LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Pioneer Union Elementary School District

CDS Code: 04-73379-0000000

School Year: 2024-25

LEA contact information:
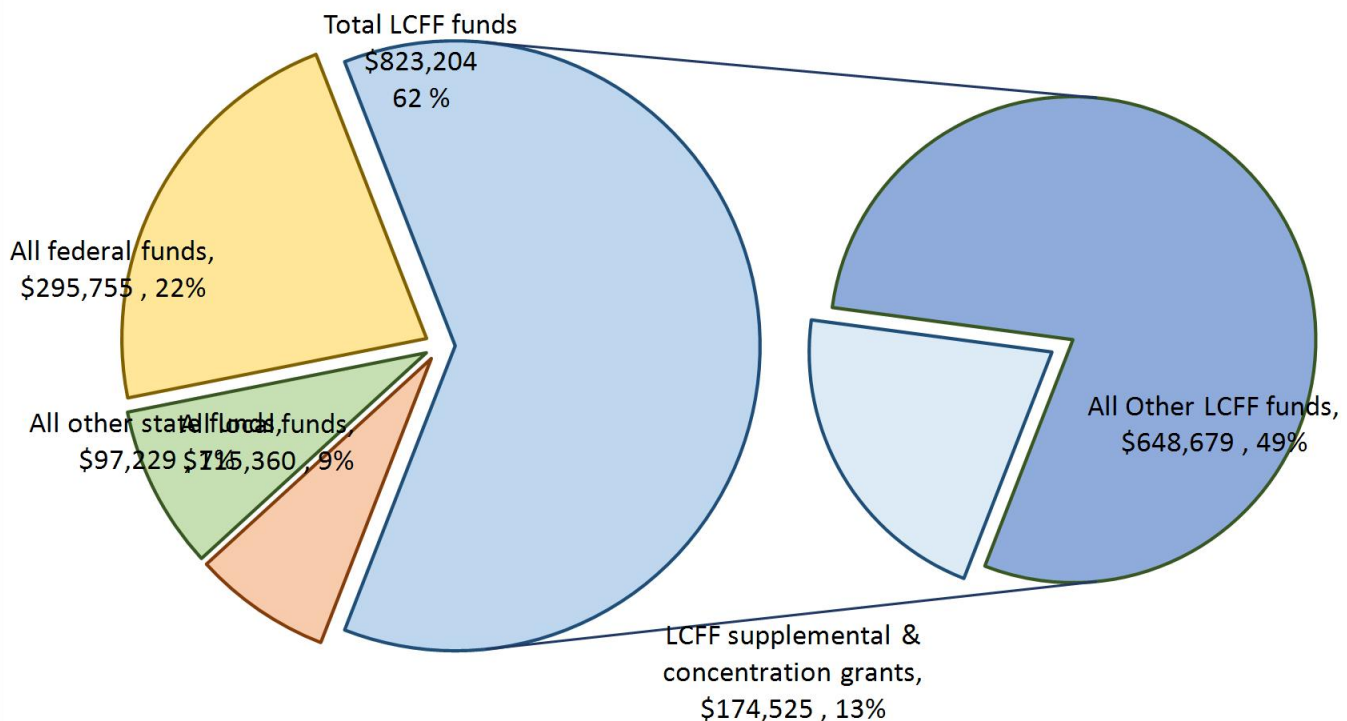

Patsy Oxford

Superintendent

poxford@puesd.org

(530) 589-1633

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2024-25 School Year

Projected Revenue by Fund Source

Total LCFF funds
$823,204
62 %

All federal funds,
$295,755 , 22%

All other state funds,
$97,229 $115,360 , 9%
All local funds,

LCFF supplemental &
concentration grants,
$174,525 , 13%

All Other LCFF funds,
$648,679 , 49%

This chart shows the total general purpose revenue Pioneer Union Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Pioneer Union Elementary School District is $1,331,548, of which $823204 is Local Control Funding Formula (LCFF), $97229 is other state funds, $115360 is local funds, and $295755 is federal funds. Of the $823204 in LCFF Funds, $174525 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures in the LCAP

Bar chart showing:
- Total Budgeted General Fund Expenditures, $1,830,336
- Total Budgeted Expenditures in the LCAP $701,362

Y-axis ranges from $0 to $2,000,000 in increments of $200,000.

This chart provides a quick summary of how much Pioneer Union Elementary School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.
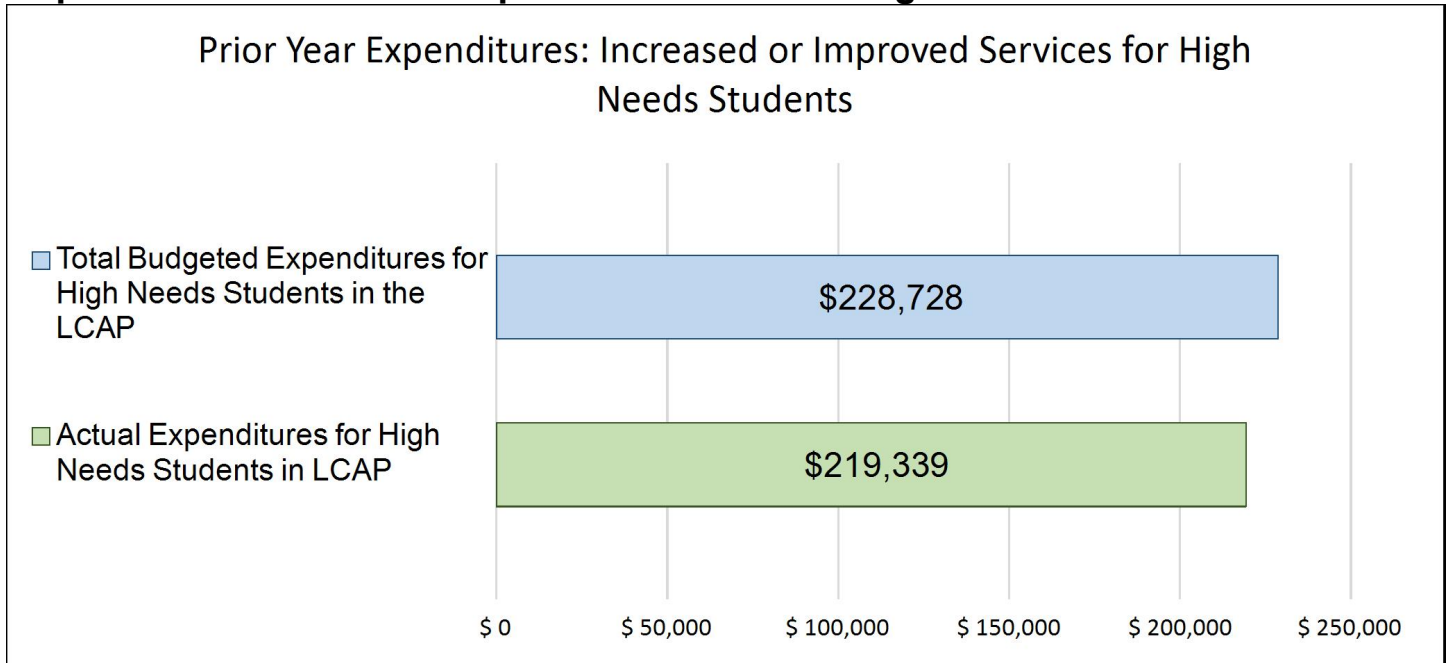

