

# LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Kneeland Elementary School District

CDS Code: 1262919 6008015

School Year: 2024-25

LEA contact information:

Greta Turney

Superintendent

kneeland@kneelandsd.org

(707) 442-5472

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

## Budget Overview for the 2024-25 School Year

This chart shows the total general purpose revenue Kneeland Elementary School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Kneeland Elementary School District is \$792,950, of which \$633,171 is Local Control Funding Formula (LCFF), \$103,880 is other state funds, \$31,657 is local funds, and \$24,242 is federal funds. Of the \$633,171 in LCFF Funds, \$45,290 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

# LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Kneeland Elementary School District plans to spend for 2024-25. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Kneeland Elementary School District plans to spend \$745,239 for the 2024-25 school year. Of that amount, \$653,102 is tied to actions/services in the LCAP and \$92,137 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

- Supplies, Services
- Fingerprinting, TB/Physical Exam
- Legal Fees
- Utilities
- Audit Fees
- Co-op contract

## Increased or Improved Services for High Needs Students in the LCAP for the 2024-25 School Year

In 2024-25, Kneeland Elementary School District is projecting it will receive \$45,290 based on the enrollment of foster youth, English learner, and low-income students. Kneeland Elementary School District must describe how it intends to increase or improve services for high needs students in the LCAP. Kneeland Elementary School District plans to spend \$50,178 towards meeting this requirement, as described in the LCAP.

The enrollment of students with disabilities is decreasing by 50% for the 2024-2025 school year. Current staff will be utilized to provide one-to-one and small group supports for students with special educational needs.

# LCFF Budget Overview for Parents

## Update on Increased or Improved Services for High Needs Students in 2023-24

This chart compares what Kneeland Elementary School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Kneeland Elementary School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2023-24, Kneeland Elementary School District's LCAP budgeted \$47,493 for planned actions to increase or improve services for high needs students. Kneeland Elementary School District actually spent \$41,522.00 for actions to increase or improve services for high needs students in 2023-24.

The difference between the budgeted and actual expenditures of \$5,971 had the following impact on Kneeland Elementary School District's ability to increase or improve services for high needs students:

One instructional aide resigned late in the school year. Current staff including the resource teacher and instructional aides provided support for all students with special education needs.

# 2023–24 Local Control and Accountability Plan Annual Update

The instructions for completing the 2023–24 Local Control and Accountability Plan (LCAP) Annual Update follow the template.

## Goals and Actions

### Goal

Goal #	Description
1	All students and specifically those with unique needs, will receive a high quality instructional program in all subjects, based on state standards, designed to prepare them for success in high school and the world beyond.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1 CAASPP performance in ELA	45.45% of students tested in 2018-19 scored at or above level 3 in English Language Arts	42.11% tested met or exceeded standard in ELA in 2020-2021	47.62% of students tested in 2021-2022 met or exceeded standards in ELA.	57.89% students tested in 2022-2023 scored at level 3 or higher in ELA	50% of students tested will score at or above level 3 in ELA state standardized testing.
2 CAASPP performance in Math	9.09% of students tested scored at or above level 3 in Mathematics.	15.79% tested met or exceeded standards in Math in 2020-2021	14.29% of students tested in 2021-2022 met or exceeded standards in math.	31.58% of students tested in 2022-2023 scored at level 3 or higher in Math	40% of students tested will score at or above level 3 in Math on state standardized testing.
3 District Assessments for English Language Arts	Between Fall and Spring, 100% of students tested showed growth on district approved, grade level assessments in English Language Arts	In 2021-2022, through district assessments, 100% of students showed growth and progress equivalent to grade level benchmarks.	In 2022-2023, through district and county assessments, 100% of students showed growth and progress toward grade level benchmarks.	In 2023-2024, through district and county assessments, 100% of students showed growth and progress toward grade level benchmarks at the mid-year mark.	100% will score higher on district approved local assessments than the year prior.
4 District Assessments for mathematics	Between Fall and Spring, 100% of students tested showed growth on district approved, grade level	In 2021-2022, through district assessments, 100% of students showed growth and progress approaching	In 2022-2023, through district assessments, 100% of students showed growth and progress approaching	In 2023-2024, through district assessments, 100% of students showed growth and progress approaching grade level	100% will score higher on district approved local assessments than the year prior.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
	assessments in mathematics.	grade level benchmarks.	grade level benchmarks.	benchmarks at the mid-year mark.	
5 Class schedules and report cards documenting a broad course of study	100% of students, including low income and SWD, are enrolled in a broad course of study which includes all required subjects, PE, visual arts, dramatic arts, and outdoor education.	For the 2021-2022 school year, 100% of students, including low income and SWD, are enrolled in a broad course of study which includes all required subjects, PE, visual arts, dramatic arts, and outdoor education.	For the 2022-2023 school year, 100% of students, including low income and SWD, are enrolled in a broad course of study which includes all required subjects, PE, visual arts, dramatic arts, and outdoor education.	For the 2023-2024 school year, 100% of students, including low income and SWD, are enrolled in a broad course of study which includes all required subjects, PE, visual arts, dramatic arts, and outdoor education.	Maintain 100%
6 Individualized Education Plans (IEP)	100% of students with disabilities participated in standards-aligned programs as indicated in their IEPs	In 2021-2022, 100% of students with disabilities participated in standards-aligned programs as indicated in their IEPs	In 2022-2023, 100% of students with disabilities participated in standards-aligned programs as indicated in their IEPs, SSTs, and 504 plans.	In 2023-2024, 100% of students with disabilities participated in standards-aligned programs as indicated in their IEPs, SSTs, and 504 plans.	Maintain 100%
7 Board Resolution, SARC, IM inventory and purchase records	100% of students, including SWD, have access to standards-aligned instructional materials	In 2021-2022, 100% of students, including SWD, have access to standards-aligned instructional materials	In 2022-2023, 100% of students, including SWD, have access to standards-aligned instructional materials	In 2023-2024, 100% of students, including SWD, have access to standards-aligned instructional materials	Maintain 100%
8 Personnel records and SARC	100% of teachers are properly credentialed and assigned	In 2021-2022, 100% of teachers are properly credentialed and assigned	In 2022-2023, 100% of teachers are properly credentialed and assigned.	In 2023-2024, 100% of teachers are properly credentialed and assigned.	Maintain 100%
9 State PE testing	84% of students fall in the Healthy Fitness Zone for State PE Testing	In 2020-2021, due to COVID regulations, PE testing was not required and,	In 2021-2022, 89% of students tested fell within the Healthy	In 2022-2023, 100% of students tested fell within the Healthy	95% of students tested will fall within the Healthy Fitness Zone for PE testing.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
		therefore, no results are available.	Fitness Zone for State PE testing.	Fitness Zone for State PE testing.	
10 Participation records for other events demonstrating student successes	100% of students in grades 4--8 participated in the District Science Fair	In 2021-2022, 100% of students in grades 4--8 participated in the District Science Fair	In 2022-2023, 100% of students in grades 4-8 participated in the District Science Fair. 81% of students in grades 4-8 participated in the County Science Fair. 100% of the 7th grade class qualified to compete in the Ca State Science Fair.	In 2023-2024, 100% of students in grades 4-8 participated in the District Science Fair. Outcome results are not yet available.	Maintain 100%
11 State science assessment results as reported in CA Dashboard	Establish baseline of % at or above standard in 2021-22	In 2020-2021, 100% of students tested through state testing were high level 2. 100% of students participated in the school science fair, 50% went to the county science fair, 10% went to the state science fair and to a national level science fair.	In 2021-2022, To protect the confidentiality of our small student population, CAST test results are not shared publicly.	In 2022-2023, to protect the confidentiality of our small student population, CAST testing results are not shared publicly.	Achieve performance equivalent to Green status on Dashboard
12 LCAP actions provide listing of services for unduplicated students (high needs) and for SWD	Programs are in place for all high needs students and SWD	In 2021-2022, programs are in place for all high needs students and SWD	In 2022-2023, programs are in place for all high needs students and SWD including access to technology, a rigorous educational program, and instructional	In 2023-2024, programs are in place for all high needs students and SWD including access to technology, a rigorous educational program, and instructional	All Programs will remain in place for all high needs students and SWD

