LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Beardsley Elementary School District
CDS Code: 15633390000000
School Year: 2026-27
LEA contact information:
Paul Miller
Superintendent
PaMiller@beardsley.k12.ca.us
(661) 393-8550

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (Foster Youth, English learners, and low-income students).

Budget Overview for the 2026-27 School Year

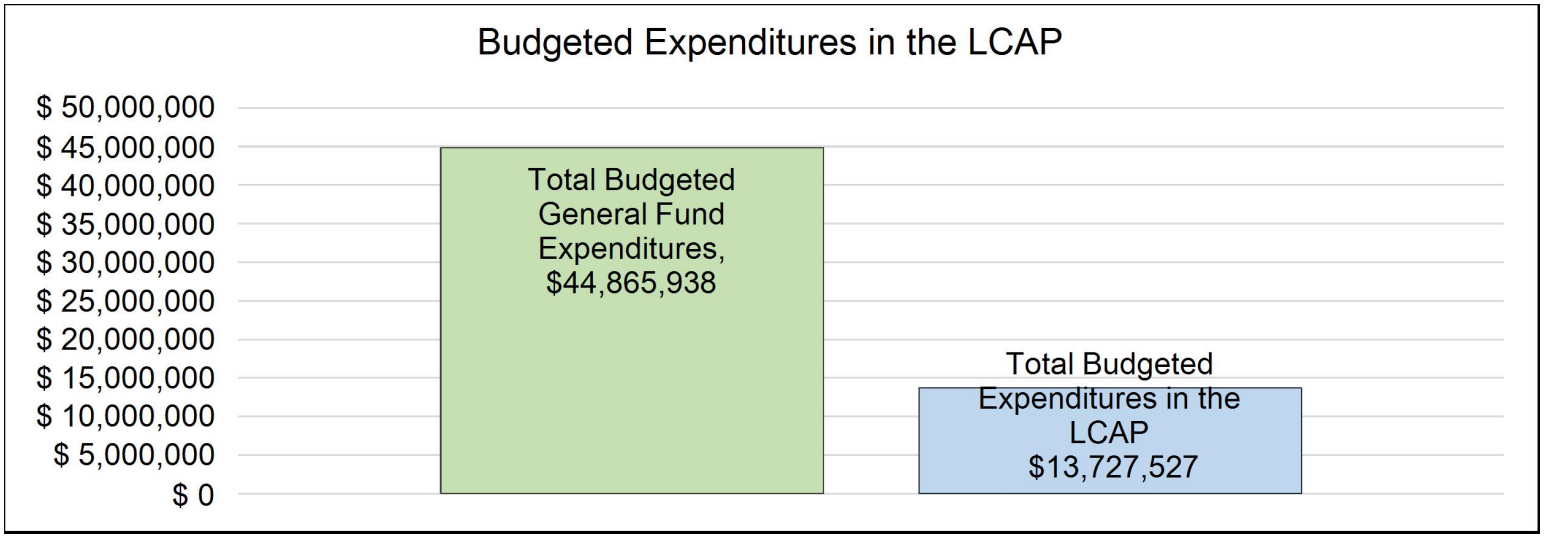

This chart shows the total general purpose revenue Beardsley Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Beardsley Elementary School District is $42,293,110, of which $30,889,611 is Local Control Funding Formula (LCFF), $5,540,455 is other state funds, $2,624,205 is local funds, and $3,238,839 is federal funds. Of the $30,889,611 in LCFF Funds, $9,495,770 is generated based on the enrollment of high needs students (Foster Youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Beardsley Elementary School District plans to spend for 2026-27. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Beardsley Elementary School District plans to spend $44,865,938 for the 2026-27 school year. Of that amount, $13,727,527 is tied to actions/services in the LCAP and $31,138,411 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

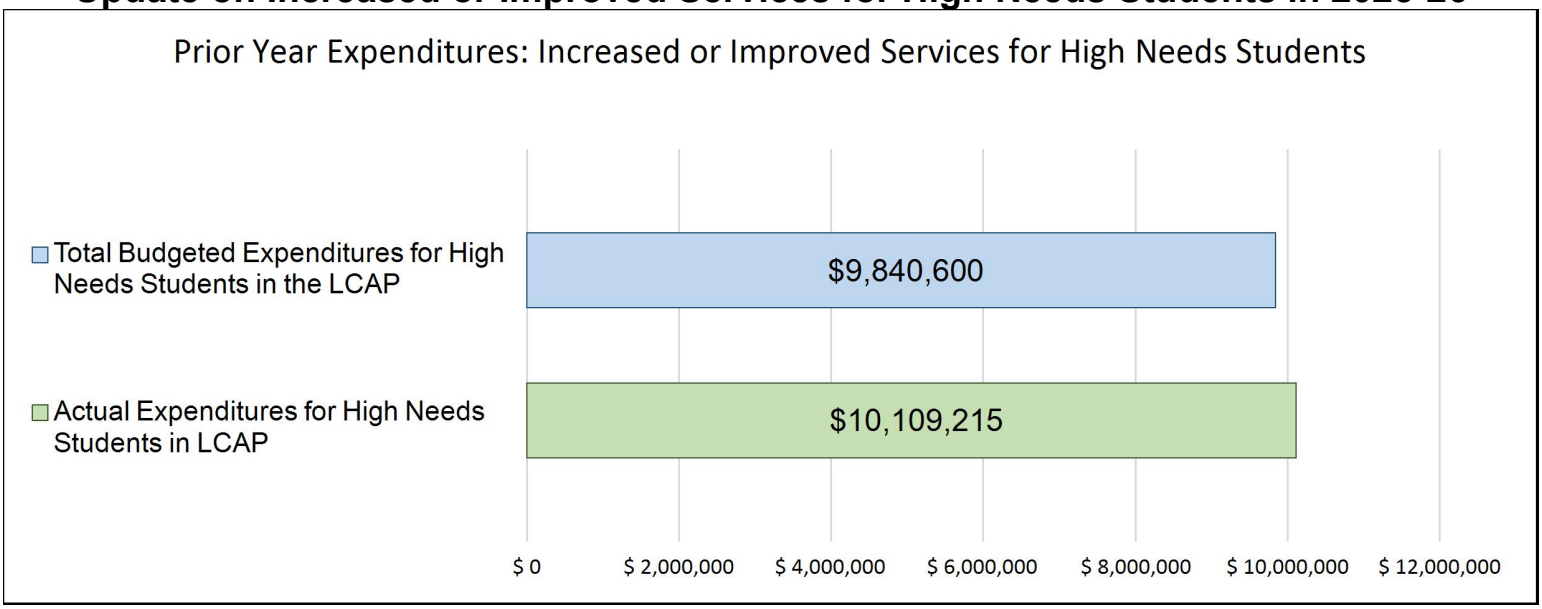

General fund expenses not included in the LCAP support classroom instruction, technology, facilities and other ancillary services, The LCAP allocations provide additional services and materials to meet the needs of district programs and goals.

Increased or Improved Services for High Needs Students in the LCAP for the 2026-27 School Year

In 2026-27, Beardsley Elementary School District is projecting it will receive $9,495,770 based on the enrollment of Foster Youth, English learner, and low-income students. Beardsley Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Beardsley Elementary School District plans to spend $9,683,016 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025-26

This chart compares what Beardsley Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Beardsley Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2025-26, Beardsley Elementary School District's LCAP budgeted $9,840,600 for planned actions to increase or improve services for high needs students. Beardsley Elementary School District actually spent $10,109,215 for actions to increase or improve services for high needs students in 2025-26.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2026-27]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Beardsley School District is committed to meeting the educational needs of all children through a partnership between the school, parents, and community. This educational commitment includes the opportunity for every student to: be successful; develop a positive self-image; make decisions; and grow academically, socially, psychologically, and physically. Further, this commitment will help to prepare each student for College, Career, Life, and Leadership in the 21st Century.

Beardsley School District is one of two elementary districts in the Oildale community. We have four schools: North Beardsley Elementary (grades TK-6), Beardsley Elementary (grades TK-6), San Lauren Elementary (grades TK-6), and Beardsley Junior High (grades 7-8).

The October 2025 C-BEDS document reports Beardsley School District enrollment to be 1,922. School enrollment has decreased from 2024 by 85 students.

Our student population is low socio-economic, with 96.86% of our total population receiving free and reduced meals, a 0.92% decrease from the prior year. The ethnic distribution is 61.35% White, 19.53% Hispanic, 11.68% African American, 1% Two or More Races, 2.6% American Indian/Alaskan Native, and the remaining 1% made up of either Unclassified or ethnicities that had a sample size less than 1%. These include Other Asian, Korean, Vietnamese, Asian Indian, Laotian, Cambodian, Hawaiian, Samoan, Other Pacific Islander, and Filipino.

According to the 2025 fall CALPADS report, 215 students (12%) were limited or non-English speaking. This is an decrease of 17 students from the previous year.

The October 2025 C-BEDS document reports Beardsley School District has 27 Foster youth (1.4%), and 35 Homeless youth (2%). There was an increase of 2 Foster youth, and an increase of 11 Homeless youth. The district's Migrant youth increased to 49 from 35 the previous year.

Beardsley students with special needs resulting from a handicapping condition are provided with a specialized program of instruction as outlined in the Individualized Education Plan (IEP). During the 2025-26 school year, 146 students (7.5%) received RSP services, and 147 (7.6%) students received SDC services according to an Individualized Education Plan. In addition, 216 students (11.2%) received speech services. Students receiving RSP and SDC services decreased by 1.3% and 0.6% respectively. Students receiving Speech services decreased 0.5%.

North Beardsley Elementary within the Beardsley School District received Equity Multiplier funding for 2026-2027 academic year.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

The district is very proud of the dedication and hard work our students and staff have exhibited, and the support of parents, guardians, and community members to help students grow in all areas over the past year. While improvements have been made in many areas, there is still work to be done as evidenced by low performing results on the California Dashboard.

Goal 1 Student Outcomes will provide actions to assist all students and student subgroups that received the lowest performance rating of "red" in the areas of ELA and Math CAASPP. Additional classroom support, targeted reading and math intervention, supplemental materials and programs, and instruction driven by data collection and analysis will be implemented. Professional development on equitable math practices, early literacy, and designated and integrated ELD will continue.

Goal 2 Conditions of Learning will also provide actions that will assist in increased academic performance, as well by insuring students and staff have access to current technology, teachers who are highly effective, access to a broad course of study, classrooms that are clean and in good repair, and an environment where positive behavior and social emotional support is provided.

Goal 3 Engagement will provide actions to assist students and student subgroups that received the lowest performance rating of "red" on Suspensions and Chronic Absenteeism with actions that promote communication between home and school, increased supports for students struggling with behaviors or health issues, transportation to school, enhanced extracurricular and positive playground opportunities, actions to promote a sense of community and connectedness within campuses, and tangible items to reward positive behavior and improved attendance.

Goal 4 Equity Multiplier Focus Goal will provide actions to assist students and student subgroups that struggle with reading and comprehension by using structured literacy framework layered with science of reading components and early literacy.

CA Dashboard 2023

ACADEMIC ACHIEVEMENT:
English Language Arts:

- The District received the lowest performance level of “red” on the ELA CAASPP for all students
- The following subgroups within the District received the lowest performance level of “red” on the ELA CAASPP:
- English Learners at 92.5 points below standard, maintaining with a slight increase 2.8 points
- Socioeconomically Disadvantaged at 73 points below standard, a decline of 4.4 points
- Students with Disabilities at 137.9 points below standard, a decline of 4 points
- African American at 98.7 points below standard, declining 33.2 points
- Hispanic at 73.2 points below standard, maintaining with a slight decrease of 2.5 points
- Beardsley Elementary received the lowest performance level of “red” for all students on the ELA CAASPP.
- The following subgroups at Beardsley Elementary received the lowest performance rating of “red on the ELA CAASPP:
- Socioeconomically Disadvantaged at 91.6 points below standard, maintaining with a slight decrease of 1.4 points
- Students with Disabilities at 133.8 points below standard, declining 19.5 points
- Hispanic at 97.7 points below standard, maintaining with a slight increase of 0.1 points
- The following subgroups at North Beardsley received the lowest performance level of “red” on the ELA CAASPP:
- English Learners at 96 points below standard, maintaining with a slight decrease of 1.3 points
- Students with Disabilities at 148.4 points below standard, maintaining with a slight increase of 2 points
- No student subgroups at San Lauren Elementary received the lowest performance level of “red” on the ELA CAASPP.
- The following subgroups at the Beardsley Junior High received the lowest performance level of “red on the ELA CAASPP:
- English Learners at 96.5 points below standard, declining 24.1 points
- Students with Disabilities at 146.3 points below standard, declining 6.1 points

Beardsley plans to address the Red Indicators on the Dashboard with Goal 1 Actions 1, 2, 3, 4, 5, 6, 7, 8, 10, 11, 12, and 13

Mathematics

- The District did not receive the lowest performance level of “red” on the Mathematics CAASPP for All Students. The District received an “orange” performance level at 99.1 points below standard, increasing 6.5 points from the previous year.
- The following subgroup within the District received the lowest performance level of “red” on the Mathematics CAASPP:
- African American students at 114.5 points below standard, maintaining with a 1-point increase.
- No other student subgroups received the lowest performance level of “red” on the Mathematics CAASPP. The remaining reported subgroups were rated orange or yellow.

Kern Integrated Data Systems
Science

- Data from the California Dashboard shows 5th grade students who met or exceeded the standard increased from 12.2% in 2020-2021 to 13.5% in 2022-2023.
- Data from the California Dashboard shows 8th grade students who met or exceeded the standard increased from 15.8% in 2020-2021 to 17.4% in 2022-2023.

ENGLISH LEARNERS

- The District received a performance level of “green” for English Learner Progress (ELPI) on the California Dashboard.
- Additional Dashboard data for the district shows:
- 50.3% of English Learners made progress, this is an increase of 9.4% over the previous year
- English Learners at 92.5 points below standard, maintaining with a slight increase 2.8 points on ELA (red)
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. While still 120 points below standard, they increased 13.6 points from the previous year.
- Chronic Absenteeism for English Learners was 33.2%, a decline of 15.3%, giving them a performance level of “yellow”
- The Suspension Rate of English Learners was a performance level of “blue” with 0.7% being suspended, a decline of 2.6%
- Beardsley Elementary received a performance level of “green” for English Learner Progress (ELPI) on the dashboard
- Additional Dashboard data for Beardsley Elementary shows:
- 52.3% of English Learners made progress, this is an increase of 17.7% over the previous year
- English Learners received a performance level of “orange” on the CAASPP ELA Assessment. While this was still 93.8 points below standard, they increased 19.9 points from the previous year.
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. While still 103 .6 points below standard, they increased 13.7 points from the previous year.
- Chronic Absenteeism for English Learners was 29%, a decline of 21%, giving them a performance level of “orange”
- The Suspension Rate of English Learners was a performance level of “blue” with 0% being suspended, a decline of 4.4%
- North Beardsley Elementary received a performance level of “yellow” for English Learner Progress (ELPI) on the California Dashboard
- 42.7% of English Learners made progress, this is an increase of 3.6% over the previous year
- English Learners at 96 points below standard, maintaining with a slight decrease of 1.3 points on ELA (red)
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. While still 108.2 points below standard, they increased 23 points from the previous year.
- Chronic Absenteeism for English Learners was 32.5%, a decline of 15.4%, giving them a performance level of “orange”
- The Suspension Rate of English Learners was a performance level of “yellow” with 0.8% being suspended, a slight increase of 0.8%
- San Lauren Elementary did not receive an ELPI performance level on the Dashboard due to small sample size, as well as all other categories.
- Beardsley Junior High did not receive an ELPI performance level on the Dashboard due to small sample size.
- English Learners at 96.5 points below standard, declining 24.1 points for ELA (red)
- English Learners at 151.9 points below standard, maintaining with 0 increase or decrease for Math (red)
- Chronic Absenteeism for English Learners was 43.3%, a decline of 8.9%, giving them a performance level of “orange”
- The Suspension Rate of English Learners was a performance level of “green” with 1.6% being suspended, a decline of 9.8%
- The district saw a reclassification rate of 9% for the 2022-2023 school year.

Beardsley plans to address the Red Indicators on the Dashboard with Goal 1 Actions 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, and 13

SCHOOL CLIMATE

- The District met the standard on the Local Performance Indicators for Local Climate Survey for the 2022-2023 school year.
- The District received a performance level of “yellow” for all students with a suspension rate of 3.9%. This is a decline of 0.7%
- Data from the Kern Integrated Data System shows the current suspension rate for the district is 3.76% as of May 29, 2023.
- Results of the 2023 annual Student Survey show that 84% of students responded that their school cares about students, no change from the prior year.
- Results of the Student Survey shows that 69% said they feel safe at school, up 2% from the prior year.
- Student Survey data shows that 57% like school, up 1% from the prior year.
- Parent survey results show that 98% feel that their children enjoy school. This is an increase of 9% from the previous year.
- Parent Survey data indicates 95% say their child's teacher makes learning fun, an increase of 8% over the prior year.
- Parent Survey results show that 94% agree their schools are safe places to learn, a 5% increase from the previous year.
- Data from the annual Staff Survey show that 93% agree that the district is making progress in reducing the suspension rate, up 4% from the prior year.
- Annual Staff Survey results show that 88% feel the schools provide a safe place to learn, up 10% from the previous year.
- North Beardsley and Beardsley Junior continued their participation and training in PBIS Implementation during the 2023-2024 school year.
- The following subgroup within the District received the lowest performance level of “red” on Suspension Rate on the California Dashboard
- African Americans with a 6.4% suspension rate, an increase of 3.2%
- Beardsley Elementary received a performance level of “green” on the Suspension Rate
- No student subgroups received the lowest performance level of “red” at Beardsley Elementary
- North Beardsley received the lowest performance level of “red” for all students on the Suspension Rate at 4.9%, an increase of 2.7%
- The following student subgroups at North Beardsley received the lowest performance level of “red” on the Suspension Rate:
- African American at 9.5%, an increase of 6.8%
- Socioeconomically Disadvantaged at 4.7%, an increase of 2.5%
- Students with Disabilities at 8.4%, an increase of 5.6%
- White at 6.6%, an increase of 3.8%
- San Lauren Elementary received a performance level of “green” on the Suspension Rate
- No student subgroups at San Lauren received the lowest performance level of “red”
- Beardsley Junior High received a performance level of “green” on the Suspension Rate
- No student subgroups at Beardsley Junior High received the lowest performance level of “red”

PUPIL ENGAGEMENT

- The District met the standard on the Local Performance Indicator for Access to a Broad Course of Study for the 2022-2023 school year.
- Results from the Fall KIDS Connectedness Survey indicate that students either “agree” or ‘strongly” agree with the following statements:
- I feel like it is easy to talk with teachers/staff at my school – 73%

- I feel like my teachers and school staff care about me – 75%
- If I am absent, I feel like there is a teacher or some other adult at school who will notice my absence – 75%
- I regularly attend and participate in school-sponsored events, such as school dances, sporting events, student performance, or other school activities – 18%
- There are lots of chances for students at this school to get involved in sports, clubs, and other school activities outside of class – 25%
- I feel like I belong when I am at school – 67%
- The District received a performance level of “yellow” on the California Dashboard for Chronic Absenteeism
- District wide, chronic absenteeism declined 10.5%
- No student subgroups at the district level received the lowest performance level
- Beardsley Elementary received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 21.8%
- No student subgroups at Beardsley Elementary received the lowest performance level of “red”
- North Beardsley received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 7%
- No student subgroups at North Beardsley received the lowest performance level of “red”
- San Lauren Elementary received the lowest performance level of “red” for all students for Chronic Absenteeism, with an increase of 4.9%
- The following subgroups received the lowest performance level of “red” for Chronic Absenteeism:
- Hispanic at 27.3%, maintaining with a slight increase of 0.3%
- Socioeconomically Disadvantaged at 32.2%, increasing 5.2%
- White at 37%, increasing 13.7%
- Beardsley Junior High received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 18.4%
- No student subgroups at Beardsley Junior High received the lowest performance level of “red”

Beardsley plans to address the Red Indicators on the Dashboard with Goal 3 Actions 1, 2, 3, 4,5, 6, 7, 8, 9, and 10

CA Dashboard 2024
ACADEMIC ACHIEVEMENT:
English Language Arts:

- All K-1 teachers participated in Science of Reading training as part of a 4-year professional development plan.
- Articulate BE SOR implementations:
- Utilize structured literacy
- Implement walk to learn - a campus wide differentiated instruction per grade level; each grade will receive core (Tier I), strategic (Tier II), intensive (Tier III)
- Purchase new Tier II intervention curriculum
- Collect and analyze universal screener data
- The District received the lowest performance level of "red" on the ELA CAASPP for all students
- The following subgroups within the District received the lowest performance level of “red” on the ELA CAASPP:
- African Americans at 96.3 below standard, increased by 2.4

- English Learners at 91.3 points below standard, maintaining with a slight increase 1.2 points
- Socioeconomically Disadvantaged at 76.3 points below standard, a decline of 3.4 points
- Students with Disabilities at 140.6 points below standard, a decline of 2.7 points
- White at 71 points below standard, declining 3.4 points
- Hispanic at 77.5 points below standard, maintaining with a slight decrease of 4.3 points
- Beardsley Elementary received the lowest performance level of “red” for all students on the ELA CAASPP.
- The following subgroups at Beardsley Elementary received the lowest performance rating of “red" on the ELA CAASPP:
- Socioeconomically Disadvantaged at 98.7 points below standard, maintaining with a decrease of 7.1 points
- Students with Disabilities at 148.2 points below standard, declining 14.4 points
- Hispanic at 108.8 points below standard, maintaining with a slight decline of 11.1 points
- The following subgroups at North Beardsley received the lowest performance level of “Orange” on the ELA CAASPP:
- English Learners at 83.5 points below standard, maintaining with a decrease of 12.5 points
- Students with Disabilities at 134.9 points below standard, maintaining with a increase of 13.5 points
- The following subgroups at the Beardsley Junior High received the lowest performance level of “red on the ELA CAASPP:
- English Learners at 99.7 points below standard, declining 3.2 points
- Students with Disabilities at 156.3 points below standard, declining 10 points
- Longer Term English Learners at 139.6 below standard which is year 1 baseline

Mathematics

- Data from the California Dashboard shows All Students in the Beardsley School District in the “orange” performance level on the CAASPP, with an increase of 6.5 points from the previous year.
- The following subgroups all increased their performance on the CAASPP as well:

- English Learners increased 13.6 points
- Foster Youth increased 11 points
- Hispanic students increased 7.3 points
- Low Income students increased by 6.8 points
- Students with disabilities increased by 13.3 points

- Star CBM Math Data for grades K through 3rd shows students scoring at or above benchmark increased form 9% in fall to 22% in spring.
- Star CBM Math data for K through 3rd shows students scoring in need of intervention decreased from 73% in fall to 58% in spring.
- Achieve Math 3000 data for students in 7th-8th grade RTI Math program shows an increase of 99 points from the first Quantile score in fall of 573 to 672 in Spring.
- All K-6 teachers, as well as 7th-8th grade math teachers, participated in Equitable Math training, as part of a 3-year professional development plan.
- The District received a performance level of “orange” for all students on the Math CAASPP.
- The following subgroup within the District received the lowest performance level of “red” on the Math CAASPP
- African American at 114.5 points below standard, maintaining with a slight increase of 1 point
- Beardsley Elementary received the lowest performance rating of “red” for all students on the Math CAASPP.
- The following subgroups at Beardsley Elementary received the lowest performance level of “red” on the Math CAASPP:

- Socioeconomically Disadvantaged at 103.5 points below standard, maintaining with a slight increase of 2.7 points
- Students with Disabilities at 138.7 points below standard, declining 15 points
- Hispanic at 113.7 points below standard, declining 4.7 points
- North Beardsley Elementary received a performance rating of “yellow” for all students on the Math CAASPP.
- No student subgroups at North Beardsley received the lowest performance level of “red” on the Math CAASPP.
- San Lauren Elementary received a performance level of “orange” for all students on the Math CAASPP.
- No student subgroups received at San Lauren Elementary received a performance level of “red” on the Math CAASPP.
- The Beardsley Junior High received the lowest performance level of “red” for all students on the Math CAASPP.
- The following subgroups at Beardsley Junior High received the lowest performance level of “red” on the Math CAASPP:
- English Learners at 151.9 points below standard, maintaining with 0 increase or decrease
- Socioeconomically Disadvantaged at 123.5 points below standard, maintaining with a slight increase of 2.7 points
- Hispanic at 125.5 points below standard, maintaining at a slight increase of 1.9 points

Kern Integrated Data Systems
Science

- Data from the California Dashboard shows 5th grade students who met or exceeded the standard decreased from 12.2% in 2020-2021 to 10.3% in 2023-2024.
- Data from the California Dashboard shows 8th grade students who met or exceeded the standard decreased from 15.8% in 2020-2021 to 12.6% in 2023-2024.

