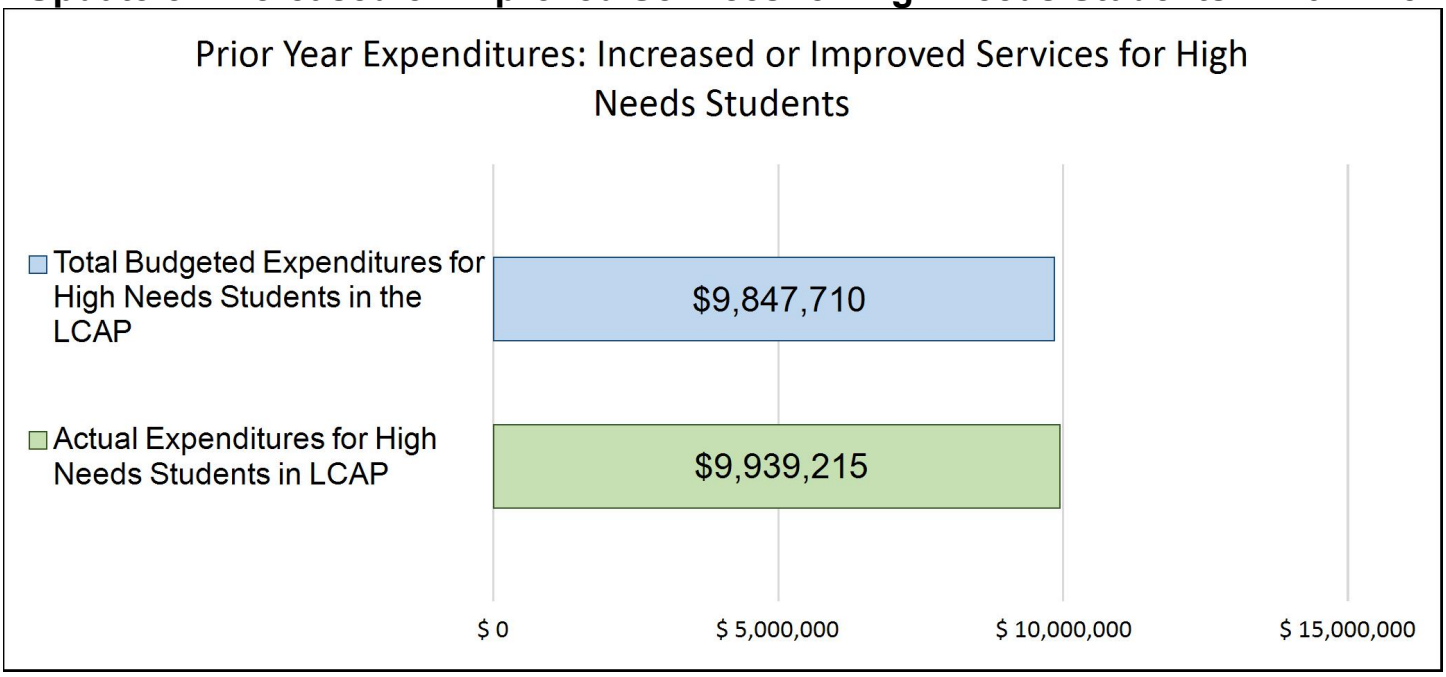

Campbell Union School district comprise of 12 schools that serve more than 6,300 students from pre-school to grade 8 who come from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno, and Saratoga. CUSD consists of one district and 11 charter schools. Each of the 11 charter schools develop their own local control accountability plan. Those plans can be viewed separately by school name on our district website: www.campbellusd.org. The funds allocated in this plan support the three overarching educational goals that are shared by each of our 12 schools. The General Fund expenditures include the regular classroom instruction, operational, other ancillary and administrative costs that are not included in the LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Campbell Union School District is projecting it will receive $10,023,157 based on the enrollment of foster youth, English learner, and low-income students. Campbell Union School District must describe how it intends to increase or improve services for high needs students in the LCAP. Campbell Union School District plans to spend $10,379,169 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Campbell Union School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Campbell Union School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Campbell Union School District's LCAP budgeted $9,847,710 for planned actions to increase or improve services for high needs students. Campbell Union School District actually spent $9,939,215 for actions to increase or improve services for high needs students in 2024-25.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

In Campbell Union School District (CUSD), we are committed to educating each student to their highest potential. We seek to be a model for innovative programs and instruction that engages, empowers, and inspires all children to feel safe and thrive. In the 2024-2025 school year we undertook integrating our continuous improvement work, started with district leaders in 2022, directly into classrooms. The systemwide learning of our Continuous Classroom Improvement Framework of high quality first instruction centers on a set of instructional practices that clarify learning targets while sharing ownership of learning progress and proficiency with students. The Framework was introduced across schools in the district through aligned professional development on each element: Classroom Mission Statements, Essential Learning Standards and Big Ideas (Math), Charting and Analyzing Results, and Plan, Do, Study, Act (PDSA) Cycles. Our systemwide learning plan was made by consensus with leaders in the spring of 2024, following a year of testing and developing the framework with teachers and administrators across all sites. In Campbell we are Learners, Collaborators and Community Builders. These values draw upon the Profile of a Graduate (POG) Competencies that were developed in collaboration with our community of parents, teachers, administration and business leaders. The skills that were determined essential provide a blueprint for the educational experience we provide our students. The POG competencies are: self directed, innovative, critical thinker, collaborative and empathetic.

The 12 schools that make up the district serve 6120 students from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno and Saratoga. CUSD consists of eight TK-5th grade schools, a TK-8th grade Dual Language (Spanish/English) school, a TK-8th grade Design Thinking School and two 6-8th grade middle schools. As of January 2025, our 6120 students are made up of 48.2% Hispanic, 20.4% White, 16.9% Asian, 3.5% Black/African American and the remaining 11.1% represents not reported, two or more races and other race and

ethnicities. Of the total enrollment in the 2024-2025, 29.0% are English Learners, 41.3% Socio-Economically Disadvantaged and 11.7% are Students with Disabilities (Data from CalPads as of January 2025).
The ratio of students to teachers in our classrooms is as follows:
Transitional Kindergarten: 1:12
Kindergarten-3rd Grade: 1:24
4th-8th grade: 1:30

We are a diverse district that proudly educates students from 3-year olds up to 8th grade. As the needs of our community changes to represent more dual income families, we created state subsidized and tuition based preschool programs that serve both our community and staff. We have preschools located on six of our campuses because we believe that children must have access to high-quality early learning programs to set them up for school success. Our preschool programs proudly partner with our Special Education department to allow for inclusion opportunities for students in the general education setting. With state funding to support Universal Pre-Kindergarten (UPK), Campbell is in the midst of expanding access to all four year olds by the year 2026 as outlined here:
2023-24: 5 years old from September 2-April 2nd
2024-25: 5 years old from September 2-June 2nd
2025-26: 5 years old who turn 4 by September 1st of that school year

Campbell has offered full day Transitional Kindergarten since the 2012-2013 school year with a seamless program that is integrated and considered as part of our Local Control and Accountability Plan (LCAP) goal planning and metric identification process. In the 2024-2025 school year we added four TK classrooms to meet the UPK state guidelines towards a total of 14 TK classrooms and supported our system with updated curriculum and materials (2023) along with developmentally appropriate assessment and corresponding onboarding professional development and coaching for staff. We are also proud of our expanded learning programs that include TK students and are offered after school and during the summer. These programs, through the input of our educational partners, better meet the diverse needs of our families and align to our belief that in order to propel our students on a successful academic journey we must attend to the whole child and make every effort to meet the needs of the families, who we see as our partners in the educational process.

