2025-26 LCFF Budget Overview for Parents Data Input Sheet

Local Educational Agency (LEA) Name:	Campbell Union School District
CDS Code:	43-69393-6046676
LEA Contact Information:	Name: Shelly Viramontez Position: Superintendent Email: Sviramontez@campbellusd.org Phone: 408-364-4200
Coming School Year:	2025-26
Current School Year:	2024-25

*NOTE: The "High Needs Students" referred to in the tables below are Unduplicated Students for LCFF funding purposes.

Projected General Fund Revenue for the 2025-26 School Year	**Amount** **Whole Numbers**
Total LCFF Funds	$102,852,999
LCFF Supplemental & Concentration Grants	$10,023,157
All Other State Funds	$13,860,556
All Local Funds	$7,715,243
All federal funds	$3,177,323
Total Projected Revenue	$127,606,121

Total Budgeted Expenditures for the 2025-26 School Year	**Amount** **Whole Numbers**
Total Budgeted General Fund Expenditures	$135,969,408
Total Budgeted Expenditures in the LCAP	$19,964,197
Total Budgeted Expenditures for High Needs Students in the LCAP	$10,379,169
Expenditures not in the LCAP	$116,005,211

Expenditures for High Needs Students in the 2024-25 School Year	**Amount** **Whole Numbers**
Total Budgeted Expenditures for High Needs Students in the LCAP	$9,847,710
Actual Expenditures for High Needs Students in LCAP	$9,939,215

Funds for High Needs Students	**Amount** **[AUTO-CALCULATED]**
2025-26 Difference in Projected Funds and Budgeted Expenditures	$356,012
2024-25 Difference in Budgeted and Actual Expenditures	$91,505

Required Prompts(s)	**Response(s)** **[FIELDS WILL APPEAR IF REQUIRED]**
Briefly describe any of the General Fund Budget Expenditures for the school year not included in the Local Control and Accountability Plan (LCAP).	Campbell Union School district comprise of 12 schools that serve more than 6,300 students from pre-school to grade 8 who come from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno, and Saratoga. CUSD consists of one district and 11 charter schools. Each of the 11 charter

	schools develop their own local control accountability plan. Those plans can be viewed separately by school name on our district website: https://www.campbellusd.org/lcap. The funds allocated in this plan support the three overarching educational goals that are shared by each of our 12 schools. The General Fund expenditures include the regular classroom instruction, operational, other ancillary and administrative costs that are not included in the LCAP.

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Campbell Union School District
CDS Code: 43-69393-6046676
School Year: 2025-26
LEA contact information:
Shelly Viramontez
Superintendent
Sviramontez@campbellusd.org
408-364-4200

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2025-26 School Year

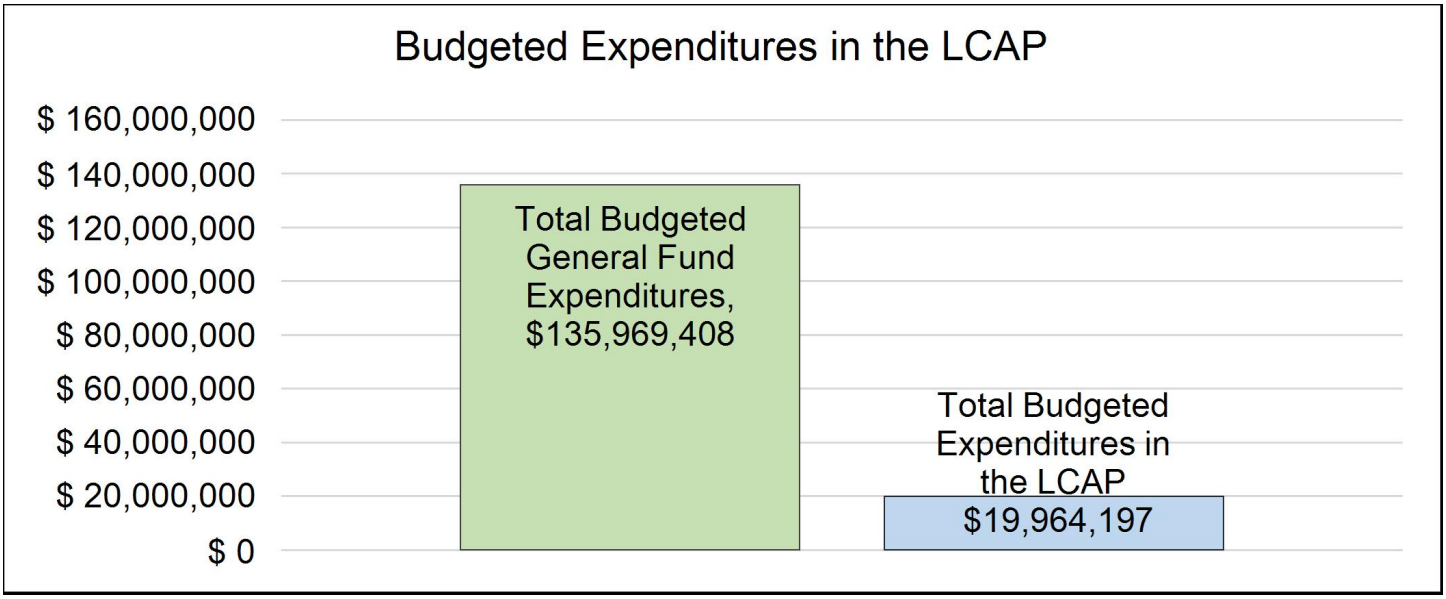

This chart shows the total general purpose revenue Campbell Union School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Campbell Union School District is $127,606,121, of which $102,852,999 is Local Control Funding Formula (LCFF), $13,860,556 is other state funds, $7,715,243 is local funds, and $3,177,323 is federal funds. Of the $102,852,999 in LCFF Funds, $10,023,157 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Campbell Union School District plans to spend for 2025-26. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Campbell Union School District plans to spend $135,969,408 for the 2025-26 school year. Of that amount, $19,964,197 is tied to actions/services in the LCAP and $116,005,211 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