ENGLISH LEARNERS

- The District received a performance level of “orange” for English Learner Progress (ELPI) on the California Dashboard.
- Additional Dashboard data for the district shows:
- 47.2% of English Learners made progress, a decrease of 3.1% from the previous year.
- English Learners received a performance level of “red” on the CAASPP ELA Assessment. While still 91.3 points below standard, they maintained with a slight increase of 1.3 points from the previous year.
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. While still 115.4 points below standard, they increased 4.5 points from the previous year.
- Chronic Absenteeism for English Learners was 32.2%, a decline of 1%, resulting in a performance level of “orange.”
- The Suspension Rate for English Learners was 1.2%, an increase of 0.5% resulting in a performance level of “yellow.”
- Beardsley Elementary received a performance level of “orange” for English Learner Progress (ELPI) on the dashboard
- Additional Dashboard data for Beardsley Elementary shows:
- 50% of English Learners made progress, this is an decline of 2.3% over the previous year
- English Learners received a performance level of “orange” on the CAASPP ELA Assessment. English Learners at 85.9 points below standard, increasing 7.9 points for ELA.
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. While still 95.3 points below standard, they decreased 8.3 points from the previous year.
- Chronic Absenteeism for English Learners was 26.7%, a decline of 2.4%, giving them a performance level of “orange”

- The Suspension Rate of English Learners was a performance level of “blue” with 0% being suspended, maintained from previous year.
- North Beardsley Elementary received a performance level of “green” for English Learner Progress (ELPI) on the California Dashboard
- 44.5% of English Learners made progress, this is an maintain of 1.9% over the previous year
- English Learners at 83.5 points below standard, increase of 12.5 points on ELA (orange)
- English Learners received a performance level of “yellow” on the CAASPP Math Assessment. English Learners at 92.4 points below standard, they increased 15.8 points from the previous year.
- Chronic Absenteeism for English Learners was 33.3%, an increase of 0.8%, giving them a performance level of “red”
- The Suspension Rate of English Learners was a performance level of “blue” with 0% being suspended, decline 0.8% from previous year.
- San Lauren Elementary did not receive an ELPI performance level on the Dashboard due to small sample size, as well as all other categories.
- Beardsley Junior High received a performance level of “orange” for English Learner Progress (ELPI) on the California Dashboard
- 47.6% of English Learners made progress, this is an decline of 10.1% over the previous year
- English Learners at 99.7 points below standard, decline of 3.2 points for ELA (red)
- English Learners at 154.9 points below standard, decline 3 points for Math (red)
- Chronic Absenteeism for English Learners was 31.5%, a decline of 11.9%, giving them a performance level of “orange”
- The Suspension Rate of English Learners was a performance level of “orange” with 7% being suspended, an increase of 5.4%
- The district saw a reclassification rate of 3.15% for the 2023-2024 school year.

SCHOOL CLIMATE

- The District met the standard on the Local Performance Indicators for Local Climate Survey for the 2023-2024 school year.
- The District received a performance level of “green” for all students with a suspension rate of 1.7%. This is a decline of 2.1%
- Data from the Kern Integrated Data System shows the current suspension rate for the district is 1.75%
- Results of the 2024 annual Student Survey show that 84% of students responded that their school cares about students, no change from the prior year.
- Results of the Student Survey shows that 65.2% said they feel safe at school, down 3.7% from the prior year.
- Student Survey data shows that 56.3% like school, down 0.7% from the prior year.
- Parent survey results show that 88.5% feel that their children enjoy school. This is an decline of 9.5% from the previous year.
- Parent Survey data indicates 86.9% say their child's teacher makes learning fun, an decline of 8.1% over the prior year.
- Parent Survey results show that 88.6% agree their schools are safe places to learn, an 5.4% decline from the previous year.
- Data from the annual Staff Survey show that 87% agree that the district is making progress in reducing the suspension rate, down 6% from the prior year.
- Annual Staff Survey results show that 77.7% feel the schools provide a safe place to learn, down 10.3% from the previous year.
- The following subgroup within the District received the lowest performance level of “red” on Suspension Rate on the California Dashboard
- LTEL with 6.1% suspension rate, an increase of 4.2%
- Beardsley Elementary received a performance level of “blue” on the Suspension Rate

- No student subgroups received the lowest performance level of “red” at Beardsley Elementary
- North Beardsley received the performance level of “blue” for all students on the Suspension Rate at 0.7%, an decline of 4.2%
- No student subgroups at North Beardsley received the lowest performance level of “red”
- San Lauren Elementary received a performance level of “green” on the Suspension Rate
- No student subgroups at San Lauren received the lowest performance level of “red”
- Beardsley Junior High received a performance level of “orange” on the Suspension Rate at 6.1%, an increase of 0.8%.
- No student subgroups at Beardsley Junior High received the lowest performance level of “red”

PUPIL ENGAGEMENT

- The District met the standard on the Local Performance Indicator for Access to a Broad Course of Study for the 2023-2024 school year.
- Results from the Fall KIDS Connectedness Survey indicate that students either “agree” or ‘strongly” agree with the following statements:
- I feel like it is easy to talk with teachers/staff at my school – 73%
- I feel like my teachers and school staff care about me – 75%
- If I am absent, I feel like there is a teacher or some other adult at school who will notice my absence – 75%
- I regularly attend and participate in school-sponsored events, such as school dances, sporting events, student performance, or other school activities – 18%
- There are lots of chances for students at this school to get involved in sports, clubs, and other school activities outside of class – 25%
- I feel like I belong when I am at school – 67%
- The District received a performance level of “yellow” on the California Dashboard for Chronic Absenteeism
- District wide, chronic absenteeism declined 3.3%
- The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- Foster with 40.4% chronically absent, an increase of 17.3%
- Beardsley Elementary received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 4.4%
- The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- White with 35.4% chronically absent, an increase of 1.8%
- North Beardsley received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 5.3%
- The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- English Learners with 33.4% chronically absent, an increase of 0.8%
- San Lauren Elementary received the lowest performance level of “yellow” for all students for Chronic Absenteeism, with an decline of 5.9%
- No student subgroups at Beardsley Junior High received the lowest performance level of “red.”
- Beardsley Junior High received a performance level of “orange” for Chronic Absenteeism, with their rate declining 1.5%
- The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard

- LTELs with 36.8% chronically absent, an increase of 1.3%
- White with 40.8% chronically absent, an increase of 1.2%

CA Dashboard 2025
ACADEMIC ACHIEVEMENT:
English Language Arts:

- The District received a performance level of "Yellow" on the ELA CAASPP for All Students at 64.6 points below standard, increasing 9.9 points from the prior year.
- The following student groups received the lowest performance level of "Red" on the ELA CAASPP:
- African American students at 107.1 points below standard, declining 10.9 points
- Foster Youth at 104.8 points below standard, declining 37.8 points
- The following student groups received a performance level of "Orange" on the ELA CAASPP:
- English Learners at 74.6 points below standard, increasing 16.7 points
- Homeless students at 75.9 points below standard, increasing 66.6 points
- Long-Term English Learners at 103.0 points below standard, increasing 36.2 points
- Students with Disabilities at 126.7 points below standard, increasing 13.9 points
- Two or More Races at 53.8 points below standard, declining 15.9 points
- Distance from Standard improved from 74.5 points below standard in 2024 to 64.6 points below standard in 2025 for All Students.
- English Learners demonstrated improvement, increasing 16.7 points, while Foster Youth and African American students experienced declines.

Mathematics:

- The District received a performance level of "Orange" on the Mathematics CAASPP for All Students at 100.4 points below standard, increasing 3.3 points from the prior year.
- The following student groups received the lowest performance level of "Red" on the Mathematics CAASPP:
- Foster Youth at 142.7 points below standard, declining 37.0 points
- Students with Disabilities at 156.2 points below standard, maintaining performance with a slight increase of 1.9 points
- The following student groups received a performance level of "Orange" on the Mathematics CAASPP:
- African American students at 125.9 points below standard, increasing 10.3 points
- English Learners at 111.3 points below standard, increasing 4.2 points
- Hispanic students at 101.8 points below standard, increasing 5.2 points
- Homeless students at 131.8 points below standard, increasing 47.3 points
- Long-Term English Learners at 191.1 points below standard, increasing 4.1 points
- Socioeconomically Disadvantaged students at 101.4 points below standard, increasing 4.5 points
- Two or More Races at 91.0 points below standard, declining 11.7 points
- White students at 94.4 points below standard, maintaining performance with a slight increase of 0.9 points
- Distance from Standard improved from 103.7 points below standard in 2024 to 100.4 points below standard in 2025 for All Students.

- English Learners improved 4.2 points, while Foster Youth continued to experience significant declines.

Beardsley plans to address the Red Indicators on the Dashboard with Goal 1 Actions 1, 2, 4, 5, 6, 7, 8, 9, 11, 12, and 13

Kern Integrated Data Systems
Science

- Data from the California Dashboard shows 5th grade students who met or exceeded the standard increased from 12.2% in 2021 to 14% in 2025.
- Data from the California Dashboard shows 8th grade students who met or exceeded the standard decreased from 15.8% in 2021 to 14.8% in 2025.

ENGLISH LEARNERS

- The District received a performance level of “green” for English Learner Progress (ELPI) on the California Dashboard.
- Additional Dashboard data for the district shows:
- 50% of English Learners made progress, a increase of 2.8% from the previous year.
- English Learners received a performance level of “orange” on the CAASPP ELA Assessment. English Learners at 74.6 points below standard, increasing 16.7 points for ELA.
- English Learners received a performance level of “orange” on the CAASPP Math Assessment. English Learners at 111.3 points below standard, increasing 4.2 points for ELA.
- Chronic Absenteeism for English Learners was 25.1%, a decline of 7.1%, resulting in a performance level of “yellow.”
- The Suspension Rate for English Learners was 0.8%, an decrease of 0.4%, resulting in a performance level of “green.”
- Beardsley Elementary received a performance level of “red” for English Learner Progress (ELPI) on the dashboard
- Additional Dashboard data for Beardsley Elementary shows:
- 37% of English Learners made progress, this is an decline of 13% over the previous year
- English Learners received a performance level of “orange” on the CAASPP ELA Assessment. English Learners at 76.6 points below standard, increasing 9.4 points for ELA.
- English Learners received a performance level of “red” on the CAASPP Math Assessment. English Learners at 107.8 points below standard, increasing 12.6 points for ELA.
- Chronic Absenteeism for English Learners was 23.7%, a decline of 3%, giving them a performance level of “orange”
- The Suspension Rate of English Learners was a performance level of “blue” with 0% being suspended, maintained from previous year.
- North Beardsley Elementary received a performance level of “green” for English Learner Progress (ELPI) on the California Dashboard
- 52.6% of English Learners made progress, this is an increase of 8% over the previous year
- English Learners at 69.3 points below standard, increase of 14.2 points on ELA (yellow)
- English Learners received a performance level of “yellow” on the CAASPP Math Assessment. English Learners at 89.3 points below standard, they increased 3.1 points from the previous year.
- Chronic Absenteeism for English Learners was 25.6%, a decline of 7.8%, giving them a performance level of “yellow”

- The Suspension Rate of English Learners was a performance level of “blue” with 0% being suspended, maintained from previous year.
- San Lauren Elementary did not receive an ELPI performance level on the Dashboard due to small sample size, as well as all other categories.
- Beardsley Junior High received a performance level of “blue” for English Learner Progress (ELPI) on the California Dashboard
- 59.5% of English Learners made progress, this is an increase of 11.9% over the previous year
- English Learners at 53.7 points below standard, increasing 16.1 points for ELA (yellow)
- English Learners at 116.5 points below standard, increasing 11.3 points for Math (orange)
- Chronic Absenteeism for English Learners was 33.9%, a increase of 2.4%, giving them a performance level of “red”
- The Suspension Rate of English Learners was a performance level of “green” with 4.8% being suspended, a decline of 2.3%
- The district saw a reclassification rate of 13.07% for the 2024-2025 school year.

2025-2026 SCHOOL CLIMATE

- **The District met the standard on the Local Performance Indicators for Local Climate Survey for the 2025-2026 school year.
- **The District received a performance level of “Yellow” for all students with a suspension rate of 1.7%, maintained from previous year.
- **Data from the Kern Integrated Data System shows the current suspension rate for the district is 1.88%
- Results of the 2026 annual Student Survey show that 84.1% of students responded that their school cares about students, increase of 0.6% from prior year.
- Results of the Student Survey shows that 72.1% said they feel safe at school, increased 5.4% from the prior year.
- Student Survey data shows that 53% like school, down 1.9% from the prior year.
- Parent survey results show that 96.1% feel that their children enjoy school. This is an increase of 7.5% from the previous year.
- Parent Survey data indicates 96.1% say their child's teacher makes learning fun, an increase of 2.9% over the prior year.
- Parent Survey results show that 100% agree their schools are safe places to learn, an increase of 11.4% from the previous year.
- Data from the annual Staff Survey show that 93.1% agree that the district is making progress in reducing the suspension rate, increased 1.1% from the prior year.
- Annual Staff Survey results show that 94.2% feel the schools provide a safe place to learn, decreased 0.2% from the previous year.
- **The following subgroup within the District received the lowest performance level of “red” on Suspension Rate on the California Dashboard
- Foster Youth with a 6.1% suspension rate, an increase of 4.1%
- Homeless with 6.5% suspension rate, an increase of 3.6%
- **Beardsley Elementary received a performance level of “yellow” on the Suspension Rate
- **No student subgroups received the lowest performance level of “red” at Beardsley Elementary
- **North Beardsley received the performance level of “green” for all students on the Suspension Rate at 0.7%, maintained from previous year.
- **No student subgroups at North Beardsley received the lowest performance level of “red”
- **San Lauren Elementary received a performance level of “green” on the Suspension Rate
- **No student subgroups at San Lauren received the lowest performance level of “red”
- **Beardsley Junior High received a performance level of “green” on the Suspension Rate at 5.3%, an decline of 0.8%.

- **No student subgroups at Beardsley Junior High received the lowest performance level of “red”

2025-2026 PUPIL ENGAGEMENT

- The District met the standard on the Local Performance Indicator for Access to a Broad Course of Study for the 2025-2026 school year.
- Results from the Fall KIDS Connectedness Survey indicate that students either “agree” or ‘strongly” agree with the following statements:
- I feel like it is easy to talk with teachers/staff at my school – 65%
- I feel like my teachers and school staff care about me – 70%
- If I am absent, I feel like there is a teacher or some other adult at school who will notice my absence – 75%
- I regularly attend and participate in school-sponsored events, such as school dances, sporting events, student performance, or other school activities – 20%
- There are lots of chances for students at this school to get involved in sports, clubs, and other school activities outside of class – 26%
- I feel like I belong when I am at school – 63%
- **The District received a performance level of “yellow” on the California Dashboard for Chronic Absenteeism
- **District wide, chronic absenteeism declined 3.2%
- **The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- Foster Youth with 53.1% chronically absent, an increase of 12.6%
- Homeless with 60% chronically absent, an increase of 13.2%
- LTEL with 45.5% chronically absent, an increase of 12.1%
- **Beardsley Elementary received a performance level of “orange” for Chronic Absenteeism, with their rate declining 0.6%
- **The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- Hispanic with 29.2% chronically absent, an increase of 1.5%
- SED with 30.3% chronically absent, an decline of 0.3%
- **North Beardsley received a performance level of “yellow” for Chronic Absenteeism, with their rate declining 3.3%
- **The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- African American with 38% chronically absent, an increase of 6.9%
- **San Lauren Elementary received the lowest performance level of “yellow” for all students for Chronic Absenteeism, with an decline of 5.9%
- **No student subgroups at Beardsley Junior High received the lowest performance level of “red.”
- **Beardsley Junior High received a performance level of “orange” for Chronic Absenteeism, with their rate declining 1.9%
- **The following subgroup within the District received the lowest performance level of “red” on Chronic Absenteeism on the California Dashboard
- English Learners with 33.9% chronically absent, an increase of 2.4%
- Hispanic with 34.8% chronically absent, an increase of 2%

- LTELs with 42.1% chronically absent, an increase of 5.3%
- SWD with 41.3% chronically absent, an increase of 12.7%

PARENT ENGAGEMENT:

- The District met the standard on the Local Performance Indicators for Parent Engagement for the 2025-2026 school year.
- Results from the annual Parent Survey show that 94.1% agree the district offers a variety of opportunities for parents to provide input, a decline of 3.9% from previous year. .
- Parent Survey results show that 88.2% agree that the district values their opinion, a decline of 0.8% from previous year.

BASIC SERVICES:

- The District met the standard on the Local Performance Indicator for Basics: Teachers, Instructional Materials, and Facilities for the 2022-2023 school year.
- Williams Act Compliance shows all students have access to textbooks and instructional materials, and all facilities in good repair
- Parent Survey results show that 99% find their schools to be generally clean and in good repair
- Staff Survey results show that 71% find their facilities are generally clean and in good repair

LEARNING RECOVERY EMERGENCY BLOCK GRANT (LREBG)

The district currently has Learning Recovery Emergency Block Grant (LREBG) funds that will be included in the 2026-27 LCAP.

As part of the 2025-2026 and 2026-2027 LCAP, Beardsley School District has designed the following action to be funded with Learning Recovery Emergency Block Grant (LREBG) funds: Action 2.2 Social Emotional and Positive Behavior Support. This action has been prioritized based on the findings of the district's required needs assessment, which identified all schools in the district as having very high chronic absenteeism rate, for all student groups. This action aligns with the allowable uses of LREBG fund, specifically: providing evidence-based supports to address other barriers to learning such as the provision of health, counseling, or mental health services. This action will fund five school social workers to address the social emotional needs of students.

The role of Social Workers in the school setting is supported by extensive research, including Mahoney, Durlak, and Weissberg, (2018) which found that social emotional learning has a tremendous impact on academic growth in the long-term.

To measure the impact of this investment, the district will monitor student progress using Metric 2.27 Chronic Absenteeism, alongside Metric 2.26 Attendance rates, disaggregated by student group. These data points will help evaluate whether social workers improve attendance and chronic absenteeism rates, in alignment with the district's LCAP goals and the intended outcomes of the LREBG.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

In 2023 the District was identified for Technical Assistance for one student subgroup, African American. This subgroup received the lowest performance level of “red” on CAASPP Academics (for ELA and Math), as well as a second performance level of “red” for Suspensions. The district is in year 2 monitoring.

23-24 Summary

African American student performance data indicates a significant need in English Language Arts, with CAASPP scores declining by 33.2 points from the previous year. In response, the district is implementing a comprehensive literacy strategy that includes Science of Reading training for K–1 teachers, continued class size reduction, instructional aides at all elementary schools, expanded RTI reading services, implementation of STAR CBM and STAR Phonics screening tools, adoption of the Really Great Reading curriculum, and targeted reading interventions such as walk-to-learn models and individualized literacy programs at the junior high level. Mathematics performance for African American students increased by one point, maintaining the district’s status level. To support continued growth, the district has completed a three-year Equitable Math professional development initiative, will continue targeted math intervention services, provide instructional aide support, and partner with Kern County Superintendent of Schools to strengthen implementation of equitable math practices. School climate data showed an increase in the suspension rate for African American students to 6.4%; however, more recent local KIDS data indicates substantial improvement, with the rate decreasing to 1.36%. To sustain positive outcomes, the district will continue implementing alternative placement options in lieu of suspension, strengthen authentic partnerships with students and families, and expand student recognition and school connectedness initiatives designed to promote positive behavior and engagement.

- Performance on the English Language assessment for African American students declined 33.2 points from the previous year. To help increase reading scores:
- Elementary teachers in grades K-1 district wide have begun training in the Science of Reading, and a focus on Early Literacy. Research shows that all children, but especially children of color, will benefit when there is a comprehensive reading program in place at

the earliest grade levels.

- The district will continue to provide class size reduction to help provide small group settings (Goal 1, Action 1)
- Beardsley Elementary and North Beardsley will pilot a “walk to learn” reading program that includes leveling students for daily skill-based lessons
- All Elementary campuses will have Instructional Aids available to provide additional classroom support (Goal 1, Action 1.11)
- The Elementary RTI Reading program will implement STAR CBM and STAR Phonics screeners with fidelity to obtain data to drive individual student instruction during pull out sessions (Goal 1, Action 10)
- Additionally, Elementary RTI Reading will begin using a standardized curriculum across the district (Really Great Reading) to meet the needs of struggling students.(Goal 1, Action 10)
- The Beardsley Junior High implemented an RTI Reading program for 7th and 8th grade students during the 2023-2024 school year. (Goal 1, Action 10)
- The Beardsley Junior High implemented the Achieve 3000 Literacy program, using individualized pathways to assist struggling students.

- Performance on the Math assessment for African American students increased 1 point, keeping them at the “maintained” status.
- All Elementary grade level teachers, as well as 7th and 8th grade math teachers completed a 3-year professional development training for Equitable Math practices.
- A math RTI program will provide additional targeted intervention (Goal 1, Action 1.9)
- All Elementary campuses will have Instructional Aids available to provide additional classroom support (Goal 1, Action 1.11)
- The elementary campuses plan to continue working with the staff from Kern County Superintendent of Schools to follow up on best practices with the Equitable Math training to provide teacher support on classroom best practices.
- The suspension rate for African American students was 6.4%, an increase of 3.2%
- This represents 8 students district wide who received suspensions
- KIDS data from the end of the 2023-2024 school year shows the suspension rate for African American students dropped to 1.36%, with only 2 African American students district wide being suspended.
- All campuses continue to implement Alternative Placement Programs instead of suspension whenever feasible (Goal 3, Action4)
- To continue seeing growth and success with our African American students, staff will continue to foster authentic, reciprocal partnerships with students and their families (Goal 3, Actions 1, 3, and 7)
- Student recognition and school connectedness initiatives will be implemented to encourage positive behavior and a sense of school community (Goal 3, Actions 2, 5, 6, and 9)

The district became eligible for Technical Assistance in 2024 for the Long-Term English Learner student group in the areas of suspension rates and CAASPP scores.

- LTEL Suspension Support
- BSD will utilize Goals 2.3 (social emotional learning), metric 2.2 (school social workers), and alternate placement program instead of suspension to layer student behavior services to reduce LTEL suspension rates.
- LTEL CAASPP Support
- BSD will utilize Goals 1.4, 1.9, 1.10 to layer intervention supports (early literacy and Science of Reading strategies) for LTEL students to improve their CAASPP scores. In addition, Iptonline is a EL diagnostic tool

In 2025-2026 the District became eligible for Technical Assistance for McKinney Vento-Homeless student group in the area of chronic absenteeism and suspension, and Foster Youth student group in the area of chronic absenteeism, suspension, and CAASPP.

- MV/FY Suspension Support
- BSD will utilize Goals 2.3 (social emotional learning), and Goal 2.2 (school social workers) to layer student behavior services to reduce MV and FY suspension rates. Moreover, BSD sites will utilize Goal 3.4 (Alternate Placement Program) as an option before student suspension.
- MV/FY Chronic Absenteeism Support
- BSD will use Goals 3.4 to address potential learning barriers, layer additional Goals (3.3, 3.4, 3.8, 3.9) to improve student engagement, build rapport, assist with transportation, and improve school connectedness. Community Specialist will continue to conduct home visits to build community rapport and to remove

potential barriers to attendance. BSD will continue to use SARB process to assist families with truant student.

- MV/FY CAASPP Support

- BSD will utilize Goals 1.10 and 1.11 to layer intervention supports for subgroup students to improve their CAASPP scores.
- BSD join COE LCAP - The Improvement Collaborative (TIC) cohort-based community of practice to assist LEAs in Differentiated Assistance in strengthening the implementation of existing initiative. TIC is grounded in implementation science which support district teams in refining practices, monitoring progress, and building

sustainable systems through shared leadership and collaborative problem-solving.

- BSD started a local initiative to create an Literacy Committee to assist with the development of structured literacy/SOR/early literacy framework. This process will improve CAASPP score over time.
- BSD started developing proof of concept for implementing ELA strategies such as Walk to Learn and Science of Reading, and using appropriate assessment (DIBELS and 95% Core and Diagnostics) tools to identify and support student needs.
- Current ELA practices in structured literacy is showing sporadic but significant K-3 progress in individual teachers that incorporated early literacy practices with fidelity.