The text description of the above chart is as follows: Pioneer Union Elementary School District plans to spend $1830336 for the 2024-25 school year. Of that amount, $701362 is tied to actions/services in the LCAP and $1,128,974 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Pioneer Union Elementary School District is projecting it will receive $174525 based on the enrollment of foster youth, English learner, and low-income students. Pioneer Union Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Pioneer Union Elementary School District plans to spend $178348 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2023-24

Prior Year Expenditures: Increased or Improved Services for High Needs Students

☐ Total Budgeted Expenditures for High Needs Students in the LCAP	$228,728
☐ Actual Expenditures for High Needs Students in LCAP	$219,339

$ 0 $ 50,000 $ 100,000 $ 150,000 $ 200,000 $ 250,000

This chart compares what Pioneer Union Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Pioneer Union Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Pioneer Union Elementary School District's LCAP budgeted $228728 for planned actions to increase or improve services for high needs students. Pioneer Union Elementary School District actually spent $219339 for actions to increase or improve services for high needs students in 2023-24.

2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

Pioneer Union Elementary School District	Patsy Oxford Superintendent	poxford@puesd.org (530) 589-1633

Goals and Actions

Goal

Goal #	Description
1	Berry Creek Elementary will continue to implement and refine a Multi-Tiered System of Support, (MTSS), utilizing multiple forms of data to identify the academic, social-emotional, and/or behavioral needs of our students. Student need will inform instructional decisions which will improve academic outcomes for all students. Systems will be put in place to establish the collection of data, disaggregation and analysis to determine inequities and measure program effectiveness. Activities and strategies based on an in-depth analysis of assessment data, will be designed and implemented to improve student achievement and outcomes.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 4- CAASPP ELA	27 students tested scored 68.8 points below standard	n/a	2021-2022 27.78% of students meeting or exceeding grade level standards:	2022-2023 23.63% of students meeting or exceeding grade level standards:	90% of all students tested scoring at grade level standard or above
Priority 4- CAASPP Math	32 students tested and 66.9 points below standard	n/a	2021-2022 23.53% of students meeting or exceeding grade level standards:	2022-2023 17.65% of students meeting or exceeding grade level standards:	90% of all students tested scoring at grade level standard or above
Priority 5- Attendance Rates	P2 87.1% Baseline 2020-2021 school year	P2 Attendance rate- 91.67% Year one 2021-2022	P2 Attendance rate- 88.19% Year two 2022-2023	Year Attendance rate- 95.59%, 2023-24	94%
Priority5- Chronic Absenteeism	51%	2020-21 Chronic Absenteeism- 49% (Dataquest)	2021-22 Chronic Absenteeism 52.8% (Dataquest)	2022-23 Chronic Absenteeism 16.1 %	15%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 6- Suspension Rate	10%	.0624% of students suspended	2021-22 Suspension Rate 2.4% (Dataquest)	2022-23 Suspension Rate 18.2 %	5%
Priority 6- Expulsion Rate	0%	0%	0%	0%	0%
Priority 8- Local Academic Assessment (IReady Math Scores)	20-21 19.33% of students scored on or above grade level	21-22 33% of students scored on or above grade level	22-23 23% of students scored on or above grade level	23-24 21% of students are on or above grade level	90% of all students tested scoring at grade level standard or above
Priority 8- Local Academic Assessment (IReady ELA Scores)	20-21 20.55% of students scored on or above grade level	21-22 44% of students cored on or above grade level	22-23 16% of students scored on or above grade level	23-24 24% of students are on or above grade level	90% of all students tested scoring at grade level standard or above
Priority 1- Teachers are Fully Credentialed appropriately assigned	2 out of 3 teachers are fully credentialed	2 of 3 teachers are fully credentialed	2 of three teachers are fully credentialed	100% are fully credentialed and appropriately assigned	100% of teachers are fully credentialed and appropriately assigned
Priority 1-Standards aligned materials	100% of all students have access to standards aligned materials	100% of all students have access to standards aligned materials	100% of all students have access to standards aligned materials	100 % of all student have access to standards aligned materials	100% of all students have access to standards aligned materials
Priority 2- Implementation of Standards and academic content	New standards aligned curriculum has been implemented in Math, ELA/ELD	New curriculum was purchased for all core academic subjects	All curriculum is standards based	All curriculum is standards based	Standards aligned curriculum has been implemented in all subject areas
Priority 7- Course Access	100% of students have access to all courses offered	100% of students have access to all courses offered	100% of students have access to all courses offered	100% of students have access to all courses offered	100% of students have access to all courses offered
Priority 1- Access to devices which have (Chromebook)	100% of all students have access to device	100% of students have access to	100% of students have access to	100% of student have access to	100% of all students have access to device (Chromebook)

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
standards aligned instructional programs		Chromebooks and Ipads	Chromebooks and Ipads	Chromebooks and ipads	
Priority 5- Middle School Dropout Rate	0%	Maintained 0%	Maintained 0%	0%	Maintain 0% dropout rate
Priority 2- Implementation of Standards	Administer new baseline because original data was lost in fire	Baseline is 3 Full Awareness and Approaching 4 Student Awareness	Baseline in ELA is at 3 teachers with formative assessment at a 4. Baseline in Math is 3 teachers in full awareness and 1 in full implementation. Teachers scored themselves a 4 for planning and standards framework and a 3 in instruction and assessments	All teachers at 4 in ELA All teachers 4 in Math All teachers 4 planning and standards framework All teachers 4 in instruction and assessments	All teachers progress 1 level on the standards implementation rubric
Priority 7- Course Access	100% of all students have access to VAPA	100% of students had access to Art class weekly.	100 % of student have access to Art and music classes weekly	100 % of student have access to Art and music classes weekly	100% of all students have access to VAPA
EL Reclassification	0 students reclassified.	0 students reclassified.	1 eligible student reclassified in 22-23.	0 students reclassified	All EL students reclassified.

Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

1.1 Purchase and Maintain Aeries Analytics - implemented
1.2 Maintain Credential Teacher(s) for class size reduction- implemented
1.3 Professional Development for Faculty and Staff-implemented
1.4 Hiring and maintaining preschool/TK teacher- implemented
1.5 Hire and Maintain Paraprofessionals- implemented

1.6 Student Incentives for PBIS and Attendance- implemented
1.7 Technology ITS contract to house data and provide IT support-implemented
1.8 Tutoring and Intervention afterschool for unduplicated pupils and all students- implemented
1.9 Supplemental Curriculums and Programs- implemented but not to full extent
1.10 Purchase technology- implemented but not to full extent
1.11 Paraprofessional Professional Development- implemented

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

1.1 Purchase and Maintain Aeries Analytics - no significant differences
1.2 Maintain Credential Teacher(s) for class size reduction- no significant differences
1.3 Professional Development for Faculty and Staff- no significant differences
1.4 Hiring and maintaining preschool/TK teacher- no significant differences
1.5 Hire and Maintain Paraprofessionals- no significant differences
1.6 Student Incentives for PBIS and Attendance- no significant differences
1.7 Technology ITS contract to house data and provide IT support- There was a $10,000 increase in the cost of the contract to house data and provide IT support
1.8 Tutoring and Intervention afterschool for unduplicated pupils and all students- no significant differences
1.9 Supplemental Curriculums and Programs- There was a $16,142 increase in the purchase of supplemental programs but necessary to meet the needs of our students in math, reading, and SEL
1.10 Purchase technology- There was an increase of $30,072 which reflected the necessity of replacing student Chromebooks, iPads, kindles, and laptops.
1.11 Paraprofessional Professional Development- There was a decrease in spending of $12,573.00 in paraprofessional pd costs because we brought in training to our para staff instead of sending them away to conferences.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

1.1 Purchase and Maintain Aeries Analytics - 100% of parents using aeries to enroll students, monitor grades, and communicate with teachers and is effective
1.2 Maintain Credential Teacher(s) for class size reduction- Class size reduction possible due to maintaining credentialed teachers effectively
1.3 Professional Development for Faculty and Staff- Faculty and Staff self reported pd increased teacher capacity and strategies could be implemented to maximize student outcomes
1.4 Hiring and maintaining preschool/TK teacher- This action was effective as measured by the increase in IReady scores from in ELA from 16% of student at or above grade level to 24% in 2023-2024

1.5 Hire and Maintain Paraprofessionals- We have four paraprofessionals who support students to implement grade level curriculum in small groups within the multi grade classroom which is proven to be effective by the increase in ELA scores by 3.45%, and in Math an increase of 1.67% in IReady scores from the baseline.
1.6 Student Incentives for PBIS and Attendance- Our chronic absenteeism has decreased by 36.7 from 52.8 to 16.1
1.7 Technology ITS contract to house data and provide IT support- contract is necessary to keep our school functioning
1.8 Tutoring and Intervention afterschool for unduplicated pupils and all students- Students completing homework has increased across grade levels as indicated by teacher input and proven to be effective by the increase in ELA scores by 3.45%, and in Math an increase of 1.67% in IReady scores from the baseline.
1.9 Supplemental Curriculums and Programs- I-Ready, IXL, Vocabulary A to Z, Navigate 360 etc. were purchased or subscriptions renewed and by proven to be effective by the increase in ELA scores by 3.45%, and in Math an increase of 1.67% in IReady scores from the baseline.
1.10 Purchase technology- devices were purchased for students to replace damaged or outdated devices
1.11 Paraprofessional Professional Development- Paraprofessionals had 10 days of pd and self reported the positive benefits in addition to the student benefit which is proven to be effective by the increase in ELA scores by 3.45%, and in Math an increase of 1.67% in IReady scores from the baseline.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

1.1 Purchase and Maintain Aeries Analytics - We need to move this action to Goal 2 to align with metric which measures parent interaction with Aeries
1.2 Maintain Credential Teacher(s) for class size reduction- We would like to add a metric that states all classrooms will have no more than 3 grade levels and no more than 20 students per classroom
1.3 Professional Development for Faculty and Staff- We would like to add an self survey metric for faculty and staff measuring training effectiveness and implementation after all PD opportunities
1.4 Hiring and maintaining preschool/TK teacher- We would like add a metric of TK teacher participation in preschool/tk/k training opportunities
1.5 Hire and Maintain Paraprofessionals- We would like to add a metric of employee retention
1.6 Student Incentives for PBIS and Attendance- Our attendance rate improved dramatically and will maintain this action and metric
1.7 Technology ITS contract to house data and provide IT support- We would like to add a metric of student access to technology which directly links to IT support
1.8 Tutoring and Intervention afterschool for unduplicated pupils and all students- We would like to add a metric that 100% of all students have access to tutoring and intervention in afterschool programs as well as adding an enrichment as an offering
1.9 Supplemental Curriculums and Programs- We would like to add a metric in each of the supplemental programs that track student growth
1.10 Purchase technology- We would like to have 100% of all students have access to devices
1.11 Paraprofessional Professional Development- We would like to add a metric of participation in trainings specific to their duties

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	PUESD will ensure that all students, staff and community have access to a safe, clean school facility with a welcoming environment that is inviting to all. PUESD will engage families and community members to seek input in decision making and increase parental participation and attendance at all school functions including virtual offerings.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 1- Facilities in Exemplary/Good condition as measured by the FIT report	Currently housed in Ophir School through OCESD due to North Complex Fire	Currently housed in Ophir School through OCESD due to North Complex Fire destroying our school	We moved our school to Bangor Elementary School while we await the building of our new school	Rebuild has started hoping to occupy August 1, 2024.	New Facilities located in Berry Creek in Exemplary Condition
Priority 6- Local Climate Survey	90% Parents responded that they feel their child is safe at school	94% Parents responded that they feel their child is safe at school when surveyed May 17, 2022	100% of parents agreed or strongly agreed that their child feels safe at school when survey in May of 2023	100% of parents agreed or strongly agreed that their child feels safe at school when survey in May of 2024	100% of Parents responding that they feel their child is safe at school.
Priority 3- Aeries Analytics Parent Portal	0% Aeries has not been purchased or implemented	Aeries has been purchased and implemented	All parents have been trained on using Aeries and staff is using the data reports on Aeries	All parents have been trained on using Aeries an staff is using the data reports on Aeries	100% of all Parents and Guardians have access to Parent Portal through Aeries
Priority 3- Aeries Analytics Parent Portal Usage Survey	0% parents are using parent portal	20% of parents are using the parent portal	36% of parents are using the parent portal	100% of parents use Aeries to register and teachers share with parents at Parent Conferences	100% of parents using parent portal to access student's academic progress