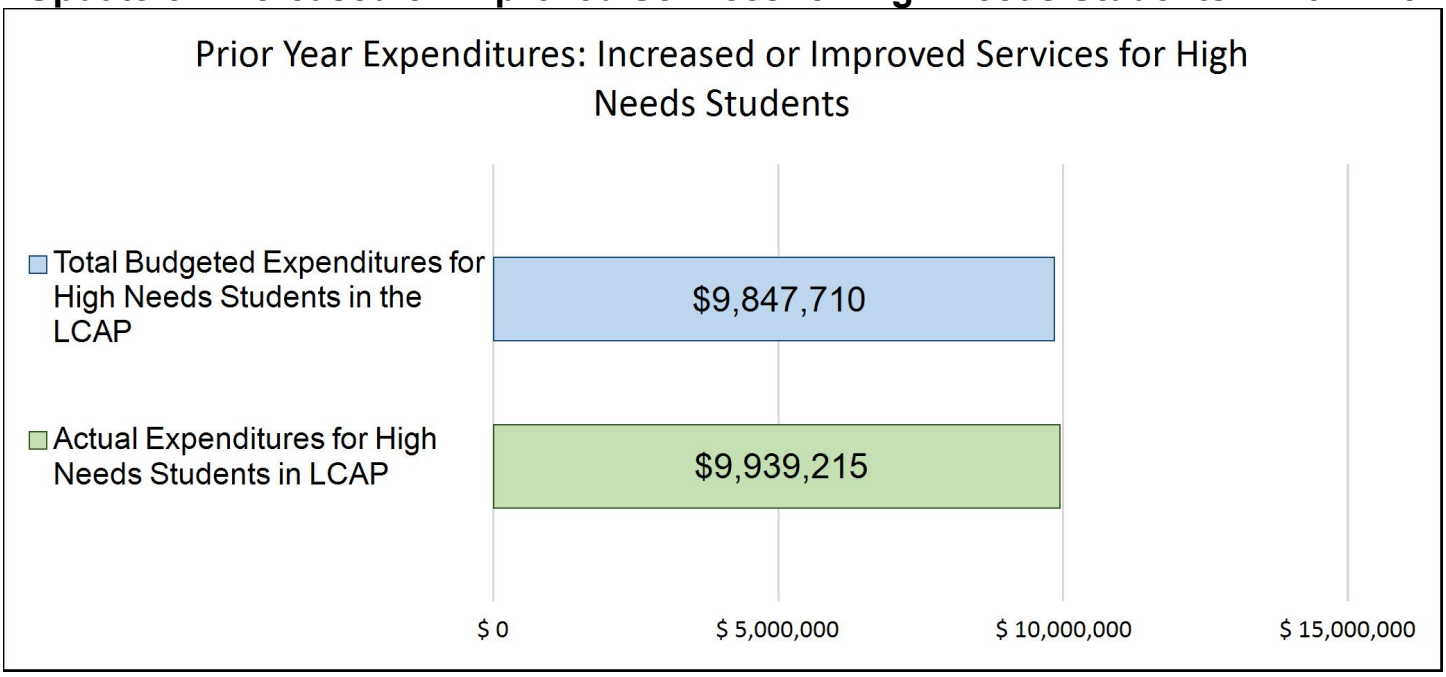

Campbell Union School district comprise of 12 schools that serve more than 6,300 students from pre-school to grade 8 who come from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno, and Saratoga. CUSD consists of one district and 11 charter schools. Each of the 11 charter schools develop their own local control accountability plan. Those plans can be viewed separately by school name on our district website: www.campbellusd.org. The funds allocated in this plan support the three overarching educational goals that are shared by each of our 12 schools. The General Fund expenditures include the regular classroom instruction, operational, other ancillary and administrative costs that are not included in the LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2025-26 School Year

In 2025-26, Campbell Union School District is projecting it will receive $10,023,157 based on the enrollment of foster youth, English learner, and low-income students. Campbell Union School District must describe how it intends to increase or improve services for high needs students in the LCAP. Campbell Union School District plans to spend $10,379,169 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2024-25

This chart compares what Campbell Union School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Campbell Union School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2024-25, Campbell Union School District's LCAP budgeted $9,847,710 for planned actions to increase or improve services for high needs students. Campbell Union School District actually spent $9,939,215 for actions to increase or improve services for high needs students in 2024-25.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Campbell Union School District	Veronica Valencia Principal	vvalencia@campbellusd.org 408-978-4675

Plan Summary [2025-26]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

In Campbell Union School District (CUSD), we are committed to educating each student to their highest potential. We seek to be a model for innovative programs and instruction that engages, empowers, and inspires all children to feel safe and thrive. In the 2024-2025 school year we undertook integrating our continuous improvement work, started with district leaders in 2022, directly into classrooms. The systemwide learning of our Continuous Classroom Improvement Framework of high quality first instruction centers on a set of instructional practices that clarify learning targets while sharing ownership of learning progress and proficiency with students. The Framework was introduced across schools in the district through aligned professional development on each element: Classroom Mission Statements, Essential Learning Standards and Big Ideas (Math), Charting and Analyzing Results, and Plan, Do, Study, Act (PDSA) Cycles. Our systemwide learning plan was made by consensus with leaders in the spring of 2024, following a year of testing and developing the framework with teachers and administrators across all sites. In Campbell we are Learners, Collaborators and Community Builders. These values draw upon the Profile of a Graduate (POG) Competencies that were developed in collaboration with our community of parents, teachers, administration and business leaders. The skills that were determined essential provide a blueprint for the educational experience we provide our students. The POG competencies are: self directed, innovative, critical thinker, collaborative and empathetic.

The 12 schools that make up the district serve 6120 students from Campbell, San Jose, Santa Clara, Los Gatos, Monte Sereno and Saratoga. CUSD consists of eight TK-5th grade schools, a TK-8th grade Dual Language (Spanish/English) school, a TK-8th grade Design Thinking School and two 6-8th grade middle schools. As of January 2025, our 6120 students are made up of 48.2% Hispanic, 20.4% White, 16.9% Asian, 3.5% Black/African American and the remaining 11.1% represents not reported, two or more races and other race and

ethnicities. Of the total enrollment in the 2024-2025, 29.0% are English Learners, 41.3% Socio-Economically Disadvantaged and 11.7% are Students with Disabilities (Data pulled from CalPads as of January 2025).
The ratio of students to teachers in our classrooms is as follows:
Transitional Kindergarten: 1:12
Kindergarten-3rd Grade: 1:24
4th-8th grade: 1:30

We are a diverse district that proudly educates students from 3-year olds up to 8th grade. As the needs of our community changes to represent more dual income families, we created state subsidized and tuition based preschool programs that serve both our community and staff. We have preschools located on six of our campuses because we believe that children must have access to high-quality early learning programs to set them up for school success. Our preschool programs proudly partner with our Special Education department to allow for inclusion opportunities for students in the general education setting. With state funding to support Universal Pre-Kindergarten (UPK), Campbell is in the midst of expanding access to all four year olds by the year 2026 as outlined here:
2023-24: 5 years old from September 2-April 2nd
2024-25: 5 years old from September 2-June 2nd
2025-26: 5 years old who turn 4 by September 1st of that school year

Campbell has offered full day Transitional Kindergarten since the 2012-2013 school year with a seamless program that is integrated and considered as part of our Local Control and Accountability Plan (LCAP) goal planning and metric identification process. In the 2024-2025 school year we added four TK classrooms to meet the UPK state guidelines towards a total of 14 TK classrooms and supported our system with updated curriculum and materials (2023) along with developmentally appropriate assessment and corresponding onboarding professional development and coaching for staff. We are also proud of our expanded learning programs that include TK students and are offered after school and during the summer. These programs, through the input of our educational partners, better meet the diverse needs of our families and align to our belief that in order to propel our students on a successful academic journey we must attend to the whole child and make every effort to meet the needs of the families, who we see as our partners in the educational process.

