

## LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Center Joint Unified School District

CDS Code: 34-73973 0000000

School Year: 2024-25

LEA contact information:

Scott Loehr

Superintendent

coronado@centerusd.org

(916) 338-6400

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

### Budget Overview for the 2024-25 School Year

#### Projected Revenue by Fund Source

This chart shows the total general purpose revenue Center Joint Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Center Joint Unified School District is \$74,813,845, of which \$58,308,482 is Local Control Funding Formula (LCFF), \$8,524,559 is other state funds, \$4,433,201 is local funds, and \$3,547,603 is federal funds. Of the \$58,308,482 in LCFF Funds, \$8,524,559 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Center Joint Unified School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Center Joint Unified School District plans to spend \$82,224,792 for the 2024-25 school year. Of that amount, \$73,994,407 is tied to actions/services in the LCAP and \$8,230,385 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General Fund budget expenditures not shown in the LCAP are general operating costs such as costs associated with the Business Department and the Maintenance and Operations Department. General supply costs are also not included. Most salaries and benefits for substitutes, managers, and non-academic support staff are not included in the plan.

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Center Joint Unified School District is projecting it will receive \$8,524,559 based on the enrollment of foster youth, English learner, and low-income students. Center Joint Unified School District must describe how it intends to increase or improve services for high needs students in the LCAP. Center Joint Unified School District plans to spend \$10,902,784 towards meeting this requirement, as described in the LCAP.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Center Joint Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Center Joint Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Center Joint Unified School District's LCAP budgeted \$26,043,106 for planned actions to increase or improve services for high needs students. Center Joint Unified School District actually spent \$28,374,658 for actions to increase or improve services for high needs students in 2023-24.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

## Goals and Actions

### Goal

Goal #	Description
1	All students will graduate college/career ready through high-quality instruction coupled with interventions and supports (Multi-Tiered System of Supports) that eliminate barriers to student success.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CCSS, ELD, NGSS implementation by district or site personnel as measured by observation loop and feedback	100% weekly classroom walkthroughs	100% weekly classroom walkthroughs	100% weekly classroom walkthroughs	100% weekly classroom walkthroughs	100% weekly classroom walkthroughs
Teacher Misassignments Fully Credentialed Teachers	2020-21: 0.4% (1/223) teachers misassigned	2021-22: 2% (6/278) teachers misassigned	2022-23: 6% (14/201) teachers misassigned	Teacher assignment monitoring is not available, CDE	Zero teacher misassignments
Students access to standards aligned curriculum	100% of students have access to standards aligned curriculum as certified by the CJUSD Board of Trustees	100% of students have access to standards aligned curriculum	100% of students have access to standards aligned curriculum	100% of students have access to standards aligned curriculum	100% of students have access to standards aligned curriculum as certified by the CJUSD Board of Trustees

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
CTE Offerings & Completion	<p>2020-21 CHS offered 12 CTE offerings and 18 sections</p> <p>53.1% completed one CTE Pathway as reported by the 2020 CDE Dashboard</p>	<p>2021-22 CHS offered 13 CTE courses and 22 sections.</p> <p>37.3% completed one CTE Pathway as reported by 2021 CCI Dashboard</p> <p>*Reporting students in the 4 year graduation rate cohort</p>	<p>2022-23 CHS offered 14 CTE courses and 21 sections.</p> <p>30% completed one CTE Pathway as reported by the 2022 CCI Dashboard</p> <p>*Reporting students in the 4 year graduation rate cohort</p>	<p>CHS offered 12 CTE courses and 21 sections.</p> <p>22.5% (79 students) completed one CTE Pathway as reported by the Dashboard CTE Pathway Completion Report.</p> <p>*Reporting students in a 4 and 5 year graduation rate cohort</p>	<p>Maintain 12 CTE offerings</p> <p>59% CTE Pathway Completion, per CCI Dashboard</p>

Goal Analysis

An analysis of how this goal was carried out in the previous year.  
A description of any substantive differences in planned actions and actual implementation of these actions.

INSTRUCTIONAL STAFF TRAINING

Forty-four new teachers were hired for the 2023-24 school year. Twenty-seven were supported through the Induction Program by 12 district mentors. It has been challenging to support the substantial rise in new teachers with the limited pool of district mentors. The result is a higher mentor-to-new-teacher ratio. Another challenge is the number of new teachers ineligible for 1st-year Induction due to uncleared documents. To address this gap in support, the mentor team has actively sought ways to coordinate on-campus resources for these teachers. Additionally, delays in clearing state-mandated teacher assessments have led mentors to spend mentoring time assisting with the clearing process, leading to a reduction in the time available to directly support teaching.

The Teacher on Special Assignment (TOSA) has been instrumental in seamlessly integrating technology into the curriculum. By providing teachers with individualized support for technology-infused teaching and learning, the TOSA has lightened the load of the Coordinator of Curriculum and Instruction.

Aligned with the district calendar, school staff dedicate Mondays to collaborating in Professional Learning Communities (PLCs). During these PLC meetings, sites focus on reviewing iReady data, establishing and overseeing Plan-Do-Study-Act (PDSA) cycles, with elementary sites additionally pinpointing students in need of targeted support.

#### INTERVENTION

During the first year, fully implementing intervention proved challenging due to gaps in personnel and a shortage of substitute teachers. These situations forced intervention teachers to cancel group intervention time to cover classrooms. In the second year, staffing issues were less problematic, resulting in increased consistency in K-8 intervention. During the second year of implementation, K-8 intervention practices were refined. Teams analyzed data, established targeted grade-level rotations, and collaborated with grade-level teachers to determine necessary supports through Tier II. Classroom teachers were supported in providing intervention and extension within classrooms resulting in more targeted support for students with greater needs. Despite these efforts, intervention did not increase achievement as anticipated.

At Center HS, support classes were eliminated due to the inability to fill positions.

COLLEGE and CAREER opportunities offered during the 2023-24 school year:  
CTE coursework offered at various elementary sites: STEAM, C-STEM, Robotics  
CTE coursework offered at Riles Middle School: Broadcasting, PLTW

CTE Pathways offered at Center HS:

- Graphic Design Pathway
- Media and Design
- Animation Pathway
- Residential Construction
- PLTW Engineering
- Entrepreneurship Pathway
- Broadcasting Pathway

Public Safety Pathway  
Patient Care Pathway

#### ACADEMIC SUPPORT through SFSS

The 2023-24 school year saw a thriving mentoring program with 70 students from grades 2-12 receiving support. This includes 43 students who continued their mentoring journey from the previous year. Mentors take a solution-oriented approach, fostering positive relationships with their mentees. This support extends beyond just emotional connection; mentors connect students with resources like peer tutoring and guide them through life experiences like FAFSA applications, job interviews, and college applications.

#### PROFESSIONAL DEVELOPMENT

The 2023-24 professional development (PD) program provided educators with a variety of opportunities to enhance their skills. Core offerings included 7 sessions on the Science of Reading, 6 math sessions, and 4 sessions on Universal Design for Learning (UDL). Additionally, a Writing Committee supported writing instruction, and the Keys to Literacy program was offered.

This year saw the introduction of "Curriculum Huddles," mini-lessons for teachers to explore new ideas and strategies.

EL Coordinators at Center HS, Oak Hill, and Spinelli led sessions on effectively meeting the needs of English learners, equipping teachers with practical strategies and tools.

In collaboration with school-based special education teams, the district identified areas for improvement through a teacher survey. District and site teams then co-presented sessions on utilizing the IEP-at-a-Glance tool, implementing accommodations and modifications. This initiative aligns with the district's Differentiated Assistance work in partnership with the Sacramento County Office of Education.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

#### ENGLISH LEARNER SUPPORTS

Certificated employees received a 9.5% salary increase and classified employees received a 15.5% salary increase during the 2023-24 school year. This increased the Estimated Expenditures when compared to the Budgeted Expenditures.

#### CTE OFFERINGS

Our Media Communications Academy is changing its industry sector focus from Arts, Media, and Entertainment to Information and Communication Technologies, with the specific pathway of Software and Systems Development. As a result, the program did not expend all of its allocated funding since that funding was specific to the former focus.

## PROFESSIONAL DEVELOPMENT

The professional development costs fell under other goals and actions such as English Language Learners or CTE Offerings.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Actions aimed at improving TK-12 student achievement to increase college and career readiness have not yielded the desired outcomes. Learning loss efforts implemented in 2021-22 and 2022-23, have not yet produced the desired results.

### ACHIEVEMENT (1.2)

The district did not reach the targeted 5% annual growth in both overall ELA and math scores as measured by CAASPP. Upon comparing baseline data with year 3 outcomes, each grade level exhibited a decline. The average decrease in elementary scores was 24 points in ELA and 22 points in math, while in secondary grades, there was an average drop of 28 points in ELA and 33 points in math. Grades 8 and 11 experienced the most significant decline, with math scores dropping more substantially than ELA. Notably, CAASPP data for students with disabilities showed no significant gain or loss over the three-year cycle. Similarly, English learner outcomes remained relatively consistent, with growth or loss averaging less than 1.5 points per grade level over the 3-year period.

### IREADY READING and MATH (1.2)

The district fell short of its target goal to reduce the number of students scoring two or more grade levels below in reading and math by 5%. Results from the past three spring administrations of iReady Diagnostic 3 show achievement has remained largely stagnant, and in fact, the percentage of students scoring two or more grade levels below in both reading and math increased to 36% in 2024.

### ENGLISH LEARNER PROGRESS (1.3)

The district did not reach the target of 2% annual growth on the EL Progress Indicator, which measures progress toward language proficiency. Starting at a baseline of 59.3%, progress declined to 51.2% among English learners in attaining English proficiency.

The district met the 18% desired outcome for English Learner redesignation in year 2 of the LCAP cycle. However, in 2023-24 the percentage of English Learners redesignated dropped back to 14.5% which is consistent with baseline and year 1 data.

### GRADUATION RATES (1.2)

The district did not achieve the 90% targeted graduation rate. Some student groups experienced an increase in graduation rates, while others saw a decrease, resulting in an overall decline from a baseline of 87.8% to 84.9%. According to the dashboard, students with disabilities were classified in the RED band, indicating a 67.2% graduation rate, marking an 11.9% decrease compared to the previous year. Five student groups were categorized in the ORANGE band: African American, Hispanic, homeless, socioeconomically disadvantaged, and white. Among these, African American students had the lowest graduation rate at 68%, with a significant decline of 29%. English Learners were the sole group in the YELLOW BAND, maintaining an 81% graduation rate.

#### GRADUATES PREPARED for COLLEGE and CAREER (1.5)

The district did not achieve the target of having 59% of graduates complete at least one CTE pathway. Despite maintaining 12 offerings, only 22.5% of graduates completed a CTE pathway.

The district did not achieve the target of 45% of graduates classified as "prepared," with only 31% considered "prepared" for college and career. However, it surpassed the goal of having 25% of graduates classified as "approaching prepared," with the percentage increasing from 20% to 30%.

The district did not achieve the intended 24% target for a-g completion. However, it did experience growth, increasing from 17.7% in 2019-20 to 19.9% in 2022-23.

The metric for passing at least one AP test has remained relatively consistent, with a baseline passage rate of 78.5% and a 79.6% passage rate in 2023, consistently exceeding the target of 70%. However, a concerning trend is observed in the decreasing number of students taking and passing at least one test. In 2020, the baseline established 98 students passing one test. This number declined each year, with only 64 students taking and passing one AP test in 2023.

The district fell short of the intended 35% target for graduates earning a score of 3 or higher on 2 AP tests, dropping from a baseline of 27.3% to just 8%.

The district did not achieve the target of 25% of graduates completing both a-g requirements and one CTE pathway, with only 10.5% meeting both criteria. However, there was an increase in the number of students achieving this, rising from 10 graduates in 2020 to 37 graduates in 2023. While there was growth in the white and Asian subgroups, there was a decline observed in the African American, two or more races, English learner, socio-economically disadvantaged, and students with disabilities subgroups.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

State and local data indicate that we didn't meet our expected targets for student achievement, college and/or career readiness as outlined in Goal 1 of the 2021-2024 LCAP. Consequently, we're developing new goals and actions with a heightened emphasis on literacy and instruction. This encompasses implementing Multi-Tiered System of Supports (MTSS), Universal Design for Learning (UDL), increasing professional learning opportunities, conducting walkthroughs, and introducing additional supports and accountability measures. Classroom resources and administrative support will be provided to address behavioral issues hindering learning while continuing efforts to boost student attendance. These initiatives, detailed in Goals 2 and 3 in the 2024-2027 LCAP, will equip teaching staff with the necessary knowledge, skills, and resources to enhance tiered instruction and deliver targeted interventions tailored to individual student needs, ultimately leading to improved academic achievement for all students. We aim to ensure that children not only acquire proficient reading skills but also graduate academically equipped for post-high school endeavors, whether in college or career pathways.