The work in Campbell begins with hiring the best and brightest teachers and empowering them to engage with one another in professional learning communities (PLC) to evaluate multiple forms of data to inform collaborative planning, student instruction, and learning. PLC time is implemented as job-embedded professional development for all teaching staff. In addition, staff is supported in continuous learning through site-based and district offered professional development. In order to achieve our vision of educating every child to their highest potential, we implement research-based strategies that are proven to meet the needs of our most struggling learners, who may be English learners, students with disabilities, foster youth, or those who come from low-income settings. We believe that high-quality first instruction that supports these students' needs benefits all learners. Instructional planning in Campbell begins with the California Common Core Standards, a focus on our essential standards, and mapping of standards-based learning targets to drive instruction, engagement, and feedback. The standards are taught in conjunction with our POG competencies. Students are exposed to a well-rounded instructional program that includes technology integration, the arts, science (including environmental literacy), physical education, and opportunities for elective classes in our two comprehensive middle schools. Our high-quality instructional program includes an equal emphasis on social-emotional learning, supporting the whole child as part of an inclusive learning community. Campbell has strong partnerships with community-based agencies that offer a wide array of services to meet the diverse needs of our families. We are committed to supporting students and families - seeking to intentionally remove barriers that prohibit student success in school. Through the School Linked Services grant in collaboration with Santa

Clara County's Behavioral Health Services Department, our school communities access services with organizations such as Uplift, First 5, Catholic Charities, City of San Jose, and Alum Rock Counseling Center to provide counseling, parent education classes, resource management and referral guidance to community-based resources and nursing support. As our LCAP consistently demonstrates, our community is strong, innovative, and committed to changing with the needs of our educational partners

Regular, proactive communication, along with systematic monitoring and response to attendance indicators have improved overall attendance each year since our return in 2021 from distance learning. As overall attendance continues to improve in 2023-2024 and 2024-2025, our rates of chronic absenteeism have decreased, dropping to almost pre-pandemic levels. Our increase in TK enrollment offsets and flattens declining enrollment in the district. These early learners' developmental needs and the social emotional needs of students in the post-pandemic digital age continue to take center stage as we improve and strengthen the coordination of added supports to meet basic social and emotional needs. A focus on the whole child is our collective goal as teachers are challenged to find innovative ways to build learner agency and engagement. The goals/metrics and the planned actions and services in our LCAP transparently address how we implement improvement strategies to address the challenges facing our district. We consistently work with our educational partners to ensure that we are providing actions and services that will have a positive impact on student learning. We celebrate success as an organization and focus on knowing our impact on the overall learning process for adults and students alike. In the 2024-25 school year we responded to an increasing class of Newcomer multilingual learners and an increase in the number of students who are Socioeconomically Disadvantaged with added resources and coordinated support.

Monroe Middle School strives to establish a safe, supportive, academically challenging culture that encourages all students to become confident and creative critical thinkers actively engaged in learning. Monroe educates a diverse population of more than 677 students from Campbell, San Jose, and Santa Clara. Our student population is made up of many ethnicities, representing more than 30 languages. As of January 2025, our 677 student group percentages are as follows: are made up of 74.3% Hispanic Latino, 9.3% Caucasian, 4.9% Asian or Pacific Islander, 3.8% African American, and the remaining 7.7% represent other ethnic groups. Of the total enrollment of 2024-25, 38% are English Learners, 63.8% of students are Socioeconomically Disadvantaged, and 14.5% are students who have an Individualized Education Plan. (Data pulled from CALPADS as of January 2025). The ratio of students to teachers in our classrooms is 1:30.

As we work to improve student outcomes, we recognize both our progress and ongoing challenges. While student academic performance continues to grow, we are addressing persistent concerns with chronic absenteeism through consistent monitoring and intervention. We are committed to fostering student success by supporting the whole child—academically, socially, and emotionally. Teachers are continuously finding innovative ways to engage and inspire learning. The goals, metrics, and planned actions in the LCAP outline our strategies for improvement, ensuring that our efforts align with the needs of our students. Collaboration with our educational partners remains essential as we implement initiatives designed to strengthen student learning. We celebrate achievements at all levels and remain focused on the impact of our collective efforts. In the 2023-24 school year, we also saw an increase in Newcomer English Language Learners and the number of students who are Socioeconomically Disadvantaged, highlighting the importance of responsive and equitable support systems.

As a school, we are committed to increasing students' sense of belonging. During the 24-25 school year, we added an Advisory class. This class intends to build relationships, strengthen consistent behavior expectations, and explicitly teach academic expectations. In the fall, we saw a 9-point increase in our student measure on the Panorama Survey's Sense of Belonging. Through student feedback surveys and focus groups, 36% of our students report a strong sense of belonging. We have used protocols like 10 x 2, one one-on-one meetings, increased lunch time activities, clubs, and classroom-based Social and Emotional Learning (SEL). Our staff has engaged in relationship mapping to

increase and measure our perception of student connections. We have used this mapping to identify students who might not have strong connections with adults on campus and to engage these students.

Monroe Middle School partners with community-based agencies to support the diverse needs of our families. We are dedicated to removing barriers that hinder student success by connecting students and families with essential services. Through the School Linked Services grant, in collaboration with Santa Clara County's Behavioral Health Services Department, our school has worked with organizations such as Pacific Clinics, Catholic Charities, Bethel Church, Santa Clara County Youth Empowerment, the City of San Jose, SKIPs, and Seneca. These partnerships provide counseling, parent education, resource management, and referrals to community organizations. Additionally, in collaboration with the Santa Clara County Office of Education, our Wellness Room has been available for three years. This space offers students a place to take breaks, reset, and receive support from staff before returning to class, ensuring they can fully engage in their education.