The work in Campbell begins with hiring the best and brightest teachers and empowering them to engage with one another in professional learning communities (PLC) to evaluate multiple forms of data to inform collaborative planning, student instruction, and learning. PLC time is implemented as job-embedded professional development for all teaching staff. In addition, staff is supported in continuous learning through site-based and district offered professional development. In order to achieve our vision of educating every child to their highest potential, we implement research-based strategies that are proven to meet the needs of our most struggling learners, who may be English learners, students with disabilities, foster youth, or those who come from low-income settings. We believe that high-quality first instruction that supports these students' needs benefits all learners. Instructional planning in Campbell begins with the California Common Core Standards, a focus on our essential standards, and mapping of standards-based learning targets to drive instruction, engagement, and feedback. The standards are taught in conjunction with our POG competencies. Students are exposed to a well-rounded instructional program that includes technology integration, the arts, science (including environmental literacy), physical education, and opportunities for elective classes in our two comprehensive middle schools. Our high-quality instructional program includes an equal emphasis on social-emotional learning, supporting the whole child as part of an inclusive learning community. Campbell has strong partnerships with community-based agencies that offer a wide array of services to meet the diverse needs of our families. We are committed to supporting students and families - seeking to intentionally remove barriers that prohibit student success in school. Through the School Linked Services grant in collaboration with Santa

Clara County's Behavioral Health Services Department, our school communities access services with organizations such as Uplift, First 5, Catholic Charities, City of San Jose, and Alum Rock Counseling Center to provide counseling, parent education classes, resource management and referral guidance to community-based resources and nursing support. As our LCAP consistently demonstrates, our community is strong, innovative, and committed to changing with the needs of our educational partners

Regular, proactive communication, along with systematic monitoring and response to attendance indicators have improved overall attendance each year since our return in 2021 from distance learning. As overall attendance continues to improve in 2023-2024 and 2024-2025, our rates of chronic absenteeism have decreased, dropping to almost pre-pandemic levels. Our increase in TK enrollment offsets and flattens declining enrollment in the district. These early learners' developmental needs and the social emotional needs of students in the post-pandemic digital age continue to take center stage as we improve and strengthen the coordination of added supports to meet basic social and emotional needs. A focus on the whole child is our collective goal as teachers are challenged to find innovative ways to build learner agency and engagement. The goals/metrics and the planned actions and services in our LCAP transparently address how we implement improvement strategies to address the challenges facing our district. We consistently work with our educational partners to ensure that we are providing actions and services that will have a positive impact on student learning. We celebrate success as an organization and focus on knowing our impact on the overall learning process for adults and students alike. In the 2024-25 school year we responded to an increasing class of Newcomer multilingual learners and an increase in the number of students qualifying for free and/or reduced price meals with added resources and coordinated support.

In Campbell Union School District (CUSD), we believe in educating each student to their highest potential. Blackford Elementary School is a TK-5th grade school located on the border of San Jose, CA and Campbell, CA. At Blackford Elementary School, our mission is to uphold high expectations and empower all students to achieve academic success. We seek to create lifelong learners who perform above grade level and contribute to a global society. By creating unique opportunities for all students at every grade level, Blackford staff believes in supporting students through their learning strengths and providing real context for learning. This year Blackford has two extensive support needs classrooms; serving students from TK to 1st grades and 2nd through 5th grades.Through our belief and focus on inclusion and equity, Blackford offers our diverse community of learners a place to thrive.

Blackford also has a variety of students from various ethnic and socio-economic backgrounds. Currently, 71.3% of students are Hispanic, 7.7% are White, 5.3% are Asian, 6.5% are Black and 9.2% are Not Reported or Two or More Races. As of January 2025, 59.7% are Socio-Economically Disadvantaged (SED), 44.4% are English Learners (ELs) and 15% are Students with Disabilities (SWD) (Data pulled from CalPads as of January 2025). The ratio of students to teachers in classrooms are 1:24 in TK-3rd Grade and 1:30 in 4th-5th grade. If the number of students exceeds 20 in TK, one instructional aide is provided.

Students in grades K-5 currently have the opportunity to participate in our AIM (Art, Innovation, Music) classes, taught by CUSD Innovation Specialists (TOSAs/Teachers on Special Assignment). Every three weeks student engage in AIM (Arts, Innovation and Music). This program provides our students with the opportunity to participate in a variety of learning experiences through hands-on experiences and innovation. Students participate in technology projects such as coding using Scratch, SoundTrap, and Minecraft programs, as well as Dash and Bee Bot robots. Visits to our school garden and recess clubs encourage leadership, collaboration and stewardship. All grade levels use the Innovation Lab and students have learned skills such as sewing, creating roller coasters, bridges and other structures out of various materials, as well as creating various art projects which are displayed for various school events. We pride ourselves in creating unique opportunities for our students as many of them may not be able to experience these activities on their own.

Blackford finds it extremely important for students to participate in field trips, assemblies and partnerships with outside organizations who can bring experiences to life at school and allow for students to have a memorable education. This year we sent 43 students to 5th grade science camp.

Our students are also able to experience unique opportunities through our partnership with the Los Gatos Assistance League, Project Cornerstone, BAWSI Girls, and San Jose Crime Prevention. These partnerships are vital for our students and provide lasting memories and experiences that our students continue to talk about well after they have left Blackford.

Blackford teachers and staff are provided with continuous professional development around the Common Core State Standards, Professional Learning Communities, Thinking Maps, Anti-Racism and Equity, and other strategies to teach and support the needs of the students we serve. Our site has also implemented a social-emotional curriculum called Character Strong as well as Kimochis. Our staff is also involved in participating in Anti-Racism and Equity training through district supported professional development opportunities.

At Blackford, responding to students' social-emotional needs throughout the year and meeting the needs of the whole child is a priority. At Blackford, we provide students with diverse experiences they may not otherwise get to participate in. We have incorporated a wellness center in Spring of 2025. The Blackford Wellness Center is a welcoming, safe, and relaxing space for all students to explore their emotions and meet their needs. The purpose of the Wellness Center is to provide students a safe space to process their emotions and fill their needs. It is not meant as a disciplinary action, a consequence, or a place for students to stay if they are not allowed in class for safety or behavior reasons.

Teachers consistently provide enrichment opportunities for students in all grade levels and challenge students in order for them to reach their highest potential. Teachers continuously plan and collaborate around common formative assessments in order to target the individual learning needs of students, create a plan to support and/or extend their learning needs and adjust instruction as needed. Our support staff, such as our Math Specialist, Continuous Improvement Coach, support our staff with PLC (Professional Learning Community) time and planning time, as well as directly support students with small groups and RTI (Response to Intervention) clustering. Our additional support staff such as our Reading Intervention teachers, MTSS IAs (Multi-Tiered System of Support Instructional Assistants), school counselor, SKIPS counselor, Instructional Assistants, behavior specialists, RSP IA (Resource Support Provider Instructional Assistant) for students with IEPs (Individual Instructional Plans) all work to help provide targeted intervention and supports for our students.

At Blackford we are an Response to Intervention school. Our teachers go through a number of continuous improvement instructional cycles. The instructional cycle begins with whole class Tier 1 instruction, where all students receive high-quality teaching centered around essential standards. This foundational phase ensures that every student has access to the core content.
Following this instructional cycle, teachers collaboratively design and administer Common Formative Assessment 1 (CFA 1). This assessment targets a single, essential standard or skill, allowing for a focused evaluation of student understanding. After analyzing the CFA 1 results, students are grouped based on common errors or specific needs, rather than overall test scores. This approach ensures that interventions are tailored to the precise skill gaps or enrichment needs of each student. With these groups established, the PDSA (Plan-Do-Study-Act) cycle begins. Teachers and students set measurable goals together, using plus/delta feedback from the assessment to determine strategies. Students engage in self-assessment, reflecting on their understanding and areas for improvement.