---

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### ATTENDANCE and ENGAGEMENT

The district has implemented a tiered attendance system. SFSS receives referrals from various sites and implements needed services to improve student attendance. One challenge is the gap between chronic absenteeism data and referrals to SFSS, suggesting more students and families need SFSS services. To address this, better collaboration between SFSS and school sites is necessary to ensure all in need receive suitable services.

### SOCIAL EMOTIONAL SUPPORTS

The district Positive Behavior Intervention Supports (PBIS) team comprises 1-2 representatives from each school site, excluding McClellan. They hold regular meetings every 6 weeks to ensure consistent implementation. In the fall, the team analyzed data on disproportionality, focusing on equity reports by race and ethnicity. During spring, behavior matrices are reviewed with equity in mind, gathering community input. Each site team engaged staff in equity data discussions to promote regular use and awareness. Tier I walk-throughs are now integrated into the process.

Challenges include inconsistencies in Tier I implementation and referral practices. The next steps involve aligning major and minor referrals and shifting the community mindset to prioritize positive behavior reinforcement.

Site PBIS implementation status is as follows:

Oak Hill has a fully developed Tier 2 process.

North Country, Center HS and Spinelli are in year 2 of Tier I implementation.

Dudley and Oak Hill participated in the California Integrated Supports Project through Placer County. North Country and Spinelli will join the California Integrated Supports Project next year.

McClellan HS is in year 1 of Tier I implementation.

RFE will begin Tier I training in 2024-25.

#### DIVERSITY, EQUITY and INCLUSION

McClellan HS, North Country, and Spinelli participated in two 4-hour sessions of Antibias Training, while Riles completed one 4-hour session. Dudley and Oak Hill received similar content training through the California Integrated Supports Project. During the 2024-25 school year, Riles will complete the second session, while Center HS and Fortune Elementary will participate in sessions 1 and 2.

Successes include the expansion of the Equity Design Team (EDT), continued collaboration with EDT, and site visits with West Ed. Through the work, disproportionality data was examined and potential data-related goals were explored. In March, the district team presented at the Carnegie Summit on managing strategic tension.

Challenges involve sustaining learning between EDT sessions and transitioning the EDT work to the site level.

#### SCHOOL CULTURE

CJUSD introduced the Center Commitment, a comprehensive effort aimed at cultivating a positive school culture and conveying to students, staff, and families the significance of their voices. The Center Commitment is built upon four foundational pillars: ensuring that everyone belongs, makes an impact, is valued, and thrives. The Center Commitment has been shared in staff meetings, parent meetings, and student meetings and communicated through email and social media. It serves as a guiding framework for district goals and ongoing recognition programs.

Voices, a student advisory council established by the district, has been launched to incorporate student input and perspectives into decision-making processes at the district level. At Center High School, students analyzed data on school culture, identified existing issues, delved into

underlying causes, and presented potential solutions to the staff. The valuable input provided by students has significantly enriched plans aimed at enhancing school culture and fostering a more positive learning environment.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

#### TRANSPORTATION

Actual Expenditures are much higher than Budgeted Expenditures due to the need to contract out for bus driver and mechanic staffing and because of the purchase of new buses.

#### HEALTH SERVICES

The Health Services staff was increased by 3.875 FTE.

#### SCHOOL CONNECTIONS

Music teacher positions at the elementary level remained open and unfilled.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

#### ATTENDANCE (2.1)

While the district did not achieve the 7.5% target for chronic absenteeism, there is a positive trend. The number of chronically absent students decreased by 13.6% compared to the previous year. This progress is reflected in the district's overall Dashboard rating, which improved from VERY HIGH to YELLOW, indicating movement in the right direction.

#### SUSPENSIONS (2.1)

The district did not meet the target suspension rate of 3.2%, experiencing a 0.9% increase compared to the previous year. On the Dashboard, the district received an overall ORANGE rating, indicating a high level of concern. Among student demographics, Foster Youth, Two or More Races, socioeconomically disadvantaged, and white students are categorized within the orange band. Student groups in the RED band, denoting a very high concern level, include African American, American Indian, Hispanic, Homeless, and students with disabilities. Dudley, Spinell, Oak Hill, Riles, McClellan, and Center High all have student groups classified in the red band.

#### SCHOOL CULTURE (2.6, 2.8)

The district successfully achieved its goal of attaining a 75% student participation rate in the Panorama School Culture surveys conducted during both the spring and fall of this academic year. Every elementary school and McClellan High School surpassed the 75% participation

mark. Dudley, Spinelli, and Oak Hill far exceeded the target with participation rates exceeding 95%. The average participation rate among secondary schools rose to 72%. This increase enhances the representation of secondary students, amplifying their voices within the district.

The district fell short of achieving the targeted 3% annual growth in measuring school climate and connectedness. Establishing a baseline in May 2021, the aim of a 3% increase in each surveyed area—School Belonging, School Climate, Engagement, Safety, and Student-Teacher relationships—did not materialize as intended. Upon comparing the baseline data collected in May 2021 to the most recent survey data gathered in March 2024, concerning trends emerged.

In grades 3-5, favorable responses decreased across all areas, with the most significant declines, including double-digit decreases, observed in students' perceptions of school safety, school climate, and school belonging. In grades 6-12, although low, students' favorable response to School Engagement remained consistent, while School Belonging dropped marginally. Teacher-Student Relationships exhibited a moderate decline from 51% to 42%. The most substantial decline, marked by a double-digit decrease, is evident in students' perception of School Safety and School Climate.

The following are Spring 2024 student results.

Grades 3-5

56% responded favorably to School Belonging

55% responded favorably to School Climate

47% responded favorably to School Engagement

54% responded favorably to School Safety

70% responded favorably to Teacher-Student Relationships

Grades 6-12

28% responded favorably to School Belonging

38% responded favorably to School Climate

23% responded favorably to School Engagement

48% responded favorably to School Safety

41% responded favorably to Teacher-Student Relationships

Through the Spring 2024 Panorama Staff survey, perceptions of favorability were measured in the following categories: Educating All Students, Professional Learning, School Climate and School Leadership.

The following measures the percentage of those surveyed who reported favorably in each area:

(315 staff surveyed)

Educating All Students: 73%

Professional Learning: 57%

School Climate: 54%

School Leadership: 69%

District results from Spring 2023 to Spring 2024 remain fairly consistent in Educating All Students, Professional Learning and School Climate, but show a 6-point increase in School Leadership. Oak Hill and Spinelli exceeded the district average in all surveyed categories. North Country and McClellan HS exceeded the district average in Professional Learning, School Climate and School Leadership. Dudley exceeded the district average in Educating all Students and Riles Middle School exceeded the district average in School Leadership. Center High fell below the district average in all areas.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The data shows that we didn't meet our expected target for enhancing school culture. Consequently, we've devised new strategies with a stronger emphasis on nurturing school culture through comprehensive data analysis, implementing effective strategies, and maintaining a dedication to continual improvement. These efforts, outlined in Goal 1 of the 2024-2027 LCAP, will engage district and site stakeholders in fostering a sense of belonging among students, staff, and families, ultimately strengthening school culture.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	All students will benefit from improved partnerships and communication with all educational partners.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Parent Survey to measure perceived safety and connectedness: Family-School Relationships Survey through Panorama	Baseline: 0	Panorama PARENT SURVEY results (administered November 2021) showing percentage who reported favorably in each area  Safety: 71% School Climate: 59% School Fit: 53%	Parent Survey showing percentage who reported favorably in each area (administered March 2023):  Safety: 66% School Climate: 69%	Parent Survey showing percentage who reported favorably in each area  FALL 2023 Safety: 63% School Climate: 69%  SPRING 2024 Safety: 68% School Climate: 70%	Improve percent of positive responses by 3% annually
Parental Involvement on decision making through site parent advisory meetings: SSC, ELAC and other site based advisory groups	2019-20: Total 96 site meetings held among 7 sites	2021-22: Total 42 site meetings held among 7 sites  Center High: 10 SSC, 3 ELAC McClellan High: 3 SSC WCR: 2 SSC, 1 ELAC	2022-23 Total 55 site meetings held among 7 sites  Center High: 10 SSC, 2 ELAC McClellan High: 4 SSC WCR: 2 SSC, 2 ELAC	2023-24 Total 54 site meetings held among 8 sites  CHS: 9 SSC, 2 ELAC MHS: 2 SSC WCR: 1 SSC Oak Hill: 8 SSC, 2 ELAC	106 meetings or other site based opportunities for parents/guardians to be involved in decision making

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

### ENHANCED COMMUNICATION and PARTNERSHIPS

Improvements in communication and partnerships with educational partners were achieved through several initiatives.

By modernizing and streamlining district and site websites, information became more readily accessible to families. This not only improved communication within the district but also enhanced transparency and engagement with families and community members.

By expanding content on social media platforms and implementing regular bi-monthly emails and text messages, communication became more timely and relevant. This allowed for regular updates, announcements, and engagement opportunities with families and the community.

Enriched Advisory Group meetings fostered stronger partnerships between educators and families. These discussions sparked meaningful dialogue, focusing on collaboration around shared successes, growth opportunities, challenges faced, and key priorities.

The introduction of the Center Commitment further solidified partnerships. By launching the campaign across various communication channels, including social media, board meetings, and parent advisory sessions, educational partners were engaged in discussions about creating an environment where everyone belongs, makes an impact, is valued, and thrives.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

#### COMMUNICATIONS AND PARTNERSHIPS

The district was unable to complete the community outreach bus project, due to unforeseen challenges with the vendor.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

Efforts to enhance collaboration and communication with educational partners have yielded positive outcomes, evident in survey findings and greater involvement in district advisory councils and Family Engagement Sessions.

#### SCHOOL CLIMATE and SAFETY (3.1, 3.2)

The district fell short of achieving the 3% annual growth in parent's perception of school safety as measured through Panorama surveys. However, there was a notable 11% increase in parent perception of school climate, surpassing anticipated outcomes.

#### PARTNERSHIPS with FAMILIES (3.1)

Enhanced avenues for student and family involvement were established at the district level. This included the launch of "Voices," a student advisory council at Center High School comprising of 16 students, with 4 representatives from each grade level. Voices convened five times between November 2023 and April 2024 to analyze data, identify problems and root causes, and propose solutions, subsequently presenting these solutions to staff during a staff meeting. There are plans to expand Voices to incorporate input from students representing McClellan High School and Riles Middle School.

The Parent Advisory Council was merged with the Superintendent's Advisory Council. This collaboration included the Superintendent, Coordinator of Curriculum and Instruction, Coordinator of State/Federal Programs, and Coordinator of Student Family Support Services. Together, they facilitated discussions on safety, school climate, classroom instruction, extracurricular opportunities, and preparation for high school and beyond, integrating insights from parent surveys and advisory council members. While the advisory group saw strong representation from all five elementary school sites, efforts are needed to enhance representation from secondary schools.

Student and Family Support Services provided additional Family Engagement sessions and observed a yearly rise in participation, reflecting the ongoing growth and expansion of sessions tailored to address the needs of families.

The number of School Site Council (SSC) and English Learner Advisory Committee (ELAC) meetings has decreased since the baseline and target were established.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

By implementing a new website and maintaining consistent messaging, the district bolstered the quality and uniformity of communication with families and the community. Opportunities for parental and community participation in district level decision-making processes have increased, along with an uptick in attendance at Family Engagement learning sessions. Our commitment to strengthening communication channels and fostering partnerships will persist over the next three years, as outlined in goal 1 of the 2024-2027 LCAP.