--- In 24-25: San Lauren 1st grade reduced 70% of students performing well below benchmark to 25%; Beardsley Elementary Kindergarten reduced well below from 57% o 31%, and North Beardsley 2nd grade reduced well below from 79% to 47%.
--- The most significant individual teacher growth reduced 83% well below to 22%. -

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

none

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

not applicable

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

not applicable

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Teachers	Staff Surveys: Conducted in November 2025 and March 2026. Focus on priority areas for student achievement, conditions of learning, and engagement of students and families. Staff shared the resources they felt were most successful in supporting each of the priority areas. Educational Partner Engagement Open Forum Sessions: Conducted three sessions - online (Google Meets) November 15, 2025, March 20, 2026, and May 7, 2026. Staff and community were invited to learn about success and challenges of the prior year LCAP, as well as contribute comments and suggestions for the 2026-2027 LCAP. Educational Partner Engagement Staff Session: Held February 23, 2026 and May 21, 2026: Staff reviewed current available data, with an emphasis on student outcomes. Staff discussed reactions to data; what factors could be contributing to these outcomes; what questions this data brought up that could be addressed in the LCAP as well as school plans; and what recommendations staff had to increase student outcomes or answer the questions posed during the session. Monthly Grade Level Meetings: Held monthly throughout the year. Grade level staff met once a month at a district level to review data and current practices. Grade Level Leads guided staff on dissecting the data, determining what practices were contributing to success in some classes, and what other strategies, trainings, or resources were

Educational Partner(s)	Process for Engagement
	needed to provide successful student outcomes. Responses and recommendations from these meetings were shared with site and district administrators.
Principals/Administrators	Staff Surveys: November 2025 and March 2026. Focus on priority areas for student achievement, conditions of learning, and engagement of students and families. Staff shared the resources they felt were most successful in supporting each of the priority areas. Educational Partner Engagement Open Forum Sessions: Conducted three sessions - online (Google Meets) November 15, 2025, March 20, 2026, and May 7, 2026. Staff and community were invited to learn about success and challenges of the prior year LCAP, as well as contribute comments and suggestions for the 2026-2027 LCAP. Educational Partner Engagement Staff Session: Held February 23, 26 and May 21, 2026: Staff reviewed current available data, with an emphasis on student outcomes. Staff discussed reactions to data; what factors could be contributing to these outcomes; what questions this data brought up that could be addressed in the LCAP as well as school plans; and what recommendations staff had to increase student outcomes or answer the questions posed during the session. Principals Advisory Cabinet: Held monthly. Each month principals and district administrators met to discuss current data, trends, and professional development opportunities contributing to student outcomes, engagement, and school climate. These sessions afforded administration to share areas they saw actions in the LCAP being successful, as well as areas that were showing challenges in implementation.
Other School Personnel	Staff Surveys: November 2025 and March 2026. Focus on priority areas for student achievement, conditions of learning, and engagement of students and families. Staff shared the resources they felt were most successful in supporting each of the priority areas. Educational Partner Engagement Open Forum Sessions: Conducted three sessions - online (Google Meets) November 15, 2025, March 20, 2026, and May 7, 2026. Staff and community were invited to learn

Educational Partner(s)	Process for Engagement
	about success and challenges of the prior year LCAP, as well as contribute comments and suggestions for the 2026-2027 LCAP. Educational Partner Engagement Staff Session: Held February 13, 2026: Staff reviewed current available data, with an emphasis on student outcomes. Staff discussed reactions to data; what factors could be contributing to these outcomes; what questions this data brought up that could be addressed in the LCAP as well as school plans; and what recommendations staff had to increase student outcomes or answer the questions posed during the session.
Certificated Bargaining Unit	A meeting was held with the Beardsley Teacher Association Executive Board on April 13, 2026. A review of the current LCAP, along with success and challenges was conducted. Discussions included ways to increase academic success, reduce absenteeism, and increase parent engagement. Effectiveness of current professional development for English Learners and early literacy were discussed. The benefits of smaller class sizes, along with support staff were discussed.
Classified Bargaining Unit	A meeting was held with the Beardsley CSEA Executive Board on May 11, 2026. A review of the current LCAP, along with success and challenges was conducted. Discussions included ways to increase academic success, reduce absenteeism, and increase parent engagement, as well as the importance of the classified staff included in the LCAP.
Parents	Surveys: Conducted in December 2025 and April 2026. Surveys were made available through a QR code and hard copy upon request. Both surveys were also provided in Spanish. Surveys focused on priority areas for student achievement, conditions of learning, and engagement of students and families. Parents shared the resources they felt were most successful in supporting each of the priority areas, and were able to share ideas and areas of concern for their children. Educational Partner Engagement Open Forum Sessions: Conducted three sessions - online (Google Meets) November 15, 2025, March 20, 2026, and May 7, 2026. Parents and community were invited to learn about success and challenges of the prior year LCAP, as well as contribute comments and suggestions for the 2026-2027 LCAP.

Educational Partner(s)	Process for Engagement
	DAC/DELAC Meetings: Held on online (Google Meets) November 15, 2025, March 20, 2026, and May 7, 2026.. These meetings are open to the public, and were all held via zoom this year to allow for more community participation. Each meeting had LCAP discussion as an agenda item. Attendees were provided on updates to actions and expenditures. Additionally, the mid-year update was shared and used as a framework to provide recommendations for the 2026-2027 LCAP.
Students	Surveys: Conducted in November 2025 and March 2026. Surveys were provided on line in classroom to all students in grades 3 through 8, with over 800 students responding. Survey topics inquired into how students felt about the cleanliness and safety of their campus, if they had the materials they needed for class, and if they felt cared for by the adults at their school. Students were asked if they felt they were being prepared for the next grade level, if English Learners were being helped to learn English, and what subjects they learned about during the year. Students had the opportunity to provide open ended responses to what the school could do to help students be more successful, as well as what things they liked most about school. SSC: 7th and 8th grade students participate in Junior High School Site Council to provide feedback regarding school functions. Meetings were held on campus on October 23, 2025, February 27, 2026, and May 14, 2026.
SELPA	Consultation occurred during the LCAP training session held by the Kern County Superintendent of Schools Office on November 5, 2025 and February 20, 2026. SELPA staff shared that students with disabilities are the most common group for which districts are identified for Differentiated Assistance. SELPA continues to work with the district to address accountability indicators for students with disabilities such as academic achievement, suspension rates, least restrictive environments, inclusion, and disproportionate representation by race and by race/disability, transition planning, and compliance measures.

Educational Partner(s)	Process for Engagement
	SELPA requested districts to consider students with disabilities when developing the LCAP, particularly regarding academic interventions, school climate efforts, as well as attendance and engagement supports and interventions.
Equity Multiplier	Educational Partner engagement will be held twice a year in conjunction with DAC/DELAC where staff and community will discuss success and challenges in English Language Arts with a focus on early literacy. Staff and community will discuss data and identify factors contributing to the annual outcomes. Funding is reserved explicitly for Beardsley Elementary, North Beardsley Elementary, and San Lauren Elementary. EM Meetings will be held on May 21, 2026 were staff and community will discuss chronic absenteeism and ELA progress and provide feedback. DAC/DELAC Meetings: Held on November 19, 2025; March 20,2026; and May 7,2026. These meetings are open to the public, and at least one parent from each campus is invited to participate EM discussion. Attendees were provided an update to the purpose of EM funding and added position and services to support elementary subgroup. All education partners agreed to focus on foundations of literacy.
District Advisory Committee	DAC/DELAC Meetings: Held on November 19, 2025; March 20,2026; and May 7,2026. These meetings are open to the public, and were all held via zoom this year to allow for more community participation. Each meeting had LCAP discussion as an agenda item. Attendees were provided on updates to actions and expenditures. Additionally, the mid-year update was shared and used as a framework to provide recommendations for the 2026-2027 LCAP.
District English Learner Advisory Committee	DAC/DELAC Meetings: Held on November 19, 2025; March 20,2026; and May 7,2026. These meetings are open to the public, and were all held via zoom this year to allow for more community participation. Each meeting had LCAP discussion as an agenda item. Attendees were provided on updates to actions and expenditures. Additionally, the mid-year update was shared and used as a framework to provide recommendations for the 2026-2027 LCAP.

Educational Partner(s)	Process for Engagement
School Board of Trustees	Board Meetings: Mid-Year report presented on February 10, 2026. LCAP Public Hearing held June 22, 2026 with Annual Update, BOP, LCAP documents. LCAP adoption on June 23, 2026.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

While the Beardsley School District considers all feedback in relation to district goals and identified needs, not all expressed needs can be addressed within the LCAP due to limited LCFF resources. Some feedback has been addressed in other improvement plans, including the Effective Educators Grant Plan, and the Expanded Learning Opportunity Plan.

Goal 1 Student Outcomes

Action 1.8 Academic Technology Programs

- This action previously focused on student accessibility
- Educational Technology - Kami was not renewed due to lack of educator utilization.

Action 1.10 - Reading Intervention Programs

- The feedback recommended switching from Really Great Reading to 95% diagnostics to improve autonomy in addressing student deficiencies.
- Increased funding for reading intervention program due to changing intervention and diagnostic platform. 95% is a digital diagnostic tool for Tier II reading intervention. Based on educational partner feedback, the 95% program has an skill level based diagnostic to assess student's deficiencies in early literacy, reading and

comprehension. The direct identification of the deficiency allows teachers to address the skill gap, which reduces time sink. , BSD phase out RGR and move towards 95% Group Tier II diagnostic in RTI. We have increased the funding in this action to reflect our contract with 95% group.

Action 1.12 - Supplemental ELA and Math

- BSD is gradually phasing out Renaissance products and transitioning to an approved platform called Amplify for benchmarking, assessment, and progress monitoring. For the 2025-2026 school year, BSD will implement Amplify ELA and Amplify Math will be implemented the following year.

Action 1.13 - Professional Learning Support

- The feedback recommended a different method to collect and monitor ELD practices in classrooms.
- BSD will not renew WeClimb software because it does not directly assist ELD development. BSD needs to address struggling students (English Learners, Foster Youth, Low-Income) by utilizing MTSS to build foundational skills. We purchased diagnostic tools from the 95% Group to identify student deficiencies in literacy and

comprehension. In addition, teachers will receive professional development in digital and physical products to further strengthen deficiencies and reteach. The WeClimb relies on observable student participation, which has limited effect in assisting teachers and students. Local data indicate a lack of time among administrators and

teachers to utilize software to collect relevant data effectively.

Action 1.15 - Long Term English Learners

- BSD added action 1.15 due to growth of LTEL population to 46 in 25-26 academic year.

Action 1.16 - Differentiated Assistance

- BSD added action 1.16 due to being eligible for Differentiated Assistance due to CAASPP "red" indicators in Foster Youth - Academic Performance, Chronic Absenteeism, and Suspension Rate; Homeless Youth - Chronic Absenteeism, and Suspension Rate.

Goal 2 Conditions of Learning

Action 2.8 - Camp KEEP

- Due to the lack of student participation, rising cost in operation, and lack of volunteers, BSD secured an alternatives career readiness bundle such as local KCSOS STEAM yard, North High School Career pathway orientation, and Universal Studios STEM and career programs to increase participation. Action 2.8 was revised and funding

was increased.

Goal 3 Engagement

Action 3.1 - Student Data Systems/Parent Communication

- The recommended feedback
- BSD IT indicated lack of use in some PowerSchool products, which we will phase out.

Action 3.5 - Positive Playground Activities

- The recommended feedback encouraged equitable PE curriculum and equipment across elementary campuses.
- Moved a JH PE teacher to cover K-6 elementary PE, in which PE teacher requested additional funds to purchase age appropriate equipment. Moreover, budget increased due to certificated and classified salary increase.

Action 3.10 - Elementary PE Program

- The recommended feedback encouraged equitable PE curriculum delivery across elementary campuses.
- Moved a JH PE teacher to cover K-6 elementary PE.

Goal 4 Equity Multiplier - Exclusive funding for Beardsley Elementary, North Beardsley Elementary, and San Lauren Elementary - STATUS QUO MAINTAINED

Goal 5 Equity Multiplier - Exclusive funding for North Beardsley to address chronic absenteeism for African American students as well as other students who are at-risk.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Student Outcomes: The Beardsley School District will provide a high quality educational program that focuses on academic growth.	Broad Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Academic achievement for Beardsley Students continues to be a high priority. Beardsley students are still far below the state and county average academically. The following data supports the need for the development of this goal.

2023 CAASPP Dashboard

English Language Arts:
The District, as well as Beardsley Elementary received the lowest performance level of “red” on the ELA CAASPP for all students. The following student subgroups, either district wide or on an individual campus, also received performance levels in either “red” (very low) or “orange” (low):

- English Learners
- District wide: 92.5 points below standard (red)
- North Beardsley Elementary: 96 points below standard (red)
- Beardsley Junior High: 96.5 points below standard (red)
- Beardsley Elementary: 93.8 points below standard (orange)
- Socioeconomically Disadvantaged
- District wide: 73 points below standard (red)
- Beardsley Elementary: 91.6 points below standard (red)
- North Beardsley: 81.5 points below standard (orange)
- San Lauren Elementary: 64.6 points below standard (orange)
- Beardsley Junior High: 56.6 points below standard (orange)
- Foster Youth
- District Wide: 71.8 points below standard (orange)
- African American
- District wide: 98.7 points below standard (red)
- Hispanic
- District wide: 73.2 points below standard (red)

- Beardsley Elementary: 97.7 points below standard (red)
- North Beardsley: 84.3 points below standard (orange)
- Beardsley Junior High: 56.5 points below standard (orange)
- 2 or More Races:
- District wide: -40.8 points below standard (orange)
- White:
- District wide: 67.6 points below standard (orange)
- Beardsley Elementary: 71.5 points below standard (orange)
- North Beardsley: 78.4 points below standard (orange)
- San Lauren Elementary: 58.3 points below standard (orange)
- Beardsley Junior High: 59 points below standard (orange)
- Students with Disabilities
- District wide: 137.9 points below standard (red)
- Beardsley Elementary: 133.8 points below standard (red)
- North Beardsley: 148.4 points below standard (red)
- Beardsley Junior High: 146.3 points below standard (red)

The following actions are intended to address the low performance (red) on the ELA CAASPP: (1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.10) (1.11) (1.12) (1.13)

Math:
Beardsley Elementary and Beardsley Junior High both received the lowest performance level of “red” on the Math CAASPP. The following student subgroups, either district wide or on an individual campus, also received performance levels in either “red” (very low) or “orange” (low):

- English Learners
- District wide: 120 points below standard (orange)
- Beardsley Elementary: 103.6 points below standard (orange)
- North Beardsley Elementary: 108.2 points below standard (orange)
- Beardsley Junior High: 151.9 points below standard (red)
- Socioeconomically Disadvantaged
- District wide: 101.4 points below standard (orange)
- Beardsley Elementary: 103.5 points below standard (red)
- Beardsley Junior High: 123.5 points below standard (red)
- Foster Youth
- District wide: 114.9 points below standard (orange)
- African American
- District wide: 114.5 points below standard (red)
- Hispanic
- District wide: 104.4 points below standard (orange)

- Beardsley Elementary: 113.7 points below standard (red)
- North Beardsley: 99.7 points below standard (orange)
- Beardsley Junior High: 125.5 points below standard (red)
- 2 or More Races
- District wide: 78.9 points below standard (orange)
- White

-San Lauren Elementary: 76.4 points below standard (orange)
-Beardsley Junior High: 119.3 points below standard (orange)

- Students with Disabilities
- District wide: 149.3 points below standard (orange)
- Beardsley Elementary: 138.7 points below standard (red)
- North Beardsley: 140.4 points below standard (orange)
- Beardsley Junior High: 188.6 points below standard (orange)

The following actions are intended to address the low performance (red) on the Math CAASPP: (1.1) (1.2) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.11) (1.12) (1.13)

Science:
The percentage of 5th and 8th grade students who Met or Exceeded the Standard on the California Science Test (CAST) was very low district wide:

- All Students
- 5th Grade: 13.95%
- 8th Grade: 17.46%
- English Learners

-5th Grade: 0%
-8th Grade: 0%

- Socioeconomically Disadvantaged
- 5th Grade: 13.19%
- 8th Grade: 16.38%
- Foster Youth
- 5th Grade: 0%
- 8th Grade: 0%
- African American

-5th Grade: 6.67%
-8th Grade: n/a

- Hispanic
- 5th Grade: 8.4%
- 8th Grade: 12.74%
- White:
- 5th Grade: 25.4%

- 8th Grade: 23.95%
- Students with Disabilities
- 5th Grade: 6.45%
- 8th Grade: 0%

The current below standard performance results for CAASPP assessments and local benchmark results, and consultation with educational partners, compound the concern regarding academic achievement of unduplicated students. In consideration of the performance gaps and variation in services, we have identified key district and site level personnel, programs, and actions principally directed to ensure support for disaggregating data and utilizing this data to support the academic achievement of unduplicated student groups including Foster, English Learners, and Socio-economically disadvantaged.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Actions

1.1 - Class Size Reduction (CSR): FULLY IMPLEMENTED

For the 2025-2026 school year, staffing 15 CSR positions helped maintain a classroom ratio of 19.88:1 for grades K-3. Research shows smaller class sizes enhance academic performance, especially for minority English Learners and at-risk students. In addition, small class settings provided more opportunities for individual and small-group instruction, as well as increase the time for teachers to individualize student feedback.

==========

1.2 - Grade Level Lead Teachers: FULLY IMPLEMENTED

Lead staff had several positive accomplishments in the 25-26 academic year:
-added additional leads to improve communication, collective teacher fidelity
-maintained regular meetings
--quarterly data dive meetings
--tri-weekly student literacy leveling for Walk to Learn
-record keeping per monthly meeting such as agenda and minutes
-collaborated with grade-level peers in developing
ELA/ELD practices
Assessment schedules
SOR/Early Lit framework
-improved communication with grade-level peers
-improved teacher efficacy, especially in SOR

==========

1.3 - Library Services: FULLY IMPLEMENTED

Each school site has a full-time librarian to ensure students have access before, during, and after school. A dedicated campus library will promote literacy for unduplicated students who might not have equal access to public libraries. The library provided a safe space for students who enjoy reading in a quiet environment.

==========
1.4 - Services to English Learners (EL) and Long-Term English Learners (LTEL): FULLY IMPLEMENTED

District EL KiDS data indicated an improvement in student progress from 48.44% to 53.98% and reclassification improved from 2.35% to 11.78%
The new EL progress monitoring tool (Online IPT) helps identify a student's proficiency level in each domain. Bilingual interpreters are available at each campus, as well as at the District Office, to assist with communication between parents and staff. KCSOS will provide ongoing professional development in Designated and Integrated ELD during the 2025-26 and 2026-27 school year.

==========
1.5 - Summer Enrichment/STEM: FULLY IMPLEMENTATION

BSD hired three teachers and one classified staff to provide reading and math intervention, music, and STEM summer classes. The additional STEM staff should reduce the learning loss rate and improve ELA and math proficiency for the students in attendance.

==========

1.6 - Inclusion: FULLY IMPLEMENTED

BSD supports inclusive practices for all eligible students. This funding is specific for professional development to expand inclusive practices. Increased number of attendees from two to eight teachers to participate in California of Resource and Special Educators (CARS+) conference to broaden their professional knowledge in topics such as inclusion, SEL, and behavioral support.

==========

1.7 - Academic Enrichment Opportunities: FULLY IMPLEMENTED

Students have opportunities to participate in activities such as Science Fair, Oral Language, Battle of the Books, and Knowledge Bowl. These activities can enhance the academic growth of participating students while increasing their reading and math skills. The funding covers materials, entry fees, extra pay for coaches, and a partial salary for an office clerk to coordinate program logistics. In 25-26 academic year, Director of ELOP created clubs that are relevant to enrichment activities to increase participation in the listed academic activities.

==========

1.8 - Academic Technology Programs: FULLY IMPLEMENTED

BSD continues to promote accessibility by utilizing instructional technology such as Google Classroom, other G Suite products, and Kami to support learning in a classroom. These programs support differentiation in which multiple resources are centralized based on student needs. Additionally, these platforms foster collaboration.

==========

1.9 - Math Intervention Programs: FULLY IMPLEMENTED

Math intervention occurs during and after school at BSD junior high and all elementary campuses. Local indicators utilize Renaissance data (STAR Math) to compare student performance over time, and average scaled scores across all campuses (25.06) indicate student growth.

==========

1.10 - Reading Intervention Programs: FULLY IMPLEMENTED

Seven certificated teachers and nine instructional aides are maintained to provide intervention in ELA. Core 95% Group is the standardized reading intervention curriculum to support screening, targeted instruction, and progress monitoring. All school sites reduced the percentage of at-risk students (JH@10%, BE@31.98%, NB@42%, and SL@12.5%). Exiting students improved from 6.75% (24-25) to 32% (25-26).

==========
1.11 - Classroom Support: FULLY IMPLEMENTED

Instructional aides are hired or maintained to supply a paraprofessional in each K-2 grade classroom.

==========
1.12 - Supplemental ELA and Math: FULLY IMPLEMENTED

A print shop operator was hired to assist in the printing and distribution of district-wide or grade-level materials. Adding a print shop operator reduced the time spent on preparation and allowed the district to distribute additional grade-level materials to assist teachers with struggling students. Additional supplemental platforms, such as California Streaming, Renaissance STAR assessment, Lalilo, MyOn, Freckle, MIWrite, DIEBELS, 95% diagnostic, and Imagine Learning, provided differentiated instruction to meet students' needs. BSD was successful in utilizing Amplify (DIBELS) and Renaissance products (STAR Assessment and supplemental software) to identify and assist struggling students.

==========
1.13 - Professional Learning Support: FULLY IMPLEMENTED

This action provided teachers with tools and strategies to meet the needs of English Learners, Foster Youth, and low-income students. Principals utilized this digital observation tool to facilitate productive conversations with teachers, enhancing performance and providing staff with individualized professional learning to broaden their professional capacity. Principals were able to collect data in classrooms on climate, learning objectives, and motivation and engagement.

==========
1.14 - Kindergarten Summer Bridge Program: FULLY IMPLEMENTED

BSD provides a Kindergarten Summer Bridge Program to facilitate student transition from Preschool, TK, or newcomers. This one-week program takes place before the first day of instruction, with priority registration available for low-income, foster youth, and English Language (EL) students.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.5 - Summer Enrichment/STEM

BSD underspent allotted budget by 30% due to reusing supplies, and less teachers working summer school.

==========

1.8 - Academic Technology Programs

BSD underspent allotted budget by 30% due to not renewing Kami (instructional technology) due to lack of utilization by teachers. This tool was widely used during COVID.

==========

1.10 - Reading Intervention Programs

BSD overspent allotted budget by 12.5% due to increase in certificated and classified salary, hiring an additional RTI teacher at Beardsley Elementary, and 95% group curriculum.

==========

1.12 - Supplemental ELA and Math

BSD overspent allotted budget by 23% due to switching to Amplify ELA assessment from Renaissance - STAR Reading.

==========

1.13 - Professional Learning Support

BSD underspent allotted budget due to lack of relevant ELD data collection.

==========

Action 1.14 - Kindergarten Summer Bridge Program

BSD had two less teachers opt-in to participate in Kindergarten Summer Bridge Program.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

1.1 - Class Size Reduction (CSR)

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Class Size Reduction indicates overall effectiveness toward achieving the literacy goal. All Students improved in ELA DFS from -70.8 to -64.6, while English Learners improved by 17.9 DFS and Low-Income students improved by 6.9 DFS. English Learner outcomes also improved, with the ELPI rate increasing by 3.68% and the reclassification rate increasing by 2.78%, indicating stronger progress toward English proficiency. Although several grade levels demonstrated growth in literacy skills and reading levels, benchmark reading proficiency declined across grades 2–5 and results were inconsistent across measures. Foster Youth outcomes declined, including a 33-point decrease in ELA DFS, indicating a need for additional targeted supports to address persistent barriers and improve literacy outcomes. Overall, the data indicates effectiveness while highlighting the need for continued targeted support to improve grade-level reading proficiency in ORF.

==========

1.2 - Grade Level Lead Teachers

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.

+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

The purpose of grade level leads is to improve collective teacher efficacy, communication, and rapport building. Unduplicated pupil results were mixed, with English Learners demonstrating positive growth in ELA DFS (+17.9), Math DFS (+8.7), ELPI (+3.68%), and reclassification (+2.78%), while Low-Income students showed modest gains in ELA DFS (+6.9), maintained Math DFS (0), and experienced varying performance across grade-level literacy and mathematics measures; Foster Youth outcomes declined in both ELA DFS (-33) and Math DFS (-27.8) and showed inconsistent results across grade levels, indicating a need for additional targeted supports. This year, lead positions expanded into additional student services such as RTI, SpEd, and EL. Metrics 1.1 - 1.3, 1.5-1.9, and 1.12-1.14 showed Positive outcomes included improvements in overall English Language Arts Distance from Standard (DFS), growth in instructional reading levels across multiple grade levels, increased Lexile growth for junior high students, gains in mathematics performance in several grade levels, and improved English Learner progress and reclassification rates and improved ELA performance. However, metrics 1.4, 1.10, 1.11, and 1.14 shows several literacy benchmark measures declined in grades 2–5, kindergarten early literacy decreased, and mathematics performance was inconsistent across grade levels. Overall, the data suggests the inconsistent effectiveness. BSD will likely continue to expand lead position in library and paraprofessional.