The reteaching or extension phase then takes place during WIN (What I Need) time, which occurs four days a week for 30 minutes over the course of 2–3 weeks. During this time, instruction is strategically targeted to address the identified needs—whether reteaching misunderstood concepts or providing extension opportunities for students who have already mastered the skill.
After this intervention period, students take CFA 2, a second common formative assessment aligned to the same essential standard or skill. Based on CFA 2 results, students are regrouped again according to any new or persistent common errors. The PDSA cycle is revisited and updated—students and teachers decide whether to adapt, adopt, or abandon specific strategies, using both data and student self-assessment to reflect on personal growth. A second reteach or extension period is conducted during WIN, following the same structure of 2–3 weeks, 4 days a week, 30 minutes per session. Finally, the cycle concludes with CFA 3, a final common formative assessment that provides a comprehensive picture of student progress on the targeted skill or standard. This assessment not only evaluates mastery but also informs the next steps in instruction and intervention.

At Blackford, we believe ALL means ALL and that every student matters.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

A review of the Indicators on the 2023 California School Dashboard show the following areas of need:
Chronic Absenteeism: Students with Disabilities were Red for this indicator
English Language Arts: English Learners and Students with Disabilities were Red for this indicator
Mathematics: Students with Disabilities were Red for this indicator

A review of the Indicators on the 2024 California School Dashboard show the following areas of need:

- English Learner Progress: English Learners were Red for this indicator
- Chronic Absenteeism: Students with Disabilities and White students were Orange for this indicator.
- Suspension: Students with Disabilities were Red for this indicator
- Suspension: All students, Socioeconomically Disadvantaged, Hispanic and White were Orange for this indicator
- English Language Arts: English Learners, Socioeconomically Disadvantaged students, Students with Disabilities and Hispanic students were Red for this indicator
- English Language Arts: All students were Orange for this indicator
- Mathematics: Students with Disabilities were Red for this indicator

In 2024.2025, Blackford Elementary was determined as eligible for Additional Targeted Support and Improvement (ATSI) for Students with Disabilities as a result of the 2024 California School Dashboard (State Indicators where all indicators were at the lowest status level but one indicator was at another) status level:

- Red Indicators: Academic: ELA and Math; Suspension

A review of the Indicators on the California School Dashboard show the following areas of growth:

- Chronic Absenteeism: All Students, English Learners, Socio-Economically Disadvantaged and Hispanic were Yellow for this indicator.
- Chronic Absenteeism: Although Students with Disabilities and White students were Orange on the 2024 Dashboard, our Students with Disabilities were Red for this indicator in 2023, demonstrating progress in this area.
- Suspension Rate: English Learners were Blue for this indicator
- Mathematics: All students, English Learners, Socioeconomically Disadvantaged and Hispanic were Yellow for this indicator.

Campbell Union School District has unexpended Learning Recovery and Emergency Block Grant (LREBG) funds for the 2025-26 school year. LREBG funded actions for Blackford may be found in Goal 1, Action 1.9 and Goal 2, Actions 2.5. See the action descriptions for an explanation of the rationale for choosing the selected actions.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

With the release of the 2024 California School Dashboard, Blackford Elementary was identified as eligible for Differentiated Assistance (2023 - Students with Disabilities: Academics and Chronic Absenteeism; 2024 - Students with Disabilities: Academics and Suspension).
School leadership teams leverage school scorecards with locally determined measures aligned to the California School Dashboard, and identify Key Actions and Progress Monitoring Measures to implement in order to support improvement in the identified areas for Differentiated Assistance.
Actions and measures are determined at the start of the academic year following a review of baseline data, and are revised mid year, allowing for refinement and revision based on Dashboard results and all available local measures.
Site teams made up of school staff including teachers, community liaisons and school administrators, collaborate and consult research on best practices in the area of need with actions implemented by teacher teams and Special Education staff members for academic areas of need while Community liaisons and district Student Services staff members support actions aligned to improving chronic absenteeism.
To support the areas of Academics and English Learner Progress, Campbell maintains a strategic focus on improvement science as it applies to instructional practices at the school and classroom level. As a system, in 2024.2025, the Continuous Classroom Improvement Framework was launched along with aligned professional development on each element of quality first instruction: Classroom Mission Statements; Essential Learning Standards and Big Ideas (Math); Charting and Analyzing Results; and Plan, Do, Study, Act (PDSA) Cycles. Common Formative Assessment (CFA) data is reviewed and evaluated regularly by Professional Learning Communities (PLCs) that meet at least two times per month to determine the impact of instruction on student academic outcomes.
Scorecard measures are monitored by school administration and members from the district's Teaching and Learning team to surface opportunities for improvement as well as bright spots to investigate and systematize. Improvement plans are also evaluated and monitored by our district improvement Coach from Studer Education, District Teaching and Learning Staff and the our Partners from the Santa Clara County Office of Education. Schools receiving Differentiated Assistance also have strong data protocols in place for examining data regularly in Leadership Team meetings, PLCs, and staff meetings, ensuring a focus on leading measures to impact summative, lagging Dashboard data.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Blackford was not identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Site Council (SSC)	Members of School Site Council were engaged by sending a school messenger out to the parent community in the fall of 2023 and announcements during our Parent Teacher Association meetings. Blackford's School Site Council met 5 times this year.
English Language Acquisition Group (ELAC)	The district holds four DELAC meetings annually where parents are given the opportunity to provide input on action items in the LCAP that support emerging bilingual students. Surveys are given as part of the formal meetings to ensure parents have access and support to complete the survey. Community Liaisons regularly engage with this committee as well as parents who are not part of the committee to actively gather feedback on actions that will support newcomer and second language families. Each of our schools also has an ELAC group that is able to provide feedback at the local school level. Blackford holds five ELAC meetings annually where parents are given an opportunity to give input on the action items in the LCAP that support emerging bilingual students.
Students	The Superintendent meets five times a year with the Student advisory group made up of students from all 12 of our schools. The group is diverse and represents the ethnic groups we serve. Students are asked about issues at their schools that are going well and those that are in need of improvement. Students are actively engaged at the school levels as well with focus groups and school related surveys.