**A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
4	All students receiving special education services will experience individualized support to increase academic achievement, increase attendance, increase graduation rate, decrease chronic absenteeism and decrease behaviors that lead to suspension.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Graduation Rate	2021-22: 79.1% as reported by the CCI Dashboard	N/A	N/A	2022-23: 67.2% of students with special needs graduated, as reported by the Dashboard	82% graduation rate for students with disabilities
Suspension Rate	2021-22: 9.2% suspended at least 1 day as reported by the Dashboard	N/A	N/A	2022-23: 11.3% suspended at least 1 day as reported by the Dashboard	5% suspension rate for students with disabilities

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Classroom teachers differentiate core instruction in Tier 1. Tier 2 and Tier 3 supports are strategically implemented based on individual student achievement data to ensure each student receives the targeted intervention they need.

Recognizing the burden of paperwork, the district has taken steps to free up special education teachers' time to focus on classroom instruction and individualized student support. Two former special education teachers were hired to specifically assist with Individualized Education Program (IEP) development and management. Leveraging Medi-Cal Reimbursement funding and Early Education Grant money, the district hired two Program Specialists to provide further support to special education teachers.

The district Special Education Department, in partnership with site special education teams, designed a comprehensive professional development plan tailored to meet the needs of TK-12 educators. This collaboration began with a survey of both general and special

education teachers, which identified areas of strength and opportunities for improvement. Based on the results, four professional development sessions were delivered during the spring semester, reaching all staff at every school site. Three additional sessions are planned for the fall.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

\*No explanations required

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

While certain efforts directed towards enhancing academics, attendance, graduation rates, and behaviors of students with special needs have shown some improvement, the overall results have not met the desired expectations.

ACHIEVEMENT (4.1)

Despite missing the overall target of 2% growth in meeting or exceeding grade-level standards, there were pockets of success in the district's CAASPP results for students with special needs.

ELA: Grades 3 and 5 showed positive growth, with grade 5 achieving the most significant improvement, jumping from 17% to 32% meeting or exceeding standards. However, grades 4, 7, and 11 experienced double-digit declines.

Math: Similar to ELA, grades 3, 5, and 6 saw growth, while all other grades declined.

ATTENDANCE (4.1)

The rate of students with special needs who are chronically absent has improved by 10.3% according to the CDE Dashboard. However, despite this progress, the current rate of 41.9% chronically absent students remains a significant concern.

GRADUATION RATES (4.1)

The district's graduation rate for students with disabilities was 67% in the 2022-23 school year, as measured by the CDE Dashboard. This fell short of the target rate of 82%.

SUSPENSIONS (4.1)

The suspension rate for students with disabilities in the district increased to 11% in the 2022-23 school year, according to the CDE Dashboard. This is higher than the target rate of 5%.

---

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

State and local data indicate we didn't meet our expected targets for students with disabilities. Consequently, we are developing new goals and actions with a heightened emphasis on literacy and instruction. Actions within these goals provide support intended to meet the individual needs of students with disabilities. Goal 2 of the 2024-2027 LCAP focuses on meeting the academic needs through tiered instruction and academic support. Goal 3 addresses improving attendance, behavior, and social-emotional skills. Goal 4 outlines college and career pathways and the transition to post-high school life.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 1 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 2 Outcome:

- Copy and paste verbatim from the 2023–24 LCAP.

Year 3 Outcome:

- When completing the 2023–24 LCAP Annual Update, enter the most recent data available. Indicate the school year to which the data applies.

Desired Outcome for 2023–24:

- Copy and paste verbatim from the 2023–24 LCAP.

Timeline for completing the “Measuring and Reporting Results” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)

Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Center Joint Unified School District	Scott Loehr Superintendent	sloehr@centerusd.org (916) 338-6400

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

The Center Joint Unified School District serves a growing community across Antelope, Elverta, and Roseville in California. Its boundaries span Sacramento and Placer Counties, with undeveloped land in Placer County offering potential for future growth. The district opened Rex Fortune Elementary in 2023 to accommodate the residential boom in West Roseville.

CJUSD has eight schools serving 4,439 students from Pre-K through grade 12. Five elementary schools serve grades K-6: Cyril Spinelli (pop. 308), Arthur S. Dudley (pop. 552), North Country (pop. 601), Oak Hill (pop. 678), and Rex Fortune (pop. 219). These sites feed into Wilson C. Riles Middle School (grades 7-8, pop. 612). The district has two high schools: Center High School (grades 9-12, pop. 1,367) and McClellan Continuation High School (grades 10-12, pop. 86).

The CJUSD student population is 32% white, 30% Hispanic, 16% African American, 9% Asian, 8% two or more races, 3% Filipino, 1% Pacific Islander, 1% American Indian. Student subgroups include 15% English Learners, 61% socioeconomically disadvantaged, 14% students with disabilities, 9% homeless, and 0.4% foster youth.

McClellan Continuation High School and Dudley Elementary were identified to receive new Equity Multiplier funding. This funding targets schools with high student instability rates and a large socioeconomically disadvantaged population. The allocated resources will directly support evidence-based interventions and services to improve outcomes for these student groups.

CJUSD's educational approach is rooted in the Center Commitment, a districtwide initiative to improve school culture encompassing three domains: Safety & Wellness, Belonging & Connections, and Environment. Academic achievement and social-emotional development are emphasized through a Multi-Tiered System of Supports. CJUSD implements a three-tiered approach to provide comprehensive support for students, utilizing research-based curriculum and interventions tailored to individual needs. In summary, CJUSD is committed to creating an inclusive and supportive environment for students, staff and families where everyone belongs, everyone makes an impact, everyone is valued, and everyone thrives.

## Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The California Department of Education Dashboard assesses progress on various metrics including Academic Performance, Chronic Absenteeism, College/Career Readiness, English Learner Progress, Graduation Rate, and Suspension Rates. On the 2022 Dashboard, status was categorized as VERY LOW, LOW, MEDIUM, HIGH, or VERY HIGH. On the 2023 Dashboard, the ranking system changed to colors: RED, ORANGE, YELLOW, GREEN, and BLUE.

### ACADEMIC ACHIEVEMENT as measured by CAASPP

The CDE Dashboard ranking is determined by performance on either the Smarter Balanced Summative Assessment or the California Alternate Assessment, administered to students in grades 3rd-8th and grade 11, assessing their proficiency in English/Language Arts and mathematics.

In English/Language Arts, the overall performance is ranked ORANGE on the Dashboard, with students scoring 40.4 points below the standard. Homeless students are classified in the RED band, indicating a very high level of concern. Student groups categorized in the ORANGE band, reflecting a high level of concern, include African American, Asian, English Learners, Hispanic, socioeconomically disadvantaged, students with disabilities, and white students. Students of two or more races are ranked in the YELLOW band, while Filipino students are placed in the BLUE band.

Similarly, in mathematics, the overall performance is ranked as ORANGE, with students scoring 71.1 points below the standard. Once again, homeless students are flagged with a very high level of concern in the RED band. Student groups in the ORANGE band, indicating a high level of concern, include African American, Asian, English Learners, Hispanic, socioeconomically disadvantaged, students with disabilities, and white students. Students of two or more races fall into the YELLOW band, while Filipino students are in the GREEN band.

School sites with student groups in the RED band for English/Language Arts include:

Riles Middle: Students with Disabilities

Oak Hill Elementary: All Students, African American, Students with Disabilities

Dudley Elementary: All Students, African American, English Learner, Hispanic, Students with Disabilities

McClellan HS: All Students

School sites with student groups in the RED band for Mathematics include:

Riles Middle: Students with Disabilities

Oak Hill Elementary: African American

Dudley Elementary: All Students, African American, English Learner, Hispanic, Socioeconomically Disadvantaged, Students with Disabilities, White

McClellan HS: All Students

#### ACADEMIC ACHIEVEMENT as measured by iReady

iReady's comprehensive diagnostic assessment evaluates each student's proficiency in math and reading. The assessment adapts to the student's responses, precisely measuring their current skill level and identifying areas where they may need additional support or enrichment. iReady diagnostic data empowers teachers to make data-informed decisions about instruction. By analyzing assessment results and progress monitoring data, teachers can identify trends, patterns, and areas of improvement for individual students or groups of students. This data-driven approach enables teachers to refine their instructional practices and optimize student learning outcomes.

The past three spring iReady Diagnostic 3 administrations reveal a concerning lack of progress in student achievement. Neither ELA nor math data shows any change in the percentage of students scoring one grade level below expectations. There has been a slight decrease in the percentage of students scoring above grade level, which is mirrored by a slight increase in the number of students scoring two or more grade levels below.

#### ENGLISH LEARNER PROGRESS INDICATOR

English Learner progress is measured on the Dashboard as the percentage of English Learners making progress toward English language proficiency or maintaining the highest level. 51.2% of English Learners have made progress toward English language proficiency, earning a GREEN ranking on the Dashboard. This marks a 2% increase over the previous year. Local data indicates that 14.5% of English Learners were Redesignated Fluent English Proficient during the 2023-24 school year, maintaining consistent redesignation rates. Additionally, there has been a notable increase in the immigrant population over the last three years, growing from 106 in 2021-22, to 171 in 2022-23, and reaching 323 in 2023-24.

#### CHRONIC ABSENTEEISM

Chronic Absenteeism is measured on the Dashboard as the percentage of students in kindergarten through grade 8 who are absent 10% or more of the instructional days in which they are enrolled. 29.2% of students were identified as chronically absent, resulting in a YELLOW ranking on the Dashboard. This represents a notable improvement from the previous year, during which the Dashboard ranking was designated as VERY HIGH. This shift indicates that the Tiered Intervention approach is effectively influencing student attendance rates.

School sites with student groups in the RED band for Chronic Absenteeism include:

Oak Hill Elementary: African American

## SUSPENSION RATE

Suspension rate is measured on the Dashboard as the percentage of students in kindergarten through 12th grade who have been suspended at least once in a given school year. Students experiencing multiple suspensions are only counted once in this metric. The districtwide suspension rate is 7.1%, marked with an ORANGE rating, reflecting a 0.9% increase compared to the previous year. Student groups classified within the ORANGE band, indicating a high level of concern, include foster youth, two or more races, socioeconomically disadvantaged, and white students. Student groups categorized in the RED band, indicating a very high level of concern, include African American, American Indian, Hispanic, Homeless, and students with disabilities.

School sites with student groups in the RED band for Suspension Rate include:

Dudley Elementary: Hispanic, Homeless, Socioeconomically Disadvantaged, Students with Disabilities

Spinelli Elementary: All Students, Hispanic, Socioeconomically Disadvantaged

Oak Hill Elementary: African American, Students with Disabilities

Riles Middle: African American, Hispanic, Socioeconomically Disadvantaged, Students with Disabilities

McClellan HS: All Students, Hispanic, Socioeconomically Disadvantaged, White

Center HS: African American, Two or more Races, Students with Disabilities

## GRADUATION RATE

The districtwide graduation rate is 84%, marked with an ORANGE rating, reflecting a 6.1% decrease. With a graduation rate of 67.2%, students with disabilities fall into the RED category showing an 11.9% decline and indicating a very high level of concern. Among the five student groups classified in the ORANGE band, African American, Hispanic, homeless, socioeconomically disadvantaged, and white. African American students exhibit the lowest graduation rate at 68%, experiencing a significant decline of 29%. English Learners are the sole group categorized in the YELLOW band, maintaining an 81% graduation rate.

School sites with student groups in the RED band for Graduation Rate include:

McClellan HS: All Students, Socioeconomically Disadvantaged

COLLEGE and CAREER INDICATORS, as reported by the CDE Dashboard College/Career Levels and Measures Report, show how graduates meet college and career readiness pathways.

19.9% of graduates met all a-g requirements, indicating a slight but steady increase over the past 3 years.

22.5% of graduates completed one CTE Pathway, showing a consistent 3-year decline.

31% graduates "prepared" for college and career.

30.5% of graduates are "Approaching Prepared" for college and career.

38.1% of graduates are "Not Prepared" for college and career.

10.5% of graduates completed a-g requirements AND at least one CTE Pathway. Rate is consistent over the last three years but shows a decline in subgroups: African American, two or more races, English learners, socio-economically disadvantaged, and students with disabilities.

5% of graduates earned the Seal of Biliteracy, showing a steady decline over the past 3 years

8% of students earned a score of 3 or higher on two AP exams, declined from 27% in 2020.