==========

1.3 - Library Services

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.

+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

All BSD campuses have a fully staffed library to Metrics 1.1-1.3, 1.5-1.6, and 1.12-1.13 showed a significant 32% increase in students meeting individual reading goals, and first-grade early literacy performance improved by 18%, indicating that targeted literacy supports benefited some student groups indicating effectiveness. Metrics 1.4, and 1.11 had mixed effectiveness. This action improved library accessibility for all students in BSD, especially underrepresented subgroups. English Learner and Low-Income student groups demonstrated positive ELA growth, improving 17.9 DFS and 6.9 DFS respectively, while Foster Youth performance declined by 33 DFS, indicating that library access and literacy supports were more effective for some unduplicated student groups than others.

==========
1.4 - Services to English Learners (EL) and Long-Term English Learners (LTEL)

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

+Metric 2.10 shows overall improvements across District's progress in professional learning and instructional materials across all subjects with rating scale of 5.
+Metric 2.12 shows the overall perform across ELD program rubric standards in which subject matter, rigor, engagement, and accessibility increased from a rating of 2 to 3.
+Metric 2.13 shows EL teachers conducting quarterly meetings with general education teachers which is a substantial improvement from baseline.

Metrics 1.1 - 1.3, 1.5-1.9, 1.12-1.14, and 2.10-2.13 shows consistent student improvement in EL and LTELs. The most significant improvement is reclassification rate from 3.15% (23-24) to 13.07% (24-25), and ELPI from 48.44% to 53.98% (2023-2025). Improvements in overall English Language Arts performance, instructional reading levels, Lexile growth, professional learning implementation, ELD program rubric ratings, and increased collaboration between EL and general education teachers suggest that instructional supports became more rigorous, accessible, and aligned to student needs. Ongoing professional development English Language Development (ELD) improved English Language (EL) students engagement. We anticipate a significant increase in the next round of reclassification rates. Overall, the data indicates effectiveness.

==========
1.5 - Summer Enrichment/STEM

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.

-Metric 1.14 data collected was not relevant to EL progress.

Metric 1.11 CAST 5th proficiency increased by 0.16% while in 7th grade decreased by 2.26%, which indicates ineffectiveness. Metrics 1.1 - 1.3, 1.5-1.9, 1.12-1.14, and 2.10-2.13 shows consistent student improvement while Metrics 1.4, and 1.11 had mixed effectiveness. English Learner outcomes demonstrated positive growth in both ELA DFS (+17.9) and Math DFS (+8.7), while Low-Income students improved in ELA DFS (+6.9) and maintained Math DFS (0); however, Foster Youth outcomes declined in ELA DFS (-33) and Math DFS (-27.8), and grade-level mathematics results for unduplicated pupils were inconsistent, indicating that the action was more effective for English Learners and Low-Income students than for Foster Youth. BSD expanded its summer enrichment services to include three additional teachers to deliver enrichment and STEM programs. One band, one science teacher, and one PE teacher were hired to provide reading and math intervention, STEM education, music/percussion instruction, and physical activities. Academic indicators are expected to improve as BSD progresses with the implementation of the Science of Reading, structured literacy, and early literacy over the next decade. Based on metric 1.11, the data suggests ineffectiveness.

==========

1.6 - Inclusion

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 2.22 shows LRE Rate in regular classroom less than 80% increased by 0.93%.
+Metric 2.23 shows LRE Rate in regular classroom less than 40% increased by 4.0%

Metric 2.23 LRE Rate in regular classroom less than 40% improved by 4%. The data indicates effectiveness. Federal and state regulations support inclusive practices, which increases student inclusion in the least restrictive environments. This year, more SpEd teachers were interested in broadening their professional knowledge of inclusive practices. In the future, we will send a teacher from each Special Education (SpEd) category (RSP, mild/moderate, and moderate/severe) to training so they can share information with their peer group to promote collective teacher efficacy. BSD is looking to improve inclusive practices as additional school sites implement Walk to Learn program.

==========

1.7 - Academic Enrichment Opportunities

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.

-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metrics 1.1 - 1.3, 1.5-1.9, and 1.12-1.14 shows consistent student improvement while Metrics 1.4, and 1.11 had mixed effectiveness. Metric 1.5 showed a significant improvement in students (32%) meeting individual reading goals, indicating effectiveness. English Learners demonstrated positive outcomes in ELA DFS (+17.9), Math DFS (+8.7), and several grade-level mathematics measures, while Low-Income students improved in ELA DFS (+6.9), maintained Math DFS performance, and showed mixed grade-level results; however, Foster Youth outcomes declined in both ELA DFS (-33) and Math DFS (-27.8), indicating that the action was more effective for English Learners and Low-Income students than for Foster Youth. BSD had 17 student participants in OLF, Knowledge Bowl, Battle of the Books, and Science Fair, in which some students qualified for county science fair competition.

==========
1.8 - Academic Technology Programs

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.

+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metrics 1.1 - 1.3, 1.5-1.9, and 1.12-1.14, shows consistent student improvement while Metrics 1.4, and 1.11 had mixed effectiveness. Unduplicated pupil outcomes were mixed, with English Learners improving in ELA DFS (+17.9), Math DFS (+8.7), ELPI (+3.68%), and reclassification (+2.78%), while Low-Income students improved in ELA DFS (+6.9), maintained Math DFS performance, and demonstrated varying results across grade-level mathematics measures; however, Foster Youth outcomes declined in both ELA DFS (-33) and Math DFS (-27.8), indicating that the action produced stronger outcomes for English Learners and Low-Income students than for Foster Youth. Overall, this indicates effectiveness. BSD has implemented a district-wide Google Classroom, a learning management system (LMS) for all K-8 classrooms. This LMS enhances accessibility for students and parents, which supports differentiation and contributes to the action's overall improvement. Moreover, other Google products, such as YouTube captioning, can be utilized to bridge media curriculum accessibility for students with disabilities.

==========
1.9 - Math Intervention Programs

+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%) in STAR CBM Math.
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.

Metric 1.7,-1.9 shows district improvement in CAASPP Math by reducing DFS by 1.3, but STAR CBM math benchmark shows inconsistent effectiveness across different grade levels: K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%) in STAR Math. Unduplicated pupil outcomes were mixed, with English Learners improving in Math DFS (+8.7) and demonstrating growth in several grade-level mathematics measures, while Low-Income students maintained Math DFS performance (0) and showed varying results across grade levels; however, Foster Youth Math DFS declined by 27.8 points despite some grade-level gains, indicating that math intervention services were more effective for English Learners and Low-Income students than for Foster Youth. Overall, this indicates effectiveness. Two staff members were hired to provide math intervention tutoring during the school day on the Junior High and San Lauren campuses. North Beardsley and Beardsley Elementary did not secure an appropriate math intervention staff due to staffing issues; however, after-school tutoring was offered during the second half of the 2024-2025 academic year, in which educational partners reported that it is helping students.

==========

1.10 - Reading Intervention Programs

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metric 1.1-1.3, 1.5-1.6, and 1.12-1.13 shows effectiveness. Metric 1.15 shows a significant improvement from 0% in 23-24 to 32% in 25-26. The early literacy percentage of first graders increased from 32% to 50%. English Learners and Low-Income students demonstrated positive ELA outcomes, improving 17.9 DFS and 6.9 DFS respectively, while Foster Youth performance declined by 33 DFS, indicating that the intervention program produced stronger literacy gains for English Learners and Low-Income students than for Foster Youth. Overall, this indicates the effectiveness of the current program. Six certificated teachers and nine instructional aides will focus on ELA intervention. BSD purchased 95% group curriculum, a Tier I and II ELA intervention curriculum that screens, diagnose, progress monitors, and assists in targeted intervention and instruction for the 24-25 school year.

==========

1.11 - Classroom Support

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metrics 1.1 - 1.3, 1.5-1.9, and 1.12-1.14 shows consistent student improvement while Metrics 1.4, and 1.11 had mixed effectiveness. Metric 1.5 showed a 32% improvement in students meeting individual reading goals, indicating effectiveness. Unduplicated pupil outcomes were mixed, with English Learners improving in Math DFS (+8.7) and demonstrating growth across several grade-level mathematics benchmarks, while Low-Income students maintained Math DFS performance and showed gains in multiple grade levels; however, Foster Youth Math DFS declined by 27.8 points despite some grade-level improvements, indicating that classroom support services were more effective for English Learners and Low-Income students than for Foster Youth. BSD maintained improved services to students by providing 31 instructional aides in elementary grades to support small-group instruction in reading and math, which enhances the student-teacher ratio to promote small-group learning.

==========
1.12 - Supplemental ELA and Math

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.

+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6%, 7th decreased by 0.4 and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metrics 1.1 - 1.3, 1.5-1.9, and 1.12-1.14 shows consistent student improvement while Metrics 1.4, and 1.11 had mixed effectiveness. Metrics 1.1 shows improvements in CAASPP ELA from -70.8 DFS to -64.6 DFS. Early literacy and instructional reading levels were overall consistently effective: K (-23%), 1st (18%), 2nd (1%), 3rd (-6%), 4th (4%), 5th (8%), 6th (12%), 7th (-0.4), and 8th (0%). In Math, Metrics 1.8 shows inconsistent effectiveness K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Unduplicated pupil outcomes were mixed, with English Learners improving in Math DFS (+8.7) and demonstrating growth in multiple grade-level mathematics measures, while Low-Income students maintained Math DFS performance and showed gains in several grade levels; however, Foster Youth Math DFS declined by 27.8 points and experienced inconsistent grade-level outcomes, indicating that supplemental ELA and Math services were more effective for English Learners and Low-Income students than for Foster Youth. Overall, this suggests that ELA is effective and Math is ineffective. BSD is replacing Balanced Literacy with Science of Reading based structured literacy, which should improve students' early literacy skills and academic scores in the future, which will have a lateral effect in math as student improve their ORF and reading comprehension.

==========
1.13 - Professional Learning Support

+Metric 1.1 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.

+Metric 1.3 shows shows an increase in Instructional Reading Level in 2nd (1%), 4th (4%), 5th (8%), and 6th (12%), while 3rd decreased 6% and 8th grade maintained.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.5 shows 32% of RTI students meeting their reading goal.
+Metric 1.6 shows 7th and 8th students increasing their Lexile score by 563L.
+Metric 1.7 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th - EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
-Metric 1.10 Vendor discontinued Achieve 3000 math in which school was unable to collect data for 25-26 academic year.
-Metric 1.11 shows that 5th improved 0.16% while 8th grade decreased by 2.26% on students meeting or exceeding standards.
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

BSD staff is receiving KCSOS support in literacy and ELD. Metrics 1.1 shows improvements in CAASPP ELA from -70.8 DFS to -64.6 DFS. In Metric 1.2 and 1.3, Early literacy and instructional reading levels were overall consistently effective: K (-23%), 1st (18%), 2nd (1%), 3rd (-6%), 4th (4%), 5th (8%), 6th (12%), 7th (-0.4), and 8th (0%). Moreover, Metric 1.5 shows an improvement of RTI exit rate at 32% Unduplicated pupil outcomes were mixed, with English Learners improving in Math DFS (+8.7) and demonstrating growth in multiple grade-level mathematics measures, while Low-Income students maintained Math DFS performance and showed gains across several grade levels; however, Foster Youth Math DFS declined by 27.8 points and experienced inconsistent grade-level outcomes, indicating that professional learning support was more effective in improving mathematics outcomes for English Learners and Low-Income students than for Foster Youth. Overall, this indicates that professional learning support is effective.

==========
1.14 - Kindergarten Summer Bridge Program

+Metric 1.2 shows Kinder early literacy (at / above) decreased by 23% and for 1st grade increased by 18%.
-Metric 1.4 shows a decrease in the percentage of students at or above the benchmark in grades 2nd (-6%), 3rd (-15%), 4th (-5%), and 5th (-3%), while Kinder maintained, and 1st (11%) and 6th (6%) grade increased.
+Metric 1.8 shows improvement in K (25%),1st (5%), 5th (2%), 6th (16%), 7th (13%), and 8th (1%), and decrease in 2nd (-5%), 3rd (-6%), and 4th (-9%). Overall, the following subgroups improved or had some inconsistent effectiveness K - EL (16%) and LI (25%), and FY (25%); 1st - EL (-12%%) and LI (5%), and FY (100%); 2nd - EL (8%) and LI (-2%), and FY (33%); 3rd - EL (-12%) and LI (-8%), and FY (0%); 4th -

EL (16%) and LI (25%), and FY (25%); 5th - EL (-27%) and LI (2%), and FY (33%); 6th - EL (14%) and LI (5%), and FY (0%); 7th - EL (7%) and LI (14%), and FY (67%); 8th - EL (6%) and LI (1%), and FY (0%).
+Metric 1.9 shows improvement in 1st (47%) and 2nd (12%), and decrease in K (-3%), and 3rd (-10%).
+Metric 1.12 shows improvement of 3.68% in ELPI rate.
+Metric 1.13 shows improvement of 2.78% in Reclassification rate.
-Metric 1.14 data collected was not relevant to EL progress.

Metric 1.2 shows a decrease in the percentage of students At or Above the benchmark in grades K (-23%) in early literacy, while metric 1.4 shows Kinder maintained at reading level of 32%. Mathematics outcomes for unduplicated pupils were mixed, with Kindergarten English Learners (+16%), Low-Income students (+25%), and Foster Youth (+25%) demonstrating growth, while performance varied across other grade levels, indicating that Summer Bridge provided inconsistent academic benefits for English Learners, Low-Income students, and Foster Youth. Overall, the data indicates ineffectiveness. However, BSD received feedback from educational partners that students who participated in Summer Bridge exhibited fewer issues during the first day of instruction.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 1.1 - Academic Indicator

Added new subgroups (MV-homeless) to Year 2 outcome for District to monitor progress.

==========

Metric 1.2 - Other Student Outcomes

Switched from Renaissance - STAR Reading to Amplify DIBELS which did not have subgroup data for K-6.

==========

Metric 1.3 - Other Student Outcomes

Switched from Renaissance - STAR Reading to Amplify DIBELS which did not have subgroup data for K-6.

==========

Metric 1.4 - Other Student Outcomes

Switched from Renaissance - STAR Reading to Amplify DIBELS.

==========

Metric 1.5 - Other Student Outcomes

Switched from Renaissance - STAR CBM to 95% Group Diagnostics.

==========

Metric 1.7 - Other Student Outcomes

Added new subgroup (EL and SWD) to Year 2 outcome for BE - EL, and JH - SWD to monitor progress.

==========

Action 1.1 Class Size Reduction

Due to budget deficit, BSD will reduce staffing of 16 CSR positions to 15 CSR positions.

==========

Action 1.4 English Learners

Revised action title and action narrative to address EL only and separated funding from LTEL in which 77% funding remains in EL and 23% is allocated to LTEL in action 1.15.

==========

Action 1.8 Class Size Reduction

Educational Technology - Kami was not renewed due to lack of educator utilization.

==========

Action 1.10 - Reading Intervention Programs

Increased funding for reading intervention program due to changing intervention and diagnostic platform. 95% is a digital diagnostic tool for Tier II reading intervention. Based on educational partner feedback, the 95% program has an skill level based diagnostic to assess student's deficiencies in early literacy, reading and comprehension. The direct identification of the deficiency allows teachers to address the skill gap, which reduces time sink. , BSD phase out RGR and move towards 95% Group Tier II diagnostic in RTI. We have increased the funding in this action to reflect our contract with 95% group.

==========

Action 1.14 - Kindergarten Summer Bridge Program

Increase in funding due to Summer Bridge started two weeks earlier due to conflicts with BSD and KCSOS PD.

==========

Action 1.15 - Long Term English Learners

BSD added action 1.15 due to growth of LTEL population to 46 in 25-26 academic year.

==========

Action 1.16 - Differentiated Assistance

BSD added action 1.16 due to being eligible for Differentiated Assistance due to CAASPP "red" indicators in Foster Youth - Academic Performance, Chronic Absenteeism, and Suspension Rate; Homeless Youth - Chronic Absenteeism, and Suspension Rate.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Class Size Reduction	The district will provide a classroom ratio of 20:1 for Grades K-3 by maintaining 16 teachers. *For the 25-26 school year, staffing of 15 CSR positions assisted in maintaining a classroom ratio of 20.3:1 for grades K-3. Teachers will conduct small group and individualized instruction. Staff will continue their professional development and implementation of Science of Reading Practices, utilize strategies gained from Equitable Math Practices training, and continue their training and implementation of GLAD program components. Research shows smaller class size enhances academic performance, especially for minority, English Learners, and at-risk students. Small class	$2,127,183.51	Yes

Action #	Title	Description	Total Funds	Contributing
		settings provide more opportunities for individual and small group instruction, as well as increased time for teachers to individualize student feedback. Smaller class sizes also provide students with the opportunity to connect more closely with peers, leading to a greater sense of community within the classroom. With the increased sense of community and acceptance, students such as English Learners may feel more comfortable verbally participating in academic discussions. Lower student to staff ratios will build and foster positive staff to student relationships which in turn leads to increased connectedness to school, improved attendance, reduced suspensions, and increased interaction and participation within the classroom setting, especially for those students identified as low income, English Learners and Foster Youth. The positive effects of small classroom sizes have proven to be more powerful the longer students remain in smaller classes. Data also indicates the benefits of small class size lead to continued academic and life success. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Math District: n/a Student Subgroups: (AA) Schools:		

Action #	Title	Description	Total Funds	Contributing
		Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: n/a		
1.2	Grade Level Lead Teachers	Nine district wide level lead teachers will facilitate monthly grade level meetings in grades TK-8 including setting agenda items and recording minutes for these meetings. They will lead their grade level teams in data collection and analysis, and collaborate on how to use that data to drive instruction. Additionally, these leads will collaborate with their grade level peers to develop pacing and assessment schedules for the district. English Learners, Foster Youth, and Socioeconomically Disadvantaged students benefit from this action due to the consistent academic focus on Common Core implementation. These 9 teachers will receive a stipend as compensation for these additional duties. Professional development for data analysis will be provided. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: n/a Student Subgroups at JH: (EL, SWD)	$88,888.29	Yes

Action #	Title	Description	Total Funds	Contributing
		Math District: n/a Student Subgroups: (AA) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: All Students Student Subgroups at JH: (EL, Hispanic, SED)		
1.3	Library Services	School libraries provide students with fiction and non-fiction resources which broaden their understanding of the world and improve scores on ELA assessments. In order to improve academic performance and increase opportunities for connecting to literacy for unduplicated students who might not have equal access to public libraries, the district will maintain 3 full time librarian positions at all elementary sites and 1 full time librarian at the junior high school. Having full time librarians is imperative to ensure students have access not only during the entire school day, but also before and after school. Professional development will be provided to staff through the American Association of School Librarians on topics specific to increase access and services to unduplicated groups. Supplemental library books that promote literacy and recreational reading will be purchased. This action will address the Red Indicator on the CA Dashboard in ELA for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students	$346,185.93	Yes

Action #	Title	Description	Total Funds	Contributing
		Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: n/a Student Subgroups at JH: (EL, SWD)		
1.4	Services to English Learners (EL)	The district will increase services to English Language Learners who are performing below their English speaking peers. Five certificated staff, along with their six instructional aides, will provide small group instruction to students, providing more individualized instruction, and developing positive relationships. Two of the certificated staff at North Beardsley will be increased to full time. Instruction promoting speaking and writing opportunities to increase language capacity will take place. Instructional Aides will also “push in” to classrooms to assist in other core subject areas such as math, social studies and science. Funding of 77% listed above. The district will implement the use of a web based Identification and Placement screening and progress monitoring system to place students in appropriate levels of ELD support, and to tailor instruction according to their individual needs. ELD teachers will meet quarterly with general education teachers to discuss progress, as well as strategies to help students be successful in class. One EL Resource Coordinator will act as liaison between families, school staff, and administration. The coordinator will work with families and the Community Outreach team to help meet the needs of our EL students. The Coordinator will use state and local data to determine current trends and needs within the district, and will research and recommend professional development options and supplemental materials for staff.	$809,353.60	Yes

Action #	Title	Description	Total Funds	Contributing
		Six bilingual interpreters will be on hand at each school site and the District Office, to assist parents and staff in communicating student needs and achievements in a timely manner. Funding of 77% listed above. A district-wide committee will be maintained to review and revise ELD programs and strategies, as well as the review and revision of the District's Master Plan for English Language Learners. Ongoing professional development in Designated and Integrated ELD provided to all certificated staff will continue, as well as GLAD training in primary grades. This action will address the Red Indicator on the CA Dashboard in ELA and Math for English Learners: ELA District: EL Subgroup Schools: North Beardsley: EL Subgroup Beardsley Junior High: EL Subgroup Math Schools: Beardsley Junior High: EL Subgroup		
1.5	Summer Enrichment/STEM	BSD will continue to expand its summer enrichment services to students by providing classes focusing on reading & math intervention, music, and STEM classes. The Summer Enrichment/STEM program will include 3 Teachers and one classified staff to provide sessions and activities with a focus on reading and math intervention, STEM, music/percussion, and physical activity. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students	$48,638.43	Yes

Action #	Title	Description	Total Funds	Contributing
		Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: n/a Student Subgroups at JH: (EL, SWD) Math District: n/a Student Subgroups: (AA) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: All Students Student Subgroups at JH: (EL, Hispanic, SED)		
1.6	Inclusion	In consultation with the Kern County SELPA, Beardsley will continue providing additional supports for Students with Disabilities, and provide an Inclusion program for all eligible students. This is above and beyond services already being provided to SWD. This will foster student growth and development, and increase mastery of core content areas as measured by local and state assessments. Costs below are for professional development for the Inclusion Team to work with site staff on providing inclusive practices. This action will address the Red Indicator on the CA Dashboard in ELA and Math for Students with Disabilities:	$2,000.00	No

Action #	Title	Description	Total Funds	Contributing
		ELA District: SWD Subgroup Schools: Beardsley Elementary: SWD Subgroup North Beardsley: SWD Subgroup Beardsley Junior High: SWD Subgroup Math Schools: Beardsley Elementary: SWD Subgroup Beardsley Junior High: SWD Subgroup Student Subgroups at JH: (EL, Hispanic, SED)		
1.7	Academic Enrichment Opportunities	Students will be provided with opportunities to participate in activities which enhance their academic growth such as Science Fair, Oral Language Festival, Battle of the Books, and Knowledge Bowl. These opportunities encourage students to increase reading and math skills as they prepare to complete within their grade level, school campus, district, and county level events. Associated costs include materials and entrance fees to events, extra pay for coaches, and partial salary of 1 clerk to coordinate program logistics. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a	$18,002.17	Yes

1.8	Academic Technology Programs	The district will continue to provide Google Classroom program to support learning in the classroom. *For the 26-27 school year, Kami (instructional technology) was not renewed due to lack of educator use. These programs contribute to the academic success of students as they support differentiation, a vital component in instruction. Multiple types of learning materials can be generated based on student need. These platforms also encourage collaboration and foster communication between students. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students	$7,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: n/a Student Subgroups at JH: (EL, SWD) Math District: n/a Student Subgroups: (AA) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: All Students Student Subgroups at JH: (EL, Hispanic, SED)		
1.9	Math Intervention Programs	The District will provide additional services to students by providing math intervention tutoring and supplemental materials and support during the school day and after school. One teacher will offer 5 periods of Math Intervention at the Junior High. A web-based math intervention program will be utitlized to accelerates student mastery of standards through individualized practice with targeted scaffolding and feedback. Elementary schools will offer contracts to retired teachers for daytime services, and will provide supplemental pay for classroom teachers to provide math tutoring and intervention after school. This action will address the Red Indicator on the CA Dashboard in Math for:	$177,434.20	Yes

1.10	Reading Intervention Programs	The District will maintain additional services to students reading below grade level, by providing a reading intervention program, along with supplemental materials and support. Six certificated teachers and nine instructional aides will be maintained to provide focused intervention in the areas of ELA. One Teacher at the Junior High will offer 5 periods of reading intervention. *For the 25-26 school year, Beardsley switched STAR Reading, CBM, and Really Great Reading to Amplify DIBELS, 95% Core curriculum, 95% Diagnostic, and 95% supplemental - Sortegories. A standardized supplemental reading intervention curriculum will be implemented at all 3 elementary campuses which includes screening, targeted instruction, and progress monitoring. The Junior High will utilize a web based intervention that accelerates student's mastery of standards through individualized practice with targeted scaffolding and feedback. This action will address the Red Indicator on the CA Dashboard in ELA for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic)	$1,284,266.44	Yes

