LCFF Budget Overview for Parents

LCFF Budget Overview for Parents Template

Local Educational Agency (LEA) Name: George E. Hale Charter Academy Middle School

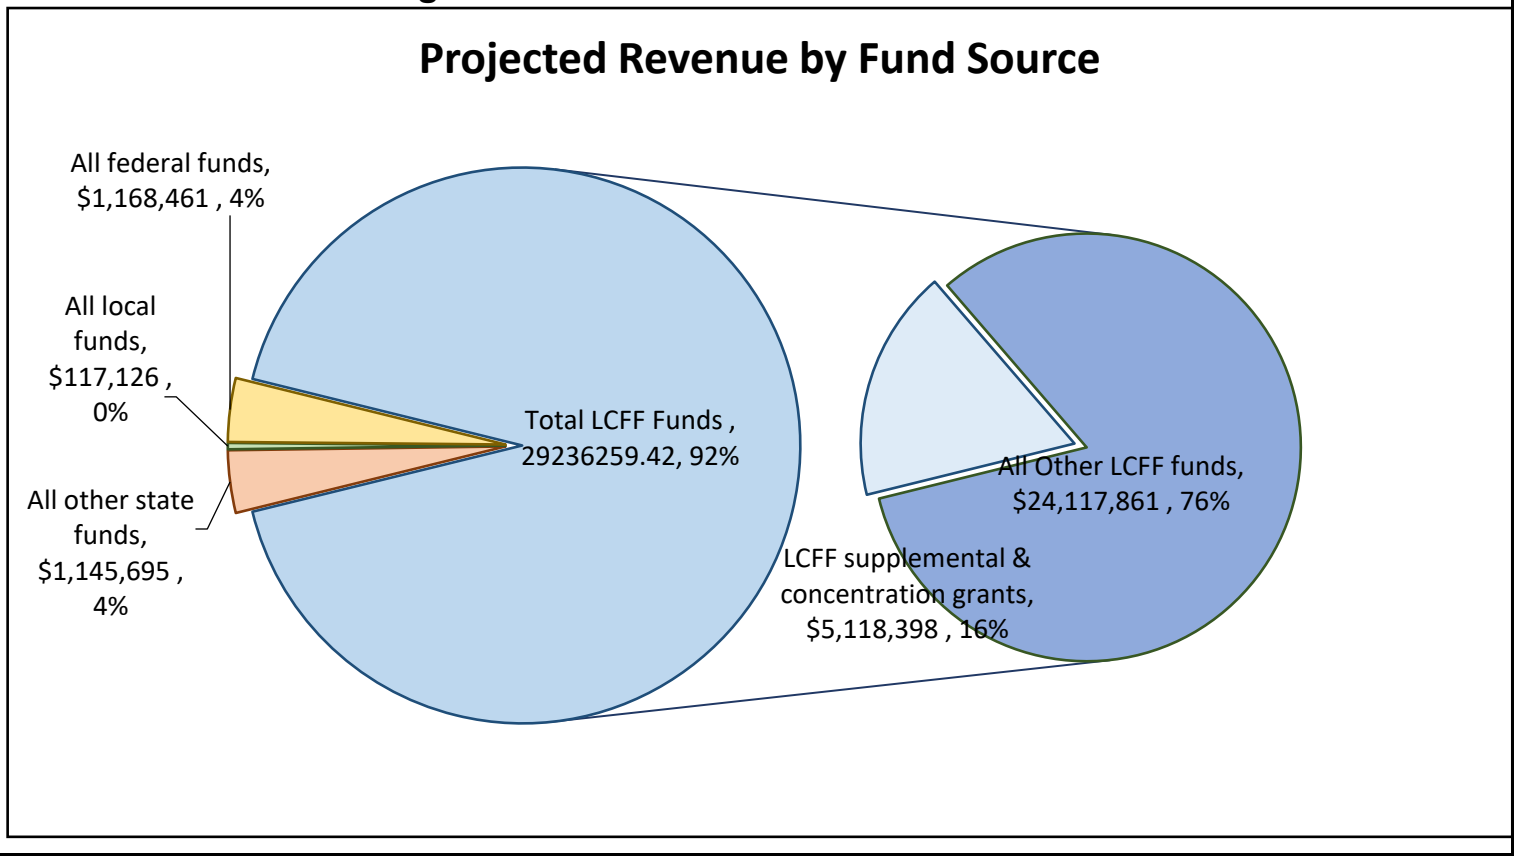

CDS Code: 19 64733 6061477

School Year: 2026-27

LEA contact information: Henry Song, Principal; hjs1725@lausd.net

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

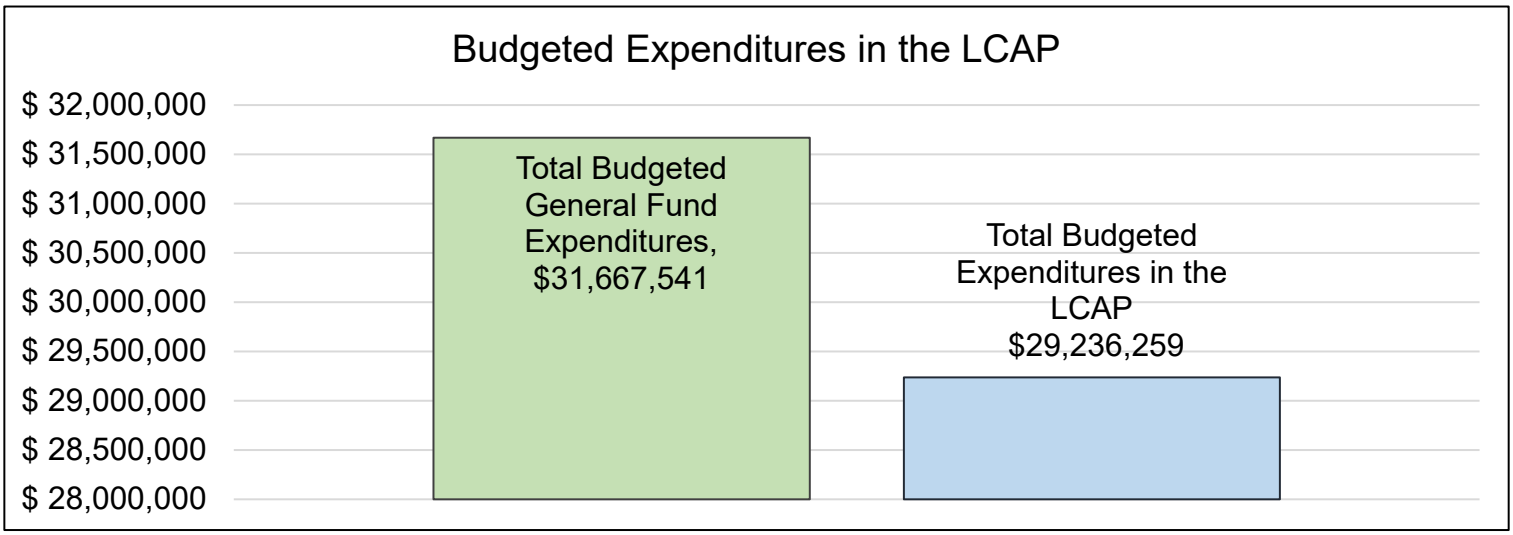

This chart shows the total general purpose revenue George E. Hale Charter Academy Middle School expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for George E. Hale Charter Academy Middle School is $31,667,541.42, of which $29,236,259.42 is Local Control Funding Formula (LCFF), $1,145,695.00 is other state funds, $117,126.00 is local funds, and $1,168,461.00 is federal funds. Of the $29,236,259.42 in LCFF Funds, $5,118,397.94 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much George E. Hale Charter Academy Middle School plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: George E. Hale Charter Academy Middle School plans to spend $31,667,541.42 for the 2026-27 school year. Of that amount, $29,236,259.42 is tied to actions/services in the LCAP and $2,431,282.00 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