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
			supports unique to each student's needs to ensure successful outcomes.	supports unique to each student's needs to ensure successful outcomes.	
13 Implementation of CSS shown in curriculum materials, teacher lesson plans, classroom observations	All classrooms, including those with SWD, have fully implemented CSS in all subjects.	In 2021-2022, all classrooms, including those with SWD, have fully implemented CSS in all subjects.	In 2022-2023, all classrooms, including those with SWD, have fully implemented CSS in all subjects.	In 2023-2024, all classrooms, including those with SWD, have fully implemented CSS in all subjects.	Maintain fully implemented

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Incorporation of more instructional aide supports and the assignment of curriculum coordinator to a staff member greatly affected student outcomes, particularly in mathematics. Through professional development and increased instructional supports to increase the frequency of one-to-one and small group lessons, success in mathematics more than doubled -- rising from 14% to 32% meeting or exceeding standards. Successes in ELA were also increased slightly, allowing the district to meet it's three-year LCAP goal in ELA performance.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Due to the small school size, differences of one or two students entering or exiting programs (IEP, SWD, SSTs, 504) greatly affects the budgetary needs of those programs. Students with IEPs more than doubled in 23-24 from the 22-23 school year requiring more funding diverted to the special education programs, and an on-line speech support program was implemented to adequately support the LEA caseload. (Actions 1.1, 1.2, 1.3, 1.4, 1.5, 1.6) Additionally, a reading intervention specialist was hired to support students in ELA, a GATE specialist was hired to increase learning opportunities for students performing above grade level. (Actions 1.1, 1.2, 1.3, 1.7, 1.9, 1.11) With the COVID funds completely exhausted, new program implementation has been decreased and focus has been placed on sustaining successful programs established in the last three years. Additionally, professional development opportunities for staff were increased in the 2023-2024 school year to provide current, engaging educational training to strengthen the academic programs for the district. (Actions 1.8, 1.13)

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The increased focus to small group and one-to-one instructional strategies coupled with the addition of additional instructional staff has led to marked successful outcomes for students as based on state testing and local benchmark assessments. The professional development opportunities, particularly those focused on the new math framework, proved to be useful and appropriate to building a stronger academic program for the district.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

While the successful outcomes in mathematics did increase over the LCAP's three year plan, the LEA continues to strive for a stronger math program while also sustaining a robust ELA and Science program. In the third LCAP year, professional development opportunities were increased, and the LEA assigned a staff member to do an extensive study into available math curriculum. As the state reaches a turning point in math framework, the LEA plans to revise instructional strategies to better serve all learners. The LEA also recognizes that the smaller the school gets, the greater one students' performance affects the LEA's outcomes. Therefore, the LEA is committing to creating rigorous, enriching, engaging programs as part of the ELOP and within the routine school day to increase interest in the school and sustain a higher enrollment.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
2	All students will have access to safe and well-maintained facilities and welcoming learning environments, supported by positive behavior intervention practices.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Facility Inspection Tool (FIT)	Inspection shows facilities in GOOD repair	The 2020-2021 FIT Inspection shows facilities in GOOD repair	The 2021-2022 FIT inspection shows the facilities in GOOD repair.	The 2022-2023 FIT inspection tool show the facilities in GOOD repair.	Maintain GOOD rating
Student suspension rates	Student suspension rates 0%	The LEA had 2 suspensions in the 2020-2021 school year.	The LEA had 0 suspensions in the 2022-2023 school year.	LEA has 2 suspensions by mid-year in the 2023-2024 school year.	Return to a 0% suspension rate
Middle School dropout rate	Middle school dropout rate of 0%	In 2021-2022, the Middle school dropout rate of 0%	In 2022-2023, the LEA had 0% middle school drop out rate.	In the 2023-2024 school year, LEA had 0% drop out rate by mid-year.	Maintain 0%
Student expulsion rate	Student expulsion rate of 0%	For the 2021-2022 school year, the Student expulsion rate was 0%	In 2022-2023, the LEA had a 0% expulsion rate.	In the 2023-2024 school year, the LEA had 0% expulsion.	Maintain 0%
District developed student survey	Student surveys have an average rating of Good on school climate	Student surveys have an average rating of Good on school climate according to the 2021-2022 student surveys.	The 2022-2023 student surveys, the overall average rating for school climate was "Good".	For the 2023-2024 school year, the overall rating for school climate was "good" according to student surveys.	Maintain average of Good

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
Professional development records (registration, expenditures, meeting agendas) on topics identified as of need by staff	All district staff participated in professional development with a focus on positive behavior intervention	All district staff participated in professional development with a focus on positive behavior intervention during the 2021-2022 school year.	In the 2022-2023 school year, all district staff participated in trainings specific to their duties including pest control, campus security and student safety, social-emotional support for students and staff, and positive behavior intervention.	In the 2023-2024 school year, all district staff participated in trainings specific to their duties including pest control, bus driver training, mandated reporting, math framework, UPK trainings, grant writing trainings, school positivity trainings, and Environmental Literacy trainings.	Maintain 100% participation in PD
Required records for IEPs and 504 meetings for Students with Disabilities	100% of parents participated in IEPs and 504 meetings for SWD	100% of parents participated in IEPs and 504 meetings for SWD in the 2021-2022 school year.	100% of parents participated in IEP, SST, and 504 meetings for SWD in the 2022-2023 school year.	100% of parents participated in IEP, SST, and 504 meetings for SWD in the 2023-24 school year.	Maintain 100%
Summaries of parent, student and staff district-developed surveys on school safety and connectedness	82% of families felt school was safe, 83% felt connected to and welcome at school. 88% of students felt safe, 75% felt included (connected). 100% of staff felt safe and connected. (2020-21)	As per student, staff, parent, and community surveys in 2021-2022, 91.7% of families strongly agree that the school is safe. 8.3% of families are neutral about the safety of the school. 100% of staff and students feel safe at school. 100% of families and staff agree that morale is high at the school.	From the 2022-2023 student surveys, 100% of students felt neutral to strongly agree that they are safe at school. 91.7% of families agree that the school is safe while 8.3% are neutral about the school's safety. 75% of families agree that morale at the school is high while 25% are neutral.	From the 2023-2024 parent surveys, 95% of families agree they feel the school is safe, 5% are neutral. 90% of families agree that morale is high at the school, 10% are neutral. 100% of students and staff strongly agree that morale at the school is positive. 95% of students feel safe at school.	Maintain 85% or above from both safety and connectedness for all 3 groups

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
			100% of staff and students agree that morale is high at the school.		
Sign-in sheets or minutes from School Site Council meetings and LCAP development meetings demonstrating participation in school decision making	23% of parents participated in SSC and LCAP development meetings (2020-21)	In the 2021-2022 school year, 25% of parents participated in at least one event or meeting at which school planning and decision making was presented and discussed -- SSC or LCAP meetings.	In the 2022-2023 school year, 30% of parents participated in PAC or LCAP meetings, or attended board meetings to provide feedback for developing an appropriate LCAP.	In the 2023-24 school year, 50% of parents participated in PAC or LCAP meetings, or attended board meetings to provide feedback for developing an appropriate LCAP.	35% of families will participate in SSC (now the PAC) or LCAP planning meetings.

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

After the extreme weather that left the facilities in need of repair, the LEA was prompt in repairing damage and ensuring a clean, safe campus for all students, parents, staff, and community. As this year's weather turns bad, new damage by the flooding rains and damaging winds are being attended to quickly. The school was painted over the summer and a new safety fence was installed between the parking lot and the playground to increase student safety.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Damage from the extreme snowfall from last winter has been repaired using insurance funding, but new areas of damage that may have been initiated by last year's weather continue to manifest.(Action 2.1) Through professional development opportunities, additional funding through grants became available for specific field trips and instructional opportunities that require chaperones including parents and student guardians. The additional funding helped to offset the costs of the specific field trips and were geared toward creating positivity and joy for the students. (Actions 2.2, 2.3)

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

While every effort has been made to keep up with the weather damage at the school, local specialists are overbooked making the timeline longer than ideal.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The portable building continues to require upgrades and the LEA will be looking into replacing the portable or updating the structure. Additional opportunities to implement positive behavior opportunities and programs will continue to be a focus, and will be prioritized in future LCAP goals.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

## Goals and Actions

### Goal

Goal #	Description
3	Maintain or improve a high level of parent, student, and community involvement.

### Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
1 Parent Survey	3.36 Overall Satisfaction score (4pt scale)	In the 2020-2021 school year, there was a 3.6 overall satisfaction score (4 pt scale)	In the 2022-2023 school year, based on parent feedback and the parent surveys, there was a 3.65 overall satisfaction score on a 4 point scale.	In the 2023-2024 school year, parents gave an overall 3.6 satisfaction score on a 4 point scale.	3.75 points(4 pt scale) overall satisfaction score
2 Student surveys on school climate and connectedness	100% of students participated in surveys conducted each trimester	In the 2020-2021 school year, 100% of students participated in surveys conducted each trimester	In the 2022-2023 school year, 100% of students participated in surveys conducted each trimester.	In the 2023-2024 school year, 100% of students participated in student surveys.	Maintain 100%
3 ADA rate	95% attendance rate at the end of the 2018-2019 school year (annual).	95.87% attendance rate for 2020-2021 school year (annual).	The annual attendance rate for 2022-2023 is 92.99%.	The annual attendance rate for 2023-2024 was 93%	Maintain 95% ADA or higher
4 Chronic absenteeism rate	The district currently has a chronic absentee rate of 0%	The chronic absentee rate for 2020-2021 was 17.1%.	The chronic absentee rate for 2022-2023 is 3%.	The chronic absentee rate for 2023-2024 was 12.5%	Maintain rate below 5%
5 Parent attendance at parent- teacher conferences	100% of families participated in parent teacher conferences	100% of families participated in parent teacher conferences in the 2021-2022 school year.	100% of families participated in parent teacher conferences in the 2022-2023 school year.	100% of families participated in parent teacher conferences in the 2023-2024 school year.	Maintain 100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
6 Records of parent volunteer activities in each classroom, including parents of students with disabilities	50% of parents, including parents of students with disabilities, participated in classroom activities	60% of parents, including parents of students with disabilities, participated in classroom activities in the 2021-2022 school year.	65% of parents, including parents of students with disabilities, participated in classroom activities in the 2022-2023 school year.	50% of parents, including parents of students with disabilities, participated in classroom activities in the 2023-24 school year by mid-year.	Maintain 60% or higher volunteer rate by parents -- post pandemic
7 Booster Club activities	100% of families, including parents of students with disabilities, supported at least one CPTO sponsored event	In the 2021-2022 school year, 100% of families, including parents of students with disabilities, supported at least one CPTO sponsored event	In the 2022-2023 school year, 100% of families, including parents of students with disabilities, supported at least one CPTO sponsored event	In the 2023-24 school year, 100% of families, including parents of students with disabilities, supported at least one CPTO sponsored event	Maintain 100%
8 Partnering with local organizations	The school partnered with three local organizations	In the 2021-2022 school year, the school partnered with two local organizations (COVID prevented partnering with the local theater)	In the 2022-2023 school year, the LEA partnered with four local organizations: a local community theater, a local astronomy club, a local chapter of the Audubon Society, and the local fire department.	In the 2023-2024 school year, the LEA partnered with four local organizations: a local community theater, a local astronomy club, CA fish and wildlife dept, and Cal Fire.	Return to and maintain partnerships with 3 organizations -- post pandemic

## Goal Analysis

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Parents have been surveyed throughout the year to help guide the LEA in establishing new programs including a GATE program, and parents established a new community foundation to help support fundraising for the school. Surveys will be distributed in early Spring to identify parent perception of school climate and participation. Focus on the LEA's role as part of the ecosystem and natural world facilitated collaboration opportunities with local fire departments and the California Fish and Wildlife department to bring Steelhead into the classroom.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

A professional development grant became available to offset the cost of some field trips. The Arts Grant has also supplemented the lengthy and extensive drama immersion unit comprising all of December for which the entire school travels 30 miles one-way to produce a student created play (Action 3.2).

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

The full-immersion drama unit has increased parent involvement and support and has been increasingly prominent as an annual event for all of Humboldt County. Creating more programs akin to the drama unit will be prioritized on future LCAPs.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The establishment of a new community foundation to supplement financial support for the school will give more opportunities for parents and community to participate in the school activities and programs. The LEA anticipates a new, positive involvement by community and families, and the LEA will be reflecting the goal of increasing involvement in future LCAP goals.

**A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.**

# Instructions

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education’s (CDE’s) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [lcff@cde.ca.gov](mailto:lcff@cde.ca.gov).

Complete the prompts as instructed for each goal included in the 2023–24 LCAP. Duplicate the tables as needed. The 2023–24 LCAP Annual Update must be included with the 2024–25 LCAP.

Enter information in this box when completing the 2023–24 LCAP Annual Update.	Copy and paste verbatim from the 2023–24 LCAP.

### Goal Analysis

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

A description of any substantive differences in planned actions and actual implementation of these actions.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

An explanation of how effective or ineffective the specific actions were in making progress toward the goal during the three-year LCAP cycle.

- Describe the effectiveness or ineffectiveness of the specific actions in making progress toward the goal during the three-year LCAP cycle. “Effectiveness” means the degree to which the actions were successful in producing the desired result and “ineffectiveness” means that the actions did not produce any significant or desired result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

California Department of Education  
November 2023

# Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Local Educational Agency (LEA) Name	Contact Name and Title	Email and Phone
Kneeland Elementary School District	Greta Turney Superintendent	kneeland@kneelandsd.org (707) 442-5472

## Plan Summary [2024-25]

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Kneeland is a Necessary Small School with an enrollment of 28 students, transitional-kindergarten through eighth grade. The three-room school is located in the mountains between Eureka and Arcata which is about a 40 minute drive from either city. The school is at an elevation of 2950 feet and is surrounded by pastures, grassland, and forest. Kneeland School has an outstanding staff consisting of three classroom teachers, and a Resource Specialist. In addition, there are two part time Instructional Aides. The instructional aides also act as an administrative assistant, a back-up bus driver, and an aftercare director. Mission: As a focal point of the community, Kneeland School District is committed to offering each child a quality education founded on values exemplified in rural schools: a close bond among staff, students, parents, and community, and an individualized program meeting the varying needs of all students.

Metrics which do not apply to Kneeland School:

State Priority #4

Share of students who are college and career ready

Share of students who pass AP exams with 3 or higher

Share of students determined to be prepared for college with the EAP

State Priority #5

High school graduation rates

High School drop out rates

Metrics not included:

Kneeland has no English Learners, Foster Youth or Homeless students enrolled.

The California School Dashboard does not report results for any state indicator due to the small size of the student population and the necessity for confidentiality.

No CAST data is publicly reported due to student group size.  
If any of these change, metrics will be added to monitor student performance

Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Kneeland School District serves a small student population. The California School Dashboard is largely not applicable due to LEA size and the necessity for privacy adherence. Results on DataQuest indicate student performance in English/Language Arts and Math are as follows: In ELA 57.89% meet or exceed standard and in Math 31.58% meet or exceed standard. Due to the small testing group in science, no scores are reported to maintain confidentiality and student privacy. As these results are based on small numbers meaningful insights for long term planning are limited because one student's performance is weighted heavily when calculating percentages. For this reason, Kneeland monitors individual student growth from year to year as a more reliable measure of success. The prior year, ELA scores were 47% and math scores were 14% showing that performance has increased measurably in the last year.

The LEA identified students with increased needs and has provided solid resource programs including an increase in one-to-one and small group instruction with instructional aides and resource specialists. The LEA is maintaining three classroom teachers, decreasing the class size to provide dedicated, specific instructional strategies for all learners. The LEA has hired a GATE consultant and Reading Intervention teacher to provide all learners with supports while challenging those students who perform above grade level.

Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

NA

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

NA

**Support for Identified Schools**

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

NA

**Monitoring and Evaluating Effectiveness**

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

NA

# Engaging Educational Partners

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Educational Partner(s)	Process for Engagement
School Board	Monthly public meetings, emails, surveys
Teachers/Administrators/School personnel	Weekly meetings, surveys, emails, texts, phone conversations, daily check-ins
Parents	Weekly notices, annual surveys, monthly invitations to board meetings, annual open house and back-to-school, notices and posted inquiries at school events, texts, phone conversations, emails.
SELPA	Annual consultation, emails
Students	ongoing inquiries throughout the year in the classrooms, annual surveys, requested reflective feedback

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Data collected from surveys and in-person indicated parents supported the educational program and services provided by Kneeland School: It is important to recognize that the LEA is extremely small, so one response holds a large percentage rate.

90% of responses indicate that parents believe their children have access to California State Standards.

80% agreed their children's classroom experiences were preparing them for the next level of education (10% reported neutral.)

90% agreed or strongly agreed a nurturing learning environment, and efforts to foster attendance were in place (8.3% indicated that they had no children enrolled with the LEA and, therefore, did not agree nor disagree.)

90% believe staff were inclusive and they felt welcome.