1.12	Supplemental ELA and Math	The district will provide supplemental materials and resources in Math and English Language Arts identified to meet the needs of students struggling academically. *For the 25-26 school year, BSD will implement Amplify ELA. Amplify Math (7-8) and Innovamat Math (TK-6) will implemented the following year. One print shop operator will facilitate the printing and distribution of district-wide or grade-level wide materials. Additional funds for toner for classroom printers will allow teachers to print individualized materials to meet the unique needs of their students. Subscriptions to platforms such as California Streaming, Renaissance Star Assessments, Lalilo, MyOn, Freckle, MiWrite, and Imagine Learning will provide supplemental programs designed to differentiate instruction and provide additional scaffolding and supportive materials to meet student needs. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a	$354,051.30	Yes

1.13	Professional Learning Support	Retired 2025-2026 school year. BSD will utilize a digital observational tool and professional development delivery system that will help school leaders create a meaningful and productive conversation with teachers to enhance performance and provide them with the individualized professional learning they need to improve student learning. This action is intended to provide teachers with tools and strategies to best meet the needs of English Learners, Foster Youth and low income students identified as struggling. *BSD will not renew WeClimb software because it does not directly assist ELD development. BSD needs to address struggling students (unduplicated) by utilizing MTSS to build foundational skills. We purchased diagnostic tools from 95% Group to identify student deficiencies in literacy and comprehension. In addition, teachers will receive professional development in digital and physical products to further identify deficiencies and reteach. The WeClimb relies on observable student participation, which has limited effect in assisting teachers and students.	$0.00	No

Action #	Title	Description	Total Funds	Contributing
		Local data indicate lack of time among administrators and teachers to utilize software to collect relevant data effectively. Form sets for observation include collecting data in classrooms on climate, learning intentions, motivation and engagement, teacher investment, as well as providing appropriate feedback. Additionally, this web based program provide teachers with virtual training opportunities in areas they may need some professional growth in. All areas of content are available to all teachers to self-select if they choose, or specific modules can be assigned to a teacher who may be struggling. This action will address the Red Indicator on the CA Dashboard in ELA and Math for: ELA District: All Students Student Subgroups: (EL, AA, SWD, SED, Hispanic) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: n/a Beardsley Junior High: n/a Student Subgroups at JH: (EL, SWD) Math District: n/a Student Subgroups: (AA) Schools: Beardsley Elementary: All students Student Subgroups at BE: (Hispanic, SED, SWD) North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: n/a

1.14	Kindergarten Summer Bridge Program	The district will provide a Kindergarten Summer Bridging program to welcome incoming Kindergarten students coming from Preschool, Transitional Kindergarten, or who are first time students. This one week program will take place shortly before the beginning of the school year. Students attending the program will receive Kindergarten readiness assessments and interventions to help make the transition to Kindergarten an exciting and fulfilling event. This program provides attending students with an additional five days of instruction. Students identified as low income, Foster Youth, and English Learners will be identified and receive priority registration for the program. Seven certificated teachers and seven Instructional Aides will provide staffing for the 5 day program.	$22,923.01	Yes
1.15	Long-Term English Learners (L-TEL)	The district will increase services to Long Term English Learners, who are performing below their English speaking peers. LTELs is approximately 23% of the English Learner population in BSD. Five certificated staff, along with their six instructional aides, will provide small group instruction to students, providing more individualized instruction, and developing positive relationships. Two of the certificated staff at North Beardsley will be increased to full time. Instruction promoting speaking and writing opportunities to increase language capacity will take place. Instructional Aides will also “push in” to classrooms to assist in other core subject areas such as math, social studies and science. The district will implement the use of a web based Identification and Placement screening and progress monitoring system to place students in appropriate levels of ELD support, and to tailor instruction according to their individual needs.	$141,775.18	Yes

Action #	Title	Description	Total Funds	Contributing
		ELD teachers will meet quarterly with general education teachers to discuss progress, as well as strategies to help students be successful in class. Students identified as Long-Term English Learners will have an Individual Learning Plan developed. Classroom and ELD teachers will collaborate on creating an Individual Learning Plan that determines strengths, gaps in learning, and which specific literacy skills need targeted instruction. One EL Resource Coordinator will act as liaison between families, school staff, and administration. The coordinator will work with families and the Community Outreach team to help meet the needs of our EL students. The Coordinator will use state and local data to determine current trends and needs within the district, and will research and recommend professional development options and supplemental materials for staff. Six bilingual interpreters will be on hand at each school site and the District Office, to assist parents and staff in communicating student needs and achievements in a timely manner. Funding 23% of salaries listed above. A district-wide committee will be maintained to review and revise ELD programs and strategies, as well as the review and revision of the District's Master Plan for English Language Learners. Ongoing professional development in Designated and Integrated ELD provided to all certificated staff will continue, as well as GLAD training in primary grades. This action will address the Red Indicator on the CA Dashboard in ELA and Math for English Learners: ELA District: EL Subgroup Schools: North Beardsley: EL Subgroup Beardsley Junior High: EL Subgroup Math

1.16	Differentiated Assistance	In 25-26, the Beardsley School District became eligible for Differentiated Assistance due to CAASPP "red" indicators in Foster Youth - Academic Performance, Chronic Absenteeism, and Suspension Rate; Homeless Youth - Chronic Absenteeism, and Suspension Rate. In order to improve BSD status, LEA has joined The Improvement Collaborative (TIC) work and partnership with KCSOS for strength/weakness data dive and participation in the TIC. The TIC focuses on BSD movement towards building structured literacy and implementation science. In addition to receiving intervention services if identified, BSD will layer student services to assist MV and FY students such as using school social workers for social emotional learning, community Specialists for attendance, and McKinney Vento Liaison to assist with removing barriers to improve student outcome. To measure the impact of this investment, the district will monitor student progress using Metric 1.1 & 1.7 student outcomes, 2.27 Chronic Absenteeism, Metric 2.26 Attendance rates, Metric 3.9 Student Suspensions, disaggregated by student group.	$0.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Conditions of Learning: Beardsley School District will provide a learning environment that is clean, safe, and conducive to learning. Students will have access to high quality, standards-based curriculum provided by highly effective teachers. A broad course of study will be offered to students.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 7: Course Access (Conditions of Learning)

An explanation of why the LEA has developed this goal.

Beardsley School District and all of its educational partners agree that providing an environment that is clean, safe, and conducive to learning is paramount.

Teacher Credentialing

- Data from the last Teaching Assignment Monitoring Office (TAMO) as reported on the latest School Accountability Report Card indicates:
- District wide only 79% of teachers have their Preliminary or Clear Teaching Credential
- Beardsley Junior High has the lowest percentage of fully credentialed teachers at 48.9%
- Beardsley Junior High also has the highest number of teachers reported as mis-assigned at 10.5%

School Facilities

- Local FIT reports have shown a decrease in overall Totals and Ranking results over the past 5 years.
- Beardsley Elementary 2019 of 100% Exemplary to 2023 of 98.01% Good
- North Beardsley 2019 of 100% Exemplary to 2023 96.66% Good
- San Lauren 2019 of 100% Exemplary to 99.13% Exemplary
- Beardsley Junior High 2019 of 100% Exemplary to 2023 of 97.24% Good
- Williams reports have also shown a decrease in these areas during annual visit:
- North Beardsley Elementary 2019 of 100% Exemplary to 95.71% Good with deficiencies
- Beardsley Junior High Elementary 2022 of 1005 Exemplary to 2023 94.12% Good with deficiencies
- Surveys results indicate:
- Students:

-59.3% say their school is clean, up from 47% last year
-68.6% say they feel safe at school, up slightly from 65% last year

- Staff:

-62.9% say their school is clean and in good repair, up from 59% last year
-86.5% say their school is a safe place to learn, up from 78% last year

- Parents:

-100% agree the school is clean and in good repair, up from 59% last year
-93.4% say their school is a safe place to learn, up from 89% last year

Social Emotional Support

- 258 Students were referred to School Social Workers during the 2023-2024 school year, up from 169 the previous year
- 65 of those were referred for suicide risk assessment, up from 45 last year
- 124 were referred for crisis intervention, up from 107 last year
- 66 home visits were conducted
- 94 were referred to outside agencies for additional support
- 5 Foster Youth were identified during referrals, and linked to additional supports

- 2021 California Healthy Kids Survey data for 6th grade students indicates:
- 43% feel safe at school
- 38% said they had been hit or pushed
- 52% had mean rumors spread about them
- 63% were called bad names or were the target of jokes
- 10% claim to have seen a weapon at school
- 43% were victims of cyberbullying
- 23% said they had used alcohol or drugs
- 3% had used marijuana
- 5% admitted to cigarette use
- 13% said they had vaped
- 37% said they frequently felt sad

- 2021 California Healthy Kids Survey data for 7th graders indicates:
- 39% feel safe at school
- 46% have experienced some form of harassment or bullying
- 51% had mean rumors or lies spread about them
- 36% have been afraid of being beaten up
- 21% have engaged in a physical fight
- 24% claim to have seen a weapon on campus
- 40% were victims of cyberbullying
- 15% said they were currently using drugs or alcohol
- 9% use marijuana
- 4% participated in binge drinking
- 12% vape tobacco

- 6% vape marijuana
- 48% responded they felt chronic sadness or hopeless during past 12 months
- 25% had seriously considered suicide during past 12 months

Broad Course of Study
- California State Standards have been implemented; however, program amendments are needed each year to ensure the best possible program for our students.
- Local Indicator data shows that improvement is indicated in providing Career Technical Education, Health Education Content, and Physical Education Model Content.
- Students in 6th grade have an opportunity to attend Camp KEEP in the Los Osos area, however, the continued rising cost of the program makes it out of reach for most of our unduplicated students.
- Educational partner feedback continues to suggest additional electives at the Junior High to provide a well-rounded education.

Technology
- Maintaining current and CIPA compliant technology continues to be a priority for the District.
- Equipment such as chromebooks, headphones, smartboards, servers, etc are beginning to reach the end of their life expectancy. The district has developed a 5 year plan to begin the process of replacing equipment that is aging out, or is no longer in good repair.

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Actions

2.1 - Technology Infrastructure: FULLY IMPLEMENTED

BSD has a current technology replacement plan with different replacement cycles to average costs appropriate over 5-10 years:
~chromebooks are on a 6-year cycle and are currently in year two implementation
~desktop and laptops are on a 5-year cycle and are currently in year three implementation
~Smartboards are on a 10-year cycle and are currently in year four implementation

BSD will provide regular upgrades to technology infrastructure.

==========

2.2 - Social Emotional and Positive Behavior Support: FULLY IMPLEMENTED

Inclusion Team
-Positive behavioral support strategies such as restorative circles, check-in/check-out, and behavioral observation to promote positive behaviors

BSD contracted with KCSOS to receive five school social workers
-SSWs offered the following services related to SEL
Assess student needs
Provide counseling for individuals or small groups
Made appropriate referrals to mental health professionals or agencies
Developed and promoted monthly mental health themes to support the emotional and psychological well-being of students, including topics like stress management, emotional regulation, and resilience
Conducted crisis intervention response and management
Small group social skills sessions that focus on key social skills, conflict resolution strategies, anger management, and emotional regulation
Conducted home visits to support in crisis and build relationships with families
Organized and promoted an annual mental health fair to promote community awareness and engagement to help develop a favorable school climate by recruiting workshop guests from local organizations related to nutrition, mental health, physical health trainers, psycho-education, and SEL workshops
Provided parent outreach to promote involvement

Suite 360 is a supplemental SEL platform that supports other Tier 1-3 student services.
-3506 assignments were issued and completed by students in need.
This software assists students in developing health coping skills, reflective practices, conflict mediation, and other social-emotional learning (SEL) skills.
-improved student behaviors over time

==========

2.3 - New Teacher Professional Development: FULLY IMPLEMENTED

Candidates who are in induction, intern, or waiver programs receive support from a mentor who is relevant in terms of grade level and subject matter. BSD has 12 induction candidates graduating to year 2. Intern and waiver candidates will progress to induction once they have completed their university coursework.

==========

2.4 - Music Program: FULLY IMPLEMENTED

Two full-time music instructors, one full-time choir instructor, and one part-time office clerk, were hired to provide enriching arts activities. Many students in primary grades participated in and performed at a concert, which increased parent attendance.

==========

2.5 - Electives: FULLY IMPLEMENTED

Students participated in a variety of electives, including art, science fair, journalism, writing, Spanish 7/8, History of US Music, PLTW, and beginning choir/band. A 9th-period PE was created to allow students to take additional electives.

==========

2.6 - Technology Oversight: FULLY IMPLEMENTED

One technology department employee ensures that all equipment is up to date and replaced when necessary, is CIPA compliant, and that all students are appropriately rostered and monitored in digital programs provided by the district. All technology issues were resolved within one to two hours.

==========

2.7 - Custodians: FULLY IMPLEMENTED

BSD hired four full-time custodians, each assigned to a specific campus, to ensure that facilities are in good repair and that the school maintains clean and safe learning conditions.

==========

2.8 - Camp KEEP: NOT IMPLEMENTED

BSD Camp KEEP participation hovers around 70% and cost continues to rise. We selected multiple alternative STEM/career activities to promote student engagement and reduce cost. BSD partnered with North HS to introduce and promote high school career pathways to 6th grade students and scheduled COE STEAM yard field trips to increase participation in STEM education.

==========

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

2.4 - Music Program

BSD overspent allotted budget by 17% Increase need in consulting due to extra time pay was submitted to cover deficiencies in the program as well as certificated and classified salary increase.

==========

2.8 - Camp KEEP

BSD overspent allotted budget due to switching Camp KEEP to Career Development bundle (STEAM Yard, NHS career pathway, and Universal STEM Day) to increase student participation.

==========

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

2.1 - Technology Infrastructure

+Metric 2.6 shows that chromebooks, servers, switches, SMARTboards and computer systems are meeting year 3 outcomes.
+Metric 2.24 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
-Metric 2.25 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.

Metric 2.6 shows 33..4% Chromebook replacement, 100% server and switch replacement, 40% Smartboard replacement, and 60% desktop and laptop replacement. Student outcome data associated with technology access was mixed for unduplicated pupils, with English Learners improving in ELA DFS (+17.9) and Math DFS (+8.7), Low-Income students improving in ELA DFS (+6.9) and maintaining Math DFS performance, while Foster Youth outcomes declined in ELA DFS (-33) and Math DFS (-27.8), indicating that technology infrastructure supported stronger academic outcomes for English Learners and Low-Income students than for Foster Youth.Overall, this indicates effectiveness due to the progression of the replacement cycle.
BSD Replacement Cycle:
-Chromebooks, every 6 years
-Desktop and Laptops, every 5 years
-Smartboard/interactive displays, every 10 years

==========

2.2 - Social Emotional and Positive Behavior Support

+Metric 2.14 shows an overall increase in students (4.4%), staff (7.7%), and parent (6.6%) perception in school safety.

+Metric 2.15 shows an increase in students referred to SSW(+31), referred for risk assessment(+218),
+Metric 2.16 shows significant reduction in student substance use (-12% drugs or alcohol, -8% marijuana, -11% tobacco), and social emotional issues (-2% suicide ideation, -7% on mean rumors, -5% on harassment, and -17% on sadness).
+Metric 2.26 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 2.27 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 2.28 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 2.29 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metrics 2.15 and 2.16 indicate that students received increased access to support services, as evidenced by more referrals to School Social Workers and risk assessments, while reports of substance use, suicide ideation, harassment, rumors, and sadness declined, suggesting that interventions successfully addressed social-emotional and behavioral needs. These supports contributed to a safer and more positive school environment, reflected in increased perceptions of school safety among students, staff, and parents and significant improvements in student connectedness across all campuses. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a high attendance rate of 91%, while chronic absenteeism data showed modest improvements for English Learners and Low-Income students. These results suggest that social-emotional and behavioral supports contributed to increased student engagement and school connectedness for unduplicated student groups. Overall, this indicates effectiveness.

==========

2.3 - New Teacher Professional Development

+Metric 2.1 shows an overall increase of fully credentialed teacher across the district (1%) and a reduction of interns (-2.7%).
-Metric 2.2 shows an overall increase in misassignments (2.4%), unknown (0.9%), and decrease in assigned out-of-field (-1.8%).
+Metric 2.24 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
-Metric 2.25 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.

Metric 2.1 showed progress in staffing quality, with an increase in fully credentialed teachers and a reduction in interns, indicating that professional learning and support systems helped strengthen teacher qualifications. However, Metric 2.2 revealed increases in teacher misassignments and unknown assignments, suggesting that staffing challenges continued to impact consistent implementation of instructional practices. While overall student performance improved in English Language Arts as evidenced by an increase in the District Distance from Standard (DFS) from -70.8 to -64.6, mathematics results were mixed, with declines at the district level and Beardsley Elementary but improvement at the junior high level, indicating that continued professional development is needed to strengthen instructional effectiveness and improve outcomes across all grade spans and content areas. Unduplicated pupil outcomes were mixed, with English

Learners improving in ELA DFS (+17.9) and Math DFS (+8.7), while Low-Income students improved in ELA DFS (+6.9) and maintained Math DFS performance; however, Foster Youth outcomes declined in both ELA DFS (-33) and Math DFS (-27.8), indicating that new teacher professional development may have contributed to stronger academic outcomes for English Learners and Low-Income students than for Foster Youth. Overall, this suggests inconsistent effectiveness as BSD educators continue to expand their professional capabilities over time.

==========

2.4 - Music Program

+Metric 2.17 shows that standards are met for all students in access to and are enrolled in a broad course of study.
+Metric 2.18 significant participation in all areas of music and band for unduplicated students in which participation is above 90%.
+Metric 2.22 shows an improvement of 0.93% LRE Rate in regular classroom more than 80%.
+Metric 2.23 shows an improvement of 1.4% LRE Rate in regular classroom less than 40%%.
+Metric 2.26 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 2.27 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 2.28 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 2.29 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metric 2.18 showed that participation rates for unduplicated students in music and band programs exceeded 90%, demonstrating strong student interest and equitable access to enrichment opportunities. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism also improved for English Learners and Low-Income students. These results suggest that participation in music and band programs supported student engagement and school connectedness for unduplicated student groups because students had increased opportunities to build relationships, develop a sense of belonging, and participate in meaningful school activities. These experiences contributed to positive student outcomes, including improved attendance, reduced chronic absenteeism, increased perceptions of school safety, and substantial gains in student connectedness across all campuses because participation in music programs. Increasing music and arts accessibility to primary students will assist BSD in achieving its student academic goals in the future. Overall, this indicates effectiveness.

==========

2.5 - Electives

+Metric 2.17 shows that standards are met for all students in access to and are enrolled in a broad course of study.

+Metric 2.19 shows significant participation among unduplicated students in Art (98%), Foreign language (95%), PLTW (93%), and science fair (91%).
+Metric 2.22 shows an improvement of 0.93% LRE Rate in regular classroom more than 80%.
+Metric 2.23 shows an improvement of 1.4% LRE Rate in regular classroom less than 40%%.
+Metric 2.26 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 2.27 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 2.28 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 2.29 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metric 2.19 showed strong participation among unduplicated students in electives and enrichment opportunities, including Art (98%), Foreign Language (95%), Project Lead the Way (93%), and Science Fair (91%), demonstrating that students were actively engaged in diverse learning experiences beyond the core curriculum. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism improved for English Learners and Low-Income students. These results suggest that participation in electives and enrichment opportunities supported student engagement and school connectedness because students had increased access to meaningful learning experiences that strengthened their connection to school and encouraged regular attendance. These opportunities corresponded with improved attendance, reduced chronic absenteeism, increased perceptions of school safety, and significant gains in student connectedness across all campuses because elective programs help students develop interests, build relationships, and strengthen their sense of belonging at school. Overall, this indicates effectiveness. BSD consistently offers various electives at the Junior High to increase student academic participation and enrichment.

==========

2.6 - Technology Oversight

+Metric 2.6 shows that chromebooks, servers, switches, SMARTboards and computer systems are meeting year 3 outcomes.
+Metric 2.12 shows an improvement in quality of instruction and meaningful access results in which our reclassification rate increased from 3.15% to 13.07%.
+Metric 2.17 shows that standards are met for all students in access to and are enrolled in a broad course of study.
+Metric 2.24 shows improvement in All Student DFS from -70.8 to -64.6. The following subgroups improved EL (17.9) and LI (6.9), but FY decreased by -33.
-Metric 2.25 shows an increase in Math DFS at the District Leve by -1.3, and Beardsley Elementary by -11.5, but an decrease of 4.9 DFS at Junior High. The following subgroups improved or maintained EL (8.7) and LI (0), but FY decreased by -27.8.

Metric 2.6 shows 33..4% Chromebook replacement, 100% server and switch replacement, 40% Smartboard replacement, and 60% desktop and laptop replacement. Academic outcomes for unduplicated pupils were mixed, with English Learners improving in ELA DFS (+17.9) and

Math DFS (+8.7), Low-Income students improving in ELA DFS (+6.9) and maintaining Math DFS performance, while Foster Youth outcomes declined in ELA DFS (-33) and Math DFS (-27.8). These results suggest that technology infrastructure supported access to instruction and learning resources for English Learners and Low-Income students, while additional targeted supports may be needed to improve outcomes for Foster Youth. Overall, this indicates effectiveness due to the progression of the replacement cycle.
BSD Replacement Cycle:
-Chromebooks, every 6 years
-Desktop and Laptops, every 5 years
-Smartboard/interactive displays, every 10 years

==========

2.7 - Custodians

+Metric 2.7 shows improvement in William's visit facility inspection (FIT) at North Beardsley (3.81%) and decrease at Junior High (3.54%).
+Metric 2.8 shows District FIT improved on BE (0.2%), NB (1.32%), JH (0.97%), while SL decreased (0.84%).
+Metric 2.9 shows a slight reduction in student (-2.0%) and parent (-3.2%) perception of facilities in good repair and a significant improvement in staff perception (17.9%).
+Metric 2.26 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 2.27 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 2.28 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 2.29 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metrics 2.7 and 2.8 showed improvements in Facility Inspection Tool (FIT) scores at North Beardsley, Beardsley Elementary, and the Junior High, while San Lauren and the Junior High Williams inspection data indicated areas that require continued attention. Despite slight declines in student and parent perceptions of facilities being in good repair, staff perceptions improved significantly by 17.9%, suggesting that facility maintenance efforts were recognized by employees who work most closely in the school environments. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism improved for English Learners and Low-Income students. These results suggest that maintaining safe, clean, and well-maintained school environments supported student engagement and regular attendance because students were provided with learning environments that promoted a sense of safety, comfort, and connection to school. Overall, the data indicates effectiveness. All campuses maintained their status of "Good".

==========

2.8 - Camp KEEP

+Metric 2.12 shows an improvement in quality of instruction and meaningful access results in which our reclassification rate increased from 3.15% to 13.07%.
+Metric 2.13 shows increase in meeting frequency (quarterly) across all campuses between ELD and classroom teachers BE = 3, NB = 9, SL = 4, and JH = 9.
+Metric 2.17 shows that standards are met for all students in access to and are enrolled in a broad course of study.
+Metric 2.21 shows a significant improvement in student engagement in STEAM Yard and Universal Career Day among unduplicated students (+85 additional students)

Metric 2.13 indicates that regular meetings are held between ELD teachers and classroom teachers across BSD: BE = 3, NB = 9, SL = 4, and JH = 9. Metric 2.21 shows significant student participation (+85) of KCSOS STEAM Yard, North High School career pathways, and Universal Studio career day, where SED participation is at 96.2%, EL participation improved to 11.7%, and FY participation improved by 0.47%. Overall, the data indicates effectiveness.

==========

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 2.16 - Other local measures, including surveys of students, parents, and teachers on the sense of safety and connectedness

BSD delivered annual California Healthy Kids Survey that required parental consent; however, 5th grade parents/guardians opted out, which caused sample size to drop below 10. WestEd could not generate an accurate report based on small sample size.
==========

Metric 2.20 - The extent to which students have access to, and are enrolled in programs and services developed and provided to low income, English learner and foster youth students.

The 24-25 metric shows District wide enrollment breakdown for unduplicated. The 25-26 data shows an accurate number for unduplicated enrollment in ELOP registration.

==========

Metric 2.21 - The extent to which students have access to, and are enrolled in programs and services developed and provided to low income, English learner and foster youth students.

BSD switch to local career readiness programs to improve student participation.

==========

Metric 2.24 - Academic Indicator

Added new subgroups (MV) to Year 2 outcome for District to monitor progress.

==========

Metric 2.25 - Other Student Outcomes

Added new subgroup (EL and SWD) to Year 2 outcome for BE - EL, and JH - SWD to monitor progress.

==========

Action 2.8 - Camp KEEP

Due to the lack of student attendance, rising cost in operation, and lack of volunteers, BSD is looking for alternatives career readiness bundle such as local KCSOS STEAM yard, North High School Career pathway orientation, and Universal Studios STEM and career programs to increase participation. Action 2.8 was revised and funding was increased.