Educational Partner(s)	Process for Engagement
Teachers	Teachers are engaged through school leadership teams which meet monthly, staff meetings, experience surveys and a process called Leader Rounding where teachers are asked a series of questions to understand their experience with different district/school services and processes. Teachers also have the opportunity to communicate questions/concerns/input to the Superintendent through Faculty Senate meetings held 6 times per year. Teacher feedback is also solicited after each professional development session and through the process of negotiations with the district annually.
Special Education	CUSD staff meets with the SELPA Director from the Santa Clara County office of Education annually to get input on CUSD's LCAP. Special Education leverages the Compliance Improvement Process (CIM) to further address on-going supports for students with disabilities by attending regular County Office Meetings to discuss district plans. CIM surveys are sent annually to all families of students with disabilities for feedback on district involvement and feedback with IEPs. As a result of our CIM work, in 23.24 Campbell developed and launched a guide for supporting English Learners within the Multi-Tiered System of Support (MTSS) framework, aligning to our goal of high quality first instruction for students.Special Education Director attends SELPA Community Advisory Committee meetings. A special education parent is part of the district SPAC committee and part of school site council teams at the school level.
Principals/Administrators	School site Principals and District Administrators are engaged with the LCAP process regularly through Cabinet and District Leadership team monthly meetings. Data is regularly discussed and aligned to the actions as funded in the LCAP so that we can determine the impact of actions.
Classified Staff members	Classified staff participate in the annual employee experience survey. They are also asked for feedback through the process of Leader Rounding by their supervisors. They provide feedback after meetings and training through the Plus/Delta process.
Parents/Guardians	The district uses the following methods to engage and inform parents/guardians at the school and district level: coffee with the Principal meetings, School Site Council Meetings, PTA meetings, English Language Acquisition Committee (ELAC), Superintendent Parent Advisory Council which includes parents of students with an

Educational Partner(s)	Process for Engagement
	IEP and LCAP board updates. We utilize uniform LCAP slide decks which are prepared by the Teaching and Learning Department for all parent school site council meetings. The slides present LCAP information in small pieces all throughout the year. Topics included in the presentations are: data sharing of LCAP metrics, budget updates, dashboard data discussions, parent surveys and local indicators. At the end of each parent meeting we use a Plus/Delta process to gather input from parents. School data is also shared at PTA meetings and in School Board meetings. The process for district surveys is to send out notification that a survey is coming, we send postcards to families with instructions for how to take the survey (offered in Spanish and English), we communicate weekly during the survey window using Parent Square. The results are shared back with parents in a message from the Superintendent as well as individual school results shared with community partners in school based meetings.
PTA	Blackford meets with PTA monthly and provides feedback and updates at our PTA meetings.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Feedback from our educational partner groups consistently showed the ongoing need for reading support and intervention, continued support during recess, social-emotional learning, and the need for academic support in the classroom with instructional aides. These were all recurring inputs received from each educational partner group. Enrichment opportunities were also something partners wanted to continue, with an emphasis on enrichment such as art and music, as well as field trips and assemblies.

Based on this input and information, we will continue with similar goals for our LCAP for the next yearly LCAP cycle. There are intentional goals for academics, and for social emotional and behavioral learning. Within each goal we will be able to intentionally and transparently identify actions and services to support "all" children, "some" children and "few" children. This also allows us to look at equity of funding and ensure that our resources are aligned to areas where data tells us we need additional support. A theme from our teacher and staff educational partner groups indicated the need for more intervention support for students struggling academically and our English Language Learners. We are also happy to report we will continue funding two full time Reading Intervention teachers who will serve both K-2 and 3-5. This past year our site continued with our implementation to support our students emotional well-being as well as revised our classroom Calm Kits to integrate “Zones of Regulation” concepts. We will continue to bolster that implementation each year with the support of our relationships with community agencies such as Healthier Kids Foundation, Pacific Clinics and SKIPS (Skills for Kids, Parents and Schools) counseling program.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Provide high quality academic first instruction for all students.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

CUSD is a data informed system. We use data to determine areas of strength and weakness and it helps us respond to instruction in professional learning communities. Current SBAC and local iReady academic data reports indicate that we have a disproportionate amount of students performing in tiers two and three, indicating that additional supports for students and teacher training are needed in tier 1. Data also demonstrates that there is an achievement gap between "all students" and our identified student-groups. (low socio-economic, English Learners, Foster Youth and students with disabilities) We examine academic data from both a growth and overall proficiency standpoint. SBAC data indicates that there is trend of students not maintaining proficiency as they move from one grade level to the next in math. Because of this concerning data trend we have developed this goal to ensure that we are examining the quality of instruction that ALL students receive in tier 1. Improving our first instruction through our professional learning community work and the actions associated in this LCAP plan will lead to greater teacher efficacy and student growth and achievement levels. As part of our anti-racism work, we have aligned a goal in this area that is to increase the racial literacy of our system. In order to provide high quality first instruction we must allow staff to learn and lean into discomfort to uncover bias. We will develop along a continuum in our pursuit to better serve all students.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024.2025 school year, all actions for Blackford's goal of providing high quality academic first instruction for all students were fully implemented.
To support the analysis of this goal, actions are grouped by the following categories: Site-Based Instruction and Intervention Staff (Actions 1.1, 1.4, 1.5 and 1.8), Instruction and Intervention Specialist and Support Staff (Actions 1.2, 1.6, 1.7, 1.9 and 1.10), Professional Development and Planning (Action 1.3 and 1.11).

In the 2024.2025 school year, Reading Intervention Teachers supported early literacy first instruction and intervention, providing coaching and planning support to teachers and Professional Learning Communities (PLCs) as well as small group, targeted intervention. In response to schools that saw improvement in ELA and math performance levels on the 2024 California School Dashboard and local assessments, Blackford implemented Common Formative Assessment (CFA) trackers system wide. At the district level and in response to site Educational Partner feedback, instructional staff led a review and improvement project for SST and COST in preparation for a system launch in 2025.2026. The Math Content Specialist, in partnership with Math Specialists, Assistant Principals, and other district and site staff, supported expanded use of CAASPP Interim Assessments, with a focus on mathematics. English Language Learners and Long Term English Learners were supported through instruction, professional development, and support provided by ELD teachers across all campuses.

Professional development was offered in the areas of Writing Revolution, support for Newcomer English Learners, GLAD, IEP support, Teaching Pyramid for TK teachers and Instructional Assistant (IA) Training, aligning Campbell's commitment to equity and inclusion to delivery of high quality first instruction and continuous improvement. Campbell's Pay to Play professional development day on March 21st

had sessions on Anti-Racism and Universal Design for Learning, Early Education, Access and Agency for English Learners as well as mathematics, TWIG Science, and Writing Revolution.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following differences occurred:

- Action 1.2- Instructional assistant as a library media /aide: The expenditure for this action was lower than anticipated as the instructional aide was after the start of the school year.
- Action 1.7 - Instructional Aide for classroom and intervention support for ELD: The expenditure for this action was lower than anticipated as the instructional aide was hired mid year.
- Action 1.8 - Instructional Aide for classroom and intervention support: The expenditure for this action was lower than anticipated as as the instructional aide was hired mid year.
- Action 1.10 - Innovation Specialist: The expenditure for this action was higher than the planned allocation due to salary, benefit, and step increases.
- Action 1.11- Release Time: The expenditure for this action was higher than the planned allocation due to the need of adding additional release days.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of the metrics shows that all actions as categorized below have demonstrated or are approaching effectiveness in making progress toward Blackford's goal of providing high quality academic first instruction for all students.
Site-Based Instruction and Intervention Staff (Actions 1.1, 1.4, 1.5 and 1.8), Instruction and Intervention Specialist and Support Staff (Actions 1.2, 1.6, 1.7, 1.9 and 1.10), Professional Development and Planning (Action 1.3 and 1.11).
These actions demonstrated effectiveness as evidenced by improvements in the percent of students Meeting or Exceeding Standard on the Smarter Balanced Assessment (SBAC): Mathematics (Metric 1.2), which grew by 2% from 2022.2023 to 2023.2024. The percent of students meeting or exceeding standard in SBAC English Language Arts (Metric 1.1) was unchanged from 2022.2023 to 2023.2024, remaining at 26%, with a decline for Students with Disabilities of 5% from 2022.2023 to 2023.2024. Gains were also seen in the percent of students meeting or exceeding standard in science (Metric 1.3), which increased to 14% in 22023.2024 from 8% in 2022.2023. Gains were also seen i-Ready Reading (Metric 1.6 +4% and Math (Metric 1.7), both of which had a 4% increase in the percentage of students achieving Early On, Mid or Above Grade Level from 2023.2024 to 2024.2025. DIBELS (Metric 1.8)achievement also increased by 2% from 2023.2024 to 2024.2025, with all student groups improving with the exception of English LEarners, which decreased by 2%.