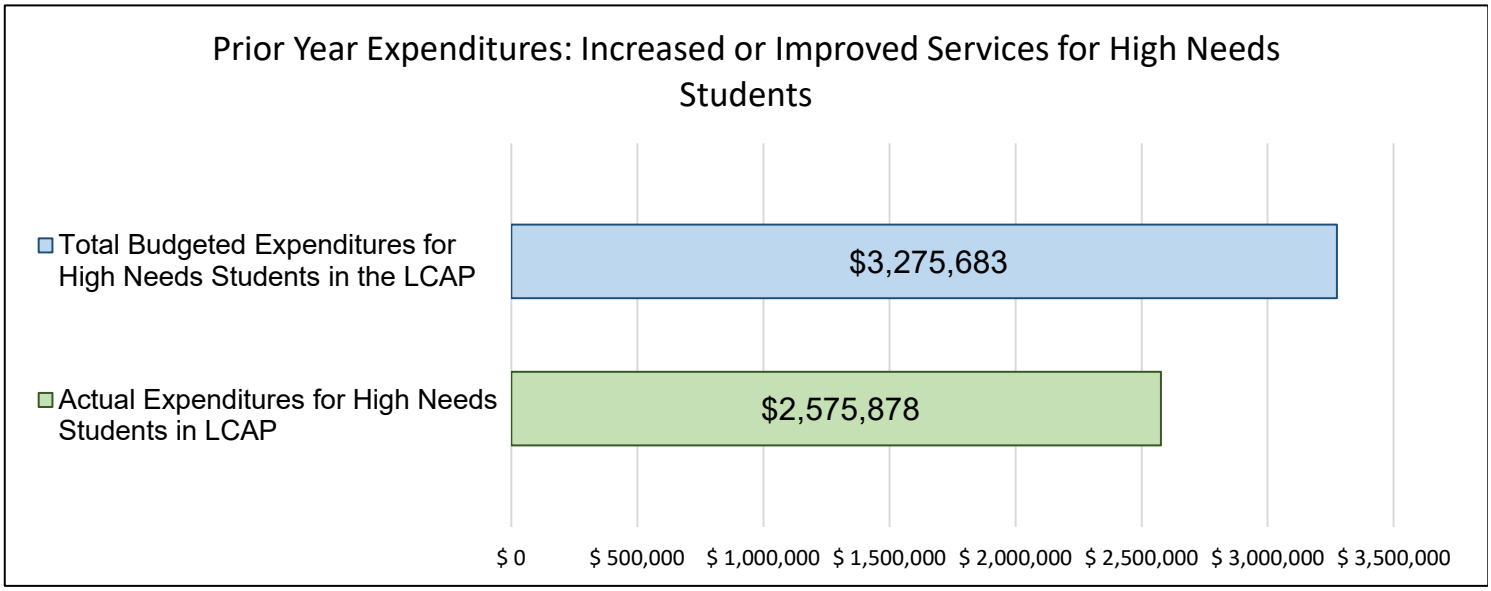

Affiliated Charter Schools are operated by the District and follow all District-wide policy guidelines. In alignment with the District's LCAP, the school's LCAP includes all LCFF sources as identified in the adopted Los Angeles Unified budget. Note that the Action Tables only reflect the school's discretionary funds (as these funds carry over within the school's budget). All Affiliated Charter School-determined expenditures are reflected in the LCAP and are referenced in the body of the LCAP Goals and Actions. The LCAP includes all LCFF funds for 2026–27 and does not include any other local, additional state, or federal funds. Those additional funds are covered in other plans such as the Special Education Local Plan Area (SELPA) Plan for other non-LCFF sources of Special Education funds and the LCAP Federal Addendum for federal funding sources.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, George E. Hale Charter Academy Middle School is projecting it will receive $5,118,397.94 based on the enrollment of foster youth, English learner, and low-income students. George E. Hale Charter Academy Middle School must describe how it intends to increase or improve services for high needs students in the LCAP. George E. Hale Charter Academy Middle School plans to spend $5,118,397.94 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what George E. Hale Charter Academy Middle School budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what George E. Hale Charter Academy Middle School estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, George E. Hale Charter Academy Middle School's LCAP budgeted $3,275,683.00 for planned actions to increase or improve services for high needs students. George E. Hale Charter Academy Middle School actually spent $2,575,878.00 for actions to increase or improve services for high needs students in 2025-26. The difference between the budgeted and actual expenditures of $699,805.00 had the following impact on George E. Hale Charter Academy Middle School's ability to increase or improve services for high needs students:

Note that the planned and actual expenditures for actions and services to increase or improve services reported here ONLY reflect the Affiliated Charter School's discretionary LCFF Supplemental and Concentration funds and expenditures (as shown in the Action Tables). The difference between Total Budgeted Expenditures and Actual Expenditures in the above chart is mainly due to staffing shortages and reliance on one-time funds. Despite these challenges, the Affiliated Charter School in partnership with Los Angeles Unified, prioritized and used available staff to support our target student populations of English Learners, students from low-income families, and students in foster care. However, staffing gaps limited student access to some planned academic and social-emotional services. For details, see the Goal Analysis sections of the 2025-26 LCAP.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone

Plan Summary [LCAP Year]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

George E. Hale Charter Academy Middle School, 6th-8th grade located in Woodland Hills, in the San Fernando Valley of Los Angeles with an approximate enrollment of 1600 students, ranks as a Top Performer in our District and State. We have consistently strong scores on the California Assessment of Student Performance and Progress (CAASPP). Our faculty and staff strive to create a welcoming environment for all students and focus on the importance of each child's academic and personal experience. We support our students' interests and talents with our Highly Gifted/Gifted/High Ability STEAM Magnet, Visual & Performing Arts Magnet (VAPA), School for Advanced Studies (SAS) program. We offer a wide variety of elective classes to appeal to the interests of every student. In addition, we offer many celebrated and award-winning courses including art, choir, dance, drama, horticulture/farm, and outstanding music program. Our students thrive with a variety of learning opportunities in a supportive environment. The school demographic enrollment is approximately 38% White, 33% Hispanic, 14% Asian, 5% Black, 10% Other.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

In the 2023 CA School Dashboard, our school had 0 areas where All Students were in the lowest performance level rating (i.e., Red or Very Low). The table below indicates the lowest performance ratings by student group on the 2023, 2024 and 2025 CA Dashboards.