==========

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Technology Infrastructure	Access to updated, working technology is imperative for students to access instructional materials and supplemental intervention programs. In order to keep the district's technological infrastructure in proper working order and to help close the achievement gap, BSD will replace and update technology equipment such as classroom computers, Chromebooks, servers, keyboards, mice, headphones, smartboards, switches, and wireless access points as deemed necessary by the technology department.	$277,000.00	Yes

Action #	Title	Description	Total Funds	Contributing
		The district will provide regular upgrades and improvements to technology hardware and software infrastructure. This action also provides implementation planning for maintenance and replacement of networking systems and technology equipment and services district-wide.		
2.2	Social Emotional and Positive Behavior Support	The district will continue to provide an environment that is safe for all students physically and social-emotionally. BSD will continue to promote positive social-emotional responses and positive behavior through the implementation of PBIS and Suicide Prevention. In consultation with Kern SELPA, the District will maintain three School Psychologists, two School Psychologist Interns, and maintain a district wide Inclusion Team. These employees will support positive behavioral strategies implementing and supporting restorative circles, check-in/check-outs, and behavior observation. Five School Social Workers will be hired to address the social-emotional needs of students: This action is multifunded with LCFF ($675,222.92) and LREBG. LREBG funds: $757,968.02 for 2026-27. This action has been prioritized based on the findings of the district's required needs assessment, which identified all schools in the district as having very high chronic absenteeism rate, for all student groups. This action aligns with the allowable uses of LREBG fund, specifically: providing evidence-based supports to address other barriers to learning such as the provision of health, counseling, or mental health services. This action will fund five school social workers to address the social emotional needs of students. The role of Social Workers in the school setting is supported by extensive research, including Mahoney, Durlak, and Weissberg, (2018) which found that social emotional learning has a tremendous impact on academic growth in the long-term.	$1,433,190.94	Yes

Action #	Title	Description	Total Funds	Contributing
		To measure the impact of this investment, the district will monitor student progress using Metric 2.27 Chronic Absenteeism, alongside Metric 2.26 Attendance rates, disaggregated by student group. A comprehensive, confidential software program will be maintained to support the social workers, psychologists, and administrators in discovering, assessing, and documenting threats related to suicide or harm to others. This software package also contains Social Emotional Learning curriculum for students, Tier 1-3 interventions for students, and annual suicide awareness and prevention professional development for all staff employed by the district.		
2.3	New Teacher Professional Development	In order to ensure teachers are appropriately assigned and have appropriate credentials, professional development will be provided to new teachers and Interns participating in the Teacher Induction, Intern, or who are on a waiver. Professional development which provides strategies and structures to meet the unique needs of low income, English learner, and Foster Youth students in identified areas will be provided by on site mentor teachers. Action includes substitutes and mentor stipends, as well as contracted services for the Induction and Intern programs.	$104,445.63	Yes
2.4	Music Program	The district will maintain current student band services district wide to provide access to a broad course of study. Services to elementary and Junior High students in music and choir will be maintained with 2 full time music instructors, 1full-time choir director, and 1 part time office clerk. This action will provide enriching activities in the Arts to our Low income, foster youth, and English Learners that more affluent students would be able to access outside of the school program.	$347,394.13	Yes
2.5	Electives	A variety of electives will be offered to increase opportunities for participation by unduplicated students.	$252,307.99	Yes

Action #	Title	Description	Total Funds	Contributing
		Students will be offered 5 periods of Art; 1 period of Science Fair; 1 period of Journalism and 1 period of Writing; 7 periods of Spanish 7/8 or Spanish 2; 3 periods of History us USA Music; 2 periods of Project Lead the Way; 1 period of Beginning Choir and 1 period of Advanced Choir; 1 period of Beginning Band and 1 period of Senior Band. Continuing a 9th period PE class will maintain services to BJHS students and allow broader access to courses of study during earlier periods in the school day. This will require 4 certificated staff at BJHS to increase the elective offering base. This action includes supplies and transportation costs. Elementary students will be offered 7 sections of Elementary Music.		
2.6	Technology Oversight	In order to address the need to develop the technology skills, engagement, and accelerate learning in the classroom, one technology department employee will ensure all equipment is up to date and replaced when necessary, is CIPA compliant, and that all students are appropriately rostered and monitored in digital programs provided by the district.	$162,527.94	Yes
2.7	Custodians	The Beardsley School District will ensure cleanliness and good repair at every school site by maintaining the four (4) full time custodians. Each of these staff members will be assigned to a campus to ensure that the work necessary to maintain good repair, as well as clean and safe learning conditions are adhered to on a daily basis.	$352,513.45	Yes
2.8	Camp KEEP	The Beardsley School District is looking for alternatives to support student career readiness in bundling local KCSOS STEAM Yard, North High School Career Pathway orientation, and Universal Studios STEM and career programs to increase participation and to enhance Science, Technology, Engineering, and Mathematics (STEM) knowledge.	$76,821.71	Yes

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Engagement: Beardsley School District will increase student, parent, and community engagement by providing opportunities for all to feel welcomed, respected, and involved.	Broad Goal

State Priorities addressed by this goal.

Priority 3: Parental Involvement (Engagement)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

The district continues to experience low parent participation rates for school meeting. Student chronic absenteeism rates and suspension rates are above the state average. Educational partners feel more work is necessary in all areas of engagement in order to continue to make improvements in these areas.

SCHOOL CLIMATE

- The following subgroup within the District received the lowest performance level of “red” on Suspension Rate on the California Dashboard
- African Americans with a 6.4% suspension rate, an increase of 3.2%
- North Beardsley received the lowest performance level of “red” on the Suspension Rate at 4.9%, an increase of 2.7%
- The following student subgroups at North Beardsley received the lowest performance level of “red” on the Suspension Rate:
- African American at 9.5%, an increase of 6.8%
- Socioeconomically Disadvantaged at 4.7%, an increase of 2.5%
- Students with Disabilities at 8.4%, an increase of 5.6^
- White at 6.6%, an increase of 3.8%
- Results from the 2024 Student Survey indicate 68.6% feel safe at school
- Results from the 2024 Staff Survey indicate 86.5% of students feel safe at school
- Results from the 2021 California Health Kids Survey show 43% of 6th graders feel safe at school
- Results from the 2024 Student Survey indiate 39% of 7th graders feel safe at school

The following actions are intended to address the low performance (red) on the California Dashboard Suspension rate: (3.2) (3.3) (3.4) (3.5) (3.6) (3.9) (3.10)

PUPIL ENGAGEMENT

- Results from the Spring KIDS Connectedness Survey indicate that 29% of students in the district feel like they belong when they are at school.

- Results from the Spring KIDS Connectedness Survey indicate that 39% of students at Beardsley Elementary feel like they belong when they are at school.
- Results from the Spring KIDS Connectedness Survey indicate that 29% of students at North Beardsley feel like they belong when they are at school.
- Results from the Spring KIDS Connectedness Survey indicate that 35% of students at San Lauren feel like they belong when they are at school.
- Results from the Spring KIDS Connectedness Survey indicate that 12% of students at Beardsley Junior High feel like they belong when they are at school.
- San Lauren Elementary received the lowest performance level of “red” for Chronic Absenteeism, with an increase of 4.9%
- The following subgroups at San Lauren received the lowest performance level of “red” for Chronic Absenteeism:
- Hispanic at 27.3%, maintaining with a slight increase of 0.3%
- Socioeconomically Disadvantaged at 32.2%, increasing 5.2%
- White at 37%, increasing 13.7%

The following actions are intended to address the low performance (red) on the California Dashboard Chronic Absenteeism rate: (3.1) (3.2) (3.3) (3.4) (3.5) (3.6) (3.7) (3.8) (3.9) (3.10)

PARENT ENGAGEMENT:
- The District met the standard on the Local Performance Indicators for Parent Engagement for the 2022-2023 school year.
- Results from the annual Parent Survey show that only 46.7% of parents feel that there are many opportunities to participate in decision making.
- Parent Survey results show that 33% of parents strongly agree that the district values their opinion.

Measuring and Reporting Results

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Actions

3.1 - Student Data Systems/Parent Communication: FULLY IMPLEMENTED

The district aims to enhance parent participation in meetings and events held at school campuses and throughout the district.
Parents and guardians had instant online access to student academic progress and attendance data through the student information system's Parent Portal.
Access to enrollment forms, absence notification systems, permission slips, and other necessary forms were available online throughout the year. These forms are available in multiple languages.
Notifications of attendance and chronic absenteeism issues were sent to parents in their home language.

School- or district-wide messages are sent weekly to keep parents and guardians informed.

==========

3.2 - Student Recognition and Engagement: FULLY IMPLEMENTED

The district promotes positive attendance and behavior standards by funding study trips and activities to recognize student attendance, behavior, and performance in curriculum studies. This includes a token economy, incentive trips, and staff to provide activities built into our MTSS and PBIS systems.

==========

3.3 - Community Outreach Team: FULLY IMPLEMENTED

The purpose of the outreach team is to collaborate with students, parents, and staff to increase attendance, reduce chronic absenteeism and suspension rates, promote unduplicated student growth in core content areas, and encourage parent participation.

The Community Outreach team consists of:
One full-time and one part-time Community Specialists. This team assists families with overcoming barriers to regular school attendance, coordinates School Attendance Review Board meetings and data, and regularly attends TRACK meetings at the Kern County Superintendent of Schools Office.
Three vice principals will enhance support services for students struggling with chronic absenteeism or behavioral issues, increase communication with parents, and coordinate support services for students.
One Resource Coordinator will act as the liaison for Foster Youth, English Learners, and Homeless Youth. This coordinator will work with families, train impacted staff, and regularly attend TRACK meetings at the Kern County Office of the Superintendent of Schools.
One Parent Volunteer Coordinator will create a bridge to link families to the schools and foster parent engagement.
Fresno State University will provide courses for parents of unduplicated students, specifically those of English Learners, at no cost to families. Courses are provided in English, Spanish, and Punjabi, with more languages added as needed by parents. Topics include Pathway to College, Digital Literacy, Financial Literacy,
Conversational English, and many more. After completing the course, Fresno State sends a certificate of completion to the appropriate parent.

==========

3.4 - Improved School Climate: FULLY IMPLEMENTED

BSD employed four full-time Student Intervention Facilitators at all school sites to provide targeted interventions that reduce suspensions and engage students. Four certificated teachers and one Instructional Aide will offer an Alternative Placement program on every campus to reduce suspensions and decrease absenteeism.

BSD will continue to focus on trauma-informed care, as well as social-emotional learning (SEL), to reduce the suspension rate and increase student engagement.

==========

3.5 - Positive Playground Activities: FULLY IMPLEMENTED

Thirty-five Noon Aide/Activity Leaders organized play activities and intramural sports to promote positive peer relations, improve student engagement and attendance, and reduce the frequency of undesired behaviors outside of the classroom. This staff worked with students to develop leadership skills, become problem solvers by utilizing conflict resolution, and incorporate team-building concepts through physical activity.

==========

3.6 - Extended Day Activities: FULLY IMPLEMENTED

All BSD students in grades TK-8 have opportunities to participate in afterschool extracurricular activities that provide academic support, physical development, and enrichment opportunities. Afterschool students received or participated in:
A wide variety of clubs are available, including Arts & Crafts, Legos, 3D Printing, Graphic Design, Gardening, Crochet, DIY projects, Cheerleading, Cooking, Outdoor Activities, eSports, book club, Battle of the books, and more.
Daily snack and light supper.
Daily Homework assistance with time and resources dedicated to supporting academic achievement.
Engaging and educational field trips such as white water rafting, nature observation at Hart Park and Panorama Bluffs, and an educational workshop at Disneyland.
Assemblies that promote academic and personal growth, such as those led by Professor Egghead (science) and Mind Matters.
Sports teams for football, soccer, volleyball, baseball, and track and field were formed at each campus. Elementary students participated in games and competitions with their peers, as well as with students from neighboring districts.
Students in grades 7-8 who maintain a 2.0 GPA or higher and meet positive behavior expectations may also choose from a wide variety of team sports and activities, engaging in games and competitions with school districts throughout the county.

==========

3.7 - Health Services: FULLY IMPLEMENTED

BSD hired two full-time registered nurses (RNs), one part-time licensed vocational nurse (LVN), and two health clerks who will work closely with site administrators, district staff, and families to provide health services for all students, aiming to increase attendance and reduce chronic absenteeism. Nurses conducted vision and hearing screenings, provided dental education, and prepared health care plans for students with medical conditions.

==========

3.8 - Transportation: NOT IMPLEMENTED

Five bus drivers will be allowed to provide additional bus routes for home-to-school transportation at each school site, expanding services to students within the designated walking distance. This increased access to reliable transportation, leading to higher attendance, reduced chronic absenteeism, and enhanced school connectedness.
Due to national shortage, BSD hired zero out of five needed bus drivers.

==========

3.9 - School Connectedness: FULLY IMPLEMENTED

Many unduplicated students cannot afford school merchandise; therefore, each school site provided students with merchandise explicitly tailored to the site's mascot or motto. This practice is used to increase students' perception of school connectedness and belonging within the BSD community. The lateral effect improved attendance, reduced suspensions, and improved overall school climate.

==========

3.10 - Elementary PE Program: FULLY IMPLEMENTED

BSD provided five elementary P.E. Instructional Aides to assist classroom teachers in providing a standardized Elementary Physical Education Program at each elementary site. Elementary P.E. provides opportunities to enhance students' physical health and mental well-being, leading to increased positive student engagement.

==========

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

3.1 - Student Data Systems/Parent Communication

BSD IT indicated lack of use in some PowerSchool products, which we will phase out.

==========

3.2 - Student Recognition and Engagement

BSD did not utilize budget allotment for any recognition field trips.

==========

3.6 - Extended Day Activities

BSD underspent due to moving extended day costs under Boy and Girls contract to cover coaches, referees, scorekeepers.

==========

3.8 - Transportation

BSD was unable to hire new bus drivers to fulfill the quota stipulated by Goal 3, Action 8, due to a nationwide shortage.

==========

3.9 - School Connectedness

BSD underspent due principals buying student connectedness supplies in bulk and pressing their own decals.

==========

3.10 - Elementary PE Program

BSD overspent due to excessive employee absences and needing subs, and needing new elementary PE equipment due to having an elementary certificated PE teacher.

==========

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

3.1 - Student Data Systems/Parent Communication

+Metric 3.3 shows an 87.5% improvement on parents feeling welcome in their child's school.
+Metric 3.4 shows an overall improvement in parental notification on all LEA programs and activities: 4x B2S, 3x Open House, 3x DAC, 3x DELAC, 11x SSC, 10x ELAC, and 23x Misc campus events.
+Metric 3.5 shows 100% overall parental involvement rate on the annual performance report for special education.
+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).

+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.

Metric 3.3 showed an 87.5% increase in parents reporting that they feel welcome at their child's school, indicating that communication and outreach efforts successfully improved school-family relationships. Metric 3.4 demonstrated expanded communication with families through multiple Back-to-School Nights, Open Houses, advisory committee meetings, and campus events, increasing opportunities for parents to receive information and engage with the school community. Additionally, Metric 3.5 reflected a 100% parental involvement rate in the annual special education performance report, suggesting that communication systems effectively connected families to important district processes. These improvements in family engagement corresponded with positive student outcomes, as attendance increased from 91.13% to 92.2% (Metric 3.6) and chronic absenteeism decreased districtwide by 6.5% and by 6.0% at San Lauren (Metric 3.7), because increased communication and stronger family-school partnerships supported greater student engagement and consistent school attendance. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism improved for English Learners and Low-Income students. These results suggest that improved parent communication and engagement supported student attendance because families had increased access to information, school resources, and opportunities to participate in their children's education. Overall, the data indicates effectiveness.

==========

3.2 - Student Recognition and Engagement

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.8 shows zero dropout rate for Beardsley SD.
+Metric 3.9 shows a reduction 2.2% in district wide student suspension - EL (0.1%), LI (0.4%), and FY (-2.6%). North Beardsley shows a reduction by 4.2% - LI (-4.0%).
+Metric 3.10 shows zero expulsion rate per end of year in CALPADS.

Attendance improved from 89.9% to 92.0% while chronic absenteeism decreased by 6.5% districtwide and 6.0% at San Lauren, indicating that students were attending school more consistently. Student behavior outcomes also improved, as districtwide suspensions decreased by 2.2% and North Beardsley suspensions decreased by 4.2%, suggesting that engagement strategies contributed to a more positive school climate. Unduplicated pupil outcomes also improved, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students and suspension rates declined for English Learners (0.1%), Low-Income students (0.4%), and Foster Youth (2.6%). These results suggest that student recognition and engagement opportunities strengthened students' connection to school because students who feel valued and involved are more likely to attend regularly and demonstrate positive behavior. Additionally, the district maintained a zero dropout rate and

zero expulsions reported in CALPADS, demonstrating that students remained connected to school and engaged in their educational programs throughout the year. Overall, the data indicates effectiveness.

==========

3.3 - Community Outreach Team

-Metric 3.1 shows an overall decrease on some and many opportunities from 90% to 82.3%, and an increase on few and no opportunities from 10% to 17.7%.
+Metric 3.2 show an a overall improvement in schools valuing parental opinion from 85% to 88.2%, and a decrease in parental response that schools do not value their opinion from 15% to 11.8%.
+Metric 3.3 shows an 87.5% improvement on parents feeling welcome in their child's school.
+Metric 3.4 shows an overall improvement in parental notification on all LEA programs and activities: 4x B2S, 3x Open House, 3x DAC, 3x DELAC, 11x SSC, 10x ELAC, and 23x Misc campus events.
+Metric 3.5 shows 100% overall parental involvement rate on the annual performance report for special education.
+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.9 shows a reduction 2.2% in district wide student suspension - EL (0.1%), LI (0.4%), and FY (-2.6%). North Beardsley shows a reduction by 4.2% - LI (-4.0%).
+Metric 3.10 shows zero expulsion rate per end of year in CALPADS.
+Metric 3.11 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 3.12 shows an improvement in student feeling safe at school from 39% to 51%.
+Metric 3.13 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metric 3.1 showed a decline in parents reporting some or many opportunities for involvement (90% to 82.3%), other engagement indicators improved, including increased perceptions that schools value parent input (85% to 88.2%), an 87.5% increase in parents feeling welcome at school, expanded communication through district and site events, and a 100% participation rate in the annual special education performance report. Unduplicated pupil outcomes also improved, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students and suspension rates declined for English Learners (0.1%), Low-Income students (0.4%), and Foster Youth (2.6%). These results suggest that community outreach, home visits, and family engagement efforts helped address barriers to attendance and behavior because families were better connected to school resources, supports, and intervention services. These outreach efforts corresponded with positive student outcomes, including improved attendance, reduced chronic absenteeism, lower suspension rates, and zero expulsions, because stronger school-family partnerships increased awareness of student needs and available supports. BSD continues to utilize the School Attendance Review Board to review existing barriers that affect student attendance. Our community specialists compile data collected during home visits and conduct triage on a case-by-case basis. Overall, the data indicates effectiveness in strengthening family engagement, communication, and school connectedness.

==========

3.4 - Improved School Climate

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.9 shows a reduction 2.2% in district wide student suspension - EL (0.1%), LI (0.4%), and FY (-2.6%). North Beardsley shows a reduction by 4.2% - LI (-4.0%).
+Metric 3.10 shows zero expulsion rate per end of year in CALPADS.

Attendance increased from 91.13% to 92.2%, while chronic absenteeism decreased by 6.5% districtwide and 6.0% at San Lauren, indicating that students were more engaged and connected to school. Student behavior outcomes also improved, as districtwide suspensions decreased by 2.2% and suspensions at North Beardsley decreased by 4.2%, suggesting that school climate initiatives promoted positive behavior and reduced disciplinary incidents. Unduplicated pupil outcomes also improved, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students and suspension rates declined for English Learners (0.1%), Low-Income students (0.4%), and Foster Youth (2.6%). These results suggest that school climate initiatives strengthened student engagement and positive behavior because students experienced increased support, stronger relationships with staff, and a more welcoming school environment. Additionally, the district maintained a zero expulsion rate at the end of the year, demonstrating that schools successfully fostered safe and supportive environments that kept students engaged. Overall, the metrics indicate effectiveness. BSD is focusing on building rapport between schools and parents to enhance the school climate.

==========

3.5 - Positive Playground Activities

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.9 shows a reduction 2.2% in district wide student suspension - EL (0.1%), LI (0.4%), and FY (-2.6%). North Beardsley shows a reduction by 4.2% - LI (-4.0%).
+Metric 3.10 shows zero expulsion rate per end of year in CALPADS.
+Metric 3.11 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 3.12 shows an improvement in student feeling safe at school from 39% to 51%.
+Metric 3.13 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Attendance increased from 91.13% to 92.2%, while chronic absenteeism declined by 6.5% districtwide and 6.0% at San Lauren, indicating that students were more motivated to attend and participate in school. Unduplicated pupil outcomes also improved, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students and suspension rates declined for English Learners (0.1%), Low-Income students (0.4%), and Foster Youth (2.6%). These results suggest that positive playground activities and increased supervision during unstructured times supported student engagement and positive behavior because students experienced safe, structured opportunities to build relationships, resolve conflicts appropriately, and remain connected to school. Behavioral outcomes also improved, as districtwide suspensions decreased by 2.2%, North Beardsley suspensions decreased by 4.2%. BSD has maintained low suspension and expulsion rates, which can be correlated to consistent noon aide staffing that supervises students during unstructured times such as recess and lunch breaks. In addition, increases in perceptions of school safety among students, staff, and parents, growth in students reporting they feel safe at school (39% to 51%), and significant gains in student connectedness across all campuses demonstrate that Positive Playground Activities strengthened students' sense of belonging and connection to their school community. Overall, the data indicates effectiveness.

==========

3.6 - Extended Day Activities

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.8 shows zero dropout rate for Beardsley SD.
+Metric 3.9 shows a reduction 2.2% in district wide student suspension - EL (0.1%), LI (0.4%), and FY (-2.6%). North Beardsley shows a reduction by 4.2% - LI (-4.0%).
+Metric 3.10 shows zero expulsion rate per end of year in CALPADS.
+Metric 3.11 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).
+Metric 3.12 shows an improvement in student feeling safe at school from 39% to 51%.
+Metric 3.13 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.
+Metric 2.20 shows an increase in unduplicated students enrolled in ELOP.

Metric 2.20 showed an increase in unduplicated students enrolled in ELOP, indicating that more students accessed expanded learning opportunities designed to provide academic support, enrichment, and positive peer interactions beyond the regular school day. These opportunities corresponded with improved student outcomes, including increased attendance (89.9% to 92.0%), reduced chronic absenteeism, a zero dropout rate, lower suspension rates, and zero expulsions, because students had additional structured environments that strengthened their connection to school and promoted positive behaviors. Unduplicated pupil outcomes also improved, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students and suspension rates declined for English Learners (0.1%), Low-Income students (0.4%), and Foster Youth (2.6%). These results suggest that participation in ELOP and extended-day activities supported

student engagement and positive behavior because students had increased access to structured enrichment opportunities, positive peer interactions, and supportive adult relationships beyond the regular school day. Overall, the metric indicates effectiveness. Students enrolled in the Extended Learning Opportunity Program (ELOP) will have opportunities to participate in a variety of extracurricular clubs, including Arts & Crafts, Legos, 3D Printing, Graphic Design, Gardening, Crochet, DIY projects, Cheerleading, Cooking, Outdoor activities, and more. This should have a lateral impact on school climate, academics, and student connectedness.

==========

3.7 - Health Services

+Metric 3.3 shows an 87.5% improvement on parents feeling welcome in their child's school.
+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.11 shows an overall increase in perception of school safety among students (4%), staff (7%), and parent (6%).

Attendance improved from 91.13% to 92.2%, while chronic absenteeism decreased by 6.5% districtwide and 6.0% at San Lauren, suggesting that students had increased access to supports that addressed health-related barriers to attendance. School climate indicators also improved, as perceptions of school safety increased among students (4%), staff (7%), and parents (6%), indicating that health and wellness services contributed to a more supportive and secure learning environment. In addition, the 87.5% increase in parents reporting that they feel welcome at their child’s school suggests that outreach and health-related support services strengthened family-school partnerships, which can contribute to improved student well-being. Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students. These results suggest that health services helped reduce barriers to school participation because students and families had increased access to health screenings, referrals, and support services that promoted student wellness and regular school attendance. Overall, the data shows effectiveness. BSD nurses conduct vision and hearing screenings and provide annual referrals for 20 students to receive comprehensive eye exams by a licensed optometrist, as well as receiving custom glasses.

==========

3.9 - School Connectedness

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.8 shows zero dropout rate for Beardsley SD.