Monroe Middle School is proud to be an AVID school, earning a Schoolwide Emerging Certification. AVID (Advancement Via Individual Determination) helps teachers move beyond traditional lectures to facilitate student-centered, inquiry-based learning. This approach is key to closing the opportunity gap and fostering deeper engagement in the classroom. To support this, our teachers receive ongoing coaching and professional development. Our continuous improvement coach conducts classroom walkthroughs, offering non-evaluative feedback on AVID strategies. We are seeing consistent use of Critical Reading Practices and Focused Notes across classrooms. Looking ahead, we aim to intentionally integrate Costa’s Levels of Thinking to enhance inquiry-based learning opportunities. In addition to AVID strategies used schoolwide, we offer AVID elective classes, including AVID Excel, which provides targeted English Language Development (ELD) support for our Emergent Bilingual students.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the 2023 California School Dashboard showed the following areas of need for Monroe:
English Language Arts Academics: English Learners were Red for this indicator
English Language Arts Academics: Students with Disabilities were Red for this indicator
Math Academics: English Learners were Red for this indicator
Math Academics: Students who are Socioeconomically Disadvantaged were Red for this indicator
Math Academics: Students with Disabilities were Red for this indicator
Math Academics: Students who are Hispanic/Latinx were Red for this indicator
Chronic Absenteeism: Students who are White were Red for this indicator

With the release of the 2024 California School Dashboard, the following areas and student groups continue to be areas of focus at Monroe.
Indicator: English Learning Progress
Student Groups Red: English Learners, Long-Term English Learners

To strengthen our support for students, we have shifted our designated English Language Development (ELD) program to include ELD 5 days a week for 6th-grade students, opened a Specially Designed Academic Instruction in English (SDAIE) English Language Arts class for newcomers, and opened a foundational literacy class for newcomers. We continue to see success with the use of English 3-D as our supplemental designated ELD curriculum. This has been impactful, specifically with student academic vocabulary development.

Indicator: Chronic Absenteeism
Student Groups Red: African American
Student Groups Orange: Socioeconomically Disadvantaged, Two or more races

To monitor and communicate with families, we use a tool called A2A that tracks student attendance. Based on patterns of attendance, families meet with our assistant principal to check in about any barriers that families may be facing to accessing their education. Schoolwide, we have robust resources for student engagement, including lunchtime activities, advisory classes, school sports, and clubs. In the fall of 2024, we saw a 9-point increase in the Panorama Survey student measure of sense of belonging.

Indicator: Suspension Rate
Student Groups Red: African Americans
Student Groups Orange: All Students, English Learners, Long-Term English Learners, Students with Disabilities, White, Two or more races

We continue to build alternatives to suspensions for student behavior incidents. In place with annual feedback and review are strong systems of Positive Behavioral Interventions and Supports (PBIS) and explicit teaching for all students around behavior expectations. The advisory period has ensured more consistency with our PBIS reboot lessons. That said, because of certain requirements under the education code, several behavior violations do require the consequence to be suspension. We have a multi-year reduction of expulsions.

Indicator: English Language Arts
Student Groups Red: English Learners, Long-Term English Learners, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic/Latinx
Student Groups Orange: All Students, White

CUSD is in the process of adopting a new curriculum to strengthen our materials in this content area. Training for all teachers around Advancement Via Individual Determination (AVID) strategies is ongoing. We are focused on the use of critical reading, focus notes, and vocabulary development. Based on Common Formative Assessments (CFAs) and teacher feedback, we see growth in student mastery of reading non-fiction text and claim evidence response writing selections.

Indicator: Mathematics
Student Groups Red: All Students, English Learners, Long-Term English Learners, Socioeconomically Disadvantaged, Students with Disabilities, Hispanic/Latinx
Student Groups Orange: White

We have additional staffing to create smaller classes in the 7th and 8th grades. We have integrated tools like Peer Teach, Magma Math, and Khanmigo to differentiate lessons and students' learning experiences. CUSD is beginning a new adoption pilot as well.

Campbell Union School District has unexpended Learning Recovery and Emergency Block Grant (LREBG) funds for the 2025-26 school year. LREBG funded actions for Monroe Middle School may be found in Goal 1, Action 1.8, and Goal 2 Action 2.2. See the action descriptions for an explanation of the rationale for choosing the selected actions.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not applicable.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Monroe was not identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Site Council (SSC)	Monroe Middle School SSC met 5 times this year where parents/caregivers gave input on action items in the LCAP that support all students. Surveys are given as part of the formal meetings to ensure parents have access and support to complete the survey. Community Liaisons regularly engage with this committee as well as parents who are not part of the committee to actively gather feedback on actions that will support newcomer and second language families. At the final meeting, SSC shared their support of the services and actions. We discussed the gaps in academic measures and the work we are doing to support stronger math resources. We reflected on the success of Advisory and sense of belonging and continuing with advisory next year.
English Language Acquisition Group (ELAC)	Monroe Middle School ELAC met 5 times this year where parents/caregivers gave input on action items in the LCAP that support emerging bilingual students. Surveys are given as part of the formal meetings to ensure parents have access and support to complete the survey. Community Liaisons regularly engage with this committee as well as parents who are not part of the committee to actively gather feedback on actions that will support newcomer and second language families. At the final ELAC meeting families shared their support of the services and actions. We discussed how we have shifted more supports to

Educational Partner(s)	Process for Engagement
	designated ELD in 6th grade and we are excited to see the impact on reclassification in the fall of 2025.
Students	Student feedback is gathered through multiple surveys. These responses are guides to follow-up focus groups with students to better understand their feedback. Students report feeling supported by staff and that staff have high expectations for them in their learning. Students share that social cruelty and a sense of belonging continue to be areas of worry and concern.
Teachers	Teachers are engaged through school leadership teams which meet monthly, staff meetings, experience surveys, and a process called Leader Rounding where teachers are asked a series of questions to understand their experience with different district/school services and processes. Teachers also have the opportunity to communicate questions/concerns/input to the Superintendent through Faculty Senate meetings held 6 times per year. Teacher feedback is also solicited after each professional development session and through the process of negotiations with the district annually. Staff report that our goals and expectations are clear. They shared that continuing to strengthen communication around complex behavior responses is a need. The intervention team is working to re-write our majors and minors response decision tree.
Special Education	CUSD staff meets with the SELPA Director from the Santa Clara County office of Education annually to get input on CUSD's LCAP. Special Education leverages the Compliance Improvement Process (CIM) to further address on-going supports for students with disabilities by attending regular County Office Meetings to discuss district plans. CIM surveys are sent annually to all families of students with disabilities for feedback on district involvement and feedback with IEPs. As a result of our CIM work, in 23.24 Campbell developed and launched a guide for supporting English Learners within the Multi-Tiered System of Support (MTSS) framework, aligning to our goal of high quality first instruction for students.Special Education Director attends SELPA Community Advisory Committee meetings. A special

Educational Partner(s)	Process for Engagement
	education parent is part of the district SPAC committee and part of school site council teams at the school level.
Principals/Administrators	School site Principals and District Administrators are engaged with the LCAP process regularly through Cabinet and District Leadership team monthly meetings. Data is regularly discussed and aligned to the actions as funded in the LCAP so that we can determine the impact of actions.
Classified Staff members	Classified staff participate in the annual employee experience survey. They are also asked for feedback through the process of Leader Rounding by their supervisors. They provide feedback after meetings and training through the Plus/Delta process.
Parents/Guardians	Our site uses the following methods to engage and inform parents/guardians at the school and district level: coffee with the Principal meetings, School Site Council Meetings, PTA meetings, and the English Language Acquisition Committee (ELAC). Our parent/caregiver groups, which include parents/caregivers of students with an IEP, include updates on the school and LCAP updates. We utilize uniform LCAP slide decks which are prepared by the Teaching and Learning Department for all parent school site council meetings. The slides present LCAP information in small pieces all throughout the year. Topics included in the presentations are data sharing of LCAP metrics, budget updates, dashboard data discussions, parent surveys, and local indicators. At the end of each parent meeting, we use a Plus/Delta process to gather input from parents. The process for district surveys is to send out notification that a survey is coming, we send postcards to families with instructions for how to take the survey (offered in Spanish and English), and we communicate weekly during the survey window using Parent Square. The results are shared back with parents in a message from the Superintendent as well as individual school results shared with community partners in school-based meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

2024-2025
Consultation from our staff and various educational partners consistently came back sharing the following themes:

From staff, we see the following themes: enhanced communication and transparency around student discipline response and protocols, stricter and more effective student behavior management, improved scheduling procedure for new students, and understanding of resource allocation.