CA Dashboard Indicator	Lowest Performance Rating by Student Group based on 2023 CA Dashboard	Lowest Performance Rating by Student Group based on 2024 CA Dashboard	Lowest Performance Rating by Student Group based on 2025 CA Dashboard
Chronic Absenteeism	N/A	N/A	African American
Suspension Rate	N/A	N/A	N/A
Graduation Rate	-	-	-
College/Career	-	-	-
English Language Arts	N/A	N/A	Students with Disabilities
Mathematics	N/A	N/A	Students with Disabilities
English Learner Progress Indicator (ELPI)	N/A	N/A	N/A

Hale Charter Academy demonstrated strong academic performance on the 2025 CA School Dashboard.
Student achievement in English Language Arts and Mathematics increased from the previous year, and were higher than state progress. Within English Language Arts, students with disabilities were identified in the lowest performance rating, with a decline in 11.2 points from the previous year. This was also the case for Mathematics, with a 17.6 point decline from last year.

English Learner Progress reflected that English learners continued making steady progress toward English proficiency, compared to the state's rate. The school's Suspension Rate remained low, indicating a positive and inclusive school climate.

An additional area of growth, Chronic Absenteeism indicator- identifying all students and student groups who are absent 10% or more of the instructional days they were enrolled- identified specifically African American students (24.2% chronically absent, maintained 0.3%)

Strategies to address the lowest performance rated student groups such as Students with Disabilities in Math and English Language Arts and African American students in Chronic Absenteeism are as follows:

In addition to the small group instruction, chunking of instruction and additional adult assistance in the classroom, Students With Disabilities

also receive individualized Special Education afterschool tutoring Mondays, Wednesdays and Thursdays from credentialed SpEd teachers to provide ELA and Math support for the students in the manner that best meets their learning modalities.

We are supporting our African American students with our Black Student Achievement Plan (BSAP) team composed of a BSAP designated Counselor, BSAP Designee, BSAP Community Representative and BSAP School Climate. Our BSAP team meets with students to review attendance and achievement data and has weekly activities for our Black students to create a sense of community. The Community Representative conducts weekly parenting classes and parent activities in the Parent Center to inform and engage our Black families. Additionally, we have Inspiration52 and Pretty Brown Girls mentoring and leadership development every Monday during Advisory for our Black students to support their attendance and growth mindset. All students also receive the support and attention of our Pupil Services and Attendance (PSA) Counselor for attendance support and Psychiatric Social Workers (PSW) Counselors for social emotional support to come to school.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

[Respond here]

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

[Identify the eligible schools here]

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

[Describe support for schools here]

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

[Describe monitoring and evaluation here]

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Students	Based on needs identified during the Spring semester the advisory schedule was updated with defined activities and focus. Mondays are for Hale News Network (HNN), Hale's student news program, Wednesdays and Thursdays are for iReady to ensure students get the necessary minutes per week, while not losing instructional time in ELA and Math. Fridays are set aside for 2nd Step SEL and College Ed activities. This schedule provided stability to the Advisory schedule and set activities during the week, stabilizing the iReady minutes and also providing students the opportunity to participate in SEL activities and get support as needed. The counselor of the day schedule is implemented allowing students to know which days their counselor was on duty for non-critical items. However, a counselor and Psychosocial Worker (PSW) available at all times for students that needed immediate attention and support. This provides better support for our students and students are able to maintain their own schedule, providing better customer support. We are continuing Black Student Achievement Plan (BSAP) funded programs, Inspiration52 for our boys and Pretty Brown Girls for our girls to support student achievement towards supporting our students of color to develop agency and confidence in their learning.
Parents	The Hale LCAP plan has been shared with our families and received notification that Hale has become a Title 1 TAS 2025-26 school year and will transition to a schoolwide Title 1 program in the 2026-27 school year, during our November , Coffee with the Principals and Hale Charter Council Meetings. Our parents were pleased to know that all of the funding was intentional and focused on improving student academics, school climate and supporting student social emotional learning. The funding for this year continues to prioritize support writing across the curriculum and also numeracy. In support of Writing Across the Curriculum the school will be implementing the practice of Quick Writes

	using the Claim, Evidence, Reasoning (CER) framework in all departments to support student development in being able to write to a provided prompt in a set amount of time. The Spring iReady MOY assessment was completed and students continued their iReady Personal Learning minutes with a target of 45 minutes/week in ELA and Math to support their progress. iReady MOY vs BOY results show improvement in both ELA and Math in all grade levels. To support improvement in the CAST, 8th grade science teachers administered the Science IAB, once in the Fall semester and twice in the Spring semester for 8th grade students to become exposed to and familiar with CAST type questions in preparation for the CAST in May 2026.
Staff (Certificated and Classified)	The school faculty continued PDSA data driven improvement cycle working within self defined PLC's review student performance data in the form of iReady, iReady Personal Learning progress results and student work samples to develop improvement goals and objectives and conduct instructional rounds to collect data and monitor progress. Supporting this work, teachers are working towards establishing common Small Group Instruction practices and procedures to differentiate instruction to meet the needs of all students.
Community	The Hale LCAP plan was shared with our families Coffee with the Principals and Hale Charter Council meetings. Our community members were pleased to know that all of the funding was intentional and focused on improving student academics, school climate and supporting student social emotional learning. We have a new Community Representative and they will continue to be the point of contact for our community members and our Community Rep also monitors the social media sites our community members engage in to ensure we stay abreast of the priorities of our community.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Our adopted LCAP plan along with our SPSA plan was developed with the input of our HCC , SSC , ILT meetings by reviewing the student achievement data and needs assessments of our relevant student groups and discussion of effectiveness of possible supports and programs. After discussion and input of all educational partners, committee members voted on courses of action.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	**Academic Excellence**	Broad Goal

State Priorities addressed by this goal.

State Priority 2: State Standards (Conditions of Learning)
State Priority 4: Pupil Achievement (Pupil Outcomes)
State Priority 7: Course Access (Conditions of Learning)
State Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The school and district in addition to Numeracy as an area of focused support and growth measured by Distance of Standard (DFS), teachers will also focus on literacy across content areas.

Measuring and Reporting Results

Goal Analysis for [2025-2026]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 1: Base Instructional Supports, including General Fund School Program

This action was implemented to address the needs of all students. Base Instructional Supports, including the General Fund School Program, were implemented through a schoolwide focus on Writing Across the Curriculum using Claim-Evidence-Reasoning (CER) strategies in all content areas. Teachers received guidance and support to embed CER in daily instruction to strengthen literacy and analytical skills in both ELA and Math.

Additional instructional supports were provided through afterschool homework help, targeted English Learner services, Special Education supports, and High Dose tutoring. Students identified with literacy needs in grades 6 and 7 were enrolled in the Strategic Adolescent Reading Intervention (STARI) program to further support reading development. ELA, Science, and History classes with 8th grade students identified with literacy needs participated in the Literacy Design Collaborative (LDC) to support and promote writing development across content areas.

Action 2: Magnet Program

Action 2 was implemented through the operation of two themed Magnet programs: Visual and Performing Arts (VAPA) and Gifted STEAM, each offering specialized, interest-based instruction. Families applied to Magnet programs aligned with student interests, allowing for thematic learning environments and peer collaboration. Magnet teachers implemented Writing Across the Curriculum using CER strategies to strengthen academic outcomes across subjects.

Additional supports such as afterschool tutoring, targeted EL and Special Education services, and STAR Reading Intervention were provided to ensure students received academic support aligned with Magnet program goals.

