LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Empower Generations

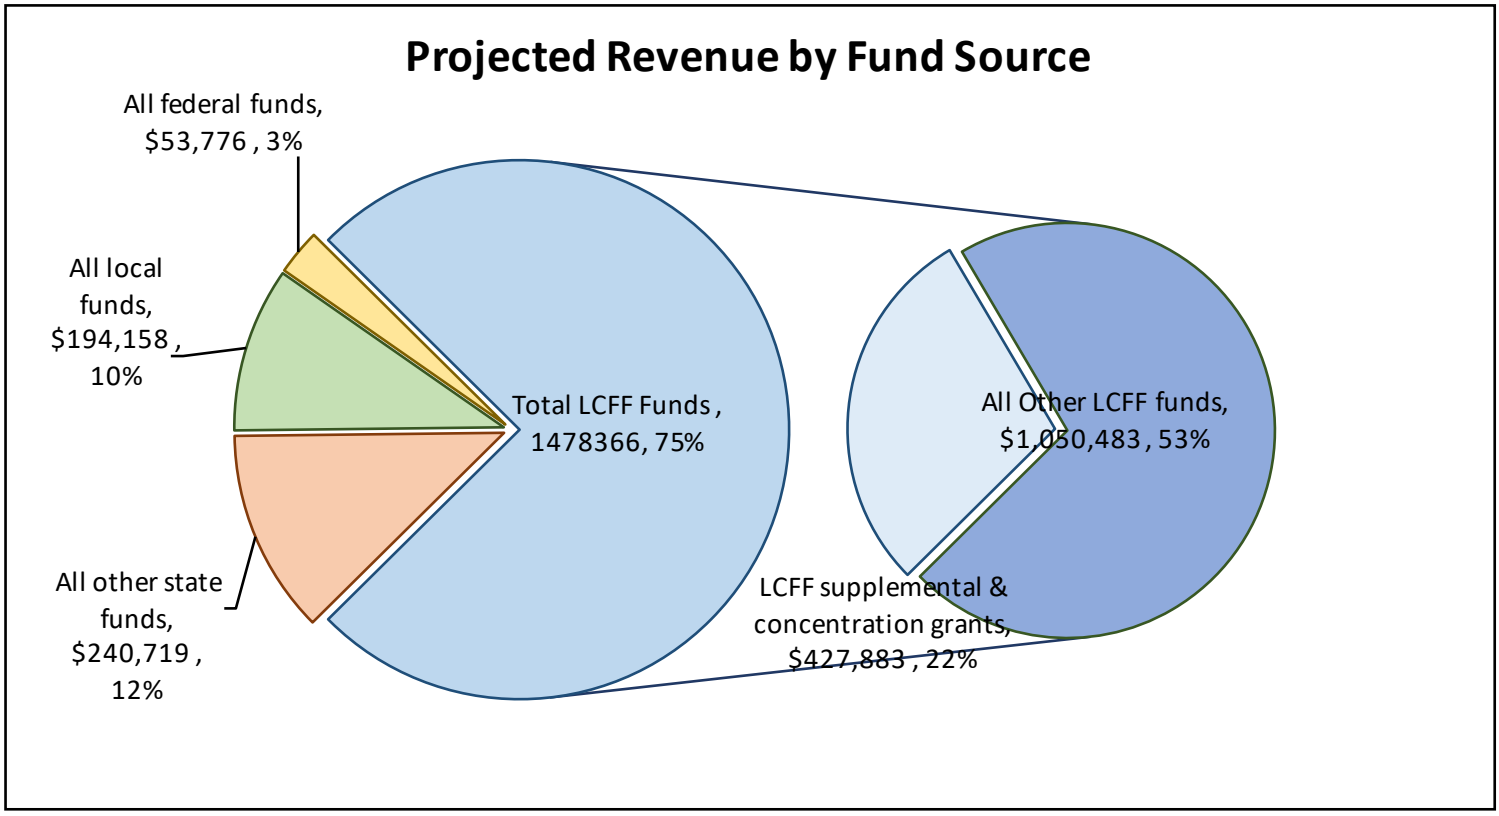

CDS Code: 19-75309-0134619

School Year: 2026/2027

LEA contact information: Sajae Davison 424-278-8481 sajae.davison@empowergenerations.org

School districts receive funding from different sources: state funds under the Local Control Funding Formula (L funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra fundin "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster you learners, and low-income students).

Budget Overview for the 2026/2027 School Year

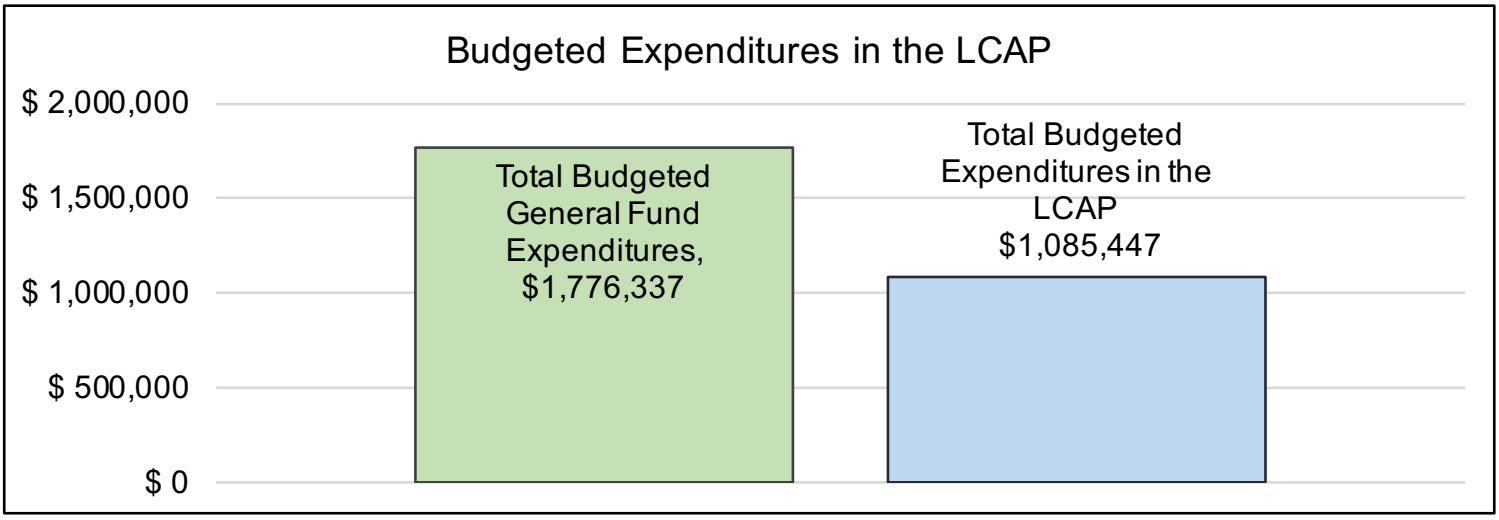

This chart shows the total general purpose revenue Empower Generations expects to receive in the coming y

The text description for the above chart is as follows: The total revenue projected for Empower Generations is which $1,478,366.00 is Local Control Funding Formula (LCFF), $240,719.00 is other state funds, $194,158.0($53,776.00 is federal funds. Of the $1,478,366.00 in LCFF Funds, $427,883.00 is generated based on the enr needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school district parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) th will use these funds to serve students.