From families, we see the following themes:
Student safety and discipline including student physical aggression, vaping, and social cruelty. Additionally, wanting more strict enforcement of discipline practices. Communication between the school and parents. Families expressed a need for more regular updates from teachers regarding their child's progress, beyond just the once-a-year parent-teacher conference and Inconsistent communication methods. Math and English instruction were commonly cited as needing improvement,
particularly for English Learners and students needing more advanced challenges. Writing curriculum in middle school appears to be lacking, leading to concerns about academic preparedness. Calls for more support for struggling students while also challenging advanced learners. Many parents mentioned chaotic and unsafe drop-off and pick-up procedures, with cars blocking lanes, congestion, and a lack of enforcement.

In response to this feedback:
-For the 25-26 school year we have a new English Language Arts Adoption which will support with concerns around writing curriculum and updated resources. For the 25-26 school year we will begin our math curriculum pilot. Our Math Improvement Coach will continue to support our teachers in using tools like Magma Math. Magma Math allows for customized supports to students by skill and engages students in collaborative learning.
-We will continue with our advisory program. The advisory will be a place where students can get support in a small classroom setting for goal setting, academic readiness, and relationship building.
-We will continue and grow the programming enhanced by the addition of the Dean of Students, Multi-Tiered System of Supports (MTSS) aide, and Positive Behavioral Interventions and Supports (PBIS) aide. The programming enhancements will be focused on strengthening student's sense of belonging at school and student behavior expectations.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Provide high quality academic first instruction for all students.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

CUSD is a data informed system. We use data to determine areas of strength and weakness and it helps us respond to instruction in professional learning communities. Current SBAC and local iReady academic data reports indicate that we have a disproportionate amount of students performing in tiers two and three, indicating that additional supports for students and teacher training are needed in tier 1. Data also demonstrates that there is an achievement gap between "all students" and our identified student-groups. (low socio-economic, English Learners, Foster Youth and students with disabilities) We examine academic data from both a growth and overall proficiency standpoint. SBAC data indicates that there is trend of students not maintaining proficiency as they move from one grade level to the next in math. Because of this concerning data trend we have developed this goal to ensure that we are examining the quality of instruction that ALL students receive in tier 1. Improving our first instruction through our professional learning community work and the actions associated in this LCAP plan will lead to greater teacher efficacy and student growth and achievement levels. As part of our anti-racism work, we have aligned a goal in this area that is to increase the racial literacy of our system. In order to provide high quality first instruction we must allow staff to learn and lean into discomfort to uncover bias. We will develop along a continuum in our pursuit to better serve all students.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	Percent of students Meeting or Exceeding Standard on the Smarter Balanced Assessment:	2022.2023 SBAC English Language Arts Results	2023.2024 SBAC English Language Arts Results		80% of students in grades 3-8 Meeting or Exceeding	• Grades 6-8

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024.2025 school year, all actions for Monroe's goal of providing high-quality academic first instruction for all students were fully implemented. cc

To support the analysis of this goal, actions are grouped by the following categories: Site-Based Instruction and Professional Development(Actions 1.2, 1.6, and 1.8), Release Time (Actions 1.4), Programming and Materials (Actions 1.3, 1.5, 1.7), and Educational Assistant Staff (Actions 1.1).

Our site-based instruction and professional development focused on supporting the implementation of school-wide Advancement Via Individual Determination (AVID) strategies of Focus Notes and Critical Reading. Teachers received direct training, planning time during Professional Learning Communities (PLCs), and ongoing coaching. The impact of this work has resulted in common practices and procedures for students, and Common Formative Assessments show growth to mastery with Claim Evidence response writing based on grade level expectations. In Math, our Math Specialist has supported the implementation of Peer Teach instead of iXL. Peer teachers use formative assessment to pair students based on skills.

For our action for release time (Action 1.4), we had 12 school days to support our COST (Coordination of Services Team) process. This structure has replaced the Student Study Team (SST) process to have more timely and impactful support plans for students. The process has allowed for increased tracking of interventions and intentional use of the MTSS/ELD protocol.

This year, we again used English 3-D as a supplemental resource in our designated English Language Development (ELD) program. The math department asked to use the digital tool of PeerTeach from iXL, so we shifted the funding for iXL to PeerTeach. Staff were not available to facilitate the summer bridge program. We will be able to implement this by the fall of 2025. Programming and Materials (Actions 1.3, 1.5, 1.7)

Our Educational Associate Position to support AVID Excel provided direct student support in our AVID Excel classes and newcomer classes. Educational Assistant Staff (Actions 1.1)

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following differences occurred:
1.4 Release Time: We were able to secure more days based on additional teacher referrals for the COST process, so we used more roving guest teachers to support classroom release time.
1.5 AVID Excel Summer Bridge: Staff were not available to implement this program in August of 2024.
1.7 iXL Subscription: The allocation for iXL was shifted to the program PeerTeach. The cost of the program was similar.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of the metrics shows that all actions, as categorized below, have demonstrated or are approaching effectiveness in making progress toward Monroe's goal of providing high-quality academic first instruction for all students.

Contributing Action: Educational Assistant Staff (Actions 1.1).
The instructional assistant supports our newcomer students in the core academic content classes. She also provides tutoring after school on Wednesday. In collaboration with our Newcomer teacher, our IA is able to support teachers with the use of EL supports and access points. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal, as noted.

Metrics for Contributing Action 1.1
1.4 English Learner Progress Indicator: We saw a 17% increase in the number of students who had a current and prior year ELPAC score and a 14% drop in English Learners making at least one leel of progress or maintaining a 4.
1.5 Percentage of English Learner Redesignation/Number of Long-Term English Learners, we saw a 25-student reduction in 8th-grade Long-Term English.
1.6 Percentage of Students Early on, Mid, or Above Grade Level on iReady ELA, saw an overall growth of 8%

Contributing Actions: Site-Based Instruction and Professional Development(Actions 1.2, 1.6, and 1.8)
With the support of our Improvement Coach and our consistent implementation of AVID professional development, our school has reached School-Wide Emerging Certification. Additionally, based on classroom walkthroughs, we see 80% implementation of our two target strategies: critical reading and focus notes. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal, as noted.