Response rates:  
50% from families,% participation rates from students, and % participation from staff.

Specifically educational partner input noted and valued:

Very communicative, caring, engaging, helpful, loving and overall a great School.

Communication

Student teacher ratio, Robust science education and all school drama unit.

Small, family like community. One on one student assistance.

A nurturing, caring staff.

The staff implements requested programs to see how/if they can benefit special learners (GATE, reading intervention, etc.)

A supportive parent/community group.

A low student to teacher ratio, after school program availability, individualized learning for students as needed, many field trips and a great feeling of community.

Individualized education, small classroom sizes, feels like 1 big family

Ideas for possible additional offerings:

Music class

Music lessons

I know Funds are so stretched thin but if it was an option I would love to see an elective class offered; like music, Spanish or anything else along those lines

Makers classes. New playground equipment. A full library.

More exposure to multicultural traditions including our indigenous people.

some more subjects in school. seems to be alot of packets and some seem to be the same subject over and over.

Specifically noted and valued student input:

100% of teachers have consulted with SELPA to ensure student successes for all learners, targeting specifically students with special education needs. SELPA consultations are utilized as needed throughout the year, and annually.

Kneeland has consulted with the SELPA to assure that the LCAP sufficiently addresses the needs of Special Education students.

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
1	All students including specifically students with unique needs, will receive a high quality instructional program in all subjects, based on state standards, designed to prepare them for success in high school and beyond.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)  
 Priority 2: State Standards (Conditions of Learning)  
 Priority 4: Pupil Achievement (Pupil Outcomes)  
 Priority 5: Pupil Engagement (Engagement)  
 Priority 7: Course Access (Conditions of Learning)  
 Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

Based on previous assessments, academic supports need to be fortified to promote successful outcomes showing growth for all learners while new programs should be developed and implemented to increase student engagement in a broad spectrum of study.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
1.1	CAASPP performance in ELA	57.89% of students tested in 2022-2023 scored at or above standards met in English Language Arts which is 11% higher than the state average			Maintain state average or higher in percentage of students at or above standards met.	
1.2	CAASPP performance in Math	31.58% of students tested scored at or above standards met in			Maintain state average or higher in percentage of	

		Mathematics which is 3% lower than the state average.			students at or above standards met.	
1.3	District Assessments for English Language Arts	Between Fall and Spring, 100% of students tested showed growth on district approved, grade level assessments in English Language Arts			Maintain 100% growth in all grades.	
1.4	District Assessments for mathematics	Between Fall and Spring, 100% of students tested showed growth on district approved, grade level assessments in mathematics.			Maintain 100% growth in all grades.	
1.5	Class schedules and report cards documenting a broad course of study	100% of students, including low income and SWD, are enrolled in a broad course of study which includes all required core subjects, PE, visual arts, dramatic arts, and outdoor education.			Maintain 100% engaged enrollment in all grades..	
1.6	Individualized Education Plans (IEP)	100% of students with disabilities participated in standards-aligned programs as indicated in their IEPs			Maintain 100% participation for IEPs in all grades.	
1.7	Access to instructional materials: Board Resolution, SARC, IM inventory and purchase records	100% of students, including SWD, have access to standards-aligned instructional materials			Maintain 100% access to standards-aligned instructional materials.	

1.8	Teachers are properly credentialed as per Personnel records and SARC	100% of teachers are properly credentialed and assigned			Maintain 100% properly credentialed teachers for all grades.	
1.10	Participation records for other events demonstrating student successes	100% of students in grades 4--8 participated in the District Science Fair, 100% of district-determined GATE eligible students participated in the LEA's GATE program.			Maintain 100% participation rates for events demonstrating student successes.	
1.11	A comprehensive list of programs implemented to add to the core courses.	Every classroom has core curriculum courses throughout the year. Enrichment classes are offered two weeks of the year to all learners including SWD. Field trips supplement in-class programs.			Offer a minimum of three elective course units, each spanning one month or more for each grade span throughout the year (TK-2, 3-5, 6-8)	
1.12	LCAP actions provide listing of services for unduplicated students (high needs) and for SWD	Programs are in place for all high needs students and SWD			Maintain programs to support all high needs students and SWD.	
1.13	Implementation of CSS shown in curriculum materials, teacher lesson plans, classroom observations	All classrooms, including those with SWD, have fully implemented CSS in all subjects.			Maintain access to fully implemented CSS in all subjects in all grades.	
1.14	Professional development records (registration, expenditures, meeting agendas) on topics	100% of staff has participated in at least one Professional Development opportunity to expand			Maintain 100% participation in at least one Professional Development	

	identified as of need by staff	their knowledge within their field.			opportunity annually.	
--	--------------------------------	-------------------------------------	--	--	-----------------------	--

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable

## Actions

Action #	Title	Description	Total Funds	Contributing
1.1	Teachers	Employ and properly assign qualified teachers with appropriate credentials	\$173,587.00	No
1.2	Special Ed	Employ Special Education Teacher for students with Special education needs. Employ Speech Teacher for students with Speech and Language needs	\$79,555.00	No
1.3	Instructional Aides	Employ Classified Instructional Aide(s) to provide additional assistance for student learning. Classified instructional aides will be used for additional	\$69,294.00	Yes

		one on one assistance for students with unique needs and small groups, and for the after-care program.		
<b>1.4</b>	Technology	Provide all students with access to high speed internet and maintain a one-to-one ratio of devices in order to meet equity standards, targeting low-income students, students with special needs, foster and homeless youth, and students identified with learning loss. Maintain a level of technology equipment and support services appropriate for student learning, distance learning if needed and CAASP annual testing.	\$4,800.00	Yes
<b>1.5</b>	Library services	Maintain Library Contract with HCOE as a resource for teachers for instructional materials and support	\$200.00	No
<b>1.6</b>	Network services	Maintain Information Network Service Contract with HCOE to maintain a level of technology appropriate for the district	\$1,734.00	No
<b>1.7</b>	Instructional Materials	Maintain CSS instruction by purchasing curriculum and textbook consumables for My Math, California Math and Language Arts, and other board approved instructional materials when needed	\$48,734.00	No
<b>1.8</b>	Fieldtrips	Provide fieldtrips to enrich education in core subjects.	\$5,500.00	Yes
<b>1.9</b>	Classroom Services	Provide materials/supplies to facilitate classroom learning and provide resources to students.	\$6,784.00	No
<b>1.10</b>	Professional Learning	Provide professional development with a focus on positive behavior intervention and/or other topics identified as needed by staff. Staff will participate in professional learning such as Responsive classroom, 2nd Step and or PBIS. BSTA support for beginning teachers	\$279.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
2	All students will have access to safe, well-maintained facilities and welcoming learning environments that offer a wide span of modalities to encourage physical activity and age appropriate motor skills development.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)

An explanation of why the LEA has developed this goal.

In prior years, LEA has received positive marks on the FIT and Safety inspections. The LEA intends to continue those successful practices which have led to the inspection rating. With the newly implemented early enrollment for UPK requirements, the LEA does not have playground equipment specifically approved for 4 year old learners. Additionally, the existing play structure is outdated and in need of upgrading.
--

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
2.1	Facility Inspection Tool (FIT)	Inspection shows facilities in GOOD repair			Maintain a "Good Repair" status	

2.2	Student suspension rates	Student suspension rates 0% (state average is 3.05%)			Maintain a suspension rate lower than the state average.	
2.3	Middle School dropout rate	Middle school dropout rate of 0%			Maintain a 0% dropout rate	
2.4	Student expulsion rate	Student expulsion rate of 0%			Maintain 0% expulsion rate	
2.5	District developed student survey	Student surveys show 88% of students feel safe at school.			Maintain >90% safe rating from student surveys..	
2.6	District developed parent/community surveys	82% of families felt that school is safe.			Maintain >90% safe rating from parent surveys.	
2.7	Playground and campus inspections	80% of playground equipment are compliant with age range of TK - 8 grade students.			By 2027, 100% of the playground equipment will be in good repair with necessary upgrades to meet compliance requirements for 4 to 15 year old learners.	

## Goal Analysis [2023-24]

An analysis of how this goal was carried out in the previous year.