+Metric 3.13 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metric 3.13 showed significant improvements in student connectedness at every campus, including gains of 34.2% districtwide, indicating that more students felt a sense of belonging and connection to their school community. These improvements corresponded with increased attendance from 91.13% to 92.2% and reductions in chronic absenteeism both districtwide (-6.5%) and at San Lauren (-6.0%). Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students. These results suggest that efforts to strengthen school connectedness supported student engagement because students who felt a stronger sense of belonging were more likely to attend school regularly and remain connected to their educational program. Students who feel connected to school are more likely to attend regularly and participate in school activities. Overall, the metric indicates effectiveness.

==========

3.10 - Elementary PE Program

+Metric 3.6 shows attendance improved from 91.13% to 92%. The unduplicated students also improved: EL (2.5%), LI (0.5%), and FY (91%).
+Metric 3.7 shows chronic absenteeism improved district wide (-6.5%) and San Lauren (-6.0%). Unduplicated students had inconsistent improvement: 5th - EL (2.7%), LI (0.46%), FY had no results due to not meeting student sample size of 11.
+Metric 3.8 shows zero dropout rate for Beardsley SD.
+Metric 3.13 shows an significant improvement in students connectedness among all campuses (District-34.2%, BE-32.12%, NB-41.36%, SL-35%, and BJHS-35.35%.

Metric 3.13 showed substantial increases in student connectedness across all campuses, suggesting that opportunities for physical activity, teamwork, and participation contributed to a stronger sense of belonging among students. These gains were accompanied by improved attendance from 91.13% to 92.2% and reductions in chronic absenteeism both districtwide (-6.5%) and at San Lauren (-6.0%). Attendance outcomes improved for unduplicated pupils, with English Learners increasing attendance by 2.5%, Low-Income students by 0.5%, and Foster Youth maintaining a 91% attendance rate, while chronic absenteeism decreased for English Learners and Low-Income students. These results suggest that the elementary PE program supported student engagement and school connectedness because structured physical activities provided opportunities for participation, relationship-building, and positive connections to school. Overall, the metric indicates effectiveness. BSD has maintained a consistent staffing of PE aides, which provides students with structured play while building their knowledge in physical activities.

==========

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 3.12 - Other Local Measures

Significant portion of the 5th grade parents opted-out due to concerns regarding CHKS questionnaire. The sample size was less than 10, therefore, a report was not generated.

==========

Action 3.1 - Student Data Systems/Parent Communication

BSD IT indicated lack of use in some PowerSchool products, which we will phase out.

==========

Action 3.3 - Community Outreach Team

Budget increased due to increase in certificated and classified salary schedule.

==========

Action 3.4 - Improved School Climate

Hired a new teacher with low experience, which reduced the total salary and benefits for Alternative Placement Program. CPI training is now free if trained by KCSOS for all SpEd staff.

==========

Action 3.5 - Positive Playground Activities

Moved a JH PE teacher to cover K-6 elementary PE, in which PE teacher requested additional funds to purchase age appropriate equipment. Moreover, budget increased due to certificated and classified salary increase.

==========

Action 3.6 - Extended Day Activities

LCAP provides funding for Junior High activities, and other state funds (ASES and ELOP) are utilize for District wide extended day activities. The reduction in funding is due to moving extended day costs cost to Boy and Girls contract to cover coaches, referees, scorekeeper, 4 full time activity coordinators, and a full time elementary athletic director.

==========

Action 3.10 - Elementary PE Program

Moved a JH PE teacher to cover K-6 elementary PE.

==========

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
3.1	Student Data Systems/Parent Communication	The district will keep parents and other educational partners informed, in a language that is accessible, about attendance, chronic absenteeism, and academic achievement in a timely manner. The district will seek to increase parent participation at meetings and events held at school campuses and district-wide. The district will endeavor to increase parent input for decision making, especially for School Plans for Student Achievement (SPSA) and the Local Control Accountability Plan (LCAP) *25-26 BSD identified lack of utilization in a PowerSchool product, which was phased out. Parents and guardians will have instant on line access to student academic progress and attendance data through the student information system's Parent Portal. Access to enrollment forms, absence notification systems, permission slips, and other forms throughout the year will be available on line. These forms can be accessed in multiple languages. Notifications of attendance and chronic absenteeism issues will be sent to parents in their home language. This will be accomplished by maintaining contracts with our Student Information System, Power School, Swift K-12 phone system, school and	$60,000.00	Yes

3.3	Community Outreach Team	A community outreach team will work with students, parents, and staff to increase attendance, reduce chronic absenteeism and suspension rates, foster unduplicated student growth in the core content areas, and promote parent participation. *25-26 Budget was increased due to increase in certificated and classified salary schedule through Collective Bargaining agreement. The Community Outreach team will consist of: One full time and one part time Community Specialist will assist families with overcoming barriers to regular school attendance, coordinate School Attendance Review Board meetings and data, and regularly attend TRACK meetings at the Kern County of Superintendent of Schools Office. Three vice principals will increase support services to students who are struggling with chronic absenteeism or behavioral issues; and increase communication with parents and coordinate support services for students.	$463,639.24	Yes

Action #	Title	Description	Total Funds	Contributing
		One Resource Coordinator will act as the liaison for Foster Youth, English Learners, and Homeless Youth. This coordinator will work with families, train impacted staff, and regularly attend TRACK meetings at the Kern County of Superintendent of Schools Office. One Parent Volunteer Coordinator will create a bridge to link families to the schools, and foster parent engagement. Fresno State University will provide courses for parents of unduplicated students, specifically those of English Learners, at no cost to families. Courses are provided in English, Spanish, and Punjabi, with more languages being added as needed by parents. Topics include Pathway to College, Digital Literacy, Financial Literacy, Conversational English and many more. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteesim and Suspensions for: Chronic Absenteeism District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: n/a North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, White) Beardsley Junior High: n/a Student Subgroups at JH: n/a Suspension District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a

3.4	Improved School Climate	The district will provide Student Intervention Facilitators and an Alternative Placement Program to reduce suspension rates and promote student attendance and engagement. The district will maintain four full time Student Intervention Facilitators at all elementary sites and one at the Junior High to provide interventions to further reduce suspensions and engage students. Four certificated teachers and one Instructional Aide will provide an Alternative Placement program on every campus to reduce suspensions and decrease absenteeism. *25-26 BSD hired a new teacher with low experience, which reduced the total salary and benefits for Alternative Placement Program. In addition, CPI training is now offered by KCSOS for free. Training in Nonviolent Crisis Prevention through CPI will be conducted with staff throughout the district. The district will continue to focus on trauma informed care, as well as social-emotional and behavioral supports to reduce the student suspension rate and increase attendance and engagement. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteeism and Suspensions for: Chronic Absenteeism District: n/a Student Subgroups: n/a	$784,258.91	Yes

		development, and enrichment opportunities. This extended day program is available to students after school, as well as during Winter Break and summer. *25-26 LCAP provides funding for Junior High activities, and other state funds (ASES and ELOP) are utilize for District wide extended day activities. The reduction in funding is due to moving extended day costs cost to Boy and Girls contract to cover coaches, referees, scorekeeper, 4 full time activity coordinators, and a full time elementary athletic director. Some of the activities provided to all students include: • Access to a wide variety of clubs to meet the diverse interest of students, including but not limited to Arts & Crafts, Legos, 3D Printing, Graphic Design, Gardening, Crochet, DIY projects Cheerleading, and more. • A snack and light supper will be served daily. • Homework assistance provided daily with time and resources dedicated to support academic achievement. • Engaging and educational field trips such as white water rafting, nature observation at Hart Park and Panorama Bluffs, and an educational workshop at Disneyland. • Assemblies that promote academic and personal growth such as Professor Egghead (science) and Mind Matters. • Sports teams for football, soccer, volleyball, baseball, and track and field will be formed at each campus. Elementary students will engage in games and competitions with each other, as well as neighboring districts. • Students in grades 7-8 who maintain a 2.0 GPA or better, and who meet positive behavior expectations may also choose from a wide variety of team sports and activities, and will engage in games and competitions with school districts throughout the county. Funding for this program includes: • Salaries and benefits for staff provided by Boys and Girls Club, as well as any district employees providing service as a club leader or sports coach.		

Action #	Title	Description	Total Funds	Contributing
		Funding also covers 1 full time director from the district to oversee the program. • All costs associated with providing daily meals and snacks. • Costs for materials and supplies for all clubs • Contracts and/or entrance fees for field trips and assemblies, as well as any transportation costs. • Sports equipment and uniforms for all sports and cheerleading, as well as any entrance fees for competitions, and fees for referees and scorekeepers. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteesim and Suspensions for: Chronic Absenteeism District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: n/a North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, White) Beardsley Junior High: n/a Student Subgroups at JH: n/a Suspension District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: n/a North Beardsley: All Students Student Subgroups at NB: (AA, SED) San Lauren: n/a Student Subgroups at SL: n/a

		Beardsley Junior High: n/a Student Subgroups at JH: n/a		
3.7	Health Services	The district will continue its efforts to provide health services for all students to increase attendance and reduce chronic absenteeism. Two full time nurses (RN), one part time LVN, and two health clerks will work closely with site administrators, district staff, and families to provide support. Nurses will conduct vision and hearing screenings, and provide dental education. They will prepare health care plans for students with medical conditions requiring additional support during the school day. They will communicate with parents to address the health and safety of students, as well as medically related attendance issues. Nurses and Health Clerks will provide parent and staff training on topics including epi-pens, chronic disease management, CPR, basic first aid, and the use of AEDs. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteesim for: Chronic Absenteeism District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: n/a North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, White) Beardsley Junior High: n/a Student Subgroups at JH: n/a	$597,694.24	Yes

Action #	Title	Description	Total Funds	Contributing
3.8	Transportation	Additional bus routes for home-to-school transportation at each school site will be provided to expand services to students within the designated walking distance. This will increase access to reliable transportation that will lead to increased attendance, reduced chronic absenteeism, and support school connectedness. Five bus drivers will be hired/maintained to provide expanded routes. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteesim for: Chronic Absenteeism District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: n/a North Beardsley: n/a Student Subgroups at NB: n/a San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, White) Beardsley Junior High: n/a Student Subgroups at JH: n/a	$423,366.00	Yes
3.9	School Connectedness	To foster a sense of school connectedness and community among students, each school site will provide students with merchandise specifically tailored to their mascot and motto. Many students, especially unduplicated students, cannot afford to purchase school merchandise. This often leads to feeling left out during school-wide spirit days. Increased student perceptions of school connectedness and belonging to their school community will improve attendance, reduce suspensions, and improve overall school climate. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteesim and Suspensions for: Chronic Absenteeism	$38,440.00	Yes

Action #	Title	Description	Total Funds	Contributing

Goals and Actions

Goal

Goal #	Description	Type of Goal
4	Equity Multiplier: Beardsley School District (24-25 Beardsley Elementary, 24-25 North Beardsley Elementary, and 24-25 San Lauren Elementary) will increase student ELA skills such as phonics, phonemic awareness, fluency, vocabulary, and comprehension by implementing and training staff on the Science of Reading by 2028. Within three years, all low performing student subgroups will demonstrate growth towards meeting or exceeding standards in ELA as measured by CAASPP test results.	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Academic achievement for Beardsley Students continues to be a high priority. The 2023-2024 Dashboard data indicates a need to continue ELA support throughout the District with a focus in the following subgroups: Hispanic, socioeconomically disadvantaged, students with disabilities, English learners, and white. This is corroborated by feedback provided by educational partners at the identified school sites.

Beardsley SD will continue to receive KCSOS supports in ELA and ELD strategies and practices.

The following data supports the need for the development of this goal. Only North Beardsley Elementary qualified to receive Equity Multiplier funding.

English Language Arts

The following subgroups received the lowest performance level of “red” or "orange" on the ELA CAASPP for all students:

- Students with Disabilities

-North Beardsley Elementary: 120.2 points below standard (orange)

Goal Analysis [2025-26]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Implementation of Actions

4.1 - Professional Development in Literacy/ELD: PARTIALLY IMPLEMENTED

Beardsley SD is combining Science of reading, GLAD certification, and Walk to Learn to increase student's early literacy skills such as phonics, phonemic awareness, automaticity, and comprehension. LCRS funds are being utilized to support educators in this new framework and curriculum exclusively in Beardsley Elementary to develop proof of concept in structured literacy before district wide implementation.

==========

4.2 - ELA Intervention Curriculum/Program: PARTIALLY IMPLEMENTED

Beardsley SD purchased 95% diagnostic curriculum for reading intervention to assist students reading below grade level. As Beardsley SD continues to develop proof of concept in structured literacy, only Beardsley Elementary and RTI staff have access to 95% Core and Diagnostic curriculum.

==========

4.3 - Local Initiative - Curriculum Coordinator: NOT IMPLEMENTED

Due to deficit spending, BSD decided to not hire a curriculum coordinator at this time.

==========

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

4.1 - Professional Development in Literacy/ELD - Zero Equity Multiplier funds used.

BSD is still developing ELA proof of concept development in implementing structured literacy with science of reading components in early literacy practices. Therefore, BSD did not spend the allotted because sites are not ready to move forward with district wide implementation.

==========

4.2 - ELA Intervention Curriculum/Program - Zero Equity Multiplier funds used.

BSD is still developing ELA proof of concept development in implementing structured literacy with science of reading components in early literacy practices. Therefore, BSD did not spend the allotted because sites are not ready to move forward with district wide implementation.

==========

4.3 - Local Initiative - Curriculum Coordinator - Zero Equity Multiplier funds used.

BSD did not hire a curriculum coordinator.

==========

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

4.1 - Professional Development in Literacy and ELD

+Metric 4.1 shows an overall ELA improvements: BE all students (5.6 DFS), SL all students (3.4 DFS), and NB-EL (26.7) and NB-SWD (28.2).
-Metric 4.2 shows an overall decrease in Early Literacy: K (-19%), and 1st (1%)
+Metric 4.3 shows an overall increase in student instructional reading level: 2nd (1%), 3rd (-6%), 4th (4%), 5th (8%), 6th (12%), 7th (-0.4), and 8th (0)

Metric 4.1 demonstrated overall improvement in ELA performance, including gains for All Students at Beardsley Elementary (+5.6 DFS) and San Lauren (+3.4 DFS), as well as significant growth for English Learners (+26.7 DFS) and Students with Disabilities (+28.2 DFS) at North Beardsley. Metric 4.3 also showed growth in instructional reading levels across several grade levels, including grades 2, 4, 5, and 6, indicating that professional development in literacy and ELD supported improvements in reading instruction and student literacy outcomes. However, Metric 4.2 showed declines in early literacy performance in Kindergarten (-19%) and limited growth in first grade (+1%), while instructional reading level results were mixed in grades 3 and 7. Overall, the data indicates partial effectiveness, with positive improvements in ELA achievement and reading levels, while additional focus on early literacy implementation is needed to improve outcomes in the primary grades.

==========

4.2 - ELA Intervention Curriculum and Program

+Metric 4.1 shows an overall ELA improvements: BE all students (5.6 DFS), SL all students (3.4 DFS), and NB-EL (26.7) and NB-SWD (28.2).
-Metric 4.2 shows an overall decrease in Early Literacy: K (-19%), and 1st (1%)
+Metric 4.3 shows an overall increase in student instructional reading level: 2nd (1%), 3rd (-6%), 4th (4%), 5th (8%), 6th (12%), 7th (-0.4), and 8th (0)

Metric 4.1 showed notable gains in English Language Arts performance, including improvements for all students at Beardsley Elementary and San Lauren, as well as substantial growth for English Learners and Students with Disabilities at North Beardsley, indicating that intervention supports addressed identified learning needs. However, declines in early literacy outcomes for kindergarten and first grade and inconsistent growth in instructional reading levels across grade spans suggest that continued refinement of intervention strategies is needed to strengthen foundational literacy skills and ensure more consistent reading growth for all students. 95% Core and Intervention curriculum is the new Universal assessment tool that identifies student deficits in ELA. Overall, the data indicates effectiveness.

==========

4.3 Local Initiative - Curriculum Coordinator

The Curriculum Coordinator role was not filled; therefore, no determination on effectiveness or ineffectiveness.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Metric 4.2 - Other Student Outcomes

Switched from Renaissance - STAR Reading to Amplify DIBELS which did not have subgroup data for K-6. North Beardsley is the only campus that was eligible for Equity Multiplier funding.

==========

Metric 4.3 - Other Student Outcomes

Switched from Renaissance - STAR Reading to Amplify DIBELS which did not have subgroup data for K-6. North Beardsley is the only campus that was eligible for Equity Multiplier funding. In addition, baseline was updated to match reporting outcomes.

==========

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
4.1	Professional Development in Literacy/ELD	The district will provide Science of Reading (SOR) with a focus in literacy and GLAD program certification training for K-3 staff. Research shows that components of SOR such as phonics, phonemic awareness, automaticity, and comprehension are essential skills in reading and comprehension. *25-26 North Beardsley is the only campus that was eligible for Equity Multiplier funding. All elementary campuses will utilize Equity Multiplier for literacy and reading coaches for SOR and early literacy implementation. District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: (Hispanic, SED) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, SWD, White)	$175,000.00	No

Action #	Title	Description	Total Funds	Contributing
4.2	ELA Intervention Curriculum/Program	The District will purchase additional products or services to assist students reading below grade level, by providing a reading intervention program, along with supplemental materials and support. A standardized supplemental reading intervention curriculum will be implemented at North Beardsley Elementary campus which includes screening, targeted instruction, and progress monitoring. District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: (Hispanic, SED) North Beardsley: n/a Student Subgroups at NB: (EL, SWD) San Lauren: n/a Student Subgroups at SL: (Hispanic, SED, SWD, White)	$220,000.00	No
4.3	Local Initiative - Curriculum Coordinator	The District will hire a curriculum coordinator to support and improve the curriculum and instruction in early literacy within North Beardsley Elementary. This position will help develop, implement, and evaluate benchmark assessments, universal screener, progress monitoring and diagnostic products to ensure alignment of improving Beardsley ELA practices that focus on early literacy development. This staff will work with teachers, administrators, and other stakeholder to gather feedback, assess curriculum effectiveness, and make/suggest necessary adjustments, and provide professional development to assist ELA progression. District: n/a Student Subgroups: n/a Schools: Beardsley Elementary: n/a Student Subgroups at BE: (Hispanic, SED)	$218,610.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
5	By June 2027, North Beardsley Elementary School will improve the California Dashboard Chronic Absenteeism indicator for African American students by decreasing the Chronic Absenteeism rate by at least 5 percentage points from the 2025 Dashboard baseline through Equity Multiplier-funded professional learning for administrators and staff, targeted attendance interventions, family engagement, and student connectedness. Progress will be monitored quarterly using local attendance data and annually through the California Dashboard.	Equity Multiplier Focus Goal

State Priorities addressed by this goal.

Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

Chronic absenteeism for Beardsley Students continues to be a high priority. The 2025 Dashboard data indicates a need to improve Chronically Absent support throughout the District with a focus in the following subgroups: African American students. This is corroborated by feedback provided by educational partners at the identified school sites. The 2025 LCAP student survey articulated substantial need for student connectedness to friends, PE and other enrichment programs, school climate, anti-bullying, and academic help. The Student Connectedness survey shows an increase in the following responses:

All Responses increased from 2024 to 2025

- Was being bullied or mistreated while at school or on the way to school

-2024, 6%
-2025, 15%

- Felt very sad, hopeless, anxious, stressed, or angry

-2024, 12%
-2025, 15%

- Don't feel safe at school or going to and from school

-2024, 4%
-2025, 8%

- Wanted to spend time with friends

-2024, 5%
-2025, 15%

- Was behind in schoolwork or not prepared for a test or class assignment

-2024, 6%
-2025, 15%

- Was bored or uninterested in school

-2024, 4%
-2025, 8%

BSD will use metrics in CA Dashboard, LCAP student survey, and student connectedness survey to measure progress in meeting the goal related to student connectedness to friends, PE and other enrichment programs, school climate, anti-bullying, and academic help.

The following data supports the need for the development of this goal. Only North Beardsley Elementary qualified to receive Equity Multiplier funding.

- North Beardsley: All Student Groups with Red Indicators on All Dashboard reports.

-Chronic Absenteeism: AA 38% chronically absent (red).

Actions

Action #	Title	Description	Total Funds	Contributing
5.1	Professional Development	In order to ensure teachers are appropriately assigned and have appropriate credentials, professional development will be provided to new teachers and Interns participating in the Teacher Induction, Intern, or who are on a waiver. Current educators will receive relevant training such as KCSOS - Cost of Poverty Experience (COPE) as well as other relevant course work to build teacher's professional capacity to assist students. Professional development provides strategies and structures to meet the unique needs of Chronically Absentee students in identified areas (Student Connectedness). Actions includes contractual and consulting services to assist with improving student connectedness.	$100,000.00	No
5.2	Student Intervention/Support	BSD will continue to expand its services to address student absenteeism in the follow areas: ACADEMICS Afterschool tutoring and enrichment services to students by providing classes focusing on reading & math intervention, music, STEM, and hobby based classes to improve student engagement and connectedness. Students will be provided with opportunities to participate in activities which enhance their academic growth in all subject areas. SOCIAL EMOTIONAL LEARNING	$200,000.00	No

Action #	Title	Description	Total Funds	Contributing
		The district will continue to provide an environment that is safe for all students physically and social-emotionally. BSD will continue to promote positive social-emotional responses and positive behavior through the implementation of PBIS and Suicide Prevention. ATTENDANCE A community outreach team will work with students, parents, and staff to increase attendance, reduce chronic absenteeism and suspension rates, and promote parent participation. The district will also promote positive attendance and behavior standards by funding study trips and incentives to recognize student attendance and behavior. This action will address the Red Indicator on the CA Dashboard in Chronic Absenteeism for: North Beardsley: All students Student Subgroups at NB (AA)