Districtwide student groups in the RED band for College and Career Indicators include English Learners and Students with Disabilities.

School sites with student groups in the RED band for College and Career Indicators include:

Center HS: English Learners, Students with Disabilities

McClellan HS: All Students, Socioeconomically Disadvantaged

ADVANCED PLACEMENT as reported by the CDE Dashboard College/Career Levels and Measures Report and the Advanced Placement Portal.

AP enrollment has increased from 121 to 168 over the past year. However, enrollment remains 47.5% lower than the 2019-20 school year, suggesting a decline in students pursuing higher-level coursework. Although the percentage of students passing 2 AP tests is low, standing at 8%, the metric for passing at least one AP test remains consistent, surpassing 70%.

### SCHOOL CULTURE

The district surveys students, staff and families through the administration of Panorama Surveys, an online data platform that promotes a positive school climate by collecting valid and reliable feedback from belonging and student-teacher relationships to engagement and school safety.

### STUDENT PANORAMA SURVEYS

Over the past three years, the district has effectively boosted student participation rates in the Panorama School Culture surveys, achieving the districtwide goal of 75% participation. Every elementary school and McClellan High School surpassed this target, with Dudley, Spinelli, and Oak Hill greatly exceeding expectations, boasting participation rates over 95%. The average participation rate among secondary schools climbed to 72%, enriching the representation of secondary students and amplifying their voices within the district.

However, the district fell short of its objectives in measuring school climate and connectedness. Despite establishing a baseline in May 2021, the envisioned 3% improvement in each surveyed area—School Belonging, School Climate, Engagement, Safety, and Student-Teacher relationships—did not materialize as anticipated. Upon comparing the May 2021 baseline data with the most recent survey results collected in March 2024, concerning trends emerged.

In grades 3-5, favorable responses declined across all areas, with significant drops, including double-digit decreases, noted in students' perceptions of school safety, climate, and belonging. For grades 6-12, while student engagement remained steady, there was a slight dip in school belonging. Teacher-student relationships showed a moderate decline from 51% to 42%. Notably, the most significant decline, marked by a double-digit decrease, was observed in students' perceptions of school safety and climate.

The following are Spring 2024 student results:

Grades 3-5

56% responded favorably to School Belonging

55% responded favorably to School Climate

47% responded favorably to School Engagement

54% responded favorably to School Safety  
70% responded favorably to Teacher-Student Relationships

#### Grades 6-12

28% responded favorably to School Belonging  
38% responded favorably to School Climate  
23% responded favorably to School Engagement  
48% responded favorably to School Safety  
41% responded favorably to Teacher-Student Relationships

#### STAFF PANORAMA SURVEYS

315 staff members participated in the districtwide Panorama Staff Survey, administered Spring 2024. The percentage measures those who reported favorably in each area:

Educating All Students: 73%  
Professional Learning: 57%  
School Climate: 54%  
School Leadership: 69%

District results from prior year to current year remain fairly consistent in Educating All Students, Professional Learning and School Climate, but show a 6 point increase in School Leadership. Oak Hill and Spinelli exceeded the district average in all surveyed categories. North Country and McClellan HS exceeded the district average in Professional Learning, School Climate and School Leadership. Dudley exceeded the district average in Educating all Students and Riles Middle School exceeded the district average in School Leadership. Center HS fell below the district average in all areas.

#### PARENT PANORAMA SURVEYS

676 families responded to the Spring 2024 Panorama survey. 70% responded favorably when asked their perception of school climate. 68% responded favorably when asked their perception of school safety. Both areas show a slight increase over prior year surveys.

#### ADDITIONAL TARGETED SUPPORT and IMPROVEMENT (ATSI) and COMPREHENSIVE SUPPORT and IMPROVEMENT (CSI)

Schools within California are identified ATSI or CSI, indicating a need for additional support and improvement. Schools are identified based on performance within 4 indicators, prompted by a RED ranking on the Dashboard. Performance indicators are as follows: high rates of chronic absenteeism, high suspension rates, low ELA achievement and/or low math achievement. Within these indicators, data is disaggregated to identify student groups ranking RED on the dashboard indicating a very high level of concern and needing more support in these areas. The following schools have been identified for ATSI or CSI support:

#### Schools Identified for ATSI

Center HS: Suspension rates for African American students and students of 2 or more races

Riles Middle: Chronic absenteeism, suspension rate, ELA achievement and math achievement for students with disabilities  
Oak Hill Elementary: Chronic absenteeism, suspension rate, ELA achievement and math achievement for African American students  
Dudley Elementary: Chronic absenteeism for homeless students and students with disabilities, suspension rate for Hispanic students, homeless students and students with disabilities, ELA achievement for Hispanic students and students with disabilities, math achievement for Hispanic students and students with disabilities

School Identified for CSI  
McClellan HS: graduation rate

## Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Building upon our Differentiated Assistance work with the Sacramento County Office of Education on MTSS, English Learner support, and initiatives for students with disabilities, CJUSD has identified the scope of our work for the 2024-25 school year. The DA team has identified a problem of practice as a disconnect between teacher professional development and its impact on student reading proficiency. Through our 2024-25 DA work, the team will implement a plan that incorporates professional development and an accountability system to increase the effectiveness of Tier I literacy instruction. See Action 2.1 for details.

## Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

### ***Schools Identified***

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

McClellan High School

### ***Support for Identified Schools***

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Spring 2023, the district collaborated with McClellan HS staff to assess CSI status and requirements, examine CA Dashboard data, conduct a needs assessment, review the effectiveness of prior CSI funded efforts, and initiate a plan. The analysis included graduation rates, suspension rates, attendance data, achievement data, and survey results.

A notable increase in graduation rates from 63.3% in 2018 to 78.7% in 2022 was observed, coinciding with the presence of an Academic Coordinator funded by CSI. However, for the 2022-23 academic year, McClellan High School was no longer identified for CSI, resulting in the Academic Coordinator's shift to primarily classroom instruction. Without the Academic Coordinator, the graduation rate decreased by 13.3% to 65.5%. Furthermore, English/Language Arts scores declined 44 points and math scores declined 23 points, while suspensions increased

marginally by 1%.

The team's data analysis revealed multiple resource inequities at McClellan HS. Many students arrive with credit deficiencies and a pattern of irregular attendance. Often, students have switched schools numerous times before arriving at MHS. Frequent moves and absences from school hinder learning, leading to gaps in core academic skills specifically reading, writing, and math. Reinstating the Academic Coordinator for the 2024-25 school year is expected to yield positive trends and remedy the resource inequities described.

MHS intends to utilize CSI funds in the 2024-25 school year to sustain the Academic Coordinator's efforts in enhancing academic achievement, attendance, and behavior, consequently boosting graduation rates. The duties of the Academic Coordinator position are described below. Through the School Site Plan for Student Achievement, strategies will be detailed. Progress will be monitored through the School Site Plan for Student Achievement Annual Review.

McClellan High School Academic Coordinator Duties:

- Facilitate coaching sessions and professional development tailored to teacher needs
- Coordinate guest speakers and supplementary programs to enhance student engagement and attendance
- Provide both group and one-on-one coaching for teachers
- Provide both group and one-on-one coaching for teaching strategies
- Lead staff in improvement initiatives using the Plan-Do-Study-Act model
- Support students individually and in groups as necessary

Parents and students participated in the School Site Council process to review data and provide input on the use of CSI funds to continue the Academic Coordinator position through the 2024-25 school year.

## ***Monitoring and Evaluating Effectiveness***

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

The district and site team will convene quarterly to assess the progress of the site team and Academic Coordinator initiatives aimed at enhancing academic achievement, attendance, and behavior, as well as monitoring the status of students on track to graduate. During these meetings, the team will evaluate the level of implementation, analyze local and state data, and assess progress to identify any necessary corrective actions. This structured approach will ensure ongoing monitoring and adjustment and continuous improvement towards our goals.

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
District Leadership Meeting: 2/13/24, 4/9/24, 4/23/24	District Leadership meetings are bi-monthly meetings held in person. Attendees include Cabinet, site principals, and district leaders. These meetings include robust dialogue around data and initiatives.
Parent Advisory Council (PAC) 2/7/24 Superintendent Parent Advisory Council: 3/6/24, 4/3/24, 5/6/24	Started out as two separate parent advisory groups: Parent Advisory Council and Superintendent's Parent Advisory Council was merged halfway through the year. Several members participated in both with similar agenda items. Once merged, meetings were held in person in the early evening. Attendees represented every school site.
District English Learner Advisory Council (DELAC): 9/27/23, 4/24/24	In-person meetings facilitated by District English Learner Coordinator. Interpreters actively translate for attendees.
Student Advisory Council (Voices): 11/29/23, 1/18/24, 2/15/24, 3/12/24, 5/2/24	In-person meetings, during the school day with 16 students representing grades 9-12, facilitated by Coordinator of Categorical Programs and Center HS Vice Principal
McClellan HS Staff Meeting: 3/18/24, 4/29/24 McClellan SSC: 2/5/24	Principal and Coordinator of Categorical Programs held in person meetings with certificated and classified staff regarding CSI and Equity Multiplier funding and plans.
Dudley Staff Meeting: 5/29/24 Dudley SSC: 5/23/24	Principal held in person meeting with certificated staff regarding Equity Multiplier funding and plans.
CUTA, CSEA: 5/24/24	LCAP Draft emailed to leadership for feedback
SELPA: 5/17/24	LCAP Draft emailed to SELPA Director for feedback.
Draft LCAP posted online 5/24/2024	All educational partners invited to comment.

Educational Partner(s)	Process for Engagement
CJUSD Public Meeting 6/5/2024	District holds a public hearing to solicit public comments on the LCAP and budget. Community questions and comments are responded to and posted on the CJUSD website.
CJUSD Board Approval 6/12/2024	LCAP submitted to the CJUSD Board for approval.
Superintendent responded in writing to questions and comments received from DELAC and Parent Advisory by June 5, 2024.	No questions were posed for response.

#### A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Data analysis by the district leadership team revealed that achievement hasn't risen as anticipated. These discussions highlighted the need to prioritize literacy instruction and ensure core fundamentals are effectively delivered in classrooms. A refocus on Multi-Tiered System of Supports (MTSS) emerged as a critical step. In response, Goal 2 was developed to prioritize literacy and outline a comprehensive MTSS framework. Each action details how all student groups will be supported through differentiated instruction at Tiers 1, 2 and 3. Additionally, Goal 2 includes actions focused on professional learning and leadership development, walkthroughs to monitor classroom practices, and professional learning communities (PLCs) to foster collaboration among educators.

Parent Advisory Council (PAC) representatives at each school analyzed data on safety, instruction, extracurricular opportunities, school culture, and college/career options presented by district leaders. Council members identified strengths and weaknesses, with key concerns being access to academic support, student engagement, behavior expectations, and consequences. To address these concerns, the district has developed a three-pronged approach. Goal 1 focuses on strengthening messaging through consistent website updates, social media, and informative short videos to better inform families about district initiatives. Goal 2 addresses concerns about access to academic support by focusing on literacy initiatives, tiered instruction, professional learning for educators, leadership development, and classroom walkthroughs to monitor progress. Goal 3 responds to concerns about engagement and behavior through the implementation of actions to increase student engagement and decrease disruptive behaviors.

The DELAC meeting focused on a discussion of the LCAP goals and how the proposed actions would benefit English Learners. While EL parents expressed satisfaction, they requested more information about after-school clubs. This valuable feedback prompted us to add a new metric under Goal 2, which focuses on student engagement outside the classroom, specifically measuring the variety of club opportunities available. Recognizing the existing clubs and the potential communication gap with EL families, we've added actions under Goal 1 to improve communication. These actions include increased translations of materials, website updates, and more targeted outreach efforts.

Voices Student Advisory Council, was launched at Center High School to amplify student voice at the district level. Composed of 16 students, four from each grade level, Voices analyzed student data from the Panorama survey. Their analysis revealed a lack of belonging and connection among 9-12 grade students. Voices leveraged peer interviews and their own experiences to understand what fosters a sense of belonging among secondary students. They discovered a strong school culture starts with the everyday actions of teachers and staff. As a result, Goal 1, Action 1 was developed. Through a comprehensive analysis of Panorama survey data across all campuses, administrators and staff will collaborate to identify areas for improvement. This data-driven approach will inform the implementation of strategies that cultivate a stronger sense of belonging and connection for students, staff and families.