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

Not Applicable

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

Not Applicable

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

Not Applicable

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

Not Applicable

## Actions

Action #	Title	Description	Total Funds	Contributing
2.1	Facilities safety and regular maintenance	Provide safe and well maintained facilities by employing Custodial staff and landscaping staff. Custodial staff will be responsible for maintaining school cleanliness at a level which meets county guidelines during COVID and supports a welcome learning environment. Landscaping staff will be responsible for maintaining outdoor areas at a level which supports safe and positive environment.	\$102,422.00	No
2.2	Campus Upgrades/deferred maintenance/UPK compliance funding	Playground equipment will be updated to meet compliance requirements for UPK and provide age appropriate play structures for all learners. This will promote healthy learning and appropriate motor skills development in a safe environment.	\$5,000.00	No
2.3	Nutritious food	The district will provide nutritious food to all low- income students	\$3,000.00	No
2.4	Administrative leadership	Employ administrator to oversee the physical upkeep of the district, manage the workflow of the staff, and see that best practices are used for educating students and creating a positive working environment for students and staff. Administrator also serves as Foster Youth and Homeless liaison should any students with these needs enroll in the district in the future.	\$40,838.00	No

# Goals and Actions

## Goal

Goal #	Description	Type of Goal
3	Achieve a high level of parent, student, and community involvement.	Broad Goal

State Priorities addressed by this goal.

Priority 1: Basic (Conditions of Learning)  
 Priority 3: Parental Involvement (Engagement)  
 Priority 5: Pupil Engagement (Engagement)  
 Priority 6: School Climate (Engagement)

An explanation of why the LEA has developed this goal.

LEA has a high level of involvement by parents, stakeholders, and community members which promotes successful relationships and a strong sense of community. The LEA maintains a high level of participation from its community members and parents and is one of only two community entities. The LEA intends to remain an integral community focus through community and parent based events and endeavors to maintain high levels of parent and community attendance.

## Measuring and Reporting Results

Metric #	Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline
3.1	Parent Survey	3.36 Overall Satisfaction score (4pt scale)			Maintain an average of >3 average on a 4 point scale	
3.2	Student surveys on school climate and connectedness	100% of students participated in surveys conducted each trimester			Maintain 100% participation	
3.3	ADA rate	95% attendance rate at the end of the 2018-2019 school year (annual).			Maintain >90% attendance rate	

3.4	Chronic absenteeism rate	The district currently has a chronic absentee rate of 12.5% (State average 24.3%)			Maintain a chronic absenteeism rate lower than the state average.	
3.5	Parent attendance at parent- teacher conferences (including unduplicated pupils)	100% of families participated in parent teacher conferences			Maintain >95% participation rate	
3.6	Records of parent volunteer activities in each classroom, including parents of students with disabilities	50% of parents, including parents of students with disabilities, participated in classroom activities			The district will have 70% participation by families, including families of students with disabilities, in classroom activities.	
3.7	Booster Club activities	100% of families, including parents of students with disabilities, supported at least one CPTO sponsored event			Maintain 100% parent involvement in at least one CPTO sponsored event.	
3.8	Partnering with local organizations/community outreach	The school partnered with three local organizations			The LEA will collaborate with no fewer than 3 community organizations annually for educational opportunities and to build strong relationships between the school and its community.	

3.9	Required records for IEPs and 504 meetings for Students with Disabilities	100% of parents participated in IEPs and 504 meetings for SWD			Maintain 100% participation of families in IEP, 504, and SST meetings.	
3.10	Summaries of parent, student and staff district-developed surveys on school safety and connectedness	83% felt welcome at school. 75% felt included (connected). 100% of staff felt connected. 95% feel safe at school (2023-24)			The school will achieve a 90% approval rating for connectedness and welcoming by families, staff, students, and community on surveys	
3.11	Sign-in sheets or minutes from School Site Council meetings and LCAP development meetings demonstrating participation in school decision making	23% of parents participated in SSC (now PAC) and LCAP development meetings (2023-24)			LEA will achieve 40% participation rate in PAC and LCAP development meetings.	
3.12	Community Outreach	Students participated in an invasive species removal through a stewardship, and provided a performing arts production to all students in Humboldt County at no charge.			The school will have no fewer than two community outreach events (field trips, presentations, projects) annually and the school will maintain a quarterly newsletter for families and the community.	

# Goal Analysis [2023-24]

8.243%	0.000%	\$ \$0.00	8.243%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

## Required Descriptions

### LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
1.3	<p><b>Action:</b> Instructional Aides</p> <p><b>Need:</b> One-to-one and small group supports, additional supervision (Dataquest smarter balance testing results show annual math scores below state percentile.)</p> <p><b>Scope:</b></p>	The school has three certificated staff members to teach multi-grade classrooms, and one resource teacher to provide key support for students with disabilities. Instructional aides are utilized to facilitate further supports for students with IEPs, SSTs, and 504s while also providing one-to-one and small group instruction under the guidance of the certificated staff. This dedicated instructional support increases opportunities for all learners to access the curriculum.	1.1, 1.2, 1.3, 1.4, 1.6

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	LEA-wide		
<b>1.4</b>	<p><b>Action:</b> Technology</p> <p><b>Need:</b> Communication, curriculum access, equity, computer literacy to increase educational opportunities for all students, including unduplicated students, who are challenged by the geographic isolation of the district and lack technology at home.</p> <p><b>Scope:</b> LEA-wide</p>	Providing technological devices and training using technology, the LEA addresses cyber-responsibility while educating students on appropriate use of technology. The school also utilizes one-to-one device to student ration to provide all students access with access to curriculum and word processing. All students, including those with disabilities, are provided a device to ensure equity for all learners. The geographic location of the school and of the in-district students is within a digital divide and providing access to technology helps bridge that gap for all students and families.	1.7, 1.13
<b>1.8</b>	<p><b>Action:</b> Fieldtrips</p> <p><b>Need:</b> Supplemental learning opportunities, social learning, life experience opportunities for all learners. 56.3% of students (dashboard) are socioeconomically challenged and lack opportunities for real-world learning due to funding and time restrictions of working families.</p> <p><b>Scope:</b> LEA-wide</p>	Field trips provide all learners, including students with disabilities and unduplicated students, opportunities to learn through different modalities. Students gain supplemental instruction to in-class curriculum to enhance all learners' ability to access the curriculum. The school's juxtaposition atop a mountain narrows the real-life learning experiences for all students, especially in-district students who live more than 15 miles from town. Providing these learning opportunities for all students increases student participation and grows a deeper knowledge of their social responsibilities as well as directly seeing their academics applied in real-world situations.	1.5, 1.11, 1.12, 2.5
<b>3.4</b>	<p><b>Action:</b> Transportation (contribution)</p>	By providing transportation it allows access for SED students educational programs at school and their ability to attend school. Implementing	3.3, 3.4

Goal and Action #	Identified Need(s)	How the Action(s) Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis	Metric(s) to Monitor Effectiveness
	<b>Need:</b> Kneeland's socioeconomically disadvantage (SED) students have difficulty getting to school because of the geographic area. SED youth have a higher chronic absenteeism rate (16.7% chronically absent) than the overall student body (12.5% chronically absent)  <b>Scope:</b> LEA-wide Schoolwide	transportation on an LEA wide basis makes the most sense given the geographic location.	

### **Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

Goal and Action #	Identified Need(s)	How the Action(s) are Designed to Address Need(s)	Metric(s) to Monitor Effectiveness

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

NA

### **Additional Concentration Grant Funding**

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Additional funding is used to supplement salary costs for paraprofessionals to provide additional small group and 1:1 support.

<b>Staff-to-student ratios by type of school and concentration of unduplicated students</b>	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	N/A	4:28
Staff-to-student ratio of certificated staff providing direct services to students	N/A	4:28

# Local Control and Accountability Plan Instructions

## [Plan Summary](#)

## [Engaging Educational Partners](#)

## [Goals and Actions](#)

## [Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students](#)

*For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at [LCFF@cde.ca.gov](mailto:LCFF@cde.ca.gov).*

## Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because the nature of some LCAP template sections require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
  - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, including long-term English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
  - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

- **NOTE:** As specified in EC Section 62064(b)(1), the LCAP must provide a description of the annual goals, for all pupils and each subgroup of pupils identified pursuant to EC Section 52052, to be achieved for each of the state priorities. Beginning in 2023–24, EC

Section 52052 identifies long-term English learners as a separate and distinct pupil subgroup with a numerical significance at 15 students.

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).
- Ensuring that all increases attributable to supplemental and concentration grant calculations, including concentration grant add-on funding and/or LCFF carryover, are reflected in the LCAP (*EC* sections 52064[b][6], [8], and [11]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which must: (a) reflect comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the California School Dashboard (Dashboard), (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2024–25, 2025–26, and 2026–27 school years reflects statutory changes made through Senate Bill 114 (Committee on Budget and Fiscal Review), Chapter 48, Statutes of 2023.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the Dashboard, how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions which, based on research, experience, and input gathered from educational partners, the LEA believes will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP document. Additionally, the beginning of each template section includes information emphasizing the purpose that section serves.