LCFF Budget Overview for Parents

This chart provides a quick summary of how much Empower Generations plans to spend for 2026/2027. It sho
total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Empower Generations plans to spend $1,776,337.00 for t
school year. Of that amount, $1,085,447.00 is tied to actions/services in the LCAP and $690,890.00 is not incl
The budgeted expenditures that are not included in the LCAP will be used for the following:

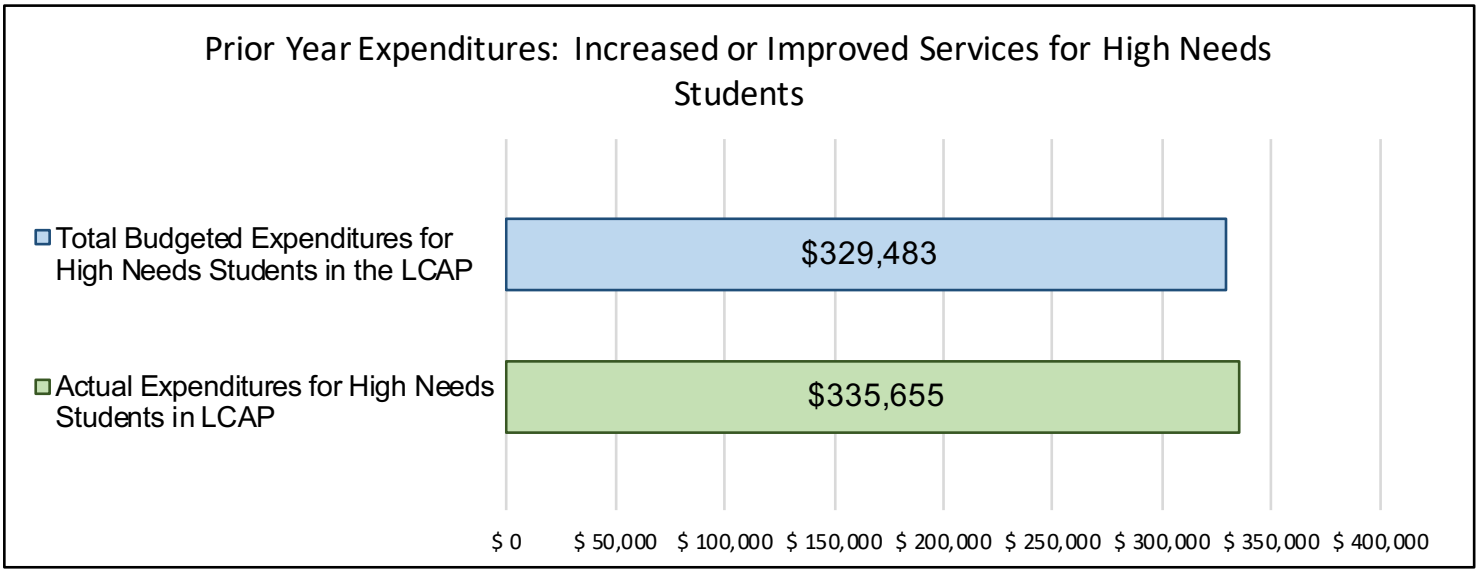

Expenditure not in the LCAP consists of net income designated for economic uncertainties recommended by t
other services not related to LCAP actions but essential for school operations, such as legal fees.

Increased or Improved Services for High Needs Students in the LCAP for the 2026/2027

In 2026/2027, Empower Generations is projecting it will receive $427,883.00 based on the enrollment of foste
learner, and low-income students. Empower Generations must describe how it intends to increase or improve
needs students in the LCAP. Empower Generations plans to spend $427,883.00 towards meeting this require
in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2025/

This chart compares what Empower Generations budgeted last year in the LCAP for actions and services t increasing or improving services for high needs students with what Empower Generations estimates it has sp services that contribute to increasing or improving services for high needs students in the curren

The text description of the above chart is as follows: In 2025/2026, Empower Generations's LCAP budgeted $3 planned actions to increase or improve services for high needs students. Empower Generations actually spen actions to increase or improve services for high needs students in 2025/2026.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary 2026-2027

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten-12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Empower Generations is a nonclassroom-based, WASC accredited, public charter DASS (Dashboard Alternative School Status) and WIOA school that educates and supports pregnant and parenting teens and at-promise youth in grades 9-12 to meet their individual goals through a whole person, whole family approach. The school, which is based out of Lancaster, California, opened in 2016 to provide pregnant, parenting and at-promise youth a trauma-informed environment to explore and gain confidence in the unique challenge of young parenthood. The school's diverse population mirrors the demographic statistics of teen pregnancy in the Antelope Valley and surrounding areas. During the 2025-26 school year, enrollment was 92 learners.

The Mission of Empower Generations is to collaborate with learners in health and wellness, lifelong learning, college and career readiness, and community partnership. Learners become self-directed leaders, problem-solvers, creators, collaborators, innovators, and active community members. We accomplish this through a rigorous, relevant, and attainable education program that blends independent study, community experience, and one-on-one support based on the Common Core Standards. We celebrate and foster learners' individuality and support them in discovering their highest potential in the environment that best suits their needs.

Vision: At Empower Generations, we strive to be a beacon of innovation and creativity, fostering a culture of curiosity and leadership. Our commitment to unlocking the potential of our learners and the communities we serve is unwavering. We believe that by empowering people to become Lifelong learners, Empathetic citizens, Authentic individuals, and Design thinkers, we can create a better future for all.

Empower Generations' core methodology is project-based learning, social-emotional learning, and personalized learning. Through competency-based learning, a trauma-sensitive lens, an emphasis on health and wellness, and developing community partnerships, Empower Generations' personalized learning environment provides learners with multiple ways to demonstrate proficiency of the Common Core Standards. The school offers a learner-centered, competency-based approach to education that focuses on project-based learning and social-emotional learning principles while adhering to state standards. Social-Emotional Learning (SEL) is the process through which children and adults understand and manage emotions, set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

Learner performance and achievement are measured by a variety of summative and formative assessments that are aligned to state standards and reflect proficiency measures required by the California Assessment of Student Performance and Progress (CAASPP). To support instructional decision-making, the school utilizes NWEA MAP (Measures of Academic Progress), an adaptive assessment tool approved by the California Department of Education (CDE), as one of several measures to monitor learner progress throughout the year.