--

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	<b>BELONG</b> Establish a positive school climate that promotes a sense of belonging for all students, staff and families.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement) Priority 6: School Climate (Engagement)
--

An explanation of why the LEA has developed this goal.

<p>Panorama data indicates we fell short of our goals for improving school culture. We recognize a positive school culture directly impacts student achievement, attendance, engagement, and behavior. Therefore, we're implementing new strategies with a renewed focus on fostering a strong school culture. This will involve in-depth data analysis, the implementation of effective strategies based on the data, and a commitment to continuous improvement.</p> <p><b>PANORAMA STUDENT SURVEY on SCHOOL CULTURE</b> The Panorama Student Survey assessed favorability perceptions across various areas, including School Belonging, School Climate, School Engagement, School Safety, and Teacher-Student Relationships. Among students in grades 3-5, Teacher-Student Relationships received the highest favorability ratings, while School Engagement had the lowest. Conversely, among students in grades 6-12, School Safety received the highest favorability ratings, whereas School Engagement received the lowest.</p> <p><b>SCHOOL BELONGING</b> measures how much students feel they are valued members of the school community.</p> <ul style="list-style-type: none"><li>Grades 3-5, districtwide 56% of students responded favorably to School Belonging. Fortune (66%), Spinelli (58%), Oak Hill (57%), North Country (56%), Dudley (51%)</li><li>Grades 6-12, districtwide 28% of students responded favorably to School Belonging Riles Middle (27%), McClellan HS (27%), Center HS (25%)</li></ul> <p><b>SCHOOL CLIMATE</b> measures student perceptions of the overall social and learning climate of the school.</p> <ul style="list-style-type: none"><li>Grades 3-5, districtwide 55% of students responded favorably to School Climate. Fortune (67%), Oak Hill (55%), Spinelli (55%), North Country (54%), Dudley (50%)</li><li>Grades 6-12, districtwide 38% of students responded favorably to School Climate.</li></ul>
--

McClellan HS (43%), Center HS (38%), Riles Middle (31%)

SCHOOL ENGAGEMENT measures how attentive and invested students are in school.

- Grades 3-5, districtwide 47% of students responded favorably to School Engagement. Fortune (54%), Dudley (47%), Oak Hill (47%), North Country (46%), Spinelli (45%)

- Grades 6-12, districtwide 23% of students responded favorably to School Engagement. McClellan (27%), Center HS (21%), Riles Middle (20%)

SCHOOL SAFETY measures student perceptions of physical and psychological safety at school.

- Grades 3-5, districtwide 54% of students responded favorably to School Safety. Fortune (65%), Spinelli (59%), Oak Hill (55%), North Country (53%), Dudley (45%)

- Grades 6-12, districtwide 48% of students responded favorably to School Safety. McClellan HS (59%), Center HS (50%), Riles Middle (38%)

TEACHER-STUDENT RELATIONSHIPS measure how strong the social connection is between teachers and students within and beyond the school.

- Grades 3-5, districtwide 70% of students responded favorably to Teacher-Student Relationships. Fortune (78%), Oak Hill (74%), Spinelli (71%), North Country (68%), Dudley (65%)

- Grades 6-12, districtwide 41% of students responded favorably to Teacher-Student Relationships. McClellan HS (57%), Center HS (37%), Riles Middle (36%)

#### PANORAMA STAFF SURVEY on SCHOOL CULTURE

School Climate measures perceptions of the overall social and learning climate of the school. Districtwide, 54% of staff who took the Spring 2024 survey responded favorably to School Climate. Sites rating at or above the district average: Fortune (86%), Spinelli (65%). North Country (60%), McClellan HS (60%), Oak Hill (58%). Sites rating below district average: Dudley (47%), Center HS (47%), Riles Middle (30%).

#### PANORAMA FAMILY SURVEY on SCHOOL CULTURE

School Climate measures perceptions of the overall social and learning climate of the school. Districtwide, 70% of families who took the Spring 2024 survey responded favorably to School Climate and 68% responded favorably to School Safety.

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	SCHOOL CULTURE	<p>Recognizing the profound impact on attendance, engagement, achievement, staff morale and behaviors, the district and school sites are dedicated to creating a positive school culture.</p> <p>Data collected through student, staff and parent Panorama surveys show the need for school sites to act with intention in envisioning, creating and fostering a positive school culture. These efforts, and the role of administrators, teachers and staff, are reflected in School Site Plans for Student Achievement (SPSA). The intended outcome is to cultivate a positive school culture, leading to an increase in positive responses from students, staff, and families as measured by district Panorama surveys.</p>	\$5,116.00	No

Action #	Title	Description	Total Funds	Contributing
		<p><b>DATA</b> School site administrators and staff actively engage in a comprehensive analysis of Panorama survey data from students, staff, and families to identify strengths and areas of growth.</p> <p><b>PLAN</b> School sites develop specific goals and strategies that are seamlessly incorporated into existing school practices and policies. These strategies are tailored to address areas of growth, fostering a stronger sense of belonging, value, and connection among students, staff, and families.</p> <p><b>IMPLEMENT</b> School site administrators oversee the Implementation of strategies aimed at increasing school culture.</p> <p><b>MONITOR</b> School site administrators and staff gauge the impact by assessing the implementation and effectiveness of efforts using Panorama annual surveys, Panorama check-ins, empathy interviews, and student data.</p> <p><b>REFLECT and ADJUST</b> Data analysis and empathy interviews with students, staff, and families inform the adjustment of goals and strategies leading to continuous improvement. The overall impact is assessed through the SPSA annual review.</p>		
1.2	OUTREACH and PARTNERSHIPS	Enhance communication and collaboration with families through purposeful partnerships, involving students, parents, and families in providing input and feedback on both district and site initiatives. Establish a platform where goals, data, and progress are openly shared, nurturing a continuous cycle of improvement. Strive to ensure that participants in district and site advisory groups* more accurately represent the diverse demographics of the CJUSD community.	\$183,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>Increase TK-8 parent conferences to 2 times/year.</p> <p>Increase volunteers, share opportunities for engagement, invite families, and create a welcoming environment. Sites and Human Resources partner together to communicate and guide through the clearance process.</p> <p>Hire a Communications Coordinator to manage media relations, coordinate communications, and organize special events to bolster public relations efforts. Additionally, Coordinator will aid in improving staff communication practices, create various publications, oversee the district's online presence and social media, and coordinate the development of grant proposals.</p> <p>District and school websites and social media channels will be regularly updated to provide comprehensive information. These platforms will detail available programs, opportunities, and events to effectively communicate with students, families, and the community.</p> <p>* Advisory Groups  District Advisory: District English Learner Advisory Council (DELAC), Superintendent's Advisory Council, Voices Student Advisory Council  Site Advisory groups: School Site Council, English Learner Advisory Council</p>		
1.3	PARENT and FAMILY SUPPORTS	<p>Student Family Support Services (SFSS) will broaden outreach efforts to strengthen communication and support for all families by implementing several strategies such as hosting parent workshops, providing information and services in multiple languages to accommodate the diverse families within our community, supporting district advisory groups, collaborating with community partners to extend the reach of support services and access to additional resources. Although a districtwide action, the SFSS will strive to prioritize outreach to families of foster youth, low-income students, students experiencing homelessness, and English learner students. Prioritize unduplicated student enrollment in all elementary schools' Expanded Learning Opportunities Program.</p>	\$324,152.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>The SFSS Department will partner with school parent groups and community partners to host annual CJUSD Back to School events. This event aims to facilitate a smooth transition for students and families returning to school after the summer break, connecting them with various resources from school sites, the district, and the broader community. Students will also receive a backpack and school supplies at the event.</p> <p>Continue providing community access to the SFSS clothes closet, school supplies, diaper distribution, washer and dryer, and other basic necessities.</p> <p>Address food insecurity by maintaining the district's food pantry, which is accessible to all students and families. Continue seeking donations from local organizations to meet the needs of students and families, especially during school breaks and holidays. Through collaboration, the SFSS will identify students and families for local Thanksgiving Feasts and Christmas Gift Giving Programs. Continued partnership with the Sacramento Food Bank and Family Services that allows the SFSS to hold monthly grocery box and produce distributions accessible to all CJUSD students and families.</p> <p>In the first year, the SFSS Coordinator will conduct an assessment of parent workshop needs and interests, review climate survey feedback, and meet with school administration and district coordinators to help determine future parent education classes, groups, and/or forums. A well-designed parent education program that incorporates feedback from partners (stakeholders) and input from school and community content experts is expected to result in increased participation in parent education workshops during the second and third years. These workshops will offer valuable insights and information to enhance parenting skills and promote greater engagement in their child's education.</p>		

Action #	Title	Description	Total Funds	Contributing
		<p>The SFSS Department will remain dedicated to offering various supportive services for specific subgroups such as foster youth, students experiencing homelessness, low income, and their families, creating a supportive and inclusive educational environment for all students and their families. The required support shall include the identification and documentation of eligibility, enrollment and attendance support, referrals for eligible services including free meals, transportation assistance, access to other district, state, and federal programs, referrals to social-emotional and health services, intervention and outreach, and referrals to community services. For targeted intervention support, the Homeless and Foster Youth Liaison and Student and Family Support Assistants will collaborate with school site counselors and administration to utilize a data-driven approach and referral process to identify appropriate tiered support services for our foster youth, students experiencing homelessness and other at-risk students. Through this tiered approach, immediate needs such as food, clothing, and transportation will be identified and provided through the SFSS. At the same time, high needs will be met through SFSS' customized mentoring program where Student and Family Support Assistants can utilize a case management approach, including regular check-ins with students, connection to academic supports and interests, including tutoring and before/after school programs, CTE/post-secondary programs, monitoring of attendance/engagement, referral to social-emotional and other health services, and empowerment of life skills and student voice. Through the mentoring program, we aim to provide students with access to new opportunities and experiences, expanding their potential for growth, connection, and success.</p>		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	IMPACT Enhance classroom instruction to effectively impact all students through the integration of Multi-Tiered Systems of Support (MTSS), evidence-based practices, and differentiated instruction.	Broad Goal

### State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)  
Priority 2: State Standards (Conditions of Learning)  
Priority 4: Pupil Achievement (Pupil Outcomes)  
Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

### An explanation of why the LEA has developed this goal.

Dashboard and local data indicate that the district has fallen short of the expected targets for student achievement. This highlights the necessity for a stronger focus on improving literacy and instructional practices through the utilization of Multi-Tiered System of Supports (MTSS) and Universal Design for Learning (UDL) while enhancing professional learning opportunities, conducting walkthroughs, and introducing supplementary support systems and accountability measures.

#### DASHBOARD DATA: CAASPP and the California Alternate Assessment

In English/Language Arts, the overall performance is ranked ORANGE on the Dashboard, with students scoring 40.4 points below standard. Homeless students are classified in the RED band, indicating a very high level of concern. Student groups categorized in the ORANGE band, reflecting a high level of concern, include African American, Asian, English Learners, Hispanic, socioeconomically disadvantaged, students with disabilities, and white students. Students of two or more races are ranked in the YELLOW band, while Filipino students are placed in the BLUE band.

In mathematics, the overall performance is ranked as ORANGE, with students scoring 71.1 points below the standard. Homeless students are flagged in the RED band signaling a very high level of concern. Student groups in the ORANGE band, indicating a high level of concern, include African American, Asian, English Learners, Hispanic, socioeconomically disadvantaged, students with disabilities, and white students. Students of two or more races fall into the YELLOW band, while Filipino students are in the GREEN band.

The following school sites and corresponding student groups ranked RED on the Dashboard in ELA or math, indicating a high level of concern and an increased need for additional supports.

#### English/Language Arts

Riles Middle: Students with Disabilities

Oak Hill Elementary: African American, Students with Disabilities

Dudley Elementary: African American, English Learners, Hispanic, Students with Disabilities

#### Mathematics

Riles Middle: Students with Disabilities

Oak Hill Elementary: African American

Dudley Elementary: African American, English Learners, Hispanic, Socioeconomically Disadvantaged, Students with Disabilities, White

#### iREADY

The past three spring iReady Diagnostic 3 administrations reveal a concerning lack of progress in student achievement. Neither ELA nor math data shows any change in the percentage of students scoring one grade level below expectations. There's been a slight decrease in the percentage of students scoring above grade level, which is mirrored by a slight increase in the number of students scoring two or more grade levels below.