Metrics for Contributing Actions 1.2, 1.6, and 1.8
1.1 Percentage of Students Meeting/Exceeding Standard on the ELA SBAC saw an overall growth of 5%. We saw drops in levels for the following student groups of socioeconomically disadvantaged students, Asian, and Hispanic/Latino. This is our first year of consistent implementation of schoolwide AVID strategies, and we predict that with year-over-year consistent implementation, our scores will grow in all student groups.
1.2 Percentage of Students Meeting/Exceeding Standard on the Math SBAC saw an overall growth of 1%. We know that more work needs to be done in this area and that our current curriculum resources are not meeting the needs of students and teachers. The process to pilot new

materials for middle school math has begun. Additionally, our 8th grade math teachers have used Collaborative Study Groups to support student-driven tutorials in math. Initial local data suggests this is helping students understand their learn more deeply.
1.3 Percentage of Students Meeting/Exceeding Standard on the Science CAST, we saw an overall growth of 3%. A barrier to growth is the CAST vertical articulation and standards alignment. Our Improvement Coach is working with our science department to streamline the vertical standards as well as support with aligned use of formative assessments.
1.6 Percentage of Students Early on, Mid, or Above Grade Level. on iReady ELA, saw an overall growth of 8%
1.7 Percentage of Students Early on, Mid, or Above Grade Level. on iReady Math, saw an overall growth of 3%.

Release Time (Actions 1.4)
The release time for COST meetings has allowed us to complete 30 referrals and follow up this year. The COST process allows support plans for students to be created much more quickly with supported follow-up. We will continue to monitor implementation of this process.

Contributing Actions: Programming and Materials (Actions 1.3, 1.5, 1.7)
Based on the need to increase engagement, we switched to PeerTeach from iXL. PeerTeach aligns with our increased use of common formative assessments as well as student collaboration. Students are able to work with classmates who have complementary skills.
Although we were not able to host a Summer Bridge program in August of 2024, planning for August of 2025 has already begun. The program this summer will focus on building student leadership capacity for student activities while incorporating WICOR (Writing, Inquiry, Collaboration, Organization, and Reading) strategies aligned to AVID.
English 3-D continues to support our designated ELD program. We expanded the use of English 3-D with our 6th-grade classes to 5 days a week this year. As this is the first year of this model will continue to monitor progress of this shift as spring summative ELPAC scores are not available yet. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal, as noted.

Metrics for Contributing Actions 1.3 and 1.5
1.4 English Learner Progress Indicator: We saw a 17% increase in the number of students who had a current and prior year ELPAC score and a 14% drop in English learners making at least one level of progress or maintaining a 4.
1.5 Percentage of English Learner Redesignation/Number of Long-Term English Learners, we saw a 25-student reduction in 8th-grade Long-Term English.
1.6 Percentage of Students Early on, Mid, or Above Grade Level. on iReady ELA, saw an overall growth of 8%.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025.2026, there are no changes to the goal.

For 2025.2026, the following action has been adjusted:
1.7 iXL Subscription: Will be using PeerTeach in place of iXL for this next year.

For 2025.2026, the following Metrics have been adjusted:
Metric 1.5: The Metric has been updated to reflect the correct county redesignation rate.
Metric 1.13: In recognition of the need to ensure Local Indicators and connected metrics are accessible to relevant educational partners and actionable for staff, CUSD adjusted the input process for this metric, beginning in 2024.2025. Local Indicator ratings for Priority 2: Implementation of State Academic Standards are now rated by site administrators, classroom teachers, Reading Specialists, and Math Intervention Teachers. This change allows for those closest to the work to provide feedback and information on: making instructional materials for academic standards, implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction for academic standards, progress implementing other academic standards, and support for teachers and administrators, supporting more meaningful reflection and planning from these results.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Educational Associate Position to support AVID Excel	Increased or Improved Service: Educational Associate FTE of .75 to support our AVID Excel and Newcomer programs that supports our students who are emergent multilingual learners This action supports the student group indicator "red" on the 2023 California School Dashboard for English Learners in English Language Arts by providing an additional educational associate position to improve English Language acquisition.	$48,964.00	Yes
1.2	Professional Development for AVID and AVID Excel	Enhanced Services and Support: Funding will be allocated for ongoing professional development in the AVID and AVID Excel programs. This initiative aims to improve student performance in English Language Arts, specifically addressing areas identified as "red" on the 2023 California School Dashboard. The professional development will be tailored to meet the needs of English Learners and Students with Disabilities, ensuring more effective instructional support within these programs.	$12,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.3	Instructional Materials	Increased or Improved Service: Purchase English 3-D Supplemental Materials This action supports the student group indicator "red" on the 2023 California School Dashboard for English Learners in English Language Arts by providing targeted resources to improve English Language acquisition.	$6,000.00	Yes
1.4	Release Time	Release time to support SSTs, teacher classroom planning, and teacher observations	$7,000.00	No
1.5	AVID Excel Summer Bridge	Stipends for teachers and classified staff for Summer Bridge This action supports the student group indicator which was "red" on the 2023 California School Dashboard for English Learners in English Language Arts by providing additional instruction time through the AVID Excel Summer Bridge program.	$3,000.00	Yes
1.6	Improvement Coach	Full-Time Improvement Coach for Instructional Support: A 1.0 FTE Improvement Coach will be provided to support Professional Learning Communities (PLCs) and enhance instructional practices across the campus. This initiative aims to improve student performance in English Language Arts and Math, addressing areas marked as "red" on the 2024 California School Dashboard. The Improvement Coach will focus on closing achievement gaps among English Learners, Students with Disabilities, Socioeconomically Disadvantaged students, and Hispanic/Latino students.	$174,528.00	Yes
1.7	Digital Math Program	Purchase of a supplemental math support program	$9,000.00	No
1.8	Math Improvement Coach (Formerly	Partially LREBG funded action as identified by the needs assessment: 1.0 FTE Math Improvement Coach to integrate high leverage coaching	$168,498.00	Yes

Action #	Title	Description	Total Funds	Contributing
	TOSA: Math Specialist)	practices in support of the new California Math Framework to improve outcomes for all students. Studies show that equitable access to a strong conceptual foundation, along with frequent formative feedback, improves academic outcomes for all students, including English Learners, Students with Disabilities, Socioeconomically Disadvantaged students, and Hispanic/Latino students whose student group indicators were "red" in Math on the 2023 California School Dashboard (Allowable Use of Funds - Criteria B). LREBG Funds: $86,375 Metrics: 1.2, 1.7 and 1.12		

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Provide high quality social emotional learning for all students.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