Contributing Actions 1.1 (MTSS Administrator-AP) and 1.4 (Teacher on Special assignment (TOSA) at the school site level-Improvement Coach) demonstrated preliminary efficacy as seen by Metrics 1.2, 1.3, 1.6, 1.7, and 1.8 as noted above. However, Metric 1.1, performance on SBAC English Language Arts, was unchanged from 2022.2023 to 2023.2024 indicating a need to closely monitor this data and the impact of these actions on student performance under this metric in particular.

A review of data for Contributing Action 1.7, Instructional Aide for Classroom and Intervention Support for ELD, demonstrates preliminary efficacy for some metrics, though others will need to be closely monitored in 2025.2026 to determine efficacy of this action. Metric 1.4, the percent of English Learners making at least one level of progress or maintaining a level of 4 on the ELPAC declined by -14.6% from 2022.2023 to 2023.2024. While Blackford's redesignation rate was 4% above the County redesignation rate, our school percent of English Learners (ELs) declined by 6% to 12% in 2023.2024 (Metric 1.5).

Blackford's early indicators of efficacy of actions in this goal, as shown through the metrics above, are a result of our targeted strategic plan for the year that supported reflection on instruction, student learning, and Response to Intervention. With the support of our Specialists (Teachers on Special Assignment), Professional Learning Communities engaged in planning and regrouping based on Common Formative Assessments (CFAs), and student performance on CFAs demonstrated continual growth through the 2025-2025 school year.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025-2026, there are no changes to the goal.

For 2025.2026, the baseline data for the following metric was corrected to address a reporting error:

- Metric 1.5: The Metric has been updated to reflect the correct county redesignation rate.

For 2025-2026, the allocation for Action 1.11: Release Time has been increased to accommodate three additional release days to support administrator teacher connections.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	MTSS Administrator-AP	Increased or Improved Service: The MTSS Administrator-Assistant Principal at Blackford will support the additional behavioral and academic needs of our Blackford students. They will facilitate COST (Coordination of Services Team) meetings and monitor progress for students through the COST process. This action supports the student group indicators which are "red" by providing academic, behavioral and MTSS supports to improve ELA outcomes for English Learners and ELA and Math outcomes for Students with Disabilities.	$208,400.00	Yes

Action #	Title	Description	Total Funds	Contributing
1.2	Instructional Assistant as Library/Media Aide	The additional instructional assistant will be placed at schools to specifically support literacy and digital literacy.	$23,535.00	No
1.3	Professional Development	Training and materials will be provided to teachers to ensure that they are skilled in teaching academics and/or social emotional learning.	$9,000.00	No
1.4	Teacher on Special assignment (TOSA) at the school site level-Improvement Coach	Improvement Coach will provide direct support for unduplicated pupils across the school in the area of both reading and math instruction. They work with classroom teachers to support the Response to Intervention time by co-teaching and serving students in small groups to meet identified skill gaps. This action supports the student group indicators which were "red" for English Learners and Students with Disabilities in ELA on the 2024 California School Dashboard by providing an Improvement Coach to use improvement science strategies and best practices to close the achievement gap.	$176,174.00	Yes
1.5	Instructional Aide for Classroom and Intervention Support	Instructional Aide will provide direct academic supports to students in the general education classroom. They will provide primarily reading and writing support and intervention in small groups for the primary grades. This action supports the student group indicator which were "red" on the 2023 California School Dashboard by providing intervention support to improve ELA outcomes for English Learners.	$31,048.00	No
1.6	Reading Intervention Teachers	Two Reading Intervention teachers to support students due to COVID-19 learning loss and extra needs in reading. They will work with all students across the school on various reading needs. Both reading intervention	$330,475.00	No

Action #	Title	Description	Total Funds	Contributing
		teachers will collaborate and support teachers and staff to support students in reading. This action supports the student group indicators which were "red" on the 2023 California School Dashboard by providing an additional reading intervention teacher to improve ELA outcomes for English Learners and Students with Disabilities. 15% LCFF Sup/Con Grant: $79,383		
1.7	Instructional Aide for Classroom and Intervention Support for ELD	Instructional Aide will provide direct academic supports to students in the general education classroom. They will provide primarily reading and writing support and intervention in small groups for ELD clustering. This action supports the student group indicator which was "red" for English Learners for ELA on the 2023 California School Dashboard by providing an instructional aide to support targeted ELD intervention.	$21,346.00	Yes
1.8	Instructional Aide for Classroom and Intervention Support	Instructional Aide will provide direct academic supports to students in the general education classroom. They will provide academic support and intervention in small groups. This action supports the student group indicator which was "red" on the 2023 California School Dashboard by providing intervention support to improve ELA outcomes for English Learners.	$26,742.00	No
1.9	Math Improvement Coach	LREBG funded action as identified by the CUSD LREBG needs assessment: Math specialists integrate high leverage coaching practices in support of the new California math framework. Studies show that equitable access to a strong conceptual foundation, along with frequent formative feedback, improves academic outcomes for all students (Allowable Use of Funds - Criteria B). LREBG Funds: $86,375 Metrics: 1.2, 1.7 and 1.12	$86,375.00	No

Action #	Title	Description	Total Funds	Contributing
		This action supports the student group indicator which were "red" for Students with Disabilities in Math on the 2024 California School Dashboard by providing a Math TOSA to improve math performance outcomes.		
1.10	Innovation Specialist	Provide students with enrichment opportunities around the topics of science, teachnology, engineering, art, music. The Innovation Program also supports teacher/staff planning and PLC collaboration focused on improving teaching and learning.	$77,712.00	No
1.11	Release Time	Release time for General Education Teachers to attend Goal Setting and COST (Coordination of Services Team) Meetings.	$2,700.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Provide high quality social emotional learning for all students.	Broad Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

CUSD is a data informed system. We use data to determine areas of strength and weakness and it helps us respond to instruction in professional learning communities. This goal was created to help the district establish a clear and articulated multi-tiered system of support. District data in this area indicates that we have a higher percentage of suspensions and absences for specific student-groups. Actions in this area will be designed to improve outcomes for all students, with targeted intervention for sub-groups where data indicates need. This goal is also important to help us reach our goals associated with becoming an anti-racist organization. As part of this work we aligned a goal to normalize conversations about race. This supports the healthy social emotional development of all students in our system. We must transparently identify and deconstruct issues of race and bias that are negatively impacting our system.