#### PANORAMA STAFF SURVEY

Through the Panorama Staff Survey, perceptions of favorability were measured in the following areas: Educating all Students, Professional Learning, School Climate and School Leadership. Educating all Students and School Leadership are the two areas reporting the highest levels of favorability. School Climate and Professional Learning measure the lowest levels of favorability.

- Educating All Students measures staff perceptions of their readiness to fully support all learners. Districtwide, 73% responded favorably to Educating All Students. Sites rating at or above the district average: Spinelli (83%), Dudley (78%) Oak Hill (75%) and Fortune (73%). Sites rating below district average: Riles Middle (69%) North Country (68%), McClellan HS (68%), Center HS (66%).
- School Leadership measures staff perceptions of a school's leadership effectiveness. Districtwide, 69% responded favorably to School Leadership. Sites rating at or above the district average: Fortune (96%), (Spinelli 83%), North Country (79%), Riles Middle (79%), McClellan HS (78%), Oak Hill (74%). Sites rating below district average: Dudley (52%), Center HS (47%)
- School Climate measures perceptions of the overall social and learning climate of the school. Districtwide, 54% responded favorably to School Climate. Sites rating at or above the district average: Fortune (86%), Spinelli (65%). North Country (60%), McClellan HS (60%), Oak Hill (58%). Sites rating below district average: Dudley (47%), Center HS (47%), Riles Middle (30%).
- Professional Learning is the perception of the amount and quality of professional growth and learning opportunities available to staff. Districtwide, 57% responded favorably to Professional Learning. Sites rating at or above the district average: Fortune (87%), Spinelli (68%), North Country (68%), McClellan HS (62%). Sites rating below the district average: Riles Middle (55%), Dudley (41%), Center HS (37%).

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	LITERACY	<p>The collaborative efforts of our teaching staff, students, and families are aimed at enhancing literacy across grades K-12. Operating within the framework of MTSS, we strive to address the individual needs of every student, ensuring that instruction is tailored to accommodate diverse learning styles and abilities, particularly focusing on supporting English learners and students with disabilities. We strongly emphasize identifying and addressing the needs of subgroups that may be underperforming, as indicated by the RED designation on the Dashboard. Formative assessments are used to pinpoint areas for improvement, allowing us to implement evidence-based interventions effectively.</p> <p>EARLY LITERACY FOCUS (TK-2)</p> <ul style="list-style-type: none"><li>Utilize district-adopted curriculum, Wonders, to build foundational literacy skills</li><li>Ensure all TK-2 teachers, administrators, and instructional staff participate in professional development sessions supporting systematic, explicit reading instruction based on research-backed principles of literacy</li></ul> <p>Accountability Measures</p> <ul style="list-style-type: none"><li>Conduct walkthroughs to ensure consistent implementation of district literacy expectations in classrooms</li></ul> <p>Tiered Interventions</p> <ul style="list-style-type: none"><li>Tier I Intervention: Implement research-based intervention strategies and data-driven instruction, integrating targeted Wonders lessons</li></ul>	\$949,150.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	<b>VALUED</b> Foster an inclusive and supportive educational environment that values individuals, addresses diverse learning needs, and promotes positive behavior through the implementation of a Multiple Tiered System of Supports (MTSS) and Positive Behavior Supports (PBIS).	Broad Goal

### State Priorities addressed by this goal.

- Priority 5: Pupil Engagement (Engagement)
- Priority 6: School Climate (Engagement)

### An explanation of why the LEA has developed this goal.

Dashboard and local data show the district has not met the expected targets for student achievement. Attendance, social-emotional well-being, school engagement, and behavior directly influence student success. This goal has been established to identify actions aimed at ensuring staff have the necessary resources and administrative support to address behavioral challenges hindering learning. These actions are designed to enhance student engagement, improve attendance, and mitigate disruptive behaviors.

Dashboard data reveals a districtwide RED ranking for suspension rates among specific student subgroups; African American, American Indian, Hispanic, Homeless, and Students with Disabilities. This indicates a significant concern and underscores the need to identify corrective measures, as there is a link between student groups with higher suspension rates and those with lower academic achievement.

At the site level, the dashboard identifies specific school sites and student subgroups with a RED ranking for suspension rates and chronic absenteeism. This highlights an increased need for additional support to promote higher attendance and engagement in classroom instruction and extracurriculars.

Chronic Absenteeism: % of students K-8, absent 10% or more

- Oak Hill: African-American 27.8%

Suspension Rates: % suspended at least one day

- Center HS: African American 21.7%, Two or More Races 13.7%, Students with Disabilities 13.7%
- McClellan HS: Hispanic 11.3%, Socioeconomically Disadvantaged 17.5, White 24.3%
- Riles Middle: African American 23.5%, Hispanic 11.8%, Socioeconomically Disadvantaged 13.6%, Students with Disabilities 20.4%
- Spinelli Elementary: Hispanic 8.1%, Socioeconomically Disadvantaged 5.4%
- Oak Hill Elementary: African American 9.3%, Students with Disabilities 8.3%
- Dudley Elementary: Hispanic 9.2%, Homeless 12.3%, Socioeconomically Disadvantaged 7%, Students with Disabilities 8.1%

### Actions

Action #	Title	Description	Total Funds	Contributing
3.1	ATTENDANCE & ENGAGEMENT	<p>The SFSS Department will prioritize comprehensive attendance support across all levels, including addressing Chronic Absenteeism. This will involve ongoing support for students and families through the Attendance and Engagement Process, including tiered supports and interventions. Everyday Pro will provide data monitoring and parent outreach through mail nudges, text messages, and check-ins. Oak Hill Elementary will be prioritized.</p> <p>At Tier 1, SFSS will disseminate positive attendance messages in monthly district family communications and raise awareness through an Attendance Awareness Campaign. Specialized communication and resources will be tailored for TK and Kinder families, who experience the highest rates of Chronic Absenteeism. Monthly, the school site with the highest attendance rate will receive the Attendance Champion Award which includes a banner and framed certificate for display. Quarterly, the "Attendance Prize Squad" will recognize schools and grade levels with positive attendance rates.</p> <p>The SFSS Coordinator will hold two meetings with Attendance and Engagement Leads from each school, in addition to the fall and spring Data Culture meetings. These meetings will focus on reviewing data on attendance and chronic absenteeism, developing tiered goals and interventions for sites, and implementing a home visit protocol.</p> <p>At Tiers 2 and 3, Attendance Leads will collaborate with the SFSS to identify, provide outreach, and support chronically absent students through a referral system aimed at removing barriers. Early intervention and intensive measures like student success plans, support networks, community referrals, and transportation assistance will be implemented as part of the three-tiered approach.</p> <p>Through the implementation of Tier 1 and Tier 2 PBIS supports site administrators will provide proactive student support designed to keep students in the classroom.</p>	\$10,624,167.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Extended Learning Opportunities Program (ELOP) provides after-school and summer school enrichment programs for transitional kindergarten through sixth grade.</p> <p>Provide varied experiences to engage in school valuing student interest, increase extracurricular opportunities and participation in clubs and athletics, and elementary specialists to provide music, art, and PE.</p> <p>Continue to provide home/school transportation, and co-curricular and extracurricular transportation to address barriers leading to chronic absenteeism and lack of engagement in extracurricular activities.</p> <p>Nutrition Services ensures students have access to breakfast and lunch at no charge to students or families. Nutrition Services also provides snacks to after-school programs such as clubs and tutoring at no cost to students, families, or school site programs.</p> <p>Nurses &amp; Health Assistants conduct hearing/sight checks, diabetes monitoring, and general welfare checks.</p>		
3.2	SOCIAL EMOTIONAL SUPPORT	<p>POSITIVE BEHAVIORAL INTERVENTION and SUPPORTS District and sites will fully implement PBIS across all schools, fostering a positive and inclusive learning environment that promotes achievement, social-emotional development, and student well-being. Sites will participate in ongoing levels of training. Director of Student Services will coordinate PBIS, collaborating with site administrators to ensure school-wide implementation, data-driven decision-making, tiered systems of support, and fidelity of implementation.</p> <p>Dudley and Oak Hill begin year 2 of the 2 year California Integrated Supports Project. The project involves taking a deeper dive into PBIS by integrating SEL, Culturally Sustaining Approach and Trauma Informed practices. North Country and Spinelli will begin the 2 year program.</p>	\$3,902,072.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p><b>SOCIAL EMOTIONAL SUPPORT</b>  To support the full integration of social-emotional learning through all tiers, there is a need to re-establish the District SEL Team encompassing district coordinators, administrators, school counselors, and other SEL student support staff to ensure that MTSS, PBIS, SEL, and trauma-informed practices are integrated and consistent in their practices, aligned from school to school, and that staff are provided guidance and trained accordingly. The team will convene to review current adopted SEL curricula, investigate others for possible implementation, and investigate a SEL/climate walkthrough tool.</p> <p>We are addressing other barriers to learning by continuing to provide Tier 2 and Tier 3 social-emotional supports through counselors, social workers and mental health clinicians. These positions provide social/emotional support through classroom push-in, small group counseling, individual counseling, and referrals to SFSS and community-based agencies for additional targeted support.</p> <p>School Psychologists, Counselors, and Behavior Specialists on the Educationally-related Mental Health Services (ERMHS) Team provide evidence-based social, emotional, and behavioral interventions to students in individual and group counseling, psychoeducational lessons in classroom settings and consultation to staff and parents in order to enable students to reach IEP goals and access their educational programs.</p> <p><b>SAFE SCHOOL AMBASSADORS</b>  The SFSS Coordinator will support Oak Hill and Spinelli Elementary Schools in maintaining the student-centered anti-bullying prevention program, Safe School Ambassadors Program. This will involve coordinating the training of diverse student leaders and holding monthly meetings where they can develop the skills necessary to reduce incidences of bullying and exclusion on campus, ultimately creating a safe and supportive school climate. Students will also gain positive peer and teacher relationships. Additionally, the Coordinator will investigate whether other elementary schools and Riles MS see a need to re-implement the SSA program.</p>		

Action #	Title	Description	Total Funds	Contributing
<b>3.3</b>	<b>DIVERSITY, EQUITY &amp; INCLUSION</b>	WestEd to provide professional development and site-based coaching to increase capacity to implement Culturally Responsive and Sustaining Education (CRSE) through an equity-driven improvement cycles. Antibias Training will continue throughout the sites giving teachers a deeper understanding of how to enact equitable practices in their classrooms. School Leaders will have a deeper understanding on how to enact equitable practices and identify problematic policies that have unintended consequences for particular student groups. Students will increase levels of belonging and connection through classrooms where educators have an equity mindset and implement CRST practices.	\$152,521.00	Yes

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
4	THRIVE Establish environments that cultivate learning experiences and provide paths to college and career readiness, ensuring that all students thrive.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning) Priority 4: Pupil Achievement (Pupil Outcomes) Priority 7: Course Access (Conditions of Learning) Priority 8: Other Pupil Outcomes (Pupil Outcomes)
---

An explanation of why the LEA has developed this goal.