CUSD is a data informed system. We use data to determine areas of strength and weakness and it helps us respond to instruction in professional learning communities. This goal was created to help the district establish a clear and articulated multi-tiered system of support. District data in this area indicates that we have a higher percentage of suspensions and absences for specific student-groups. Actions in this area will be designed to improve outcomes for all students, with targeted intervention for sub-groups where data indicates need. This goal is also important to help us reach our goals associated with becoming an anti-racist organization. As part of this work we aligned a goal to normalize conversations about race. This supports the healthy social emotional development of all students in our system. We must transparently identify and deconstruct issues of race and bias that are negatively impacting our system.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024–2025 school year, all planned actions aligned with Monroe's goal of providing high-quality social-emotional learning (SEL) for all students were fully implemented. To facilitate a comprehensive analysis of this goal, the implemented actions have been organized into three key categories:

1. Staff to Support Social-Emotional Well-Being (Actions 2.1 and 2.8):
Monroe's counseling team and Dean of Students played a central role in delivering Social and Emotional Learning (SEL) support to all students through a well-structured, tiered system of intervention. This system is responsive to student needs, as determined through the analysis of multiple data sources, including Panorama surveys, counseling referrals, and office discipline referral data. Tiered supports range from universal strategies available to all students to more intensive, individualized interventions for those demonstrating higher levels of need. The collaborative approach ensures that students receive timely and appropriate supports that promote their emotional and social development.

2. Staff to Support Student Behavior (Actions 2.2, 2.3, and 2.5):
Dedicated staff members focused on supporting student behavior through proactive and responsive strategies. These actions were designed to foster a safe and positive learning environment and included the use of behavior intervention plans, restorative practices, and consistent implementation of schoolwide expectations. The behavior support framework is closely tied to SEL goals, reinforcing positive behaviors and helping students develop self-regulation and interpersonal skills.

3. Resources to Support Student Activities and Build School Culture (Actions 2.4, 2.6, and 2.7):
Monroe invested in a variety of programs and resources aimed at enhancing student engagement and strengthening school culture. The school successfully hosted two club sessions, each offering twelve student-led or staff-supported clubs, which provided opportunities for students to explore interests, connect with peers, and build a sense of belonging. Our athletic program continues to thrive, serving over 200 students annually, and this year we were proud to expand our offerings by introducing a flag football team. Additionally, funding was allocated to supplies and resources that support school events and PBIS initiatives. These investments made it possible to host several 3 well-attended Lunch with a Loved One" events, which fostered stronger school-family partnerships and celebrated student success.

Collectively, these actions reflect Monroe's commitment to fostering a supportive, inclusive, and engaging environment where all students can thrive socially, emotionally, and academically.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following differences occurred:
2.3 PBIS Support and Safety: The staff member hired for this position started in September, so the salary allocation was prorated for the staff member's start date.
2.7 PBIS Supplies: We exceeded our budget as we were able to add three Lunch with a Loved One.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of the metrics shows that all actions, as categorized below, have demonstrated or are approaching effectiveness in making progress toward Monroe's goal of providing high-quality social-emotional learning for all students.

Contributing Actions: Staff to Support Social-Emotional Well-Being (Actions 2.1 and 2.8):
The implementation of a tiered SEL support system—led by Monroe's counseling team and Dean of Students—has been highly effective in addressing the diverse needs of students. The use of data from Panorama surveys, counseling referrals, and discipline records has enabled timely and targeted interventions. This system has ensured that students at all levels of need receive appropriate support, promoting both emotional resilience and social growth. The collaborative nature of this framework has been a key factor in its success, ensuring consistency and responsiveness across the campus. We saw a 9-point growth in sense of belonging on the Panorama survey (Metric 2.6). These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal as noted.

Metrics for Contributing Actions 2.1
2.1 Annual Attendance Rate: We saw a 0.03% decrease from 22-23 to 23-24.
2.6 Panorama Student Survey Category of Sense of Belonging saw a 9% increase in students choosing a favorable response.

Contributing Actions: Staff to Support Student Behavior (Actions 2.2, 2.3, and 2.5):
The deployment of dedicated behavior support staff and strategies has significantly contributed to a more positive and predictable school climate. Restorative practices, behavior intervention plans, and consistent reinforcement of schoolwide expectations have helped reduce behavioral incidents and improve student self-regulation. These actions have not only supported improved behavior but also reinforced SEL skills, making them an essential part of the school's progress toward its SEL goal. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal, as noted.

Metrics for Contributing Actions 2.2, 2.3, and 2.5
2.6 Panorama Student Survey Category of Sense of Belonging saw a 9% increase in students choosing a favorable response.
2.7 For the Student Engagement Survey question " I feel safe at my school," the response rating grew 0.19% from 3.13 to 3.32 on a scale out of 5. For the question "I feel my school is clean," the response rating grew 0.24% from 2.52 to 2.76 on a scale out of 5.

Contributing Actions: Resources to Support Student Activities and Build School Culture (Actions 2.4, 2.6, and 2.7):
Monroe’s investment in extracurricular activities and school culture initiatives has had a measurable impact on student engagement and connectedness. Club offerings, athletic opportunities, and community-building events such as "Lunch with a Loved One" have enhanced students’ sense of belonging and pride in their school. The expansion of athletics, including the addition of a flag football team, and the strategic use of PBIS resources have further supported student motivation and morale. These initiatives have played a crucial role in reinforcing SEL by creating spaces where students can build relationships and celebrate shared successes. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal, as noted.

Metrics for Contributing Action 2.4
2.6 Panorama Student Survey Category of Sense of Belonging saw a 9% increase in students choosing a favorable response.
2.7 For the Student Engagement Survey question " I feel safe at my school," the response rating grew 0.19% from 3.13 to 3.32 on a scale out of 5. For the question "I feel my school is clean," the response rating grew 0.24% from 2.52 to 2.76 on a scale out of 5.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For the 2025–2026 school year, there are no changes to the established goal, accompanying metrics, or actions.

This decision is informed by the positive progress demonstrated through our Panorama data related to students' sense of belonging, as well as the encouraging outcomes from our Teacher-Student Relationship Mapping initiatives. These indicators suggest that the actions and services currently aligned to this goal are effectively supporting progress in our targeted areas. As a result, we will continue to implement and refine these strategies to sustain and deepen the positive impact observed across these key measures.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	School Counselor	Increased or Improved Service: Fund 3 FTE of a school counselor to support the social emotional needs of students. This action supports improvement of the Chronic Absenteeism indicator which was "red" on the 2023 California School Dashboard for the White student subgroup by providing a counselor for all students to address social/emotional needs and increase engagement.	$420,963.00	Yes
2.2	MTSS Support	Increased or Improved Service and partially LREBG funded action as identified by the needs assessment:1.0 MTSS Support Coordinator facilitates the development of lessons for positive behavior supports, coordinate after school clubs, and implement the check in/check out program. The position supports students within California's Multi Tiered Systems of Support framework, integrating evidence-based intervention practices with local systems and initiatives to effectively respond to student's academic, social-emotional, and behavioral needs. (Allowable Use of Funds - Criteria C). LREBG Funds: $17,734.00 Metrics 1.6,1.7,1.8,1.4	$70,935.00	Yes
2.3	PBIS Support and Safety	Fund a 1.0 FTE PBIS support staff who will be responsible to campus wide safety and support.	$80,997.00	Yes
2.4	Stipends for School Clubs	Increased or Improved Service: Stipends to support clubs, after school HW club, and 6th grade orientation.	$15,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.5	Dean of Students	Fund a 1.0 FTE Dean of students to support positive school climate and behavior.	$192,990.00	Yes
2.6	Athletic Director	Funding to support Athletic Director Stipend	$10,000.00	No
2.7	Supplies	Funding for funding for resources in classrooms that support student learning, the wellness room, and PBIS	$25,000.00	No
2.8	Wellness Coach	1.0 FTE Wellness coach to support our wellness center and student wellness skills	$77,806.00	No
2.9	SLS Coordinator	1.0 FTE to support family engagement and coordination of community base resources and services	$102,905.00	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Fully engage parents/guardians, and the community in support of student well-being.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