Action 3: Special Education Supports

Action 3 was implemented by aligning Special Education instruction with schoolwide academic priorities, including Writing Across the Curriculum and CER strategies. Special Education students received targeted instructional supports within the classroom and through dedicated afterschool Special Education tutoring opportunities. Teachers collaborated to monitor student progress and adjust instruction based on assessment data. High Dose tutoring and specialized supports were provided to address individual learning needs and promote academic growth.

Action 4: Charter School Categorical Block Grant

Action 4 was implemented by establishing a clear identity for Charter students through a rebranding initiative known as the “Academy.” An Academy focus group and coordinator were established to plan field trips, enrichment activities, and experiences comparable to Magnet

programs. Writing Across the Curriculum using CER strategies was implemented to support academic achievement across content areas. Additional supports included afterschool homework help, targeted EL services, Special Education supports, and High Dose tutoring.

Action 5: Class Size Reduction

Action 5 was implemented by strategically reducing class sizes in 6th grade Academy classrooms where the greatest academic need was identified. Staffing adjustments were made to allow for smaller instructional groups in ELA and Math. Teachers used the reduced class sizes to provide more individualized instruction and targeted feedback. This approach also supported the higher concentration of students with disabilities receiving Resource support in 6th grade.

Action 6: Black Student Achievement Plan (BSAP)

Action 6 was implemented to impact all students through professional development for staff focused on courageous conversations and addressing racial bias to improve school climate. A dedicated BSAP team met weekly to monitor student progress, coordinate supports, and plan inclusive school events. Instructional practices included Writing Across the Curriculum using CER strategies to support academic achievement.

Additional supports were provided through a BSAP Counselor, BSAP Designee, School Climate Advocate, and Community Representative. The school also continued community partnerships with Inspiration52 and Pretty Brown Girls, which met with BSAP students weekly during Advisory to provide mentorship and leadership development.

Action 7: Supplemental A-G Interventions

Action 7 was implemented through structured counseling support focused on academic planning and postsecondary readiness. Counselors met individually with students and families to review Individualized Culmination Plans and clarify middle school and high school graduation expectations. These meetings ensured that families understood course requirements and academic pathways. Ongoing monitoring was used to guide future academic interventions and supports.

Action 8: Supplemental Afterschool Programs

Action 8 was implemented by offering a comprehensive afterschool program that included academic intervention, tutoring, and enrichment opportunities. Students with the greatest learning gaps were scheduled into High Dose tutoring, while English Learners and Special Education students received targeted instruction from credentialed teachers. General tutoring and homework support were made available to all students, resulting in high daily participation.

Enrichment opportunities included Afterschool All-Stars, robotics, art, music lab, Esports, and intramural sports.

Action 9: Charter Supplemental/Concentration Funds in Lieu of EIA

Action 9 was implemented through targeted supports for English Learners, with a strong focus on newcomer students. EL instructional services were provided during the school day, through afterschool EL tutoring, and through ELAC-supported programs. Staff closely monitored language development and progress toward reclassification. These coordinated supports were designed to sustain strong reclassification outcomes despite high newcomer enrollment.

Action 10: SENI Investments towards Academic Excellence

Action 10 was implemented through targeted academic supports for low-income students, English Learners, and foster youth identified through iReady BOY data. Students participated in Literacy Design Collaborative programs focused on reading comprehension and writing

across content areas. Instruction emphasized the transfer of writing skills across ELA, History, Science, and Math using CER strategies. Afterschool tutoring and homework support were also provided to reinforce academic skills and help close achievement gaps.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 1: Base Instructional Supports, including General Fund School Program

SBA schoolwide results reveal 2024 to 2025 ELA Meets/Exceeds percentages improvements from 62% to 65% and Math Meets/Exceed percentages improvements from 51% to 53%.

iReady BOY schoolwide results revealed 2024 to 2025 Reading Meets/Exceeds percentage improvements from 48% to 52% and Math Meets/Exceed percentage improvements from 39% to 40%. 2025 iReady BOY to MOY reveal Reading Meets/Exceeds percentage improvements from 53% to 55% and Math Meets/Exceed percentage improvements from 41% to 46%.

The focus of implementing Writing Across the Curriculum utilizing Claim-Evidence-Reasoning (CER) strategies resulted in improvements in both ELA and Math achievement in both SBA and iReady across all grade levels. We continued this focus and provide support in the forms of afterschool homework help, targeted EL, Special Education and High Dose tutoring. Students identified as an area of need are provided Strategic Adolescent Reading Intervention (STARI) Reading Intervention program to support literacy in grades 6 and 7.

Action 2: Magnet Program

SBA Magnet results reveal 2024 to 2025 ELA Meets/Exceeds percentages improvements from 78% to 84% and Math Meets/Exceed percentages improvements from 70% to 72%.

iReady BOY Magnet results showed improvements from 2024 to 2025, with Reading Meets/Exceeds increasing from 65% to 72% and Math Meets/Exceeds increasing from 58% to 59%. Additionally, 2025 iReady BOY to MOY data showed Reading Meets/Exceeds improving from 71% to 73% and Math Meets/Exceeds improving from 59% to 66%.

Hale Charter had two Magnet programs: Visual Arts & Performing Arts (VAPA) Magnet and Gifted STEAM Magnet. Both programs provided specialized thematic instruction, and families applied based on their child's interests. As a result, students in each Magnet program tended to excel academically, as they learned alongside like-minded peers in engaging, theme-based instructional settings.

The focus on implementing Writing Across the Curriculum using Claim-Evidence-Reasoning (CER) strategies contributed to improvements in both ELA and Math achievement, as reflected in SBA and iReady data across grade levels. The school continued this focus and provided additional supports, including afterschool homework help, targeted English Learner services, Special Education supports, and High Dose tutoring. Students identified as needing additional literacy support in grades 6 and 7 were provided the STAR Reading Intervention program.

Both the VAPA and Gifted STEAM Magnet programs were recognized by Magnet Schools of America as 2026 Programs of Distinction.

Action 3: Special Education Supports

SBA Special Education results reveal 2024 to 2025 ELA Meets/Exceeds percentages stable from 21% to 21% and Math /Meets/Exceed percentages improvement from 11% to 14%.
iReady BOY Special Education results revealed 2024 to 2025 Reading Meets/Exceeds percentage improvements from 10% to 20% and Math
Meets/Exceed percentage improvements from 9% to 10%. 2025 iReady BOY to MOY reveal Reading Meets/Exceeds percentage improvements from 18% to 19% and Math Meets/Exceed percentage improvements from 9% to 12%.

The focus of implementing Writing Across the Curriculum utilizing Claim-Evidence-Reasoning (CER) strategies resulted in improvements in both ELA and Math achievement in both SBA and iReady across all grade levels. We will continue this focus and provide support in the forms of afterschool homework help, targeted EL, Special Education and High Dose tutoring.

Action 4: Charter School Categorical Block Grant

SBA Charter students results reveal 2024 to 2025 ELA Meets/Exceeds percentages stable from 46% to 46% and Math Meets/Exceed percentages stable from 34% to 33%.

iReady BOY Charter students results reveal 2024 to 2025 Reading Meets/Exceeds percentage stable from 31% to 31% and Math Meets/Exceed percentage stable from 19% to 19%. 2025 iReady BOY to MOY reveal Reading Meets/Exceeds percentage improvements from 30% to 34% and Math Meets/Exceed percentage improvements from 20% to 24%.
School Experience Survey responses for: “I feel accepted for who I am at this school” improved 51% to 58% Agree/Strongly Agree, responses for “ I feel like I am part of this school” improved 48% to 54% Agree/Strongly Agree, responses for “I am happy to be at this school” improved 57% to 60% Agree/Strongly Agree.