<p>Dashboards and local data indicate the district has not met the expected targets for college and career readiness. This emphasizes the need to implement actions and metrics to ensure every student graduates equipped for post-high school endeavors, whether in college or career pathways.</p> <p>Dashboards data reveals a districtwide RED ranking for graduation rates among Students with Disabilities and College/Career Readiness for English Learners and Students with Disabilities, signaling a heightened level of concern and an increased need for targeted districtwide assistance.</p> <p>At the site level, the Dashboard identified the following school sites and student groups with a RED ranking, signifying a high level of concern and an increased need for additional, targeted support:</p> <p>College and Career Indicator (CCI): 31.4% of students prepared for College and Career</p> <p>Center High</p> <ul style="list-style-type: none"><li>English Learners: 8.3% prepared for College and Career</li><li>Students with Disabilities: 4.4% prepared for College and Career</li></ul> <p>McClellan High</p> <ul style="list-style-type: none"><li>Socioeconomically Disadvantaged students: 6.4% for College and Career</li></ul>
---

## Actions

Action #	Title	Description	Total Funds	Contributing
4.1	EDUCATIONAL ENVIRONMENT	<p>The Maintenance and Operations Department oversees the CJUSD Master Plan, which outlines the condition of current facilities, as well as the necessary renovations and expansions needed to ensure a safe and supportive environment for all aspects of the educational experience.</p> <p>The Facilities and Operations staff, Campus Monitors, Custodians, and the Twin Rivers Police Department, work collaboratively to uphold the safety, cleanliness, and welcoming atmosphere of district and school sites for students, families, and the community. Adequate training and support are provided to empower staff with the necessary skills and resources to effectively fulfill their job responsibilities.</p>	\$7,105,376.00	No

Action #	Title	Description	Total Funds	Contributing
4.2	COLLEGE READINESS	<p><b>A-G COMPLETION</b> Completing A-G requirements guarantees students graduate with essential prerequisites for UC or CSU admission, benefiting both college and career paths by providing equitable access to vital high school courses. A-G completion broadens opportunities, including workforce, military, trade schools, community colleges, or universities. Additionally, A-G coursework instills academic, critical thinking, and communication skills for success in any post-high school endeavor.</p> <p>To increase A-G completion rates, 9th graders will enroll in Biology and Integrated I mathematics or higher. Depending on enrollment, additional teaching positions will be added at Center HS to lower class sizes or to provide space within course sections for students needing to repeat courses. Summer school will be expanded to accommodate students needing to repeat courses in which they earned a D grade. School counselors will guide students on the A-G pathway. The College and Career Coordinator will guide the exploration of post-secondary opportunities and aid students through the application and acceptance process.</p> <p>To increase A-G completion rates, Improve Your Tomorrow (IYT) will supplement the efforts of counselors, teachers, and administrators at Center High and WCR Middle to offer comprehensive services such as mentoring, college tours, academic study halls, family engagement initiatives, and personal development workshops. Membership in IYT is open to all students. Focused recruitment efforts will target young men of color to address achievement gaps as indicated by district data.</p> <p><b>DUAL ENROLLMENT</b> Dual Enrollment enables high school students to earn both high school credits for graduation and college credits concurrently for the same coursework. At Center HS, dual enrollment is available in English 12, Astronomy, Entrepreneurship, Business (Consumer Finance), and Statistics.</p> <p><b>ADVANCED PLACEMENT</b></p>	\$364,738.00	Yes

Action #	Title	Description	Total Funds	Contributing
		<p>Advanced Placement (AP) classes offer access to rigorous, college-level coursework. Center HS offers AP English Language, AP English Literature, AP Statistics, AP Calculus AB, AP US History, and AP Spanish. Enrollment is continuously monitored to ensure adequate representation.</p> <p><b>PEER TUTORING</b> The Peer Tutoring program offers biweekly tutoring from high-achieving Center HS students who assist peers with homework completion, study techniques, skill enhancement, and test preparation.</p>		
<b>4.3</b>	<b>CAREER READINESS</b>	<p>Career Readiness courses and pathways not only provide students with academic skills but also equip them with essential workplace abilities including critical thinking, communication, teamwork, leadership, research tools, creativity, and innovation.</p> <p><b>CAREER TECHNICAL EDUCATION</b> CTE is an educational program comprising a multiyear sequence of courses that blend core academic knowledge with technical and occupational expertise, offering students a pathway to both postsecondary education and careers.</p> <p>CJUSD aims to establish a comprehensive K-12 CTE plan, connecting courses from elementary to high school, to boost completion rates in CTE Pathways. This initiative creates a seamless skill-building continuum, enabling students to explore CTE coursework early on and graduate high school with a completed CTE pathway. The plan development includes a thorough needs assessment to identify areas for improvement or expansion of CTE opportunities at all levels. Efforts will strategically promote CTE pathways, guiding students toward various high school options.</p> <p>CTE coursework offered at various elementary sites: STEAM, C-STEM, Graphic Design, Coding, Robotics CTE coursework offered at Riles Middle School: Broadcasting, PLTW, Coding</p>	\$659,651.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>CTE Pathways offered at Center HS:</p> <p>Graphic Design Pathway</p> <p>Media and Design</p> <p>Animation Pathway</p> <p>Residential Construction</p> <p>PLTW Engineering</p> <p>Entrepreneurship Pathway</p> <p>Public Safety Pathway</p> <p>Patient Care Pathway</p> <p>McClellan HS will explore additional ways to enhance career readiness through potential certificate programs, dual enrollment options with trade programs, and partnerships with local businesses. Staff will broaden student awareness of varied career opportunities by bringing in guest speakers who are trade professionals and planning field trips to local community colleges trade programs and other trade schools.</p> <p>The district is implementing a multi-year plan to expand opportunities for McClellan HS students, integrating CTE opportunities into their academic experience. Beginning in the fall of 2025, McClellan HS will relocate to a campus adjacent to Center HS. This move will allow MHS to preserve its unique identity as a separate school but add CTE course access. MHS students will attend core classes at MHS while accessing CTE coursework available on Center High's campus.</p> <p><b>OTHER CAREER READINESS OPPORTUNITIES</b></p> <p>Workability, in partnership with the Department of Rehabilitation, provides pre-employment skills training, employment placement, and follow-up for high school students in special education, aiding the transition from school to work, independent living, and postsecondary education or training.</p> <p>911 Dispatch trains students for direct entry into a career as a 911 Dispatcher, call center dispatcher or other customer service call center positions. 		The district will partner with Center HS to establish district internships pairing high school students with the Coordinator of Communication and the Technology Department to gain valuable on-the-job experience.		

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
5	<p>By 2027, Dudley will bridge gaps in literacy to improve student fluency and comprehension across all disciplines resulting in the following:</p> <ul style="list-style-type: none"><li>• All student groups will be green or above on the Dashboard</li><li>• Increase ELA and math by 5 percentage points per year as measured by CAASPP</li><li>• Increase students on or above grade level in reading and math by 5 percentage points per year as measured by iReady</li><li>• Reduce site suspension rate and student group suspension rates to 3%</li></ul>	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

<p>Priority 1: Basic (Conditions of Learning)</p> <p>Priority 2: State Standards (Conditions of Learning)</p> <p>Priority 4: Pupil Achievement (Pupil Outcomes)</p> <p>Priority 5: Pupil Engagement (Engagement)</p> <p>Priority 6: School Climate (Engagement)</p> <p>Priority 7: Course Access (Conditions of Learning)</p> <p>Priority 8: Other Pupil Outcomes (Pupil Outcomes)</p>
--

An explanation of why the LEA has developed this goal.

<p>Dudley Elementary has been designated to receive Equity Multiplier Funding due to its high proportion of socioeconomically disadvantaged students and student transiency rates. The funding aims to bridge achievement and opportunity gaps for all students, especially those subgroups identified RED on the Dashboard.</p> <p>Data shows a disparity in achievement and suspensions indicating a critical need for supports. Dashboard data revealed Dudley is ranked in the RED for overall ELA and math achievement, scoring below the state average in both areas. Student subgroups including African American, English learner, Hispanic, and Students with Disabilities scored in the RED for both ELA and math. Socioeconomically Disadvantaged and White subgroups scored in the RED in math. Suspensions for Hispanic, Homeless, Socioeconomically Disadvantaged and Students with Disabilities subgroups were ranked RED.</p> <p>This goal has been developed to address literacy, knowing that evidence-based literacy programs will equip students with foundational skills that strengthen reading and provide a foundation for success across disciplines, including math. Additionally, improved literacy leads to</p>
---

improved behavior as students gain the confidence and tools to navigate academic challenges. Consultation with Dudley's educational partners underscored an agreement with actions outlined in Goal 5.

Actions

Action #	Title	Description	Total Funds	Contributing
5.1	LITERACY SPECIALIST	<p>Dudley will hire a Literacy Specialist to address student needs, guaranteeing that each student receives the essential support and guidance required to overcome learning gaps and enhance reading skills. This effort increases academic achievement across all subjects, including mathematics. By focusing on targeted skill development, students will experience a boost in confidence and academic success, reducing behaviors often exacerbated by academic frustrations, lack of achievement, and low confidence in their academic abilities.</p> <p>The Literacy Specialist will gather and analyze student data to identify areas of need. Employing evidence-based curriculum and instructional strategies, interventions will be tailored to suit the individual needs of each student. This process will involve close collaboration with administrators, teachers, and other school personnel, to accurately identify students requiring Tier II and Tier III intervention. A structured system of short-term intervention cycles will then be established to ensure targeted support and monitor student progress effectively. Ongoing assessment of students' reading development will inform ongoing intervention adjustments.</p> <p>The Literacy Specialist will provide valuable professional development opportunities to classroom teachers, equipping them with the latest research findings and innovative instructional techniques to increase literacy and further enhance student learning outcomes.</p> <p>Dudley will employ a dedicated substitute teacher to prevent the Literacy Specialist or other support staff from being pulled from their roles to fill in for the absence of a classroom teacher. This ensures continuity of support for all students, particularly high-need students. Additionally, by employing a teacher who is familiar with Dudley's policies and procedures, this position ensures consistency for all students.</p>	\$275,000.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
6	<p>By 2027, McClellan will increase graduation rates, improve academic achievement, and decrease behaviors through targeted ELA and math intervention resulting in the following:</p> <ul style="list-style-type: none"><li>• Increase overall ELA and math by 50% as reported by the Dashboard</li><li>• Increase ELA and math scores by 5 percentage points each year as measured by CAASPP</li><li>• Increase students on or above grade level in reading and math by 5 percentage points each year as measured by iReady</li><li>• Increase graduation rate to 80%</li><li>• Reduce site suspension rate to 7% and no student groups in the RED on the Dashboard</li></ul>	Equity Multiplier Focus Goal

### State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)  
Priority 2: State Standards (Conditions of Learning)  
Priority 4: Pupil Achievement (Pupil Outcomes)  
Priority 5: Pupil Engagement (Engagement)  
Priority 6: School Climate (Engagement)  
Priority 7: Course Access (Conditions of Learning)  
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

### An explanation of why the LEA has developed this goal.

McClellan High School has been designated to receive Equity Multiplier Funding due to its high proportion of socioeconomically disadvantaged students and student transiency rates. The purpose of the funding is to bridge achievement and opportunity gaps for all students, especially those subgroups identified as RED on the Dashboard.

Dashboard data revealed MHS is ranked in the RED for overall ELA and math achievement, scoring below the state average in both areas. Graduation rate is RED overall with the Socioeconomically Disadvantaged subgroup also RED. Suspension rates are RED overall with Hispanic, Socioeconomically Disadvantaged, and White subgroups also RED. College and Career indicators ranked MHS VERY LOW overall and the Socioeconomically Disadvantaged subgroup was also ranked VERY LOW.

The data reveals disparities in achievement, graduation rates, and suspension rates, signaling a critical need for support. This goal has been developed to address the need for ELA and math intervention, recognizing that targeted intervention will bridge gaps and provide students with essential skills. These skills not only enhance reading and math abilities but also establish foundational skills for success in college and

career pathways post-high school. Additionally, improved academic achievement is anticipated to raise graduation rates and improve behavior, as students acquire the skills and confidence to navigate academic expectations. Consultation with McClellan's educational partners underscored an agreement with actions outlined in Goal 6.

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable.