As a DASS school, Empower Generations works with foster, homeless and juvenile youth. The school has established many important partnerships with the community to offer wrap-around services for social-emotional wellness, engagement, and academic achievement. Through the implementation of professional learning on diversity, equity, and inclusion, it is Empower Generations' goal to build engaging educational experiences with a focus on each learner's unique strengths to cultivate a love for learning. School staff work with each learner to develop an individualized learning plan with an emphasis on academic and SEL goals. The staff also incorporates a variety of methods and best practices, including professional learning, implementation of intentional teaching strategies, analysis of learner performance data, Multi-Tiered Systems of Support (MTSS), and the revision of instruction as necessary to educate all learners and address the unique needs of English Learners, Students with Disabilities, Socioeconomically Disadvantaged, those experiencing Homelessness, and Foster Youth. At Empower Generations, personalized learning includes supporting English learners with integrated and designated language support during the school day and Students with Disabilities according to the needs of their individualized education plans, providing them with the least restrictive environment possible.

Empower Generations' learners will have an awareness of and preparedness for the endless possibilities of their future while meeting rigorous and attainable graduation requirements. Through the guidance of academic counselors, the school continues to prepare its learners for college and career through UC a-g approved coursework, Career Technical Education (CTE) pathways, college credit courses, and WIOA exclusive partnerships for workforce development.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Successes
A review of Empower Generations' data reveals notable progress across student graduation trajectories, localized testing visibility, and school climate markers. The local educational agency achieved a major breakthrough in state assessment reporting, driving schoolwide CAASPP testing participation rates up to 100% compliance, reflecting a +23% increase in English Language Arts and a +21% surge in Mathematics from historical baselines. This measurement push successfully extended to our Socioeconomically Disadvantaged student group, lifting their participation rates to 100% (+37% in ELA and +33% in Math). Benefiting from full testing compliance, schoolwide CAASPP outcomes climbed significantly, showing a +69.2 point surge in ELA (moving from -130.5 to -61.3 points below standard) and a +32.5 point recovery in Math relative to baseline metrics. On internal longitudinal growth diagnostics, NWEA MAP assessments revealed substantial progress, with the Reading Conditional Growth Index climbing by +0.51 to land at 0.70 and Math remaining above the desired Target, demonstrating that on average, learners met at least a year of academic growth. Individual learner accountability paths mirrored these gains, as schoolwide academic ILP target completions escalated by +42.4% over baseline to reach 97.4%, while English Learners achieving their self-identified language goals climbed by +40% to achieve a 95% success rate. Most significantly, our specialized DASS high school graduation metrics registered historic turnarounds; the schoolwide 4-year graduation rate surged by +23.8% to hit 57.1%, the 5-year graduation rate improved by +16.2% to land at 57.9%, and low-income cohort graduation rates exploded by +31.1% over baseline to reach 61.1%. These academic benchmarks are firmly backed by stellar attendance growth and zero exclusionary discipline occurrences, as general CALPADS attendance rates expanded by a massive +19.7% over baseline to arrive at 88.7%, schoolwide suspension and expulsion entries locked flat at a perfect 0%, and student school safety perceptions rose to 88.3% (+1.3%). Furthermore, secondary advanced milestones progressed as senior portfolio defenses reached a perfect 100% completion rate, high schoolers meeting self-identified college and career readiness goals rose to 95.24% (+47.24%), graduate A-G compliance rates moved up to 8.3% (+8.3%), and Early Assessment Program indicators captured 8% of learners as conditionally college-ready (+8%). Operationally, human resources maintained an optimal 0% teacher misassignment rate and fully eliminated specialized English Learner teacher misassignments, achieving a -65.2% decrease from historical baselines, while general parent perception regarding school involvement climbed to 84% (+0.7%) alongside an expansion to over 10 active extracurricular opportunities.

Areas for Growth
Language proficiency indicators encountered a decline, with the internal English Learner reclassification rate sliding by 20% from baseline to a flat 0%. However, given the small population of English Learners at the school, it is not unusual for there to be wild swings in this data from year to year. A temporary dip in College/Career Readiness individual indicators also occurred in the 24/25 data. Favorable staff feedback regarding ongoing professional development and career growth pathways on the annual survey dropped by 15.6% away from baseline to rest at 71.9%. The high school dropout rate was elevated at a 42.9%.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Not eligible for Technical Assistance as a DASS School.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

N/A

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

N/A

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

N/A

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Learners	-Annual surveys -Semi-annual Learner Outcome survey -Listening sessions -Student leadership -Board meetings (learner ambassador board report)
Parents/Families	-Annual surveys -Listening sessions -iSUPPORT meetings -School Site Council -Board meetings
Staff	-Annual survey -Listening sessions -iSUPPORT meetings -School Site Council -Board meetings -Individual learning plans -PD Exit Ticket surveys
Board	-Monthly board meetings -Annual Board training
Community	-Monthly board meetings -CTE advisory committees -School Site Council
Leadership	-Annual Survey -Monthly School Director Collab -Monthly Operations Collab -Individual Learning Plan -Continuous Improvement Cycle Strategic Meetings

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

As a school of choice, serving the community and its educational partners is a vital component of the school's strategy and operations. The school is committed to the meaningful engagement of its educational partners in the development of the LCAP and is an organic, ongoing process as part of the school's continuous improvement cycle using street, map, and satellite data to inform decisions.

Annually, feedback from families, learners, community members, board members, learners, staff, and leadership is utilized continuously to evaluate program effectiveness and address state priorities. Upon careful examination of the input received, actions and spending under the school's three goals were maintained to further learner achievement and continue the development of program offerings.

During the school year, iSUPPORT meetings were held to provide opportunities for school staff and families to connect regarding the school program. Informal feedback was also received by families through attendance at schoolwide events. Monthly EL collaborations with the EL coordinators across iLEAD California provided the opportunity for sharing ideas gathered from facilitator and family feedback on how to improve the English learner program.

Twice, learners and staff completed a Learner Outcome Survey, a measure of learner growth in the Schoolwide Learner Outcomes and their progress toward academic,social-emotional, and college/career readiness goals. Additionally, staff and leadership meetings were held monthly to discuss the program, learner progress, and gather/reflect on suggestions for improvements. Parent, staff, and learner surveys regarding aspects of the program were sent in the spring to solicit feedback. These surveys addressed specific aspects of the LCAP (the eight state priorities for the creation of potential action steps). Various learner clubs allowed opportunities for discussion and feedback.

Monthly board meetings were held with the opportunity for anyone from the public to attend (including staff, parents, and learners) and provide public comment. Learner ambassadors serve as a bridge between learner voice and board updates, monthly at board meetings with a monthly learner ambassador report out.