In addition to establishing strong identities for students and teachers within the Magnet programs, the school also worked to create a similar experience for Charter students and staff. This was accomplished through a comprehensive rebranding initiative, with the Charter program becoming known as the “Academy.” An Academy focus group and coordinator were established to expand opportunities for Academy teachers and students, including increased access to field trips and enrichment activities designed to support their experience.

These efforts began to create a more equitable experience for Academy students and improved the overall perception of the program. The implementation of Writing Across the Curriculum using Claim-Evidence-Reasoning (CER) strategies contributed to improvements in both ELA and Math achievement, as reflected in SBA and iReady data across all grade levels. The school continued this focus and provided additional supports, including afterschool homework help, targeted English Learner services, Special Education supports, and High Dose tutoring.

Action 5: Class Size Reduction

Class size reduction occurred primarily in the 6th grade Academy teachers with 2025 SBA ELA results show 38% of students scoring at Meets/Exceeds and 34% and Math results showing 24% Meets/Exceeds.

Class size reduction was focused in 6th grade Academy since the greatest area of need was identified in ELA and Math. Students benefited from smaller class sizes allowing the teacher to provide greater attention to individual students as this is also the highest concentration of students with disabilities receiving Resource support.

Action 6: Black Student Achievement Plan (BSAP)

School Experience Survey responses for “In my classes, my teachers tell me how I can make my work better” improve from 64% to 73% Agree/Strongly Agree. Responses for “Teachers go out of their way to help students” improved from 48% to 60%, SBA BSAP students results reveal 2024 to 2025 ELA Meets/Exceeds percentages improvement from 47% to 56% and Math Meets/Exceed percentages stable from 36% to 32% and reduction of Not Met from 41% to 35%.
iReady BOY BSAP students results reveal 2024 to 2025 Reading Meets/Exceeds percentage improvement from 34% to 36% and Math Meets/Exceed percentage improvement from 18% to 20%. 2025 iReady BOY to MOY reveal Reading Meets/Exceeds percentage improvements from 36% to 37% and Math Meets/Exceed percentage improvements from 19% to 24%.

The school staff have received professional development in having courageous conversations to improve school climate and racial harmony. Our BSAP team met weekly to monitor the progress of students, conducted BSAP events to foster inclusion and planned future events. Writing Across the Curriculum utilizing Claim-Evidence-Reasoning (CER) strategies has resulted in improvements in both ELA and Math achievement in both SBA and iReady across all grade levels. We continued this focus and provide support in the forms of afterschool homework help, targeted EL, Special Education and High Dose tutoring. In addition there was BSAP Team composed of a BSAP Counselor, BSAP Designee, School Climate Advocate and Community Representative to monitor and support BSAP students.

Action 7: Supplemental A-G Interventions

SBA Charter students results revealed 2024 to 2025 ELA Meets/Exceeds percentages stable from 46% to 46% and Math Meets/Exceed percentages stable from 34% to 33%.
Ready BOY Charter students results revealed 2024 to 2025 Reading Meets/Exceeds percentage stable from 31% to 31% and Math Meets/Exceed percentage stable from 19% to 19%.

Counselors met with all students and families reviewed their Individualized Culmination Plan and ensured students and families understood the expectations and requirements for middle school culmination and preparation for high school graduation requirements.

Action 8: Supplemental Afterschool Programs

SBA Charter students results reveal 2024 to 2025 ELA Meets/Exceeds percentages stable from 46% to 46% and Math Meets/Exceed percentages stable from 34% to 33%.

iReady BOY Charter students results reveal 2024 to 2025 Reading Meets/Exceeds percentage stable from 31% to 31% and Math Meets/Exceed percentage stable from 19% to 19%. 2025 iReady BOY to MOY reveal Reading Meets/Exceeds percentage improvements from 30% to 34% and Math Meets/Exceed percentage improvements from 20% to 24%.

Students needing academic support, particularly those with the largest learning gaps, were scheduled into High Dose afterschool tutoring for intensive, individualized instruction. English Learners and Special Education students were provided targeted afterschool tutoring by teachers credentialed in those specific areas to support closing the achievement gap. Students who needed general academic support and homework help attended regular afterschool tutoring available to all students, taught by credentialed ELA or Math teachers.

The school maintained a robust participation rate in afterschool tutoring and enrichment programs, with over 200 students officially enrolled and attending daily. With over 200 students, Hale Charter operated one of the largest afterschool programs in Region North. The success of the program was evident in its continued growth, with approximately a 20% increase in enrollment over each of the past three years.

Students seeking enrichment opportunities after school participated in Afterschool All-Stars, which provided activities in sports, dance, basic food preparation, and gaming. Additionally, the school offered afterschool programs in robotics, art, music lab, and intramural sports.

Action 9: Charter Supplemental/Concentration Funds in Lieu of EIA

Sixty percent of the English Learner (EL) students enrolled were classified as Newcomer status. As a result, EL students met grade level standards at a rate of 3% in ELA and 9% in Math based on iReady MOY data. EL students demonstrated strong success in reclassification, with 53.2% reclassified in 2022–2023, 39.3% in 2023–2024, and 31.9% in 2024–2025.

The EL team worked diligently to support students through designated EL classes, afterschool EL tutoring, and ELAC-supported programs to sustain high reclassification rates, even with a significant percentage of newcomer students.

Action 10: SENI Investments towards Academic Excellence

2025 iReady BOY results for the Low-Income student group showed 36% Meets/Exceeds in ELA and 27% Meets/Exceeds in Math. From BOY to MOY 2025, Reading Meets/Exceeds remained relatively steady at 35%, while Math Meets/Exceeds increased from 29% to 31%.

The school continued to support the Low-Income student group through participation in a Literacy Collaborative focused on reading comprehension and writing across the curriculum, along with afterschool tutoring and homework support. Students identified through iReady BOY data with ELA scores at least one year below grade level in grades 7 and 8 participated in the Literacy Design Collaborative (LDC) within their ELA, History, and Science classes to build writing skills across content areas.

By strengthening students' ability to generalize writing skills, these supports helped students develop the skills necessary to effectively respond to SBA writing prompts in ELA, Math, and CAST.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

The Supplemental A-G Supports program to increase college and career readiness in secondary schools, including Hale Middle School, is funded by Los Angeles Unified.