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Priority 5- Transportation	All students have access to transportation to and from school	94% of students have access to transportation	100% of students have access to transportation to and from school	100% of students have access to transportation to and from school.	All students have access to transportation to and from school
Priority 6- Parent Input	Monthly Parent Meetings to provide input	Monthly parent advisory meetings are being held	Monthly parent meetings to provide input	Monthly parent meetings to provide input	Monthly Parent Meetings to provide input

Goal Analysis

An analysis of how this goal was carried out in the previous year.
A description of any substantive differences in planned actions and actual implementation of these actions.

2.1 Provide training in Aeries Analytics to all families - Parents were taught how to use Aeries at Parent Conferences and when parents enroll students and can receive assistance in accessing Aeries by calling the school
2.2 Administer local climate survey- Survey was administered to families in April in addition to the survey that was administered to the Parent Advisory Committee in conjunction with the application to the Community Schools grant. Sown to Grow survey was administered to students and faculty and staff were administered a climate survey also.
2.3 Conduct Fit survey- N/A because we are housed in Bangor Elementary at this time.
2.4 Provide transportation- Provided transportation to students to and from school.
2.5 Providing all students with meals- Provided all students with breakfast, lunch and afterschool snack
2.6 Parent Liaison communicate with all families regarding attendance and coordination of all services- Clerk has additional hours to act as parent liaison
2.7 Family and Parent involvement provide and maintain activities that connect parents and families with school- Parent advisory committee, Back to School Night, Open House, Parent surveys, student surveys, volunteer opportunities and field trips occurred over the course of the year.
2.8 Indirect Costs with BCOE including the Con App- We contracted with BCOE to provide supports and prepare the Con App

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

There were no significant material differences in any of the following actions:
2.1 Provide training in Aeries Analytics to all families- no significant difference
2.2 Administer local climate survey-no significant difference
2.3 Conduct Fit survey-no significant difference
2.4 Provide transportation-no significant difference
2.5 Providing all students with meals- no significant difference
2.6 Parent Liaison communicate with all families regarding attendance and coordination of all services-no significant difference
2.7 Family and Parent involvement provide and maintain activities that connect parents and families with school -no significant difference
2.8 Indirect Costs with BCOE including the Con App-no significant difference

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

2.1 Provide training in Aeries Analytics to all families- Training was successful in registering all students, however not all parents are consistent in using the portal
2.2 Administer local climate survey- Surveys yielded valuable data that we have used to develop our LCAP, however we need to analyze our current parent survey and revise questions to reflect our programs.
2.3 Conduct Fit survey- N/A because we do not have our own school facility yet
2.4 Provide transportation- By providing transportation to and from school we reduced our chronic absenteeism by 17.4%
2.5 Providing all students with meals- Very effective and 100% of our students have meals at school.
2.6 Parent Liaison communicate with all families regarding attendance and coordination of all services- Very effective because we have a high number of parents who reach out directly to the liaison and she provides parents with information and schedules and organizes the parent advisory meetings.
2.7 Family and Parent involvement provide and maintain activities that connect parents and families with school- Effective based on the 80% attendance rate of parents at school activities and functions
2.8 Indirect Costs with BCOE including the Con App- Effective because Con App was submitted and supports our small, rural district

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

2.1 Provide training in Aeries Analytics to all families - The metric that we will be using is the percentage of parents of caregivers who utilize Aeries parent portal to enroll their child.

2.2 Administer local climate survey- We would like to revise our parent climate survey to yield more information and we would like to increase the number of parents who complete the survey which will be the metric by which we measure effectiveness.

2.3 Conduct Fit survey- When we have a facility we will administer the survey.

2.4 Provide transportation-We will continue to provide transportation to all students measured by Chronic absenteeism.

2.5 Providing all students with meals- We will continue to provide all students with meals.

2.6 Parent Liaison communicate with all families regarding attendance and coordination of all services- We will continue this action and add questions to our parent survey regarding effectiveness.

2.7 Family and Parent involvement provide and maintain activities that connect parents and families with school- We will continue to provide activities and functions to bring parents into the school continue to track attendance at events.

2.8 Indirect Costs with BCOE including the Con App- We will continue to utilize BCOE for support.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Goals and Actions

Goal(s)

Description:

Copy and paste verbatim from the 2023–24 LCAP.

Measuring and Reporting Results

- Copy and paste verbatim from the 2023–24 LCAP.

Metric:

- Copy and paste verbatim from the 2023–24 LCAP.

Baseline:

Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. "Effectiveness" means the degree to which the actions were successful in producing the desired result and "ineffectiveness" means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education
November 2023

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Pioneer Union Elementary School District	Patsy Oxford Superintendent	poxford@puesd.org (530) 589-1633

Plan Summary [2024-25]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Pioneer Union Elementary School District (PUESD) was created in 1962 as a 26 acre rural campus in Berry Creek. At one time there were two schools in the district but due to declining enrollment in the 1980's Bald Rock School was closed leaving Berry Creek Elementary School as the only school in the district. The district is also supported by Butte County Office of Education which operates the after school program. On September 8, 2020 the North Complex Fire destroyed the Berry Creek community including the school. Thirty-three of our thirty-five families lost their homes. All of our School Board members lost their homes as well. Eight of twelve staff also lost their homes. Most of our students did not have time to take many things when they evacuated. Many of our students were living in motels, trailers, motorhomes or with relatives. Due to our students in distance learning we were able to communicate with our families and provide needed assistance immediately. Due to the loss of our school all our students and families were considered homeless for the 2020-2021 school year. Our families were scattered all over the United States. Due to the Campfire in Paradise two years earlier the infrastructure in the county was prepared and jumped into action to help our families!

At the time of the fire we had fifty-six students enrolled in our school with all students in distance learning. In October we started in-person instruction following the Covid-19 school safety guidelines. Over the last two years our enrollment has lowered to 30 students and we moved from Ophir Elementary School in Oroville to Bangor Elementary School in Bangor. Our classes are divided into TK-2, 3-5 and 6-8. Based on our Calpads data 94% of our students receive free and reduced lunch, 7% are English Language Learners and we have two foster students attending our school.