Feedback determined that the LCAP's actions and budget were in alignment with educational partner voice. Continued priority on engaging learners through a broad course of study, field studies, and in-person events, and staff that provide high-quality support and intervention were validated by survey and informal feedback. Expanded budget for professional development in the form of conferences was added as a result of staff survey results and requests for more conference opportunities in the area of online learning, college/career readiness, and best practices in curriculum, instruction, and assessment in the emerging area of AI.
"

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Awaken the leader in everyone through Project-Based Learning, Social-Emotional Learning, and Individualized Learning. Cultivate a thriving school community by providing a safe environment, generating active engagement between the school and its educational partners, and ensuring all learners are ready for postsecondary endeavors.	Broad Goal

State priorities addressed by this goal.

1, 3, 4, 8

An explanation of why the LEA has developed this goal.

After analysis of effectiveness, this goal remains unchanged based on the 2025 CA Dashboard and survey responses, as it has been effective in addressing state priorities 1, 3, 8, and 4, and closing outcome disparities.
Goal 1 is a call to action to AWAKEN the leader in all by gathering all educational partners together around the school's iLEAD methodology and vision/mission. Goal 1 is a broad goal and was developed to address state priorities one, three, four, and eight. Data from the California Dashboard, local indicators, and community input were used to develop the goal and actions. This broad goal aims to ensure that every learner is entitled to optimal and equitable conditions of learning by providing basic services as outlined in the school's charter. As a school of choice, it is essential that the school act as the heart of the community it serves, ensuring that industry partners, community partners, families, learners, and staff collaborate to maintain a program that ultimately leads to college/career readiness and well-rounded individuals who have the skills to achieve their goals. Actions in this goal ensure the foundational building blocks of a strong school culture adhere to the school's program as outlined in its charter. Metrics were intentionally selected to support accountability of spending and actions to meet the goal. While most actions in this goal are maintenance actions, this ensures continued prioritization of identified evidence-based initiatives and programs important to the school community.
Actions in this goal will support success in:
-Clean, safe facilities
-Highly qualified staff
-Access to standards-aligned curriculum
-Family/community input in the strategic direction of the school
-College/career readiness

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The annual review of Goal 1 data points demonstrates baseline consistency across school facilities, staffing compliance, and parent engagement channels, with varying results across high school graduation and postsecondary preparation metrics. While localized individual tracking benchmarks recorded growth, broad schoolwide dashboard readiness markers remained low or flat compared to baseline figures.

Successes: Physical learning infrastructures remained exemplary, locking in a flawless "good" status across consecutive SARC Facility Inspection Tool cycles. Personnel tracking achieved an ideal benchmark, completely eliminating general teacher misassignments to zero and dropping misassignments for teachers of English Learners by 65.2% from baseline down to a clean 0% rate. Community networks met all structural promises, hosting 15 annual educational partner sessions and expanding programs for families of unduplicated and exceptional learners to 3 annually. Family alignment marks on local indicator rubrics held firm with steady scores of 4 out of 5 across all parental engagement sectors. Most notably, individualized milestone development surged; high schoolers meeting their self-identified college and career readiness goals via personal learning plan defenses jumped to 95.24% (a +47.24% surge over baseline). Secondary academic expansion metrics kept pace, with senior defense completions hitting 100%, graduate a-g matching climbing to 8.3% (+8.3% above the 0% baseline), and Early Assessment Program (EAP) indicators tracking 8% of learners as conditionally college-ready (+8% over baseline).

Challenges: Navigating multi-tiered dashboard readiness markers for nonclassroom-based cohorts presents a persistent challenge. The official College and Career Indicator (CCI) prepared rate dropped back to 0% (though 9% of graduates successfully achieved an "approaching prepared" status). Furthermore, the percentage of graduates successfully completing both a-g requirements and a formalized CTE pathway simultaneously remained flat at 0%. Individual advanced student accolades also faced a minor contraction, with Golden State Seal Merit Diplomas slipping to 8% (a 6.3% drop from baseline).

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 1 actual expenditures were $463,391.00 lower than originally planned. While a slight expansion in enrollment occurred, the school utilized federal and other one-time state monies to reallocate staff costs. This funding altered the overall LCFF spending priorities and consequently led to deviations between budgeted and estimated actual expenditures and the associated percentages of improved services. The school's agility in adapting to these financial shifts allowed for continued prioritization of identified evidence-based initiatives and programs important to the school community, even as the specific allocation of funds evolved throughout the year.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Highly Effective (Actions 1.1, 1.2, 1.3, 1.4, 1.5 & 1.6): Human resources, facility maintenance, and localized family outreach models were highly effective. These configurations successfully removed credentialing errors, preserved top-tier local indicator ratings, and elevated student college/career plan defenses past the 95% threshold. Academic counseling frameworks effectively expanded early dual-enrollment credits and advanced completion indicators.

Less Effective (Action 1.7): Actions aimed at building social capital and cross-sectional pathway completion showed limited effectiveness. They underperformed in connecting separate academic and career paths, leaving combined A-G/CTE compliance rates stalled.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no planned changes to the goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice. Implementation within each action will be thoughtfully planned and executed by school leadership and staff to make adjustments in areas where metrics declined.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	1.1 Maintain Safe, Clean, Welcoming School Facilities	The facilities team will ensure all educational partners have clean, safe, innovative spaces that align with the school's vision, mission, learner outcomes, and methodology, which allow high-quality learning to take place.	$85,611.00	No
2	1.2 Fund High-Quality Staff	LRBEG Action: Leadership and HR will recruit and retain fully credentialed and appropriately assigned staff to provide high-quality instruction and support for all learners. Tying LREBG funds to Action 1.2 directly aligns with the grant's purpose of accelerating academic progress, mitigating learning loss, and addressing the socio-emotional needs of students disproportionately impacted by the pandemic. By recruiting and retaining high-quality staff, we are directly investing in the human capital necessary to deliver the targeted, differentiated instruction and comprehensive support services required for effective learning recovery. This action is a foundational investment that underpins the success of all other recovery efforts, ensuring that our learners receive the dedicated, expert attention they need to thrive. Metric 2.8 will be utilized to monitor this action.	$307,560.85	No
3	1.3 Fund High-Quality Staff Who Bridge Learning Gaps	Leadership and HR will recruit and retain qualified staff to provide support to English learners, homeless/foster youth, and socioeconomically disadvantaged youth to ensure adequate support to meet academic and SEL goals.	$36,039.00	Yes
4	1.4 Inclusively Collaborate with Educational Partners	Outreach, leadership, and staff will offer multiple ways for educational partners to engage in and contribute to the school community. Through family groups, volunteer opportunities, family education initiatives, and outreach strategies, the school will ensure that all educational partners are valued and have the opportunity to contribute to the school's vision and mission. The school will also conduct an annual survey for input on the school and its programs as well as collect data from board meetings, School Site Council meetings, iSUPPORT meetings, and ELAC meetings to ensure that educational partners' voices are included in ongoing continous improvement efforts.	$24,519.00	No
5	1.5 Prioritize Active Engagement with Educational Partners with a Focus on Unduplicated Pupils	Outreach, leadership, and staff will incorporate multiple ways for educational partners to engage in and contribute to the school community. Through family groups, family education opportunities, volunteer opportunities, family education initiatives, and outreach strategies, the school will ensure that all educational partners are valued and have the opportunity to contribute to the school's vision and mission. The school will also conduct an annual survey for input on the school and its programs as well as collect data from board meetings, School Site Council meetings, iSUPPORT meetings, and other opportunities to ensure that educational partners' voices are included in ongoing continuous improvement efforts.	$29,781.00	Yes
6	1.6 Promote College and Career Readiness through	Counselors, leadership, and support staff will ensure high school graduates are college and career-ready based on the Dashboard CCI indicator by offering advanced and A-G classes,	$12,257.00	No