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024.2025 school year, all actions for Blackford's goal of providing high quality social emotional learning for all students were fully implemented. To support the analysis of this goal, actions are grouped by the following categories: Staff to Support Social Emotional Well Being and Behavior, (Actions: 2.1, 2.2, 2.4, and 2.5) and Programming and Materials (Actions: 2.3 and 2.6). In the category of Staff to Support Social Emotional Well Being and Behavior, Blackford made several important strides toward improving the social-emotional climate and behavioral support systems. One of the key accomplishments is our support staff providing direct services to students, as well as working together as a support team. Another impact was the hiring of additional yard duty staff, which allowed for better supervision during unstructured times such as recess and lunch, ultimately contributing to a safer and more supportive environment for students. Additionally, Blackford prioritized the planning and implementation of school-wide assemblies that focused on building community, creating a sense of belonging for students, reinforcing behavioral expectations, and promoting social-emotional learning themes. Prevention and early intervention were also central to this goal. Preventative strategies for social-emotional learning (SEL) were strengthened to help students

build skills before challenges escalated, and targeted interventions were put in place to support students demonstrating a need for more focused assistance. Under the category of programming and materials, the school worked to expand and refine its SEL programming to ensure alignment with student needs across grade levels. One of our MTSS IA's helped with Kimochi's in the classroom. Efforts were also made to invest in materials and curriculum resources that support the development of emotional regulation such as our calm kits, conflict resolution, and other key competencies. These tools played a vital role in helping both staff and students engage meaningfully in the SEL process and contributed to a more consistent and supportive learning environment.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following differences occurred:

- Action 2.1 - Counselor: The expenditure for this action was higher than the planned allocation due to salary, benefit, and step increases.
- Action 2.2 - SKIPS: The expenditure for this action was lower than the planned allocation as we had planned for 4 days a week for the 2024-2025 school year. Starting in January of 2025 our SKIPs counselor had to reduce their days due to a personal matter.
- Action 2.4 - PBIS Safety and Support: The expenditure for this action was higher than the planned allocation due to salary, benefit, and step increases.
- Action 2.5 - MTSS IAs: The expenditure for this action was lower than the planned allocation due to a vacancy early in the year and once the position was filled, the salary and benefit costs were lower than the planned allocation.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of the metrics shows that all actions as categorized below have demonstrated or are approaching effectiveness in making progress toward Blackford's goal of providing high quality social emotional learning for all students.
Staff to Support Social Emotional Well Being and Behavior, (Actions: 2.1, 2.2, 2.4, and 2.5) and Programming and Materials (Actions: 2.3 and 2.6).

- Our office discipline referrals decreased from 194 in 2023-2024 to 57 2024-2025. In addition, while Metric 2.3: Suspension increased overall (+1.50%), suspension rates decreased for both English Learners (-0.50%) and Black (-3.30%) students from 2022.2023 to 2023.2024. Suspension remains an area of focus for our Students with Disabilities, as seen by the increase in the suspension rate to 6.10% in 2023.2024. In response to this trend, our Guiding Coalition and Student Intervention Team monitors this data regularly and site Behaviorists work with teachers and students to address behavior challenges.

These actions demonstrated effectiveness evidenced by attendance, which saw an increase of 1.04% in the positive attendance rate (Metric 2.1) from 2022.2023 to 2023.2024 (92.86%), and a decrease in Chronic Absenteeism (Metric 2.2) overall by 9.30% and for all student groups, most notably for Asian (decreased by 19.70%) and Students with Disabilities (decreased by 11.3%), Socio-Economically Disadvantaged (decreased by 11.80%), English Learners (decreased by 12%), and Hispanic/Latino students (decreased by 10.50%). We also saw an increase in Sense of Belonging on the Panorana Student survey (Metric 2.6) which increased by 2% overall. Student ratings for the question, "I feel safe at school." increased by 0.06 and the top box percent (highest rating possible) increased by 1.76%

SKIPS Counseling, Contributing Action 2.2, demonstrated preliminary efficacy as seen by most of the following metrics. As noted above, attendance rates (Metric 2.1) increased at Blackford by 1.04%, and Chronic Absenteeism (Metric 2.2) decreased by 9.3% from 2023.2024 to

2024.2025 with all student groups decreasing, most significantly for Asian (-19.70%), Hispanic/Latino (-10.50%), and Students with Disabilities (-11.80%). In addition, our suspension rate (Metric 2.3) continues to be an area of focus as the suspension rate increased overall (+1.50%) and for most student groups. Though additional data regarding unduplicated pupils was also part of our data to monitor efficacy, data for this group was unavailable (Panorama Student Survey).

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025-2026 there are no changes to the goal or metrics.

For 2025.2026, Action 2.7: Allera Sports has been added to support structured games and activities during recess and lunch times. This has been added in response to data and observations showing that these unstructured times require additional activities to support students in following our PBIS expectations.
For 2025.2026, Action 2.1: Counselor expenditures have been updated to reflect all funding sources. Counselors FTE remains the same and hasn't increases.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Counselor	The additional counseling services provided additional time on social emotional and academic learning needs. This action supports improvement of the Chronic Absenteeism indicator which was "red" for Students with Disabilities on the 2023 California School Dashboard by providing counseling support to re-engage students who are or are at risk of chronic absenteeism.	$133,120.00	No
2.2	SKIPS	Increased and Improved Services: Contract with SKIPS Counseling to provide additional counseling support to all students with a focus on English Learners, Socio-Economically Disadvantaged students and Foster Youth. 15% LCFF Concentration Grant Funds: $26,250	$26,250.00	Yes

Action #	Title	Description	Total Funds	Contributing
2.3	Assemblies	Provide SEL assemblies for students POG competencies, PBIS, and the build school-wide language skills and skills around SEL.	$2,600.00	No
2.4	PBIS Safety & Support	PBIS Safety and Support position is funded to ensure that students are supported behaviorally and socially-emotionally during morning and lunch recess and when behavioral issues arise. Supporting students with leadership development and innovation skills will enhance their daily experience and connection with others and school.	$48,236.00	No
2.5	MTSS IAs	LREBG funded action as identified by the CUSD LREBG needs assessment: Instructional Associates support students within California's Multi Tiered Systems of Support framework, integrating evidence-based intervention practices with local systems and initiatives to effectively respond to students' academic, social-emotional, and behavioral needs (Allowable Use of Funds - Criteria C). LREBG Funds: $57,768 Metrics 1.6,1.7,1.8,1.4	$162,757.00	No
2.6	Student Social Emotional Learning Enrichment	Continue Character Strong as a Tier 1 support, incorporate Character Strong as a Tier 2 support and incorporate Ripple Effects in our Tier 3 response.	$14,099.00	No
2.7	Recess and Lunch programming	Support structure and game activities for recess and lunch for students.	$15,250.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Fully engage parents/guardians, and the community in support of student well-being.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)

An explanation of why the LEA has developed this goal.