Hale Charter will remain committed to ensuring students meet grade-level standards in English Language Arts and math and graduate A–G compliant. Through continued District funding, the Supplemental A-G Supports program will continue to promote college and career readiness for secondary students, including those at Hale Charter.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Base Instructional Supports, including General Fund School Program	Hale Charter Academy will provide quality first instruction to all students to reach Academic Excellence.	District Cost: $6,853,328 **School Discretionary Fund Cost: $1,044,541**	N
2	Magnet Program	Hale Charter Academy will continue to implement the following magnet programs to support our students: Hale Charter Academy Science, Technology, Engineering, Arts and Mathematics (STEAM) Magnet and Hale Charter Academy Visual and Performing Arts (VAPA) Magnet	District Cost: $187,893	N
3	Special Education Supports	Los Angeles Unified School District will continue to provide centralized funding to support Special Education programs at Affiliated Charter Schools like Hale Charter Academy to provide quality first instruction to all students to reach Academic Excellence.	District Cost: $8,165,715	N
4	Charter School Categorical Block Grant	Hale Charter will continue to purchase two CSR teachers, SpEd Coordinator, half of an Intervention Coordinator and campus supervision aides to support Academic Excellence.	**School Discretionary Fund Cost: $689,131**	N
5	Class Size Reduction and School Level Supports for Personalized Learning Interventions	Los Angeles Unified will continue to support smaller class sizes and supports for English Learners, students in foster care, and low income students at Hale Charter Academy.	District Cost: $4,032,722	Y
6	Black Student Achievement Plan	Hale Charter Middle School will leverage BSAP funds to close equity gaps for Black students through curriculum, school climate, wellness and community partnerships.	District Cost: $434,601	N

	Supplemental A-G Interventions	Hale Charter will remain committed to ensuring students meet grade-level standards in English Language Arts and math and graduate A–G compliant. Through continued District funding, the Supplemental A-G Supports program will continue to promote college and career readiness for secondary students, including those at Hale Charter.		
	Supplemental Afterschool Programs	Hale Charter will offer Supplemental Afterschool Programs in 2026-2027 through Expanded Learning Opportunity Program (ELOP) funds that are not part of LCFF funds, and therefore, are not reflected in Hale Charter LCAP.		
7	Charter Supplemental/Concentration Funds in Lieu of EIA	Hale Charter will purchase IT technician to support the school-wide implementation of Chromebooks, interactive whiteboards and campus Wifi critical to all instruction. Remains funds will support maintaining and servicing the copy machines necessary for instruction.	**School Discretionary Fund Cost: $165,739**	Y
8	SENI Investments towards Academic Excellence	Hale Charter will support Intervention Coordinator and Administrator to ensure students have access to tutoring and other academic supports for our Targeted Student Populations.	**School Discretionary Fund Cost: $331,195**	Y

Goal

Goal #	Description	Type of Goal
2	**Joy and Wellness**	Broad Goal

State Priorities addressed by this goal.

State Priority 5: Pupil Engagement (Engagement)
State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Establishing and providing a safe learning environment is critical to effective learning for students. Providing a safe and productive learning environment improves student attendance, reduces student stress, improves student sense of belonging, increases positive student interactions and restores a sense of community within the school, reducing behavior issues, increasing student engagement and improving student achievement.

Measuring and Reporting Results

Goal Analysis for [2025-2026]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 1: Base-Funded Health Supports

This action was implemented to address the needs of all students. It was carried out through the assignment of a full-time School Nurse to support our students will chronic health related issues, students recovering from injuries and requiring the communication between the medical professional and the school in implementing accommodations, administering and monitoring student medications as needed. The School Nurse also was the point of contact and maintainer for the schools AED and Naloxone units on campus to ensure those items were ready for use and updated regularly. The School Nurse also reviewed the health records of every student going on each fieldtrip to ensure the students had the necessary medications during the trip and ensured all staff members are trained in the administration of medications. A full-time School Nurse is a necessity for a school of this size and numerous students with ongoing health needs to support students attendance and enrollment.

Action 2: Base-Funded School Climate Support Staff

This action was implemented to address the needs of all students. It was carried out by allocating base-funded staff to support a positive and inclusive school climate through structured systems and student engagement activities. Hale Charter established the Hale Anti-Hate Advisory Group, composed of school and community members, to review survey data and recommend strategies to improve school climate and reduce hate-related incidents.

The school implemented Week of Welcome activities at the start of the semester to establish expectations and promote positive student interactions. Additionally, Hale Charter adopted the Hale LEAD behavior expectations framework to clearly define and reinforce positive student behavior across campus.

Action 3: Supplemental School Climate Support Staff

This action was implemented to address the needs of English Learners, students in foster care, and low-income students at Hale Charter. Supplemental School Climate Support Staff were utilized through the coordination of supplemental personnel within a comprehensive PBIS framework to support student behavior, safety, and a sense of belonging. The PBIS Team, which included administrators, counselors, restorative justice staff, campus aides, and supervision aides, collaborated to implement behavior expectations, safety plans, and intervention strategies.

The school reinforced expectations through monthly safety trainings, quarterly Husky Talks, visual messaging, and a “See Something, Say Something” reporting system. Student engagement was further supported through weekly clubs, leadership activities, peer mentoring, and schoolwide events designed to promote positive interactions and connectedness.

Action 4: SENI Investments towards Joy and Wellness

This action was implemented to address the needs of English Learners, students in foster care, and low-income students at Hale Charter. SENI Investments toward Joy and Wellness were implemented through targeted efforts focused on student connection, inclusion, and emotional well-being. Hale Charter established a Peer-to-Peer Mentoring program in which students were teacher-recommended, trained, and supported by the Restorative Justice Teacher and School Counselor to assist peers in building relationships and navigating school challenges.

The school also implemented Week of Welcome activities and continued the work of the Hale Anti-Hate Advisory Group to promote a sense of belonging and address school climate concerns. Additionally, the Hale LEAD expectations framework was implemented to reinforce respectful behavior and create a safe, welcoming environment for all students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 1: Base-Funded Health Supports

59.64% of students have Proficient Attendance, 23.32% have Basic Attendance and 17.04% are in the Chronic Attendance band with 9 or more absences.

We have a full-time PSA to support our student attendance goals contacting all students that fall into or nearly fall into the Chronic Attendance band to provide supports and possible alternatives for long-term issues. To encourage students to attend, we have Attendance Rallies recognizing students with most improved attendance with certificates and prizes. Also students are being recognized with Husky Bucks which they can use in the student store. Our student leadership has regular events during lunch to encourage students to attend and participate such as: balloon toss, hula hoop contests, prep rallies and fall fest/spring fling.

Action 2: Base-Funded School Climate Support Staff

2024-25 SES results for “I feel safe in this school” Agree/Strongly Agree 69%, Neither Agree or Disagree 23%, Disagree/Strongly Disagree 8% 2024-25 SES results for “I feel like I am part of this school” Agree/Strongly Agree 56%, Neither Agree or Disagree 34%, Disagree/Strongly Disagree 10%

The school’s PBIS Team was composed of an administrator, Dean, Restorative Justice Teacher, PSW Counselors, School Climate Advocate, Campus Aides, and School Supervision Aides who supported student behavior and interactions. The school also implemented a Tiered Fidelity Inventory plan, an Integrated Safe School Plan, clearly defined behavior expectations, and Anti-Hate posters to reinforce expectations. Hale Charter conducted monthly safety trainings and quarterly Husky Talks with students to reinforce expectations and maintained a “See Something, Say Something” tip line on the school website.

The school offered a robust student club program, with over 35 clubs that met weekly. Students were encouraged to attend and participate in clubs of their choice. Student leadership organized weekly pep rallies during lunch, along with engaging activities such as balloon tosses,

hula hoop contests, costume contests, and other lunchtime events. Classrooms also participated in various decorating contests throughout the school year to promote recognition and incentives.

Additionally, the school implemented a Peer-to-Peer Mentoring program to support students in transitioning to the middle school environment and to provide increased opportunities for peer interaction and connection.