	Individualized Learning	college credit courses, State Seal of Biliteracy, and CTE pathways to ensure graduates are prepared for college and career as indicated on the CA School Dashboard and learners' individualized learning plans. Learners will receive personalized counseling and support for college readiness throughout their school career and engage in personalized learning opportunities that allow each learner to set goals and work to meet them.		
7	1.7 Build Social Capital and Recognize and Celebrate Learner Achievement (repeated expenditure, Goal 3, Action 5)	Counselors and leadership will maximize opportunities for learners to be recognized for achievements that support scholarships, college admissions, and résumé building by earning the Golden State Seal Merit Diploma, the State Seal of Biliteracy, CTE Certificate of Completion, Industry-Recognized Certifications, and/or Senior Portfolio Defenses.	$0.00	No

Goal

Goal #	Description	Type of Goal
2	Build Lifelong Learners and Design Thinkers by providing all learners with a rigorous, creative, and broad program to maximize academic achievement as outlined in the school's charter.	Broad Goal

State priorities addressed by this goal.

2, 4, 7

An explanation of why the LEA has developed this goal.

After analysis of effectiveness, this goal remains unchanged based on the 2025 CA Dashboard and survey responses, as the goal has been effective in addressing state priorities 2, 4, and 7, and closing outcome disparities.
Goal 2 focuses on academic excellence and accountability to rigorous academic programming that leads to two of the school's Learner Outcomes: Lifelong Learning and Design Thinking. It addresses state priorities two, four, and seven. This broad goal calls the school community to BUILD a core academic program through multi-tiered systems of support, project-based learning, and strong practices of teaching and learning. This goal calls on our staff to utilize both time-tested and innovative strategies to ensure that all learners meet their growth goals. Data from the California Dashboard, local indicators, and community input were used to develop the goal and actions. This goal goes beyond basic access to core programming. Rather, its metrics and actions ensure individualized learning and support for both learners and staff so that they may set and attain their individual learning goals as well as make progress toward mastery of state standards and California Teaching Performance Expectations. Actions in this goal ensure that curriculum, instruction, and assessment in addition to staff development are prioritized in school spending. Metrics are curated to balance external data sources with internal data to show the whole picture in measuring academic performance.
Actions in this goal will support success in:
-Learner achievement in ELA, Math, Science
-Staff development in implementing evidence-based best practices in alignment with the vision, mission, and values of the school
-Multi-Tiered Systems of Support and implementation of project-based learning
-English language development (ELD)

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

1	Dashboard Local Indicator Survey Rubric Priority 2B: Access to standards-aligned instructional materials (State Priority 2)	2024 Dashboard Local Indicator Survey Rubric Priority 2B: Access to standards-aligned instructional materials: ELA: 3 ELD: 4 Math:3 Next Generation Science Standards: 3 History-Social Science: 3	2025 Dashboard Local Indicator Survey Rubric Priority 2B: Access to standards-aligned instructional materials: ELA: 3 ELD: 4 Math:3 Next Generation Science Standards: 3 History-Social Science: 3	2026 Dashboard Local Indicator Survey Rubric Priority 2B: Access to standards-aligned instructional materials: ELA: 3 ELD: 4 Math:3 Next Generation Science Standards: 3 History-Social Science: 3	4's and 5's in all content areas	= to Baseline

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The school engineered spectacular, double-digit performance turnarounds on state standardized testing participation and schoolwide literacy/math growth indexes.

Successes: Empower Generations achieved a historic breakthrough in standardized data visibility. Schoolwide CAASPP testing participation rates surged to a perfect 100% compliance rate across both ELA (+23% change) and Mathematics (+21% change). This testing push successfully captured low-income sub-cohort arrays, lifting Socioeconomically Disadvantaged participation to 100% (+37% in ELA, +33% in Math). Schoolwide CAASPP ELA scores climbed by +69.2 points from baseline (advancing from 130.5 to 61.3 points below standard), while schoolwide math scores rose by +32.5 points from baseline. Due to full participation, low-income performance data is now fully reportable, tracking at 58.6 points in ELA and 166.3 points in Math. Internally, local NWEA MAP longitudinal diagnostics revealed superb reading growth, with the Reading Conditional Growth Index (CGI) leaping from 0.19 to 0.70 (+0.51 progress), and Math remaining steady at .33, indicating that, on average, students grew a little over 1 year of growth in Math. Individual academic accountability tracks followed suit: schoolwide academic ILP target completions climbed to 97.4% (+42.4% over baseline), English Learners meeting customized goals hit 95% (+40%), and extracurricular opportunities scaled up past 10 choices annually (+7 over baseline).

Challenges: Formal language acquisition pipelines experienced a zero-point freeze, with the state-calculated English Learner reclassification rate sliding by 20% down to 0% for the current tracking window. On a localized level, teacher culture survey markers faced downward pressure; favorable staff feedback regarding professional development and growth resources on the annual staff survey dropped by 15.6% to settle at 71.9%.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 2 expenditures exceeded the planned budget by $57,521.00. This variance is primarily driven by an intentional investment in professional growth and instructional coaching (Action 2.5), which increased by $69,527.00 to train staff in specialized alternative curriculum methods, college/career planning, and emerging AI tools. Additional support went toward Tier I core standards-aligned materials (Action 2.1), which increased by $6,510.00. These overages were balanced by mild spending drops across our other actions, including a $10,262.00 decrease in Tier II/III intervention materials (Action 2.2), a $3,136.00 reduction in ELD programming (Action 2.3), and a $5,118.00 adjustment in core MTSS/PBL frameworks (Action 2.4).

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Highly Effective (Actions 2.1, 2.2, & 2.4): Sourcing loops for core instructional resources, MTSS data protocols, and project-based learning strategies were exceptionally effective. These systems secured full testing participation, catalyzed massive multi-subgroup CAASPP point recoveries, and fueled top-tier internal reading growth.