Actions

Action #	Title	Description	Total Funds	Contributing
6.1	INTERVENTION TEACHER	<p>MHS will improve student success by hiring an Intervention teacher to bridge academic gaps in ELA and math, providing targeted instruction through a pull-out model. Improved ELA and math skills will increase achievement across all subjects, boosting course completion rates and increasing graduation rates. Additionally, by addressing academic challenges, we can expect a reduction in behaviors often exacerbated by academic frustrations, lack of achievement, and low confidence.</p> <p>The Intervention teacher will gather and analyze student data to identify areas of need. Employing evidence-based curriculum and instructional strategies, interventions will be tailored to suit the individual needs of each student. This process will involve close collaboration with administrators, teachers, and other school personnel, to accurately identify students requiring specialized pull-out learning sessions based on their specific data. A structured system of short-term intervention cycles will then be established to ensure targeted support and monitor student progress effectively. Ongoing assessment of students' reading and math skill development will inform ongoing intervention adjustments.</p>	\$155,000.00	No

# Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2024-25]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.3	<p><b>Action:</b> PARENT and FAMILY SUPPORTS</p> <p><b>Need:</b> District is 61% Socioeconomically Disadvantaged. Homeless is RED on Dashboard for ELA and math. English Learners and SED ORANGE on Dashboard for ELA and math. Graduation rate for homeless, EL and SED is ORANGE.</p>	Access to resources and meeting basic needs greatly influence students' academic success. By ensuring essentials such as food, clothing, and school supplies are met, students can attend classes and engage fully. This increases attendance and participation, enhances social-emotional well-being, reduces behaviors, and increases academic achievement,	Attendance rates, Parent and Student Panorama Surveys, Academic Achievement, Graduation Rates, Suspension Rates

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p>Chronic Absenteeism for EL is 18%, Homeless is 33%, Food, clothing, school supplies, academic support and social emotional supports are identified needs.</p> <p><b>Scope:</b> LEA-wide</p>		
<b>2.1</b>	<p><b>Action:</b> LITERACY</p> <p><b>Need:</b> High-needs student groups ranked in Orange and Red bands on CDE Dashboard for ELA achievement. High-need student groups score below peers as measured by iReady Reading Diagnostic and CAASPP ELA scores.</p> <p><b>Scope:</b> LEA-wide</p>	<p>The action of flexing hours at school site libraries directly contributes to increasing literacy by providing students with increased access to a diverse range of literary materials. This is particularly significant for high-needs students who may have limited access to reading materials suitable for their reading levels outside of school. By granting students access to a variety of academically appropriate literature, we create an environment that fosters literacy and ultimately improves academic achievement.</p> <p>For English Learners and Long-Term English Learners, bilingual assistants offer crucial additional support. These assistants help bridge the gap between two languages, facilitating language acquisition and bolstering academic achievement. By providing support in both languages, bilingual assistants empower EL and LTEL students to engage more effectively with academic content, thereby enhancing their overall academic performance.</p>	Dashboard, CAASPP scores, iReady scores, EL and LTEL reclassification rates
<b>2.2</b>	<p><b>Action:</b> TIER 1 INSTRUCTION</p>	Effective teachers, flexible seating, instructional technology, and technology specialists enhance	Dashboard, CAASPP scores, iReady scores, EL

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<p><b>Need:</b> CDE Dashboard data in ELA and math is ranked ORANGE, indicating students are scoring below standard in both areas. Many high-need student groups including English Learners, Socioeconomically disadvantaged and special education students are ranked RED on the Dashboard in ELA and/or math. CAASPP and IReady data in reading and math also show anticipated growth is not being made.</p> <p><b>Scope:</b></p>	<p>Tier I instruction for all students, particularly high-needs students.</p> <p>Skilled teachers offer engaging lessons and differentiated instruction to meet the diverse needs of learners, employing research-based instructional strategies that cater to various learning styles and abilities, and providing targeted Tier I support.</p> <p>Flexible seating promotes student engagement, focus, and learning outcomes by providing options to choose seating that best suits their learning preferences and needs. For high-needs students who may struggle with traditional classroom setups, flexible seating offers opportunities for movement, comfort, and personalized learning experiences, ultimately enhancing their engagement and academic success.</p> <p>Technology tools and resources can support differentiated instruction, provide interactive learning experiences, and offer accessibility to accommodate diverse learning needs. For high-needs students, instructional technology is a valuable tool for scaffolding learning, providing individualized support, and accessing content at their own pace.</p> <p>Technology specialists ensure that technology is effectively integrated into the classroom, fostering personalized and accessible learning experiences. They also ensure that technology is used inclusively and effectively to support the diverse learning needs of all students.</p>	<p>and LTEL reclassification rates</p>

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
2.3	<p><b>Action:</b> TIER 2 INSTRUCTION</p> <p><b>Need:</b> Low graduation rates, low ELA and math achievement as measured by the CDE Dashboard, CAASPP, iReady ELA and iReady math data</p> <p><b>Scope:</b> LEA-wide</p>	<p>Summer school and MHS continuation high school enhance Tier II instruction, particularly for high-needs students.</p> <p>Summer School provides additional opportunities to make up coursework and prevent further academic setbacks. Teachers tailor instruction to fill gaps identified through data analysis, offering personalized support to meet individual student needs.</p> <p>MHS continuation high school effectively addresses learning gaps through personalized instruction and targeted curriculum. With lower class sizes, MHS can offer more opportunities for targeted instruction, remediation, and enrichment activities, benefiting high-needs students who may require additional support to catch up or stay on track academically.</p> <p>Both programs offer focused, targeted curriculum designed to address specific academic needs and goals, providing a structured and intentional approach to instruction. Additionally, they employ dedicated staff trained to work with high-needs students, ensuring they receive the necessary support and resources for academic success.</p>	Dashboard, CAASPP scores, iReady scores, EL and LTEL reclassification rates, graduation rates
2.7	<p><b>Action:</b> LEADER GROWTH &amp; DEVELOPMENT</p> <p><b>Need:</b> Leaders to support instruction to improve achievement</p>	Empowering administrators with effective leadership tools leads to positive outcomes for students, staff, and overall school climate, especially for high-need students. This is achieved by providing targeted support, fostering a supportive environment, and promoting collaborative, data-driven approaches to school	Walkthrough data on instruction, CDE Dashboard CAASPP achievement, iReady achievement, EL Progress Indicator, Panorama Staff

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Scope:</b> LEA-wide	improvement. Administrators prioritize teaching and learning, offering guidance to teachers in implementing evidence-based practices tailored to high-need students' diverse needs, resulting in improved academic outcomes. They also create an inclusive school environment that fosters belonging and supports learning and growth, particularly for high-need students facing additional challenges. By analyzing student data and implementing targeted interventions, administrators strategically allocate resources to maximize student success. Investing in teachers' professional growth enhances their ability to effectively support diverse learners, contributing to overall student achievement.	Survey data, Panorama Student Survey data
3.1	<b>Action:</b> ATTENDANCE & ENGAGEMENT  <b>Need:</b> increase attendance, decrease chronic absenteeism, decrease undesirable behaviors and suspensions, increase engagement in school through extracurricular activities  <b>Scope:</b> LEA-wide	Providing athletics, health services, transportation, and attendance outreach to parents can significantly enhance attendance and school engagement for all students, particularly those with high needs. Participation in clubs or sports often serves as a strong motivator for regular school attendance, offering diverse avenues for engagement beyond the classroom. Access to medical care, counseling, and other health resources on campus increases the likelihood of regular attendance, addressing crucial health needs, especially for high-need students who may encounter barriers to healthcare access outside of school. Transportation services play a vital role in ensuring that all students, regardless of their family's transportation situation, can attend school regularly, thereby removing a common barrier to attendance, particularly for students from low-income families. By offering transportation options, schools not only increase regular attendance but also facilitate increased participation in	Daily Attendance, Chronic Absenteeism, Club Offerings, Athletic Offerings, Suspension Rates, Panorama Student Survey data

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
		extracurricular activities, particularly for high-need students facing transportation challenges. Additionally, outreach efforts play a pivotal role in identifying and addressing barriers to attendance, such as transportation issues or health concerns, fostering support and communication that are especially impactful for high-need students coming from families with limited resources or facing various challenges, ultimately promoting attendance and engagement.	
3.2	<p><b>Action:</b> SOCIAL EMOTIONAL SUPPORT</p> <p><b>Need:</b> Attendance and chronic absenteeism, social, referrals for Tier 1 and Tier 3 SEL supports, inappropriate behaviors resulting in suspension,</p> <p><b>Scope:</b> LEA-wide</p>	<p>PBIS, SEL, Safe School Ambassadors, school counselors, and psychologists play vital roles in fostering an inclusive and supportive educational environment by providing social-emotional support for all students, particularly those with high needs.</p> <p>School counselors and psychologists offer individual and group support to students facing academic, social, or emotional challenges. This targeted assistance aims to address underlying issues that could contribute to poor attendance, behavior problems, or disengagement. In addition to these targeted supports, various campus-wide programs are in place to further assist high-need learners.</p> <p>PBIS (Positive Behavioral Interventions &amp; Supports) initiatives enhance attendance and engagement, while SEL (Social-Emotional Learning) programs equip students with tools to manage emotions, build relationships, and make responsible decisions. Safe School Ambassadors exemplify positive behavior and facilitate conflict resolution.</p>	Panorama Student Survey data, attendance rates, chronic absenteeism rates, suspension rates, referrals for Tier 2 and Tier 3 SEL supports

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.3	<p><b>Action:</b> DIVERSITY, EQUITY &amp; INCLUSION</p> <p><b>Need:</b> There is an achievement gap between high-needs student groups, including African American and Hispanic students. This gap is evidenced by disproportionate suspension rates, lower achievement in ELA and math, lower graduation rates, and lower a-g completion rates. Additionally, lower participation in AP could indicate opportunity gaps. Lack of staff representation may contribute to achievement gaps.</p> <p><b>Scope:</b> LEA-wide</p>	Diversity, Equity, and Inclusion (DEI) initiatives foster an inclusive and supportive educational environment that values individuals, addresses diverse learning needs, and promotes positive behavior for all students, particularly high-need students. DEI training can help all teachers and staff from all school sites and the district identify unconscious biases that can affect interactions with students and families, adapt teaching to connect with more diverse learning styles, build stronger relationships by understanding differing backgrounds and perspectives, help teachers identify early intervention to help students from falling behind and know the importance of setting high expectations for all students from all backgrounds.	CAASPP scores in ELA and math, IReady scores in ELA and math, suspension rates, graduation rates, a-g completion rates, AP enrollment by student group, Panorama Student Survey data
4.2	<p><b>Action:</b> COLLEGE READINESS</p> <p><b>Need:</b> Low A-G completion rates, low AP Passage rates and low A-G and CTE Pathway completion rates and lower graduation rates for high needs students.</p> <p><b>Scope:</b> Schoolwide</p>	While supporting all students, the CHS College and Career Coordinator focuses specifically on students from high-needs backgrounds, many of whom are the first in their families to consider higher education. These students receive tailored assistance from the Coordinator in navigating college and career choices, including guidance through the application process, financial aid options, and career pathways. The Coordinator facilitates access to resources such as scholarships, internships, and vocational training programs. The Coordinator organizes field trips to college campuses, including in-state institutions and historically black colleges and universities, broadening students' perspectives and opportunities for higher education	A-G Completion rates, AP Passage rates, A-G and CTE Pathway Completion rates, Graduation Rates

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
-------------------	--------------------	---	------------------------------------

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

**Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Through 2.1, 2.2 and 2.3, we are maintaining an increased number of certified and classified staff at Spinelli Elementary, North Country Elementary, Dudley Elementary, Elementary, Oak Hill Elementary, Riles Middle School, and McClellan HS to focus on supporting the linguistic and academic needs of English learners, including long-term ELs. Strategies include Tiered Literacy Instruction, Integrated Language Development, and Designated Language Development. Efforts are informed by data analysis, allowing us to track student progress and ensure English Learners achieve their grade-level academic goals and reach reclassification.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	39:1	29:1
Staff-to-student ratio of certificated staff providing direct services to students	18:1	16:1

# Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).
    - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

*Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

*Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

*Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

**Engaging Educational Partners**

**Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

**Requirements**

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);
  - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

### Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

**Requirement to Address the LCFF State Priorities**

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

**Focus Goal(s)**

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

**Type of Goal**

Identify the type of goal being implemented as a Focus Goal.

**State Priorities addressed by this goal.**

Identify each of the state priorities that this goal is intended to address.

**An explanation of why the LEA has developed this goal.**

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

## Broad Goal

### Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

**Maintenance of Progress Goal**

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

**Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.
  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
  - Indicate the school year to which the baseline data applies.
  - The baseline data must remain unchanged throughout the three-year LCAP.
    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

### Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

**Goal Analysis:**

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**  
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
- As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
- These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
  - Professional development for teachers.
  - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

#### LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

#### Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

## Required Descriptions:

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

#### Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

#### How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

### **Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

### **How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

### **Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
- **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
  - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### **Contributing Actions Annual Update Table**

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.  
  
The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