Action 3: Supplemental School Climate Support Staff

2024-25 SES results for “I feel safe in this school” Agree/Strongly Agree 69%, Neither Agree or Disagree 23%, Disagree/Strongly Disagree 8% 2024-25 SES results for “I feel like I am part of this school” Agree/Strongly Agree 56%, Neither Agree or Disagree 34%, Disagree/Strongly Disagree 10%

The school’s PBIS Team was composed of an administrator, Dean, Restorative Justice Teacher, PSW Counselors, School Climate Advocate, Campus Aides, and School Supervision Aides who supported student behavior and interactions. The school also implemented a Tiered Fidelity Inventory plan, an Integrated Safe School Plan, clearly defined behavior expectations, and Anti-Hate posters to reinforce expectations. Hale Charter conducted monthly safety trainings and quarterly Husky Talks with students to reinforce expectations, and maintained a “See Something, Say Something” tip line on the school website.

The school offered a robust student club program, with over 35 different clubs that met weekly. Students were encouraged to attend and participate in any club of their choice. Student leadership organized weekly pep rallies during lunch, along with engaging activities such as balloon tosses, hula hoop contests, costume contests, and other lunchtime events. Classrooms also participated in various decorating contests throughout the school year to promote recognition and incentives.

Additionally, the school implemented a Peer-to-Peer Mentoring program to support students in transitioning to the middle school environment and to provide increased opportunities for peer interaction and connection.

Action 4: SENI Investments towards Joy and Wellness

2025 School Experience Survey responses to “I am happy to be at this school” 61% Agree/Strongly Agree. “I feel like I am part of this school” 57% Agree/Strongly Agree. “I feel close to people at this school” 72% Agree/Strongly Agree, “I feel accepted for who I am at this school” 57% Agree/Strongly Agree.

Hale Charter implemented a Peer-to-Peer Mentoring program in which peer mentor candidates were recommended by teachers. Selected students completed a training program that provided them with the knowledge and skills to support their peers, helping students feel more connected to the school and providing a trusted source of support when needed. The program was coordinated by the Restorative Justice Teacher and School Counselor to ensure that all policies and practices were followed for the benefit of students.

Hale Charter also established the Hale Anti-Hate Advisory Group, composed of community members and school personnel, to review school survey data and provide input on strategies to improve school climate and reduce hate-related incidents. The school implemented Week of

Welcome activities at the beginning of the semester to clearly establish expectations and provide opportunities for students to engage in positive interactions.

Additionally, the school adopted a new student expectations and behavior incentive framework called Hale LEAD (Live Respectfully, Exercise Responsibility, Act Safely, Display Kindness) to reinforce positive behavior and promote a safe and inclusive school environment.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No significantly planned changes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	Base-Funded Student Health Services	In order to ensure health access and equity for low-income students, students in foster care, and English Learners, Hale Charter Academy will continue to receive additional nursing support.	District Cost: $176,882	N
2	Base-Funded School Climate Support Staff	Hale Charter Academy will provide base-funded school climate support staffing to ensure all students feel safe and welcome at school.	District Cost: $62,425	N
3	Supplemental School Climate Support Staff	To provide additional support so that our English Learners, students in foster care, and low-income students feel safe and welcome on campus, Hale Charter Academy will also provide supplemental school climate support staffing.	District Cost: $20,811	Y
4	SENI Investments towards Joy and Wellness	Hale Charter will fund a Restorative Justice Teacher and School Supervision aides to support the school's PBIS plan, improve school safety and wellness.	**School Discretionary Fund Cost: $269,429**	Y

Goal Analysis for [2025-2026]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 1: SENI Investments towards Engagement and Collaboration

This action was implemented to address the needs of English Learners, students in foster care, and low income students at Hale Charter. Through the use of multiple, consistent communication platforms, including Schoology, the school website, individual emails, and BlackBoard Connect, to ensure families receive timely and accessible information.

Hale Charter invested in a dedicated Parent/Community Representative who conducts outreach to all families, with targeted support for BSAP families, and coordinates parenting workshops and resources to support learning at home. The Hale PTSA actively collaborates with school staff to strengthen two-way communication and build meaningful connections between the school and the community. Additionally, the Principal's weekly Sunday Message was delivered via voice, email, and text to keep families informed of school activities and encourage ongoing participation and collaboration.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 1: SENI Investments towards Engagement and Collaboration

2025 School Experience Survey Results for Parents response "This school informs me about school activities in different ways" 90%

Agree/Strongly Agree, "I feel welcome to participate at this school" 82% Agree/Strongly Agree, Overall Parent Engagement 78% Agree/Strongly Agree. "This school provides me with information I can understand" 90% Agree/Strongly Agree, "This school provides me with grade level requirements for my child" 86% Agree/Strongly Agree, "I attend events in person and online at my child's school" 85% Agree/Strongly Agree, Overall Parent Involvement 89% Agree/Strongly Agree.

The Hale PTSA maintained a strong connection with the school and the community, providing support and facilitating two-way communication between the school and families. Additionally, Hale Charter had a Parent/Community Representative who conducted outreach to all families, with a specific focus on BSAP families, to ensure they received important information and access to parenting workshops that supported student success at home.

Hale Charter communicated with families through Schoology, the school website, individual emails as needed, and the Blackboard Connect application. All major school events were shared through these communication channels. The Principal's Sunday Message was also

distributed each week through Blackboard Connect via voice, email, and text, providing updates on weekly activities and ensuring families received timely and relevant information.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No significantly planned changes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

1	SENI Investments towards Engagement and Collaboration	To support parent engagement and collaboration Hale Charter will fund part of the School Psychologist position to have a fulltime school psychologist to be available for our students and families. Additionally, funding for additional Office Clerks to ensure school offices are fully staffed to respond to our community.	**School Discretionary Fund Cost: $298,502**	Y

Goal

Goal #	Description	Type of Goal
4	**Operational Effectiveness and Investing in Staff**	Broad Goal

State Priorities addressed by this goal.

State Priority 1: Basic (Conditions of Learning)
State Priority 2: State Standards (Conditions of Learning)
State Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Providing a clean, safe, functional educational setting is critical to establishing an effective learning environment. Providing the educational Paraprofessional supports students are entitled to is critical to the student accessing the instruction and being successful. Having a fully staffed campus provides a sustainable system to establish and maintain a stable work and educational setting for our faculty and students.