Less Effective (Actions 2.3 & 2.5): Language reclassification structures underperformed, creating an operational bottleneck that stalled language reclassification outcomes. Furthermore, professional development deployment under Action 2.5 was less effective at maintaining steady staff satisfaction ratings.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no planned changes to the goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice. Implementation within each action will be thoughtfully planned and executed by school leadership and staff to make adjustments in areas where metrics declined.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	2.1 Ensure Access to Standards-Aligned, Tier I Instructional Materials	Leadership and certificated staff will ensure that all learners have access to and are engaged with standards-aligned, Tier I instructional materials including technology, paper and/or digital curriculum as appropriate, and other instructional materials as needed to support academic achievement.	$11,456.00	No
2	2.2 Ensure Access to Standards-Aligned, Tier II and III Instructional Materials	Leadership, certificated staff, and support staff will ensure that all learners have access to standards-aligned instructional materials including technology, paper and/or digital curriculum as appropriate, and other instructional materials as needed that remove barriers to learning and support academic achievement.	$90,730.00	Yes
3	2.3 Deliver Effective ELD Programming	The EL Coordinator and school staff will apply professional learning, data, and resources to provide English learners with support for academic achievement through designated and integrated ELD instruction, monitoring and data protocol, ongoing professional development and support, engagement of families of English learners through ELAC, and other evidence-based strategies.	$30,060.00	Yes
4	2.4 Implement MTSS and PBL Instruction and Assessment with Fidelity	Certificated staff will utilize strong project-based learning and multi-tiered systems of support for ELA, Math, and Science to maximize academic achievement. Tying LREBG funds to Action 2.4 directly aligns with the grant's purpose of accelerating academic progress, mitigating learning loss, and addressing the socio-emotional needs of students disproportionately impacted by the pandemic. By investing in the fidelity of MTSS and PBL implementation, we are empowering certificated staff with the instructional frameworks and methodologies proven to maximize academic achievement across all student groups. This action is a comprehensive strategy for creating a dynamic, responsive, and engaging learning environment that effectively addresses post-COVID academic and socio-emotional recovery, ensuring all students can reach their full potential through integrated academic/SEL systems. Metric 2.8 will be utilized to monitor this action.	$42,817.15	No
5	2.5 Foster a Staff Culture of Excellence through Lifelong Learning	All staff will engage in a variety of professional development activities that enhance the iLEAD methodology, equity, California Content Standards, and California Standards for the Teaching Profession to increase the effectiveness of instruction to all learners.	$18,951.00	No

Goal

Goal #	Description	Type of Goal
3	Champion Empathetic Citizens and Authentic Individuals who feel safe, supported, and encouraged by their school community.	Broad Goal

State priorities addressed by this goal.

5, 6

An explanation of why the LEA has developed this goal.

After analysis of effectiveness, this goal remains unchanged based on the 2025 CA Dashboard and survey responses, as the goal has been effective in addressing state priorities 5 and 6 and closing outcome disparities.
Goal 3 recognizes the whole child and the importance of whole-child education. This broad goal calls on the learning community to CHAMPION each learner in a village mentality of raising the leaders of tomorrow. Addressing state priorities five and six, this goal ensures the development of Authentic Individuals and Empathetic Citizens, two of the school's Learner Outcomes. Data from the California Dashboard, local indicators, and community input were used to develop the goal and actions in addition to local, state, and national trends in school attendance, mental health, and evidence connecting student wellbeing and student achievement. Through evidence-based social-emotional learning, a commitment to individualized learning, and programming that engages today's youth, actions in this goal make a clear connection to success on critical metrics on the California Dashboard in addition to internal metrics.
Actions in this goal will support success in:
-Attendance and chronic absenteeism
-Graduation rates and dropout rates
-Suspension and expulsion rates
-Learner safety, connection, and wellbeing
-Personalized/individualized learning

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Goal Analysis for 2025-2026

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

The school engineered outstanding, wide-scale improvements across student attendance and long-term graduation success indicators, while maintaining an inclusive behavioral climate.

Successes: Campus behavioral metrics remained exemplary. The schoolwide suspension rate locked in at a perfect 0% across consecutive terms, matching a flawless 0% expulsion rate. Localized partner survey tools confirmed a highly supportive climate, with student safety and school connectedness indices rising by +1.3% to achieve an 88.3% favorable rating. Macro-level student presence achieved a massive turnaround; general CALPADS attendance rates expanded from a 69% baseline up to an outstanding 88.7% (representing a massive +19.7% boost in overall student presence). Most significantly, long-term nonclassroom-based graduation paths yielded historic breakthroughs. The schoolwide 4-year graduation rate surged by +23.8% over baseline to reach 57.1%, while the 5-year graduation rate improved by +16.2% to land at 57.9%. Subgroup graduation advancement was equally spectacular, with the Socioeconomically Disadvantaged cohort rate exploding by +31.1% to reach 61.1%. Furthermore, personalized social-emotional goals remained highly successful, with 94% of learners meeting their self-identified SEL targets (+30% above baseline metrics).

Challenges: Even with steady reductions, the high school dropout rate remains structurally high, tracking at a 42.9% average for the current reporting term.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Goal 3 actual expenditures resulted in a net decrease of $139,290.00 against the planned budget. Due to the strategic integration of local and state grant funds, the school adjusted its general fund spending. Budget decreases occurred across all implemented lines under this goal: whole-child environment personalization and attendance re-engagement support (Action 3.5) decreased by $51,901.00, multi-tiered SEL support and restorative discipline training (Action 3.1) fell by $48,105.00, counseling for high-needs learners (Action 3.4) decreased by $28,273.00, and general student counseling access (Action 3.3) was adjusted down by $11,011.00.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Highly Effective (Actions 3.1, 3.2, & 3.3): Restorative discipline training, personalized counseling paths, and specialized high-needs wrap-around models were highly effective. These networks eliminated suspension variances, elevated student safety perceptions, drove a nearly 20-point surge in attendance, and produced historic graduation gains across low-income student populations.

Less Effective (Action 3.4): School dropout rates continue to be an area of focus as a DASS school that receives mostly late-transfer, credit-deficient learners.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

There are no planned changes to the goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice. Implementation within each action will be thoughtfully planned and executed by school leadership and staff to make adjustments in areas where metrics declined.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Actions

Action #	Title	Description	Total Funds	Contributing
1	3.1 Commit to Proactive and Restorative Discipline Practices and Implement Multi-Tiered Systems of SEL Support	Leadership and Learning Support will provide training, resources, and support for all staff to utilize Love and Logic, 7 Habits, and Restorative Practices through a trauma-informed lens to support a safe, positive, and restorative learning environment where discipline is used as an effective tool in developing self-efficacy and resilience in all learners. Using MTSS, the school will provide training, resources, and supports to counselors, staff, families, and learners so that all learners have access to appropriate SEL systems and strategies to support mental health, safety, and well-being. All learners will have access to high-quality counseling and resources to enforce a high standard of excellence.	$140,870.00	No
2	3.2 Provide Access to High-Quality Counseling (repeated expenditure, Goal 1, Action 2)	School staff will provide academic counseling and resources to promote a high four-year graduation rate while also lowering the school's dropout rate.	$0.00	No
3	3.3 Increase and Improve Counseling and Services for High-Needs Learners	Leadership will ensure increased access and improved services for English learners, homeless youth, foster youth, and socioeconomically disadvantaged youth to increase SEL, graduation rates, and access to additional services needed that remove barriers to learning.	$236,094.00	Yes
4	3.4 Nurture a Safe and Engaging School Environment That Learners	All staff will personalize learning and ensure that all learners have opportunities to feel engaged in whole-child education. The school will provide events, extracurricular offerings, leadership opportunities, and meet the community needs as indicated through educational partner feedback	$142,526.00	No