The Berry Creek families and school staff believe in educating the whole child. The staff and the Board of Trustees take pride in helping children to grow academically, socially, and emotionally. In adopting new curriculum which is written to incorporate the California State Standards all stakeholders believe this will prepare our students to be divergent learners in the 21st century. We expect students to be actively involved, enthusiastic about, and responsible for their own learning. We strive to produce a safe and challenging environment where students develop competitive and cooperative skills with a high sense of self-respect.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Upon analyzing the data from the California Dashboard, Berry Creek Elementary qualifies for Comprehensive Support and Improvement (CSI) designation due to red indicators in Suspension rates. Specifically, 21.2% of all students, 23.5% of the homeless population, and 21.2% of socioeconomically disadvantaged students were suspended. Addressing suspension rates is a primary focus of our Local Control and Accountability Plan (LCAP). Additionally, there has been a decline of 46 points in ELA scores and 40 points in Math scores, both of which are addressed in our LCAP strategy. To bridge these academic gaps, it is imperative to strategically identify the essential skills and concepts lacking in our students' learning and design academic programs that precisely target these areas with surgical precision (Johnson & Smith, 2021).

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Berry Creek Elementary School

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Our Local Education Agency (LEA) has been and will continue to support Berry Creek Elementary by leveraging a variety of state and local data, insights from educational partners, and evidence-based teaching methods. Through this collaborative effort, we aim to develop a comprehensive support and improvement plan tailored to meet the specific needs of our students. Additionally, we will engage the assistance of the CDS Team at BCOE to facilitate the development of this plan, ensuring it is well-informed and effectively addresses the challenges and opportunities unique to Berry Creek Elementary.

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

To ensure effective support and continuous improvement for both students and schools, our Local Education Agency (LEA) has devised a robust monitoring and evaluation framework for our support plan. Here's how we'll carry out this process:

1.Regular Data Analysis: We will regularly collect and analyze various data points related to student performance, including academic achievement, attendance rates, discipline records, and social-emotional well-being. By examining this data, we can track progress, identify trends, and pinpoint areas that require additional support or intervention.

2. Feedback Mechanisms: Feedback from educational partners, including teachers, parents, students, and community members, is invaluable in assessing the effectiveness of our support plan. We will actively seek input through surveys, focus groups, and meetings to gauge perceptions and gather insights on what aspects of the plan are working well and where improvements are needed.

3. Progress Monitoring: We will establish clear benchmarks and performance indicators aligned with the goals of our support plan. Regular progress monitoring will allow us to measure our success in achieving these goals and make any necessary adjustments along the way to stay on track.

4. Review Meetings: Periodic review meetings will be conducted to assess the overall effectiveness of the support plan. These meetings will involve key stakeholders, including school administrators, teachers, district leadership, and members of the community. We will use these meetings to review data, discuss findings, and collaboratively identify strategies for improvement.

5. Continuous Improvement: Our monitoring and evaluation process will be dynamic and iterative, allowing for ongoing reflection and refinement of our support plan. We are committed to a culture of continuous improvement, where lessons learned from monitoring and evaluation activities inform future actions and initiatives.

By implementing a comprehensive monitoring and evaluation framework, our LEA is dedicated to ensuring that our support plan effectively meets the needs of students and schools, drives improvement, and ultimately fosters success for all students.

Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
Parent Advisory Committee-	In person meetings: 8/29/23, 9/20/23,10/16/23, 11/14/23, 12/6/23, 1/17/24, 2/5/24, 3/6/24, 4/22/24,5/14/24,6/3/24

SELPA	In person: March 6, 2024

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

The input from various educational partners has significantly influenced the direction of our Local Control and Accountability Plan (LCAP). Here's how we're addressing the concerns and priorities highlighted by each group:

Parents and Community: Emphasizing the completion of the school project with a focus on student safety and well-being is paramount. We're actively collaborating with counselors, (Action 1.12), to address bullying and behavior issues, (Action 1.5) recognizing the crucial role of parental trust and community support in achieving positive outcomes for all students.

School Board: Our commitment to building the school within a sustainable budget framework is unwavering. By strategically allocating insurance funds by blending and braiding State and Federal Funds, we're ensuring fiscal responsibility while advancing infrastructure goals, aligning with the board's vision for financial prudence.

Teachers: We value the dedication of educators and their pursuit of professional development, (Action 1.2). Enhanced services in art, counseling, and physical education training are key components of our strategy to meet diverse student needs. Investing in teacher growth empowers us to deliver quality education and support services effectively.

Students: Student feedback on collaboration opportunities, such as joint events with Bangor, is invaluable. We're dedicated to fostering these connections and nurturing a sense of community amidst changes. (Action 1.7), Efforts are underway to facilitate a smooth transition back to your school environment, prioritizing your comfort and well-being.

Administrator: Recognizing the importance of budget management and financial stability, we're actively seeking grant opportunities and enhancing community involvement. These initiatives are crucial for ensuring a strong financial future and upholding our mission of providing quality education and support services.

SELPA: Our commitment to meeting the needs of SPED students remains steadfast. (Action 1.8), Continuing to offer wraparound services on-site is essential for providing the necessary support and resources for their academic and personal growth.

Incorporating feedback from diverse educational partners, the LCAP reflects our collective dedication to driving positive change and prioritizing student success and well-being. We extend our gratitude for the invaluable input and collaboration of all involved parties in shaping this endeavor.

Goals and Actions

Goal

Goal #	Description	Type of Goal
1	Berry Creek Elementary commits to enhancing its educational approach by further developing and enhancing a Multi-Tiered System of Support (MTSS), employing diverse data sources to pinpoint the academic, social-emotional, and behavioral requirements of our student body. This information will serve as the cornerstone for instructional adjustments aimed at enhancing academic performance across the board. We will establish robust data collection mechanisms, meticulously analyzing the data to identify disparities and evaluate program efficacy. Through a thorough examination of assessment data, we will devise and enact tailored activities and strategies to elevate student achievement and foster positive outcomes.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

The LCAP goal developed by Berry Creek Elementary focuses on enhancing its educational approach through the implementation of a Multi-Tiered System of Support (MTSS) and the utilization of diverse data sources to address the academic, social-emotional, and behavioral needs of its student body. Here's an explanation of why this goal was formulated:

1.Improved Educational Approach: Berry Creek Elementary recognizes the importance of continually evolving its educational approach to meet the diverse needs of its students. By implementing a Multi-Tiered System of Support (MTSS), the school aims to provide a systematic framework for identifying and addressing the varying levels of support required by students to succeed academically, socially, and behaviorally. This proactive approach ensures that all students receive the appropriate interventions and support they need to thrive.
2.Utilization of Diverse Data Sources: The goal emphasizes the use of diverse data sources to pinpoint the specific academic, social-emotional, and behavioral needs of the student body. By collecting and analyzing data from various sources such as standardized assessments, teacher observations, and student feedback, the school gains a comprehensive understanding of the challenges and strengths of its students. This data-driven approach enables educators to make informed decisions about instructional strategies and interventions tailored to individual student needs.