In Campbell, we realize that partnering with families is essential to help reach our goal of educating each child to their highest potential. We understand the research that says that students who have parents or guardians who are actively engaged in the educational process of children leads to better social emotional and academic results. This became even more apparent to us during the pandemic as we depended on a mutually beneficial partnership to ensure student success. Internal data in Campbell demonstrates that we have active parent leadership groups at each school; however, there is a need to more actively engage families who are representative of the community we serve. In order to meet our goals of becoming an Anti-Racist District we realize that we need more diverse perspectives when engaging families in support of our students. We have created an anti-racism goal that aligns to this LCAP goal and that is to tap the untapped voices in our system. To fully understand student needs we must directly connect with families to find out what supports and services will be most beneficial in helping children meet goals.

Measuring and Reporting Results

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024.2025 school year, all actions for Monroe's goal of fully engaging parents/guardians and the community in support of student well-being were fully implemented.
To support the analysis of this goal, actions are grouped by the following categories:

Student Well-Being (Actions 3.1 and 3.2)
Our wellness center continues to support student needs across the campus with tiered supports. The wellness coach provides check-ins and tier 1 support for our campus. Our wellness therapist provides short term 1 on 1 therapeutic counseling for students based on our counseling referral process.

Communication, Outreach and Engagement (Actions 3.3 and 3.4)
Our SLS coordinator supports family outreach and engagement. Our newcomer teacher additionally supports family engagement and communication with our newcomer families.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following difference occurred:
For action 3.3 School Linked Services Coordinator, there was a staffing change mid-year and for 5 weeks the role was not filled, sor the salary allocation was not fully used for this school year.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of the metrics shows that all actions, as categorized below, have demonstrated or are approaching effectiveness in making progress toward Monroe's goal of providing high quality social emotional learning for all students.
Student Well-Being (Actions 3.1 and 3.2):
The tiered support system at Monroe, anchored by the wellness center, has been instrumental in addressing a broad range of student needs. The wellness coach's regular check-ins and Tier 1 supports have helped proactively address social-emotional learning (SEL) concerns campus-wide. Additionally, the wellness therapist has provided targeted, short-term 1:1 therapeutic counseling through a structured referral process, ensuring that students receive timely mental health support. These systems demonstrate the school's commitment to student well-being and have proven effective in fostering a safe and supportive environment. (Metrics 3.1 and 3.2)

Contributing Actions: Communication, Outreach, and Engagement (Actions 3.3 and 3.4):
The school's communication and engagement strategies have also been effective. The Student and Family Support Liaison (SLS) coordinator plays a key role in maintaining ongoing communication and outreach with families. Moreover, the newcomer teacher has provided targeted support to newcomer families, strengthening home-school connections and improving communication. These efforts have built trust with families and have helped ensure that parents and guardians are informed and engaged in their students' educational and social-emotional development. These categorized actions demonstrate effectiveness as evidenced by the metrics noted below, including those metrics that directly address contributing actions under this goal as noted.

Metrics for Contributing Actions 3.3 and 3.4
3.1 and 3.2 Parent/Guardian overall satisfaction ratings, the top box percent from the Annual Parent/Caregiver Engagement Survey and Parent/Guardian response rating and top box percent to the question, "I receive positive phone calls, emails, or notes about my child from the school." (Metrics 3.1 and 3.2) all increased, with gains of overall satisfaction increasing to 3.60 to 3.89 on a scale out of 5.
3.3 (Local Indicator Self-Reflection Tool Priority 3 Building Relationships Between School Staff and Families), rated by our administrative team, shows a 2-point increase on a scale out of 5. We attribute this to our work in Advisory and how Advisory teachers have been able to build targeted relationships with students and support communication and goal setting.
In Metrics 3.4 (Local Indicator Self-Reflection Tool Priority 3 Building Partnerships for Student Outcomes) and 3.5 (Local Indicator Self-Reflection Tool Priority 3 Seeking Input for Decision Making), our Community Liaison and administrative team rate us at Full Implementation. Additionally, families share feedback on the next steps to support the school in maintaining the impact of our work.

Counseling and Family Support:
Monroe's comprehensive counseling team has further reinforced progress toward this goal. The school has enhanced relationship-building among students, staff, and families by assigning counselors to specific grade levels. The team's collaboration with families around TUPE (Tobacco Use Prevention Education), SEL, behavioral, and academic needs reflects a holistic and responsive approach to student support.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025.2026, there are no changes to the goal or actions.

For 2025.2026, the following Metrics have been adjusted:
Metrics 3.3, 3.4, and 3.5: In recognition of the need to ensure Local Indicators and connected metrics are accessible to educational partners and actionable for staff, CUSD adjusted the input process for Metrics 3.3, 3.4, and 3.5. Beginning in 2024.2025, Metric 3.3 and 3.5 are now rated by site administrators, and Metric 3.4 is rated by Community Liaisons and other site staff. This shift allows for those closest to the work of supporting families to provide input to inform and improve practices in supporting and building capacity of staff, while also ensuring School Site Councils and English Learner Advisory Committees are able to to provide ratings on other aspects of the Local Indicators, including creating welcoming environments, implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes, and building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Counseling and Wellness Room	Increased or Improved Service: Funds to support the counseling department and wellness room with supplies for student and family engagement and support. This action supports improvement of the Chronic Absenteeism indicator which was "red" on the 2023 California School Dashboard for the White student subgroup by providing a counseling room to address social/emotional needs and increase engagement for identified students.	$10,000.00	No
3.2	Wellness Room Staff	Staffing support for the Wellness Center through a Wellness Coach (Action 2.8).		No
3.3	School Linked Services	Fund 1.0 FTE School Linked Services Coordinator who supports families with a variety of resources to remove barriers (housing, food insecurity) students may experience in accessing their education.	$102,887.00	Yes

Action #	Title	Description	Total Funds	Contributing
3.4	Newcomer Support	.2 FTE staffing to provide direct newcomer support to our students and families who have being in school in the United States less than 12 months.	$35,355.00	Yes

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2025-26]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
$1,721,772	$170,917