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	**Action:** Class Size Reduction **Need:** Data shows that our unduplicated pupils are below academic standards, and the benefits of small classroom sizes in K-3 will have an impact on their academic success not only in those formative years, but for the remainder of their academic career.	Unduplicated students will benefit from small class sizes due to the increased opportunities for targeted, individualized instruction in reading and math. Small class sizes also present English Learners more opportunities to develop their oral language skills in those small group settings. This action is expected to significantly increase reading and math scores for unduplicated students.	(1.1) (1.2) (1.3) (1.4) (1.7) (1.8) (1.9) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	English Learners • 92.5 points below standard on the CAASPP ELA assessment • 120 points below standard on the CAASPP Math assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average percentage of K-3 students at or above the benchmark on the Star Math test was 21.8% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 101.4 points below standard on the CAASPP Math assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners recommends maintaining small class sizes, utilizing additional measures to determine academic achievement, provide more	These actions will be provided on a school wide basis because all K-3 students performing below grade level can benefit from opportunities to improve.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	individualized small group instruction and implementing more common formative assessments. It was also recommended this goal be moved from Goal 3. **Scope:** Schoolwide		
1.2	**Action:** Grade Level Lead Teachers **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8%	English Learners, Foster Youth, and Socioeconomically Disadvantaged students benefit from this action due to the consistent academic focus on Common Core implementation, and data driven instruction. This action is expected to significantly increase reading and math scores for unduplicated students. These actions will be provided on a district wide basis because all students performing below grade level can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners recommends more common formative assessments and data analysis to drive instruction.		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Scope: LEA-wide		
1.3	**Action:** Library Services **Need:** Data from CAASPP ELA, as well as local data, shows unduplicated students are reading below grade level: English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at/above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an IRL of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 Foster Youth • 71.8 points below standard on the CAASPP ELA assessment	Low income, Foster Youth, and English Learners will benefit with increased access to diverse reading materials, increased library access time, and librarians trained in strategies to address their needs. We expect these actions to significantly improve reading assessment scores for low income, foster youth, and English Learners, along with English language proficiency with These actions will be provided on a district wide basis because all students performing below grade level can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.11) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Feedback from Educational Partners confirms that students in our district have a need for a wide variety of reading materials that will encourage a love of reading. Ensuring that all 4 Librarians remain full time to provide access all day, as well as before and after school is also recommended. **Scope:** LEA-wide		
1.5	**Action:** Summer Enrichment/STEM **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students	Unduplicated students will receive additional reading, math, and enrichment activities and support during the summer. This action is expected to increase the percentage of unduplicated students scoring proficient on state and local math and ELA assessments, as well the progress in reducing the performance gap between these subgroups and all students. This action will be provided on a district wide basis because all students performing grade level or standard can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11)(1.12) (1.13)(1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Feedback from Educational Partners reiterated the need for additional opportunites during the summer to improve reading and math proficiency, a time when many students regress. **Scope:** LEA-wide		
1.7	**Action:** Academic Enrichment Opportunities **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment	Unduplicated students will be offered a variety of opportunities for academic enrichment. Through practice sessions and competitions Low income, Foster Youth and English Learners will increase academic knowledge in a wide array of topics, strengthen vocabulary and other oral language skills, as well as improve reading, writing and math skills. These actions are expected to contribute to the academic success of unduplicated students in reading, math, as well as student engagement. These actions will be provided on a district wide basis because all students performing below grade level or assessment benchmarks can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13)(1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners indicate the need to continue providing these		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	opportunities to students, and to increase participation whenever possible. **Scope:** LEA-wide		
1.8	**Action:** Academic Technology Programs **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star	These technology programs contribute to the academic success of unduplicated students as they support differentiation, a vital component in instruction. These platforms also encourage collaboration and foster communication between students, an area particular to English Learners. These actions are expected to increase the reading and math scores of unduplicated students, and help to reduce the achievement gap. These actions will be provided on a district wide basis because all students performing below grade level or assessment benchmarks can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners, particularly teachers, continues to support the use of this technology to provide diverse learning experiences in the classroom. **Scope:**		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
1.9	**Action:** Math Intervention Programs **Need:** Data from CAASPP Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in math. English Learners • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star	These targeted interventions will offer unduplicated students support in math. We expect these actions to improve math assessment scores for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students performing below grade level can benefit from opportunities to improve.	(1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	math test is 21% Foster Youth • 114.9 points below standard on the CAASPP math assessment Educational partners, including staff and parents, agree that more intervention is needed to increase math proficiency. Partners recommended additional metrics to measure success. **Scope:** LEA-wide		
1.10	**Action:** Reading Intervention Programs **Need:** Data from CAASPP ELA assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students	Unduplicated students will benefit by receiving targeted intervention in reading during the regular school day. These students have been identified by their low performance on the CAASPP and other local assessments, in relation to all students. We expect these interventions to significantly improve reading assessment scores for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students performing below grade level can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 Foster Youth • 71.8 points below standard on the CAASPP ELA assessment Feedback from Educational Partners, especially staff and parents, indicate that the need for targeted reading intervention continues to be a priority. Staff recommend the purchase of an intervention curriculum that will meet the diverse needs of student proficiency levels. **Scope:** LEA-wide		
1.11	**Action:** Classroom Support **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment	Unduplicated students will receive additional small group support targeting their specific needs. The classroom support provided is expected to significantly improve reading and math assessment scores for low income, foster youth, and English Learners These actions will be provided on a school wide basis because all elementary students performing below grade level can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	math test is 32% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners agrees that providing Instructional Aides in classrooms provides opportunities for small group instruction, as well as individualized assistance and feedback to students. **Scope:** Schoolwide		
1.12	**Action:** Supplemental ELA and Math **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level	The district will provide supplemental materials and resources in Math and English Language Arts identified to meet the needs of unduplicated students who are struggling academically and performing below their peers. We expect these actions to significantly improve the reading and math assessment scores for English Learners, Low Income, and Foster Youth. These actions will be provided on a district wide basis because all students performing below grade level can benefit from opportunities to improve.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners, particularly classroom teachers, intervention teachers, instructional aides, and administrators recommend the continued purchase of supplemental materials as they provide ways to tailor instruction to individualized needs. **Scope:** LEA-wide		
1.14	**Action:** Kindergarten Summer Bridge Program **Need:** Data form local ELA and math assessments show unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. English Learners • 21% of K students scored at or above the benchmark on the Star Early Literacy Test • 0% of K students scored at or above the benchmark on the Star Math Test Socioeconomically Disadvantaged • 35% of K students scored at or above the benchmark on the Star Math Test	Low Income, Foster Youth, and English Learners will have priority registration for the program. Unduplicated students will benefit from the additional 5 days of academic small group instruction, with an emphasis on early literacy and mathematics skill building. We expect this program to improve year end reading and math assessment scores for unduplicated kindergarten students. These actions will be provided on a school wide basis because all Kindergarten students can benefit from opportunities to receive additional instruction and support.	(1.2) (1.4) (1.8) (1.9) (1.12) (1.13) (1.14)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 0% of K students scored at or above the benchmark on the Star Math Test Feedback from Educational Partners, including teachers, staff, administrators, and parents, recommend the program be offered for a five days, and that staff be increased at all campuses. **Scope:** Schoolwide		
2.1	**Action:** Technology Infrastructure **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. Unduplicated students need access to current technology infrastructure and programs to support core and supplemental instruction. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level	Unduplicated students will have access to current technology and hardware to improve their overall academic success, particularly in English Language Arts and Math. Many of these students do not have access to this advanced technology at home. We expect these actions to significantly enhance the learning experience of Low Income, Foster Youth, and English Learners who may not otherwise have such access. These actions will be provided on a district wide basis because all students can benefit from this initiative.	(2.6) (2.24) (2.25)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners including staff and parents indicates the continued need to provide technology devices and software that are in good working order, compatible with the latest software offerings, and are monitored to insure cyber safety for students. **Scope:** LEA-wide		
2.2	**Action:** Social Emotional and Positive Behavior Support **Need:** Low Income students constitue the majority of the student population. Anonymous surveys and confidential school social worker data indicate that the majority of students needing increased services would be primarily low income students. Social Emotional Support • 258 Students were referred to School Social Workers during the 2023-2024 school year, up from 169 the previous year • 65 of those were referred for suicide risk assessment, up from 45 last year	The focus of this action is to ensure low income students feel physically and emotionally safe and engaged. Many students in these subgroups experience trauma, and their families lack the financial means to provide counseling outside of the school system. We expect this action to increase the overall social-emotional health of students, and provide an environment where they feel safe and ready to learn. These actions will be provided on a district wide basis because all students are affected by these factors and will benefit from the services provided.	(2.14) (2.15) (2.16) (2.26) (2.27) (2.28) (2.29)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 124 were referred for crisis intervention, up from 107 last year • 66 home visits were conducted • 94 were referred to outside agencies for additional support • 5 Foster Youth were identified during referrals, and linked to additional supports • 2021 California Healthy Kids Survey data for 6th grade students indicates: • 43% feel safe at school • 38% said they had been hit or pushed • 52% had mean rumors spread about them • 63% were called bad names or were the target of jokes • 10% claim to have seen a weapon at school • 43% were victims of cyberbullying • 23% said they had used alcohol or drugs • 3% had used marijuana • 5% admitted to cigarette use • 13% said they had vaped • 37% said they frequently felt sad • 2021 California Healthy Kids Survey data for 7th graders indicates: • 39% feel safe at school • 46% have experienced some form of harassment or bullying • 51% had mean rumors or lies spread about them • 36% have been afraid of being beaten up • 21% have engaged in a physical fight		

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 24% claim to have seen a weapon on campus • 40% were victims of cyberbullying • 15% said they were currently using drugs or alcohol • 9% use marijuana • 4% participated in binge drinking • 12% vape tobacco • 6% vape marijuana • 48% responded they felt chronic sadness or hopeless during past 12 months • 25% had seriously considered suicide during past 12 months Feedback from all Educational Partners stress the importance of meeting the social-emotional needs of students. Bringing back the 5 Social Workers was a high priority for all partners. **Scope:** LEA-wide		
2.3	**Action:** New Teacher Professional Development **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. Teachers who are highly effective annd appropriately assigned provide the more opportunites for successful academic outcomes.	Retaining fully credentialed and highly trained teachers will result in higher quality teachers providing services for low income, foster youth, and English Learners.This increased academic success for unduplicated students, especially in reading and mathematics. We expect this action to increase the number of fully credentialed teachers district wide, and reduce the number of teachers who are identified as "ineffective" or "misassigned" and to reduce the achievement gap for unduplicated students	(2.1) (2.2) (2.24) (2.25)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2 • 101.4 points below standard on the CAASPP Math assessment	These actions will be provided on a district wide basis because all students will benefit from highly qualified teaching staff.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners, especially teachers and administrators, continue to advocate for support for new teachers obtaining their clear teaching credential. It is also noted that teachers receiving this support are better equipped to provide high quality instruction in the classroom. **Scope:** LEA-wide		
2.4	**Action:** Music Program **Need:** Unduplicated students might not otherwise have access to a music program or private lessons outside of school due to prohibitive costs. Increased opportunites for engaging programs increases student engagement and	This action will provide enriching activities in the Arts to our Low income, foster youth, and English Learners that more affluent students would be able to access outside of the school program. Access to this program is intended to increase their attendance, reduce chronic absenteeism, and promote connectedness to school.	(2.17) (2.18) (2.22) (2.23) (2.26) (2.27) (2.28) (2.29)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	connectedness. English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% Foster Youth: • Chronic Absenteeism rate is 23.1% District Data: • 29% of students reported they felt they belonged when they were at school Feedback from Educational Partners recommend that music programs be maintained in all campuses as participating in performing arts programs can lead to increased academic performance and student engagement. **Scope:** LEA-wide	We expect this action to significantly provide more opportunities for low income, foster youth, and English Learners to access a broad course of study, increasing academic success and reducing the achievement gap, as well as reduced absenteeism. These actions will be provided on a district wide basis because all students can benefit from opportunities to improve access to a broad course of study.	
2.5	**Action:** Electives **Need:** Increased opportunites for engaging programs such as Art, Foreign Language, and Project Lead they Way for unduplicated students increases student engagement and connectedness. Increased engagement reduces absenteeism and promotes	Unduplicated students will have a wider variety of electives to choose from, increasing their overall knowledge and engagement within the school campus. We expect this action to significantly provide more opportunities for low income, foster youth, and English Learners to access a broad course of study, increasing academic success and reducing the achievement gap. It is also expected to	(2.17) (2.19) (2.22) (2.23) (2.26) (2.27) (2.28) 2.29)

	connectedness. English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% Foster Youth: • Chronic Absenteeism rate is 23.1% District Data: • 29% of students reported they felt they belonged when they were at school Feedback from Educational Partners recommend that a wide variety of electives be maintained as participating in a broad course of study can lead to increased academic performance and student engagement. **Scope:** Schoolwide	reduce absenteeism and increase feelings of connectedness. These actions will be provided on a district wide basis because all students can benefit from opportunities to improve access to a broad course of study.	
2.6	**Action:** Technology Oversight **Need:** Data from CAASPP ELA and Math assessments, as well as local data, shows unduplicated students are performing below grade standards, benchmarks, and grade level in reading and math. Unduplicated students need access to current technology	Unduplicated students will have access to current technology and hardware to improve their overall academic success, particularly in English Language Arts and Math. Many of these students do not have access to this advanced technology at home. We expect these actions to significantly enhance the learning experience of Low Income, Foster	(2.6) (2.12) (2.17) (2.24) (2.25)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	infrastructure and programs to support core and supplemental instruction. English Learners • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test is 21.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 22% • Average percentage of 7-8 students at or above benchmark on the Star math test is 0% Socioeconomically Disadvantaged • 73 points below standard on the CAASPP ELA assessment • 2nd and 3rd grade students averaged an Instructional Reading Level of 1.5, lower than a 2nd grade level • Average 3rd-6th grade IRL of 3.5 • Average 7th-8th grade IRL of 5.2	Youth, and English Learners who may not otherwise have such access. These actions will be provided on a district wide basis because all students can benefit from this initiative.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• 101.4 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Math test was 24.8% • Average percentage of 4-6 students at or above benchmark on the Star math test is 32% • Average percentage of 7-8 students at or above benchmark on the Star math test is 21% Foster Youth • 71.8 points below standard on the CAASPP ELA assessment • 114.9 points below standard on the CAASPP math assessment Feedback from Educational Partners including staff and parents indicates the continued need to provide technology devices and software that are in good working order, compatible with the latest software offerings, and are monitored to insure cyber safety for students. **Scope:** LEA-wide		
2.7	**Action:** Custodians **Need:** Providing an environment that is clean, safe, and in good repair is imperative for students to enjoy attending their school and classes. When students are comfortable in their learning environment, attendance and school	Unduplicated students will have access to an environment that is clean, safe, and inviting. We expect this action to provide an environment that leads to increased academic success and engagement for low income, foster youth, and English Learners.	(2.7) (2.8) (2.9) (2.26) (2.27) (2.28) (2.29)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	connectedness increase, and chronic absenteeism decreases. English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% Foster Youth: • Chronic Absenteeism rate is 23.1% District Data: • 29% of students reported they felt they belonged when they were at school Survey Results results: agree schools are clean and in good repair. This data is anonymous, and unduplicated responses are not available. Students: 59.3% Parents: 100% Staff: 62.9% Feedback from Educational Partners, especially through survey data from teachers and administrators, continues to stress the importance of providing a clean and safe environment in order for students to learn. **Scope:** LEA-wide	This action will be provided on a district wide basis because all students will benefit from an environment that is clean and safe.	

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.1	**Action:** Student Data Systems/Parent Communication **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% Foster Youth: • Chronic Absenteeism rate is 23.1% Parent Data: • 46.7% Of parents say there are many opportunities to participate in decision making • 33.3% of parents strongly agree that the district values their opinion Educational Partner Feedback, especially from parents and staff, agree that school to home communication is extremely important. Making sure that parents are notified as soon as possible of their child's absence is a priority, as well as receiving announcements and message in their home language. **Scope:** LEA-wide	Parents of unduplicated students will receive timely notification, in their home language, regarding student absences and other pertinent announcements. They will have access to their child's grades in real time. We expect these actions to significantly increase attendance and decrease chronic absenteeism for low income, foster youth, and English Learners, and to increase participation and decision making by their parents our guardians. This action will be provided on a district wide basis because all students and parents can benefit with increased involvement and communication.	(3.3) (3.4) (3.5) (3.6) (3.7)
3.2	**Action:** Student Recognition and Engagement **Need:**	Access to tangible incentives and rewards for unduplicated students is intended to increase their desire to engage in positive school behavior, and increase their attendance.	(3.6) (3.7) (3.8) (3.9) (3.10)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% Feedback from Educational Partners continue to recommend systems that provide recognition for students who improve in attendance and behavior. Recommended rewards included tangible items, special activities, and incentive field trips. **Scope:** LEA-wide	We expect these incentives and rewards to promote increase attendance and decrease chronic absenteeism, as well as reduce suspension rates for unduplicated students. These actions will be provided on a district wide basis because all students can benefit from improving opportunities for all students to receive rewards and incentives to create a positive climate.	
3.3	**Action:** Community Outreach Team **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37%	The community outreach team will work with students, parents, and staff to provide strategies to families to increase attendance and decrease chronic absenteeism. Helping unduplicated students make positive behavior choices will lower suspension rates for low income, foster youth, and English Learners. The team will also promote parent participation for unduplicated students.	(3.1) (3.2) (3.3) (3.4) (3.5) 3.6) (3.7) (3.9) (3.10) (3.11) (3.12) (3.13)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% Parent Data: • 46.7% Of parents say there are many opportunities to participate in decision making • 33.3% of parents strongly agree that the district values their opinion Feedback from Educational Partners confirms that the services of the Community Outreach team are an important component to helping reduce truancy and to encourage positive behaviors on campus. **Scope:** LEA-wide	We expect this action to increase attendance rates, lower chronic absenteeism and suspension rates for unduplicated students. These actions will be provided on a district wide basis because all students and parents can benefit from opportunities to improve in these areas.	
3.4	**Action:** Improved School Climate **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth:	English Learners, Low Income, and Foster Youth will benefit from individualized support leading to good decision making, an increased desire to attend school, and the benefits of forming personal relationships to increase their perception of school connectedness. The supports provided through the Alternative Placement Programs and working with the SIFs is expected to decrease suspension rates, as well as increase attendance for our unduplicated students. These actions will be provided on a district wide basis because all students can benefit from	(3.6) (3.7) (3.9) (3.10)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% Feedback from Educational Partners, especially classroom teachers, administrators, and parents, recommend continuing the use of Alternative Placement instead of suspension. The Student Intervention Facilitators have been a key factor in helping students to make better choices, and they have built relationships that encourage students to attend on a regular basis. **Scope:** LEA-wide	opportunities to improve with the assistance from the program.	
3.5	**Action:** Positive Playground Activities **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% District Data: • 29% of students reported they felt they belonged when they were at	Low Income, English Learners, and Foster Youth will have directed, positive interactions on the playground to reduce inappropriate behaviors and promote positive engagement and relationships with other students. We expect these actions to significantly increase attendance and decrease chronic absenteeism and suspension rates for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students can benefit from positive playground experiences so they can have positive relationships outside the classroom with their peers.	(3.6) (3.7) (3.9) (3.10) (3.11) (3.12) (3.13)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	school Feedback from Educational Partners recommends the continuance of this action to continue providing activities to engage students, and to promote collaboration and positive interactions between students. **Scope:** Schoolwide		
3.6	**Action:** Extended Day Activities **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% District Data: • 29% of students reported they felt they belonged when they were at school Educational Partners recommend providing extracurricular activities to encourage attendance and improved academic	Unduplicated students will have opportunities to receive homework assistance, participate in a variety of clubs, activities, field trips, and be involved in team sports after school, during intersession periods, and in the summer. This action will increase opportunities for participation by unduplicated students, who may not have the financial means to participate outside the school setting. We expect these actions to significantly increase attendance and decrease chronic absenteeism and suspension rates for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students can benefit from extended day activities to encourage student engagement during and after school.	(3.6) (3.7) (3.8) (3.9) (3.10) (3.11) (3.12) (3.13) (2.20)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	performance, increased student engagement and connectedness, as well as reducing unwanted behaviors and suspensions. Staff and administrators requested that 6th grade students be allowed to join Junior High sports teams to begin building rapport for the coming year. **Scope:** LEA-wide		
3.7	**Action:** Health Services **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% Foster Youth: • Chronic Absenteeism rate is 23.1% Feedback from Educational Partners recommends continuing to provide nursing services to all campuses, and to increase that service whenever possible. **Scope:** LEA-wide	Health staff will be able to assist unduplicated students and their families in improving health, understanding when absences are acceptable, and working with them to receive additional care outside of the school setting. We expect these actions to significantly increase attendance and decrease chronic absenteeism for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students can benefit from these services.	(3.3) (3.6) (3.7) (3.11)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
3.8	**Action:** Transportation **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% District Data: • 29% of students reported they felt they belonged when they were at school Feedback from Educational Partners recommends the planned expansion of bus routes. Parents specifically request this action to help ensure their students have a safe way to get to school when they are unable to transport themselves. **Scope:** LEA-wide	These additional routes will provide reliable transportation for unduplicated students who live in previously designated walking distances from their home school. In addition to increasing attendance, this action also increases the safety of students who might otherwise walk to school due to a lack of reliable transportation. We expect these actions to significantly increase attendance, decrease chronic absenteeism, and promote school connectedness for low income, foster youth, and English Learners. These actions will be provided on a district wide basis because all students can benefit from these services.	(3.6) (3.7) (3.8) (3.13)
3.9	**Action:** School Connectedness **Need:**	Many students, especially unduplicated students, cannot afford to purchase school merchandise. This often leads to feeling left out during school-wide spirit days.	(3.6) (3.7) (3.8) (3.13)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income: • Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% District Data • 29% of students reported they felt they belonged when they were at school Educational Partners continue to support this initiative to increase school connectedness, which is expected to lead to decreased absenteeism and suspension rates. **Scope:** LEA-wide	We expect these actions to significantly increase attendance, decrease chronic absenteeism, and promote school connectedness for low income, foster youth, and English Learners by increasing their perception of connectedness and belonging. These actions will be provided on a district wide basis because all students can benefit from this initiative.	
3.10	**Action:** Elementary PE Program **Need:** English Learners: • Attendance rate for 2023-2024 is 91.6% • Chronic Absenteeism rate is 33.2% Low Income:	Strategies such as fostering social interactions and promoting cooperative learning during lessons will particularly benefit Low Income, Foster Youth and English Learners to promote a sense of connectedness along with improving their overall physical and mental well being. We expect these actions to significantly decrease absenteeism and suspension rates for unduplicated students.	(3.6) (3.7) (3.8) (3.13)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	• Attendance rate for 2023-2024 is 91.7% • Chronic Absenteeism rate is 37% • Dropout rate is 1 student • Suspension rate is 3.9% Foster Youth: • Chronic Absenteeism rate is 23.1% • Suspension rate is 8.7% District Data • 29% of students reported they felt they belonged when they were at school Feedback from Educational Partners recommends continuing the support Elementary PE Instructional Assistants, and recommend one additional be added to support growing student populations. **Scope:** Schoolwide	These actions will be provided on a district wide basis at all elementary campuses because all students will benefit from opportunities to improve their physical health, mental well being, and engagement.	

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
1.4	**Action:** Services to English Learners (EL) **Need:**	We expect these actions to significantly improve academic assessment scores, English Learner Proficiency Indicators (ELPI), and reclassification rates of English Learners.	(1.1) (1.2) (1.3) (1.4) (1.5) (1.6) (1.7) (1.8) (1.9) (1.10) (1.11) (1.12) (1.13) (1.14) (2.10) (2.12) (2.13)

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	English Learners and Long-Term English Learners continue to be below state standard benchmarks. The achievement gap between these students and all students continues to be significant. • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Early Math test was 21.8% • Reclassification Rate has only rose 1% each year over the past 3 years • Less than 15% of students scored a Level 4 on the 2023-2024 ELPAC Feedback from Educational Partners, including teachers, administraators, parents, and community members, recommend Implementing a screening/progress monitoring instrument to help formation of small groups during designated ELD, and to increase the local measures used to track student progress and proficiency.		

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Scope: Limited to Unduplicated Student Group(s)		
1.15	**Action:** Long-Term English Learners (L-TEL) **Need:** Long-Term English Learners continue to be below state standard benchmarks. The achievement gap between these students and all students continues to be significant. • 92.5 points below standard on the CAASPP ELA assessment • Only 21% of K-1 students scored at or above the benchmark on the Star Early Literacy Test • 2nd and 3rd grade students averaged an Instructional Reading Level of only 0.8, less than a 1st grade reading level • Average 3rd-6th grade IRL of 1.9, 1.6 points lower than all students • Average 7th-8th grade IRL of 3.2, 2.1 points lower than all students • 120 points below standard on the CAASPP Math assessment • Average percentage of K-3 students at or above the benchmark on the Star Early Math test was 21.8% • Reclassification Rate has only rose 1% each year over the past 3 years • Less than 15% of students scored a Level 4 on the 2023-2024 ELPAC Feedback from Educational Partners, including teachers, administrators, parents, and community members, recommend	We expect these actions to significantly improve academic assessment scores, English Learner Proficiency Indicators (ELPI), and reclassification rates of English Learners.	(1.1) (1.3) (1.4) (1.7) (1.8) (1.11) (1.12) (1.13)

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
	Implementing a screening/progress monitoring instrument to help formation of small groups during designated ELD, and to increase the local measures used to track student progress and proficiency. **Scope:** Limited to Unduplicated Student Group(s)		
2.8	**Action:** Camp KEEP **Need:** Low Income, English Learners, and Foster Youth often cannot afford the cost to attend Camp KEEP, which averages $380 per student. They also lack the financial community base to attempt fundraising events within their neighborhoods or families. This leaves most low income, English learners, and foster youth without the financial means to attend. Feedback from Educational Partners including parents, staff, and community members, agree that this action provides a much needed service to our unduplicated students and their families. **Scope:** Limited to Unduplicated Student Group(s)	We expect these actions to significantly improve access to a broad course of student,as well as academic achievement for low income, foster youth, and English Learners. This action also helps meet the financial burden on families of Low Income, Foster Youth and English Learners for the cost to attend camp.	(2.12) (2.13) (2.17) (2.21)

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

All schools in the Beardsley School District are above 55% unduplicated students, therefore, there are no comparison schools.

The additional grant funding will be used to retain staff by providing salary increases to all certificated and classified staff (Goal 1 - Actions 1, 2, 3, 4, 5, 7, 9, 10, 11, 14, 15; Goal 2 - Actions 2, 3, 4, 5, 6, 7; Goal 3 - Actions 3, 4, 5, 6, 7, 8)

Funding will also be used to increase services by staff:
* maintain teaching staff positions for Class Size Reduction which would be eliminated due to other decreased funding sources (Goal 1, Action 1)
* add one PE Instructional Aide (Goal 1, Action 2)
* maintain 4 full-time custodian positions (Goal 2, Action 7)
* retain increased staffing that would be eliminated due to other decreased funding sources (Goal 3, Action 5)
* maintain one additional nurse (Goal 3, action 7)
* maintain five new bus drivers (Goal 3, Action 9)

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	Elementary Schools 1:12 Junior High School 1:33
Staff-to-student ratio of certificated staff providing direct services to students	N/A	Elementary Schools 1:18 Junior High School 1:20

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California Education Code [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).

    - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

        - **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (EC sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in EC sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32627(d), to provide the information identified above or to include actions funded with LREBG funds within the 2026-27, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with EC sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (EC Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,

- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:
    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
    - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric #

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

- The reasons for the ineffectiveness, and
- How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
    - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
    - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG

Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32627(d).

- School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
- As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
- LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
  - Identify the action as an LREBG action;
  - Include an explanation of how research supports the selected action;
  - Identify the metric(s) being used to monitor the impact of the action; and
  - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC*

Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover —

Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.
    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program,

the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

- This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

- If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

  The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2024