	Are Excited About	to support engagement. Re-engagement and support systems will be implemented to support families in meeting high attendance expectations. LREBG: Action Tying LREBG funds to Action 3.5 directly aligns with the grant's purpose of accelerating academic progress, mitigating learning loss, and addressing the socio-emotional needs of students disproportionately impacted by the pandemic. By providing a safe, nurturing, engaging school environment, we are directly investing in the physical environment necessary to deliver the targeted, differentiated instruction and comprehensive support services required for effective learning recovery. This action is a foundational investment that underpins the success of all other recovery efforts, ensuring that our learners feel safe at school and can meaningfully engage in academic growth. NWEA MAP CGI and learner perception of school safety on the annual survey will be utilized to monitor this action.		

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students for 2026-2027

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #(s)	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
Goal 1 Action 3	In this year of implementation of the local control and accountability plan, feedback from our educational partners was used to analyze the impact of the goals and actions as well as to continue to prioritize and align spending to actions/metrics. Specifically, feedback came from annual surveys from families, staff, and learners. It was determined that while progress was made in this action item in the 25-26 school year, funding should continue to make lasting progress. 83% of Empower Generations' total student population falls in an unduplicated group of English Learners, foster, homeless, or socioeconomically disadvantaged. 2023 CAASPP ELA and Math and CAST scores were well below state average and state standard, learners report adverse childhood experiences and meet Dashboard Alternative School Status, and report that small ratios and in-person support are important factors in their success. These at-promise youth require small staff-to-learner ratios and intensive, in-person instructional support to overcome pre-existing credit deficiencies.	We are allocating funding school-wide to recruit and retain high-quality credentialed teachers and classified support staff. This personnel footprint implements an inclusive, push-in intervention model that provides real-time small-group tutoring, co-teaching, and specialized 1-on-1 learning time. This setup provides a responsive academic safety net that maximizes learner confidence, accelerates credit completion, and meets the unique learning paces of young parents and at-promise youth. These actions are being provided on a school-wide basis because all learners can benefit from additional staffing and support and 83% of the total population is identified as having high needs.	Success will be tracked through SARC teacher assignment data, annual surveys, and monthly observation and discussion in leadership and operations meetings. (Metric 1.1 and 1.6)

Goal 1, Action 5	In this year of implementation of the local control and accountability plan, feedback from our educational partners was used to analyze the impact of the goals and actions as well as to continue to prioritize and align spending to actions/metrics. Specifically, feedback came from annual surveys from families, staff, and learners. It was determined that while progress was made in this action item in the 25-26 school year, funding should continue to make lasting progress. 83% of the school's population falls under an unduplicated group, 42% of learners are Hispanic/Latino, 4% of learners are English Learners, and over 70% of the school's population meets a DASS criteria. Through listening sessions and Panorama surveys, many families report a need for wrap-around services and extra support in the school-to-home connection. This data shows the need for a trauma-informed, culturally competent approach that engages the whole community in learner success.	This action funds specialized office and leadership lines to deliver trauma-informed, culturally competent family support. Staff coordinate flexible parent workshops, offer multilingual home communications, and host on-site community engagement meetups. This comprehensive approach actively involves young families and educational partners in the strategic direction of our school community. These actions are being provided on a school-wide basis because all learners benefit from culturally responsive, trauma-informed practices that bridge the school-to-home connection and engage the whole family in learning as 83% of the total population is identified as having high needs.	Success will be tracked through parent engagement opportunities, Dashboard local indicator survey rubrics, annual surveys, and monthly observation and discussion in leadership and operations meetings.
Goal 2, Action 2	In this year of implementation of the local control and accountability plan, feedback from our educational partners was used to analyze the impact of the goals and actions as well as to continue to prioritize and align spending to actions/metrics. Specifically, feedback came from annual surveys from families, staff, and learners. It was determined that while progress was made in this action item in the 25-26 school year, funding should continue to make lasting progress. Most learners at Empower Generations transfer into the school severely credit deficient, having failed one or more classes in the past. CAASPP ELA and Math scores and CAST scores are low. Standard core curriculum textbooks are not enough to address pre-existing achievement gaps or help alternative education learners master state standards efficiently.	We are investing in culturally competent, research-backed Tier II and Tier III supplemental materials. These intervention platforms pair directly with our NWEA MAP diagnostic results, giving our push-in facilitators and tutors the precise, adaptive tools required to target specific reading and math skill deficits during individual independent study sessions These actions are being provided on a school-wide basis because all struggling learners can benefit from MTSS. While 83% of Empower's students are categorized as high-needs, MTSS groupings and resources provide personalized support for each individual learner to help them meet their needs. It is impossible to implement an MTSS program with fidelity for only some student groups, and therefore, this action is schoolwide.	Success will be tracked through NWEA MAP scores, CAASPP and CAST scores, annual surveys, and monthly observation and discussion in leadership and operations meetings. (Metrics 2.4, 2.5, 2.6, 2.7, 2.8)

Goal 3, Action 4	Graduation rates for socioeconomically disadvantaged learners was 3% lower than the all student subgroup. Additionally, attendance rates are low. Historical dropout vulnerabilities require intensive, localized social-emotional interventions	In this year of implementation of the local control and accountability plan, feedback from our educational partners was used to analyze the impact of the goals and actions as well as to continue to prioritize and align spending to actions/metrics. Specifically, feedback came from annual surveys from families, staff, and learners. It was determined that while progress was made in this action item in the 25-26 school year, funding should continue to make lasting progress. The school will continue to increase counseling services for high-needs learners (socioeconomically disadvantaged, English Learners, socioeconomically disadvantaged learners) has been proven to increase attendance rates and graduation rates. Additionally, listening sessions with learners indicated a need for more social-emotional support, As a non-classroom-based school, facilities provide additional services for high-needs learners not typical in an independent study model. Facilities designed with trauma-informed principles in mind provide additional space and resources to increase additional social-emotional services and counseling.	Success will be tracked through attendance data, graduation rate, dropout rates, annual surveys, and monthly observation and discussion in leadership and operations meetings. (Metrics 2.3, 2.4, 2.6, 2.7, 2.8)

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #(s)	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness
Goal 2, Action 3	In this year of implementation of the local control and accountability plan, feedback from our educational partners was used to analyze the impact of the goals and actions as well as to continue to prioritize and align spending to actions/metrics. Specifically, feedback came from annual surveys from families, staff, and learners. It was determined that while progress was made in this action item in the 25-26 school year, funding should continue to make lasting progress. While 20% of Empower Generations' English Learners were reclassified in 2022-2023, historically, the school has low rates of reclassification. There is a strong need to deliver ongoing, effective ELD programming and instruction.	The school will continue to use data platforms to design and implement personalized ELD programs for each learner based on evidence and learner growth, engage English Language families and community, provide professional development for credentialed teachers and classified staff, and purchase materials related to ELD programming.	Success will be tracked through reclassification data, annual surveys, and monthly observation and discussion in leadership and operations meetings. Should more than 11 students test in ELPAC, progress toward English proficiency as reported on the California Dashboard will also be included as a metric. (Metric 2.10)

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

N/A

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Additional concentration grant add-on funding will be used to increase and retain the number of high-quality staff who support MTSS instruction and social-emotional support to students at the school (single-school LEA).