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.2	**Action:** Professional Development for AVID and AVID Excel **Need:** Supporting academic language and literacy. **Scope:** Schoolwide	Funding to support ongoing professional development for AVID and AVID Excel program. Specifically training one Resource Specialist to support Students with Disabilities through the AVID Excel program.	1.1 ELA SBAC, 1.2 MA SBAC, 1.3 CAST, 1.6 iReady, and 1.7 iReady Math

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.6	**Action:** Improvement Coach **Need:** Local iReady data and summative SBAC data demonstrate there is an identified achievement gap between student groups. English Learners, low socioeconomic status, and students with disabilities are requiring more academic supports to meet their needs. **Scope:** Schoolwide	This is a schoolwide contributing action. CUSD is a a district focusing on continual improvement through the use of improvement science techniques and research based best practice. The improvement coaches are employed to help teachers understand improvement science research based strategies and implement them with students.	1.1 ELA SBAC, 1.2 MA SBAC, 1.3 CAST, 1.6 iReady, and 1.7 iReady Math
1.8	**Action:** Math Improvement Coach (Formerly TOSA: Math Specialist) **Need:** Local iReady data and summative SBAC data demonstrate there is an identified achievement gap between student groups. English Learners, low socioeconomic status, and students with disabilities are requiring more academic supports to meet their needs. **Scope:** Schoolwide	The Math Specialist provides support for teachers to feel more confident in teaching the standards. The additional staff also helps provide push in support for students as needed. This action aligns to the academic performance in Math metrics.	1.7 iReady growth data and 1.2 SBAC
2.1	**Action:** School Counselor **Need:** Increased requests for counseling from families, teachers and students self-referring.	This action is being provided across the school and addresses student social/emotional needs. Research demonstrates that counseling and early intervention for students experiencing trauma leads to improvement in the child's emotional and academic engagement in school. Counseling	Attendance and Panorama data

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Social emotional support after the pandemic was at an all time high. **Scope:** Schoolwide	groups also seek to provide small group instruction for students early before their emotional well being is compromised and leads to disengagement from school.	
2.2	**Action:** MTSS Support **Need:** Hire staff to assist the school in MTSS implementation. This is a position that was requested by educational partners to increase safety and support the social emotional needs of students. **Scope:** Schoolwide	This action is being implemented school-wide based on data that indicates a need for additional supervision and support on campus. The action addresses the need by creating more adult supervision and ability to connect with students during out of school time. The position also has training offered which supports self regulation skills, support to emphasize our profile of a graduate skills and relationship building between students and staff.	Panorama and Studer Experience data
2.3	**Action:** PBIS Support and Safety **Need:** Hire staff to assist the school in PBIS implementation. This is a position that was requested by educational partners to increase safety and support the social emotional needs of students. **Scope:** Schoolwide	This action is being implemented school wide based on data indicating a need for additional supervision and support on campus. The action addresses the need by creating more adult supervision and ability to connect with students during out of school time. The position also has training offered that supports self regulation skills, support to emphasize our profile of a graduate skills and relationship building between students and staff.	Panorama and Studer Experience data
2.4	**Action:** Stipends for School Clubs	Building and maintaining positive school culture is critical to a school. School clubs provide a safe	Panorama and Studer Experience data

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Need: Students report a lower sense of belonging at school and are seeking safe and welcoming spaces to be with friends. **Scope:** Schoolwide	space for students to explore non academic passions and build relationships with classmates.	
2.5	**Action:** Dean of Students **Need:** Hire staff to assist the school. This is a position that was requested by educational partners to increase safety and support the social emotional needs of students. **Scope:** Schoolwide	The Dean of student supervises the work of the MTSS and PBIS positions to enhance and strengthen school climate and safety. This position supports the create of school wide events to engage students. The Dean handles school discipline.	Panorama and Studer Experience data
2.9	**Action:** SLS Coordinator **Need:** Families and students experience barriers around housing, healthcare, transportation, and SEL supports. **Scope:** Schoolwide	SLS coordinator meets with families and facilities access to community based resources to address barriers to education.	Panorama Survey and Studer Survey
3.3	**Action:** School Linked Services	Strong home/school partnerships are essential in supporting the wellbeing of students and building	Survey data of families receiving support.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Need: Monroe Middle School serves a diverse population and data indicates an increased number of newcomer families who are English Language Learners. This creates an increased need to provide support to families through the use of Community Liaison. **Scope:** Schoolwide	the capacity of parents to support learning at home. Community Liaisons are able to welcome new families, communicate in the family's native language and align families with resources to help their student transition to school successfully.	
3.4	**Action:** Newcomer Support **Need:** We have an increase in the number of students who are entering school in the United States for the first time. The students and their families need additional support to access school. **Scope:** Schoolwide	The teacher in this role has a designated period in the day to support students (newcomers), contact their families, and collaborate with their teachers.	Parent/Caregiver Survey and Annual Self Reflection data

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.1	**Action:** Educational Associate Position to support AVID Excel **Need:** English language learners need more time and support to acquire the English language and be able to participate in high-quality English Language Development programs. The number of ELs is increasing within our system and teachers need more support to implement ELD. ELPAC and redesignation scores indicate areas of improvement. **Scope:** Limited to Unduplicated Student Group(s)	Systematic reading instruction calls for direct instruction in phonemic awareness and phonics. Best practices in curriculum implementation recommend having a second trained adult in the classroom at key times to follow up on the teacher's instruction by facilitating carefully planned learning activities and facilitating student knowledge of foundational reading skills.	1.4 ELPI, 1.5 Reclassification Rates, 1.6 iReady Reading growth data
1.3	**Action:** Instructional Materials **Need:** English language learners need more time and support to acquire the English language and be able to participate in high quality English Language Development programs. The number of ELs is increasing within our system and teachers need more support to implement ELD. ELPAC and redesignation scores indicate areas of improvement. **Scope:**	These supplemental materials provide additional and targeted resources for designated ELD.	1.5 Reclassification rate, 1.6 iReady growth data

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Limited to Unduplicated Student Group(s)		
1.5	**Action:** AVID Excel Summer Bridge **Need:** English language learners need more time and support to acquire the English language and be able to participate in high quality English Language Development programs. The number of ELs is increasing within our system and teachers need more support to implement ELD. ELPAC and redesignation scores indicate areas of improvement. **Scope:** Limited to Unduplicated Student Group(s)	Students will receive additional time before school starts to meet their teachers and get a head start on the school year.	1.4 ELPI, 1.5 Reclassification rate, 1.6 iReady growth data

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Monroe Middle School is required to demonstrate increased and improved actions or services for emerging bilingual, foster youth, and low-income students by 21.97%. This increased percentage is met by actions and services included in the Local Control Accountability Plan. The planned actions, informed by stakeholder engagement, are outlined in the table above.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The additional concentration grant of $170,917 will help fund an additional Math Intervention teacher. Additional counseling support will be available to support foster youth, English Learners and low-income students as well. Counseling support includes a school counselor and SKIPS counseling.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1:31	1:22
Staff-to-student ratio of certificated staff providing direct services to students	1:17	1:15

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024