3.Instructional Adjustments for Enhanced Academic Performance: The information gathered through data analysis serves as the cornerstone for making instructional adjustments aimed at enhancing academic performance across the board. By identifying areas of improvement and areas of strength, educators can develop targeted interventions and enrichment activities to support student learning and achievement. This proactive approach ensures that every student receives the necessary support to reach their full potential academically.

4.Robust Data Collection and Analysis: Berry Creek Elementary is committed to establishing robust data collection mechanisms and meticulously analyzing the data to identify disparities and evaluate program efficacy. By continuously monitoring student progress and program effectiveness, the school can make data-driven decisions to refine and improve its educational practices. This ongoing cycle of assessment, analysis, and action ensures that the school remains responsive to the evolving needs of its students and the effectiveness of its interventions.

Overall, this LCAP goal reflects Berry Creek Elementary's dedication to providing a high-quality education that meets the diverse needs of its students. By implementing a Multi-Tiered System of Support and utilizing diverse data sources, the school strives to enhance academic performance, foster positive outcomes, and ensure that every student has the opportunity to succeed.

Measuring and Reporting Results

1.4	Hire and Maintain Paraprofessional staff	Hire and Maintain Paraprofessionals for continuity in instruction	$94,075.00	No
1.5	Student Incentives and PBIS	Citing research (Gonzalez & Martinez, 2021), given our suspension indicators for all students, socioeconomically disadvantaged, and homeless students currently in the red on the California dashboard, we are instituting a comprehensive Positive Behavior Intervention Support System to mitigate suspension rates.	$12,000.00	Yes
1.6	Provide IT Support	BCOE contracts to house data and provide IT support	$15,000.00	No
1.7	Academic and Enrichment support	Tutoring, intervention and enrichment for unduplicated pupils and all students.	$56,413.00	No
1.8	Supplemental Curriculum and Programs	Purchasing and maintaining supplemental curriculum and programs to utilize for enrichment and intervention purposes for all students including students with disabilities.	$11,951.00	No
1.9	Purchase Technology	Technology will be purchased to maintain a 1 to 1 ration of chromebooks/IPads per student	$5,000.00	No

Action #	Title	Description	Total Funds	Contributing
1.10	Assessment Data Utilization	State and Local Data will be used to drive instruction and create intervention and remediation supports for all students in our MTSS tiered model.	$5,936.00	Yes
1.11	Counselor	Students will be supported with their mental health needs through the mental health counselor contracted through BCOE.	$39,401.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
2	Pioneer Union Elementary School District is committed to providing a secure, hygienic school environment that fosters inclusivity and warmth for all students, staff, and community members. We will actively involve families and community partners in decision-making processes, encouraging input and fostering increased parental engagement and attendance at all school events, including virtual offerings.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

The LCAP goal developed by Pioneer Union Elementary School District reflects a commitment to creating a nurturing and inclusive educational environment for all stakeholders—students, staff, and community members. Here's a breakdown of why this goal was developed:

1. Safety and Hygiene: The goal prioritizes providing a secure and hygienic school environment. This emphasis on safety is crucial for ensuring that students feel physically and emotionally secure, which is essential for effective learning. Additionally, maintaining hygiene standards helps prevent the spread of illnesses, promoting the well-being of everyone in the school community.
2. Inclusivity and Warmth: By fostering inclusivity and warmth, the district aims to create an environment where every individual feels valued, respected, and welcomed. When students, staff, and community members feel included and appreciated, it enhances their sense of belonging and overall satisfaction with the school community. This positive atmosphere contributes to better academic and social outcomes for students and strengthens community ties.
3. Family and Community Involvement: Actively involving families and community partners in decision-making processes demonstrates a commitment to collaboration and shared responsibility for student success. When parents and community members are engaged in school activities and decision-making, it creates a sense of ownership and investment in the educational process. This involvement also provides valuable perspectives and resources that can enhance the quality of education and support services provided by the district.
4. Parental Engagement and Attendance: Encouraging increased parental engagement and attendance at school events, including virtual offerings, is essential for building strong partnerships between the school and families. When parents are actively involved in their children's education, students are more likely to experience academic success, improved behavior, and higher attendance rates. Offering virtual options for participation recognizes the importance of flexibility and accessibility, ensuring that all families can participate regardless of their circumstances.

Overall, this LCAP goal reflects the district's commitment to creating a supportive and engaging school environment where every member of the community has the opportunity to thrive academically, socially, and emotionally. By prioritizing safety, inclusivity, and family engagement, the district aims to create a foundation for student success and community well-being.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Parental Involvement and Family Engagement - Priority 3	90% of parents complete the local climate survey			100% of parents complete the local climate survey

2.6	Indirect costs	Indirect Costs with BCOE including the Con App which supports our small, rural district .	$8,477.00	No

Goals and Actions

Goal

Goal #	Description	Type of Goal
3	Pioneer Union Elementary School District's goal is to elevate student proficiency in reading across grade levels from from transitional kindergarten through 8th grade. Through targeted interventions, innovative instructional strategies, and ongoing assessment, we aim to ensure that all students achieve mastery in these essential literacy skills, empowering them for academic success and lifelong learning. We expect to see an increase in students meeting or exceeding standard in ELA on the CAASPP by 15% by 2027.	Focus Goal

State Priorities addressed by this goal.

Priority 4: Pupil Achievement (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

We developed the goal of increasing student outcomes in reading, writing, and comprehension across transitional kindergarten through 8th grade based on several key considerations:

1. Student Needs: Analysis of student data and assessment results revealed areas of improvement in literacy skills across various grade levels. Recognizing the fundamental importance of reading, writing, and comprehension in all academic subjects, we identified a clear need to prioritize and enhance these skills.

2. Alignment with Educational Priorities: Literacy skills serve as foundational elements for academic achievement and future success. By focusing on improving reading, writing, and comprehension abilities, we align our efforts with broader educational priorities aimed at equipping students with the essential skills needed for college, career, and life readiness.