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	N/A
Staff-to-student ratio of certificated staff providing direct services to students	N/A	N/A

Local Control and Accountability Plan Instructions

Plan Summary

Engaging Educational Partners

Goals and Actions

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

    - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).
    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC* Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.
- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023 and Senate Bill 153, Chapter 38, Statues of 2024.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

> Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA. LEAs may also provide information about their strategic plan, vision, etc.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- LEAs may also provide information about their strategic plan, vision, etc.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

EC Section 52064.4 requires that an LEA that has unexpended Learning Recovery Emergency Block Grant (LREBG) funds must include one or more actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs, as applicable to the LEA. To implement the requirements of *EC* Section 52064.4, all LEAs must do the following:

- For the 2025–26, 2026–27, and 2027–28 LCAP years, identify whether or not the LEA has unexpended LREBG funds for the applicable LCAP year.
    - If the LEA has unexpended LREBG funds the LEA must provide the following:
        - The goal and action number for each action that will be funded, either in whole or in part, with LREBG funds; and
        - An explanation of the rationale for selecting each action funded with LREBG funds. This explanation must include:
            - An explanation of how the action is aligned with the allowable uses of funds identified in *EC* Section 32526(c)(2); and
            - An explanation of how the action is expected to address the area(s) of need of students and schools identified in the needs assessment required by *EC* Section 32526(d).
                - For information related to the allowable uses of funds and the required needs assessment, please see the Program Information tab on the LREBG Program Information web page.
            - Actions may be grouped together for purposes of these explanations.
            - The LEA may provide these explanations as part of the action description rather than as part of the Reflections: Annual Performance.
    - If the LEA does not have unexpended LREBG funds, the LEA is not required to conduct the needs assessment required by *EC* Section 32526(d), to provide the information identified above or to include actions funded with LREBG funds within the 2025-26, 2026-27 and 2027-28 LCAPs.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA

engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* Section 52060(g) and *EC* Section 52066(g) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section 47606.5(d) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the CDE's LCAP webpage.

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see *Education Code* Section 52062;
    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see *Education Code* Section 52068; and
- For charter schools, see *Education Code* Section 47606.5.
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

    - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
    - Inclusion of metrics other than the statutorily required metrics
    - Determination of the target outcome on one or more metrics
    - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
    - Inclusion of action(s) or a group of actions
    - Elimination of action(s) or group of actions
    - Changes to the level of proposed expenditures for one or more actions
    - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
    - Analysis of effectiveness of the specific actions to achieve the goal
    - Analysis of material differences in expenditures
    - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
    - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The *LCFF State Priorities Summary* provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.
    - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

- The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.
- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

    - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

    - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

- **Required metrics for actions supported by LREBG funds**: To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include at least one metric to monitor the impact of each action funded with LREBG funds included in the goal.

    - The metrics being used to monitor the impact of each action funded with LREBG funds are not required to be new metrics; they may be metrics that are already being used to measure progress towards goals and actions included in the LCAP.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.
    - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
    - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
    - Indicate the school year to which the baseline data applies.
    - The baseline data must remain unchanged throughout the three-year LCAP.
        - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
        - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

- Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
    - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
    - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
    - Include a discussion of relevant challenges and successes experienced with the implementation process.
    - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. "Effectiveness" means the degree to which the actions were successful in producing the target result and "ineffectiveness" means that the actions did not produce any significant or targeted result.
    - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
    - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
    - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
    - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
        - The reasons for the ineffectiveness, and
        - How changes to the action will result in a new or strengthened approach.

Actions:

Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.
    - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
    - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
    - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.
    - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

***Actions for Foster Youth*:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions

For English Learners and Long-Term English Learners

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
    - Language acquisition programs, as defined in *EC* Section 306, provided to students, and
    - Professional development for teachers.
    - If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

For Technical Assistance

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

For Lowest Performing Dashboard Indicators

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
    - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each

student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

  - These required actions will be effective for the three-year LCAP cycle.

For LEAs With Unexpended LREBG Funds

- To implement the requirements of *EC* Section 52064.4, LEAs with unexpended LREBG funds must include one or more actions supported with LREBG funds within the 2025–26, 2026–27, and 2027–28 LCAPs, as applicable to the LEA. Actions funded with LREBG funds must remain in the LCAP until the LEA has expended the remainder of its LREBG funds, after which time the actions may be removed from the LCAP.
  - Prior to identifying the actions included in the LCAP the LEA is required to conduct a needs assessment pursuant to *EC* Section 32526(d). For information related to the required needs assessment please see the Program Information tab on the LREBG Program Information web page. Additional information about the needs assessment and evidence-based resources for the LREBG may be found on the California Statewide System of Support LREBG Resources web page. The required LREBG needs assessment may be part of the LEAs regular needs assessment for the LCAP if it meets the requirements of *EC* Section 32526(d).
  - School districts receiving technical assistance and COEs providing technical assistance are encouraged to use the technical assistance process to support the school district in conducting the required needs assessment, the selection of actions funded by the LREBG and/or the evaluation of implementation of the actions required as part of the LCAP annual update process.
  - As a reminder, LREBG funds must be used to implement one or more of the purposes articulated in *EC* Section 32526(c)(2).
  - LEAs with unexpended LREBG funds must include one or more actions supported by LREBG funds within the LCAP. For each action supported by LREBG funding the action description must:
    - Identify the action as an LREBG action;
    - Include an explanation of how research supports the selected action;
    - Identify the metric(s) being used to monitor the impact of the action; and
    - Identify the amount of LREBG funds being used to support the action.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
    - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
    - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

  See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***
- **Goal #**: Enter the LCAP Goal number for the action.
- **Action #**: Enter the action's number as indicated in the LCAP Goal.
- **Action Title**: Provide a title of the action.
- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

    - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

    - **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

    - **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

    - **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

    - **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to

replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
    - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

      For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

    - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
    - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
    - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
    - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on the number and concentration of unduplicated students in the current school year.
- **4. Total Planned Contributing Expenditures (LCFF Funds)**
    - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
    - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

- This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- **13. LCFF Carryover — Percentage (12 divided by 9)**
  - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