In Campbell, we realize that partnering with families is essential to help reach our goal of educating each child to their highest potential. We understand the research that says that students who have parents or guardians who are actively engaged in the educational process of children leads to better social emotional and academic results. This became even more apparent to us during the pandemic as we depended on a mutually beneficial partnership to ensure student success. Internal data in Campbell demonstrates that we have active parent leadership groups at each school; however, there is a need to more actively engage families who are representative of the community we serve. In order to meet our goals of becoming an Anti-Racist District we realize that we need more diverse perspectives when engaging families in support of our students. We have created an anti-racism goal that aligns to this LCAP goal and that is to tap the untapped voices in our system. To fully understand student needs we must directly connect with families to find out what supports and services will be most beneficial in helping children meet goals.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis [2024-25]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

In the 2024.2025 school year, all actions for Blackford's goal of fully engaging parents/guardians, and the community in support of student well-being were fully implemented. Recognizing that home to school and school to home communication is essential to supporting students and families, Blackford utilizes our Community Liaison and outside providers to ensure families are able to actively participate in meetings and student conferences in their home language. Throughout the year we remind teachers of the tools to communicate with families in their home language. Classes and workshops are offered to families each year, with topics and speakers based on educational partner feedback and Community Liaison input. Some topics this year included nutrition, SEL and wellness, Julia Robinson Math Festival as well as math activities parents can do with their students during the summer.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

In 2024.2025, the following differences occurred:

- Action 3.2 - Community Liaison: The expenditure for this action was higher than the planned allocation due to salary, benefit, and step increases.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

A review of metrics show that all actions as categorized below have demonstrated effectiveness in making progress toward Blackford's goal of fully engaging parents/guardians, and the community in support of student well-being.

- These actions demonstrated effectiveness as evidenced by improvements in overall metrics. Parent/Guardian overall satisfaction ratings, the top box percent from the Annual Parent/Caregiver Engagement Survey and Parent/Guardian(Metrics 3.1) all increased, with the overall satisfaction rating increasing to 4.23 from 4.14. In addition Metric 3.2, the response rating and top box percent to the question, "I receive positive phone calls, emails, or notes about my child from the school." also increased to 3.85 from 3.66 with nearly 44% of parents rating Blackford at a 5 for this question on the Annual Parent Survey.
- Families of students with IEPs continued to report at 100% that the school district facilitated parent involvement as a means of improving services and results as part of the IEP process.

A review of data for Contributing Action 3.2, Community Liaison, demonstrates preliminary efficacy for some metrics, though others will need to be closely monitored in 2025.2026 to determine efficacy of this action. Attendance rates (Metric 2.1) increased at Blackford by 1.04%, and Chronic Absenteeism (Metric 2.2) decreased by 9.3% from 2023.2024 to 2024.2025 with all student groups decreasing, most significantly for Asian (-19.70%), Hispanic/Latino (-10.50%), and Students with Disabilities (-11.80%). The satisfaction rating from the Annual Parent/Caregiver Engagement Survey (Metric 3.1) increased by 0.09 from 2023.2024 to 2024.2025 increasing to 4.23, with the the top box percent, or percent of families giving Blackford the highest rating, increasing by 10.61%. Parent/Caregiver Engagement Survey responses to the question, "I receive positive phone calls, emails, or notes about my child from the school (Metric 3.2) increased from 3.66 to 3.85, and the top box percent increased by 16.31%.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

For 2025.2026 there are no changes to the goal or actions.

For 2025.2026, the following Metrics have been adjusted:
Metrics 3.3, 3.4, and 3.5: In recognition of the need to ensure Local Indicators and connected metrics are accessible to educational partners and actionable for staff, CUSD adjusted the input process for Metrics 3.3, 3.4, and 3.5. Beginning in 2024.2025, Metric 3.3 and 3.5 are now rated by site administrators, and Metric 3.4 is rated by Community Liaisons and other site staff. This shift allows for those closest to the work of supporting families to provide input to inform and improve practices in supporting and building capacity of staff, while also ensuring School Site Councils and English Learner Advisory Committees are able to to provide ratings on other aspects of the Local Indicators, including creating welcoming environments, implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes, and building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Parent Education and Engagement	School staff or other guest speakers will provide parent education around supporting students with math homework, technology safety and ways parents can support their children in school. This action supports improvement of the Chronic Absenteeism indicator which was "red" for Students with Disabilities on the 2023 California School Dashboard by providing engagement to families whose students are or are at risk of chronic absenteeism.	$4,000.00	No
3.2	Community Liaison	Provide resources to parents and coordinate learning opportunities and services for families in need. This action supports improvement of the Chronic Absenteeism indicator which was "red" for Students with Disabilities on the 2023 California School Dashboard by providing additional supports and engagement opportunities to families whose students are or are at risk of chronic absenteeism.	$108,585.00	Yes

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2025-26]

Total Projected LCFF Supplemental and/or Concentration Grants	Projected Additional 15 percent LCFF Concentration Grant
$1,287,738	$138,618

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
	0.000%	$0.00	

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	**Action:** MTSS Administrator-AP **Need:** Supporting attendance outreach, ELL, and SWDs. **Scope:** Schoolwide	COST meetings, Attendance intervention meetings. Based on attendance and scores over time we haven't regained re-covid numbers.	Academic Assessment Results (1.1, 1.2, 1.3, 1.6, 1.7, 1.8)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.4	**Action:** Teacher on Special assignment (TOSA) at the school site level-Improvement Coach **Need:** Decline in our California dashboard ELA and Math as well as for our English Learners **Scope:** Schoolwide	Provide direct PD, Instructional coaching and PDSA cycles	Assessment Results (1.1, 1.2, 1.3, 1.7, 1.8)
2.2	**Action:** SKIPS **Need:** Unduplicated students are less likely to receive the counseling they need to support healthy social emotional wellness and school readiness. In looking at counseling requests, internal data demonstrates that there are increased requests for counseling from unduplicated students. **Scope:** Schoolwide	Increased or Improved Services: The counseling services through SKIPS provide additional time for social emotional and academic learning needs of UPs. This was requested on stakeholder surveys. This action is being provided across the LEA, but principally supports unduplicated pupils by addressing their social/emotional needs. Research demonstrates that counseling and early intervention for students experiencing trauma leads to improvement in the child's emotional and academic engagement in school. Counseling groups also seek to provide small group instruction for students early before their emotional well being is compromised and leads to disengagement from school. This action is aligned to student engagement, chronic absenteeism, suspension and academic achievement metrics.	LCAP metric 2.1, 2.2, 2.3, 2.6 for unduplicated pupils
3.2	**Action:** Community Liaison **Need:** Attendance services and support for multilingual families and community outreach.	Providing interpretation during attendance conferences and engaging families. Eliminating barrier to family access.	parent engagement survey, chronic absenteeism and attendance

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: Schoolwide		

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.7	**Action:** Instructional Aide for Classroom and Intervention Support for ELD **Need:** EL progress from dashboard is orange and showing a decline. **Scope:** Limited to Unduplicated Student Group(s)	Push in support for ELD and small group instruction	ELPI and Redesignation Rate (1.4, 1.5)

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Blackford Elementary School is required to demonstrate increased and improved actions or services for emerging bilingual, foster youth, and low-income students by 26.34%. This increased percentage is met by actions and services included in the Local Control Accountability Plan. The planned actions, informed by stakeholder engagement, are outlined in the table above.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

A projected additional LCFF concentration grant of $138,618 was used for an additional part-time reading intervention teacher, two part-time innovation specialists and SKIPS counseling to support upper-grade students who are English Learners, low-income, and foster youth.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1:31	1:22
Staff-to-student ratio of certificated staff providing direct services to students	1:17	1:15

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024