3. Responsiveness to Educational Partner Input: Input from educators, parents, and community members underscored the significance of literacy development as a central component of our educational mission. By addressing this priority, we respond to the expressed needs and aspirations of our stakeholders, fostering a shared commitment to student success.

4. Research and Best Practices: Extensive research in education underscores the critical role of literacy proficiency in academic achievement and overall cognitive development. Drawing upon evidence-based practices and proven interventions, we aim to implement effective strategies that promote literacy growth and elevate student outcomes.

5. Continuous Improvement: As part of our ongoing commitment to continuous improvement, setting a specific goal for literacy achievement provides a clear focus for our collective efforts. By establishing measurable targets and regularly monitoring progress, we can assess the effectiveness of our interventions and adjust our approaches as needed to ensure sustained improvement over time.

In summary, the development of this goal reflects our dedication to meeting the diverse needs of our students, fostering a culture of excellence in literacy instruction, and equipping every learner with the skills and knowledge needed to thrive in an increasingly complex world.

Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	CAASPP ELA Scores - Priority 4	2023-2024 23.53% of Students met or exceed standards			38.53% of students met or exceeded standard	
3.6	Access to library, programs and services for low income, English learner, foster youth and students with disabilities -	2023-2024 0% of students who utilize the library (not built yet)			2024-2025 100% of students who utilize the library.

Required Descriptions

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.1	**Action:** Maintain Credentialed teacher (s) **Need:** ELA CAASPP data shows that only 23.53% of students met or exceeded standard and only 17.65% met or exceeded in Math Parent feedback indicates that they place a high value on the benefits of smaller class size in the primary grades.	Smaller class sizes will provide opportunities for improved academic performance/reading levels for SED, Foster and EL students. All students will benefit from classroom environments that provide for increased student engagement, time on task, and student effort, therefore, this action is being provided to all students.	We will expect to see higher scores on the CAASPP in both ELA and Math in metric 1.8.

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

	Glass and Smith (1978), concluded that small class sizes were associated with improved academic performance. Effects were strongest in the early primary grades and among low-income students.
	
	A review by Zyngier (2014) of the research literature showed that smaller classes had a strong positive impact on student achievement and narrowing the achievement gap in the vast majority of studies.
	
	Achilles (2012) concluded that poor, minority, and male students received especially large benefits from reduced class size in terms of improved test scores, school engagement, and lower grade retention and dropout rates.
	
	Reduced class size is also linked to increased academic engagement, student effort, initiative taking in the classroom and time on task (Finn et al 2003)
	
	Scope:
	  LEA-wide
	  Schoolwide		

1.5	**Action:** Student Incentives and PBIS **Need:** Students from families in our community that are facing economic difficulties have also experienced a high rate of adverse childhood	This action will provide the framework to proactively teach, support and recognize positive student behaviors for SED, EL and Foster Students, however, since it will benefit all student groups, it will be provided on a district-wide basis.	We anticipate a reduction in suspension rates for all students and especially for our student groups who were in red indicator which were socioeconomically disadvantaged and

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

	experiences and trauma. Research indicates that these children will have difficulty with engagement and staying calm and controlled in the classroom setting. ACEs create toxic stress that affect attention, learning and behavior. (Darling Hammond & Cook-Harvey, 2018) In addition to this, children who are suffering from the trauma associated with adverse childhood experiences may also find it difficult to form secure relationships with teachers and as a result are also impacted by disciplinary actions that remove them from the classroom or school setting. The first and best strategy for increasing student effort and motivation is to nurture strong relationships between students and their teachers (Brito & Noble, 2009).
	
	Negative student behaviors impact the learning and teaching environments and can lead to disciplinary procedures that remove students from the educational setting. PBIS improves social, emotional, and academic outcomes for all students, including students with disabilities and students from underrepresented groups. PBIS is an, evidence based, implementation framework that is designed to improve academic and social behavior outcomes for all students (Sungai & Simonsen, 2012).
	
	Scope:
	  LEA-wide
	  Schoolwide
			homeless as students feel acknowledged and rewarded for their positive behavior. Additionally, with a more positive school climate, students are expected to become more engaged and eager to attend school. (Suspension rate is metric 1.3)

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

1.10	**Action:**
	Assessment Data Utilization
	
	Need:
	Studies have consistently shown that assessment tools offering real-time data offer substantial advantages to various stakeholders in education. This research underscores the pivotal role of student assessment data in promoting equity and empowerment among students, as well as enabling educators and administrators to make informed instructional decisions, ultimately leading to improved learning outcomes (Jones et al., 2020; Brown & Smith, 2019).
	
	In light of the fact that only 23.53% of our students meet or exceed the standard in ELA, and a mere 17.65% in math, the imperative to administer and analyze both summative and formative assessments to guide instruction becomes paramount.
	
	Scope:
	  LEA-wide
	  Schoolwide
		This action will benefit SED, Foster and EL and will also be beneficial to all students and help to individualize every child's educational program to meet their needs.	With the implementation of a robust testing and data analysis system, we will expect to see students' scores in ELA and Math improve on the CAASPP, (metric 1.5)

2.4	**Action:** Parent and Family Involvement **Need:** Increase parental engagement and participation in the school community. Low income parents tend to volunteer less and	This action will build positive relationships with parents/families and increase parent engagement of SED, EL and Foster Youth, however, all parents/families and students will benefit from these opportunities so they will be provided on a district-wide basis.	We expect to see an increase in the number of engagement opportunities offered to parents/families and increased participation in those events (metric 2.4), and subsequently

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness

	lower attendance rates at school activities (Clewell & Campbell, 2007; Evans, 2004). The low levels of parent involvement are not due to lack of concern or caring on the part of the parent, but reflect the barriers that make it difficult to participate and engage in their child's education such as limited time and financial resources, cultural obstacles, and fewer educational skills (Florida State Legislature, 1997).
	
	Scope:
	  LEA-wide
	  Schoolwide
			increased student achievement (metric 2.9).

Limited Actions

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

The supplementary concentration grant add-on funding of $23,678 will be allocated specifically to retain a certified teacher, ensuring enhanced individualized attention for students, a factor that research has consistently shown to positively impact student performance (Smith, 2022). This is reflected in Goal 1 action 1. (1.1)

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students		1 to 5
Staff-to-student ratio of certificated staff providing direct services to students		1 to 10

Local Control and Accountability Plan Instructions

[Plan Summary](#)

[Engaging Educational Partners](#)

[Goals and Actions](#)

[Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at LCFF@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [*EC*] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.

- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (*EC* Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.

- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:

  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (*EC* Section 52064[b][4-6]).

  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (*EC* sections 52064[b][1] and [2]).

    - **NOTE:** As specified in *EC* Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to *EC* Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, *EC*

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- o Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

- o Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

Requirements and Instructions

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.

- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;

- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or

- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as "Not Applicable."

Comprehensive Support and Improvement
An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

Schools Identified
A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

Support for Identified Schools
A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Monitoring and Evaluating Effectiveness
A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners
Purpose
Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Requirements

School districts and COEs: *EC* sections [52060(g) (California Legislative Information)](#) and [52066(g) (California Legislative Information)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Charter schools: *EC* Section [47606.5(d) (California Legislative Information)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 (California Legislative Information)](#);

    - **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).

- For COEs, see [Education Code Section 52068 (California Legislative Information)](#); and

- For charter schools, see [Education Code Section 47606.5 (California Legislative Information)](#).

- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

Instructions

Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Complete the table as follows:

Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.

- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.

- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.

- For the purposes of this prompt, this may also include, but is not necessarily limited to:

  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that

is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.

    - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.

- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The LCFF State Priorities Summary provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

Focus Goal(s)
Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.

- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.

- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.

- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding
Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

(A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and

(B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school's educators, if applicable.

- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.

- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school's educators.

  o When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,

  o The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school's educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.

- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.

- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

- In addition to this information, the LEA must also identify:

    - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).

- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

Note: *EC* Section 42238.024(b)(1) (California Legislative Information) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal
Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.

- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Type of Goal

Identify the type of goal being implemented as a Broad Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal
Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.

- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:
For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.

- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.

- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.

- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

- **Required metrics for Equity Multiplier goals**: For each Equity Multiplier goal, the LEA must identify:

  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or

  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

Metric

- Enter the metric number.

Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

Baseline

- Enter the baseline when completing the LCAP for 2024–25.

  - Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).

  - Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.

  - Indicate the school year to which the baseline data applies.

  - The baseline data must remain unchanged throughout the three-year LCAP.

    - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain

accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.

- ▪ If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.

- o Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.

  - o Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.

  - o Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.

  - o Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.

  - o Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the "**Measuring and Reporting Results**" part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26**. Leave blank until then.	Enter information in this box when completing the LCAP for **2026–27**. Leave blank until then.	Enter information in this box when completing the LCAP for **2024–25** or when adding a new metric.	Enter information in this box when completing the LCAP for **2025–26** and **2026–27**. Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. "Effective" means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

Note: When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as "Not Applicable."

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.

    o Include a discussion of relevant challenges and successes experienced with the implementation process.

    o This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. "Effectiveness" means the degree to which the actions were successful in producing the target result and "ineffectiveness" means that the actions did not produce any significant or targeted result.

  o In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.

  o When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.

  o Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

  o As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:

    ▪ The reasons for the ineffectiveness, and

    ▪ How changes to the action will result in a new or strengthened approach.

Actions:
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

Title

- Provide a short title for the action. This title will also appear in the action tables.

Description

- Provide a brief description of the action.

- o For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

- o As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.

- o These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a "Y" for Yes or an "N" for No.

  - o **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 *CCR*] Section 15496 in the Increased or Improved Services section of the LCAP.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

Required Actions
- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:

  - o Language acquisition programs, as defined in *EC* Section 306, provided to students, and

  - o Professional development for teachers.

  - o If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.

- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.

- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:

  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.

  - These required actions will be effective for the three-year LCAP cycle.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA's description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the "minimum proportionality percentage" or "MPP." The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

LEA-wide and Schoolwide Actions

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

For School Districts Only

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Requirements and Instructions

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero ($0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.

- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

Note for COEs and Charter Schools: In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

Limited Actions
For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA's needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

How the Action(s) are Designed to Address Need(s)

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.

- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

- o The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.

- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.

  - o The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.

  - o The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word "input" has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)

- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)

- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)

- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year**: Identify the applicable LCAP Year.

- **1. Projected LCFF Base Grant**: Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8).

Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 *CCR* Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.

- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #**: Enter the LCAP Goal number for the action.

- **Action #**: Enter the action's number as indicated in the LCAP Goal.

- **Action Title**: Provide a title of the action.

- **Student Group(s)**: Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.

- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.

- If "Yes" is entered into the Contributing column, then complete the following columns:

  - **Scope**: The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.

- o **Unduplicated Student Group(s)**: Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.

- o **Location**: Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span**: Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."

- **Total Personnel**: Enter the total amount of personnel expenditures utilized to implement this action.

- **Total Non-Personnel**: This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.

- **LCFF Funds**: Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

  - o **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.

- **Other State Funds**: Enter the total amount of Other State Funds utilized to implement this action, if any.

  - o **Note:** Equity Multiplier funds must be included in the "Other State Funds" category, not in the "LCFF Funds" category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA's LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

- **Local Funds**: Enter the total amount of Local Funds utilized to implement this action, if any.

- **Federal Funds**: Enter the total amount of Federal Funds utilized to implement this action, if any.

- **Total Funds**: This amount is automatically calculated based on amounts entered in the previous four columns.

- **Planned Percentage of Improved Services**: For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as

a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.

○ As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost $165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of $165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the 'Contributing to Increased or Improved Services?' column will need to be checked to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures**: Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the 'Contributing to Increased or Improved Services?' column to ensure that only actions with a "Yes" are displaying. If actions with a "No" are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the "Yes" responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.

- **Estimated Actual Expenditures for Contributing Actions**: Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.

- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).

  o Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been $169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of $169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant**: Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 *CCR* Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 *CCR* Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table
- **4. Total Planned Contributing Expenditures (LCFF Funds)**

  o This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.

- **5. Total Planned Percentage of Improved Services**

  o This percentage is the total of the Planned Percentage of Improved Services column.

- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**

o This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display "Not Required."

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**

  o This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**

  o This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).

- **7. Total Estimated Actual Expenditures for Contributing Actions**

  o This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).

- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**

  o This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).

- **5. Total Planned Percentage of Improved Services (%)**

  o This amount is the total of the Planned Percentage of Improved Services column.

- **8. Total Estimated Actual Percentage of Improved Services (%)**

  o This amount is the total of the Estimated Actual Percentage of Improved Services column.

- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**

  o This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

LCFF Carryover Table
- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**

- o This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.

- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**

  - o This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).

- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**

  - o If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

    The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

  - o This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).

California Department of Education
November 2023