Goal Analysis for [2025-2026]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Action 1: LAUSD Support for Affiliated Charter Operations

This action was implemented to address the needs of all students. LAUSD and Hale Charter support systems ensured staffing, instructional materials, and technology align with district and state requirements. The school prioritizes assigning fully credentialed teachers to all positions, with limited, allowable out-of-field assignments in Magnet Programs to support thematic instruction aligned to Magnet goals. LAUSD resources ensure all students have access to standards-based instructional materials, including 100% Williams Textbook Sufficiency. Additionally, district support provides every student with a Chromebook, enabling access to the Schoology LMS and full participation in state assessments.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

No material differences.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Action 1: LAUSD Support for Affiliated Charter Operations

2025 100% of teachers and students reported Williams Textbook Sufficiency and all students have a district Chromebook assigned to them. Every effort is made to ensure credentialed teachers are assigned to all positions. However, in the Magnet Programs teachers are permitted to teach one period outside of their credential for thematic purposes, accounting for the Out of Field teachers. This allows our Magnets to provide thematic instruction specific to the Magnet program, benefiting those students.
All students have access to standards based instructional materials and technology to access the Schoology LMS and participate in all state assessments. 2025 100% of teachers and students reported Williams Textbook Sufficiency and all students have a district Chromebook assigned to them.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

No significant planned changes.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1 Action 5	Action: Class Size Reduction and School Level Supports for Personalized Learning Interventions Need: Los Angeles Unified will continue to support smaller class sizes and support for English Learners, students in foster care, and low income students at Hale Charter Scope: School-wide	Los Angeles Unified School District, including Hale Charter, continues to serve almost 400,000 students, each with individual strengths and learning needs. In order to deliver increased individualized support for our students, especially our low-income students, students in foster care, and English Learners, the District will reduce class sizes and provide additional site-level staffing above and beyond the base-funded instructional staffing. Throughout the educational partner engagement process, one of the highest priorities consistently identified was the need to reduce class sizes in order to provide teachers with greater opportunities to engage individually with students and effectively address their diverse academic and social-emotional needs.	For the identified student group(s): EL, LI, FY, ALL ● Smarter Balanced Distance from Standard (DFS) Met in English Language Arts - Grade 6-8 ● Smarter Balanced Distance from Standard (DFS) Met in Math - Grade 6-8
Goal 1 Action 7	Action: Charter Supplemental/Concentration Funds in Lieu of EIA Need: Hale Charter will continue to support English Learners, low-income students and students in foster care. Scope: School-wide	Instructional technology in the form of student Chromebooks, classroom interactive whiteboards, administrative and clerical workstations and school-wide Wifi internet being critical to instruction and accessing instructional materials the funding of a fulltime IT technician remains critical to the operations of the school and the instructional program.	For the identified student group(s): EL, LI, FY, ALL ● Smarter Balanced Distance from Standard (DFS) Met in English Language Arts - Grade 6-8 ● Smarter Balanced Distance from Standard (DFS) Met in

			Math - Grade 6-8 ● Percent Met/Exceed Standard on California Science Test - Grade 8 ● Middle School Dropout Rate ● English Learner Reclassification Rate
Goal 1 Action 8	Action: SENI Investments towards Academic Excellence Need: English Learners, students from low income families, and students in foster care scored lower than the all student group in state summative assessments such as the Smarter Balanced Assessment. Educational partner feedback ranked the need for increased student achievement as the number one priority for all students, particularly the high-need student groups of English Learners, students from low income families, and students in foster care. Scope: School-wide	Continue to support reclassification of EL students by maintaining focused ELD instruction. Provide intervention support to identified students during and outside of the instructional day to support student achievement to meet A-G requirements. California Dashboard shows English Learner Progress in GREEN, 75.9% making progress. Low-Income students show GREEN progress in ELA and YELLOW progress in Math. The school will continue the use of Structured instructional routines: modeling, guided practice, checks for understanding that are supported by research to show measurable positive impacts on student learning across multiple subjects. In addition, teachers will use teacher created Formative Assessments to check student progress towards standards achievement, provide feedback to the student and validate the effectiveness of the teaching strategy.	For the identified student group(s): EL, LI, FY, ALL ● Smarter Balanced Distance from Standard (DFS) Met in English Language Arts - Grade 6-8 ● Smarter Balanced Distance from Standard (DFS) Met in Math - Grade 6-8
Goal 2 Action 3	Action: Supplemental School Climate Support Staff Need: To provide additional support so that our English Learners, students in foster care, and low-income students feel safe and welcome on campus, Hale Charter will also provide supplemental school climate support staffing. Within educational partner feedback, a stated	In order to address these needs, and to expand the supports provided by the base-funded School Climate Support staffing described in Goal 2, Los Angeles Unified will provide supplemental funding for Affiliated Charter Schools such as Hale Charter for additional staffing to address the school climate needs of English Learners, students in	For the identified student group(s): EL, LI, FY, ALL ● Percent of Students Who Feel Safe at School (per School Experience Survey) ● Percent of Students Who Feel They are a

	desire is to ensure English Learners, students from low income families, and students in foster care are in school, safe, and learning. Scope: School-wide	foster care, and students designated as Low-income. The School Climate Advocates are on school campuses assisting positive school culture by supporting students using conflict-resolution techniques including the use of group or individual mediation, guiding students in the use of safety protocols, as well as working with counselors and other staff to implement multi-tiered systems of support, which may include parent and family participation. In addition, we recognize that this additional staffing for school climate would also benefit all students, and therefore these supports are implemented Districtwide.	Part of their School (per School Experience Survey)
Goal 2 Action 4	Action: SENI Investments towards Joy and Wellness **Need:** Support attendance rates and improve school climate outcomes for English Learners, students from low income families, and students in foster care. Educational partners identified increasing overall well-being as a priority for all students, with a strong focus on supporting English Learners, students from low-income families, and students in foster care to ensure that students are in environments where they feel secure, valued and are enthusiastic about learning. Scope: School-wide	Continue to provide PBIS and Restorative Justice services and supports to improve student SEL, campus safety and climate. School programs to support student Mental Health and wellness. California Dashboard show Chronic Absenteeism on the decline to 16.9% rate. California Dashboard shows Suspension rate is GREEN overall, GREEN with Low Income and ORANGE for English Learners.	For the identified student group(s): EL, LI, FY, ALL ● Percent of All Students with Excellent Attendance (96% or Higher) ● Percent of All Students Chronically Absent (90% or Lower) - Grades K-8 ● Single Student Suspension Rate ● Percent of Students Who Feel Safe at School (per School Experience Survey) ● Percent of Students Who Feel They are a Part of their School (per School Experience Survey)

Goal 3 Action 1	**Action:** SENI Investments towards Engagement and Collaboration **Need:** Support increased parent, student, and community engagement at highest and high-need middle schools serving English Learners, students from low income families, and students in foster care. These students and their families face additional barriers to precisely this kind of engagement and participation, given the logistical challenges of scheduling for working parents, communications between schools and families of students in foster care, and linguistic barriers for families of English Learners. Within educational partner feedback, a stated desire is to ensure parents and families at high-need schools are engaged in their child's education and are welcome to participate at their child's school. Scope: School-wide	Continue improvements to reduce Chronic Absenteeism and improve student attendance. California Dashboard shows Chronic Absenteeism is an area of continuing need with 16.9% of students chronically absent.	For the identified student group(s): EL, LI, FY, ALL ● Percent of Parents Reporting on the School Experience Survey: "This school includes me in important decisions about my child's education." ● Percent of parents reporting on the School Experience Survey: "I can easily find information about parent workshops or other programs offered at this school" ● Percent of parents reporting on the School Experience Survey: "This school provides instructional resources to help me support my child's education." ● Percent of Parents Reporting on the School Experience Survey: "This school provides me with information (verbal and written) I can understand."

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:
    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.
- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.
    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - *o* Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - *o* As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - o For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - o As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - o These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

- These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
  - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
  - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
  - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
  - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
    - Identify the action as an LREBG action;
    - Include an explanation of how research supports the selected action;
    - Identify the metric(s) being used to monitor the impact of the action; and
    - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader

understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.
- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

- As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

  For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

- Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

- This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
    - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
    - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
    - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

      The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
    - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