# Plan Summary

## Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to present a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included throughout each subsequent section of the LCAP.

## Requirements and Instructions

### General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA.

- For example, information about an LEA in terms of geography, enrollment, employment, the number and size of specific schools, recent community challenges, and other such information the LEA may wish to include can enable a reader to more fully understand the LEA's LCAP.
- As part of this response, identify all schools within the LEA receiving Equity Multiplier funding.

### Reflections: Annual Performance

A reflection on annual performance based on a review of the California School Dashboard (Dashboard) and local data.

Reflect on the LEA's annual performance on the Dashboard and local data. This may include both successes and challenges identified by the LEA during the development process.

LEAs are encouraged to highlight how they are addressing the identified needs of student groups, and/or schools within the LCAP as part of this response.

As part of this response, the LEA must identify the following, which will remain unchanged during the three-year LCAP cycle:

- Any school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard;
- Any student group within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard; and/or
- Any student group within a school within the LEA that received the lowest performance level on one or more state indicators on the 2023 Dashboard.

### Reflections: Technical Assistance

As applicable, a summary of the work underway as part of technical assistance.

Annually identify the reason(s) the LEA is eligible for or has requested technical assistance consistent with *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, and provide a summary of the work underway as part of receiving technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance, however this also includes LEAs that have requested technical assistance from their COE.

- If the LEA is not eligible for or receiving technical assistance, the LEA may respond to this prompt as “Not Applicable.”

**Comprehensive Support and Improvement**

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

*Schools Identified*

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

- Identify the schools within the LEA that have been identified for CSI.

*Support for Identified Schools*

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

- Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

*Monitoring and Evaluating Effectiveness*

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

- Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

**Engaging Educational Partners**

**Purpose**

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, particularly to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard, accountability, and improvement across the state priorities and locally identified priorities (*EC* Section 52064[e][1]). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public to understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

# Requirements

**School districts and COEs:** *EC* sections [52060\(g\) \(California Legislative Information\)](#) and [52066\(g\) \(California Legislative Information\)](#) specify the educational partners that must be consulted when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Local bargaining units of the LEA,
- Parents, and
- Students

A school district or COE receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

Before adopting the LCAP, school districts and COEs must share it with the applicable committees, as identified below under Requirements and Instructions. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

**Charter schools:** *EC* Section [47606.5\(d\) \(California Legislative Information\)](#) requires that the following educational partners be consulted with when developing the LCAP:

- Teachers,
- Principals,
- Administrators,
- Other school personnel,
- Parents, and
- Students

A charter school receiving Equity Multiplier funds must also consult with educational partners at the school generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for the school.

The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals. Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the [CDE's LCAP webpage](#).

Before the governing board/body of an LEA considers the adoption of the LCAP, the LEA must meet the following legal requirements:

- For school districts, see [Education Code Section 52062 \(California Legislative Information\)](#);

- **Note:** Charter schools using the LCAP as the School Plan for Student Achievement must meet the requirements of *EC* Section 52062(a).
- For COEs, see [Education Code Section 52068 \(California Legislative Information\)](#); and
- For charter schools, see [Education Code Section 47606.5 \(California Legislative Information\)](#).
- **NOTE:** As a reminder, the superintendent of a school district or COE must respond, in writing, to comments received by the applicable committees identified in the *Education Code* sections listed above. This includes the parent advisory committee and may include the English learner parent advisory committee and, as of July 1, 2024, the student advisory committee, as applicable.

## Instructions

### Respond to the prompts as follows:

A summary of the process used to engage educational partners in the development of the LCAP.

School districts and county offices of education must, at a minimum, consult with teachers, principals, administrators, other school personnel, local bargaining units, parents, and students in the development of the LCAP.

Charter schools must, at a minimum, consult with teachers, principals, administrators, other school personnel, parents, and students in the development of the LCAP.

An LEA receiving Equity Multiplier funds must also consult with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

### Complete the table as follows:

#### Educational Partners

Identify the applicable educational partner(s) or group(s) that were engaged in the development of the LCAP.

#### Process for Engagement

Describe the engagement process used by the LEA to involve the identified educational partner(s) in the development of the LCAP. At a minimum, the LEA must describe how it met its obligation to consult with all statutorily required educational partners, as applicable to the type of LEA.

- A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA's philosophical approach to engaging its educational partners.
- An LEA receiving Equity Multiplier funds must also include a summary of how it consulted with educational partners at schools generating Equity Multiplier funds in the development of the LCAP, specifically, in the development of the required focus goal for each applicable school.

A description of how the adopted LCAP was influenced by the feedback provided by educational partners.

Describe any goals, metrics, actions, or budgeted expenditures in the LCAP that were influenced by or developed in response to the educational partner feedback.

- A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP.
- An LEA receiving Equity Multiplier funds must include a description of how the consultation with educational partners at schools generating Equity Multiplier funds influenced the development of the adopted LCAP.
- For the purposes of this prompt, this may also include, but is not necessarily limited to:
  - Inclusion of a goal or decision to pursue a Focus Goal (as described below)
  - Inclusion of metrics other than the statutorily required metrics
  - Determination of the target outcome on one or more metrics
  - Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
  - Inclusion of action(s) or a group of actions
  - Elimination of action(s) or group of actions
  - Changes to the level of proposed expenditures for one or more actions
  - Inclusion of action(s) as contributing to increased or improved services for unduplicated students
  - Analysis of effectiveness of the specific actions to achieve the goal
  - Analysis of material differences in expenditures
  - Analysis of changes made to a goal for the ensuing LCAP year based on the annual update process
  - Analysis of challenges or successes in the implementation of actions

## Goals and Actions

### Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal must be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

# Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs must consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard, in determining whether and how to prioritize its goals within the LCAP. As previously stated, strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students, and to address and reduce disparities in opportunities and outcomes between student groups indicated by the Dashboard.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
  - All Equity Multiplier goals must be developed as focus goals. For additional information, see Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding below.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal: A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

## Requirement to Address the LCFF State Priorities

At a minimum, the LCAP must address all LCFF priorities and associated metrics articulated in *EC* sections 52060(d) and 52066(d), as applicable to the LEA. The [LCFF State Priorities Summary](#) provides a summary of *EC* sections 52060(d) and 52066(d) to aid in the development of the LCAP.

Respond to the following prompts, as applicable:

### Focus Goal(s)

Description

The description provided for a Focus Goal must be specific, measurable, and time bound.

- An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach.
- The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

### Type of Goal

Identify the type of goal being implemented as a Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

**Required Focus Goal(s) for LEAs Receiving Equity Multiplier Funding**

Description

LEAs receiving Equity Multiplier funding must include one or more focus goals for each school generating Equity Multiplier funding. In addition to addressing the focus goal requirements described above, LEAs must adhere to the following requirements.

Focus goals for Equity Multiplier schoolsites must address the following:

- (A) All student groups that have the lowest performance level on one or more state indicators on the Dashboard, and
- (B) Any underlying issues in the credentialing, subject matter preparation, and retention of the school’s educators, if applicable.
- Focus Goals for each and every Equity Multiplier schoolsite must identify specific metrics for each identified student group, as applicable.
- An LEA may create a single goal for multiple Equity Multiplier schoolsites if those schoolsites have the same student group(s) performing at the lowest performance level on one or more state indicators on the Dashboard or, experience similar issues in the credentialing, subject matter preparation, and retention of the school’s educators.
  - When creating a single goal for multiple Equity Multiplier schoolsites, the goal must identify the student groups and the performance levels on the Dashboard that the Focus Goal is addressing; or,
  - The common issues the schoolsites are experiencing in credentialing, subject matter preparation, and retention of the school’s educators, if applicable.

Type of Goal

Identify the type of goal being implemented as an Equity Multiplier Focus Goal.

State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

An explanation of why the LEA has developed this goal.

Explain why the LEA has chosen to prioritize this goal.

- An explanation must be based on Dashboard data or other locally collected data.
- LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners.
- LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.
- In addition to this information, the LEA must also identify:
  - The school or schools to which the goal applies

LEAs are encouraged to approach an Equity Multiplier goal from a wholistic standpoint, considering how the goal might maximize student outcomes through the use of LCFF and other funding in addition to Equity Multiplier funds.

- Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the Expanded Learning Opportunities Program (ELO-P), the Literacy Coaches and Reading Specialists (LCRS) Grant Program, and/or the California Community Schools Partnership Program (CCSPP).
- This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.

**Note:** EC Section [42238.024\(b\)\(1\) \(California Legislative Information\)](#) requires that Equity Multiplier funds be used for the provision of evidence-based services and supports for students. Evidence-based services and supports are based on objective evidence that has informed the design of the service or support and/or guides the modification of those services and supports. Evidence-based supports and strategies are most commonly based on educational research and/or metrics of LEA, school, and/or student performance.

Broad Goal

Description

Describe what the LEA plans to achieve through the actions included in the goal.

- The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal.

- The goal description organizes the actions and expected outcomes in a cohesive and consistent manner.
- A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

#### Type of Goal

Identify the type of goal being implemented as a Broad Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

### **Maintenance of Progress Goal**

#### Description

Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP.

- Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP.
- The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

#### Type of Goal

Identify the type of goal being implemented as a Maintenance of Progress Goal.

#### State Priorities addressed by this goal.

Identify each of the state priorities that this goal is intended to address.

#### An explanation of why the LEA has developed this goal.

Explain how the actions will sustain the progress exemplified by the related metrics.

### **Measuring and Reporting Results:**

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes.

- LEAs must identify metrics for specific student groups, as appropriate, including expected outcomes that address and reduce disparities in outcomes between student groups.
- The metrics may be quantitative or qualitative; but at minimum, an LEA's LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year, as applicable to the type of LEA.
- To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant local indicator self-reflection tools within the Dashboard.
- **Required metrics for LEA-wide actions:** For each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section, however the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.
- **Required metrics for Equity Multiplier goals:** For each Equity Multiplier goal, the LEA must identify:
  - The specific metrics for each identified student group at each specific schoolsite, as applicable, to measure the progress toward the goal, and/or
  - The specific metrics used to measure progress in meeting the goal related to credentialing, subject matter preparation, or educator retention at each specific schoolsite.

Complete the table as follows:

#### Metric #

- Enter the metric number.

#### Metric

- Identify the standard of measure being used to determine progress towards the goal and/or to measure the effectiveness of one or more actions associated with the goal.

#### Baseline

- Enter the baseline when completing the LCAP for 2024–25.

- Use the most recent data associated with the metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2023 Dashboard for the baseline of a metric only if that data represents the most recent available data (e.g., high school graduation rate).
- Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS.
- Indicate the school year to which the baseline data applies.
- The baseline data must remain unchanged throughout the three-year LCAP.
  - This requirement is not intended to prevent LEAs from revising the baseline data if it is necessary to do so. For example, if an LEA identifies that its data collection practices for a particular metric are leading to inaccurate data and revises its practice to obtain accurate data, it would also be appropriate for the LEA to revise the baseline data to align with the more accurate data process and report its results using the accurate data.
  - If an LEA chooses to revise its baseline data, then, at a minimum, it must clearly identify the change as part of its response to the description of changes prompt in the Goal Analysis for the goal. LEAs are also strongly encouraged to involve their educational partners in the decision of whether or not to revise a baseline and to communicate the proposed change to their educational partners.
- Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a new baseline each year, as applicable.

### Year 1 Outcome

- When completing the LCAP for 2025–26, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may provide the Year 1 Outcome when completing the LCAP for both 2025–26 and 2026–27 or may provide the Year 1 Outcome for 2025–26 and provide the Year 2 Outcome for 2026–27.

### Year 2 Outcome

- When completing the LCAP for 2026–27, enter the most recent data available. Indicate the school year to which the data applies.
  - Note for Charter Schools: Charter schools developing a one-year LCAP may identify the Year 2 Outcome as not applicable when completing the LCAP for 2026–27 or may provide the Year 2 Outcome for 2026–27.

### Target for Year 3 Outcome

- When completing the first year of the LCAP, enter the target outcome for the relevant metric the LEA expects to achieve by the end of the three-year LCAP cycle.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP may identify a Target for Year 1 or Target for Year 2, as applicable.

Current Difference from Baseline

- When completing the LCAP for 2025–26 and 2026–27, enter the current difference between the baseline and the yearly outcome, as applicable.
  - Note for Charter Schools: Charter schools developing a one- or two-year LCAP will identify the current difference between the baseline and the yearly outcome for Year 1 and/or the current difference between the baseline and the yearly outcome for Year 2, as applicable.

Timeline for school districts and COEs for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Target for Year 3 Outcome	Current Difference from Baseline

Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2026–27</b> . Leave blank until then.	Enter information in this box when completing the LCAP for <b>2024–25</b> or when adding a new metric.	Enter information in this box when completing the LCAP for <b>2025–26</b> and <b>2026–27</b> . Leave blank until then.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective towards achieving the goal. “Effective” means the degree to which the planned actions were successful in producing the target result. Respond to the prompts as instructed.

**Note:** When completing the 2024–25 LCAP, use the 2023–24 Local Control and Accountability Plan Annual Update template to complete the Goal Analysis and identify the Goal Analysis prompts in the 2024–25 LCAP as “Not Applicable.”

A description of overall implementation, including any substantive differences in planned actions and actual implementation of these actions, and any relevant challenges and successes experienced with implementation.

- Describe the overall implementation of the actions to achieve the articulated goal, including relevant challenges and successes experienced with implementation.
  - Include a discussion of relevant challenges and successes experienced with the implementation process.
  - This discussion must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.

A description of the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal.

- Describe the effectiveness or ineffectiveness of the specific actions to date in making progress toward the goal. “Effectiveness” means the degree to which the actions were successful in producing the target result and “ineffectiveness” means that the actions did not produce any significant or targeted result.
  - In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal.
  - When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
  - Beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period.

A description of any changes made to the planned goal, metrics, target outcomes, or actions for the coming year that resulted from reflections on prior practice.

- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.
  - As noted above, beginning with the development of the 2024–25 LCAP, the LEA must change actions that have not proven effective over a three-year period. For actions that have been identified as ineffective, the LEA must identify the ineffective action and must include a description of the following:
    - The reasons for the ineffectiveness, and
    - How changes to the action will result in a new or strengthened approach.

**Actions:**  
Complete the table as follows. Add additional rows as necessary.

Action #

- Enter the action number.

## Title

- Provide a short title for the action. This title will also appear in the action tables.

## Description

- Provide a brief description of the action.
  - For actions that contribute to meeting the increased or improved services requirement, the LEA may include an explanation of how each action is principally directed towards and effective in meeting the LEA's goals for unduplicated students, as described in the instructions for the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.
  - As previously noted, for each action identified as 1) contributing towards the requirement to increase or improve services for foster youth, English learners, including long-term English learners, and low-income students and 2) being provided on an LEA-wide basis, the LEA must identify one or more metrics to monitor the effectiveness of the action and its budgeted expenditures.
  - These required metrics may be identified within the action description or the first prompt in the increased or improved services section; however, the description must clearly identify the metric(s) being used to monitor the effectiveness of the action and the action(s) that the metric(s) apply to.

## Total Funds

- Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the action tables.

## Contributing

- Indicate whether the action contributes to meeting the increased or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No.
  - **Note:** for each such contributing action, the LEA will need to provide additional information in the Increased or Improved Services section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496 in the Increased or Improved Services section of the LCAP.

**Actions for Foster Youth:** School districts, COEs, and charter schools that have a numerically significant foster youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to foster youth students.

## Required Actions

- LEAs with 30 or more English learners and/or 15 or more long-term English learners must include specific actions in the LCAP related to, at a minimum:
  - Language acquisition programs, as defined in *EC* Section 306, provided to students, and

- Professional development for teachers.
- If an LEA has both 30 or more English learners and 15 or more long-term English learners, the LEA must include actions for both English learners and long-term English learners.
- LEAs eligible for technical assistance pursuant to *EC* sections 47607.3, 52071, 52071.5, 52072, or 52072.5, must include specific actions within the LCAP related to its implementation of the work underway as part of technical assistance. The most common form of this technical assistance is frequently referred to as Differentiated Assistance.
- LEAs that have Red Dashboard indicators for (1) a school within the LEA, (2) a student group within the LEA, and/or (3) a student group within any school within the LEA must include one or more specific actions within the LCAP:
  - The specific action(s) must be directed towards the identified student group(s) and/or school(s) and must address the identified state indicator(s) for which the student group or school received the lowest performance level on the 2023 Dashboard. Each student group and/or school that receives the lowest performance level on the 2023 Dashboard must be addressed by one or more actions.
  - These required actions will be effective for the three-year LCAP cycle.

## Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

### Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students as defined in *EC* Section 42238.02 in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Please Note: For the purpose of meeting the Increased or Improved Services requirement and consistent with *EC* Section 42238.02, long-term English learners are included in the English learner student group.

### Statutory Requirements

An LEA is required to demonstrate in its LCAP how it is increasing or improving services for its students who are foster youth, English learners, and/or low-income, collectively referred to as unduplicated students, as compared to the services provided to all students in proportion to the increase in funding it receives based on the number and concentration of unduplicated students in the LEA (*EC* Section 42238.07[a][1], *EC* Section 52064[b][8][B]; 5 *CCR* Section 15496[a]). This proportionality percentage is also known as the “minimum proportionality percentage” or “MPP.” The manner in which an LEA demonstrates it is meeting its MPP is two-fold: (1) through the expenditure of LCFF funds or through the identification of a Planned Percentage of Improved Services as documented in the Contributing Actions Table, and (2) through the explanations provided in the Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students section.

To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are identified in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided across the entire LEA (LEA-wide action), provided to an entire school (Schoolwide action), or solely provided to one or more unduplicated student group(s) (Limited action).

Therefore, for *any* action contributing to meet the increased or improved services requirement, the LEA must include an explanation of:

- How the action is increasing or improving services for the unduplicated student group(s) (Identified Needs and Action Design), and
- How the action meets the LEA's goals for its unduplicated pupils in the state and any local priority areas (Measurement of Effectiveness).

**LEA-wide and Schoolwide Actions**

In addition to the above required explanations, LEAs must provide a justification for why an LEA-wide or Schoolwide action is being provided to all students and how the action is intended to improve outcomes for unduplicated student group(s) as compared to all students.

- Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**For School Districts Only**

Actions provided on an **LEA-wide** basis at **school districts with an unduplicated pupil percentage of less than 55 percent** must also include a description of how the actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions provided on a **Schoolwide** basis for **schools with less than 40 percent enrollment of unduplicated pupils** must also include a description of how these actions are the most effective use of the funds to meet the district's goals for its unduplicated pupils in the state and any local priority areas. The description must provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

**Requirements and Instructions**

Complete the tables as follows:

Total Projected LCFF Supplemental and/or Concentration Grants

- Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of foster youth, English learner, and low-income students. This amount includes the Additional 15 percent LCFF Concentration Grant.

Projected Additional 15 percent LCFF Concentration Grant

- Specify the amount of additional LCFF concentration grant add-on funding, as described in *EC* Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year

- Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 *CCR* Section 15496(a)(7).

LCFF Carryover — Percentage

- Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar

- Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year

- Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEA's percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 *CCR* Section 15496(a)(7).

Required Descriptions:

LEA-wide and Schoolwide Actions

For each action being provided to an entire LEA or school, provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) for whom the action is principally directed, (2) how the action is designed to address the identified need(s) and why it is being provided on an LEA or schoolwide basis, and (3) the metric(s) used to measure the effectiveness of the action in improving outcomes for the unduplicated student group(s).

If the LEA has provided this required description in the Action Descriptions, state as such within the table.

Complete the table as follows:

Identified Need(s)

Provide an explanation of the unique identified need(s) of the LEA's unduplicated student group(s) for whom the action is principally directed.

An LEA demonstrates how an action is principally directed towards an unduplicated student group(s) when the LEA explains the need(s), condition(s), or circumstance(s) of the unduplicated student group(s) identified through a needs assessment and how the action addresses them. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s) and Why it is Provided on an LEA-wide or Schoolwide Basis**

Provide an explanation of how the action as designed will address the unique identified need(s) of the LEA’s unduplicated student group(s) for whom the action is principally directed and the rationale for why the action is being provided on an LEA-wide or schoolwide basis.

- As stated above, conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient.
- Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increased or improved services standard because enrolling students is not the same as serving students.

**Metric(s) to Monitor Effectiveness**

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

**Note for COEs and Charter Schools:** In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

**Limited Actions**

For each action being solely provided to one or more unduplicated student group(s), provide an explanation of (1) the unique identified need(s) of the unduplicated student group(s) being served, (2) how the action is designed to address the identified need(s), and (3) how the effectiveness of the action in improving outcomes for the unduplicated student group(s) will be measured.

If the LEA has provided the required descriptions in the Action Descriptions, state as such.

Complete the table as follows:

**Identified Need(s)**

Provide an explanation of the unique need(s) of the unduplicated student group(s) being served identified through the LEA’s needs assessment. A meaningful needs assessment includes, at a minimum, analysis of applicable student achievement data and educational partner feedback.

**How the Action(s) are Designed to Address Need(s)**

Provide an explanation of how the action is designed to address the unique identified need(s) of the unduplicated student group(s) being served.

## Metric(s) to Monitor Effectiveness

Identify the metric(s) being used to measure the progress and effectiveness of the action(s).

For any limited action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage, as applicable.

- For each action with an identified Planned Percentage of Improved Services, identify the goal and action number and describe the methodology that was used.
- When identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.
- For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA's current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Total Planned Expenditures Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Additional Concentration Grant Funding

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

- An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.
- Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

- An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as a single-school LEA or an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.
- In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of full-time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA.
  - The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA.
  - The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

## Action Tables

Complete the Total Planned Expenditures Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Total Planned Expenditures Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. The word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)

- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2024–25 LCAP, 2024–25 will be the coming LCAP Year and 2023–24 will be the current LCAP Year.

## Total Planned Expenditures Table

In the Total Planned Expenditures Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount estimated LCFF entitlement for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic Recovery Target allowances for school districts, and County Operations Grant for COEs.  
  
See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.
- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated on the basis of the number and concentration of unduplicated students for the coming school year.
- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. ***This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.***

- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action's number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering "All," or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type "Yes" if the action **is** included as contributing to meeting the increased or improved services requirement; OR, type "No" if the action is **not** included as contributing to meeting the increased or improved services requirement.
- If "Yes" is entered into the Contributing column, then complete the following columns:
  - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
  - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
  - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate "All Schools." If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans." Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.
- **Time Span:** Enter "ongoing" if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter "1 Year," or "2 Years," or "6 Months."
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA's total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).

- **Note:** For an action to contribute towards meeting the increased or improved services requirement, it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
  - **Note:** Equity Multiplier funds must be included in the “Other State Funds” category, not in the “LCFF Funds” category. As a reminder, Equity Multiplier funds must be used to supplement, not supplant, funding provided to Equity Multiplier schoolsites for purposes of the LCFF, the ELO-P, the LCRS, and/or the CCSPP. This means that Equity Multiplier funds must not be used to replace funding that an Equity Multiplier schoolsite would otherwise receive to implement LEA-wide actions identified in the LEA’s LCAP or that an Equity Multiplier schoolsite would otherwise receive to implement provisions of the ELO-P, the LCRS, and/or the CCSPP.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
  - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which, based on the LEA’s current pay scale, the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Services for the action.

## Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

## Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

## Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants estimated based on the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
  - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

## LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of estimated LCFF Target Entitlement for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Block Grant program, the former Home-to-School Transportation program, and the Small School District Transportation program, pursuant to 5 CCR Section 15496(a)(8). Note that the LCFF Base Grant for purposes of the LCAP also includes the Necessary Small Schools and Economic

Recovery Target allowances for school districts, and County Operations Grant for COEs. See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF entitlement calculations.

- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

## Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

### Contributing Actions Table

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column.
- **5. Total Planned Percentage of Improved Services**
  - This percentage is the total of the Planned Percentage of Improved Services column.
- **Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)**
  - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

### Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- **6. Estimated Actual LCFF Supplemental and Concentration Grants**
  - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.

- **4. Total Planned Contributing Expenditures (LCFF Funds)**
  - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds).
- **7. Total Estimated Actual Expenditures for Contributing Actions**
  - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds).
- **Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)**
  - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4).
- **5. Total Planned Percentage of Improved Services (%)**
  - This amount is the total of the Planned Percentage of Improved Services column.
- **8. Total Estimated Actual Percentage of Improved Services (%)**
  - This amount is the total of the Estimated Actual Percentage of Improved Services column.
- **Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)**
  - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8).

#### **LCFF Carryover Table**

- **10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 plus Carryover %)**
  - This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- **11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)**
  - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- **12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)**
  - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.

- **13. LCFF Carryover — Percentage (12 divided by 9)**

- This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
